Dear Friend of the Stanley Foundation:

(L23)

not received

Several weeks ago we sent you a project report, *Levant Security*. We hope you find the content informative and constructive.

On the cover of the report we listed two organizations with whom the Stanley Foundation collaborated during parts of the project—The Center for American Progress and Chatham House. These organizations were very helpful in organizing two of the meetings that were part of the project, but the report from the project is strictly a Stanley Foundation product.

On the inside cover of the report, we wrote that "...collaborating organizations neither reviewed nor approved the content of this report." We reiterate that information here so as to mitigate the potential for confusion. *Levant Security* is a Stanley Foundation report, not a Center for American Progress or Chatham House report.

Thank you for your continued interest in the Stanley Foundation.

Sincerely,

Jeffrey G. Martin
