Excellency,

I am pleased to inform you that the Republic of Korea will host the 7th World Water Forum in the city of Daegu & the Province of Gyeongbuk on April 12~17, 2015. I would like to invite you to the Forum, which will aim to explore sustainable ways to reduce water-related disputes, conflicts, and natural disasters as well as to enhance economic prosperity in this field.

Water is one of the most important resources for human survival. In this regard, sustainable water management for the future of humankind has become a common global challenge, which calls for our collective wisdom and comprehensive efforts of the international community.

In this vein, I believe that the World Water Forum will serve as an important opportunity in seeking international cooperation and policy coordination on water-related issues. In particular, the year of 2015 will be a critical year for achieving the Millennium Development Goals(MDGs), aimed at halving the number of people with little or no access to safe water and basic sanitation.

Your participation will strengthen our collective endeavor towards "Water for Our Future" and contribute to global efforts in tackling various water-related issues. I look forward to seeing you in Daegu & Gyeongbuk, Republic of Korea in 2015.

Sincerely yours,
