SUBJECT: **Hijacked/Stolen UNAMIR vehicles**

The Office of the SRSG needs an accurate record of all UNAMIR vehicles that have been hijacked/stolen, including dates of occurrence, perpetrators or suspects, and any results of investigations in that regard.

The Transport Section is, unfortunately, unable to supply complete information on this. It will be greatly appreciated if you could check on this, going as far back as possible, and compile an accurate record for us as soon as possible.

Thank you.

SUBJECT: Security of UNAMIR Vehicles

.....

With reference to Administrative Instruction No. 011/95 of 27 March 1995 on the above subject, this is to inform you that I have secure overnight parking at my residence for the vehicle assigned to me: UNAMIR 22. The facility consists of an indoor garage with a steel door and lock. In addition, the house is enclosed in a high concrete and brick wall with a locked gate. The premises were previously inspected by the Chief of Security. I attach a map of the location, i.e., 1496 Remera II, near UNAMIR Military Police Headquarters.

Thank you.
