SECURITY COUNCIL EXTENDS AND ADJUSTS MANDATE OF UNAMIR UNTIL 8 MARCH 1996

Resolution 1029 (1995) adopted unanimously on 12 December 1995

Text of the Resolution

The Security Council,

Recalling all its previous resolutions on the situation in Rwanda, in particular its resolution 872 (1993) of 5 October 1993 by which it established the United Nations Assistance Mission for Rwanda (UNAMIR), and its resolutions 912 (1994) of 21 April 1994, 918 (1994) of 17 May 1994, 925 (1994) of 8 June 1994, 965 (1994) of 30 November 1994 and 997 (1995) of 9 June 1995, which set out the mandate of UNAMIR,

Recalling its resolution 955 (1994) of 8 November 1994, establishing the International Tribunal for Rwanda, and its resolution 978 (1995) of 27 February 1995, concerning the necessity for the arrest of persons suspected of committing genocide in Rwanda,

Having considered the report of the Secretary-General on UNAMIR dated 1 December 1995 (S/1995/1002),

Noting the letters of the Foreign Minister of Rwanda to the Secretary-General of 13 August 1995 and 24 November 1995 (S/1995/1018, Annex I and S/1995/1018, Annex II),

Stressing the importance of the voluntary and safe repatriation of Rwanda refugees and of genuine national reconciliation,

Noting with great concern continuing reports of military preparations and incursions into Rwanda by elements of the former regime, underlining the need for effective measures to ensure that Rwandan nationals currently in neighbouring countries, including those in camps, do not undertake military activities aimed at destabilizing Rwanda or receive arms supplies, in view of the great likelihood that such arms are intended for use within Rwanda, and welcoming in this context

.../

the establishment of the International Commission of Inquiry pursuant to its resolution 1013 (1995) of 7 September 1995,

Underlining the need for increased efforts to assist the Government of Rwanda in the promotion of a climate of confidence and trust in order to facilitate the return of Rwandan refugees in neighbouring countries,

Emphasizing the necessity for the accelerated disbursement of international assistance for the rehabilitation and reconstruction of Rwanda,

Welcoming the summit of Heads of State of the Great Lakes Region held in Cairo on 28-29 November and the Declaration of 29 November 1995 issued by them (S/1995/1001),

Emphasizing the importance of all States acting in accordance with the recommendations adopted by the Regional Conference on Assistance to Refugees, Returnees and Displaced Persons in the Great Lakes Region held in Bujumbura in February 1995 and those contained in the Cairo Declaration,

Commending the Government of Rwanda's continuing efforts to maintain peace and security as well as to reconstruct and rehabilitate the country,

Recognizing the valuable contribution that the human rights officers deployed by the High Commissioner for Human Rights to Rwanda have made towards the improvement of the overall situation,

Acknowledging the responsibility of the Government of Rwanda for the safety and security of all UNAMIR personnel and other international staff serving in the country,

1. Decides to extend the mandate of UNAMIR for a final period until 8 March 1996;

2. Decides also, in the light of current efforts to restore peace and stability through the voluntary and safe repatriation of Rwandan refugees, to adjust the mandate of UNAMIR so that UNAMIR will:

(a) Exercise its good offices to assist in achieving the voluntary and safe repatriation of Rwandan refugees within the frame of reference of the recommendations of the Bujumbura Conference and the Cairo Summit of the Heads of State of the Great Lakes Region, and in promoting genuine national reconciliation,

(b) Assist the Government of Rwanda in facilitating the voluntary and safe return of refugees and, to this end, to support the Government of Rwanda in its ongoing efforts to promote a climate of confidence and trust through the performance of monitoring tasks,

(c) Assist the United Nations High Commissioner for Refugees and other international agencies in the provision of logistical support for the repatriation of refugees,

(d) Contribute, with the agreement of the Government of Rwanda, to the protection of the International Tribunal for Rwanda as an interim measure until alternative arrangements agreed with the Government of Rwanda can be put in place;

3. Requests the Secretary-General to reduce the force level of UNAMIR to 1,200 troops to carry out the mandate set out in paragraph 2 above;

4. Requests the Secretary-General to reduce the number of military observers, headquarters and other military support staff to 200;

5. Requests the Secretary-General to initiate planning for the complete withdrawal of UNAMIR after the expiry of the present mandate, that withdrawal to take place within a period of six weeks after the expiry of the mandate;

6. Requests the Secretary-General to withdraw the Civilian Police component of UNAMIR;

7. Requests the Secretary-General to examine, in the context of existing United Nations regulations, the feasibility of transferring UNAMIR non-lethal equipment, as elements of UNAMIR withdraw, for use in Rwanda;

8. Takes note of the cooperation existing between the Government of Rwanda and UNAMIR in the implementation of its mandate and urges the Government of Rwanda and UNAMIR to continue to implement the Status of Mission Agreement of 5 November 1993 and any subsequent agreement to replace that Agreement in order to facilitate the implementation of the new mandate;

9. Calls upon the Government of Rwanda to take all necessary measures to ensure that UNAMIR personnel and equipment that are scheduled to withdraw can do so in an orderly and safe manner;

10. Commends the efforts of States, United Nations agencies and non-governmental organizations which have provided humanitarian assistance to refugees and displaced persons in need, encourages them to continue such assistance, and calls upon the Government of Rwanda to continue to facilitate their delivery and distribution;

11. Calls upon States and donor agencies to fulfil their earlier commitments to give assistance for Rwanda's rehabilitation efforts, to increase such assistance, and in particular to support the early and effective functioning of the International Tribunal and the rehabilitation of the Rwandan justice system;

12. Also calls upon States to cooperate fully with the International Commission of Inquiry established pursuant to resolution 1013 (1995);

13. Encourages the Secretary-General and his Special Representative to continue to coordinate the activities of the United Nations in Rwanda, including those of the organizations and agencies active in the humanitarian and developmental field, and of the human rights officers;

14. Requests the Secretary-General to report to the Council by 1 February 1996 on the discharge by UNAMIR of its mandate and progress towards repatriation of refugees;

15. Decides to remain actively seized of the matter.

LE CONSEIL DE SECURITE RENOUVELLE LE MANDAT DE LA MINUAR JUSQU'AU 8 MARS 1996

Résolution 1029 (1995) adoptée à l'unanimité, le 12 décembre 1995

Texte de la résolution

Le Conseil de sécurité,

Rappelant toutes ses résolutions précédentes sur la situation au Rwanda, en particulier sa résolution 872 (1993) du 5 octobre 1993 par laquelle il a créé la Mission des Nations Unies pour l'assistance au Rwanda (MINUAR), ainsi que ses résolutions 912 (1994) du 21 avril 1994, 918 (1994) du 17 mai 1994, 925 (1994) du 8 juin 1994, 965 (1994) du 30 novembre 1994 et 997 (1995) du 9 juin 1995, qui définissent le mandat de la MINUAR,

Rappelant sa résolution 955 (1994) du 8 novembre 1994, portant création du Tribunal international pour le Rwanda, et sa résolution 978 (1995) du 27 février 1995, concernant la nécessité d'arrêter les personnes soupçonnées d'avoir participé au génocide au Rwanda,

Ayant examiné le rapport du Secrétaire général sur la MINUAR en date du 1er décembre 1995 (S/1995/1002),

Prenant note des lettres adressées au Secrétaire général par le Ministre des affaires étrangères du Rwanda les 13 août et 24 novembre 1995 (S/1995/1018, annexe I et S/1995/1018, annexe II),

Soulignant l'importance du rapatriement librement consenti des réfugiés rwandais, en toute sécurité, ainsi que celle d'une véritable réconciliation nationale,

Notant avec une vive préoccupation les informations selon lesquelles des éléments de l'ancien régime poursuivraient leurs préparatifs militaires et leurs incursions au Rwanda, soulignant la nécessité de prendre des mesures efficaces pour que les Rwandais se trouvant actuellement dans des pays voisins, y compris ceux qui sont dans des camps, n'entreprennent pas d'activités militaires visant à déstabiliser le Rwanda et ne reçoivent pas d'armements, étant donné que ces armements seraient très vraisemblablement destinés à être utilisés au Rwanda, et se félicitant à cet égard de la mise en place de la Commission internationale d'enquête créée en application de sa résolution 1013 (1995) du 7 septembre 1995,

.../

Soulignant que des efforts accrus sont indispensables pour aider le Gouvernement rwandais à instaurer un climat de confiance propre à faciliter le retour des réfugiés rwandais se trouvant dans des pays voisins,

Soulignant qu'il est nécessaire d'accélérer le versement de l'aide internationale pour le relèvement et la reconstruction du Rwanda,

Notant avec satisfaction la tenue au Caire, les 28 et 29 novembre, du Sommet des chefs d'Etat de la région des Grands Lacs, ainsi que la Déclaration publiée par ces derniers le 29 novembre 1995 (S/1995/1001),

Soulignant qu'il importe que tous les Etats appliquent les recommandations adoptées par la Conférence régionale sur l'assistance aux réfugiés, rapatriés et personnes déplacées dans la région des Grands Lacs, tenue à Bujumbura en février 1995, ainsi que celles qui figurent dans la Déclaration du Caire,

Se félicitant des efforts que continue de faire le Gouvernement rwandais aux fins du maintien de la paix et de la sécurité ainsi que pour la reconstruction et le relèvement du pays,

Mesurant l'utilité du concours que les spécialistes des droits de l'homme déployés au Rwanda par le Haut Commissaire aux droits de l'homme ont apporté en vue de l'amélioration de la situation générale,

Considérant qu'il incombe au Gouvernement rwandais d'assurer la protection et la sécurité de l'ensemble du personnel de la MINUAR et des autres membres du personnel international servant au Rwanda,

1. Décide de proroger le mandat de la MINUAR une dernière fois jusqu'au 8 mars 1996;

2. Décide aussi, compte tenu des efforts entrepris pour rétablir la paix et la stabilité grâce au rapatriement librement consenti des réfugiés rwandais, en toute sécurité, de modifier le mandat de la MINUAR de façon que celle-ci :

a) Exerce ses bons offices pour faciliter le rapatriement librement consenti des réfugiés rwandais, en toute sécurité, compte tenu des recommandations de la Conférence de Bujumbura et du Sommet tenu au Caire par les chefs d'Etat de la région des Grands Lacs, et promouvoir une réconciliation nationale véritable;

b) Aide le Gouvernement rwandais à faciliter le rapatriement librement consenti des réfugiés, en toute sécurité et, à cette fin, soutienne par des activités de surveillance les efforts que celui-ci a entrepris pour favoriser l'instauration d'un climat de confiance;

c) Aide le Haut Commissariat des Nations Unies pour les réfugiés et d'autres organismes internationaux à fournir un appui logistique en vue du rapatriement des réfugiés;

d) Contribue, avec l'assentiment du Gouvernement rwandais, à assurer la protection du Tribunal international pour le Rwanda, à titre intérimaire en attendant que d'autres arrangements convenus avec le Gouvernement rwandais puissent être conclus;

3. Prie le Secrétaire général de ramener à 1 200 personnes les effectifs de la MINUAR, afin d'exécuter le mandat énoncé au paragraphe 2 ci-dessus;

4. Prie le Secrétaire général de ramener à 200 le nombre des observateurs militaires et membres du personnel d'état-major et autre personnel militaire d'appui;

5. Prie le Secrétaire général de commencer à établir des plans en vue du retrait complet de la MINUAR, celui-ci devant se faire dans les six semaines suivant l'expiration du mandat actuel;

6. Prie le Secrétaire général de retirer la composante de police civile de la MINUAR;

7. Prie le Secrétaire général d'envisager, compte tenu des règlements existants de l'Organisation des Nations Unies, la possibilité de transférer, à mesure que des éléments de la MINUAR se retireront, du matériel non militaire de la MINUAR qui serait utilisé au Rwanda;

8. Prend note de la coopération existant entre la MINUAR et le Gouvernement rwandais aux fins de l'accomplissement du mandat de la Mission, et prie instamment le Gouvernement rwandais et la MINUAR de continuer à appliquer l'Accord sur le statut de la Mission en date du 5 novembre 1993, ainsi que tout nouvel accord qui pourrait être conclu en vue de faciliter l'exécution du nouveau mandat de la MINUAR;

9. Demande au Gouvernement rwandais de prendre toutes les dispositions requises pour que le retrait prévu de personnel et de matériel de la MINUAR puisse s'effectuer dans l'ordre et en toute sécurité;

10. Remercie les Etats, les organismes des Nations Unies et les organisations non gouvernementales qui ont fourni une aide humanitaire aux réfugiés et aux personnes déplacées dans le besoin, les engage à persévérer et demande au Gouvernement rwandais de continuer à faciliter l'acheminement et la distribution des secours;

11. Demande aux Etats et aux organismes donateurs d'honorer l'engagement qu'ils ont pris de soutenir les efforts de relèvement du Rwanda, d'accroître l'aide qu'ils apportent déjà à cette fin et, en particulier, de favoriser la mise en place à bref délai et le fonctionnement efficace du Tribunal international, ainsi que le rétablissement de l'appareil judiciaire rwandais;

12. Demande aussi aux Etats de coopérer pleinement avec la Commission d'enquête créée par sa résolution 1013 (1995);

13. Engage le Secrétaire général et son Représentant spécial à continuer de coordonner les activités des Nations Unies au Rwanda, y compris celles des organisations et institutions s'occupant d'aide humanitaire et de développement, ainsi que les activités des spécialistes des droits de l'homme;

14. Prie le Secrétaire général de lui faire rapport le 1er février 1996 au plus tard sur la façon dont la MINUAR s'acquitte de son mandat et sur l'état d'avancement du rapatriement des réfugiés;

15. Décide de rester activement saisi de la question.

SUBJECT: **Security checks**

Further to my information circular of 16 November 1995 on Security checks at UNAMIR premises (Amahoro and Trafipro), the following additional security measures will come into immediate effect at Trafipro. The aim of these measures is to further tighten the loose ends in our system.

(a) The water point gate (back gate) will be closed to all in-coming vehicles after 1730 hrs. daily; and only vehicles in the parking lot will be allowed exit. On saturdays the gate will be closed at 1330 hrs. and will remain closed on Sundays.

(b) The main gate will be the only entry point to all vehicles after the closure of the water point gate.

(c) All visitors to local staff members will be met by the individual staff members outside the gates;

(d) All staff members working late will be required to sign out, as well as signing in and out on late entry, and on weekends;

(e) Staff members are advised to properly close their offices at close of duty, and that if any office is left open, the staff member may be obliged to reimburse the UN for any loss of goods and/or equipment from the office in question; They are further advised to leave the lights on in their offices at night.

(f) The back entrance to the two main office buildings will be closed at the close of duty, and entry will only be through the main entrances.

RAPPORT QUOTIDIEN SUR LES PROGRAMMES DE RADIO RWANDA

Lundi 27 Novembre 1995 : Le Vice-Président de la République et Ministre de la Défense le Général Major Paul KAGAME, en compagnie du Ministre de l'Enseignement Supérieur et de la Recherche Scientifique le Dr. Joseph NSENGIMANA, ont visité les batiments de l'Université Nationale du Rwanda Campus de Ruhengeri. Ils devaient se rendre compte de l'état de ces batiments jusqu'alors inoccupés, pour voir s'ils pourraient être cédés au Ministère de la Défense ou au Ministère de l'Enseignement Supérieur et de la Recherche Scientifique.

L'AVP (Association des Volontaires de la Paix) a organisé, au Centre Pastoral St Paul, un séminaire de formation sur la culture des Droits de l'Homme. Les participants devaient chercher les voies et moyens d'éradiquer la culture de l'impunité. Ils ont proposé que le Gouvernement Rwandais élabore des programmes d'enseignement des Droits de l'Homme à l'école primaire, secondaire, ainsi qu'à l'Université.

Samedi passé, à l'Ecole Supèrieure Militaire (ESM), s'est ouvert un séminaire de formation politique pour les officiers chargés de l'éducation politique et les officiers des services de renseignements militaires au sein de l'APR. La cérémonie d'ouverture a été présidée par le Vice-Premier Ministre et Ministre de l'Intérieur le Colonel Alexis KANYARENGWE. Le séminaire durera une semaine.

Cloture hier au Centre de Formation de Murambi, d'un séminaire de magistrats non juristes. Il a duré 4 mois et regroupé 120 participants dont 114 ont pu décrocher leur certificat. Cette cérémonie était dirigée par le Directeur Général au Ministère de la Justice M. Gérard NTASHAMAJE, en compagnie de l'Ambassadeur Belge au Rwanda M. Frank De KONIG.

Hier 7.000 victimes du génocide ont été exhumés à Murambi Préfecture Gikongoro. Le procédé d'exhumation se heurte aux problèmes de profondeur des fosses et à leur localisation.

Avant hier, l'Assemblée Nationale a voté, pour la première fois, 12 lois. Certaines ont déjà été publiées dans le journal officiel, d'autres sont en train d'être vérifiées par la Cour Constitutionnelle.

Subject: <u>ACCESS BY UN GUESTS TO CHEZ LANDO AND BELGIUM VILLAGE</u>

1. We have had so many incidences and reports on this particular subject of bringing non UN guests to UNAMIR compounds with special reference to BELGIUM VILLAGE and CHEZ LANDO that it has become necessary for clear direction on the issue to reduce the tension already generated.

2. Wef date, it has been decided that any non UN guest to either Belgium Village or Chez Lando has to be signed in by a UN ID carrying person. Thereafter the UN person will be responsible for the conduct and general behaviour of the guest in question. As Officers representing our various countries, we should be aware that our conduct and moral behaviour in general should be exemplary so as not to tarnish the good image of UNAMIR or undermine our security.

3. The security guards at the gates of Belgium Village and Chez Landos are to maintain a register for guests and are to take note that guest must be personally signed in and out by a UN ID carrying Officer. This does not affect the policy of permitting NGO personnel access to special functions/happy hour parties.

4. We hope that this directive will put to end the problems and confusion that was generated earlier regarding the above mentioned issue.

SUBJECT: Malaria Alert

Introduction

As you may be aware, malaria is endemic in Rwanda and occurs all year round and in all parts of the country including urban areas. It is a disease caused by parasitic protozoans that occupy and destroy the red blood corpuscles that carry oxygen from the lungs to the tissues and return carbon dioxide from the tissues to the lungs. The malaria parasite is transferred to the human bloodstream by mosquitos. There are four different types of malaria parasites but the main type present in Rwanda, and the only type that is fatal, is *plasmodium falsiparum. Plasmodium falsiparum* can give rise to a form of acute malaria known as cerebral malaria, in which the malaria parasites multiply quickly in the capillaries of the body organs and especially the brain. Cerebral malaria is a progressive condition; it can follow a less malign episode of malaria that is left untreated. Cerebral malaria can cause an apparently healthy adult to fall into a coma within two hours of infection.

(a) Malaria and its symptoms

The typical symptoms of malaria include fever, chills, headaches, joint pain and general weakness. However, the absence of any one or all of the foregoing symptoms at a particular time cannot be taken as conclusive evidence that a person does not have malaria. Many other symptoms that are typically and more frequently associated with other conditions, such as nausea, vomiting, liver problems, jaundice and labial herpes, can be symptoms of malaria in particular cases.

The fever almost invariably experienced in malaria is episodic and occurs with a variety of frequencies. Fever episodes are correlated with periodic discharges by the malaria parasite into the bloodstream; hence, it is easier to detect the presence of the malaria parasite shortly after an episode of fever. However, the potentially low frequency of fever episodes suggests that the absence of fever in a patient during the previous 48 hours is not a sufficient basis on which to conclude that that patient

does not then have malaria. The more subtle the case of malaria, the more experience with the disease the clinician requires, and the more careful patient history need to be taken, in order to detect it. Many people believe that if they have been exposed to malaria over a prolonged period they do not need to take medications to prevent malaria. While this is true for those exposed to the more benign forms of malaria it is not true for plasmodium falciparum. Past exposure to plasmodium falciparum may mask the symptoms of malaria but will not prevent the individual from contracting cerebral malaria. Should you experience any of the above symptoms, please report immediately to your medical officer or to one of UNAMIR medical facilities for diagnosis.

(b) Prevention

There are two general categories of prophylaxis against malaria: protection against mosquito bites and chemical prophylaxis. The first category includes such measures as using mosquito repellent on exposed areas of the skin; using a mosquito net; and using insecticides in work and living areas. There are a variety of courses of chemical prophylaxis. The two major approaches are the regular ingestion of both chloroquine and paludrine and, alternatively, the regular ingestion of mefloquine. Both courses of chemical prophylaxis have side effects associated with long term use ranging from vertigo to damage of optical nerve, and mefloquine is contraindicated for pregnant women and persons with a history of hypertension, epilepsy or psychiatric problems. For UNAMIR, Headquarters New York has advised that the chemical prophylaxis to be used by personnel is mefloquine. Mefloquine (250 mg) is taken at weekly intervals. In addition to protection against mosquito bites which should be part of your daily precautionary measures, you are therefore urged to take mefloquine only as advised. The UN may not bear any responsibility, should complications develop as the result of the use of any other anti malaria-prophylaxis.

(c) UNAMIR policy on testing for malaria

There are two basic tests that a diagnostician can perform to check for malaria. One is called the "quick smear test." A drop of blood is taken from the patient's finger, spread on a slide and fixed with alcohol. The slide is allowed to dry, which can take as little as two minutes. Giemsa solution is then added to color the contents of the slide. Although the clearest results are available between four and 24 hours after the slide is made, in clinical practice the slide, can usefully be examined under a microscope less than 20 minutes after the Giemsa solution has been applied. The other test is called the "thick layer malaria test." In clinical practice the slide can be examined under a microscope less than 20 minutes after the giemsa solution has been applied. The "thick layer malaria test" has the advantage of allowing the clinician to distinguish the type of malaria, if any, present. This

advantage is of limited utility in Rwanda, where *plasmodium falsiparum*, the only potentially fatal strain of malaria, is dominant. In this connection, UNAMIR's policy is to administer either of the basic tests to all admitted patients, depending on symptoms.

Conclusion

Malaria is a very common illness that may be fatal. A range of preventive measures exist including personal protective measures and chemoprophylaxis. If these measures fail and an individual contracts malaria it often presents itself as a flu like illness. Individuals should report to their medical officer or to one of UNAMIR medical facilities if they fear they have contracted malaria. Following diagnosis by a medical officer, appropriate treatment regimes will be instituted in a timely fashion and should prevent the very serious if not fatal complications of malaria. Please be guided accordingly. The FMEDO and the CCPO are requested to provide copies of this Administrative Instruction to all incoming troops and civilian personnel when rotating or being assigned to Rwanda.

B. 3000.12 (Ops) dated 25 Mar 95
C. UNAMIR Administrative Instruction 011/95 dated 27 March 1995
D. Status of Mission Agreement

1. The report of a vehicle hijacking during the early morning hours of 2 Sep 95 and an increase in the number of robberies and attempted robberies highlight the need to reinforce the procedures and restrictions contained in refs A through D inclusive. The security situation in Rwanda has been relatively calm since early Jun and has resulted in a certain complacency within the Mission. In addition the changes to the Force manning over the summer and the arrival of new personnel has resulted in a general lack of awareness and adherence to refs.

2. All personnel are advised of the recent increase in RPA security measures during the hours of darkness and should take appropriate measures for their own security as outlined in the refs. The major points enunciated in refs A, B and C are repeated for the edification of all UNAMIR personnel.

3. Conduct. All UNAMIR personnel in Rwanda represent their country, unit or agency and the UN. Considerable effort must be extended to project the best possible image to the local population. Many hours of patient work can be eroded by one thoughtless act which can impact on the reputation of UNAMIR. It is human nature to key on the failings of others and forget all the good that has been accomplished.

4. Personal Security. Personal security can be enhanced by adherence to the following guidelines:

a. get to know your nearest UN and where the nearest UN vehicle is parked at night;

b. know the phone number and radio call signs as included in Annex A to ref B (revised copy enclosed);

[redacted]

c. inform you superior of all travel plans in and out of the country;

d. eat and drink in secure locations. There is safety in numbers. Out of Bounds' locations include all night clubs;

e. avoid travel at night outside your duty station. If travel is necessary avoid travelling alone and avoid driving in remote and isolated areas in the city. Stay on safe streets and secure routes;

f. avoid using local taxis and privately owned cars except if you personally know the car owner;

g. stop only at established road blocks and avoid giving lifts to non-UNAMIR personnel;

h. avoid setting a routine;

j. always have your UN ID card in your possession; and

k. use COMMON SENSE. Your life comes first, and thereafter, all items of material value.

5. Vehicle Security. Owing to the prevailing security situation and the UNAMIR curfew of 2300 hrs, all vehicle except those required in the performance of UNAMIR duty are to be parked and secured by 2300 hrs. UNAMIR vehicles should not be parked unattended during the hours of darkness or for prolonged periods during daytime unless under guard. Under no circumstances are vehicles to be parked overnight at the airport. In accordance with ref A, the tenets of the alcohol policy include no drinking and driving and no driving for eight hours after consuming alcohol.

6. Out of Bounds. The **Kigali Night** establishment continues to be out of bounds to UNAMIR personnel as per ref A. As the local economy continues to rejuvenate, new night clubs appear in the local area. **Until further notice, all night clubs are out of bounds to UNAMIR personnel.**

7. The foregoing points are intended to reinforce the contents of refs A, B, and C. This does not obviate the need for all personnel to be thoroughly familiar with the contents to those directives. Personal safety and security are paramount to the wellbeing of our people. It is not a time to become complacent and throw caution to the wind. Every member of UNAMIR is responsible to ensure adherence to regulations and directives.

ANNEX A TO
SECURITY AWARENESS
DATED 25 MAR 95
(revised 2 Sep 95)

EMERGENCY CONTACT NUMBERS/CHANNELS

1. For incidents occurring after 1800 or on the weekend: switch your radio to channel 8 or channel 4 and call callsign "Zero". Callsign Zero is the Military Duty Officer in the UNAMIR HQ Ops Room. You may also call for help on the following Callsigns and channels.

a. **Channel 9 - "Sierra Oscar 9" HQ Civilian Security Officer** - between 0830 and 1800 hrs Monday -Saturday or telephone #84268 Extn. 11073/11135.

b. **Channel 4 - Callsign "Zero" - Military Duty Officer** - 24 hrs or telephone #84268 Extn 11150 or #84265

c. **Channel 7 - Callsign "Escort Zero"** - MP Duty NCO - 24 hrs or telephone #84268 Extn 11249 or #86855.

2. Standard procedures and discipline must be observed if radio communications is to be used successfully for security purposes. Messages should be planned in advance. Long difficult messages should be avoided as they can be misunderstood. In case of a shooting, do not panic, use your radio to call for assistance. Speak in a calm even voice and give the following information:

a. Clearly state your callsign.

b. Give your location and describe the incident that has taken place. This is the most important piece of information and could save vital minutes in time it takes for assistance to reach you.

(1) All personnel should know the grid reference of their place of residence as well as that of homes or other places that are frequently visited.

(2) You should also know their location in relation to prominent reference points (Meridian Hotel, Chez Lando, Trafipro, Mille Collines Hotel, The Parliament Buildings are examples of such locations).

(3) Which direction is North, South, East and West.

c. If the situation permits, go to an easily identifiable rendez-vous point to meet the person(s) responding to your call.

d. End the message with "**I need emergency assistance right away**".

PRESS RELEASE

UNAMIR NR 95-46 **4 October 1995**

OPENING OF THREE DETENTION CENTRES IN RWANDA

The President of Rwanda and the Special Representative of the United Nations Secretary-General are pleased to announce the opening of three detention sites built in response to the extreme overcrowding in Rwanda's prisons. The opening ceremony will be commemorated at the new expanded detention centre of Nsinda on Thursday 5th October 1995.

Rwanda's prison population currently stands at approximately 52,000 for an intended capacity of 12,500. Lack of space, food, adequate drainage and sanitary conditions have created high death rates resulting from dysentrie, pneumonia and foot lesions due to swelling. The three completed sites, Nsinda, Nyanza and Onatracom will almost double Rwanda's existing capacity by together providing space for an additional 11,000 detainees, raising total capacity to 23,500. The opening of the centres will thus bring relief to the critical conditions for detainees who are all still waiting to be tried for crimes of genocide.

While the permanent extension to Nyanza is providing a capacity of 2,800 and the temporary site of Onatracom has a capacity of 5,000, Nsinda, with a capacity of 5,000 is the largest semi-permanent detention centre to be opened in Rwanda, requiring the greatest investment and coordinated work by the Government, United Nations and the International Committee for the Red Cross with the financial contribution of the International Community. Construction work at Nsinda has been a collaborative effort between United Nations Development Programme (UNDP) and the Ministry of Justice, responsible for constructing the perimetre wall, electrification and ensuring security measures are met, the International Committee for the Red Cross (ICRC) who installed living quarters, sanitary and kitchen facilities. The United Nations Assistance Mission to Rwanda (UNAMIR), the United Nations Department of Humanitarian Affairs (DHA) and the United Nations High Commissioner for Human Rights (UNHCHR) providing logistical support whenever necessary and power supplies. The overall coordination remained the responsibility of the Republic of Rwanda's Ministry of Justice. All work undertaken on the site was carried out by Rwandan contractors using local civil engineers and drawing on construction materials available within Rwanda.

The first detainees to be transferred will be from the existing site, currently holding 900 detainees for an intended capacity of 100. Detainees will then be transferred progressively from other congested centres. The opening of other sites will follow that of Nsinda, Nyanza and Onatracom within the following weeks.

~~Draft~~ resolution

The Security Council,

Reaffirming all its previous resolutions on the situation in Rwanda, in particular its resolution 872 (1993) of 5 October 1993 by which it established the United Nations Assistance Mission for Rwanda (UNAMIR), and its resolutions 912 (1994) of 4 April 1994, 918 (1994) of 17 May 1994, and 925 (1994) of 8 June 1994, which set out the mandate of UNAMIR,

Having considered the progress report of the Secretary-General on UNAMIR dated 25 November 1994 (S/1994/1344),

Noting the report of the Secretary-General on security in the Rwandese refugee camps of 18 November 1994 (S/1994/1308),

Recalling its resolution 955 (1994) of 8 November establishing the International Tribunal for Rwanda,

Stressing the importance of achieving genuine reconciliation between all elements of Rwandan society within the frame of reference of the Arusha Peace Agreement,

Noting the deployment of human rights officers to Rwanda by the High Commissioner for Human Rights in order to monitor the ongoing human rights situation, to help redress existing problems and prevent possible human rights violations from occurring, to help foster a climate of confidence and the establishment of a more secure environment and thus facilitate the return of refugees and displaced persons, and to implement programmes of technical cooperation in the field of human rights, particularly in the area of administration of justice,

Noting also that the widespread dispersal of landmines is causing hardship to the civilian population and is hampering the return of refugees and displaced persons and other humanitarian relief efforts,

Welcoming the establishment by the Secretary-General of a Trust Fund pursuant to resolution 925 (1994) of 8 June 1994,

3/10

1. Decides to extend the mandate of UNAMIR until 9 June 1995;

2. Reaffirms that UNAMIR will:

(a) Contribute to the security and protection of displaced persons, refugees and civilians at risk in Rwanda including through the establishment and maintenance, where feasible, of secure humanitarian areas;

(b) Provide security and support for the distribution of relief supplies and humanitarian relief operations;

(c) Exercise its good offices to help achieve national reconciliation within the frame of reference of the Arusha Peace Agreement;

3. Decides to expand UNAMIR's mandate to include the following additional responsibilities within the limits of the resources available to it:

(b) Assist in the establishment and training of a new, integrated, national police force;

4. Strongly urges the Government of Rwanda to continue its cooperation with UNAMIR in the implementation of its mandate and in particular in ensuring unimpeded access to all areas of Rwanda by UNAMIR forces, personnel of the International Tribunal for Rwanda, and human rights officers;

5. Welcomes UNAMIR's efforts to increase its radio broadcasting capabilities so as to reach the refugee camps in neighbouring countries and expresses the hope that it will soon be possible for the Government of Rwanda to conclude appropriate arrangements with UNAMIR in this regard, including the allocation of a radio frequency;

6. Commends the efforts of States, United Nations agencies and non-governmental organizations which have provided humanitarian and other assistance, and encourages them to continue and increase such assistance, particularly in Rwanda;

7. Requests the Secretary-General to make recommendations on possible steps that could be taken by the United Nations to promote the establishment of an effective mine clearance programme in Rwanda;

8. Calls upon the international community to provide resources needed to meet the immediate needs of the Government of Rwanda directly or through the Trust Fund established pursuant to resolution 925 (1994) of 8 June 1994;

9. Requests the Secretary-General, following the usual consultations, inform the Council should he consider that the accomplishment of the tasks of paragraph

4/10

require consideration of an adjustment in the logistic and personnel requirements of UNAMIR;

10. Decides to keep under review the situation in Rwanda and the role played by UNAMIR and, to that end, requests the Secretary-General to report to the Council by 9 February 1995 and 9 April 1995, on UNAMIR's discharge of its mandate, the safety of populations at risk, the humanitarian situation and progress towards repatriation of refugees;

30 November 1994

The Security Council has considered carefully the report of the Secretary-General dated 18 November 1994 on the security in the Rwandese refugee camps (S/1994/1308), particularly those located in Zaire. It is gravely concerned at the situation described in the Secretary-General's report.

The Security Council condemns the actions being taken by the former Rwandan leaders, and by former government forces and militias to prevent, in some cases by force, the repatriation of the refugees in the camps. It also condemns the ongoing interference by these groups and individuals in the provision of humanitarian relief, and is deeply concerned that this interference has already led to the withdrawal of some non-governmental agencies responsible for the distribution of relief supplies within the camps.

The Security Council is alarmed at the indications that these same groups and individuals may be preparing for an armed invasion of Rwanda. It deplores the fact that food distributed by relief agencies for those in the camps is apparently being misappropriated for this purpose The Council condemns all such actions. It warns these persons, many of whom may have been implicated in the genocide and other serious violations of international humanitarian law which were unleashed on Rwanda in April 1994, that their actions will only reinforce the determination of the international community to ensure that such persons are brought to justice. The Council also stresses once again the responsibilities of neighbouring countries for ensuring that their territories are not used to destabilize the situation inside Rwanda.

6/10

The Security Council notes the statement in the Secretary-General's report of 18 November that the first step towards promoting the repatriation of refugees must be a determined effort by the international community to reduce intimidation of prospective returnees and to improve security in the Rwandese refugee camps, especially those in Zaire. The Security Council attaches equal importance to the Secretary-General's observation that any operation to achieve this would be futile without parallel efforts to promote national reconciliation and reconstruction in Rwanda. The Council stresses the imperative of reinvigorating the political process to provide a framework for any action taken to address security in the camps and the repatriation of Rwandese refugees to Rwanda. The framework should include a mechanism for sustaining a dialogue between the Government of Rwanda, refugee representatives and the United Nations.

The Security Council considers that the options described in the Secretary-General's report raise complex issues which require further elucidation. The Council requests the Secretary-General to consult potential troop contributors to assess their willingness to participate in a possible peace-keeping operation modeled along the lines described in paragraphs 18 to 25 of the Secretary-General's report, namely to create secure areas within large camp sites, providing safe conditions for the refugees in those areas. The Council requests the Secretary-General to provide a detailed description of the objectives, rules of engagement and costs of such an operation as soon as possible. The Council further requests the Secretary-General to continue to explore as appropriate all possible means of addressing the problems in the camps. The Council will be giving further urgent consideration to this question in the light of the additional information it receives from the Secretary-General

The Security Council encourages the Secretary-General to assess the taking, on an interim basis, of initial measures aimed at providing immediate assistance to the Zairian security forces in protecting humanitarian operations in the camps, including the possibility of deploying security experts, from member Governments or through contract arrangements, to train and monitor the local security forces. The Council also requests the Secretary-General to consider what steps need to be taken to address the question of security in the refugee camps in Tanzania and Burundi. However, the Council is concerned that the use of local security forces without international involvement may not prove to be an effective approach to the security problems in the camps.

The Security Council recognizes that, in the wake of the events that have overtaken Rwanda, the Government needs immediate and major financial assistance, particularly in the establishment of security conditions inside the country, the maintenance of law and order, the administration of justice, economic and social rehabilitation and national reconciliation for all Rwandese.

The Security Council notes the deployment of 60 human rights officers in the country and the steps taken by UNAMIR to promote the re-establishment of civil administration throughout the country and looks forward to full deployment. The Council also welcomes the fact that procedures are being instituted, with the cooperation of the Government of Rwanda, to make operational the International Tribunal for Rwanda established in resolution 955 (1994).

The Security Council reminds States that in accordance with resolution 925 (1994), the Secretary-General has established a trust fund which could serve as a useful conduit for contributions to meet the immediate needs of the Government of Rwanda. It calls upon the international commun[illegible]

resources needed for the Rwanda Emergency Normalization Plan, the forthcoming UNDP-sponsored round-table meeting and the consolidated inter-agency appeal.

The Security Council welcomes the Secretary-General's intention to work with the Organization of African Unity (OAU) to address the wider problems of the subregion.

The Security Council notes that preparations are under way for the convening in Bujumbura in the near future of a regional conference on assistance to refugees, returnees and displaced persons in the Great Lakes region, sponsored by the OAU and endorsed by the General Assembly in resolution 49/7. It also notes the Secretary-General's view that the United Nations and OAU should jointly convene at a later stage a broader conference to address a range of political and other issues, including national reconciliation, in order to identify long-term solutions to ensure peace, security and development in the subregion. Given the urgent need to take forward the political process as part of an overall strategy, including action on security in the camps and conditions inside Rwanda, the Council requests the Secretary-General to consider how preparations for this conference can be accelerated

The Security Council will remain seized of the matter.
