IDP UPDATE

APRIL 25, 1995 -- 1500 HRS.

The following update is a compilation of reports from representatives of the IOC, the Government of Rwanda, NGOs, IOs, UNAMIR and U.N. agencies. This document is a summary of events that have been corroborated as of 1500 hrs on April 25, 1995.

Estimated Populations in the IDP Camps in Southwest Rwanda
By midday today (25 April) all IDP camps in southwest Rwanda, except Kibeho (Ndago, Munini, Kamana, Buhoro, Buramba, Nyamagina, and Bivumu), are reported to be empty of IDPs. Latest estimates of IDPs in Kibeho camp were reported to be 2,000 by Miloba stationed within the camp early afternoon.

Population Movements

Former camp residents continue to move en masse along the roads in the direction of home communes. In particular, large number of IDPs reportedly from Kamana camp are arriving in the communes of Nyakizu, Gishamvu, Kigembe and Runyinya. It appears that many IDPs have bypassed the registration process established in each home commune. As a result, it is presently difficult to determine the numbers of IDPs being received by each commune. [Correction: The estimated numbers of returnees who recently arrived in home communes listed in the IOC IDP Update 24 April 1600 hrs. were actually the estimated numbers of IDPs previously in the camps in southwest Rwanda believed to originate from those communes].

The major focus of transport efforts today (25 April) are for roughly 5,000 people who are being registered in Nyakizu for transfer to their home communes. Twenty-eight vehicles were assigned to Nyakizu this morning to assist in this effort. As of 0700 hrs., there were an estimated 7,000 people at the Butare waystation. By mid morning 18 vehicles had been sent to transfer 2,000 of those at the waystation to their home communes. All IDPs have moved out of the waystation at the Butare stadium as of 1145 hrs. in the direction of their home communes.

According to UNHCR, the Ndara waystation (located approximately 15 kms. outside of Kigali in the direction of Kibungo) is currently providing for 5,000 IDPs in transit. Incidents of measles were reported by the Belgian Red Cross which provides medical services at Ndara. Thirty of the 50 unaccompanied children at the Ndara waystation were transferred to CARE/Australia the evening of 24 April. Food for the Hungry International and World Vision have volunteered to help with tracing the unaccompanied children but more help is needed (see Medical Update and Critical Needs below).

Open Relief Centers (ORCs)

In Butare Prefecture, ETC/Europe continues to provide assistance to ORCs in the communes of Runyinya, Nyakizu, Gishamvu, and Kigembe. No specific requests for additional assistance from relief organizations were reported.

In Kigali Rural Prefecture, IRC reports there are 454 people at the ORC in Gashura and 600 more are expected by the end of the day (25 April). IRC also reports 2,400 people at the ORC in Ngenda. Reports indicate few new arrivals at the ORCs in Kanzahe and Saka. IRC is conducting a medical assessment of all of the ORCs it operates. Samaritan's Purse is conducting a medical needs assessment and initial assistance in Ngenda.

The following is a preliminary report of medical assistance provided by NGOs in Butare Prefecture:

Open Relief Centers (ORCs)

In Butare Prefecture, IRC/Europe continues to provide assistance to ORCs in the communes of Runyinya, Nyakizu, Gashamba, and Kigembe. No specific requests for additional assistance from relief organizations were reported.

In Kigali Rural Prefecture, IRC reports there are 454 people at the ORC in Gashamba and 600 more are expected by the end of the day (25 April). IRC also reports 2,400 people at the ORC in Ngenda. Reports indicate few new arrivals at the ORCs in Kanzenze and Rake. IRC is conducting a medical assessment of all of the ORCs it operates. Samaritan's Purse is conducting a medical needs assessment and initial assistance in Ngenda.

Medical Update

The following is a preliminary report of medical assistance provided by NGOs in Butare Prefecture:

Butare Waystation: MDM and ACOF(ISA). An ambulance provided by MDM transfers patients from the waystation to various hospitals in the area.

Butare Hospital: MDM, MSF/France, MSF/Belgium, IRC, and GOAL. An ambulance provided by IRC transfers people from the main Butare Hospital to the hospital in Nyarwa.

Groupe Scolaire Hospital: IRC, MSF/Belgium and Memisa Medicus Mundi (a medical NGO).

Two surgeons are presently working at the hospital: one from MSF/Belgium and one from Memisa. A third surgeon was scheduled to arrive today (25 April). IRC has a team of four trauma nurses also working at the hospital. Conditions at the hospital are reportedly overcrowded, and there is a logistical problem with electricity. Nonetheless, the RPA are reportedly denying patient transfers to Gikarama.

University of Butare Hospital: The University hospital is admitting and treating patients with assistance from GOAL. IRC has set up a field hospital which is now functional and a surgeon scheduled to arrive tomorrow (26 April).

Nyanza Hospital: World Vision, Refugee Trust, IRC and JMC.

Nyakizu and Kigembe: MSF and Merlin, supported by an ambulance provided by IRC.

Runyinya: MSF.

Mobile Medical Teams: Plans were made today to have mobile medical teams sent into the communes to treat those who are unable to be attended at the main medical centers and hospitals due to problems with transport, etc.

WHO Assessment Team: A team from WHO is continuing an assessment of the situation of cholera and dysentery, beginning with Butare Prefecture. The Belgian Red Cross reports cases of measles have been diagnosed at the Ndera waystation and is requesting more information on the origin of the new arrivals to try to stop the spread of measles at the source.

Critical Needs

NOTE: All organizations and agencies with available stocks and resources are requested to contact the IOC to coordinate the allocation and shipment of supplies to those areas in greatest need.

IDP UPDATE

APRIL 23, 1995 -- 2330 HRS.

The following update is a compilation of reports from representatives of the IOC: the Government of Rwanda, NGOs, IOs, UNAMIR and U.N. agencies. This document is a summary of events that have been corroborated as of 2330 hrs on April 23, 1995.

Kibeho Camp Update

Milohs confirmed that 8,000 people from Kibeho were being escorted from the camp by RPA en route to Butare and approximately 20 trucks were leaving Butare in the direction of the camp to help provide transport for some of the returning IDPs. Estimates claim the current Kibeho camp population to be around 2,500. Of this total, approximately 2,000 have been reported by Ausmed as casualties in need of medical treatment.

Ndago Camp Update

UNAMIR reports a few thousand people appear to be in Ndago camp even though preliminary reports described the camp as empty of former camp residents (see IOC IDP Update 22 April, 2100 hrs.).

Latest Developments in Kamana and Munini Camps

The RPA were reportedly screening the residents of both Kamana and Munini camps today and UNAMIR now reports Munini camp is empty. Regarding Kamana, the RPA are reportedly in position surrounding the camp. ICRC was granted access to Kamana today to provide food for one day. IDPs may begin moving from Kamana shortly.

Most of the IDPs in Kamana and Munini camps are from Nyakizu. The medical NGO, Merlin, has agreed that one of its teams can go to Nyakizu and will discuss providing a medical presence in the commune at the medical coordination meeting to be held this evening in Butare.

Status of Recent Foot Convoys

Incidents of IDPs being beaten as they walk along the route into Butare continue. Reports are most serious around Ngoma. A number of IDPs were observed to have fallen by the roadside either due to exhaustion or dehydration as they were walking towards Butare and in the direction of the communes from the camps. WFP has provided high protein biscuits for distribution by ICRC and CARE to former camp residents who are traveling along the Butare road. UNHCR also reports 5,000 IDPs were en route to Ndera waystation near Kigali this afternoon.

Critical Need for Water

In response to an urgent request for water in Butare, Oxfam, UNICEF, ICRC, IRC, MSF and UNAMIR are pooling all available resources to supply the area with water tankers, bladders and jerrycans. Early afternoon UNICEF was able to operate the water station at Kibeho camp to provide water for the population.

Medical Update

The RPA is reportedly prohibiting the admission of wounded at some hospitals in Butare. At the MSF hospital the RPA is not denying access but is being obstructive and there are several vehicles with wounded waiting to be admitted.

Merlin has two full medical teams in the area as of this afternoon (23 April), comprising a total of three doctors, three nurses and two logisticians. Today Merlin treated 300-400 people, mostly suffering from wounds caused by machetes or stones; some showed signs of having been beaten.

In addition to the 54 casualties ICRC evacuated to Groupe Scolaire Hospital in Butare this afternoon via UNAMIR transport (see IOC IDP Update 23 April, 1500 hrs.), two additional UNAMIR vehicles reportedly left Kibeho camp with casualties. Numbers of wounded being transported are still unconfirmed. UNAMIR medical operations reports no additional casualties are being moved tonight by air or road.

Scolaire Hospital in Butare this afternoon via UNAMIR transport (see IOC IDP Update 23 April, 1500 hrs.), two additional UNAMIR vehicles reportedly left Kibeho camp with casualties. Numbers of wounded being transported are still unconfirmed. UNAMIR medical operations reports no additional casualties are being moved tonight by air or road.

WHO sent a team to the IDP camps to investigate the status of a possible outbreak of cholera after five cases were reported on April 22 (see IOC IDP Report 22 April, 2100 hrs.). As of 1700 hrs. today (23 April) the preliminary results of the WHO mission do not appear to indicate there is a cholera outbreak. MSF and ICRC report meningitis has been confirmed at Kibeho camp.

Coordination Meetings in Kigali

The IOC in Kigali continues to serve as the focal point for humanitarian operations. The time of the daily morning meeting on the current situation previously scheduled for 0800 hrs. has been changed to 0900 hrs. so it will not conflict with the morning meetings scheduled at UNAMIR. The daily meeting held in the afternoon is still scheduled for 1700 hrs.

Coordination Meetings in Butare

IOC/Butare reports continual coordination regarding field operations. Every morning at 0730 hrs. NGOs, IOs, U.N. agencies and UNAMIR meet to coordinate the tasks of the day. Each evening the Director General of MINIREISO holds a meeting at 1700 hrs in the Butare Prefecture. UNAMIR continued to be flexible in rescheduling meetings at Tac HQ to accommodate the schedule of NGOs.

NEW REPORTS - UNAMIR have sent 14 trucks to Kibeho this morning, and others further south. Helicopters are on standby. A C130 Hercules transport aircraft will be sent to Butare after its arrival in Kigali from Nairobi today, for transport of casualties if needed.

KIBEHO - The situation in Kibeho is now reported as stable, with RPA burying some dead. Estimates of numbers of dead are varying widely at this stage.

JERRY CANS - An urgent need reported by UNRWO BUTARE this morning is for thousands of jerrycans. UNHCR has made jerrycans available and UNAMIR has agreed to provide transport for them today. Other sources are now being investigated.

IDP SPECIAL UPDATE

APRIL 22, 1995 - AS AT 2100 HRS.

The following update is a compilation of reports from representatives of the IOC: the Government of Rwanda, NGOs, IOs, UNAMIR and U.N. agencies. This document is a summary of events that have been corroborated as of 2100 hrs on April 22, 1995.

SITUATION IN THE CAMPS

--Camp closures

Reports claim that Ndagamo camp appears to be empty of former camp residents.

Ruramba and Buhoro IDP camps were also reported to be vacant of IDPs.

--Security

Much shooting was reported overnight (April 21/22) in Kibeho camp. Initial reports gave the resulting number of dead between 50 and 60, with many wounded.

--Kibeho camp experienced much firing the morning of April 22 which resulted in many deaths. Initial reports state the RPA fired on IDPs (weapons included rocket-propelled grenades) in order to control an attempted break-out from the RPA cordon. There are initial reports that armed IDPs were in the camp, and that some firing came from IDPs. The situation was partially controlled by 1400 hrs., however renewed firing was reported at 1700 hrs. Some firing continued into the night. Casualties are estimated at around 1,000 dead and hundreds wounded, but these figures should be treated as very preliminary.

--Unaccompanied Children

By nightfall about 200 unaccompanied children were in the UNAMIR compound at Kibeho, many under 3 years of age, all in urgent need of evacuation.

--Medical

A medical team of the Australian Medical Battalion (Ausmed) and ICRC, MSF and Caritas have been operating in Kibeho. All personnel withdrew, however, when the security situation made medical assistance impossible. Ausmed is presently located at the UNAMIR position in Rwamiko. Medical NGOs and Ausmed are prepared to return to the camp as soon as the security situation is clear.

Efforts are being undertaken to increase the medical facilities at Butare and Gikongoro and possibly to re-establish the MSF hospital in Kibeho camp. Contingency planning for possible mass casualty evacuation to Kigali will require increased capacity at King Faisal Hospital. For this, Ausmed is seeking approval from the Government and assistance from U.N. agencies and NGOs.

Cases of cholera are increasing (5 cases confirmed) and dysentery is becoming more widespread in the camps and amongst those populations moving from the camps to the home communes. The medical NGOs are coordinating their activities from Butare and are planning to fortify medical surveillance in the home communes.

--Water/Sanitation

Water for drinking is being provided in all of the RPA-controlled camps in limited quantities. Sanitation facilities are less than adequate.

--Transport

IOM/ Butare is coordinating transport in the field. Presently the highest priority is being given to the evacuation of casualties. Currently 39 trucks and 30 buses have been made available by IOM and UNHCR. UNAMIR is providing 28 trucks and is attempting to have additional vehicles made available.

--Foot convoys

A large number of IDPs, estimated between 7-10,000, reportedly entered Nyakizu commune today. Runyinya also received foot convoys which early reports estimate at 4-5,000. Attacks on foot convoys by bandits have been reported.

--Access to camps

Many humanitarian relief organizations continue to find their aid restricted and work limited by intermittent denial of access to the camps by the RPA.

SITUATION IN COMMUNES RECEIVING RETURNING IDPS

--Open Relief Centers

Open Relief Centers (ORCs) operated by Feed the Children/Europe have been opened/re-established in the following communes: Runyinya, Nyakizu, Gishamvu, and Huye. Basic shelter, water and biscuits are being provided. Reports state the arriving population is using local buildings for shelter as well as plastic sheeting.

IOC COORDINATION

--Coordination meetings

On April 22 a Heads of Agency meeting was held at the IOC in

IOC COORDINATION

--Coordination meetings

On April 22 a Heads of Agency meeting was held at the IOC in Kigali to review the current situation.

--IOC/Butare office strengthened

On April 23 coordination meetings will be held at UNAMIR Technical Headquarters in Butare at 0730 hrs. and 1700 hrs.

1. GENERAL SITUATION. THE SITUATION REMAIN TENSE BUT STABLE. LESS STABLE AT ISHARA. MANY BOATS (ESTIMATED 10) WERE ENGAGED BY RPA AT ISHARA GR 0044 CLOSE TO SHORE. THIS IS THE LARGES ATTEMPTED LANDING KNOWN AT THIS TIME. LOCALS IN NAYAMASHEKE/ISHARA ARE FLOCKING TO THE GED HOSPITAL WHICH IS ALREADY OVERFLOWING. THEY ARE ALSO GATHERING AT MILOB RESIDENCE PLEADING FOR PROTECTION. ETHIOBAT WILL PROVIDE WHAT SECUR IT CAN. ATTACKERS HAVE REPEATEDLY REPORTED LATELY THAT THEY ARE NOW COMING AFTER THEIR OWN HUTU PEOPLE BECAUSE THEY DID NOT LEAVE RWANDA AND COME TO UWI AS THEY WERE TOLD TO IN LETTERS ISSUED OVER THE PREVIOUS WEEKS. IN CYATO SECTOR A MAN AND HIS WIFE WERE MURDERED NIGHT OF 5/6 APRIL GRID 8119. THIS IS THE FOURTH INCIDENT IN THE AREA IN LAST WEEK. WFP TRUCKS REMAIN IN KAMEMBE AREA, PREDOMINANTLY AT RUZIZI TWO BORDER POST. THERE IS A MARKED INCREASE IN RPA ACTIVITY ALONG THE BUGARAMA ROAD TO KAMEMBE. WITH THE INCREASE OF INCIDENTS AND REQ FOR INFO FROM 4C, THE LACK OF ABILITY TO PATROL TO DIFFERENT SECTORS HAS SEVERELY LIMITED OUR POTENTIAL AND ABILITY. THERE IS NO INFO AVAL TO CONFIRM OR DENY THE RUMOUR OF 30 PRISONERS TAKEN FROM CYANGUGU PRISON TO THE FOREST. MILOBS, HUMAN RIGHTS AND ICRC ARE AWARE OF THE RUMOUR AND ARE ASSISTING. A REPORT YESTERDAY OF A MINE EXPLODING IN SHANGI IN GAFUNZO COMMUNE 2 DAYS AGO WAS AGAIN UNABLE TO BE VERIFIED DUE TO NO VEH.

(2) RPA QUESTIONED AGAIN TODAY REGARDING WFP TRUCKS. IT IS CONFIRMED IT IS TO INTIMIDATE FRGF/CRIMINALS ON OTHER SIDE, AND THAT IT WAS THE DECISION OF THE GOVT, AND ORDERS DID INDEED COME FROM KIGALI. THEY, LIKE US ARE WAITING FOR ORDERS OF WHEN TO ALLOW PASSAGE. MEANTIME, SOLUTIONS ARE BEING QUERIED TO PERHAPS MOVE TRUCKS AWAY FROM THE BORDER POINT AND IMPROVE SECURITY.

(3) RPA AE VISIBLY STEPPING UP THEIR PATROLS ALONG BUGARAMA ROUTE, ESPECIALLY ON IMPORTANT POINTS, JUNCTIONS, ETC. IN MUSHAKA IT APPEARS A PLATOON WITH MG 7.62 CAL AND A BULK OF BELTED AMMO WAS OBSERVED.

(1) MANY BOATS ATTEMPTED LANDING AT ISHARA GR 0044. HEAVY ENGAGEMENT OCCURED WITH RPA WITH MACHINE GUNS AND GRENADES. ONLY ONE BANDIT CONFIRMED KILLED, THREE INJURED, BOATS WITHDREW TO IJWI.

(2) A GROUP OF 10 PERS KILLED A MAN AND HIS WIFE (HAVUGIMANA) AT CYATO KARAMBI CELLULE GR 8119 WITH KNIVES. THEY WERE DRESSED IN CIV CLOTHES AND LOCALS CLAIM THEY WERE FROM THE PREFECTURE, NOT FROM BURUNDI OR ZAIRE. WE HAD MANY QUESTIONS, BUT THEY COULD NOT BE UNDERSTOOD OR ANSWERED. ENTIRE INVESTIGATION WAS DONE IN KINYARWANDAN, AND THE NON-EXISTENCE OF INTERPRETERS IN 4C WAS A DEFINITE DISADVANTAGE TODAY.

integrated operations centre (ioc)

operation retour weekly report 27 march to 2 april 1995

kigali, 3 april 1995

summary

rwamiko camp virtually emptied during the reporting period after a security incident in the camp. movements into camps from communes continued.

nervousness in the camps increased because of the above movements and because of rumours surrounding the forthcoming 6 april anniversary of the start of the genocide. intimidation within camps also continued.

it was agreed that a revitalised plan for the operation retour transport and information campaign should not be launched until some point after the 6 april anniversary, to avoid fuelling rumours by agitators in camps.

a new survey of idp camp populations became available.

security

rwamiko camp incident

at rwamiko camp on 30 mar rpa soldiers opened fire in the market. stories differ as to the reason. some casualties were caused. this led to a mass movement out of the camp (see under ?camps? below).

ndago camp incident

at ndago camp on 29 mar rpa soldiers opened fire, wounding four adults. this was reported to be the result of an agitated crowd stoning an rpa soldier.

numbers

transport was provided from kibeho camp, ndago camp and gikongoro town. a total of 518

idps took operation retour transport during the week, as follows:

27 mar - 230	30 mar - 59
28 mar - 98	31 mar - 73
29 mar - 58	

the total number of people transported home by vehicle under operation retour since it began on 29 dec 94 is now 41,568.

strategy

the revised outline plan, intended to revitalise operation retour, is still with the government for approval. it envisages quick assistance to priority communes (see under ?communes? below). moves to relaunch the transport operation, preceded and accompanied by a relaunched information campaign, will begin at some point after the 6 april anniversary.

camps

exodus from rwamiko camp

there was a mass exodus from rwamiko camp (14 km south of gikongoro) leaving only 50 huts occupied on 3 april, according to ngo personnel. the population of rwamiko until last week was around 20,000. most of those departing appeared to be heading for kibeho camp, the largest of the idp camps, 4 km to the south.

for kibeho camp, the largest of the idp camps, 4 km to the south. this movement follows the 30 mar incident in the camp.

movements to and from kibeho camp

unamir reports that, aside from large movements such as that from rwamiko, about 100 people arrive in kibeho camp each day. most report that they have come from their home communes. there seems to be no large movement out of the camp towards burundi or zaire at present. the camp's population is estimated at 100,000, prior to the movement from rwamiko.

intimidation in kibeho camp

intimidation by camp inhabitants continues in kibeho camp, according to unamir. there has however been no serious violence there for several weeks. unamir deployment within the camp is strong, with foot patrols day and night.

other camps

ndago camp has seen new arrivals from musebeya and muko communes, according to unamir. its population now stands at over 40,000. leaders of other camps have also reported new arrivals this week. unreo reports that attitudes towards international personnel have recently become more aggressive among residents of gisunzu and nyamigina camps.

banditry around camps

the prefet of gikongoro reported that some idps were leaving the camps at night to steal from neighbouring communes. stolen food is then sold in small markets in the camps. he therefore reiterated his plan to impose a curfew on the idp camps between 2000 and 0600 hours, as soon as it can be announced on radio rwanda. he plans also to close the small markets in the camps, perhaps starting in the coming week.

camp populations

a comprehensive survey dated 23 march shows that the current camp population originates largely from the following communes, in order of priority:

commune	prefecture	number	% of total
nyakizu	butare	31,858	12.90
ngenda	kigali rural	30,382	11.93
runyinya	butare	28,039	11.00
gishamvu	butare	15,086	5.92
gashora	kigali rural	13,832	5.43
ntyazo	butare	12,806	4.95
muyira	butare	11,420	4.50
huye	butare	8,134	3.20
mugusa	butare	8,115	3.20
kigembe	butare	8,020	3.15
rusatira	butare	7,574	2.97
mbazi	butare	6,026	2.36
sake	kibungo	5,282	2.07
mubuga	gikongoro	4,532	1.78
ngoma	butare	4,267	1.67
nyabisindu	butare	4,133	1.60
kanzenze	kigali rural	4,093	1.60

note: a previously published list gave different figures for nyakizu. these have here been corrected.

these figures are not fully accurate but are the most accurate available as at 23 march. new movements will alter the composition, but the main areas of origin are unlikely to change dramatically.

communes

movements from communes to camps

following the redeployment of elements of unamir troops from the northern gikongoro area, unamir reports that some people residing there (in musebeya and muko communes) have recently moved south into camps. the acting bourgmestre of kinyamakara in the northern gikongoro area confirmed that a few residents were leaving his commune. this movement may be partly due to banditry attacks in communes near the camps.

access to mugesera commune

access to mugesera commune (kibungo prefecture) by international personnel has been blocked by armed chetxz

SUBJ : SITREP NO.001 FROM 311800 MAR TO 011800 APR 95

1. GENERAL SITUATION.

A. LESS CALM. POPULATION AND NGO'S ARE MORE NERVOUS DUE TO RECENT INCIDENTS OF SHOOTINGS, GRENADES AND PARTICULARLY THE UAE OF MINES. RUMOS OF SUBVERSIVE ACTIVITIES IN THE PREFECTURE REMAIN TO TAKEN SERIOUSLY BY NGO AND UNAMIR PERS. MORE INCIDENTS OF MURDER AND ROBBERY AND CLASHES BETWEEN RPA AND RGF OCCURRED IN LASR 24 HOURS.(NOTE - RGF ARE GPS CONTAINING MIX OF SOLDIER, INTERAHAMWE AND SOMETIMES CIV) ANOTHER INCIDENT OF MINES AT THE SAME LOCATION AS YESTERDAY (ROAD TO MIBILIZI AREA GR830170) OCCURRED TODAY FURTHERING THE ANXIETY OF NGO GPS. SOME ARE NOW SCALING DOWN/RESTRICTING THEIR ACTIVITIES UNTIL FURTHER NOTICE, PARTICULARLY ON NON-MAJOR ROADS. SECOND MINE INCIDENT EXPLAINED FURTHER BELOW. TACTICS TO FURTHER INCREASE INSTABILITY AND COMMITMENT OF MURDER/BANDITRY, ETC ARE CONSIDERED A SOMEWHAT NORMAL OCCURRENCE IN4C. THE USE OF MINES, HOWEVER, CHANGES THE RULES CONSIDERABLY, SINCE NOE UNAMIR AND NGO'S ARE AT LARGER RISK. LOCALS TEND TO BELIEVE THAT THE RELATIVE PEACEFULLNESS LATE LAST WEEK WAS ONLY SOME SORT OF PREP FOR THE NOW APPARENT INCREASE IN INCIDENTS. THERE IS ALSO A VAGUE REPORT OF POSSIBLY OVER 2000RWANDANS RECENTLY ARRIVING IN BKAVU ARES FOR REGISTRATION BY UNHCR.

A. RPA .

(1) SUSPECTED IN KIGALI OF LOCAL EMPLOYED OF NUNS (NAMED HATUEKIMAN) AT NYAMASHEKE APPROX 1930 HRS 31 MAR 95 IN AREA OF MURWA GR 9741. RPA HAD ARRIVED APPROX ONE HOUR EARLIER TO SURVEY THE AREA AND SPEAK WITH THE MAN AFTER THEY HAD LEARNED OF A POSSIBLE RGF AMBUSH OR ROUTINE IN THE AREA. A CIVILIAN HAT (NOT BELONGING TO THE VICTIM) AND A LIVE GRENADE WAS FOUND BY MILOBS AT THE SCENE. THE TYPE OF HAT COULD HOWEVER IMPLY SOMEONE OTHER THAN THE RPA PATROL WERE RESPONSIBLE.

(2) RPA ENGAGED THREE BOATS AT 2400 HRS AT ISHARA PENISULA. PERS IN BOATS RETURNED FIRE AND RETREATED.

(3) A GP OF BANDITS ROBBED HOME OF ALL GOODS AND THE COW OF RUGANENHWARI AT KAVUWE. RPA CLAIM THIS WAS ANOTHER FAKE ROBBERY AND ARRESTED THE MAN. RPA KNOW THAT HIS SON IS A MEMBER OF ONE OF THE GROUPS RESPONSIBLE FOR THE ROBBERIES.

B. RGF.

(1) AT GASHARO GR 9838 ALONG NYAMASHEKE RD AT 2330 HRS A GP OF BANDITS, SOME DRESSED IN COMPLETE MILITARY ATTIRE, ENGAGED RPA PATROL AND INJURED ONE RPA SOLDIER WITH A GRENADE. THIS SAME GP IS BELIEVED TO HAVE CONTINUED ONWARD AND COMMITTED ONE OF THE ROBBERIES OF THE SAME NIGHT.

(2) AT KAGARAMA GR 9633 A GP OF BANDITS, SOME IN MILITARY DRESS, COMMITTED A ROBBERY. WHEN LOCALS TRIED TO WARN RPA AND UNAMIR OF THE INCIDENT BY BEATING ON DRUMS, THE GP SHOT AND KILLED ONE MAN, THEN CONTINUED WITH THE ROBBERY.

C. OTHER.

C. OTHER

(1) UNKNOWN PERS PREVIOUSLY LAYED ANTI TANK/OR TRANSPORT MINE OF ROAD CLOSE TO MIBILIZI CLINIC AND SEVERAL ANTI-PERS MINES. ONE ANTI-TPT AND ONE ANTI-PERS WERE DETONATED YESTERDAY AS REPORTED. TODAY AT APPROX 1000 HRS FOUR LOCALS RWANDAISE PERS WERE INJURED (TWO VERY SERIOUSLY) WHEN ANTI-PERS MINES WERE TRIPPED. IT IS UNKNOWN IF ONE OR MORE MINES WERE DETONATED, BUT THE DEVICE(S) WERE LOCATED ONLY A FEW METERS BEHIND THE WRECKAGE OF THE VEH BLOWN YESTERDAY. IT IS ASSUMED THESE MINES WERE LAYED AT THE SAME TIME AS THE OTHERS WERE, MOST LIKELY AROUND THE 30/31 MAR. IT ALSO POSSIBLE HOWEVER THAT THESE ANTI-PERS MINES DETONATED TODAY WERE PLANTED LAST NIGHT IN THE CERTAINLY THAT SOME ONE WOULD BE RUMMAGING AROUND THE WRECKAGE OF THE TRUCK.

(3) CIVIL AFFAIRS.

IT IS BELIEVED BUT NOT CONFIRMED THAT THE MARKET IN KAMEMBE WILL CLOSED THROUGHTOUT ALL NEXT WEEK.

4. OWN ACTIVITIES.

A. PATROL WERE CONDUCTED IN AREA OF RESPONSIBILITY.

B. ANINCIDENT OF BANDITRY WAS REPORTED TO HAVE OCCURRED AT NGOMA GR 9637, HOWEVER, DUE TO THE WEATHER AND BAT ROADS THE PATROL COULD NOT REACH THE SCENE TODAY.

5. HUMANITARIAN.

A. SHORT MEETING WITH NGO'S AND MILOBS CONDUCTED TODAY TO PASS INFO ON LASTEST AND MEKE PREP FOR MEETING ON SECURITY (TO INCL ETHIOBATT) LATER IN THE WEEK TO DISCUSS SOME COMMON GUIDELINES AND MEASURES FOR USE BY ALL DURING THIS TIME OF ACTIVITY.

OPERATION RETOUR SPECIAL UPDATE
APRIL 22, 1995 - AS AT 2100 HRS.

The following update is a compilation of reports from representatives of the IOC: the Government of Rwanda, NGOs, IOs, UNAMIR and U.N. agencies. This document is a summary of events that have been corroborated as of 2100 hrs on April 22, 1995.

SITUATION IN THE CAMPS

--Camp closures

Reports claim that Ndago camp appears to be empty of former camp residents. Buramba and Buhoro IDP camps were also reported to be vacant of IDPs.

--Security

Much shooting was reported overnight (April 21/22) in Kibeho camp. Initial reports gave the resulting number of dead between 50 and 60, with many wounded.

--Kibeho camp experienced much firing the morning of April 22 which resulted in many deaths. Initial reports state the RPA fired on IDPs (weapons included rocket-propelled grenades) in order to control an attempted break-out from the RPA cordon. Some firing was also reported to come from IDPs. The situation was partially controlled by 1400 hrs., however renewed firing was reported at 1700 hrs. Some firing continued into the night. Casualties are estimated at around 1,000 dead and hundreds wounded.

--Unaccompanied Children

By nightfall about 200 unaccompanied children were in the UNAMIR compound at Kibeho, many under 3 years of age, all in urgent need of evacuation.

--Medical

A medical team of the Australian Medical Battalion (Ausmed) and ICRC, MSF and Caritas have been operating in Kibeho. All personnel withdrew, however, when the security situation made medical assistance impossible. Ausmed is presently located at the UNAMIR position in Rwamiko. Medical NGOs and Ausmed are prepared to return to the camp as soon as the security situation is clear.

Efforts are being undertaken to increase the medical facilities at Butare and Gikongoro and possibly to re-establish the MSF hospital in Kibeho camp. Contingency planning for possible mass casualty evacuation to Kigali will require increased capacity at King Faisal Hospital. For this, Ausmed is seeking approval from the Government and assistance from U.N. agencies and NGOs.

Cases of cholera are increasing (5 cases confirmed) and dysentery is becoming more widespread in the camps and amongst those populations moving from the camps to the home communes. The medical NGOs are coordinating their activities from Butare and are planning to fortify medical surveillance in the home communes.

Cases of cholera are increasing (5 cases confirmed) and dysentery is becoming more widespread in the camps and amongst those populations moving from the camps to the home communes. The medical NGOs are coordinating their activities from Butare and are planning to fortify medical surveillance in the home communes.

--Water/Sanitation

Water for drinking is being provided in all of the RPA-controlled camps in limited quantities. Sanitation facilities are less than adequate.

--Transport

ICM/ Butare is coordinating transport in the field. Presently the highest priority is being given to the evacuation of casualties. Currently 39 trucks and 30 buses have been made available by ICM and UNHCR. UNAMIR is providing 28 trucks and is attempting to have additional vehicles made available.

--Foot convoys

A large number of IDPs, estimated between 7-10,000, reportedly entered Nyakizu commune today. Runyinya also received foot convoys which early reports estimate at 4-5,000. Attacks on foot convoys by bandits have been reported.

--Access to camps

Many humanitarian relief organizations continue to find their aid restricted and work limited by intermittent denial of access to the camps by the RPA.

SITUATION IN COMMUNES RECEIVING RETURNING IDPS

--Open Relief Centers

Open Relief Centers (ORCs) operated by Feed the Children/Europe have been opened/re-established in the following communes: Runyinya, Nyakizu, Gishamba, and Huye. Basic shelter, water and biscuits are being provided. Reports state the arriving population is using local buildings for shelter as well as plastic sheeting.

IOC COORDINATION

--Coordination meetings

On April 22 a Heads of Agency meeting was held at the IOC in Kigali to review the current situation.

--IOC/Butare office established

On April 23 coordination meetings will be held at UNAMIR Technical Headquarters in Butare at 0730 hrs. and 1700 hrs.

IDP MIDDAY UPDATE

APRIL 23, 1995 -- 1500 HRS

The following update is a compilation of reports from representatives of the IOC: the Government of Rwanda, NGOs, IOs, UNAMIR and U.N. agencies. This document is a summary of events that have been corroborated as of 1500 hrs on April 23, 1995.

Kibeho Camp Update

The security situation in Kibeho camp continued to be unstable throughout the night of 22/23 April. Initial reports confirm that several thousands have died. Ausmed Casualty Collection Point (CCP) commenced casualty clearance and were reportedly the only medical support at Kibeho camp. The RPA was seen reportedly burying bodies in Kibeho and UNAMIR has requested bulldozers for mass burials. Late in the morning (23 April) shooting resumed between RPA and camp residents in the area of the MSF hospital, although it only lasted for a short period. As of 1345 hrs, 8,000 former residents of Kibeho camp were reportedly being escorted by the RPA in the direction of Butare. Milobs are monitoring the situation and report approximately 20 trucks have left Butare to meet the IDPs to transport them to home communes.

Access to Camps

There are serious problems with access to Kibeho camp. As of 1145 hrs it was reported that NGOs have not been allowed to enter the camp today. By 1300 hrs, ICRC was given the necessary clearances to enter Kibeho to evacuate casualties.

Latest Developments in Kamana and Munini Camps

Reports indicate the RPA is digging trenches around Kamana camp (estimated population 40,000) and it is believed the RPA will start moving the IDPs from the camp. There are also reports that the RPA in Munini camp are directing people to begin walking to their home communes.

Status of Recent Foot Convoys

Several thousand people arrived in Ruyinya commune today and have dispersed into their sectors after being given food and water. Approximately 1,000 former IDPs entering the commune who are not from the commune are being denied food and water. AICF is providing medical assistance and UNHCR is providing water and biscuits to thousands of returnees who have been arriving at the Butare waystation. Several thousand people who walked throughout the night from Kibeho to Butare were directed to the stadium where Marika and MSF/Belgium have set up medical posts. UNICEF

biscuits to thousands of returnees who have been arriving at the Butare waystation. Several thousand people who walked throughout the night from Kibeho to Butare were directed to the stadium where Merlin and MSF/Belgium have set up medical posts, UNICEF and Concern are providing water, and Concern and CARE/Australia are distributing biscuits. Many of those arriving at the stadium are sick or wounded. Presently reports claim the RPA have begun to escort the people out of the stadium.

The RPA continues to escort the foot convoys. No UNAMIR troops have yet been made available to serve as escorts. Reportedly people are being attacked by civilians as they are walking.

Situation of Unaccompanied Children

The situation of unaccompanied children continues to be a particular concern. As of 1100 hrs a total of 350 unaccompanied children were reported to be gathered at the Zambali compound in Kibeho, 200 of which were evacuated by ICRC early afternoon. An unknown number of children have been left at the waystation in Butare and as people leave the stadium there is concern more children will be left behind. UNICEF, FTC, Terre des Hommes, SCF/UK and CARE are working to address the needs of this vulnerable group.

Medical Update

UNAMIR medical operations report that ICRC will set up a field hospital in Kigeme. Swiss Corporation is sending two anesthetists and one surgeon to Butare. On April 22, MSF/Belgium opened a medical waystation in Runyinya and plans to be operational in Nyakizu this evening and tomorrow (April 24) in Gishamvu. Groupe Scolaire, run by MSF/France in Butare received an emergency evacuation of three priority cases via helicopter at 1400 hrs and 51 additional casualties evacuated by ICRC are currently en route for the hospital via UNAMIR trucks.

The Government of Rwanda has approved King Faisal Hospital as the main medical facility for the most serious cases where two Rwandan surgical teams and one international team (MDM and Belgian Red Cross) are based. A Rwanda surgical team is also based at Central Hospital of Kigali (CHK) where Samaritan's Purse is currently operational. MSF is setting up tents at CHK for post-operations after which the patients will be transferred to King Faisal.

Security Situation in the Home Communes

Reports from the nine priority communes in Butare Prefecture (Nyakizu, Runyinya, Gishamvu, Ntyazo, Muyira, Huye, Mugusa, Kigeme and Rusatira) indicate that returning IDPs are often attacked upon arrival. Reports include incidents of former camp residents being beaten with stones. The situation is reported as tense. UNAMIR troops in Gitarama are on the alert and reinforcements from Kigali will be sent to Butare and Runyinya.

Commodities En Route for Home Communes

SCF/UK has available 13,000 blankets, and 12,000 jerrycans, 8,000 buckets, 150 rolls of plastic sheeting, 8,000 cooking pots, 1,000 boxes of soap and plastic cups and plates for use by returning IDPs. This morning (23 April) UNAMIR transported 1,600 blankets, 4,900 jerrycans and plastic cups and plates to Butare.

Government of Rwanda

The President of Rwanda, RPA Chief of Staff, and Ministers of Justice and Interior visited Kibeho camp today.

The Ministry of Rehabilitation and Social Integration (MINIREISO) has reportedly sent four people to Butare to assist with coordination. Two of the representatives will be involved in the

The Ministry of Rehabilitation and Social Integration (MINIREISO) has reportedly sent four people to Butare to assist with coordination. Two of the representatives will be involved in the home communes, one will help to resolve transport issues and one will focus on the situation of unaccompanied children.

Coordination Meetings in Kigali

The IOC in Kigali continues to serve as the focal point for humanitarian operations. Daily meetings on the current situation and NGO, U.N. agency, and donor coordination are scheduled for 0800 hrs and 1700 hrs. Today at 0830 hrs the IOC also held a meeting to coordinate medical assistance to the emergency.

Coordination Meetings in Butare

IOC/Butare reports coordination is good. Every morning at 0730 hrs. NGOs and U.N. agencies meet to coordinate the tasks of the day. Each evening the Director General of MINIREISO holds a meeting at 1700 hrs. UNAMIR meetings at Tac HQ are being rescheduled to accommodate the schedule of NGOs.
