FACSIMILE MESSAGE/TELEFAX BERICHT

VAN/FROM: G2

DTG: 180900 B apr 94 NR: 94/003/4

ONDERWERP/SUBJECT: G2-cel Crisisstaf/informatiebehoefte

BESTEMD VOOR/TO: SNO Dutch Contingent UNAMUR, Lkol Noordsij

INHOUD/CONTENT:

1. A.g.v. de toegenomen inzet van KL-onderdelen in crisisbeheersingsoperaties is de Crisisstaf recentelijk uitgebreid.

2. Voorheen werd de G2 - taak uitsluitend door het Plv Hfd Afd Inlichtingen en Veiligheid (I&V) - DOKL, in nevenfunctie uitgevoerd.
Onderdeel van de uitbreiding vormt het opnemen van een G2-cel in de Crisisstaf welke bestaat uit:
Off tgv G2 Kap Hagenaars
Oo tgv G2 Adj Topper
werkzaam op de Crisisstaf, Prinses Juliana Kazerne te Den Haag.
Telefoon/faxnummer: zie boven.

3. Taak van de G2-cel is o.m. het ondersteunen op het gebied van Inlichtingen en Veiligheid van:
- de Crisisstaf/BLS
- uit te zenden eenheden
- uitgezonden eenheden
- individueel uitgezonden personeel

4. Het ondersteunen van de Crisisstaf/BLS geschiedt o.m. door het uitvoeren van een dagelijkse G2-beoordeling van de toestand en het rapporteren daarover.

5. Het ondersteunen van uit te zenden personeel geschiedt door het verstrekken van lesmateriaal en het houden van briefings tijdens opleidingen alsmede het op verzoek verstrekken van aanvullende informatie. Tevens wordt een deel van het teruggekeerd personeel door de G2-cel gedebriefed.

6. Voor de uitgezonden eenheden vormt de G2-cel vanaf heden <u>het aanspraakpunt</u> op het gebied van Inlichtingen en Veiligheid.

7. T.b.v. deze taken is het noodzakelijk om over "up to date" - informatie te beschikken over de toestand in de diverse operatiegebieden.

8. Deels wordt deze informatie door uitgezonden personeel vanuit hun organieke taak (S2/MV-functionaris of waarnemer) verzameld. Maar ook personeel met een geheel andere primaire taak (bijv. het opzetten van mijnopruimingsscholen/onderhouden van verbindingen) beschikt vaak over deze informatie d.m.v. infsums/milinfo ed. van de naasthogere (VN)-staf.

9. Tot de informatiebehoefte van G2-Crisisstaf behoort:
   - informatie m.b.t. weer*- en terreinomstandigheden (mogelijkerwijs te betrekken bij Geographical/Engineer sectie van naasthogere (VN)-staf)
     (* niet de dagelijkse weersomstandigheden maar bijv. in de vorm van klimaatbeschrijvingen/langere termijnverwachtingen)
   - informatie m.b.t. de politieke situatie (mogelijkerwijs te betrekken bij S2/Milinfo sectie van naasthogere (VN)-staf)
   - informatie m.b.t. organisatie en optreden van de strijdende partijen (mogelijkerwijs te betrekken bij S2/Milinfo sectie van naasthogere (VN)-staf)
   - informatie m.b.t. Militaire Veiligheids-aspecten (incidenten, waardevolle "lessons learned") (mogelijkerwijs te betrekken bij S2/Security sectie van naasthogere (VN)-staf)
   - kaarten geproduceerd door de naasthogere (VN)-staf m.b.t. het operatiegebied (mogelijkerwijs te betrekken bij S2/Geographical/Engineer sectie van naasthogere (VN)-staf)
   - overig civiele of militaire kaarten/atlassen die in het operatiegebied verkrijgbaar zijn (na vooroverleg met de G2-cel kunnen eventueel gemaakte kosten worden gedeclareerd)

10. Ik verzoek u na te gaan of en zo ja, op welke wijze het mogelijk is deze informatie aan de G2-cel - Crisisstaf te doen toekomen. Wellicht kan een deel van deze informatie al op eenvoudige wijze ter beschikking worden gesteld door het verzenden van infsums/sitreps ed.

11. Uitgangspunt is natuurlijk dat het uitvoeren van uw primaire taak niet wordt verstoord.

12. Binnen afzienbare tijd zal ik, bij voorkeur telefonisch, contact met u opnemen teneinde e.e.a. te bespreken.

13. Zonder twijfel zal uw bijdrage waardevol zijn voor de voorbereiding en opleiding van toekomstig uit te zenden personeel.

FROM: UNAMIR, KIGALI.

SITREP COVERING PERIOD 140600B APR TO 150600B APR 94.

1. **GEN SITUATION.** HEAVY FIRING OCCURRED THROUGHOUT THE DAY AND ALSO DURING THE NIGHT. YESTERDAY TWO SHELLS LANDED INTO THE KIGALI INTERNATIONAL AIRPORT. FORTUNATELY THIS ACTION STOPPED AND NO PERSONNEL NOR AIRCRAFTS HAVE BEEN DAMAGED. THE BELGIAN BATTALION IS ABOUT TO LEAVE AND TO HAND OVER THE AIRPORT TO THE BELGIAN UNAMIR BATTALION. ANOTHER CONCERN IS THE PRESENCE OF THE ITALIAN COMPANY. THEY CAME TO EVACUATE THEIR EXPATRIATES. THIS BEING DONE FORCE COMD WANTS THEM TO LEAVE THE AIRPORT TODAY 15 APR 94. THE AIRPORT SHOULD BECOME A UN NEUTRAL ZONE. EVACUATION OF THE EXPATRIATES IS ALMOST FINISHED. THE PAST DAYS ABOUT 3.900 PERSONS HAVE BEEN EVACUATED.

2. **POLITICAL ACTIVITIES.** UNAMIR PURSUES ALL EFFORTS TO HAVE CEASE FIRE MEETINGS BETWEEN THE WARRING PARTIES. YESTERDAYS MEETING HAS BEEN POSTPONED TILL TODAY 151500 APR 94.

3. **FACTIONAL ACTIVITIES.** RPF TROOPS ENTERED AT KIGALI. MAINLY FROM NORTH. THEIR STRENGTH AT KIGALI IS ESTIMATED TO BE 3 TO 4 BATTALIONS, ABOUT 3,000 TROOPS. THEY CONTROL MAINLY THE NORTHERN PART OF KIGALI. THE FORWARD EDGE OF THE BATTLE AREA IS THE MAIN ROAD KACYIRU-MERIDIEN ROUNDABOUT-CHEZ LANDO CROSSING-REMERA. RPF SURROUNDED THE GENDARMERIE CAMP AT KACYIRU (NORTH-EAST OF KIGALI) AND THE QUARTER OF THE PRESIDENTIAL GUARD BATTALION (SOUTH OF THE PREMATURE).

4. **OWN MILITARY ACTIVITIES**

A. **FORCE HQ.** IT IS NOW CERTAIN THAT THE BELGIAN BATTALION WILL BE LEAVING UNAMIR SOON BUT NOT BEFORE TWO OR THREE DAYS FROM NOW BECAUSE THE FIRST PART OF THE EVACUATION WILL BE EXECUTED BY ROAD. PLANS TO REORGANIZE THE FORCE ARE BEING ESTABLISHED. DISCUSSIONS ARE ONGOING REGARDING THE ASSETS THAT CAN BE LEFT BEHIND BY THE BELGIANS. FORCE COMD FORWARDED A LETTER TO THE BOTH PARTIES STATING THE NECESSITY TO HAVE BUFFER ZONES AROUND THE UNAMIR HQ, AIRPORT, HOTEL MERIDIEN, AMAHORO COMPLEX, THE UNAMIR FIELD HOSPITAL AND ALL OTHER PLACES OCCUPIED BY UNAMIR TROOPS.

B. **UNOMUR.** CONDUCTED ROUTINE PTL WITHIN OAR. NTR.

C. **DMZ.** THE DMZ SEC EXISTS NO LONGER. DMZ TROOPS (DMZ HQ (15 PERSONS), GHANA BATTALION (600 PERSONS) AND 26 UNMOS) ARE IN THE DMZ AREA AT NKUMBA, KINIHIRA AND NGARAMA. A FIRST FACTION IS ON THE MOVE TOWARDS KIGALI FROM NKUMBA.

D. **SEC KIGALI.**

(1) KIBAT. BELGIAN BATTALION IS DEPLOYED AT THE KIGALI AIRPORT.
(2) RUTBAT. BULK OF THE BANGLADESH CONTINGENT IS DEPLOYED AT THE AMAHORO STADIUM, NEXT TO THE FORCE HQ

(AMAHORO HOTEL). ONLY THE BANGLADESH LOGISTIC COMPANY (200 TROOPS) AND BYUBAT GOLF (200 TROOPS FROM GHANA) ARE DEPLOYED AT KIGALI CITY. THE NUMBER OF REFUGEES IN THE STADIUM IS INCREASING DAILY. THE ACTUAL NUMBER IS ESTIMATED TO BE 7,000. THE REFUGEES ARE FACING ACUTE SHORTAGE OF FOOD, WATER, MEDICINE, SHELTER AND SANITATION. HEALTH AND HYGIENE CONDITION IS IN SERIOUS CONDITION.

E. **MILOB.**

(1) MILOB GP HQ MILOB HQ ASSISTS IN THE EVACUATION OF EXPATRIATES AND CO-ORDINATES THE REDEPLOYMENT AND EVACUATION OF MILOBS. COMMUNICATION ENVIRONMENT IS VERY DIFFICULT. FEW UNAMIR CHANNELS ARE OPERATIVE AND THEY ARE SATURATED.

5. **UNCIVPOL.** NTR. ALL CIVPOL HAVE LEFT THE MISSION AREA.

6. **HUMANITARIAN ACTIVITIES.** NTR.

7. **CIVIL AFFAIRS.** NTR.

8. **LOGISTICS.** LOGISTIC BUILD UP OF THE MISSION IN THIS SITUATION OF CRISIS IS GOING ON. ADDITIONAL FOOD RATIONS ARE SCHEDULED TO ARRIVE FROM NAIROBI. FUEL (DIESEL) IS THE CRITICAL ITEM AT THIS MOMENT. ALSO FLAK JACKETS, AMMO AND MEDICAL SUPPLIES ARE REQUIRED URGENTLY.

9. **MISC.** UNAMIR CASUALTIES

SUBJECT: Reur Fax 563 on the subject of US dollar checking account

1. Have initiated enquiries with Barclays New York regarding their documentation requirements. We do not have any US dollar accounts with Barclays New York but your requirements might best be served from a Barclays Branch. Would you please investigate what fees, if any, would be imposed on staff members or vendors wishing to negotiate cheques in Uganda drawn on Barclays or Chemical Bank, N.Y.? I expect the fees for cashing Chemical cheques would be higher than fees for Barclays cheques in Kampala but would appreciate your confirmation.

2. Would you ask Barclays Kampala to be more specific about "honouring these cheques within the shortest delay"? Is there a different delay for Barclays as opposed to Chemical Bank cheques?

3. How many cheques would you require, and what format do you need (i.e. computer or manual)?

4. Please confirm signatory panel.

5. Would we be able to reduce balances or close your Barclays Uganda account if a US dollar account were to be established with Barclays New York?

6. It might be useful to know someone at Barclays New York who maintains a dialogue with Barclays Uganda. If you could ask Barclays in Kampala to provide us a name of a contact in Barclays New York, that might expedite matters.

Best regards.

Beste Hans
De door jou gevraagde gereedschappen heb ik inmiddels opgestuurd naar het opgegeven adres (P.O. BOX 890). Henny heeft geprobeerd de tekeningen van rundervlees etc te faxen via PTT-Telecom, maar dat is niet gelukt. Als het goed is heeft Enno dit nu via LLC gedaan. Ik hoop dat, dat gelukt is, ik heb er niets meer over gehoord dus ga ik er maar van uit dat het aangekomen is.
Joke Bouwmeester woont in de Rozenstraat 2 7419 BE Deventer.
Henk Kruis is op 1 april adjudant geworden, hij gaf afgelopen weekend een feestje, wij zijn daar naar toe geweest met Ineke, het was heel gezellig.
Via de nieuwsberichten vernamen wij dat het nogal "onrustig" is in RUANDA, ik hoop dat jij daar geen last van hebt, in ieder geval heb ik Ineke gerustgesteld (voor zover dat nodig was).
Als je nog wat nodig hebt hoor ik het wel, groetjes van ons allemaal,
Andries

Kabale, 11 Apr 1994

Ondanks verontrustende berichten van geweld in Rwanda, is het hier nog rustig. De patrouilles zijn geintensiveerd en we worden behoorlijk bezig gehouden. Mijn werkzaamheden kun je als volgt onderverdelen:

1) Patrouilles per auto, Verkenning langs de grens met een Toyota Landcruiser, duur ca 6 uur.
2) Patrouilles te voet, Verkenning langs de grens. Je wordt afgezet per heli op heuvel A en dan moet je verplaatsen naar heuvel B om daar weer opgepikt te worden. Duur ca 10 uur.
3) Patrouilles per heli, Verkenning vanuit de lucht, duur ca 2 uur.
4) Dienst op een static observationpoint, Grensovergang bewaken, duur 2 weken.
5) Duty-officier op het hoofdkwartier, in de nachtelijke uren het hoofdkwartier bezet houden, duur ca 15 uur.

Zoals je ziet zijn de werkzaamheden behoorlijk afwisseland en de tijd vliegt dan ook.

Van mijn kant de volgende twee verzoeken:
- of 10 stuks Falpatroontassen nieuw model naar mij opgestuurd kunnen worden. Deze zijn een welkome aanvulling op de rugzak (voor de voetpatrouilles).
- Angelique informeren of ze mij wil bellen op dinsdag 12 april om 20.00 uur (Nederlandse Tijd). Het telefoonnummer is 00 256 486 23012 (als het goed is, heeft ze dit nummer al!) Het Faxnummer hier is 00 256 486 23816.

In ieder geval bedankt en groetjes aan iedereen, Michel.

FACSIMILE TRANSMISSION

Outgoing FaxNo.: OPS/ADM-363	Date: April 12, 1994
To: VARIOUS FIELD MISSIONS (PLEASE SEE ATTACHED LIST)	From: D. BEISSEL, ACTING DIRECTOR FOD/DPKO/UNHQ-NEW YORK

Number of transmitted pages: 2	Ref.:
Subject: DURATION OF CONTRACTS AND PURCHASE ORDERS MADE WITHIN THE MISSION AREA OF PROCUREMENT	

1. Mission and Headquarters experience indicates that, in a number of instances, requisitions of a repetitive nature, for requirements with identical specifications, are being submitted for recommendation and advice to the LCC or through LCC to HCC two, three and even more times per calendar year. This is due to the fact that these contracts are meant to cover the requirement for the period of the duration of the mandates which are with different duration for the different missions or, even for the same mission, depending on the political situation in the country/ies.

2. FOD has now decided, with your active assistance and support, to conduct a brief feasibility study whether it would not be significantly more efficient and cost effective for the Organization to contract services and purchase goods on the basis of yearly contracts. It is understood that, in such cases and since missions usually have mandates for periods less than a year, the strict rule for the commitment of funds only on the basis of allotment advice can be observed through contractual arrangements. /Such could be the provisions that the contract in question will be in force, for a period of one year and exceeding the duration of the mandate, provided the mandate is extended and a contract is required/.

3. For the purposes mentioned in para. 2 above, it will be appreciated if you make available to FOD statistics regarding:

(a) the number of additional presentations to the LCC and through LCC to HCC per calendar year, due to the need to contract for repetitive requirements during one calendar year;

(b) the working hours of all involved in the process from the mission (procurement staff, members of the LCC, etc.);

(c) the possibility of contracting lower unit price in the event of contracts for longer periods and bigger requirements; and

(d) any other information relating to the expected savings for the Organization in case missions resort to one year contracts/purchase orders.

4. It will be appreciated if such information could be made available to FOD by 21 April 1994.

ADMINISTRATIVE INSTRUCTION

To: Members of the staff

From: The Assistant Secretary-General for Human Resources Management

Subject: EXTERNAL STUDIES PROGRAMME*

1. The purpose of this administrative instruction is to outline the revised procedures by which staff members may apply for assistance under the external studies programme authorized by the General Assembly within the budgetary provisions for staff training and development and to describe the conditions under which assistance will be granted. This instruction supersedes and combines administrative instructions ST/AI/281 and Add.1 and 2 of 17 June 1981, 19 September 1984 and 20 January 1986 respectively, on the external studies programme with effect from 1 April 1990.

2. Objective: The objective of the external studies programme is to enhance the competence of staff members to perform their present functions or functions of a new assignment for which they have already been selected.

3. Eligibility: Staff members of the Secretariat at all levels whose terms of appointment are governed by staff rules 101.1 to 112.8 and staff rules 200.1 to 212.7 are eligible for the external studies programme provided there is expectation of continued service for at least one year after completion of the proposed studies. For requests involving leave, the equivalent of full-time attendance of at least one academic term (i.e. at least three months), expectation of continued service for at least two years will be required.

4. Type of studies: The programme covers such studies as specialized training, research, seminars, refresher courses, professional conferences and workshops and other training events. These studies can be authorized on the condition that equivalent training is not available within the Secretariat or other agencies of

---

* Personnel Manual Index No. 4480.

/...

the common system to which Secretariat staff have access. Courses of study within a programme leading to a university degree could be covered, as long as such courses also meet the other conditions specified in paragraph 2 above.

5. Assistance provided: The external studies programme provides assistance by payment of tuition fees, travel, per diem and/or cost of books and other necessary supplies. The programme also covers appropriate expenses to enable disabled staff members to participate in this programme. Executive offices and departments are encouraged to share in the expenses to be incurred to enable a larger number of staff to benefit from this programme.

6. Duration of studies: Under the external studies programme, courses of study may range from one day to a maximum of one year. The studies may be pursued during working hours or the staff member's own time.

7. Leave arrangements: Special leave is required for studies during working hours. Such requests should be addressed to the Training Service of the Office of Human Resources Management, which will advise the department concerned or OHRM in cases where such leave, with or without pay, is requested for the purpose of pursuing studies or doing research.

8. Forfeiture of entitlement: If a staff member resigns while pursuing studies or within one or two years, where applicable, after completion of external studies, he or she will normally be required to refund to the Organization the full amount of pay received in connection with special leave, as well as any financial assistance granted under the programme.

9. Application procedure (staff member): A staff member interested in applying for external studies should first clarify what he or she hopes to achieve by the studies to be conducted. Advice on the type of studies that can best achieve this purpose can be obtained from colleagues, executive offices or the Training Service. The staff member should then determine, in consultation with his or her department, the type of leave required and what the financial implications of undertaking such studies might be. The possibility of combining studies with a mission assignment, home leave or annual leave should also be explored at this time. The staff member should then follow the steps outlined below:

(a) Obtain a copy of form P.138 and complete section I. At Headquarters these forms may be obtained from the Training Service, room S-2445 or from executive offices; at offices away from Headquarters these forms are available from the personnel section or office.

(b) Submit the form to his or her supervisor for completion of section II of the form, the supervisor's recommendation.

A detailed description of the course and a job description must be attached to the form.

10. Application procedure (supervisor and Executive/Administrative Officer): The completed application is then transmitted, normally by the supervisor, to the Executive Officer or the Chief of Administration, who fills in section III. Once

/...

MSF 2207-04 P5 4/6

completed. forms should be sent to: Chief, Training Service, room S-2445 Headquarters, New York. It should be kept in mind that applications must reach the Training Service at least six weeks in advance of the start of the proposed studies to allow sufficent time for processing.

11. Approval procedure: After the application reaches the Training Service, it goes through the following steps:

(a) The application is evaluated by the Training Service to ensure that it meets the established criteria and that all information is complete. This may require discussion with the applicant, the department or the Executive Officer. The Training Service decides without further reference on applications involving less than $200 and leave of less than five working days.

(b) For applications involving expenses ranging from $200 to $2,000 and/or leave of more than five working days, the Training Service makes a recommendation on the case and submits the application to the Advisory Panel on External Studies. The Panel makes a final decision on granting of assistance.

(c) For applications involving expenses of more than $2,000 and/or leave of half a year or more, the Advisory Panel on External Studies makes a recommendation to the Assistant Secretary-General for Human Resources Management or another staff member appointed by him who makes the final decision.

(d) The decision of the Panel or the Assistant Secretary-General for Human Resources Management is communicated to the staff member, the Executive Officer or the Chief of Administration, and the Personnel Officer.

It is then the responsibility of the staff member to register for the course or events requested under the external studies programme.

12. The Advisory Panel on External Studies: The Advisory Panel, appointed by the Secretary-General, is composed of the Director of the Staff Administration and Training Division, Office of Human Resources Management, and two other members, one of whom is appointed on the recommendation of the Headquarters Staff Committee. A member of the Training Service acts as Secretary to the Panel. The Advisory Panel makes decisions on the granting of assistance in the cases indicated in paragraph 11 (b) above; in other cases its role is to make recommendations to the Assistant Secretary-General for Human Resources Management.

13. Follow-up: In order that the Training Service may evaluate the effectiveness of external studies, staff members who benefit from the programme must submit to the Training Service a brief report on the studies undertaken within one month of the completion of the studies. Participation in the external studies programme will be recorded in the staff member's official status file.

14. External studies language programme: The external studies programme also covers assistance for the study of the official languages of the United Nations in certain cases.

4480

/...

(a) Objective: This assistance is provided to give eligible staff members the same opportunity to learn or improve their command of the official languages of the United Nations as staff serving at duty stations where language courses are organised by the United Nations.

(b) Eligibility: Staff at all levels serving at duty stations where no language courses are provided are eligible for assistance under this programme. Where arrangements exist for staff to attend language courses organised by United Nations specialized agencies or other United Nations organs and programmes, staff should continue to utilize these arrangements. Eligibility is restricted to staff whose appointments are expected to extend for at least six months beyond the commencement of the language course applied for.

(c) Type of studies: The programme normally covers the study of the official languages of the United Nations only, with staff encouraged to focus on the working languages of their duty station. However, in cases where the situation at a particular duty station requires a command of the local language, assistance may be granted. Language studies may include group or individual courses or correspondence courses conducted by institutions with a recognized status. Normally assistance is not provided for language courses administered by private teachers. Preference should be given to language courses offered locally outside working hours. Assistance for language studies covers the study of only one language at a time.

(d) Assistance provided: The external studies programme provides assistance for language studies by payment of tuition fees. The cost of books, stationery, transportation, etc. is to be borne by the staff member and will not be reimbursed.

(e) Application procedure: The staff member should obtain a copy of form P.138 from the personnel section or office or from the Executive Office and complete section I, being sure to provide all the information requested. Where more than one level is covered in a single application, dates of completion of each level should be indicated. Section II of the application form must be completed by the staff member's supervisor only if the proposed study is to take place during working hours. It should be noted that it is not necessary to submit a job description with the application. Section III of the application form should be completed by the Executive Office of the Department of Public Information for staff of information offices and by the Chief of the Field Personnel Section, Field Operations Division for Field Service and other mission staff. Applications must reach the Training Service as early as possible, in any case before the start of the proposed studies.

(f) Approval procedures for applications for language studies are the same as those outlined in paragraph 11 above.

15. Duty stations away from Headquarters will be authorized to review and approve locally requests for external studies meeting certain criteria of duration and cost under terms to be communicated annually by the Training Service. The conditions established above for the granting of assistance will apply to these applications.

Your latest fax dated 5 April 1994 refers. Please advise FSO Fletcher as follows:

Provided that P.41, P.45 and P.66 forms are received in order and in time at UNTSO, we should be able to process them prior to your three daughters' anticipated travel on 2 June 1994. As UNTSO is authorized to approve requests for educations grant travels, FOD's prior approval for their education grant travel from Bangkok to Phoenix, Arizona, may not be necessary. It is emphasized though that you forward to us the standard P.66 form (*Request for Education Grant Travel*), not copy thereof.

With regard to your wife's separate home leave travel which FOD has approved (ref FOD cable JDIS0093/JRSA8158 dated 06 April 1994 copied to UNOMUR), PT.8 (Travel Authorization) in her respect will be raised by UNTSO. UNOMUR will, of course, raise your PT.8. Staff Rule 105.3(l) stipulates that staff members travelling on home leave shall be required to spend a substantial period (at least 14 days) of leave in home country together with his/her dependents.

As regards your wife's delayed return from home leave, ST/AI/280 (Rev.6), para. 7(c) stipulates that *a minimum interval of three months is required between home leave, additional leave and family visit travels, counting from the date of return to the duty station from one travel to the date of departure of the next travel*. Please bear this in mind to avoid overlapping of current and next home leave entitlements.

We presume your home leave departure and return dates have been duly approved by UNOMUR Administration and, as far as UNTSO is concerned, there is nothing further that you need to do at this time.
