REPATR.

28 August 1964.

To: Mr. R. Sondaz, ITU Expert  
From: Gabriel Tedros, Chief ITU Mission  
Subject: Repatriation your family

This is in reference to your letter of August 25th regarding the repatriation of your family.

I have studied your letter with extreme care and have brought it to the attention of the Deputy Resident Representative concerned.

Your difficult situation is quite clear and is certainly one which is regrettable. Such situation however were not unforeseen when the decision was taken.

Unfortunately the steps taken by the United Nations appear to be the most logical precautions possible under the present circumstances. I am sure that if you really examine the possible ways the present situation might develop in the very near future you will come to the same conclusion as ourselves that because of the large number of persons concerned these steps should be taken. No doubt if the number of dependants was twenty or so a different solution might have been reached.

With regard to exceptions I am assured that very few exception have been made and these have been based on authenticated medical grounds or on the local employment of the wives.

In most of the latter cases the exceptions are actually only postponements of repatriation to enable the persons concerned to be replaced. Please rest assured that these repatriation instructions are intended to cover all staff and as you know I am affected as much as you.

./.

Your proposal to keep your family here at your own risk is of course not acceptable to the UN because the UN would never deny responsibility for your dependants if they happen to be in the assignment area and were in danger.

It is sincerely hoped that the situation will not develop into one which would prove the UN action to have been correct. However the strong possibility of such development following events in other parts of the country would be sufficient grounds for taking drastic precaution.

I trust that this letter and our conversation of yesterday will encourage you to proceed with the repatriation of your family as previously planned in the full knowledge that it is in their best interests.

In order that the Resident Representative of TAB here in Leopoldville and the Secretary General of ITU in Geneva have a complete picture of the serious inconveniences and expense that the UN experts are experiencing in this situation I am forwarding them copies of your letter together with my general report on the repatriation situation.

cc. Mr. Osorio-Tafall, Resident Representative TAB

cc. Mr. Gross, General Secretary ITU

Léopoldville, le 25 août 1964

To: Monsieur G. Tedros, Chef de la Mission UIT  
From: M. R. Sondaz, Expert UIT  
Subject: Repatriement Famille

J'ai été avisé par vos soins d'avoir à prendre mes dispositions en vue du repatriement anticipé de ma famille dans le cadre d'une décision de principe prise à ce sujet par le Représentant de l'ONU au Congo.

Bien que cette mesure brutale et autoritaire m'ait placé dans une situation particulièrement difficile, je considérais comme de mon devoir de m'incliner devant une décision qui devait s'appliquer à tous sans distinction et sans qu'il soit tenu compte de considérations particulières.

Ce caractère général ne semblant pas intégralement respecté et certaines exceptions paraissant devoir être admises, je me permets aujourd'hui de vous exposer mon cas personnel en vous demandant de bien vouloir intervenir en ma faveur auprès des autorités qualifiées dont vous avez été le porte-paroles.

Avant d'accepter de venir au Congo pour m'occuper de l'Ecole Nationale des Télécommunications, il avait été implicitement entendu avec votre prédécesseur, Monsieur Quijano-Caballero que cette mission d'assistance technique devait en principe avoir une certaine durée et que je pouvais

en conséquence prendre des dispositions appropriées tant pour moi que pour ma famille.

J'ai donc personnellement démissionné de l'activité privée que j'exerçais à Paris tandis que ma famille liquidait au moment de me rejoindre, il y a mois de deux mois, toutes nos installations matérielles.

Ma femme va maintenant se retrouver brutalement seule en France, où elle n'a pratiquement plus de famille directe, au seuil de l'hiver, sans logement et sans qu'aucune disposition ait pu être prise en temps utile pour l'instruction de mes quatre enfants, avec toutes les conséquences matérielles et morales que cela peut comporter.

Il ne serait par ailleurs pas raisonnable pour moi d'envisager mon retour immédiat, qui sur le plan familial serait pourtant souhaitable, car aux charges supplémentaires que j'aurais à supporter, s'ajouterait la difficulté, presque insurmontable à mon âge, de retrouver rapidement une situation.

En raison du grave préjudice que me causerait le départ contraint et forcé de ma famille, je demande donc que mon cas soit considéré avec bienveillance et que la mesure de rapatriement prévue soit, sinon annulée, du moins reportée.

J'ajoute que l'Ambassade de France n'ayant jusqu'à ce jour formulé aucune recommandation particulière à l'intention de ses ressortissants je suis prêt à prendre à mon compte tous les risques que peut entraîner le maintien de ma famille à Léopoldville, étant bien entendu que l'ONU se trouverait alors dégagée de toute responsabilité à ce sujet.

Je crois enfin devoir vous signaler que, dans l'attente d'une réponse que j'ose espérer favorable, je me propose de surseoir aux formalités de départ.

V. MISCELLANEOUS8. Personal Mail - Experts

In recent weeks a great deal of personal mail from experts in the Congo to European destinations has gone astray and many letters from European countries have not been received here. In current circumstances it is even more important than usual that personal mail should come quickly and surely, and we are therefore making arrangements for such mail to go via the UN pouch between Leopoldville and Geneva.

9. Evacuation of experts and dependents and materials from the field stations - period 22 - 28 August 1964

The UN aircraft, both the C-46 and the two Otters, continued during the above mentioned period to operate mainly for the evacuation of experts and dependents to Leopoldville and to Rwanda and Burundi. The U.S. Air Force has also offered to assist us in this operation, and we have made use of this offer. In addition to the evacuation of persons, surplus materials have been brought in from Bukavu, Coquilhatville and Luluabourg.

.../.

V. MISCELLANEOUS (cont'd)

9. Evacuation of experts, dependents and materials from the field stations (cont'd)

..... Attached are two lists of evacuees who arrived in Leopoldville on 21, 22 and 26 August 1964 respectively from Bukavu and Coquilhatville. Evacuation of all dependents from Bukavu, Coquilhatville and Luluabourg has been completed with the exception of three persons, two in Bakwanga and one in Coquilhatville. The latter are also expected to depart in the near future. In addition, all non-essential experts have been evacuated from the same above-mentioned regions.

The evacuation of surplus materials from Coquilhatville has been completed with the exception of vehicles, the remainder of which will be shipped to Leopoldville during the course of next week. The bulk of the excess stores in Luluabourg has also been shipped to Leopoldville and these transfers will continue next week. We have today started the evacuation of surplus materials from Elisabethville by the use of the C-46 aircraft.

..... With reference to our A.R. No. 6, item 11, attached is a statement indicating the evacuation of experts and dependents from the former Kivu province to Rwanda, Burundi and Uganda. In addition, please find attached a statistical table showing the number of experts, UNESCO teachers and Nigeria Police as of 1 April and 27 August 1964 respectively, for your information.

Our Otter aircraft which was stationed in Luluabourg has been flown today to Bukavu and will continue tomorrow to Bunia, in the North-Eastern part of the Congo, for evacuating foreigners from the region. This move has been made after an urgent request was received from the U.S. Embassy.

In addition, our Otter No. 308, which was previously stationed in Bukavu, has been moved during the course of this week to Elisabethville in order to assist in the Baudouinville relief operation. In view of the evacuation of the staff and experts from Bukavu the stationing of the Otter in that area is no longer necessary.

1. Previous exercises which I did on this problem were related to the fact that dependents were present in the Congo. The departure of dependents out-dates the scheme.
2. However, it is necessary to introduce a system of classifications which will reflect the Staff member's usefulness in a stay-behind group as opposed to his usefulness in the day-to-day operations of a peaceful and purposeful TAB.

SUBJECT: Repatriation of UN dependents

Reverting to the conversation held on Monday 24 August, concerning the repatriation of the dependents of ICAO personnel, I wish to confirm that ICAO will have completed evacuation of all dependents from the Congo by September 2, 1964, with the following exceptions.

Mrs. Edvige Ferraris could not be evacuated from Stanleyville. According to a telex message dated 14 August and a SSB bilateral communication with Stanleyville airport dated 22 August, Mr. and Mrs. Ferraris are still in Stanleyville.

Mrs. Simone Fournier and four children - evacuation postponed until 15 September due to special difficulties. We enclose medical certificate issued to Mrs. Fournier stating that she would not be able to travel for a period of three weeks starting 24 August 1964.

Mrs. Juana Maria Coll - her evacuation has also been postponed until 15 September due to personal difficulties.

All other experts' dependents will have left the Congo before the end of August with the exception of Mr. Huang's family who, due to difficulties in obtaining airline reservations from Elizabethville prior to end August, will depart on 2 September 1964.

Our Ref. : 000/184/CL

Leo, 24 August 1964

CONFIDENTIAL

TO: E. M. Cacouris, Administrative Officer  
FROM: Dr Ch. Condoradelis, M.I.R. Clinic  
SUBJECT: Wife of Mr J.M. Baijens, UNESCO Expert.

Ref. Your memorandum of August 21, 1964.

On August 22, 1964, the wife of Mr J.M. Baijens reported to the Clinic for a medical examination. As she approached my office, I noticed that her gait was hesitant and her hands had tremors. She gave the following statement.

" My present condition first occurred in Indonesia during the second World War. At that time I was placed in a concentration camp separate from my husband and children. I was then 33 years old.

I went to Holland after the war but was required to go to Indonesia back again, because of my husband's work. There I was forced to experience the horrors of another war and my condition worsed.

Since this period, every time I have had to be separate from my husband, I have developed the same condition. I feel extremely anxious, my arms and hands tremble, I am unable to work and do not want to live.

My husband says he experiences the same anxiety.

My children are now married so only when I am with my husband do I feel happy. "

I asked the patient what the diagnosis of Dr Bieger had been when he declared that she must be accompanied by another woman on her trip to the Congo. She replied that she wasn't sure but the Doctor had insisted that the only way to be free of her condition was to remain with her husband. Incidentally, the woman who accompanied her, works for the UN in the Congo.

The medical examination revealed the following :

- 1) Blood pressure Mx 185 mm Mn 95 mm
- 2) Pulse rate 80 per minute
- 3) Nervous system
  - a) Hot flashes
  - b) Anaesthetic skin areas on legs, and numbness of toes.

24 August 1964

CONFIDENTIAL

c) Babinsky and Romberg : Negative

d) Tremor of both hands and slightly of the body. This tremor ~~can~~ not typically classified as senile or perkinsonian.

The patient is in menopause.

CONCLUSION

- 1) The neuropsychic condition is not simulated.
- 2) There is no doubt but that this condition will be aggravated if the patient is separated from her husband.
- 3) I predict no appreciable or serious organic consequences will result from forced separation.
- 4) There is a possibility that the condition of anxiety will be aggravated to such an extent that unforeseen mental disturbances will occur. To determine this, a more extensive psychoanalytic investigation performed by a qualified psychiatrist would be necessary.

Objet: Situation de M. Mortakis à Bujumbura.-

1. Ci-joint copie d'un câble reçu le 21 courant de M. Mortakis, président du tribunal de première instance de Bukavu, m'informant de sa présence à Bujumbura, suite, dit-il, à l'évacuation de Bukavu.
2. Il y a environ dix jours, j'ai été informé du départ de ce magistrat pour le Burundi, sans autorisation ni du Gouvernement ni de l'ONU. M. Mortakis avait ainsi abandonné son poste.
3. L'évacuation des experts de Bukavu a été effectuée le 19 août au soir et tous les évacués sont arrivés à Léopoldville le 20 à 1330hrs via le Rwanda, sauf le juge Mortakis qui se trouvait depuis des jours à Bujumbura.
4. Il est certain que le magistrat n'a pas été évacué à Bujumbura, contrairement à sa déclaration, mais qu'il était parti de son propre chef, des jours avant les derniers événements de Bukavu.
5. On estime que, dans ces conditions, l'ONU n'est pas obligée de payer le rapatriement de M. Mortakis qui, s'il le désire, peut regagner Léopoldville à ses propres frais.
6. J'apprécierais votre décision à ce sujet.

Evacuation of ICAO experts

1. Mr. Miranda-Correa has explained today the rather special personal difficulties in which the two ICAO experts, Messrs. Pournier and Coll, find themselves. I have agreed that we shall not take any decision on the evacuation of the dependents of these two experts for the time being but shall review the question again on approximately 15 September.

Dear Mr. Sjöblom,

This is to acknowledge receipt of your memorandum of 18 August in which you asked permission for your wife and son to be permitted to stay in the Congo at this time.

In view of the fact that your wife has been teaching at the Athénée since April last and that she has been given a contract by the Ministry of Education for the 1964/65 academic year, I have decided to accede to your request and your wife and child are hereby authorized to remain in the Congo for the time being.

To the Resident Representative  
of the UNO at Léopoldville

Referring to the decision of repatriating all dependants of  
UN personnel, I ask you to give my wife and my son your permission  
to stay in the Congo.

My wife and my son came to the Congo on July 15th 1964 in capacity  
of dependants. Since then my wife has been engaged by the Ministry  
of Education of the Congolese Government as professor at one of the  
high-schools (Athenée) of Léopoldville. She has got a contract  
for the school-year of 1964-1965. Confirmation of this contract  
can be obtained by Mr Neimann or Mr Kremper of the UNESCO; working  
at the Ministry of Education (Bâtiment Administratif).

V. MISCELLANEOUS8. Personal Mail - Experts

In recent weeks a great deal of personal mail from experts in the Congo to European destinations has gone astray and many letters from European countries have not been received here. In current circumstances it is even more important than usual that personal mail should come quickly and surely, and we are therefore making arrangements for such mail to go via the UN pouch between Leopoldville and Geneva.

9. Evacuation of experts and dependents and materials from the field stations - period 22 - 28 August 1964

The UN aircraft, both the C-46 and the two Otters, continued during the above mentioned period to operate mainly for the evacuation of experts and dependents to Leopoldville and to Rwanda and Burundi. The U.S. Air Force has also offered to assist us in this operation, and we have made use of this offer. In addition to the evacuation of persons, surplus materials have been brought in from Bukavu, Coquilhatville and Luluabourg.

.../.

V. MISCELLANEOUS (cont'd)

9. Evacuation of experts, dependents and materials from the field stations (cont'd)

..... Attached are two lists of evacuees who arrived in Leopoldville on 21, 22 and 26 August 1964 respectively from Bukavu and Coquilhatville. Evacuation of all dependents from Bukavu, Coquilhatville and Luluabourg has been completed with the exception of three persons, two in Bakwanga and one in Coquilhatville. The latter are also expected to depart in the near future. In addition, all non-essential experts have been evacuated from the same above-mentioned regions.

The evacuation of surplus materials from Coquilhatville has been completed with the exception of vehicles, the remainder of which will be shipped to Leopoldville during the course of next week. The bulk of the excess stores in Luluabourg has also been shipped to Leopoldville and these transfers will continue next week. We have today started the evacuation of surplus materials from Elisabethville by the use of the C-46 aircraft.

..... With reference to our A.R. No. 6, item 11, attached is a statement indicating the evacuation of experts and dependents from the former Kivu province to Rwanda, Burundi and Uganda. In addition, please find attached a statistical table showing the number of experts, UNESCO teachers and Nigeria Police as of 1 April and 27 August 1964 respectively, for your information.

Our Otter aircraft which was stationed in Luluabourg has been flown today to Bukavu and will continue tomorrow to Bunia, in the North-Eastern part of the Congo, for evacuating foreigners from the region. This move has been made after an urgent request was received from the U.S. Embassy.

In addition, our Otter No. 308, which was previously stationed in Bukavu, has been moved during the course of this week to Elisabethville in order to assist in the Baudouinville relief operation. In view of the evacuation of the staff and experts from Bukavu the stationing of the Otter in that area is no longer necessary.

21/8/64III. MISCELLANEOUS (cont'd)11. Evacuation of experts, staff and dependents from our field offices

..... Attached are three lists of evacuees from our field offices, Bukavu and Coquilhatville for the period 13 - 20 August 1964. The persons indicated have been evacuated to Leopoldville therefore the lists do not include names of evacuees from the former Kivu province to Rwanda and Burundi. As of today a number of experts are currently in Shangugu, which is on the Rwanda side of the Congo border adjacent to Bukavu, ready for evacuation.

12. Plans for evacuation of materials and equipment

A quantity of PX materials, motor transport spare parts, office equipment and supplies, etc., is expected to arrive in Leopoldville from Bukavu today on board a U.S. Air Force plane. In accordance with information received from Mr. Kunitzberger almost all of the U.N. property in Bukavu has been evacuated to either Shangugu or Kamembwe Airport, which is also on the Rwanda side. This material will be evacuated as soon as transportation is arranged. We have no specific information regarding the vehicles in the area but we will keep you informed as soon as we obtain this information.

In regard to the other regions, we are planning to utilize the C-46 aircraft for the transportation to Leopoldville of PX stores, motor transport spare parts, office equipment, etc. that may be in excess of current requirements in the following order of priority: Luluabourg, Coquilhatville, Elisabethville. As a matter of fact, a planeload of PX supplies will be airlifted from Luluabourg tomorrow, and others will follow.

..... In the above connection, I attach herewith a copy of memorandum from the Chief Transport Officer to the field offices regarding disposal instructions for UN vehicles in case of evacuation.

SUBJECT: Return to Congo of Mr. Vieux's children  
attached memo of 13 August 1964

Mr. Vieux, Public Administration, is going on home leave with Mrs. Vieux and his two children. Mrs. Vieux is a teacher at Lovanium, not associated with the United Nations programme, and will return. The two children will necessarily have to return since Mr. Vieux has no place to leave them outside of the Congo. He will also return to the Congo with a third child who has been staying in Haiti.

He recognizes the responsibility that he undertakes in making this decision. However, he is willing to assume all risk.

Accordingly, I should be grateful if you would authorize a return ticket for his three children.

Departure of Mrs. J. Wood

This is to confirm the verbal approach made by Mr. Helliman, Director of the Credit Congolais to Mr. J. Brooks, Deputy Resident Representative requesting that the departure of my wife be delayed.

As you are no doubt aware, the Credit Congolais will shortly be taking over many of the functions normally performed by the UN Finance Office. In order to perform these functions on behalf of the UN the Credit Congolais is relying upon the services of certain key members of its personnel, amongst whom is my wife. The Manager of the Credit Congolais has pointed out that for all practical purposes my wife might be considered as within the category of wives working for the UN, who are permitted to remain in Leopoldville.

The purpose of this letter is to inaugurate the demand, through normal administrative channels, for permission for my wife to remain temporarily in Leopoldville until the Credit Congolais are in a position to make adequate arrangements for a replacement. Accordingly, I would be much obliged if you could forward this request to the appropriate authority for it to be considered in conjunction with the parallel request from the Credit Congolais.

To: Dr Bellerive, Chief of Mission, W.H.O.  
From: Joost Kuitenbrouwer, Acting Senior Social Affairs Adviser  
Subject: Dependents of Mr. Virgile Bertoli, W.H.O. expert

1. Following our telephone conversation of this morning I wish to inform you that after consultation with the experts of our office and after careful consideration of the matter it is felt that the services of Mrs. Bertoli, who is employed as a secretary by our Section, are very much needed and that her departure according to the directives issued in view of the present situation would make it difficult for our experts to continue the work at the Ministry and in the Léopoldville area as scheduled.
2. I would therefore appreciate that in preparing your instructions to the experts of your organization you would bear this in mind so that Mrs. Bertoli be allowed to continue her service.

SUBJECT: Repatriation of Dependents

.... Attached hereto is a list of families for evacuation cover-  
 .... ing personnel in the UNTAB Public Works section. You will note that  
 .... there are six letters attached requesting individual decisions concern-  
 ing dependents. With respect to these, the following are my recommend-  
 ations:

1. Mr. B.K. Huymans - ~~no recommendation~~ Mr. Huymans was employed in Stanleyville as a local employee and is not entitled to transportation either for repatriation or home leave. He was transferred from Stanleyville to Leopoldville. He is not entitled to vacation at UN expense and, therefore, I recommend that his decision to stay in the Congo be accepted.
2. Mr. Fernandez Diego - I recommend that on the basis of his memorandum of 17 August 1964, his wife be permitted to remain. His children, of course, must be evacuated.
3. Mr. A. Juzau - I recommend that on the basis of his memorandum dated 18 August 1964, his wife be permitted to remain.
4. Mr. Robert Rechat - I recommend that on the basis of his memorandum dated 18 August 1964, his wife be permitted to remain.
5. Mr. John B. Saccheri - I recommend that on the basis of his memorandum of 18 August 1964, his wife be permitted to remain. In this case, in the event that the recommendation is not accepted, I recommend that she be permitted to be evacuated to Southern Rhodesia or England rather than the United States.
6. Mr. J.C. Sallier - The same thing applies in this case. The children, of course, must be repatriated.

Par décision du Chef des Affaires Civiles de Luluabourg, le soussigné ainsi que sa femme et ses quatre enfants ont été évacués sur Léopoldville le Jeudi 13 Aout 1964.

A la date du 18 Aout le soussigné s'est rendu au Service des Voyages de l'ONU pour remettre des tickets achetés par l'ONU mais qui n'ont pas été utilisés par ses dépendants; à ce moment il fut informé que la date de voyage de ses dépendants étaient déjà fixée au Jeudi 20 Aout. Le soussigné demande de bien vouloir reconsidérer la date de départ et de la fixer de préférence au Dimanche 30 Aout par la SABENA comme suit:

Léopoldville - Bruxelles  
Bruxelles - Montréal  
Montréal - New-York

Les raisons qui m'obligent à solliciter ce changement sont les suivantes:

- 1 ) J'aurai voulu que toute ma famille voyage ensemble, vu que mon fils Philippe âgé de 14 ans suit des cours à Montréal, il serait facile pour ma femme de le remettre à son correspondant au Canada qui serait avisé à l'avance de la date de son arrivée pour l'accueillir à l'aéroport.
- 2 ) Mes trois autres enfants devant se rendre en Haiti pour leurs études continueraient par le même avion pour New-York ou mon épouse pourrait les embarquer à destination de Port-au-Prince ( Haiti )
- 3 ) Mon épouse à cause du climat politique actuel ne tient pas à regagner son pays d'origine Haiti, elle tient à rester à New-York.
- 4 ) Avec l'absence de New-York de ma soeur en voyage de congé, je ne puis compter que sur le concours d'un collègue de l'ONU Mr. Pierre Mathurin qui lui ne sera à New-York que le 28 Aout pour recevoir ma famille, compte tenu des difficultés du logement avec l'Exposition de New-York.

Tenant compte de ce qui précède je vous saurais gré d'accorder votre attention bienveillante à la présente requête. En vous remerciant, je demeure entièrement à votre disposition pour tous autres renseignements nécessaires.

- (1) Messrs Singh and Bhatia have signified their wish to go on annual leave with their families.
- (2) Mme. Berruex has no domicile outside the Congo. I recommend that in case of extreme urgency she and her children be evacuated to Brazzaville, where they have friends.
- (3) Mme Van der Min is a relative-in-law of one of my experts, dependent on him, but not within the degree of kinship recognised for UN purposes. I recommend however, that she be given UN protection and facilities as far as possible.
- (4) Mr. Yammine and family are at present on leave in South Africa. I informed them on the occasion of my visit to Elisabethville on 12 August that Mme. Yammine and the children would in all probability have to go straight home on their return from leave.

SUBJECT: Return to Congo of Mr. Vieux's children  
attached memo of 13 August 1964

Mr. Vieux, Public Administration, is going on home leave with Mrs. Vieux and his two children. Mrs. Vieux is a teacher at Lovanium, not associated with the United Nations programme, and will return. The two children will necessarily have to return since Mr. Vieux has no place to leave them outside of the Congo. He will also return to the Congo with a third child who has been staying in Haiti.

He recognizes the responsibility that he undertakes in making this decision. However, he is willing to assume all risk.

Accordingly, I should be grateful if you would authorize a return ticket for his three children.

A : Monsieur le Chef des Opérations Civiles  
De : S. Vieux, Conseiller Technique, Administration Publique, B.P.20  
Objet : Congé de détente au foyer.

J'ai l'honneur de solliciter votre intervention à l'effet d'autoriser le voyage de retour au Congo de mes deux enfants, Serge-Henri et Alex, respectivement âgés de 9 et 7 ans, et qui doivent m'accompagner pendant le congé de deux mois que je m'apprête à prendre dans mon Pays, à partir du 3 Septembre prochain et au terme de 2 années de service au Ministère de la Fonction Publique.

En effet, outre le fait que mon épouse réside à Léopoldville et travaille en qualité de chargé de cours à l'Université Lovanium, de nombreuses et impérieuses raisons m'empêchent d'envisager de laisser mes enfants à Port-au-Prince.

Pour les mêmes raisons d'ailleurs, je vous serais profondément reconnaissant que mon troisième fils, Patrice, âgé de 2 ans et qui, compte tenu de son jeune âge, avait dû être laissé jusqu'ici en Haïti, soit également autorisé à m'accompagner lors du voyage de retour au Congo.

Je vous en remercie d'avance et vous prie de croire, Monsieur le Chef des Opérations Civiles, à l'expression renouvelée de mon entier dévouement.

SUBJECT: Repatriation UN Dependants

1. Information

After consultation with the Heads of Agencies and Senior Consultants, the Resident Representative TAB Congo exchanged cables with the Office of the Secretary-General, with the result that it has been decided to repatriate all dependants of the Staff members serving in the Congo.

The previous invitation to Agencies, etc., to do what they considered advisable in the circumstances has been replaced by a directive to the effect that repatriation of dependants will take place.

In principle, dependants are to be transported to their home countries, but there will be some exceptions to this rule. In any event, if an expert or dependants wish that the dependants should go elsewhere than to the home country, the decision on the destination should be taken by the Chief of Mission in consultation with his agency headquarters, and communicated to the TAB Office of Personnel.

In all cases the formal authority for travel, on whatever basis, will be given only by:

- (a) the Resident Representative for dependants of TAB headquarters and TAB Field Office staff (action - Mr. Saunders);
- (b) the Resident Representative, in his capacity as UN Chief of Mission, for dependants of TAB headquarters programme staff and UN/BTAO experts (action - Mr. Brooks);
- (c) The CAO, for dependants of all ONUC staff;
- (d) the appropriate agency Chief of Mission for the dependants of an Expert of a specialized agency.

/...

## 2. Intention

The Office of General Services, together with the Office of Personnel will arrange forthwith the repatriation of dependants from the Congo, utilizing any or all of the normal commercial airline facilities. The repatriation should be completed by the end of August 1964.

## 3. Organization

- (a) Priorities -- the repatriation will take place according to the following priorities:

- (i) Dependants who are now in emergency transit accommodation in Leopoldville and who have already been evacuated from their duty station;
- (ii) Dependants who are now in Field Stations;
- (iii) Dependants in Leopoldville.

- (b) Documentation -- Heads of Agencies, Senior Consultants and Section Chief will submit to the Chief Personnel a list containing the following information:

- (i) Name of dependant to be repatriated;
- (ii) Names and ages of children to be repatriated;
- (iii) Destination (i.e. country and city);
- (iv) Priority rating as per para. 3 (a) (i, ii, iii) above;
- (v) Visa requirement;
- (vi) Agency or Section;
- (vii) Air travel documents valid.

Dependants of Staff members not entitled to travel at UN expense (i.e. mothers-in-law, childrens' nurses, companions, etc. ) should be shown separately and it should be stated whether or not they are in possession of return tickets.

The Chief Personnel will submit the standard travel authorization after verification direct to Chief Travel Officer, in the normal way for the production of the PT8. The statement shown on the travel authorization permitting deviation from the direct route will be deleted.

- (c) Departure Organization -- the departure from transit accommodation for priority group (i) will be co-ordinated by the Chief Accommodation Officer TAB (Mr. E. Alexandrou) who will set up an office for this purpose in the Lesse Building.

The arrivals and departures from the airport will be co-ordinated by Mr. D. Baker, Mr. D. Amyzial and a representative of the Chief of Personnel.

- (d) The list of dependants in priority group (i) (see para.3) together with the air tickets will be sent by Mr. G. Favre, Chief Travel Officer, to Mr. Alexandrou's office at the Lesse Building (tel. 174)

/...

24 hours in advance of the departure time. Mr. Alexandrou will ensure that dependants involved are notified as early as possible, and are handed their tickets, for which he will obtain a receipt.

- (e) Dependants in priority group (ii) will be authorized to move out of the Congo, without staging through Leopoldville, where this is feasible by the Deputy Resident Representative (Administration) in consultation with Heads of Agencies.
- (f) Dependants in priority group (iii), Leopoldville, will obtain their tickets, through the head of family, in the normal way

#### 4. General

##### (a) Transport

The transport requirements will be notified daily to Mr. D. Kitsonidis (tel. 288) by Mr. Alexandrou. Volkswagen minibuses will be preferable to large buses. Small groups will be more easily handled at airport reception.

##### (b) Baggage

The permissible weight of baggage will be in accordance with normal entitlement. New York is being asked to authorize conversion of entitlement of surface shipment into airfreight at equivalent cost. This is being done in view of the large number of children involved and the urgency of the repatriation. The conversion facilities will be optional.

##### (c) Baggage unaccompanied

Dependants in priority group (i) will arrange for their sea shipments to be collected by the Accommodation (tel. 174) and handed to the Travel Office (Mr. J. Lubin, tel. 125) for onward shipment through normal channels. Baggage for shipment by sea will be accompanied by an inventory list. Normal insurance arrangements will apply. Dutiable items i.e. carved wood and ivory must be accompanied by the appropriate customs documents (see Annex B).

##### (d) Finance

Dependants in priority group (i) will contact the Finance Section for necessary currency sufficient for their travel needs according to the rules already established.

##### (e) Medical

Heads of Agencies, Senior Consultants, and Section Chiefs will ensure that all health documents are valid. Vaccination against smallpox must have been completed within the last 12 months. Innoculation against yellow fever is valid for 6 years from date of injection. Vaccination and inoculations will be given daily at the MI Room, Tel. 149.

/...

(f) Proformae

Recommended proformae for submission to Chief Personnel is shown as an Annex to this instruction as is the instruction for sea shipment of dutiable goods.

INSTRUCTIONS TO STAFF MEMBERS REGARDING  
SHIPMENT OF UNACCOMPANIED BAGGAGE

I. SHIPMENT OF UNACCOMPANIED BAGGAGE (i) TO the Congo  
(ii) FROM the Congo (iii) WITHIN the Congo while on transfer

1. In accordance with the Staff Rules (ONUC or Specialized Agencies) under which a staff member falls he and his dependents are entitled to ship unaccompanied baggage up to a specified limit of weight while on appointment, separation, transfer from one Mission area to another, or transfer within the Congo.

2. The unaccompanied shipments authorized under the Staff Rules are covered by ONUC's self-insurance up to the limit of

- \$1,500 for the staff member
- \$3,000 for a staff member and dependents

providing the staff member furnishes the Organization, prior to shipment with six copies of the inventory of all articles, including containers such as suitcases, trunks, etc..., and the replacement value in United States dollars of each article in the shipments.

When items such as expensive paintings, rare editions and similar objects are included, the staff member should, prior to shipment, be in possession of a reliable appraisal slip in order to prove that the inventory value is as stated.

No shipment of currency will be insured.

3. In case of loss and/or damage during shipment, ONUC is responsible to the staff member for goods valued up to the limit set forth under 2.

4. If the total value of the shipment exceeds the limit set forth under 2, the staff member should indicate in writing if he requires additional insurance coverage to be arranged at his own expense. Example: if the goods are worth \$4,000 and ONUC is insuring for \$3,000, the extra coverage to be requested in writing would be for \$1,000.

In the specific case where extra coverage at the staff member's own expense is requested he is required to have separate containers with separate itemized inventories for items insured by ONUC and those privately insured. Example: Container "A" insured by Underwriters and Container "B" insured by ONUC.

When loss and/or damage occurs to the shipment insured at the staff member's own expense, the responsibility of claiming against Underwriters rests entirely with the staff member.

## II. SHIPMENT OF UNACCOMPANIED BAGGAGE WITHIN THE CONGO WHILE ON A DUTY TRIP

If for one reason or another the staff member has been authorized to ship unaccompanied personal effects while on a duty trip within the Congo, the staff member's attention is drawn to the fact that no such shipment should be delivered to Movement Control for airlift or surface movement unless an itemized inventory with individual prices in US dollars indicating the original cost plus price of container, accompanies the "Request for Transportation".

This kind of shipment is not covered by ONUC's self-insurance. However, in the event of loss or damage, a staff member's claim will be presented to ONUC Claims Board for consideration.

## III. SHIPMENT OF UNACCOMPANIED BAGGAGE ON HOME LEAVE TRAVEL

No insurance coverage will be provided by ONUC for unaccompanied shipments of staff travelling on home leave. Insurance, if desired, should be arranged by the staff member himself, at his own expense. Full details can be obtained from Messrs Van Goethem and Co, Assureurs Conseils, B.P. 1960, Building Kredietbank (3rd floor) Léopoldville, Tel. 5151.

## IV. PROCEDURE TO BE FOLLOWED FOR PRESENTATION OF A SHIPPING CLAIM FOR CONSIDERATION BY ONUC

In cases of loss and/or damage to your unaccompanied personal effects during shipment, the following documents must be submitted to the ONUC Staff Claims Board:

1. Bill of Lading if shipped by sea; Airwaybill or Freight Manifest if shipped by air.
2. Travel Authorization or Movement Order.
3. Shipping Authorization or Request for Transportation.
4. Itemized inventory as specified under I.2. and/or II. Staff members arriving from Headquarters, New York or Missions where inventories can be established by UN are to forward a copy of the approved inventory. Staff members departing from ONUC must produce a copy of the ONUC established inventory in support of any claim for shipping losses sustained between the Congo and home station and/or next assignment.

5. Survey Report (which should be made within 48 hours after receipt of the baggage). Survey fees should be paid directly by the claimant and the receipted bill should be presented with the claim. In case of duty trips within the Congo the Survey is made by Movement Control or the Field Administrative Officer or representative.
6. List of damaged and/or lost items with estimated cost of repairs and/or price of each article in US dollars.
7. Copy of Claim against the carrier (which should be made within 48 hours after receipt of the luggage). This is not relevant for duty trips within the Congo.

The Companies to be contacted to establish a SURVEY REPORT within the Congo are as follows:

<u>Léopoldville</u>	:	Compagnie Congolaise de Commerce et de Représentation 12, Avenue des Aviateurs B. P. 3063 Léopoldville - Kalina ask for Mr Pierre Pauwels - Tel. 3035
<u>Elisabethville</u>	:	Compagnie Katangaise de Commerce et de Représentation " SIGNAL " 660, Avenue de Kato B. P. 1383 Elisabethville Tel. 2460
<u>Coquilhatville</u>	:	Maison Bogaerts 1, Avenue Grenfell B. P. 282 Coquilhatville Tel. 2247
<u>For other Field Stations</u>	:	A Survey established by Administrative Officer or Movement Control Officer or another UN Official will be taken into consideration.

All the documents mentioned above should be submitted at the same time to the ONUC Staff Claims Board. No claim will be considered unless all these documents are available. It is the staff member's responsibility to obtain the requested documents.
