Personal for Dayal.

1. In accordance your request, Fletcher has submitted brief report on OPI services, chief points follow:

- (a) Fletcher recommends selection of senior public relations officer to serve both as spokesman and head of OPI office here as contrasted with present dual role of Jankowski Fletcher. Sound political judgment and ability to serve as your top public information adviser on all political matters.
- (b) Executive type public information officer French mother tongue and preferably national from one of the new African countries or Tunisia, Morocco, Lebanon, would be required as first assistant to senior officer.

2. McDiarmid and I believe recommendation (a) worth serious consideration and suggest possibility of assignment Gibson Parker as senior man. Understand he was earlier proposed by George Ivan Smith and not available then. Also hear he may be posted Paris, but recommend reconsideration his assignment here.

3. As for (b) above, we believe Fletcher should perform this function until replaced in due course.
