✓ I am pleased to invite you to Sweden on 30 March 2016.

Your suggested program would include consultations, including over a working dinner, and the delivery of the 2016 Dag Hammarskjöld Lecture. Possible topics for the consultations could include migration, the Middle East, the 2030 Agenda, and gender equality. The Dag Hammarskjöld Foundation will provide you with separate information on the lecture.

I and Ulla Löfven are particularly pleased that Ms. Ban will be part of the visiting party.

Yours sincerely,

Stefan Löfven
