Subject : HUMANITARIAN ASSISTANCE PLAN

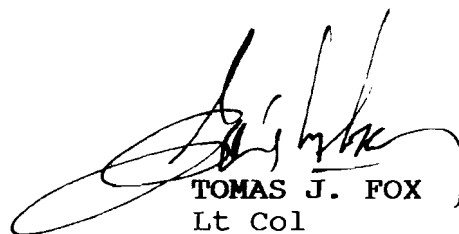

1. The humanitarian assistance plans have been received from the sectors (except sectors 2A, 2B and 5B) for the period up to 31 Dec 95 and are approved. The support of HAC for the tasks will be undertaken depending on the availability of resources and the priority decided. The requests will be put up for consideration in the weekly UHAAG meetings. Unfortunately, the requests of sectors from which the plan has not come till now, despite insistence of HAC will be logically considered with the consequent prejudice in support for the people. We deplore this fault of the sectors for which there can be no understandable reasons, and we are still waiting for the plans.

2. It may be noted that tasks of recurring nature e.g. transportation of food to orphanages every fortnight, will not be undertaken due to limited availability of UNAMIR resources including vehicles. One time requests may be forwarded to HAC for consideration as and when they arise. It should be kept in mind that resources are limited and demands are unlimited, and the prioritisation or rejection of requests is best done at the ground level.

3. A number of requests have in the past been received by HAC for repair of bridges and tracks and which on recce by special engineers teams have been found to be in quite good condition. These tasks were proposed without even a visit by the Sector Humanitarian Officers. You are requested to avoid such requests in future.

4. You may also like to increase the level of coordination with NGOs and other agencies working in your sector and use the resources available with these agencies to provide succour to the people. In case of requirement of liaison with the HQs of any agency at Kigali, the request may be forwarded to HAC.

5. Best regards.

Subject : REPAIR OF BRIDGES

1. A number of requests are being received at HAC for repair of bridges despite the known position of lack of bridging equipment/repair resources with UNAMIR as well as MINITRAPE.

2. You are requested to send in the request only if the items needed for repairs are made available by the prefecture/commune or some other agencies. As a general rule only log bridges may be considered repairable. For repair of log bridges, logs are required for replacing the damaged ones and wooden planks for fixing over the logs. Only if availability of these items can be coordinated, should a request be forwarded to HAC.

3. Best regards.

2. Now that the clearance of the road to the transit camp has been completed we are ready to move on to the next stage of building blendies and laying gravel.
3. Once again we seek the assistance of UNAMIR and would be very grateful if you could provide us with a truck to draw sticks and stones from Mulindi for transportation to the transit camp in Byumba.

HUMANITARIAN BRIEF

INTRODUCTION

1. Sector 2A has been calm and peaceful. The requirement for humanitarian aid had increased recently with the influx of returnees from Zaire (in particular), Tanzania, Uganda and Burundi.
2. Many NGOs continued to provide hum assistance but these are inadequate as more returnees cross the borders almost everyday. It is thus important to emphasise the need to increase hum aid to all the 17 Communes, particularly those that have been most affected by the recent influx of returnees. The Prefect of Byumba in fact called a meeting of all NGOs working within the Prefecture on Wed 27 Sep 95 to ascertain their usefulness and ^{to} properly coordinate their activities.

OWN ACTIVITIES

3. The Sector's activities included the foli:
 - a. Monitoring and reporting on NGOs and UN agencies Humanitarian Activities in all the 17 Communes.
 - b. Monitoring the movements and settlements of returnees and IDPs to instil confidence in them.
 - c. Coordination of UNAMIR assistance in terms of transport to Commune when requested for.

d. Visiting and reporting on people with special needs.

e. Assisting Communes & NGOs with Transport.

GENERAL LIVING CONDITION

4. The areas ~~under~~ identified for the provision of assistance are outlined below:

a. Food. The food being produced ~~within~~ within the Prefecture is inadequate for local consumption. Even though cultivation of the land is going on in ~~add~~ Communes, lack of seeds, the influx of returnees and ~~min~~ landmine incidents are undermining the efforts of the locals. The Mukarange, Buisege, Muramba, Muvumba and Cyumba Communes are most affected by the landmine scare. The Prefecture requires urgent assistance in demining, supply of seeds and food items. HFP and ADRA have carried out supply of food items to various Communes recently but these were inadequate.

b. Water. Water is probably the biggest problem facing all Communes. The locals continue to drink water from dirty dams and ponds. At a Water Meeting of NGOs held on 26 Sep 95 at Nyagatare, the NGOs complained that the suspension of drilling of boreholes by the Rwandese Gov't has aggravated the water problem. It was however reported that 2,000 families in the Muvumba Commune are receiving portable water.

The NGO Oxfam indicated that water pumps have been ordered through UNHCR for the Prefecture and were expected to arrive in Rwanda by ~~now~~ the beginning of Oct 75. KFP also reported that they had completed 50% of their borehole project but the yield was not good as a result of low water table.

c. Health Care. The general ^{medical} situation in the Byumba Prefecture is fairly good. ~~CARITAS, AmREF, WVI, and GOAL have rehabilitated most of the health centres in the Communes and are providing drugs and medical staff for the centres.~~ ^{ICRC} The NGOs that are assisting in health care include CARITAS, Amref, WVI, GOAL, ICRC, AFVP, Melteser, ADRA, ARC and MSF. The prevalent disease ~~in the~~ common to all Communes in the last 3 months have been diarrhoea, dysentery and Malaria. There is a general shortage of ambulance and electricity in most of the health centres. Outbreak of meningitis related disease in the Mukura Commune. 27 dead so far.

d. Housing. In the onset of the rains, the housing problems in the Communes are going to be worse. Most of the returnees have been settled temporary in dilapidated houses. The Communes do not have a well laid down housing policy. B/Masters however intimate that returnees would be granted the right of their properties, especially houses, when they return.

c. Schools. Primary schools in all Communes are open and functioning. They however lack textbooks, teaching aids, furniture, and qualified teachers. The Mukarange primary school was seriously damaged during the war and needs special attention.

PEOPLE WITH SPECIAL NEEDS

5. ORPHANAGE. There are 3 orphanages in this ~~A~~ Prefecture:

a. Gakoni Orphanage in the Murambi Commune is administered by ADRA and has 232 children. It had water problems until 01 Oct 95 when 95 CSMG of UWAMUK installed a larger water pump to provide water to the centre. In June 95, 95 CSMG and the SDA Church donated clothing items to the centre.

b. Ngarama Children's Home is sponsored by Inter SOS and it has 168 children. A Kindergarten and Primary School have been established at this centre for the kids.

c. Urumuli Orphanage in the Kibale Commune is sponsored by WVI and has 84 kids. The ~~centre~~ orphanage has no electricity and an appeal was made to UWAMUK for assistance. When the FC visited this Sector on Wed 27 Sep 95,

he visited the orphanage and promised a generator. Engineers from the Force Engineer Coy have since visited the centre to estimate the material requirements. Hopefully the orphanage would begin to enjoy electrical power soon.

d. It must be noted that ICRC has been very instrumental in uniting children at these orphanages with their families. Consequently the populations of the centres keep fluctuating.

6. RETURNEES. A total of 356 returnees from Zaïre, Tanzania, Uganda and Burundi were recorded in this Prefecture in Sep 95. Some of the returnees arrived through Kagitumba, Buziba and Katuna border posts. The Nyagatare Reception Centre remains open to receive returnees. The present population is 950 but the camp has a capacity of 1,700. There are water and health facilities at the camp. Most of the recent returnees were settled in their original communes. At the NGOs' meeting on 26 Sep 95 at Nyagatare, the UNHCR representative stated that in anticipation of further expulsion of refugees from Zaïre, Burundi and Tanzania, UNHCR was planning to receive 6,000 returnees daily to be settled mainly in the Murambi, Muvumba and Ngarama Communes.

RELATION WITH LOCAL AUTHORITIES

7. The relation remains good. There are both official and social interactions between Milob and the local authorities including ^{the} RPA rank and file.

REQUEST FOR ASSISTANCE FROM UNAMIR

8. The fol request made to UNAMIR were favourably responded to in the last one month:

a. Provision of transport to the Byumba Prefecture to distribute WFP and ADRA foods to ~~the~~ communes.

b. Provision of bulldozer to GOAL Ireland for the site clearance/~~road~~ widening for a new Transit Camp ~~at~~ in Kibale Commune.

c. Provision of transport to GOAL for the collection of sticks and stones for the transit Camp.

d. Transportation of seriously ill persons to health centres by Sector 2A Milob at various times and places

CONCLUSION

9. The general situation in this sector remains calm. The flow of returnees into the AOR has increased in the last month. Returnees are facing food, water,

Seed and housing problems. The various NGOs continue to assist in humanitarian activities but there have been inadequate.

10. The 95 CSMs has installed a ^{water} pump for the Gakeni orphanage and the FC has promised a generator for the Urumuli orphanage.

11. A new transit Camp is under construction at the Kibali Commune

RECOMMENDATION

11. The following are recommended:

- a. Seeds and food items to be provided to returnees.
- b. Demining exercise to be carried out in the affected communes to enable farmers take advantage of the rains.
- c. Provision of portable water to all communes, especially the health centres.
- d. Provision of Electricity to all health centres.
- e. The FC's promise to be carried out quickly for the desired effect.
- f. Returnees should be assisted with building materials to put up modest houses.

1. Following the visit of the Force Commander to the Sector and in particular the Urumuli Orphanage in Kibali Commune an agreement was reached that the Orphanage be assisted with a generator. A team from UNAMIR Electrical Unit was sent to assess the effort required to instal electricity at the Orphanage. Based on the team's assessment the following effort is required as a matter of urgency:

- a. A generator of 15 - 25 KVA capacity.
- b. Electrical work to be done in houses.
- c. Change over of switches.

2. It is in the given circumstances that a request to provide the above is put forward as a promise from higher authorities has already been made.

 - (c) Effort required
 - (1) Widening and gravelling of existing road.
 - (2) Clearing and levelling of the site.
 - (3) Erection of tents/ structures
 - (d) Agency involved GOAL IRELAND contracted by UNHCR

(e) Time Frame Unknown at the moment but depends on the Agencies programme and speed.

(f) Facilities Transit Camp now under construction. Site clearance by UNAMIR Force Engineers in progress. It is projected that the clearing would last one week.

b. **Communes.** The available information on communes that are likely to be affected by the influx of returnees are given as Annex 'A' to this report.

c. **Prisons.**

(i) There is only one central prison in Byumba.

(ii) There are make-shift cells in all the communes for detaining offenders of minor crimes.

(iii) The number of inmates in the central prison is 324 but information on screening is hard to come by as local authorities are unwilling to cooperate.

(iv) Problems associated with the central prison are:

(a) Poor prison structures.

(b) Overcrowding.

(c) Food shortage

(d) Another structure nearby has already been renovated for a second prison but awaiting fencing before use. A request for fencing made to UNAMIR in Jul' 95 is yet to receive response.

d. **Judicial System.**

(i) The Prefect has a competent judge assisted by two other judicial staff.

(ii) Information on the screening of arrested persons is difficult to come by as the local authorities are unwilling to cooperate.

e. **Radio UNAMIR.** This is heard clearly in all the communes.

f. **Housing**

(i) There is no elaborate housing policy of the government.

(ii) The local authorities have a policy to allow legitimate house owners to take possession of their properties upon their return.

2. We will continue to monitor the returnees situation and other areas of concern, the details of which will be reported accordingly. The delay in the submission of this report is sincerely regretted

SUBJECT : IDENTIFICATION AND CONSTRUCTION OF WATER POINTS

1. It has been intimated that in most of the communes in the country, no drinking water points exist as these were destroyed during the war. Consequently, the locals use the same places for washing, bathing and collection of drinking water which leads to health and hygiene problems.
2. In view of the above it was decided in the last UHAAG meeting that UNAMIR would undertake rehabilitation of selected water points by constructing small cemented tanks for collection of clean water and putting 2-3m long steel pipes.
3. You are therefore requested to identify and propose ten spring fed water points in each of your sectors and forward the proposals to HAC at this HQ by 01 Oct 95. Technical advice if any will be provided by the Force Engr Coy.

Subject: REACTIVATION OF ELECTRICITY SUPPLY

1. A request has been received from Sector 2A (Byumba) for reactivation of electricity supply to the Orphanage at Kibali. The electric wiring within the orphanage is in good condition and power supply lines are passing quite close to the orphanage. However, the orphanage is presently not connected to the power supply lines.

2. You are requested to send a technician to assess the requirement and, if possible, reconnect the orphanage to the power supply. The Hum Offr at Byumba will be available to guide the technician.

SUBJECT : IDENTIFICATION AND CONSTRUCTION OF WATER POINTS

1. A large number of natural springs are available in the hills of Rwanda and are being used by the local population for collection of drinking water. No water points presently exist at these springs, a number of them having been destroyed during the war. Presently the same places are being used for washing, bathing and collection of drinking water. This is leading to health and hygiene problems.

2. Requirement to construct a few simple water points across the country was considered and approved at the UHAAG meeting of 19 Sep 95. The project is to be undertaken by the contingents under the direction of the FEO and the Force Engineer Company. Each water point is to consist of a simple stone and cement receptacle for collection of clean water and a small steel pipe.

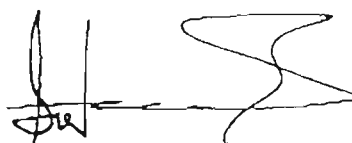

3. You are requested to identify and propose ten spring fed water points in each of your sectors. The proposals should reach HAC before 01 Oct 95.

SUBJECT : REPORT ON IMPORTANT ISSUES FOR SRSG's OFFICE

1. Kindly refer to Sect Commanders Conference held on 25 Aug 95 in Sect 1A (GITARAMA).
2. During the Sect Commanders Conference a number of issues were discussed related to the security situation in Rwanda and the problems connected with the repatriation of refugees from Zaire. These refugees are being brought to Border posts in Gisenyi and Cyangugu under the arrangements of UNHCR/ Zairean authorities. From border they are taken to Transit camps using UNAMIR transport. At the Transit camps they are held for limited period. From the Transit camps they are being transported to their home communes by UNHCR. In this process each stage plays an important role and needs adequate resources. It is important that UN and other agencies involved in the repatriation be fully conversant with the facilities available, shortcomings and resources required to make this process a success. SRSG had desired that MILOBs should obtain various data related to these issues. In view of foregoing you are requested to obtain following data and forward the same to us by 10 Sept 95 for our information :-
 - (a) Transit Camp.
 - (i) Existing capacity.
 - (ii) Facilities available.
 - (iii) Possibilities of expansion and the expanded capacity.
 - (iv) Additional place(s) for establishment of transit camp(s), their capacity and effort required, time frame and agency involved.
 - (b) Communes. Communes that are / likely to be affected by the influx of refugees:-
 - (i) Food, water, medical, housing and other related problems.
 - (ii) Number of refugees arrived so far and where have they been settled?
 - (iii) Agencies assisting the commune, type of assistance and its adequacy.
 - (iv) Existence or other wise of any crisis management cell and the advance preparations if any by commune officials.

These requirements all teams to note and answer as necessary.

WEEKLY HUMANITARIAN REPORT FOR THE PERIOD 11 - 17 JUN 95

GENERAL SITUATION

1. The Humanitarian situation within Rwanda continues to improve slowly. There are still movements of IDPs returning to their home Communes.

HAC ACTIVITIES

2. HAC conducted a two day special Humanitarian Patrol during the period to Kibuye in Sector 3A . The aim of the patrol was to investigate the situation of former IDPs and also to assess the conditions of the 1959 case load living in the area.

3. The patrol team consisted of HQ HAC pers, Milob Gp HQ pers and two specialists from Integrated Operations Centre (IOC).

4. Team Leader of the patrol has submitted his report for necessary action.

5. The CHAO also visited Byumba in Sector 1 on Fri 16 June 1995 to acquaint himself with the humanitarian activities in the area. He was accompanied by Capt SC Agbanusi.

6. Sector 1

a. Gen Situation

(1) The general situation in this sector remained calm during the period. Returnees continue to cross over to Rwanda from Uganda and Tanzania through Kagitumba and Buziba border check posts.

(2) A team from HAC made up of the CHAO and Capt Agbanusi visited Byumba during the period.

b. Own HAC Activities

(1) Continued to visit the newly resettled Returnees/IDPs to instil confidence.

(2) Coordinated with NIBATT in the movement of 23 IDPs from Byumba Prefecture centre to various communes.

(3) Provided escorts and info to the Human Rights Team currently working in Byumba Prefecture.

(1) In Tumba Commune the B/master requested technicians to inspect their water pump which broke down during the war.

(2) Water and electricity have been restored in Kibali commune which includes the whole of Byumba town.

d. Health

All Health Centres in the communes are facing a critical shortage of ambulance service. Locals continue to convey the sick on improvised stretchers.

e. Housing

GTZ, a German NGO has completed renovating Mugambazi Commune Offices and has started working on the commune officials residential units.

f. Education

(1) In Kiyombe Commune, UNICEF provided quantity 440 roofing sheets for the renovation of schools in the commune.

(2) In Mugambazi Commune, all the 12 Primary schools are functional but lack furniture, teaching materials and qualified teachers.

g. Orphanage

(1) In Giti Commune, there is a total of 134 orphans who live with their relatives.

(2) The orphans are facing food and medicine problems.

h. Recommendations

It is recommended that the Sector HAC Team be issued with

a veh to enable the team to effectively monitor Hum activities in the entire sector.

7 Sector 2

a. Gen Situation

The humanitarian situation for the period under review is considered quite good. There were more returnees during the period under review than any other week. The local populace also went about their economic and social activities with any hinderance.

b. Own Hac Activities

(1) Hum team covered "Day of the African Child" celebration at ZAZA in Mugeresa Commune and GAHINI in Rukara Commune. Both functions were well attended by local government officials, local leaders, UN Agencies, ICRC, NGOs and school children.

(2) The Hum team investigated reported shortage of water at Rwinkwavu Hospital.

(3) On the request of the CHAO, the Hum team visited and found out the water need of Echole Secondaire de MUSHI in GIKORO Commune. Report has already been submitted to the CHAO.

(4) The Sec Comd and Hum Offr visited over 700 returnees at BARE Transit Camp. The team continued to Nyakarambi Transit Camp where it inspected preparations made to accommodate an expected 1000 returnees from GISENYI.

c. Orphanages

RWAMAGANA Orphanage needed a much larger accommodation for its 141 inmates. GAHINI Orphanages received a truck load of clothes and toys from their sponsors, SUISSE-RWANDA and COMPASSION INTERNATIONAL.

d. Water/Food

(1) The food situation was quite stable. NGOs continued food distribution in most parts of the sector .

(2) Water situation at the transit camps was good however there were shortages in some parts of the sector

especially at KANKOBWE Sector 8960 and SAKE Commune.

e. Hospital

RWAMAGANA Hospital faced shortage of doctors and medicines.

f. NGO's Activities

(1) LWF continued its daily food distribution in the prefecture.

(2) ZOA provided agro assistance to GASHORA and KANZENZE Communes.

(3) OXFAM(UK) provided four water hand pumps parts to RWINKWAVU sector to repair its broken down pumps.

g. UN Agencies

(1) UNICEF distributed 30 tons of food to GASHORA Commune.

(2) WFP continued its "Food for Work" programme. It distributed food to the remaining communes in the prefectures.

(3) GHANBATT doctors and nurses visited Kibungo Orphanage daily to treat sick orphans.

8. Sector 3 HQ

a. Sit Gen

The situation remained calm, however, there are still problems with life conditions of many orphans, and also electrical and portable water supply in most of the communes of Gitarama Prefecture.

b. Own HAC Activities

Malawi Coy provided transport assistance for various activities during the period under review.

c. Health

(1) Malawi Coy treated over 50 locals at its medical post.

(2) Health centres lack stock of medicines especially medicine against malaria, the most widespread disease in the area.

d. Orphanages

Doctors and dentists from Malawi Coy visited all orphanages in the Gitarama Prefecture.

e. Food

Malawi Coy transported food items from Kibuye to Gisovu.

f. Housing

An NGO is rebuilding houses in Nyamabuye commune.

g. Special Needs

(1) Nyanza Orphanage still waiting for adoption by a suitable NGO.

(2) Cyeza Orphanage still awaiting for two bladders for drinking water.

(3) All health centers require additional medicines. Mobile clinics for hinterland areas are required.

(4) Kabgayi orphanage run by JAM(Jesus Alive Ministries) still needs a wheel chair for a handicapped boy.

9. Sector 4A

a. Gen Sit

The general situation in the Sector has remained calm and has shown steady improvement.

b. People with Special Needs.

(1) Some of the reports made earlier by this sector about people with special needs have not been responded to, even though some NGOs promised to take care of the situation.

(2) Below are some areas requiring attention:

(a) Hospital. The General Hospital at Kigeme has only one doctor.

(b) Elderlies. There are a number of Elderlies in the prefecture who require assistance to improve their living conditions.

(c) Health. The pneumonia and cholera outbreak reported in NSHILI in the last report needs to be monitored before it spreads to other communes.

10. Sector 4B

a. Gen Sit

The general situation in all the communes were reported to be calm, however, some banditry activities were also reported.

b. Own HAC Activities

The Hum Offr of the sector attended a number of meetings during the week under review. These included Security meeting with NGOs, Coordination meeting with Human Rights etc.

11. Sector 4C

a. General Situation

The humanitarian situation in the sector is said to be stable. No significant humanitarian problems were reported during the period under review.

b. Own HAC Activities

(1) The Hum cell assisted in the handing over of HELP equipment to the local Bushenge and prefecture medical authorities. NGO - HELP is leaving this are because of rift with local doctors and lack of security in the area.

(2) The HELP representative, Mr. Heydeck, wanted to ensure their equipment was officially handed over to proper medical authorities.

(3) The cell also visited Bigutu, Gashashi and Mwezi primary schools.

12. Sector 5

a. Gen Sit

(1) The general situation in the sector remain calm. Local population seem to have got over the rumour of likely attack by about 5000 armed persons from Zaire.

(2) The process of moving returnees from college campus to communes has commenced. The first batch was moved on 15 June 1995. Detailed reported will be forwarded later.

b. Own HAC Activities

(1) Hum team took part in the following activities:

(a) Attended conference held in the prefecture chaired by a representative from Ministry of Family and Promotion of Women.

(b) Attended the celebration of "The Day of the African Child.

(c) Visited Gisenyi Prison with a doctor from MERLIN where a medical check examination on two new born babies were conducted.

c. Special Needs

(1) GISENYI PRISON authorities have requested for provision of sports equipments(Volleyball sets) for prisoners.

(2) Bumper truck is required to empty the septic tank in the prison. The septic tank is currently overflowing and this has resulted in an unhygienic conditions in the prison.

d. Orphanages

The orphanage at Mugongo (3223) is concerned about the likely attack by 50,000 armed soldiers from Zaire. This orphanage is approx 10 km from the border.

e. NGOs

(1) COOPI. Continuing major tasks of rehabilitating primary school, training teachers and running the college reception centre.

(2) ICRC. This agency has been carrying out active monitoring of the prisoners in this sector. It also united 12 children with their parents on 16 June 1995.

(3) MERLIN/MSF. Staffing of local hospitals, health posts, vaccinations and the rehabilitation of dispensaries have been their major tasks.

13. Sector 6

a. Gen Sit

The situation is steadily improving with various humanitarian tasks being undertaken by Milobs, UN Agencies and NGOs in Kigali sector.

b. Own HAC Activities

(1) Hum team inconjunction with UNICEF have installed a water tank in Kicukiro Primary school. The tank is meant to assist in solving sanitary problems that has beset the school.

(2) Hum team found Rwabtenge Medical Centre without medicine and contacted WHO who supplied variety of drugs to the centre.

c. Water

There is remarkable improvement in portable water supply in Kanombe and Kicukiro areas. This is due to the repair works on the water pipe from Kanombe linking Kicukiro and parts of Remera. Other areas require much improvement.

d. Farming Activities

Lack of farming implements in some areas and lack of seeds in other areas have affected farming though locals are willing to work on the farms.

e. People With Special Needs

(1) Orphanages. More efforts are required as most orphans do not have enough facilities for normal life.

(2) Hospitals. Hospitals and Health Centres in rural areas require constant supply of essential drugs.

f. Recommendations

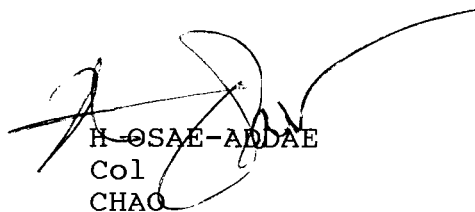

(1) Educational materials to schools must be supplied on a regular basis, this also applies to supply of essential drugs to med centres in rural areas.

(2) In order to boost farming activities viable seeds and farming implements be supplied to the farmers.

14. CONCLUSION

a. UNAMIR's new mandate which became operative with effect from 9th June 1995, shifted the focus of its mission from peace-keeping to a role of assisting in the normalization and stabilization of Rwanda.

b. It is therefore imperative that even though the humanitarian situation in Rwanda continue to improve, every efforts must be made by all agencies involved to accelerate the help to where it is most needed.

3. Sector 1

a. Gen Situation

The general situation in this sector remained calm during the period.

b. Food

Food shortage is reported in Kabacuzi and Bizhonde sectors.

c. Water

Ngarama and Byumba face acute water shortage.

4 Sector 2

a. Gen Situation

The humanitarian situation for the period under review is considered generally calm. The various UN Agencies, ICRC and NGOs continued to provide humanitarian assistance to the communities in the sector.

b. Own Hac Activities

(1) Milobs visited commune bureaux in the sector to establish rapport with Bourgemestres and various resettlement\transit.

(2) HAC team visited UN Agencies, ICRC and NGOs in Kibungo Prefecture to co-ordinate humanitarian activities.

c. Orphanages

Report received from RUKARA Commune indicated the harassment of some orphans by two RPA soldiers. Human Rights and Milobs are said to be investigating the report.

d. Water

(1) Good and portable water is said to be the major problem facing some hospitals in the sector. Musenyi in Kanazi Sous Prefecture and Rwinkwavu in Rwamagana Sous Prefecture face acute water shortage.

(2) Nyakirambi Transit Camp in Kirehe Sous Prefecture is accommodating more than 500 returnees is facing acute water shortage.

e. Health

(1) The GHANBATT RAP at Kibungo provided medical and dental assistance to some locals during the period under review.

(2) Rwinkwavu hospital management requires 79 beds to augment their current holding.

5. Sector 3

a. Sit Gen

The situation remained calm. However, due to move of Malawi Coy and Sub Sector 3 A MILOBS to their new location, humanitarian activities in Kibuye were restricted.

b. Health

(1) Malawi Coy provided medical assistance to 227 locals during the week under review.

(2) Chronic skin problems is reported in orphanages in the sector.

c. Orphanages

Milobs patrol to Nyanza Orphanage indicated that the Orphanage needs furniture, food and medical assistance.

d. Food

The food situation in east and west Gitarama Communes is poor, primarily because of the number of people to be fed by the few number of working people.

WEEKLY HUMANIARIAN REPORT FOR THE PERIOD 21 - 27 MAY 95

GENERAL SITUATION

1. The Humanitarian situation within Rwanda continues to improve. There are still movements of IDPs returning to their Communes and lately we have received reports that large numbers of returnees are coming from Uganda through the Kagitumba border post. Many IDPs are still afraid to return to their communes because of the number of arrest. The overcrowded situation in jails and prisons in the country continues.

HAC ACTIVITIES

2. HAC Ops attended the UNREO Weekly general meeting with NGOs. The HAC representative passed on security issues of concern to the attendance.

3. HAC is now located in UNAMIR HQ room 2004 and can be reached on phone number 11250.

4. On 23 May 95 the CHAO paid a working visit to Sector 5 where he was briefed by the Sector Comd and the Humanitarian Team Leader, after which they visited the NDUSU Camp where over 10,000 old caseload are awaiting resettlement to land identified by the miniriesos.

REPORTS FROM THE SECTORS' HUM TEAM

5. Sector 1

a. Gen Situation

The general situation in this sector remained calm during the period.

b. Own HAC Activities

(1) Milobs helped to reunite children from Gitarama Orphanage with parents within communes on 20 May 95.

1

Sect Comd 31/5 seen

d. Water

(1) Kivuye Commune is facing an acute water shortage. Motor engines are needed to operate the pumps to alleviate the problem.

(2) There is an acute shortage of water in the Kibali Commune, including the town of Byumba. The local rep of World Vision has requested help from CHAO for water replenishment in a water shortage bladder near Byumba church.

e. Health Care

(1) Muvumba Commune lacks adequate medical facilities. The centre needs to be rehabilitated with extensive repairs being effected.

(2) In Kivuye Commune, the two health centres at Kivuye run by AMREF and at Bungwe run by CARITAS face lack of adequate medical facilities, ie lack of resident medical practitioner, maternity facilities, laboratories and minor surgical theatre.

(3) There is a rise in reported cases of Worm infection in Kiyombe and Cyongo Communes. Suitable medicines for treatment have been requested by the health centres.

f. Housing

(1) 60 plastic roofing sheets are urgently required to provide shelters for the returnees and IDPs.

g. Education

(1) Primary Schools all over the preecture face shortage of teaching materials, furniture and trained staff.

(2) Transport is required to ferry food from Kigali for School of Paramedics at Ngarama.

h. Farming Activities

(1) The unusually heavy rains have damaged the standing crops of three communes of Kyombe, Mukarange and Cyongo. Pesticide and insecticides are urgently required to spray Irish potatoes which is the only crop left.

(2) Insecticides and pesticide is urgently needed in Buyoga to combat insect infestation of their crops.

i. Animal Husbandry

(1) Urgent provision of Vet Doctor is required to cater for nearly 20,000 cattle accompanying returnees at Gityuza. The cattle are said to be dying at the rate of 100 per day.

j. IDPs

(1) A total of 17 IDPs settled in Rutara Commune lack food, seeds and farming implements.

(2) IDPs settled elsewhere in the Prefecture also face the same problems.

6. Sector 2

a. Gen Situation

(1) The situation in this sector remains calm with few humanitarian requirements.

(2) Milobis reported that 80 young men being detained at Ngunda by RPA and the Elderly People's Home in Kinbungo were in need of food, water and medical assistance.

7. Sector 3

a. Sit Gen

The food distribution programme has picked up in the prefecture. However, there is a problem with availability of drinking water due to damage to main pipe line at Mukingi Commune caused by the heavy rains. Also in the same Commune liaison is underway with the Bourgemstre(BG) regarding the repair of the bridge.

b. Health

(1) Malawi Coy provide medical assistance to 146 local this week and the Dentist visited Orphanages in Ruli and Kaligayi town. They also provided transport to different communes in the sector.

(2) The hospital at Karangua (1350) which was previously supported by the NGO AFVP until February, is now severely short of medication especially for anti-malaria and dysentery (IOC to note).

c. Orphanages

(1) One patrol went to Byumba (Sect 1) to reintegrate 03 orphans from Cyeza Orphanage in Ratubwe Commune with their families.

(2) The Kahgayi Orphanage which was shifted from Byimana recently was earlier supplied with drinking water by Brown & Root. Since the move no water has been provided and the 400 orphans have been out of water since the past week. (95 FLSG to note)

d. Food

(1) LWF has authorised the collection of 1400 food packages from their store in Ruhango. They are to be used to augment the food for prisoners in the Commune Cachot of Murama and Mugina, as well as the children of Nyanza orphanage.

(2) Two Bladders 10,000 liters each for Cyeza Orphanage.

(3) Food and farming tools for IDPs returning to Kibeho.

8. Sector 4

a. General Situation

The situation was reported to be calm during the period.

b. Medical

(1) Medical cover is said to be needed in most of communes.

(2) Cases of diarrhoea and pneumonia have been reported in Karubanda prison.

c. Housing

Building materials required in most communes.

d. Agriculture

Farming implements needed in most communes

9. Sector 5

a. General Situation

The general situation in sector remains calm. The major humanitarian problem facing the Sector continues to be the resettlement of old caseloads (over 10,000 housed in the College reception center) to land identified in the different communes of the sector.

b. Own HAC Activities

Milobs and HCDH provided assistance to the following:

(1) The Ministry of Family and Promotion of Women in transporting blankets and Kitchen sets to Kayove and Ciciye Commune. Tunbatt contributed additional tpt for the task.

(2) At the request of Milobs, the Force Engineer carried out a recce of the GIHIRA Hydro-electric plant run by Electrogas to study the possibilities of removing blockage in the plant water outlet. The task has been approved and will be done shortly.

(3) Milobs assisted UNHCR and Merlin to visit Ngororero Commune by helicopter since it is inaccessible because of the rain. This recce enable UNHCR to inspect food stock in their store at Ngororero Commune and enable Merlin to ascertain the medical condition in this remote area. They distributed medicines in Ngororero and Kibilira communes.

c. Orphanages

(1) An NGO "SALEM" has requested food for 50 children at St Vicent Transit Center at Ruhenyezi.

(2) Orphanage of NYUNDO shelters 587 orphans and are in great need of food and non-food items. (IOC to note)

d. Hospitals

Milobs report that the communes of Ngororero and Kinigi requires additional health centers. The population of these communes have to walk long distance (20km and more) to get treatment.

e. IDPs/Oldcaseload

(1) IDPs at Nemba have refused to go back to their home communes for fear of repossessions. When presented by the RPA with a deadline of the 24 May 95 they reacted by slipping away in the neighbouring communes.

(2) 10,000 old case load are languishing in the college reception center for want of land. So far only 324 families have been moved to different places. The Ministry of Education has given just 2 weeks to close down the center.

f. Miscellaneous

(1) Cooperation with NGOs is very good. WPF provided food for 8447 old caseload in Ruhengeri and gave one month ration to 50 families old caseload who were established in the Kagore region. They continue to give food for work to the Rwere road construction project. UNHCR were also distributing food to the communes and moving old caseload to their new sector.

(2) Relationship with local authorities is cordial

HAC WEEKLY SITREP FOR WEEKENDING 28 MAY 95

1. **GENERAL SITUATION** The situation in the sector remained stable with no major problems of Humanitarian nature evolving. The returnees continued to cross over to Rwanda from Uganda and Tanzania through the border checkpoints of Gatuna , Kagitumba and Buziba. Unregistered returnees continue to cross over from across Akagera river.

2. **OWN HAC ACTIVITIES**

- a. Monitoring of HAC activities within communes.
- b. Helped to reunite children from Gitarama orphanage with parents within communes on 20 May 95.
- c. Coordinated the move of 12 returnees from Byumba to Gisyeri on 22 May 95.
- d. Coordinated the transportation of food items from Kigali for the Rutare Sec School on 25 May 95.

3. **GENERAL LIVING CONDITIONS**

a. **Food.**

(i) Kiyombe commune is facing a food shortage and has requested for food aid.

(ii) In Mugambazi commune GTZ distributed the following to the locals , between 08 to 11 May 95:-

(aa) 03 Kg of Harico Seeds per family.

(ab) 10 Kg of Maize per family.

(ac) 1/2 Ltr Cooking Oil per family.

b. Water.

(ii) Kivuye commune is facing an acute water shortage. There were three functional water pumps before the war. During the war the motor engines were stolen. They now need motors to operate the pumps.

(iii) There is an acute shortage of water in the Kibali commune, including the town of Byumba. The local rep ow WORLD VISION has requested help from CHAO for replenishment of water ina water storage bladder presently placed near the Byumba church.

c. Health Care.

(i) Muvumba commune lacks adequate medical facilities. The centre needs to be rehabilitated with extensive repairs being affected.

(ii) In Kivuye commune, the two health centres at Kivuye run by AMREF and at Bungwe run by CARITAS face identical problems oflack of resedent medical practitioner, maternity facilities, laboratories and minor surgical theatre.

(iii) In Kiyombe and Cyongo communes there is a rise in the cases reported of worm infection. The health centres there requested for suitable medicines for treating these cases.

d. Housing. In Rutare commune 60 plastic roofing sheets are required urgently. These are to provide shelters for the returnees and IDPs.

e. Education. Primary Schools all over the prefecture face a shortage of teaching materials, furniture and trained staff. Some Sec Schools have opened. The school of Paramedics at Ngarama is functioning well with 90 students. They have requested for transportation to ferry food from Kigali.

f. Farming Activities.

(i) The unusually heavy rains have damaged the standing crops of three communes of Kiyombe, Mukarange and Cyongo. The potato crop has rotted away, the bean vines have started to rot and decay. The only crop that can be saved is that of Irish Potatoes, that too if insecticides and pesticides are sprayed urgently.

(iii) In some communes of the prefecture like Buyoga, the seed provided by CARITAS has resulted in 50% germination out of this almost 50% of the crop is affected by pests and insects. If these communes are not provided with adequate insecticides and pesticides they are likely to become dependant on food aid distribution.

g. Animal Husbandary. At Gituza the cattle accompanying the returnees numbering around 20,000 are dying at the rate of almost 100 per day. The B/Master has requested for urgent provision of a Vet doctor and medicines to save the depleting herd.

4. PEOPLE WITH SPECIAL NEEDS

a. Orphanages. No change.

b. Hospital. No change.

c. Handicap. No change.

d. Elderlies. No change.

e. IDPs.

(i) A total of 17 IDPs settled in Rutare commune lack food, seeds and farming implements.

(ii) IDPs settled elsewhere in the Prefecture also face problems of inadequate farming implements and seeds.

(iii) In Murambi Commune a group of 10 IDPs are still being held at the commune centre. The B/Master has stated that they will be allowed to go to their sectors only after being cleared of Genocide charges.

f. Refugees.

(i) Nyagatare Reception Centre has an average population of 450. Normal distribution of food continues.
