Dear Sir:

Whereas the High Level Panel adjourned on February 1, 2013 at the Monrovia City Hall and pledged commitment to achieve the Millennium Development Goals, MDGs in the 21st century and further acknowledged the global challenge to fulfill the promises made by World Leaders over a decade ago to end extreme poverty and hunger on Earth.

Now therefore, we the members of the MDGs Working Group in Liberia have set up the United Nations Mission on Post 2015 Agenda to shortlist the people that suffer extreme poverty and hunger and then update the root causes for the attention of your good offices to kindly intervene and provide speedy remedy

Full scale and effective response to extreme poverty and hunger on the planet has resumed. Indicator is urgent Call for MDGs Data and to support this effort, we expect to raise a Multi-Donor Assessment Fund through the Inter-governmental negotiation to set the stage and start a smooth journey to economic transformation in the new development framework.

Relevant to the statement of purpose, we like to introduce to you Expo 21, an Event to host the United Nations Queen Contest to mobilize resources we need to begin basic in-house preparation and the way forward.

Many thanks and God bless you.

Respectfully yours

Sampson Boymah
