See - doc. prepared by Chr - Laven. t had  
time to examine it carefully

4 - we might start with either  
amend. of sponsoring power or  
Canada. I suggest Canadian prop  
No objection

Pearson - Can. is comprehensive  
I shall discuss it sentence by  
sentence.

1st sentence - from League's rule  
2nd sentence - contains Big 4 areas  
+ 7.3 amend. and covers  
influence of personnel other than own  
nations.

(Bouilla arrives)

U.S. - let agree who should be in it. Avoid  
details

1. Have 2nd sentence to staff regulations

Take amend on influencing personnel  
as proposed if Conf feels there is risk  
in lack of such

Chr - document prepared by me to facilitate  
work of committee

Pearson - Our amend. is wider; includes  
other proposals

Chr - has U.S. accept text with modification

Pearson - only difference on 2nd sentence

Chr - Could U.S. submit text of U.S. pos

U.S. - 2nd sentence left out;  
first redrafted for simplicity

Pearson re second sentence - even  
with our amend, we don't feel we'd be  
overloading the Charter - Normally  
over in staff regul, would accept  
working out details by Assembly  
Org. - wording improved

"- Sec and Staff should refrain from  
any action reflecting on their  
integrity character

U.S. — agreeable with  
rewording suggested by Pearson.

Chr — approved unanimously —

Chr — TP5<sup>PC</sup> is similar to amend 1  
in 2. We could proceed  
to vote

Can — first and last sentence into  
one  
reads as written — add geoggy  
upres.

Chr — question of drafting

U.S. — no objection in principle.  
But in sentence 2, introduces  
equality on 3rd sentence,  
don't want it in two places.  
always felt better not to mention at all.

Mexico — Mex. agrees that Ind  
reference <sup>to equality</sup> doesn't necessary.

Greece — In 10 we referred to women only  
in organs, not staff

Imperf. arg. however, is better

Chr — 3 other speakers. - Col, Necker, U. &  
Discussion then closes

1) Then vote on sub (Aust)

2) if lost, then we shall vote on ratification

Colombia — Agree most of N. Z. Indisp.

Soviet said that 5 votes were  
by T. Phil. C., — 5 contrary I  
along with them. I have always  
proceeded with discretion.  
Given sponsoring power places  
on subcom.

Slight difference between  
Chr and Secretariat. I  
have not approved today's  
agenda since it includes item  
suggested by Soviet deleg.

Rolin — She thinks you have  
criticized Chr on his direction and  
his vote — I U. pt was that  
vote 5 - 5 and chrom. decided.

Chr. said that Agenda was  
unsatisfactory. He means "suggested  
order of proced." — includes  
reference to no further discussion  
on d. s. g.

USSR - (in Sp) Tsaraphin will explain  
one thing is clear, it was not personal  
ques. of Chrus.

It is not practicable to consider

Present Charter: veto right —?

General problem: Confront changing world. Building inst. immediately for all states willing to try plan. Whose prob. of inst. not. then if outside or both. Having prob. will be outside. Choice of strategy is - say is a short step.

Classical short - will maintain world - cannot see all changes. Practice of world altering.

Raising of nature of state. What makes a great P. The potential is increasing - possession of resources, potential + actual - will increase. Not term Gr P of small state. Avoid here - Problem in rel. bet large states among themselves & bet large & smaller.

Coalition easy in war; in peace interests diverge. If bet Gr St. would war.

Basic prob in this chapter. Under this pre instrument which seeks for their unanimity Gr - & then all - total restriction & protection ability.

In Conf. made alterations in

EC & SC broadened in scope -  
nature of powers changed - in

Netherlands Secretariat scientific org.  
must take good care in defining  
status, org. & fun. clear. An  
admin. organ.

Exp. 3h - great danger -  
looked upon & acts as political  
org. Should keep of passing

Election of Dir. Gen (look up and

admin. officer)

Elected by Com on Sec Council

2 remarks

1) Commentary: ~~in~~ Gen  
Quinn. free to reject any name  
submitted to it Important -  
Should be brought out clearly.

2) May vote on res the taken  
in S.C. Not matter of procedure.  
Majority of 7 incl 5. Practically  
means 5 not only cannot -  
must come to forced compromise.  
Compromise by elimination -  
Lange is final vote come -  
momentarily.

Vote on res of Siry Gen -  
Simple majority is held

UK listened great incl of truth.  
II/1 has taken decision on matter

By nomin. as key of 7 members.  
Does not agree - ~~from~~  
countries rep on both camps.  
Will not have diff. to instructions.

Sugg — as decision taken in another

couch. & low - same year

Day 9: decide whether have decision

put until eliminate all

Ch. Now dis. motion of UK 2 by  
India

Belgium Recog. validity of arguments -  
that Belg cannot vote in favor  
of I/1 decision. I/1, viewed it  
from angle of power of assembly.  
Here - from point of cohesion -  
within each deleg. various  
views x/c to op. Not accept I/1

Honduras Can submit diff -  
Threatened out in Commission

UK If Belg take same view on!  
+ on on other what in Commission

Belg. Very well adopted in com in  
position taken in last as fact

Ch. In dis. of motion UK - 1 for  
(India) + 2 ag. Still can have 1

U.2 understand: II, decision -  
at 2 - 7 - 7, also II,  
on term of office

Chr Rules - proceed to vote UK -  
as interp of U.2 - accepting II,  
on decision of II (may find some diff in term)  
not on first.

\* Approves: 35 for 2 against

Chr G of term of office -  
Same problem - II, deciding 3 yrs  
(as amend of spanning powers)  
un. prop. 5 yrs

Langney withdraws prop. of 5 yrs - address  
to prop. of spanning Govts.

Chr  
U.2 Zealand - re 3 yrs - prefer no  
ref. in charter at all. leave to  
Org. to decide. Some argument  
to other of - (misprints what said)  
Entire team to consider whether

\*not put in Charter - Return to simplicity  
of D.O. Election F/g protected -  
discussed rightly by Com II,  
an Assembly

There should be left  
to competent organs of Org -  
Do not crystallize in Charter  
decisions which may wish to  
revise -

Wicksteeds refer to commentary -  
nothing said about Org of Staff -  
best to leave to Org itself to  
x determine as to needs which  
will arise. League ~~had~~ not fix  
in Gov. terms. waited for 2 yrs  
to take decision - then 10 yrs term.  
Indicates facts as will develop.

If insist on fixing duration  
term. I would favor longer  
x as term. 3 yrs first term job.  
Re-election not desirable. Appr  
for term long enough to do efficient  
job.

D.O. - use term "election" -  
conveys idea of representation  
Chief admin. office - not rep -  
therefore should be applied

Iran Remark on 2<sup>nd</sup> of test -

Prefer system of rotation  
Re-election allowed long to fill position  
for quite long time  
They must develop political inf.

\* Term of office for 3 yrs - not  
re-eligible

Austria Listen int. to views exp.

Supp. N.Z. - exp in int'l org - 1942  
(also by N.Z.)

Quick imp of Security Council - future  
success depends great extent type  
of man - mistake to try to try to  
restrict by resolution etc period  
of official - or of resolution

x leave open as per 9 by N.Z.

Belgium Second remarks of N.Z.

Under of S/G & belong to civil  
community & his exclusive  
loyalty

3 yrs not long enough  
to learn - think of it - max 7/10  
as in Belgium

W/1

Matter should not be in Charter  
(Canner, with salary person -  
belong to Gen. Assn.)

2nd With remarks use of

be clear - in no way bound  
by decision in II/1 - don't know  
whether arguments to be heard.  
Assume that were - if there  
convinced sound arguments  
highly probable not to accept  
arguments for sole reason  
II/1. <sup>Sponsoring</sup>  
powers changed mind -  
no inflexibility. Should  
use own judgment.

Chair asked US to encourage of India  
US Greece remind of - if II/1

Netherlands meaning of 1st vote -
