Title

United Nations War Crimes Commission (UNWCC) (1943-1948)

Active Dates

1901-1961

Administrative History

The United Nations War Crimes Commission was established on 20 October 1943, by a meeting of Government representatives of seventeen of the Allied Nations, including all of the major powers except the USSR at the Foreign Office in London. The first official meeting was held on 11 January 1944, and the Commission continued its work actively until the end of March 1948.

The Commission was primarily a fact-finding body of formulating and implementing general measures necessary to ensure the detection, apprehension, trial and punishment of persons accused of war crimes. It also performed valuable advisory functions in connection with the development of principles of international law and planning for international tribunals. Its terms of reference were as follows:

- (i) To collect, investigate and record evidence of war crimes, identifying where possible the individuals responsible.
- (ii) To report to the Governments concerned cases where the material available appeared to disclose a prima facie case
- (iii) To act as a Committee of Legal Experts charged with advising the Governments concerned upon matters of a technical nature, such as the sort of tribunals to be employed in the trial of war criminals, the law to be applied, the procedure to be adopted and the rules of evidence to be followed.

Scope and Content

The records of the War Crimes Commission in the United Nations Archives consist of: minutes, documents and reports of the Commission and its Committees, the Research Office, the Far Eastern and Pacific Sub-Commission; further there are periodical lists of War Criminals, Suspects, Witnesses (including approximately 37,000 names) and related material of the main Commission and of the Far Eastern and Pacific Sub-Commission; documented is also some correspondence, mainly with various National Offices.

The original series (S-0601) contain paper records and microfilm originals. As of July 2005 boxes 12, 27, 28, 29 and 30 are not on the shelves, i.e., they have probably been moved, or are missing. Microfilm originals are in boxes 10 and 11 (and according to Karyono Sugiarto, box 12 also contained original microfilm reels). No further description is available for the records in these boxes.

The contents of the microfilm (which correspond to originals held in secure off-site storage) are described in a published inventory and a later more complete inventory (which includes corresponding microfilm numbers). The microfilms are in boxes S-1848-0053 and S-1848-0054. Microfilms UNWCC/NDX/4, UNWCC/NDX/5, UNWCC/32 are missing from this set of microfilms.

Both FF and LIC Reading Rooms have 2 copies of the detailed finding aid.

Access conditions: By application to the Secretary-General. Access decision by the Office of Legal Affairs. Permission is communicated by the Assistant Secretary-General to whom the Archives and Records Management Section reports.

Scope and Content

This series has been renumbered to (S-1848).

The original series (S-0601) contain paper records and microfilm originals. As of July 2005 boxes 12, 27, 28, 29 and 30 are not on the shelves, i.e., they have probably been moved, or are missing. Microfilm originals are in boxes 10 and 11 (and according to Karyono Sugiarto, box 12 also contained original microfilm reels). No further description is available for the records in these boxes.

The contents of the microfilm (which correspond to originals held in secure off-site storage) are described in a published inventory and a later more complete inventory (which includes corresponding microfilm numbers). Both FF and LIC Reading Rooms have 2 copies of the detailed finding aid.

Access conditions: By application to the Secretary-General. Access decision by the Office of Legal Affairs. Permission is communicated by the Assistant Secretary-General to whom the Archives and Records Management Section reports.

S-1804 Records of the War Crimes Commission / Series no longer in use, see notes 1943-1949

Scope and Content

The records of the War Crimes Commission in the United Nations Archives consist of: minutes, documents and reports of the Commission and its Committees, the Research Office, the Far Eastern and Pacific Sub-Commission; further there are periodical lists of War Criminals, Suspects, Witnesses (including approximately 37,000 names) and related material of the main Commission and of the Far Eastern and Pacific Sub-Commission; documented is also some correspondence, mainly with various National Offices.

The more voluminous part of the documentation of the War Crimes Commission are records submitted by Member Governments, other National Authorities and Military Tribunals: some 8,000 charge files and related material; periodical lists of about 37,000 War Criminals, Security Suspects and Witnesses; reports of National Military Tribunals; transcripts of proceedings and documents of the International Military Tribunal for the Far East.

Finding aids in the form of indexes are part of the above enumerated records.

Files and boxes under this series were re-processed into various series under Sub-fonds AG-042-001, AG-042-002 and AG-042-003. TRIM box numbers (starting with S-1804-) as well as previous file numbers were maintained however. So although this Series is no longer in use per se, the box numbers now under other Series still use "S-1804."
