## PERMANENT MISSION OF THE PEOPLE'S REPUBLIC OF CHINA TO THE UNITED NATIONS

350 East 35th Street, New York, NY 10016

TEL.: (212) 655-6100

H.E. Mr. Ban Ki-moon  
Secretary-General of the United Nations  
The United Nations

May 25, 2012

Excency,

As I mentioned in our recent discussion, it is my pleasure to inform you of the visit of the Honorable Mr. WANG Yanfeng to New York in late June. Mr. WANG Yanfeng is the Founder and President of the China Health & Medical Development Foundation, which was created in 2005 with the aim to help people in rural areas in China improve access to adequate and affordable medical services. He is widely renowned for his fundraising efforts and engagement in advancing the universal healthcare in China through a series of development promotion programs. He was granted in 2008 the "Special Contribution Award" by the Beijing Municipal Government for promoting the "Health Games, Health Beijing" campaign and in 2010 the Philanthropist of the Year Award by The J. Luce Foundation.

With the World Summit on Sustainable Development drawing nearer, Mr. WANG Yanfeng has decided to hold a roundtable luncheon-conference in New York in order to exchange views on health and sustainable development issue with the New York's Diplomatic Community. The event will be at the Penthouse Lounge of the new Dag Hammarskjöld Library building at 1:00-2:45 p.m. on June 26, 2012.

The theme of the luncheon-conference will be "A New Look at the Issue of Health in a Broader Perspective". Health, environment and sustainable development are issues of worldwide concern today. Countries face a myriad of problems relating on the one hand to poverty and on the other hand to large-scale, rapid industrialization, urbanization. These problems are often simultaneously local and global and constitute common concerns for people of both developing and developed countries. It's of crucial importance for the world to have new thinking and approaches to deal with health problems in the context of sustainable development.

I fully support the idea and believe the topic will serve as a common ground on which people with different backgrounds can have a fruitful discussion. I therefore invited about thirty Permanent Representatives and senior UN officials to participate in this event. I myself will preside the discussion and kick off with an introduction. Mr. WANG Yanfeng will give a keynote remark at the podium at the beginning of the event. I would highly appreciate and will be honored if you could join us and make a brief remark at the podium.

I avail myself of this opportunity to renew to Your Excellency the assurances of my highest consideration.

LI Baodong  
Ambassador and Permanent Representative  
of the People's Republic of China to the United Nations
