Dear Mr. Michael Fletcher,

In accordance with the provisions of Staff Rule 105.2(a), the Office of Human Resources Management has approved your request for special leave without pay commencing 01 January 1995 for a period of one year. Your attention is drawn to paragraph (c) of the same rule concerning the accrual of entitlements during full months of special leave on partial pay or without pay. Thus, during the period of your leave, you will not accrue service credit towards sick, annual, home or maternity leave; salary increment, termination indemnity, repatriation grant or seniority in grade for promotional or other purposes. Additionally, any balance of the accrued annual leave will be frozen as of 01 January 1995 for the duration of your absence.

If you wish to make your period of special leave without pay contributory service for pension purposes, you will have to make payment of the full contributions, i.e., both the staff member's and the Organization's contributions, concurrently with the period of SLWOP (articles 22(b) and 22(b)(i) of the Regulations of the United Nations Joint Staff Pension Fund). Please bear in mind that it will not be possible to do so upon your return to active service. Before the commencement of your leave, you must in that case make arrangements for monthly payment of pension contributions during your SLWOP with the Payroll Unit at Headquarters or with the office responsible for salary payments at other duty stations. Any questions you may have concerning your Pension Fund participation should be directed to the Secretariat of the Pension Fund.

It is possible under certain conditions to retain coverage during period of special leave without pay in the Organization's various group insurance schemes. You may wish to contact the Insurance Unit, Room S-2765 directly.

I trust that the above information will be of assistance to you, but if you have any further questions, please do not hesitate to contact this office.

Yours sincerely,

N. Lakshminarayan, Personnel Officer
Office of Human Resources Management

Mr. Michael Fletcher

The above notification procedures do not in anyway, preclude you from notifying the relevant bank(s) which must also be done immediately.

4. We wish to point out that fraud and presumptive fraud cases are not limited to cash alone. Any case involving missing cheques is to be treated as presumptive fraud (i.e. the above procedures would be applied accordingly). Examples of recent non-cash cases of fraud, which are putting the Organization's funds in jeopardy are:

- *passing of counterfeit notes*
- *making of claims with intent to defraud the Organization*
- *fraudulent use of telephone facilities*
- *fraudulent signatures*

Whenever in doubt as to what constitutes fraud, please do not hesitate to contact our office for advice. Your strict adherence to these procedures would be greatly appreciated.

SUBJECT: Procedure to be followed in cases of fraud or presumptive fraud involving the improper use of funds
OBJET:

1. I am sending this memorandum to every Head of Administration and to every Head of Finance with a copy to their respective Heads of Office. I should be grateful if you, in turn, could ensure that copies are distributed to staff members in your office.

2. In the application of the financial rules and related procedures, Chiefs of Administration and Finance are directly responsible to the Controller and as such should report directly to him whenever they have difficulties in ensuring that the rules and procedures are properly applied. I have reasons to believe, in the light of events that have recently come to my attention, that some confusion may exist regarding the procedure to be followed in cases of fraud or presumptive fraud involving the improper use of funds. The purpose of this memorandum is to clarify the procedure that must be followed in such cases.

3. Whenever a case of fraud or presumptive fraud involving the improper use of funds, whether from the regular budget or extra-budgetary sources, is discovered, the Chief of Administration and/or the Chief of Finance should immediately notify me, directly and in writing, and provide me with all the relevant information. Copy of the notification addressed to me should also be immediately forwarded to the Head of the Office and to the Director, Internal Audit Division. Following receipt of the notification, the Internal Audit Division will, if necessary, carry out an investigation.

4. I would like to emphasize the responsibility of Chiefs of Administration and/or the Chiefs of Finance in that respect. The Chief of Administration and/or Finance concerned will be held personnally responsible should it be determined, in the course of routine audit reviews, that cases of fraud or presumptive fraud involving the improper use of funds have been identified but have not been reported to the Controller.

URGENT

*1. With reference to the frequent requests for changes to the Panel of Bank Signatory holders, this is to inform all missions that individuals can only be given Bank Signatory Authority prospectively and **NOT** repeat **NOT** retroactively.*

2. We have discovered some instances where this authority has been requested on a retroactive basis, which implies that the staff member in question has already been writing cheques. We would like to point out that bank signatory authority must be approved first by headquarters and then transmitted to the respective bank(s). Consequently, no staff member can be given bank signatory authority until these two steps have taken place. To do otherwise, would in effect, be analogous to writing checks before opening a checking account.

*3. In addition, any request for Bank Signatory Authority, should be submitted to Headquarters **at least two weeks prior** to the date for which you are seeking the authority.*

4. On a slightly different note, I would also like to point out that only the Assistant Secretary General for OPPBA (the Controller) has the authority to open and close United Nations Bank Accounts, as promulgated in the United Nations Financial Manual (Section 7.017).

UNAMIR (Rwanda)

The general situation remains calm. Refugees and displaced persons continued to return to their homes. The local population in the humanitarian protective zone (HPZ) remained apprehensive about the withdrawal of the French troops. The Rwandese Peoples Army (RPA) continued to conduct 24-hour patrols in KIGALI at night in order to restore law and order. The RPA also continued to coordinate humanitarian activities with UNAMIR and NGOs. The armed forces of the former "interim government" continued to be in evidence in camps around GOMA, and is reportedly to be involved in looting and acts of banditry in the HPZ. They were also regrouping in BUKAVU and encouraging locals in the HPZ to leave the area. UNAMIR's efforts focused on drawing the population eastward (including refugees from Zaire and displaced persons in the HPZ), and reassuring the population in the HPZ by providing of humanitarian aid and the deployment of UNAMIR troops. The Force Commander and the SRSG visited KIBUYE to assess the military and humanitarian situation in the area. Troops from Canada, United Kingdom, Ghana, and Ethiopia continued to arrive in the mission area. As of 16 August, the UNAMIR troop strength surpassed the 2,000 level. USA forces continued to coordinate with UNAMIR on humanitarian air activities.

UNPROFOR (Former Yugoslavia)

CROATIA:

Following the Security Council's Presidential Statement, the Government of Croatia agreed to open all 19 crossing points to the UNPAs. The blockade imposed on Bosnian Serbs by the FRY is also causing shortages of gasoline in the UNPAs. The BSA twice shelled the Dubrovnik airport area.

BOSNIA and HERZEGOVINA:

Pressure on the Bosnian Serbs to accept the Contact Group's peace plan continued to mount. Serbian President Milosevic sealed the BH-FRY border to all goods other than food, clothing and medicine sent so far. The USA President announced his intention to request that the Security Council lift the arms embargo should the Serbs fail to endorse a peace plan by 15 October. Only two food convoys entered Sarajevo since the beginning of July. Tension persists at the Weapons Collection Points (WCPs) in the SARAJEVO exclusion zone. Because of continuing BiH offensive military activity near Visoko and Breza at the edge of the Sarajevo exclusion zone BSA forces made several attempts to retrieve heavy weapons. The BiH 5th Corps continued to advance against Abdic forces in the BIHAC pocket.

UNOSOM II (Somalia)

The overall situation in MOGADISHU remained relatively calm throughout the covering period; confrontations were primarily between Somalis. Roadblocks were erected in and around the city without hindering the movement of UNOSOM vehicles. Deteriorating security at the seaport, however, has prompted humanitarian shipments to be diverted to other points of entry.

In North MOGADISHU, the situation remained calm but tense, and there were concerns about the number of technicals which continued to patrol the streets. The Sub-zone Director was visited by Mr. Ali Mahdi and Mr. Hussein Bode who briefed him on their meeting with the Imam of HIRAB in ADALE. They also advised that they were ready to discuss peace at the Hawiye Reconciliation Conference because differences within the Mudulod clan had been resolved. The SRSG and the A/DSRSG met with the Imam of HIRAB to discuss the prospects of the Hawiye Reconciliation Conference. The Imam confirmed that both General Aidid and Mr. Mahdi have agreed to participate in the conference. Negotiations continued for the release of Ms. Lena Tierlanded, a Swedish employee of the NGO International Aid Sweden, who was kidnapped on 07 August in the HAMAR JAB-JAB districtof MOGADISHU.

In BAIDOA, a UNOSOM vehicle with one international staff member and two local guards was ambushed and stolen by approximately 20 gunmen. In the same city, a 210-signature petition from Somalis was sent to the UN Secretary-General, the President of the USA, and UNOSOM II. The document recognizes the

humanitarian assistance provided by UNITAF, UNOSOM, UN agencies, and NGOs, but expressed concern over reports of any planned withdrawal of UNOSOM forces from Somalia.

On the humanitarian point of view, and following reports of cases of mild and severe malnutrition, a team of UNOSOM officials, two doctors from the Indian forces, and an SPM representative visited five IDP camps in the KISMAYO area. They observed that the approximately 1,600 families in these camps lacked adequate food, shelter, and cooking utensils, and that the children showed the most obvious signs of malnutrition. The immediate provision of food and other humanitarian assistance has been recommended, to avert deaths from disease and starvation.

ONUMOZ (Mozambique)

On 12 August, the nine-member delegation of the Security Council concluded its visit to Mozambique and will report to the Security Council on 18 August. On 16 August, the Government Army was formally disbanded at a ceremony in MAPUTO. At this ceremony, the Minister of Defence and the Chief of Staff of the army were demobilized. President Chissano's demobilization ceremony was held on 12 August. The 16 August event marked the conclusion of the formal disbanding process, and the handing over by the former Government army of its infrastructures and equipment to the Armed Forces for the Defence of Mozambique (FADM). On 15 August, the Cease-Fire Commission (CCF) approved a plan for the verification of the completion of assembly and demobilization. On the same day at midnight, all assembly areas were scheduled to be officially closed but in practise, the encampments will remain open until 22 August. The second cycle of new army training started. The security situation in the country deteriorated.
The National Elections Commission (CNE) approved a five-day extension to 20 August of the deadline for general voter registration. The extension to 20 August had earlier been reserved strictly for so-called special cases, such as returning refugees and recently demobilized soldiers. The CNE has established the period from 16 to 29 August for the submission and registration of candidates for the presidential and legislative elections.

UNOMIL (Liberia)

The situation in Liberia is looking bleaker. The Council of State of the Liberian National Transitional Government seems powerless to install the government fully. The factions continue to hold territory while calling for the benefits of an inclusive Government. Command and control problems abound within every faction. Population displacement from the counties in the south-east and west continues unabated, increasing with every new wave of fighting and with each report of atrocities against civilians. ECOMOG is still not fully deployed and UNOMIL has recently withdrawn from the western region, after the 28 June abduction of unarmed UN military observers and looting of the regional headquarters. The split in ULIMO seems unresolved and AFL, LPC, and the Krahn wing of ULIMO seem to be realigning with breakaway NPFL officials. Disarmament has now virtually ceased. An initiative for a National Conference, which would involve various civilian organizations and the warring factions, is intended to reinvigorate the peace process. .

UNAVEM II (Angola)

Political discussions in Lusaka continued to make some progress on outstanding issues. During the week, low intensity military operations were observed. In the northern provinces, the Government seems to be determined to dominate the diamond-rich areas of CAFUNDO and has consolidated its defensive position in BUCO-ZAU UNITA has continued its guerrilla activities in the areas controlled by the Angola Armed Forces (FAA). The situation in the central provinces remained tense, particularly in CUANZA SUL. The FAA has consolidated its forces in KUITO and EBO. In the southern provinces, UNITA conducted small scale attacks on QUILENGUES.
During the week, the humanitarian situation improved slightly when the Angolan Government authorized WFP cargo flights to HUAMBO. However, UNITA has continued to deny humanitarian flights to KUITO and MALANGE, where the cases of starvation and malnutrition have increased. A delegation from the USA Government visited Angola to review the issues related to the overall humanitarian effort in Angola.

UNOMIG (Georgia)

The general situation was calm. The Abkhaz side continues to refuse addressing the refugee issue until Georgian forces complete their withdrawal from the KODORI valley. Some Georgian forces and their heavy military equipment remain in the valley. The Georgians fear that their withdrawal would leave the valley's inhabitants (the Svans) unprotected against possible Abkhaz aggression. The Svans have asked for guarantees of safety from UNOMIG and the CIS peace-keeping force. UNOMIG continues to patrol regularly the Georgian and Abkhaz side of the valley. The CIS peace-keeping force intends to establish a post on the Georgian side of the valley. A joint meeting was held in AZHARA, a village near the Kodori valley, where representatives of UNOMIG, the CIS peace-keeping force, the Georgian Government and Abkhaz authorities were present. Discussions focused on interpretations of the 14 May Agreement.

UNMIH/MICIVIH (Haiti)

The co-sponsors of resolution 940 (1994) met with the Secretary-General to discuss the possibility of its peaceful implementation. A special mission to Haiti for that purpose was considered in order to persuade the *de facto* military leadership to leave the country.

MINURSO (W.Sahara)

On 08 August, the Deputy Special Representative of the Secretary-General returned from meetings in TINDOUF and RABAT. He had discussed the steps necessary to begin identification as soon as the observers nominated by the President of Tunisia, the current Chairman of the Organization of African Unity, reached the area. There continue to be difficulties in organizing the arrival of these observers. On 10 August, the Deputy SRSG conveyed in writing to the Moroccan authorities and the POLISARIO a programme and timetable, according to which all the tribal leaders concerned, as well as the observers and the representatives of the parties, would be assembled in LAAYOUNE and TINDOUF respectively. The cease-fire continues to hold. No violations were reported.

UNIFIL (Lebanon)

Armed elements conducted two minor attacks in the Irish battalion sector. The siege of Yohmor (located outside UNIFIL's area of deployment) by Israeli forces continued. Media reports indicate that several air attacks were conducted against Hizbullah positions north of UNIFIL's area of deployment.

UNMOGIP (India/Pakistan)

Hostilities continued at the same level. On 14 August, four rockets exploded close to the UN Field Station at Poonch. No casualties or damage were suffered.

ONUSAL (El Salvador)

On 9 August, the Chief of Mission met with the Political Commission of the Legislative Assembly to suggest a programme for accelerating the approval of pending legislation emanating from the recommendations of the Truth Commission. ONUSAL and the "Procuraduria" are ready to start the joint verification of the human rights situation. Six ONUSAL working groups have been set up to follow-up compliance with recommendations to correct irregularities in the National Civil Police and to improve the National Academy of Public Security. According to ONUSAL regional offices, the agricultural technical assistance programme is still in its preliminary stage of identifying and getting in touch with beneficiaries. Compensation payments to demobilized soldiers from the Armed Forces of El Salvador continue.

UNDOF (Syria)

A regular inspection of the area of limitation was carried out. UNDOF reported several violations by a T-55 tank, and Syrian soldiers engaged in mine clearing in the area of separation.

UNIKOM (Iraq/Kuwait)

On 12 August, a UNIKOM vehicle patrolling the DMZ on the Iraqi side of the border, north of Safwan was ambushed by unknown assailants armed with automatic weapons. The vehicle was carrying three members of the Bangladesh battalion, one of whom was shot and killed. The others escaped. The assailants took the vehicle. UNIKOM is investigating. UNIKOM has written to the Iraqi authorities expressing serious concern at the incident, requesting that it be investigated and the attackers brought to justice. The Iraqi authorities have expressed their regret at the incident, and promised to do whatever they can to apprehend the attackers. The stolen vehicle was recovered on 15 August by the Iraqi authorities completely stripped of its contents, including the motor.

UNFICYP (Cyprus)

The military activity by both sides remained at a low level during this major Cypriot holiday period. On 13 August, the Famagusta Refugee Association mounted a peacful demonstration at Dhernia.

UNTSO (Arab-Israeli theatre)

No developments.

FROM: UNAMIR, KIGALI

WEEKLY SITREP COVERING PERIOD 08 TO 14 AUG 94

1. **HIGHLIGHTS.** THE OVERALL MILITARY SITUATION IN RWANDA CONTINUED TO REMAIN CALM. REFUGEES AND DISPLACED PERSONS CONTINUED TO RETURN TO THEIR HOMES. LOCALS IN THE HPZ REMAINED APPREHENSIVE ABOUT THE WITHDRAWAL OF THE FRENCH TROOPS. THERE WERE REPORTS OF THE CONTINUED MOVEMENT OF PEOPLE FROM THE HPZ TOWARDS CYANGUGU WITH SOME CROSSING THE BORDER TO BUKAVU. GOVERNMENT OFFICIALS VISITED KIBUYE TO APPEAL TO THE LOCAL POPULATION NOT TO CROSS THE BORDER INTO ZAIRE. MS CATHERINE BERTINI EXECUTIVE DIRECTOR OF WFP VISITED KIGALI. SHE WAS BRIEFED BY THE SRSG. LT GEN GORDON RAEY, COMMANDER LAND FORCES COMMAND AND LT COL RALPH COLEMAN, CHIEF PLANS LAND FORCES COMMAND VISITED KIGALI. THEY WERE BRIEFED BY THE FC AND ALSO HELD DISCUSSIONS WITH THE VICE PRESIDENT. DEPLOYMENT OF BRITISH MEDICAL TEAMS IN RUHENGERI CONTINUED. BRITCON STARTED OPERATING A VEHICLE MAINTENANCE WORKSHOP IN KIGALI. THE CANADIAN SIGNALS SQUADRON CONTINUED TO ESTABLISH COMMUNICATIONS FACILITIES BETWEEN HQ AND THE VARIOUS SECTOR HQs. THEY ALSO ESTABLISHED LIAISON WITH RWANDA TELECOMMUNICATIONS TO PROVIDE TECHNICAL ASSISTANCE. INSTALLED POWER WAS RESTORED TO THE NYANZA INTERNATIONAL SATELITE GROUND STATION. COORDINATION FOR TRAINING OF GENDARMERIE CONTINUED WITH THE RPA. THE VOLUME OF AIR FLIGHTS AT KIA CONTINUED TO INCREASE WITH AN AVERAGE OF 30 FLIGHTS PER DAY.

2. **POLITICAL ACTIVITIES.** THE FOCUS THIS WEEK WAS ON THE TRANSITION IN SECTOR 4, THE HUMANITARIAN PROTECTION ZONE. UNAMIRs EFFORTS DURING THIS WEEK FOCUSED ON:

A. DRAWING THE POPULATION EASTWARDS (INCLUDING REFUGEES FROM ZIARE AND DISPLACED PERSONS IN THE HPZ).

B. REASSURING THE POPULATION IN THE HPZ THROUGH:

(1) THE PROVISIONING OF HUMANITARIAN AID.

(2) DEPLOYMENT OF UNAMIR TROOPS.

(3) VISITS BY RWANDAN GOVERNMENT OFFICIALS TO THE HPZ TO REASSURE THE POPULATION, AND THROUGH "COMMITTEES OF CONTACT" FROM THE HPZ VISITING KIGALI AND OTHER RPF-CONTROLLED AREAS. IN THIS REGARD THE FOLLOWING REPRESENT THE SIGNIFICANT DEVELOPMENTS AND ACTIVITIES:

(A) UNAMIR WORKED CLOSELY WITH THE UNREO TO COORDINATE UNREO's PLAN OF ACTION FOR THE SOUTHWEST AND UNREO's CONTINGENCY PLAN FOR THE SOUTHWEST. THE CONTINGENCY PLAN IS IN THREE PHASES; (1) CONTAINMENT: CONCENTRATION OF RELIEF ASSISTANCE IN THE PREFECTURES OF KIBUYE AND GIKONGORO IN SUPPORT OF ONGOING POLITICAL EFFORTS TO DRAW BACK REFUGEES FROM ZAIRE AND PREVENTING THE POPULATION IN THE HPZ FROM FLEEING; (2)

POSITIONING: ESTABLISHMENT OF CAMPS IN THE CYANGUGU PREFECTURE TOGETHER WITH THE MASSIVE INFLOW OF HUMANITARIUM ASSISTANCE, POSSIBLE ESTABLISHMENT OF A SAFE ZONE; (3) DISASTER: HUMANITARIAN COMMUNITY WOULD FOLLOW THE REFUGEES INTO ZAIRE (THE PLAN HOWEVER SEEKS TO AVOID THIS SCENARIO). IN THIS CONNECTION, THE SRSG MET WITH MS. BERTINI TO CLARIFY WFP's ROLE AND TO EXCHANGE VIEWS ON THE COORDINATION OF THE HUMANITARIAN OPERATION.

C. THE SRSG DISTRIBUTED THE RWANDA EMERGENCY NORMALIZATION PLAN (RENP) WHICH WILL BE CONTINUALLY UPDATED. THIS DOCUMENT WILL BE USED TO TRACK THE PROGRESS OF NORMALIZATION AND TO PROVIDE DATA ON THE NEED FOR TECHNICAL AND FINANCIAL ASSISTANCE IN EACH SECTOR.

D. THE SRSG WORKED CLOSELY WITH THE AMERICAN GOVERNMENT TO COORDINATE THE AIRLIFT OF ETHIOPIAN TROOPS AND TO ALSO FACILITIATE THE TRANSPORTATION OF HUMANITARIAN AID INTO RWANDA.

E. THE SRSG AND HIS STAFF COLLABORATED WITH THE RWANDAN GOVERNMENT TO LAUNCH A CONCERTED POLITICAL EFFORT TO REASSURE THE POPULATION IN THE HPZ. THE SRSG ACCOMPANIED THE MINISTERS OF INTERIOR, PUBLIC WORKS AND REHABILITATION TO KIBUYE. THE VISIT WAS COORDINATED WITH THE FRENCH FORCES ON OPERATION TURQUOISE. THE DELEGATION WAS ACCOMPANIED BY AND THE DEPUTY FORCE COMMANDER, THE CHIEF MILITARY OBSERVER AND THE SRSG's POLITICAL AFFAIRS OFFICER.

G. **ANALYSIS.** THE POSSIBILITY OF OPERATION TURQUOISE REMAINING IN THE HPZ BEYOND 22 AUG IS BEING CONSIDERED AND DISCUSSED. IF THIS SCENARIO WERE TO BE ACCEPTED, IT WOULD FACILITATE THE EXODUS AND REVERSE THE OUT FLOW OF REFUGEES TOWARDS BUKAVU AND ALSO GIVE THE GOVERNMENT TIME TO:

(1) SET UP A CIVIL ADMINSTRATION IN THE HPZ.

(2) MAKE SYSTEMATIC EFFORTS TO REASSURE THE POPULATION ABOUT SECURITY AND THE RESTORATION OF PROPERTY. (THE PRESIDENT HAS HOWEVER URGED UNAMIR TO DO ALL IN ITS MEANS TO TAKE OVER FROM OPERATION TURQUOISE BY 21 AUGUST 94).

THE VISIT OF THE RWANDAN GOVERNMENT OFFICIALS AND THE SRSG TO KIBUYE WAS FRUITFUL. IT IS EVIDENT THAT MUCH OF THE POPULATION STILL HAVE DOUBTS ABOUT THEIR SECURITY AND POSSIBLE OF REPRISALS AND EXTRA-JUDICIAL ACTIVITY. THERE ARE STILL REPORTS OF INTIMIDATION BY THE EX RGF AND MILITIA ELEMENTS IN THE HPZ. MORE VISITS BY THE GOVERNMENT OFFICIALS WITH REASURRANCES, ALONG WITH ACTION ON THE GROUND, CAN POTENTIALLY COUNTER THE FEARS HABOURED BY THE PEOPLE.

4

3. **MILITARY**

A. **FACTIONAL ACTIVITIES**

(1) **RPA**. CONTINUED TO CONDUCT 24 HR PATROLS IN KIGALI AT NIGHT IN ORDER TO RESTORE LAW AND ORDER. CONTINUED TO COORDINATE HUMANITARIAN ACTIVITIES WITH UNAMIR AND NGOs. REPORTED TO BE DIGGING DEFENSIVE TRENCHES ALONG THE NORTHERN BOUNDARY OF THE HPZ. ASSURED SAFE AND FREE MOVEMENT OF HUMANITARIAN AID CONVOYS TO KIBUYE THROUGH THEIR CHECK POINTS. URGED PEOPLE TO RETURN TO THEIR VILLAGES. CONTINUED TO CONDUCT STRINGENT SECURITY CHECKS ON PEOPLE RETURNING TO THEIR HOMES FROM THE HPZ.

(2) **RGF**. CONTINUED TO BE IN CAMPS AROUND GOMA. REPORTED TO BE INVOLVED IN LOOTING AND ACTS OF BANDITRY IN THE HPZ. 4 EX RGF OFFICERS WITH 3 NCO's AND THEIR FAMILIES SURRENDERED TO THE RPA. RGF ARE REPORTEDLY REGROUPING IN BUKAVU AND ARE ENCOURAGING LOCALS IN THE HPZ TO LEAVE THE AREA FOR BUKAVU (ZAIRE).

(3) **MILITIA**. REPORTED TO BE INTIMIDATING REFUGEES IN CAMPS OUTSIDE RWANDA IN AN ATTEMPT TO PREVENT THEM FROM RETURNING. ALSO INVOLVED IN BANDITRY AND LOOTING IN THE HPZ.

B. **OWN**

RE: CLEARING OF UNOMOR HELICOPTERS

Thank you for your fax of 12/8/94: your reference 'fax-out 1250'.

Please get in touch with UNDP and request them to prepare the MFA4, for the helicopter. They say that you should initiate it but not me.

This was the advice from Joseph Wagidebu.

Best regards.

UNPROFOR (Former Yugoslavia)

CROATIA:

The level of tension increased significantly throughout the UN Protected Areas (UNPAs) as a result of the blockade of access roads by Croatian civilians but subsequent steps were taken towards resolving the blockade. By the end of last week, seven checkpoints had been opened and are manned jointly between Croatian police and UNPROFOR troops. Negotiations between KNIN and ZAGREB resumed. On 5 August in KNIN, the first face-to-face meeting was held between the two sides since 29 March. The two sides committed themselves to establish eight expert working groups among other things to look into humanitarian issues and to continue negotiations at regular intervals.

BOSNIA and HERZEGOVINA:

The Bosnian Serb "Assembly" met again to review their reaction to the Contact Group peace plan. The delegates reaffirmed their need for changes in the proposed map, and called for more negotiations. The "Assembly" also decided to hold a referendum on the matter on 27-28 August and to announce their final decision on 31 August. The situation in SARAJEVO continued to deteriorate. On 05 August, a NATO aircraft attacked a Serb armored vehicle in response to the Serb removal of weapons inside the SARAJEVO Exclusion Zone (EZ). On 06 August, the Serbs returned the weapons they had removed from an UNPROFOR-guarded compound in ILIDZA on 05 August, before the NATO intervention. The forces of Mr. Fikret Abdic suffered a major military defeat by pro SARAJEVO forces of BH 5th corps. The stronghold of PECIGRAD fell to the BH forces. Mr. Abdic lost some of his fighting forces in the operation, including a key brigade (the 4th) and some special forces. In an effort to settle differences with the BH government, Mr. Abdic has sent a letter to the President of the Federation of BH and to the Government affirming his support for the Federation and the WASHINGTON Agreement.

FORMER REPUBLIC OF YUGOSLAVIA (SERBIA and MONTENEGRO):

Serbian public life remained dominated by events in BH. After the Federal Republic of Yugoslavia leadership's repeated calls failed to convince the Bosnian Serbs to accept the Contact Group's plan, the government broke political and economic relations with them and prohibited the stay of Bosnian Serb leaders on its territory.

UNOSOM II (Somalia)

In North MOGADISHU the situation was tense because of the SNA's recent activities in the Hiran Region. A two-day meeting of Mudulod elders and community leaders was convened to discuss the security situation and clan unity. It concluded on 05 August with the establishment of committees to address political, security and economic issues. A 21 member delegation was established to facilitate reconciliation talks between Mr. Mahdi and the Iman of Hirab and to lay the foundation for the proposed Hawiye conference. The delegation travelled to ADALE where a meeting resulted in reconciliation between both and reconciliation among various Abgal sub-clans. A peace conference, which was held in KISMAYO between the Absame and the Samale communities in Bandar Salaam, concluded with the adoption of a peace declaration seeking regional reconciliation and peace through cooperation between the pro SNA and Absame leaders.

On 31 July, a roadblock was erected at the main gate Kismayo seaport by the SPM militia. The roadblock was in protest over a ship currently unloading aviation fuel transported from MOGADISHU. Gen Morgan stated that fuel and other supplies must be purchased locally to help revive the economy. He also demanded that all ships, including UNOSOM supply ships, pay taxes to the port authority. On 01 August, three trucks belonging to Haber Gedir were attacked by Galjael Clan Militia near village of Qardho located 30 Km west of BURHAKABA. Haber Gedir retaliated and reportedly killed seven Galjael Clan members. On 02 August, armed militia were observed moving in KISMAYO. On investigation, information was received from Gen Morgan and Col Omar Afgabdable that the militia were reinforcing the various police posts in the town in view of a BBC announcement on 01 August that UNOSOM troops were leaving KISMAYO. Talks were held at BANDAR SALAM. The Ogaddenis and the SNA agree to extricate their militia and establish peace in the

region.

On 03 August, the situation in GABAHARC was relatively calm but tense pending the withdrawal of Botswana troops. A threat had been issued of an attack against Botswana troops with a view of capturing equipment. A platoon was dispatched to help provide security. Hawadle Clan forces attacked BELET UEN and there was a large scale battle between the Haber Gedir and the Hawadles. Reportedly there was considerable destruction in BELET UEN and the local population vacated the area. On 04 August, the talks at BANDAR SALAM concluded with the signing of a peace agreement by the Ogadenis and the SNA. Under the terms of the agreement, the Ogadenis have agreed to pay compensation in return for permission to return to JILIB. An NGO vehicle was fired upon by Somalis near CP-3; fire was returned. On 05 August, in BANDERA some 30 SNF militia held a meeting with the Botswana representative. They stated that the weapons that had been previously confiscated should be returned to them. On 06 August, in BARDERA, a report was received from an ASF police officer, Col Guhuran, that SNA militia have left JILIB via SAACOW and were heading towards BARDERA. The situation in BARDERA was tense and is being closely monitored by Botswana forces. On the night of 06 / 07 August, the Deputy Governor of the Bakool Region, Mr. Ibrahim Omar Mohd was shot by three Ogadeni militia at ODDUR. He sustained superficial injuries to the head and chest and was evacuated in a stable condition. Mr. Moses Abuka from the NGO Hisan International was kidnapped by an unknown group of militia two Km from the Zim CP at Shabelle River Bridge. He was released in the early hours of 08 August. A Swedish National, Ms. Inga Therlander, was kidnapped from the Hamar Jajab area. Negotiations are under way for her release.

The NGOs MSF Spain, JAFA and Inter-SOS were evacuated to MOGADISHU because of the deteriorating security situation in the Jowhar area. Recent harassment of WFP staff and disturbances in the town have caused the WFP to temporarily suspend operations in BARDHERA. The United Nations Volunteer Programme, with funding from Japanese Trust Fund, will reopen one of the major irrigation canals in SHALAMBOOT. The project will serve as a pilot project and will lay the foundations for more comprehensive human resources development programs for the rehabilitation of Somalia. One hundred and thirty displaced persons, escorted by Botswana forces, were resettled in GADUDAY, Middle Juba. The WFP supplied food. UNHCR is currently finalizing plans for the resettlement of approximately 2000 displaced persons from BAIDOA.

UNAVEM II (Angola)

During the week, the military situation remained relatively calm. There were no major developments but conditions remained tense. Small scale attacks and exchanges of artillery fire between both sides were reported within northern and central provinces. In the northern provinces, in CABINDA, Angola Armed Forces (FAA) have stabilised the military situation in the municipality of BUCO-ZAU and have extended the defensive perimeter to a radius of 10 - 15 Km around the town, thus making it difficult for UNITA troops to launch effective attacks. The situation in areas of Chitato and Dunde deteriorated. Government troops occupied COSSA Village in Cambulo. FAA troops reportedly suffered heavy casualties; details of casualties on UNITA troops were not available. In the central provinces, attacks were launched by UNITA on UKUMA and QUICUMA but repelled by FAA. In the action at UKUMA, 25 UNITA soldiers were killed and in WAKU CONGO, 11 were killed. It was reported that UNITA troops left behind a substantial amount of military hardware. In the southern provinces, there was a significant decrease in the military actions over the week. UNITA was concentrating two infantry battalions, one each in MAVINGA and CUITO CUANAVALA in preparations for attacking FAA positions in MENONGUE. Meanwhile, small scale attacks were launched recently on FAA positions along the MENUNGUE - CUITO CUANAVALE Road by UNITA troops. UNITA gained no tactical advantage from these attacks.

During the week, the humanitarian situation generally showed some signs or improvement. The WFP resumed its flights to HUAMBO and other areas considered to be safe. However, the situation in KUITO and MALANGE continued to deteriorate. UNITA continues to deny flight clearance to these vulnerable areas.

UNAMIR (Rwanda)

The military situation in Rwanda remained calm throughout the week. Refugees continued to return in small groups to Rwanda from GOMA. The local population in the Humanitarian Protection Zone (HPZ) continued to show signs of apprehension about the withdrawal of French-led Coalition Forces (FCF), leading to the

exodus of some of them. They requested that the Government assure them of their security before the withdrawal of the FCF. Delegations were received from Belgium, Canada, France, Great Britain, Italy, and the USA. A delegation from Malawi and an Ethiopian recce team visited KIGALI and others sector of Rwanda. The SRSG met with President Museveni of Uganda. The flow of personnel and matériel through KIGALI International Airport (KIA) has increased with an average of 25 to 30 aircraft landing daily.
The RPF continued to patrol KIGALI to maintain law and order, and continued to coordinate humanitarian activities with UNAMIR, aid agencies and other international organizations. The RGF continued to remain in formations in camps in GOMA and in the HPZ. The Ghanbatt continued to deploy in the HPZ and had liaison with the FCF. Troops from Britain and Australia started arriving in KIGALI.
UNAMIR Military Observers continued to provide liaison with the French in GOMA and in the HPZ, and conducted recces in BUTARE and GITARAMA prior to the deployment of UNMOs in that area. MILOB teams were deployed in GIKONGORO, GISENYI, KIBUYE, CYANGUGU and BYUMBA.

ONUMOZ (Mozambique)

On 07 August, the nine member delegation of the Security Council arrived in MAPUTO for a one-week mission to evaluate the status of the implementation of the peace agreement.

During the week, UNOMOZ teams were prevented from disabling weaponry by local camp commanders at three Government "un-assembled troop locations" at BOANE, BEIRA and TETE. As with the incident at MATOLA-GARE, the local Government camp commanders refused permission to the UNOMOZ teams, claiming that they had not received authorization from the Ministry of Defence. A formal protest was made to the Government by the Chairman of the Cease-fire Commission at a formal meeting on 08 August.

In some provinces, a number of districts with difficulty of access and sparse population have not received effective coverage by registration teams. Many such districts are in RENAMO areas. In anticipation of the upcoming electoral campaign which starts on 12 September, the National Elections Commission (CNE) approved the draft Code of Conduct for Political Parties, the draft Code of Conduct for Presidential Candidates, and regulations governing access to state broadcasting facilities and the utilization of public places for campaigning purposes. The expected strength of the Armed Forces for the Defence of Mozambique (FADM) by election time will probably be less than 10,000 soldiers. The number of soldiers to be demobilized has swelled considerably. Around 23,000 additional soldiers must now be demobilized. The ONUMOZ Technical Unit and other agencies involved in the demobilization process have been reinforced with additional human and material resources.

MINURSO (W.Sahara)

The Statement by the President of the Security Council issued in New York was conveyed to the parties and arrangements made to discuss the action to be taken now that a formula acceptable to both parties had been reached concerning the representation of the Organization of African Unity. On 03 August, the Deputy Special Representative of the Secretary-General, Mr. Erik Jensen, held discussions in Tindouf principally with the Deputy Secretary-General and Polisario Coordinator with MINURSO, Mr. Mustapha Bachir. Mr. Erik Jensen also had a meeting with the Red Cross (ICRC) delegation which was in the area to visit prisoners-of-war. On 04 August, he met with the responsible officials in Rabat, and the following day, he had a long meeting with the Moroccan Minister of Interior and Information. These various discussions with the key individuals of both parties were intended to review and confirm in detail the arrangements discussed already in June, especially those concerning tribal leaders (Chiouks) and the observers. Staff planning sessions were also held to enable the Identification Commission to begin identifying voters in both LAAYOUNE and TINDOUF. Identification Commission staff continued to process voter applications and to collate applicant profiles. Over 32,000 of the 75,000 applications received by MINURSO so far have been processed. The cease-fire continues to hold. No violations were reported.

UNOMIL (Liberia)

Some of the Liberian faction leaders issued a joint press statement where they reaffirmed their support for the COTONOU Peace Process, and called for an unconditional cease-fire, repatriation of refugees, deployment of UNOMIL and ECOMOG throughout the country, disarmament, and free and fair elections. Those present were the leaders from the Armed Forces of Liberia (AFL), the United Liberation Movement of Liberia for

Democracy (ULIMO), and leaders - who are not signatories to the COTONOU Agreement - from the Liberian Peace Council (LPC) and the LOFA Defence Forces (LDF). The National Patriotic Front of Liberia (NPFL) was represented by their Liberian National Transitional Government (LNTG) nominee. More internal strife within the hierarchy of the NPFL High Command was witnessed when one General issued a press statement accusing the NPFL leader of having committed atrocities against the Liberian people. The SRSG and the Liberian National Transitional Government Chairman attended the ECOWAS Summit. The ECOWAS Heads of State gave considerable support for the peace process, but also issued clear warnings that if progress was not demonstrated and resources found, troops may be withdrawn.

On 4 and 5 August, the NPFL authorities restricted UNOMIL personnel based in the KONOLA Demobilization Centre. They hindered the Reintegration Team from redeploying some of their stores and equipment to MONROVIA under the pretext that no prior consultations was carried out for the exercise. Fighting between the Kralu and Mandigo groups continued in GRAND CAPE Mount and BONI counties, resulting in an influx of displaced people at KLE Junction and in the suburb of MONROVIA. Fighting between the LPC and the NPFL factions in GRAND BASSA, RIVERCESS and SINOE counties has forced more people to flee to BUCHANAN.

Humanitarian assistance to the Western Region has been disrupted due to insecurity: however UNOMIL and the WFP were able to supply humanitarian assistance to KLE, TIENE, and BO. On 01 August, relief food supply resumed in GBARNGA after a suspension due to the looting of warehouses in the city by soldiers from the NPFL. A total of 43,818 displaced civilians were registered in the camps.

UNDOF (Syria)

A number of field fortification that had been dug in the area of separation have been levelled by the Syrian authorities (10 August).

UNIFIL (Lebanon)

Israeli jets raided DEIR AZ ZAHRANI, causing civilian casualties. (Israel later apologized for hitting the wrong target) Hizballah in retaliation fired rockets into Israel. During the week, armed elements carried out several attacks against military positions Israeli-occupied area.

UNTSO (Arab-Israeli theatre)

In the Israel-Syria and Israel-Lebanon sectors, the UNTSO military observers are assigned to assist UNDOF and UNIFIL, respectively. There is nothing to report from Observer Group Egypt and the liaison offices in AMMAN and BEIRUT.

UNMOGIP (India/Pakistan)

The Pakistan army lodged 19 complaints. UNMOGIP carried out 20 investigations. There was significant firing across the Line of Control in the DOMEL Sector, leading to the displacement of about 70 per cent of the inhabitants in three villages. The Pakistan army complained about frequent violations by Indian aircraft.

ONUSAL (El Salvador)

ONUSAL and the Police are investigating a highway robbery in which heavily armed individuals attacked a vehicle in SONSONATE and a hand grenade carried by one of the assailants exploded, killing him and seven passengers. It is expected that a Government proposal on urban settlements and an FMLN document on rural settlements will be submitted at a meeting on 9 August. This meeting should provide a framework to accelerate action suspended because of recent public holidays, particularly on the issues of public security and lands. Land transfer is now the most challenging question to be addressed.

UNOMIG (Georgia)

Tension among the refugees is still high. On 06 August, 106 Georgian soldiers with small arms began their withdrawal from the KODORI valley. Heavy weapons and some troops still remain in the valley. The CIS Peace Keeping Force has been deployed in the LATA village on the Abkhaz side for ten days. UNOMIG is conducting two-day patrols to the area twice weekly until a permanent team site can be established.

On 04 August, the Abkhaz representatives refused to participate in a meeting of the Quadripartite Commission in SOCHI, on the grounds that the Georgians had not fulfilled their end of the 14 May Agreement in that they had not fully withdrawn from the KODORI valley.

Subject: UNOMUR - MSA Rate for Kampala Liaison Staff:

I make reference to your memo 2-13 Rwanda dated 19 May 1993 to Da Costa and fax message sequence number 4228 dated 28 January 1994, both copied for easy reference.

It would be appreciated if you could clarify paragraph (f) of your memo dated 19 May 1993 as well as item DDD of your fax dated 28 January 1994 as there seems to be differences in interpretations:

1. Please affirm that the UNOMUR Kampala liaison staff (civilian and military) should have been paid at the applicable higher rate of MSA up to 14 February 1994 for the duration of their posting in Kampala even if such posting lasted more than 30 days.

2. Please affirm that this higher rate of MSA for the Kampala office staff was $137 per day from the start of the mission to 04 October 1993 and thereafter $110 until 14 February 1994.

3. If points 1 and 2 are in the affirmative, please advise if appropriate retroactive adjustment to MSA is authorized.

As the close of UNOMUR is imminent, your timely response to these three points will be highly appreciated.

IF YOU CAN CONFIRM THIS, MSA RATE OF US$85 SHOULD BE APPLICABLE TO THESE PERSONNEL EFFECTIVE 15 FEBRUARY 1994.

SUBJECT: MSA rates - UNOMUR
OBJET:

1. This refers to a memorandum dated 18 July 1994 from Mr. Pierre Laleau, UNOMUR, (which is also copied to you) regarding the MSA rates applicable to mission personnel assigned to the Liaison Office in Kampala.

2. It is recalled that the overpayment of the first-30-day MSA to UNOMUR personnel was brought to our attention in January 1994, and the necessary recovery was requested as per our facsimile of 4 February 1994. As for mission personnel in Kampala, the clarification on the applicable rate and the effect date was provided in our memorandum of 8 March 1994 in response to a specific query from UNAMIR. Copies of the correspondence in this regard are attached for your ease of reference.

3. We hereby reiterate that the first-30-day MSA rates of US$137 was applicable to those mission personnel assigned to the Kampala Liaison Office from the inception of the mission. As from 5 October 1993, the revised rate of US$110 should be payable through 14 February 1994. Thereafter, the after-30-day MSA rate of US$85 should apply.
