The United Nations  
East River – New York

Dear Mr. Mun,

I wish you a happy New Year and I congratulate you on your appointment to the office of the Secretary General of the United Nations. I wish you all the success in strengthening the role of the United Nations in creating peace, equality, prosperity and well-being throughout the world. To you personally, I wish you have a long and healthy life.

I am a member of management of the Serbian-Korean Friendship society, where I had an excellent relationship with Ambassador Pak while he was in Belgrade. I am also the President of the "League for the Preservation and Development of Serbian Traditions", which is a non-political and non-profitable organization that is putting all its efforts into preserving the integrity of Serbia. I kindly ask you to join that effort and visit us in Serbia.

*I would like to meet with you in New York.*

Sincerely

Milija Cvetković M.A.
