OPERATION HOPE

* Over the last several weeks, there had been an increase in the number of violent acts such as machete killings, attacks, beatings and threats in and around the Kibeho and Ndago camps of south western Rwanda. Although UNAMIR troops are mandated to protect displaced Rwandans in Camps and that they actively patrol these areas, criminal elements monitor UN movement and rarely commit violent acts in our presence.

* UNAMIR therefore decided to be pro-active and disarm and arrest possible criminals by occupying the camps and by conducting a cordon and search operation from 4:30 a.m. wednesday, Dec 14 to 8:00 a.m. on Dec 15, 1994. UNAMIR confiscated over 1 000 war like weapons of all kind and arrested 43 potential criminals, in a non violent fashion. All suspected criminals were interviewed and registered with relevant humanitarian agencies.

* A total of 1552 United Nations Assistance Mission in Rwanda troops, military observers and support staff participated in operation Hope.

<u>Contributing Contingents</u>		<u>Weapons confiscated</u>	
Ethiopia	302	Machetes	810
Ghana	238	Spears	58
Tunisia	202	Axes	190
French African Contingent	134	Bayonets	4
Zambia	161	7.62 rounds	21
Nigeria	140	Magazines	1
India	95	Swords	5
Australia	50	Knives	214
Canada	36	Harpoon	16
Military Observers	79	Sickles	10
Military Police	37		
HQ Staff	21		

* UNAMIR has reason to believe that some criminals were informed well in advance that this operation was to take place and therefore left the camps prior to our arrival.

* "The operation was successfully completed without any violence. The camps have been cleansed of the intimidatory influence of the extremists", reported the SRSG, Ambassador Shaharyar Khan to UNNY. "

* UNAMIR intends to maintain a presence in those two camps in an attempt to create a climate of confidence and security among the displaced and discourage criminals from returning.
