Subject : Vaccines

I understand that the military medical stocks include considerable quantities of polio, tetanus and rabies vaccines which will shortly become unusable owing to their age. I wonder if it would be possible for you to release at least part of these stocks to the WHO who could put them to immediate use in various parts of the country.

If you are in agreement with this proposal, may I suggest your instructing the military Chief Medical Officer to consult Mr. Twigt and thereafter to advise Dr. Bellerive of the quantities of vaccine which can be turned over to WHO.

Monsieur l'Administrateur,

J'ai l'honneur d'accuser réception de votre lettre du 25 mars 1963 qui a retenu toute son attention et de porter à votre connaissance qu'il ne s'est pas possible pour le moment de vous déléguer le soin d'une personne ou de l'organisme pouvant avoir l'exclusivité sur les achats du poisson.

J'ai décidé, pour simplifier l'opération de ravitailler la Province de Lulabourg, ainsi de votre assistance, la "Société Coopérative du Veauvika" représentée par Monsieur Robert MUTHIER.

J'écris ce jour à Son Excellence le Ministre des Affaires Économiques de Lulabourg et lui fait part de ma décision. J'espère qu'à son tour il se désignera le nom de la personne ou de l'organisme qui s'occupera et de la réception et de la distribution de poisson une fois rendu à Lulabourg.

Je profite de l'occasion pour renouveler, à Monsieur l'Administrateur de l'OMC, mes sincères sentiments de collaboration.

Subject : Medical supplies for Garenzanze Mission

...

I attach copies of cables exchanged between Mr. Harrington and myself regarding certain drugs of the Garenzanze Mission, Kasaji.

I have no doubt that you already have in hand the question of medical supplies for South Katanga. We shall, of course, be glad to arrange an airlift of such supplies whenever necessary. If there is likely to be delay in this specific case, we might perhaps be able to deal with it under the air missions programme.

Dear Mr. Gullion,

This is to confirm our recent conversation in which you agreed that, as an exceptional measure, we should lend 100 tons of rice to the Ministry of Economic Affairs for sale in Leopoldville through the regular importers. This rice will come from our Title 2 relief stocks, and I have a letter from the Minister of Economic Affairs undertaking to refund the rice in kind as soon as new stocks are received.

I am most grateful to you for your agreement to this arrangement, which will ease the critical situation which has arisen in regard to supplies of rice in Leopoldville.

SUBJECT: Procurement activities on behalf of Red Cross - Goma.

With reference to your memorandum on the above subject, I should like to inform you that I fully agree with the points raised by you and the Chief Procurement Officer, that measures must be taken to improve the unsatisfactory procurement activities in Goma.

With regard to your specific questions, herewith my comments :

 2. \$20,000.- were allotted for the purchase of tools and other equipment, and
 3. \$ 4,000.- for seeds.

As of 31 August 1962, an unspent balance of \$8,889.- was recorded. On this point, we shall give you more specifications upon the return of Mr. G. Béliard who is dealing with the accounting of the Famine Relief.

- ...
4. In Circular No.67 dated 29 August 1962, a detailed procedure was laid down whereby all U.N. agencies were instructed not to procure articles directly. (Copy is attached).

Dear Mr. Ahmed,

Famine Prevention Programme

Following a telephone call from Mr. Tooby this morning, who mentioned that you wish the Government to officially let know its desire to continue the a/m project,

I herewith submit three draft letters to be addressed by Mr. Adoula to you, to me and to the Secretary General of the League of Red Cross Societies in order to continue this quadripartite undertaking for a year.

May I call your attention to the urgency of the situation. My predecessor Mr. Fombrun wrote Mr. Tooby on July 25 and asked for 6000 tons of milk for the 12-month period to come. The first monthly lot of 500 tons was for the month of October and Mr. Fombrun asked "that this request be treated with high priority". If no request has been made yet to the US and if no milk is en route, we will be faced with an interruption of our operation.

I hope it will be possible to avoid such a breakdown.

With my best regards,

Yours sincerely,

PROJET DE LETTRE

à adresser par M. Adoula, Premier Ministre

à M. Ahmed, Chef des Opérations
Civiles, ONUC

Monsieur,

Le programme de Prévention de la Famine qui s'est déroulé au cours des douze derniers mois sous l'impulsion de la Croix Rouge du Congo, avec l'assistance technique et matérielle de la Ligue des Sociétés de Croix Rouge, et avec l'assistance matérielle de l'ONUC et de l'UNICEF s'est révélé extrêmement utile pour maintenir à un niveau nutritionnel satisfaisant des populations du Congo menacées par la famine et notamment des mères et des enfants. Une moyenne de 370.000 personnes bénéficiaient chaque mois de distributions de lait. Ce programme est arrivé à son expiration, par suite d'accords antérieurs, au 30 septembre dernier.

Je désire à cette occasion exprimer à l'ONUC ma gratitude pour l'assistance ainsi donnée aux mères et aux enfants congolais. En raison de l'utilité de ce programme, je souhaiterais qu'il soit prolongé pour une durée de un an soit jusqu'au 30 septembre 1963. Je souhaiterais aussi que le nombre des bénéficiaires de distribution de lait soit augmenté et atteigne 500.000 personnes.

A cet effet, il conviendrait

- a) que l'ONUC veuille bien s'assurer auprès du Gouvernement des Etats Unis d'Amérique de la fourniture de six mille tonnes de lait écrémé en poudre et assure le transport du lait à l'intérieur du Congo à l'aide des fonds de contrepartie, cela pour les douze mois à venir;
- b) que l'UNICEF poursuive son assistance sur des bases similaires à celles de la période écoulée, cela également pour les douze mois à venir;
- c) que la Ligue des Sociétés de Croix Rouge poursuive son assistance sur des bases similaires à celles de la période écoulée, cela encore pour les douze mois à venir.

.../

Je demande par ailleurs à l'UNICEF et à la Ligue la continuation de leur aide.

En ce qui concerne l'ONUC, je vous serais extrêmement obligé si vous vouliez bien faire le nécessaire auprès du Gouvernement américain et organiser le transport du lait à l'intérieur du pays sur le fonds de contre partie.

En vous remerciant par avance je vous prie de croire

Monsieur M. Khiary, Chef des Opérations Civiles

Programme de ravitaillement pour le Nord-Katanga - Réunion du 9 mars 62.

Voici les conclusions auxquelles nous sommes arrivés à la fin de la discussion sur le programme précité :

- 1.- La réponse du Siège au cable qui sera envoyé aujourd'hui par M. Gardiner et vous-même servira de base pour l'action de secours à entreprendre. La réponse devra, entre autres, fixer les sources de financement de l'opération.
- 2.- Les Opérations Civiles se chargent d'obtenir les renseignements nécessaires de la part du Gouvernement Central pour l'envoi à Kabalo de 20 tonnes de vivres propriété du Gouvernement.
- 3.- Si le Siège donne une réponse favorable au cable de l'Administration daté du 8.3.62 concernant les propositions faites par les maisons de commerce sur l'envoi de vivres de Léo à Albertville par avion, les Opérations Civiles se chargeront de faire un plan d'expédition et de le transmettre à l'Administration pour exécution.
- 4.- Les Opérations Civiles se mettront à nouveau en contact avec les maisons de commerce pour parvenir à un "gentleman's agreement" sur la meilleure utilisation des devises mises à disposition par le Conseil Monétaire.
- 5.- M. Duncan Smith visitera Albertville et les autres centres du Nord-Katanga pour étudier sur place les besoins de la population. Dès son retour il fera rapport à M. Tooby sur ces besoins afin de déterminer un programme d'assistance gratuite.
- 6.- M. Lanser (Intendance) prendra immédiatement contact avec les sources d'approvisionnement pour se renseigner sur la disponibilité, les prix, délais de livraison des vivres de base de la population (manioc, farine de maïs, sel, haricots, poisson, huile végétale).
- 7.- L'Administration prendra contact avec le commandement militaire de l'ONUC pour signaler les besoins en camions pour les transports de vivres. Il y a, selon M. Grunzweig, 50 camions militaires à Albertville.

8.- Bonne note est prise, que, en cas de nécessité, les dépôts militaires de l'ONUC au Nord-Katanga pourraient prêter des vivres excédant leurs besoins.

9.- MM. Catunda et Tooby seront chargés d'étudier la possibilité de recourir aux fonds de contrepartie et aux fonds UNICEF pour financer l'opération de secours.

10.- Quand le Siège aura donné sa réponse au cable de M. Gardiner et de vous-même, l'Administration donnera à M. Tooby les "assurances" qu'il a demandées pour mettre à exécution l'action de secours.

11.- Une nouvelle réunion est prévue vers le milieu de la semaine prochaine pour constater les progrès qui ont été faits et régler les problèmes qui restent encore à résoudre.

Provisions de vivres pour le Nord du Katanga

Je partage votre point de vue exposé dans votre mémo du 7 mars au sujet de la situation alimentaire au Nord Katanga.

Je vous rappelle toutefois que cette situation était déjà signalée comme préoccupante depuis un an et vous aviez reçu les instructions nécessaires pour tenir une réserve alimentaire dans la région.

Cette situation peut s'aggraver par l'envoi de quelques 4000 soldats qui vont probablement venir sur le pays et partager le peu de nourriture qu'on y trouve.

Nous envisageons le transfert au Nord Katanga de quelques 15,000 à 20,000 réfugiés d'Elisabethville qui vont arriver demain de tous moyens de voie.

Aussi il est urgent d'envoyer un agent pour l'acquisition des denrées alimentaires qu'il pourrait trouver dans l'Est africain et de diriger ces provisions vers Albertville, Kabalo, Manono et leurs hinterland.

Il serait bien également d'envoyer de suite un autre agent en vue de l'organisation de ces secours.

Je compte sur vous pour la réalisation immédiate de ce programme.

INTER - OFFICE MEMORANDUM

7 March

1962

A : Mr. M. Khiary, Chief of Civilian Operations
De : Frederick W. Tooby, Relief Coordinator
Objet : Provision of food supplies for North Katanga

1. While not doubting the accuracy of the Prime Minister's report that ~~there~~ he found a shortage of food supplies in North Katanga, I do not have sufficient information to decide whether a free distribution of food in an organized relief operation is necessary.
2. The markets in the towns are empty, but that is due to the absence of merchants carrying on normal commerce. I doubt whether there is a general abnormal shortage of food in the villages, but there may be groups of villagers who have lost their food-stores in the fighting or by flooding.
3. An important factor affecting the food supply is the recent despatch of ANC to N. Katanga by the Central Government. In the past the ANC has met its food supply needs by requisitioning and by pillage. Even if their Intendance is now properly organized, the demands of the ANC on the local food supply at the present time are very probably the decisive factor causing a critical shortage.
4. I see no prima facie justification, therefore, for our launching an immediate relief operation in N. Katanga, using trust funds contributed for the relief of famine. The reply to telegram CIVAL-22 to Mr. Jerkovic may, however, establish that there are groups among whom there is true famine, and in that case I should immediately organize free distribution.
5. If that decision is taken I shall despatch Mr. Rubino immediately to N. Katanga to organize the free distribution and to prepare an estimate of supplies required. This would be cabled to the Procurement Division for immediate purchase by the offices in Goma and ~~Bukavu~~, for account of the Famine Relief Fund.

Bukavu

.../...

6. As regards the 20 tons of food offered by the Prime Minister for airlift from Leopoldville, you have agreed that we should not accept the gift, because ONUC can purchase food in the area at much lower cost than air transport from Leopoldville would cost. Chief Procurement Officer will order immediate local procurement of 20 tons of food, subject to instructions from Mr. Trimbrell as to which funds should be used.

7. I add the suggestion that ONUC helps the situation by providing work relief rather than a free distribution of food. Specifically I propose that once commercial supplies arrive in the markets, we provide funds to employ the people on work projects, such as cleaning drains, general sanitation, cleaning and repair. A sum of CF 3,000,000 would provide 30,000 man-days of employment, and I would recommend that this sum be drawn from the credit in the Famine Relief Fund resulting from the recent transfer from the Title Two Counterpart Fund. Disbursement would be the responsibility of the Chief Finance Officer, of course.

cc: Mr. Rossborough
Mr. Trimbrell
Mr. Lanser
Mr. Bronsema

Sujet: Provisions de vivres pour le Nord du Katanga

1. Tout en ne doutant point de l'exactitude du rapport du Premier Ministre qu'il ait trouvé une pénurie de provisions de vivres dans le Nord du Katanga, je n'ai pas assez d'informations pour décider si une distribution gratuite de vivres dans une opération de secours est nécessaire.
2. Les marchés dans les villes sont vides, mais ceci est dû à l'absence des commerçants exerçant un commerce normal. Je doute qu'il y ait une pénurie anormale de vivres dans les villages; cependant, il se pourrait que les groupes de villageois aient perdu leurs magasins de vivres pendant les combats ou les inondations.
3. Un important facteur affectant les provisions des vivres est le récent envoi des ANC au Nord du Katanga par le Gouvernement Central. Dans le passé, les ANC se sont toujours procurés les provisions de vivres nécessaires, soit en réquisitionnant, soit en exerçant le pillage. Même si leur Intendance est maintenant proprement organisée, les demandes des ANC des fournitures de vivres locaux en ce moment sont très probablement le facteur décisif causant cette pénurie critique.
4. Je ne vois donc pas de justification "prima facie", pour déclencher une opération immédiate de secours dans le Nord du, Katanga, en nous servant des fonds qui nous ont été confiés pour les secours de famine. La réponse au télégramme CIVIL - 22 à Mr. Jerkovic peut, cependant, établir qu'il y a des groupes parmi lesquels règne une vraie famine, et dans ce cas, je pourrais organiser immédiatement une distribution gratuite.
5. Si une telle décision est prise, je pourrais envoyer Mr. Rubino immédiatement au Nord du Katanga pour organiser la distribution gratuite et préparer une estimation de vivres demandés. Ceci serait câblé à la Division de l'Intendance, pour action immédiate par nos bureaux à Goma et à Bukavu, pour le compte des Fonds des Secours à la Famine.
6. En ce qui concerne les 20 tonnes de vivres offerts par le Premier Ministre pour transporter par avion de l'ONUC de Léopoldville vous étiez d'accord que nous ne devons pas accepter ce don, l'ONUC pouvant acheter les vivres dans les régions locales, à un prix moins élevé que celui du transport par avion de Léopoldville. Le chef de l'Intendance ordonnera immédiatement l'obtention de 20 tonnes de vivres, sujet d'instructions de Mr. Trimbrell qui tient les fonds nécessaires à employer.
7. J'ajoute la suggestion que l'ONUC aide la situation en fournissant du travail plutôt que la distribution gratuite de vivres. Particulièrement, je propose qu'une fois que les fournitures commerciales arrivent dans les marchés, nous fournissions les fonds pour employer la population aux projets de travaux tels que: nettoyeurs des égouts, sanitation générale, nettoyage et réparations. Une somme de CF 3,000,000 payerait 30,000 employés, et je proposerais que cette somme soit fournie par le crédit de Famine Relief Fund résultant du récent transfert du "Title Two Counterpart Fund". Le déboursement serait sur la responsabilité du Chef des Finances, bien entendu.

30,000 hommes/jours d'emploi.....

DU PREMIER MINISTRE

Léopoldville, le 6 mars 1962.

Objet : Transport de vivres

Monsieur le Chef des Opérations civiles,

J'ai l'honneur de vous confirmer l'entretien que nous avons eu à mon retour de la tournée d'inspection que je viens d'accomplir dans le Nord-Katanga.

Il s'avère de plus en plus indispensable que le Nord-Katanga soit approvisionné en vivres et en marchandises de première nécessité.

J'insiste pour que les Opérations Civiles de l'ONUC procèdent, dans le courant de cette semaine encore, à des envois de vivres et marchandises diverses, à destination d'Albertville, de Kabalo et de Manono, en accordant à ces transports le bénéfice de l'urgence.

Le Gouvernement central, de son côté, mettra tout en oeuvre pour contribuer à un acheminement rapide des marchandises devant être transportées par les soins de l'ONUC.

Veuillez croire, Monsieur le Chef des Opérations civiles, à l'assurance de ma haute considération.

LE PREMIER MINISTRE,

Cyrille ADOULA

Mr. A. Groenendyk, Chief Finance Officer

Additional funds for essential purchases for refugees in
Katanga

1. You will recall that with the beginning of a serious refugee problem arising out of the recent events in Elisabethville, funds were authorized in the amount of 500,000 francs to cover essential purchases required to deal with this refugee problem. Authorization was effected by your cable FINC/1804 to Grindall, Fitzgerald of 1 September 1961.

2. Mr. de Reynier who has returned to Leopoldville for discussions on this matter, reports that a further sum of 500,000 francs is needed to keep the situation under control.

3. I would like to confirm herewith that these sums should be charged against the ONUC Famine Relief Fund pending a decision on the proposal that the total cost might be charged against the Counterpart funds of U.S. Economic Aid.

Monsieur,

Suite à la visite en nos bureaux de votre employé, nous avons l'honneur de vous adresser ci-joint reçu n° 63.796 de votre chèque n° L 414.268 de:

Nous vous serions reconnaissants, en conséquence, de bien vouloir nous adresser le reçu provisoire correspondant.

Comme indiqué par notre lettre du 1er juin 1961 (RR-189), nous faisons immédiatement le nécessaire auprès de nos bureaux de Luluabourg afin que les 22 tonnes de farine que vous a allouées le Ministère de l'Approvisionnement soient livrées à Mr. Donnay, Directeur de votre succursale en cette ville.

Avec nos remerciement, veuillez agréer, Monsieur, nos sincères salutations.

Mr. Groenendijk - Chief Finance Officer
F.W. Tooby - Economic Relief Coordinator

INVOICE N° 4391 FROM AMI \$ 25,226.16
your memo dated July ", 1961.

In reply to your above memo, please be informed of the following:

1.- AMI's commission (7,5% on FC. 1.173,310 = FC. 87.998) covers various proceedings with customs, OTRAGO, commission de "décaissement" at Matadi port, etc..

2.- The 15% discount on OTRAGO "Grande Vitesse" does not apply to this transportation.

In September 1960, an agreement had been reached by Mr. Pate of UNICEF with the Congolese Ministry of the Plan and Economic Coordination according to which Russian wheat destined to commercialization which could not be ground in the Congo had to be sent to Morocco for this purpose and back from Casablanca to Luluabourg for sale. Commitments were then taken with the AMI who consequently contacted OTRAGO - for which Mr. Gatin felt that Refugee Relief Coordination despite its creation early December was responsible.

3.- Supporting documents (OTRAGO bills) forwarded to us are returned herewith.

Please check as to whether, in fact, these 3,000 litres of petrol were supplied in which case I assume that Mr. Gavard will have given the signature for it.

Until I have your confirmation that this petrol was, in fact, received I cannot pass it for payment.

Attached hereto are a number of bills and waybills for petrol and diesel oil. We have been asked to issue a requisition to local procurement to cover this. I do not feel that this is correct. The Refugee Relief Coordinator has not so far ever had to pay for either petrol or oil and I feel it would be wrong and unjustified to start now.

I like to think that the confusion ~~that~~ has arisen out of the fact that at the time that there was a complete lack of petrol, my office secured certain quantities from Mobiloil Congo for shipment by barge. However, this does not mean that we are prepared to pay for it.

Dear Mr. Carr,

Your letter of 24 February 1961 was duly received and the enclosed cheque for four hundred pounds Sterling has been credited to the United Nations Congo Famine Relief Fund.

Please convey to the people of New Zealand who have contributed to this donation our deep appreciation of their generous sympathy for the plight of those Congolese who, uprooted by the internal strife, have suffered from mass starvation. With such generous support as theirs, from many parts of the world, we have been able to get food to those who were in the most urgent need, and the famine has been relieved. It will be necessary, however, to continue the supply of food to this group for some months, until they are able to harvest crops from the lands on which they have re-settled.

With many thanks.

Yours sincerely,

INTER - OFFICE MEMORANDUM

23 March 1961

..: Dr. Sture Linner, Chief Civilian Operation
De: John Grun, Chief Refugee Relief Coordinator
Objet:

John Grun

Thank you very much for sending me the extract from Mr. Rossborough's report from Europe.

For your information, and for the purpose of the record, I would like to note that the much discussed British Government contribution of 5,000 pounds was in fact never transferred to FAO. We enquired into the whereabouts of these funds with the British Embassy here and ~~were~~ told the British Government was awaiting news from us as to where these monies should be deposited. We therefore informed the British Ambassador we would welcome this contribution being deposited in the Congo Famine Relief Fund.

The information given by FAO to Mr. Rossborough to the effect that it "has all been used up" should therefore not be misunderstood. We have indeed purchased seeds to many times the value of the British contribution in neighbouring countries. We will now have to study how these purchases can retroactively be charged against the U.K. contribution when it is received.

I have noted Dr. Autret's belief that even if the seeds planted yield a maximum harvest, it is far from enough to keep the population for more than a couple of months. In the absence of any explanation for this opinion, I find it a rather dangerous statement to make. Neither Dr. Autret's seed experts or his expert nutritionist has as yet any opinion on the subject.

I am very strongly against continuing the campaign to collect money. I am also against continuing the collection of "stockable food"; the reasons for this are quite clear from our report. I suggest that once the report is released, a copy be sent to FAO, Rome and these various points mentioned in a covering letter. We can take that same opportunity to turn down the canned Canadian horsemeat at 30 lire per ten year old can.

I am sure that you will be as glad as I am to notice that from now on the United Nations will "always be mentioned" in FAO's publicity.
