RWANDA

GEOGRAPHY

Location: Central Africa, east of Zaire

Map references: Africa

Area:

total area 26,340 sq km

land area 24,950 sq km

comparative area slightly smaller than Maryland

Land boundaries: total 893 km, Burundi 290 km, Tanzania 217 km, Uganda 169 km, Zaire 217 km

Coastline: 0 km (landlocked)

Maritime claims: none; landlocked

International disputes: none

Climate: temperate; two rainy seasons (February to April, November to January); mild in mountains with frost and snow possible

Terrain: mostly grassy uplands and hills; relief is mountainous with altitude declining from west to east

Natural resources: gold, cassiterite (tin ore), wolframite (tungsten ore), natural gas, hydropower

Land use:

arable land 29%

permanent crops 11%

meadows and pastures 18%

forest and woodland 10%

other 32%

Irrigated land: 40 sq km (1989 est.)

Environment:

current issues deforestation results from uncontrolled cutting of trees for fuel; overgrazing; soil exhaustion; soil erosion
natural hazards periodic droughts; the volcanic Virunga mountains are in the northwest along the border with Zaire
international agreements party to - Endangered Species, Nuclear Test Ban; signed, but not ratified - Biodiversity, Climate Change, Law of the Sea

Note: landlocked; predominantly rural population

PEOPLE

Population: 8,605,307 (July 1995 est.)

note the demographic estimates were prepared before civil strife, starting in April 1994, set in motion substantial and continuing population changes

Age structure:

0-14 years 51% (female 2,184,549; male 2,201,049)

15-64 years 47% (female 2,034,278; male 1,968,298)

65 years and over 2% (female 126,255; male 90,878) (July 1995 est.)

Population growth rate: 2.67% (1995 est.)

Birth rate: 48.52 births/1,000 population (1995 est.)

Death rate: 21.82 deaths/1,000 population (1995 est.)

Net migration rate: NA migrant(s)/1,000 population (1995 est.)

note since April 1994, more than one million refugees have fled the civil strife between the Hutu and Tutsi factions in Rwanda and crossed into Zaire, Burundi, and Tanzania; close to 350,000 Rwandan Tutsis who fled civil strife in earlier years are returning to Rwanda and a few of the recent Hutu refugees are going home despite the danger of doing so; the ethnic violence continues and in 1995 could produce further refugee flows as well as deter returns

Infant mortality rate: 118.1 deaths/1,000 live births (1995 est.)

Life expectancy at birth:

total population 39.33 years

male 38.5 years

female 40.19 years (1995 est.)

Total fertility rate: 8.12 children born/woman (1995 est.)

Nationality:

noun Rwandan(s)

adjective Rwandan

Ethnic divisions: Hutu 90%, Tutsi 9%, Twa (Pygmoid) 1%

Religions: Roman Catholic 65%, Protestant 9%, Muslim 1%, indigenous beliefs and other 25%

Languages: Kinyarwanda (official), French (official), Kiswahili used in commercial centers

Literacy: age 15 and over can read and write (1990 est.)

total population 50%

male 64%

female 37%

Labor force: 3.6 million

by occupation agriculture 93%, government and services 5%, industry and commerce 2%

Ethnic divisions: Hutu 90%, Tutsi 9%, Twa (Pygmoid) 1%

Religions: Roman Catholic 65%, Protestant 9%, Muslim 1%, indigenous beliefs and other 25%

Languages: Kinyarwanda (official), French (official), Kiswahili used in commercial centers

Literacy: age 15 and over can read and write (1990 est.)

total population 50%

male 64%

female 37%

Labor force: 3.6 million

by occupation agriculture 93%, government and services 5%, industry and commerce 2%

GOVERNMENT

Names:

conventional long form Republic of Rwanda

conventional short form Rwanda

local long form Republika y'u Rwanda

local short form Rwanda

Digraph: RW

Type: republic; presidential system

note after genocide and civil war in April 1994, the Tutsi Rwandan Patriotic Front, in July 1994, took power and formed a new government

Capital: Kigali

Administrative divisions: 10 prefectures (prefectures, singular - prefecture in French; plural - NA, singular - prefegitura in Kinyarwanda); Butare, Byumba, Cyangugu, Gikongoro, Gisenyi, Gitarama, Kibungo, Kibuye, Kigali, Ruhengeri

Independence: 1 July 1962 (from Belgium-administered UN trusteeship)

National holiday: Independence Day, 1 July (1962)

Constitution: 18 June 1991

Legal system: based on German and Belgian civil law systems and customary law; judicial review of legislative acts in the Supreme Court; has not accepted compulsory ICJ jurisdiction

Suffrage: NA years of age; universal adult

Executive branch:

chief of state President Pasteur BIZIMUNGU (since 19 July 1994); took office following the seizure of the government by the Tutsi Rwandan Patriotic Front and the exiling of interim President Dr. Theodore SINDIKUBWABO; no future election dates have been set head of government Prime Minister Faustin TWAGIRAMUNGU (since the seizure of power by the Tutsi Rwandan Patriotic Front in July 1994) cabinet Council of Ministers; appointed by the president

Legislative branch: unicameral

National Development Council (Conseil National de Developpement) elections last held 19 December 1988 (next to be held NA 1995); results - MRND was the only party; seats - (70 total) MRND 70

Judicial branch: Constitutional Court consists of the Court of Cassation and the Council of State in joint session

Political parties and leaders: Rwandan Patriotic Front (RPF), Alexis KANYARENGWE, Chairman; National Revolutionary Movement for Democracy and Development (MRND); significant independent parties include: Democratic Republican Movement (MDR); Liberal Party (PL); Democratic and Socialist Party (PSD); Coalition for the Defense of the Republic (CDR); Party for Democracy in Rwanda (PADER); Christian Democratic Party (PDL) note formerly a one-party state, Rwanda legalized independent parties in mid-1991

Other political or pressure groups: Rwanda Patriotic Army (RPA), the RPF military wing, Maj. Gen. Paul KAGAME, commander;

Member of: ACCT, ACP, AfDB, CCC, CEEAC, CEPGL, ECA, FAO, G-77, GATT, IBRD, ICAO, ICFTU, ICRM, IDA, IFAD, IFC, IFRCs, ILO, IMF, INTELSTAT, INTERPOL, IOC, ITU, NAM, OAU, UN, UNCTAD, UNESCO, UNIDO, UPU, WCL, WHO, WIPO, WMO, WTO

Flag: three equal vertical bands of red (hoist side), yellow, and green with a large black letter R centered in the yellow band; uses the popular pan-African colors of Ethiopia; similar to the flag of Guinea, which has a plain yellow band

ECONOMY

Overview: Rwanda is a poor African nation suffering bitterly from ethnic-based civil war. Almost 50% of GDP comes from the agricultural sector; coffee and tea make up 80%-90% of total exports. The amount of fertile land is limited, however, and deforestation and soil erosion continue to create problems. The industrial sector in Rwanda is small, contributing only 17% to GDP. Manufacturing focuses mainly on the processing of agricultural products. The Rwandan economy remains dependent on coffee/tea exports and foreign aid. Weak international prices since 1986 have caused the economy to contract and per capita GDP to decline. A structural adjustment program with the World Bank began in October 1990. Ethnic-based insurgency since 1990 has devastated wide areas, especially in the north, and displaced hundreds of thousands of people. A peace accord in mid-1993 temporarily ended most of the fighting, but massive resumption of civil warfare in April 1994 in the capital city Kigali and elsewhere has been taking thousands of lives and

severely affecting short-term economic prospects. The economy suffers massively from failure to maintain the infrastructure, looting, neglect of important cash crops, and lack of health care facilities.

National product: GDP - purchasing power parity - \$7.9 billion (1993 est.)

National product real growth rate: -8% (1993 est.)

National product per capita: \$950 (1993 est.)

Inflation rate (consumer prices): NA%

Unemployment rate: NA%

Budget:

revenues \$350 million

expenditures \$NA, including capital expenditures of \$NA (1992 est.)

Exports: \$44 million (f.o.b., 1993 est.)

commodities coffee 63%, tea, cassiterite, wolframite, pyrethrum

partners Germany, Belgium, Italy, Uganda, UK, France, US

Imports: \$250 million (f.o.b., 1993 est.)

commodities textiles, foodstuffs, machines and equipment, capital goods,

steel, petroleum products, cement and construction material

partners US, Belgium, Germany, Kenya, Japan

External debt: \$873 million (1993 est.)

Industrial production: growth rate -2.2% (1991); accounts for 17% of GDP

Electricity:

capacity 60,000 kW

production 190 million kWh

consumption per capita 23 kWh (1993)

Industries: mining of cassiterite (tin ore) and wolframite (tungsten ore), tin, cement, agricultural processing, small-scale beverage production, soap, furniture, shoes, plastic goods, textiles, cigarettes

Agriculture: cash crops - coffee, tea, pyrethrum (insecticide made from chrysanthemums); main food crops - bananas, beans, sorghum, potatoes; stock raising

Economic aid:

recipient US commitments, including Ex-Im (FY70-89), \$128 million; Western (non-US) countries, ODA and OOF bilateral commitments (1970-89), \$2 billion; OPEC bilateral aid (1979-89), \$45 million; Communist countries (1970-89), \$58 million note in October 1990 Rwanda launched a Structural Adjustment Program with the IMF; since September 1991, the EC has given \$46 million and the US \$25 million in support of this program (1993)

Currency: 1 Rwandan franc (RF) = 100 centimes

Exchange rates: Rwandan francs (RF) per US\$1 - 144.3 (3rd quarter 1994), 144.25 (1993), 133.35 (1992), 125.14 (1991), 82.60 (1990)

Fiscal year: calendar year

TRANSPORTATION

Railroads: 0 km

Highways:

total 4,885 km

paved 880 km

unpaved gravel, sand and gravel 1,305 km; unimproved earth 2,700 km

Inland waterways: Lac Kivu navigable by shallow-draft barges and native craft

Ports: Cyangugu, Gisenyi, Kibuye

Airports:

total 7

with paved runways over 3,047 m 1

with paved runways 914 to 1,523 m 2

with paved runways under 914 m 3

with unpaved runways 914 to 1,523 m 1

COMMUNICATION

Telephone system: NA telephones; telephone system does not provide service to the general public but is intended for business and government use
local NA intercity the capital, Kigali, is connected to the centers of the prefectures by microwave radio relay; the remainder of the network depends on wire and high frequency radio international international connections employ microwave radio relay to neighboring countries and satellite communications to more distant countries; 1 INTELSAT (Indian Ocean) and 1 SYMPHONIE earth station in Kigali (includes telex and telefax service)

Radio:

broadcast stations AM 1, FM 1, shortwave 0
radios NA

Television:

broadcast stations 1

televisions NA

DEFENSE

Branches: Army, Gendarmerie

Manpower availability: males age 15-49 1,792,326; males fit for military service 913,711 (1995 est.)

Defense expenditures: exchange rate conversion - \$112.5 million, 7% of GDP (1992)

AVANT-PROPOS

Les acteurs du développement ont sans cesse besoin des indicateurs socio-démographiques fiables qui puissent les guider valablement dans les diverses décisions qu'ils sont amenés à prendre régulièrement. Il en va de même des responsables politiques de notre pays, qui ont toujours pris et encouragé des initiatives visant à promouvoir une connaissance et une maîtrise des caractéristiques démographiques de la population, en vue d'une planification économique, sociale et culturelle plus efficace.

C'est dans ce cadre que le Gouvernement Rwandais a organisé le deuxième recensement général de la population et de l'habitat dont la phase de dénombrement principal a eu lieu du 16 au 30 août 1991.

L'objectif premier de cette investigation est de mettre à la disposition des utilisateurs intéressés, des données démographiques actuelles et fiables. Ainsi que le prévoit le calendrier du Recensement, tous les tableaux bruts seront disponibles en mars 1993, tandis que la publication de l'ensemble des résultats dûment analysés aura lieu en juin 1994. En attendant, des résultats partiels bruts issus d'un échantillon constitué de 10% des questionnaires du Recensement seront disponibles au plus tard en juin 1992.

Pour le moment, nous mettons à la disposition du public des résultats provisoires donnant principalement l'effectif de la population du Rwanda au 15 août 1991 et sa répartition par sexe et par entités administratives (Préfecture, Commune, Secteur).

Certes, toutes les précautions ont été prises en vue de publier des données fiables, lesquelles données sont par ailleurs conformes aux perspectives d'évolution de la population élaborées en 1984 à partir des résultats définitifs du Recensement de 1978, selon un scénario dont les principales hypothèses portent sur la mortalité et la fécondité décroissantes. Cependant, ces résultats restent provisoires et leur manipulation devrait se faire avec réserve, tant qu'ils n'auront pas encore été confirmés par les résultats définitifs dont la publication est attendue en 1994.

L'on se gardera notamment de se servir de ces résultats pour calculer certains indicateurs démographiques tels que le taux d'accroissement intercensitaire de la population, qui devront être déterminés sur base des résultats définitifs.

L'organisation et l'exécution du II^{ème} Recensement Général de la Population et de l'Habitat ont été confiées à la Direction du Recensement, entité organique du Ministère du Plan et de la coopération, appuyée par le Projet Service National de Recensement (S.N.R.) aux termes de l'arrêté présidentiel n°36/10 du 14 janvier 1991 portant organisation du Recensement Général de la Population et de l'Habitat. Ce texte prévoit également que le Recensement se déroule sous l'autorité et le contrôle de la Commission Nationale de Recensement, assistée de la Commission Technique de Recensement et des Commissions Préfectorales et Communales.

Depuis les travaux préparatoires lancés en novembre 1989 jusqu'au dénombrement exécuté en août 1991, le Service National de Recensement a associé à la conception de ses activités, des utilisateurs potentiels des données socio-démographiques et des experts tant nationaux qu'internationaux. Des moyens matériels et humains énormes ont été mis en oeuvre, faisant intervenir des responsables politico-administratifs de tous les échelons.

.../...

La préparation du dénombrement a d'abord consisté à mettre en place une structure permettant d'organiser d'une façon rationnelle la collecte des données. Une équipe de cartographes a sillonné tout le pays pour mettre à jour les cartes administratives jusque-là disponibles, à partir desquelles un découpage opérationnel a été effectué pour l'ensemble du territoire national. Ce découpage a donné 6213 districts de Recensement (DR) et 1497 zones de contrôles (ZC).

Un district de Recensement est une entité géographique de 250 ménages en moyenne, soit une population avoisinant 1100 personnes.

Le DR qui ne peut être à cheval sur deux secteurs administratifs a été confié à l'agent recenseur pour y assurer le dénombrement.

Une zone de contrôle, quant à elle, regroupe 4 ou 5 DR. Elle était confiée à un agent contrôleur.

Les résultats de cette cartographie censitaire nous ont aidé à déterminer avec précision les besoins en agents recenseurs et en agents contrôleurs, permettant ainsi la mise en place d'une organisation minutieuse et rationnelle des opérations de collecte.

En plus du découpage cartographique, il a été élaboré le questionnaire du Recensement Général qui a été testé lors du Recensement Pilote intervenu en août 1990, soit exactement un an avant le dénombrement principal. Une campagne de publicité et de sensibilisation combinant les médias, les affiches et les réunions populaires a également été menée pour informer la population et s'assurer de sa collaboration. D'autres importantes activités ont par ailleurs été réalisées en vue de rendre possible le dénombrement, notamment le recrutement et la formation du personnel de collecte qui comprenait environ 8.000 individus.

Il va de soi que la réalisation de toutes ces opérations de préparation et d'exécution du Recensement devant être suivies par celles de traitement, d'analyse et de publication, nécessite des moyens financiers énormes que le gouvernement rwandais ne pouvait seul disponibiliser. Il lui a fallu recourir à la générosité des pays et organismes internationaux amis pour mobiliser les fonds nécessaires au bon déroulement des différentes activités du Recensement.

Aussi, voudrions-nous profiter de cette occasion pour adresser nos vifs remerciements aux Bailleurs de Fonds qui ont bien voulu apporter au Gouvernement le soutien matériel et financier nécessaire à la réalisation de cette opération combien onéreuse qu'est le Recensement.

Nous mentionnerons tout particulièrement :

- Le Canada,
- La Confédération Helvétique
- Le FNUAP,
- Le Royaume des Pays-Bas,
- Le Royaume de Belgique,
- La République d'Allemagne
- Le PNUD,
- L'USAID

.../...

Nous tenons aussi à exprimer notre reconnaissance au Département de la Coopération Technique pour le Développement des Nations Unies, pour son appui administratif et son expertise dans la gestion quotidienne du Recensement, ainsi qu'à la Commission Economique des Nations Unies pour l'Afrique (C.E.A.) et à l'International Statistical Programs Center (US BUCEN) dont les conseils respectifs ont largement contribué à la réussite des opérations de collecte des données.

Nos sincères remerciements vont également aux autorités nationales et en premier lieu à Son Excellence le Président de la République, pour Son entière disponibilité en faveur des travaux du Recensement. Nous aimerions en outre adresser une mention spéciale entièrement méritée, aux autorités préfectorales et communales, aux conseillers de secteurs et aux responsables de cellules, ainsi qu'à la population toute entière pour la collaboration et l'accueil si chaleureux qu'ils ont réservés spontanément au personnel de Recensement.

Nous nous devons par ailleurs de remercier vivement les différentes personnes qui ont contribué directement à la préparation et à l'exécution du Recensement, principalement les membres de la Commission Nationale de Recensement, de la Commission Technique de Recensement et des Commissions Préfectorales et Communales de Recensement, ainsi que les cadres nationaux et les experts internationaux qui ont apporté leur concours au Service National de Recensement.

Nous ne saurions non plus passer sous silence le rôle joué par tous ceux qui ont exécuté le recensement sur le terrain, en particulier les coordinateurs préfectoraux, les superviseurs communaux, les contrôleurs de zones et les agents recenseurs, qui se sont bien acquittés de la lourde tâche de collecte des informations dans les ménages.

Enfin, que tous ceux qui ont contribué, de près ou de loin à la réussite du dénombrement, trouvent ici l'expression de notre profonde gratitude.

NGIRABATWARE Augustin,
Ministre du Plan et de la Coopération et
Président de la Commission Nationale de
Recensement.

I. NOTE EXPLICATIVE A L'INTENTION DES UTILISATEURS

L'exploitation des différents documents de collecte des données du Deuxième Recensement Général de la Population et de l'Habitat fera l'objet de trois principales publications :

- Les résultats provisoires qui sont essentiellement constitués par les effectifs de population répartie par sexe et statut de résidence au sein des divisions administratives suivantes : Secteurs, Communes et Préfectures.

- Les résultats préliminaires qui seront issus d'un échantillon de 10% des questionnaires du II^{ème} Recensement Général de la Population et de l'Habitat.

Ces résultats préliminaires porteront sur les caractéristiques démographiques et socio-culturelles aux niveaux national et préfectoral.

- Les résultats définitifs du recensement qui englobent les données relatives aux caractéristiques démographiques et socio-culturelles ainsi que les analyses y afférentes. Ils se rapporteront à tous les échelons administratifs.

1.1. Obtention des résultats provisoires

Deux documents ont essentiellement servi de base à l'obtention des résultats provisoires, à savoir la fiche récapitulative du District de Recensement et la fiche récapitulative de la Zone de Contrôle.

La fiche récapitulative du DR a été remplie par l'agent recenseur, et donne la répartition de la population du District de Recensement selon le sexe et le statut de résidence.

Quant à la fiche récapitulative de la Zone de Contrôle, elle a été remplie par l'agent contrôleur à partir des fiches des Districts de Recensement. Elle donne également la répartition de la population de la Zone de Contrôle selon le sexe et le statut de résidence.

Avant de saisir sur ordinateur, dans le logiciel IMPS, module CENTRY, les fiches récapitulatives des zones de contrôle, il a fallu vérifier les totaux effectués sur chaque page ainsi que les reports d'une page à l'autre ou d'un document à l'autre.

Les résultats provisoires ainsi obtenus donnent la population de l'ensemble du pays et des grandes divisions administratives, dont les Préfectures, les Communes et les Secteurs.

.../...

1.2. Caractère provisoire des résultats

Nonobstant les précautions prises en vérifiant exhaustivement les fiches récapitulatives, il n'est pas exclu que l'exploitation de chaque questionnaire qui est prévue dans le cadre du traitement informatique du recensement, peut dégager des effectifs légèrement différents de ceux que nous publions maintenant.

Ces résultats sont également provisoires dans la mesure où les militaires en fonction ainsi que les rwandais travaillant dans les ambassades et les missions diplomatiques rwandaises à l'étranger ne sont pas pris en compte dans la présente publication.

Notons enfin que les personnes déplacées par la guerre ont été dénombrées dans les secteurs où elles se trouvaient au moment de la collecte des données. Ceci justifie, dans les tableaux publiés pour la commune de MUVUMBA en préfecture de BYUMBA, l'absence de deux secteurs, à savoir BWEYA et KAZAZA, qui n'étaient plus peuplés lors du dénombrement. La même justification s'applique aux effectifs relativement très bas de certains secteurs des communes touchées par la guerre (exemple: 55 habitants pour le secteur de TABAGWE en commune de MUVUMBA).

1.3. Particularités de certains tableaux

Dans la présente publication, certains tableaux concernent la population totale comprenant les ménages collectifs et les ménages ordinaires (tableaux 4.1.1 à 4.1.5), tandis que d'autres ne se rapportent qu'aux ménages ordinaires (tableaux 4.2.1 à 4.3.1).

Ainsi, pour les tableaux où il est calculé la taille moyenne des ménages et la densité de population, la population concernée est celle des ménages ordinaires. C'est pour ne pas gonfler inutilement cette taille moyenne des ménages qu'on a exclu la population des ménages collectifs.

Il conviendrait par ailleurs de préciser que les superficies utilisées sont tirées du livre de G. DELEPIERE Ir. Agr., exception faite de la superficie totale du pays qui est celle officiellement reconnue.

II. DEFINITION DES CONCEPTS

En vue d'en faciliter l'utilisation et surtout d'harmoniser la compréhension de ces résultats provisoires du II^{ème} Recensement Général de la Population et de l'Habitat, nous nous devons de reprendre ci-après les définitions des principaux concepts utilisés lors de la collecte.

.../...

2.1. Ménage ordinaire

Le ménage ordinaire est défini comme un ensemble de personnes apparentées ou non qui reconnaissent l'autorité d'un même individu appelé "Chef de ménage", et dont les ressources ou dépenses sont en majeure partie communes. Elles habitent le plus souvent sous le même toit ou dans le même enclos et partagent les repas.

2.2. Ménage collectif

Le ménage collectif est un groupe de personnes le plus souvent sans lien de parenté qui, pour des raisons professionnelles, médicales, scolaires, etc, vivent dans un même établissement souvent à caractère institutionnel. C'est le cas des communautés religieuses, des hôtels, des camps militaires, des hôpitaux, des prisons, etc.

2.3. Nuit de référence

C'est la nuit du 15 au 16 Août 1991.
Les informations recueillies auprès de chaque ménage, concernant sa composition, se rapportent à la nuit du 15 au 16 août 1991 indépendamment de la date de passage de l'agent recenseur.
En effet, on a recensé non seulement toutes les personnes membres de chaque ménage, qu'elles y aient passé la nuit de référence ou non, mais aussi toutes les personnes qui y ont passé la nuit de référence mais qui, habituellement vivent ailleurs.
Pour éviter les doubles comptes au cours de l'opération de collecte, le statut de résidence de chaque personne a été défini à l'aide des concepts ci après : Résidant Présent, Résidant absent et Visiteur.

2.4. Résidant présent (RP)

Est considéré comme résidant présent, tout individu qui a passé la nuit de référence dans le ménage où il vit depuis au moins 6 mois ou qui a l'intention ferme d'y rester pendant une durée d'au moins 6 mois .

2.5. Résidant Absent (RA)

Est considéré comme Résidant Absent tout individu qui a passé la nuit de référence en dehors du ménage où il vit habituellement. Le délai d'absence dans ledit ménage doit être inférieur à 6 mois.

.../...

2.6. Visiteurs (VI)

Est considéré comme visiteur tout individu qui ne réside pas habituellement dans le ménage mais qui y a passé la nuit de référence (nuit du 15 au 16 août 1991). Le délai de présence dans ce ménage doit être inférieur à 6 mois.

2.7. Population résidente ou Population de droit (RP + RA)

La population résidente d'une subdivision administrative est composée par toutes les personnes qui avaient leur résidence habituelle dans les ménages se trouvant dans cette subdivision administrative.

Ces personnes peuvent avoir passé la nuit du 15 au 16 août 1991 dans leurs ménages respectifs ou en dehors de ceux-ci.

2.8. Population présente ou population de fait (RP + VI)

La population présente est formée par toutes les personnes qui ont passé la nuit de référence dans leurs ménages habituels ainsi que leurs visiteurs.

III. QUELQUES INDICATEURS IMPORTANTS DES RESULTATS PROVISOIRES

3.1. Le découpage administratif actuel

- Préfectures : 11
- Sous-préfectures: 32
- Communes : 145
- Secteurs : 1490

3.2. Le découpage opérationnel (ou censitaire)

- Districts de Recensement 6213
- Zones de contrôle 1497

3.3. Les effectifs globaux de la population

- Population résidente ou de droit
 (RP + RA) = 7.155.391
 dont Masculin : 3.489.807
 Féminin : 3.665.584
 Urbain : 392.229
 Rural : 6.763.162

.../...

- Population de fait ou population présente
 (RP + VI) : 7.164.994
 dont Masculin : 3.487.189
 Féminin : 3.677.805
- Nombre de ménages ordinaires : 1.508.922

3.4. Indices moyens

- nombre moyen de personnes par ménage ensemble du pays : 4,74
- nombre moyen de personnes par ménage milieu rural : 4,77
- nombre moyen de personnes par ménage milieu urbain : 4,22
- nombre moyen de personnes par ménage Ville de Kigali : 4,05
- nombre moyen d'hommes pour 100 femmes (ensemble du pays) : 95,20
- nombre moyen d'homme pour 100 femmes en milieu rural : 95,05
- nombre moyen d'homme pour 100 femmes en milieu urbain : 110,47
- nombre moyen d'hommes pour 100 femmes dans la
 préfecture de la Ville de Kigali : 120,89
- Densité brute de la population au km² : 271

.../...

**ANNEIE: LISTE DES PRINCIPAUX EXPERTS AYANT PARTICIPE
A LA REALISATION DU RECENSEMENT**

1: Experts nationaux

1.1: Du Service National de Recensement (S.N.R)

- 1) MBONIMPA Jean Marie V. : Directeur
- 2) AKIMABERA Fébronie : Démographe
- 3) RWAMPALIJEHO Léonard : Statisticien-Démographe
- 4) HAKIZIMANA Jean Marie : Statisticien ITS
- 5) NGENZI Innocent : Statisticien ITS/Informaticien
- 6) NSABIMANA Modeste : Cartographe
- 7) SIKUBWABO Maximilien : Statisticien ITS
- 8) NSENGIYUMVA Michel : Statisticien ITS/Informaticien
- 9) NYARWAYA Jean Baptiste : Statisticien ITS
- 10) MBONYUMUHUNGU Damien : Statisticien ITS
- 11) KAREGEYA Aloys : Statisticien ATS
- 12) KARASIRA Boniface : Statisticien ATS
- 13) HAGENIMANA Jean Bosco : Statisticien ATS/Informaticien

1.2: De la Direction Générale de la Statistique

- 1) TWAGIRAYEZU Alexis : Directeur Général
- 2) MULIGO Théodomir : Directeur des Enquêtes Statistiques
- 3) GATSINZI Richard : Directeur des Statistiques Générales
- 4) NYARAMBA Télesphore : Chef de Division Statistiques Sociales

1.3: De l'Office National de la Population (ONAPO)

- 1) Dr ILINIGUMUGABO Aloys : Démographe
- 2) NIYIBIZI Silas : Démographe

2: Experts internationaux

2.1: Du Département de la Coopération Technique pour le Développement (UN DTCD)

- 1) Anis K. MAITRA : Conseiller interrégional en Formation Statistique et en Statistiques Démographiques
- 2) Michel SIMONET : Conseiller Technique Principal au S.N.R.
- 3) Jean Marc LAFRENIERE : Consultant en Informatique au S.N.R.

2.2: De la Commission Economique pour l'Afrique (CEA)

- 1) Jean Marc HIE : Conseiller régional en Informatique
- 2) Oumar BOCOUM : Conseiller régional en Cartographie
- 3) Hamady SOW : Conseiller régional en statistiques démographiques

2.3: De l'ISPC/USAID

- 1) Thomas MELANEY : Data Processor
- 2) Anne CANAMUCIO : Statistician
- 3) Marjorie DAUPHIN : Statistician
- 4) Armando LEVINSON : Statistician

2.4: Autres experts

- 1) Félicien DIAFOUKA : Démographe au Projet Assistance à la Planification (PNUD/MINIPLAN)
- 2) Fabrice TALLON : Démographe à l'ONAPO

IMPORTANT TASKS PERFORMED BY MILOBS

General

1. MILOBS are the eyes and ears of SRSG/FORCE CDR/CMO/DCMO. MILOBS are reasonably senior, highly mature and experienced military officers who are carefully selected for an objective and unbiased reporting in war torn countries. They are performing very important tasks in UNAMIR(RWANDA). Some of the important tasks performed by the MILOBS are given in succeeding paragraphs.

Patrolling.

2. Patrolling is an essential activity for observing, dominating, enquiring and assessing the prevailing situation in the area of responsibility. The main aims of patrolling are:-

- (a) To confirm/verify/supervise an incident, agreement or any violation.
- (b) To obtain information about terrain and topography.
- (c) To assess the general situation in a given area.
- (d) To show the presence of UN.
- (e) To interact with local people and other agencies to obtain any information which could be useful to UNAMIR operations/tasks.

Visits to Communes.

3. Visit various Communes in the area of responsibility to enquire about the following and take necessary actions/ info concerned agencies for necessary actions:-

- (a) Meet Commune Bourgemestre and enquire about Commune problems.
- (b) Population. Population details, ethnic groups and their intersay relationship.
- (c) Assess living conditions of local population.
- (d) Food. Check availability of food and water in the Commune. Distribution of food if any and what agency?
- (e) Orphans. Their number, condition and problems.
- (f) Education. State of education, number of children attending, availability of teachers and problems if any.
- (g) Prisons. Check conditions of prison and detention centres. Check condition of prisoners, human right violations and the judicial system available.
- (h) Agriculture. Check availability of agricultural implements, seeds and water for cultivation.
- (i) Health. Check prevalent diseases hospitals/health centres, availability of doctors/nurses and supply position of medicines.
- (j) Security. Assess the security situation, cases of banditry arrests, killings by RPA and others.
- (k) RPA. Deployment, strength, Commanders and their attitude towards local population.

(l) Administrative Setup. The setup, their attitude, efforts towards reconciliations and inclinations.

(m) Returnees. Their numbers, integration in mainstream, problems, assistance provided by local administration, security/ harassment if any, housing, food and attitude of locals and RPA.

Escort Duties.

4. MILOBs provide unarmed escorts to :-

- (a) VIPs and other visiting persons.
- (b) NGOs.
- (c) For the IDPs, while moving back to their home communes, the MILOBs are tasked for following:-
 - (i) Monitoring of target Communes.
 - (ii) Liaise and coordinate between Open Relief Centres (ORC), local authorities and IDPs.
 - (iii) Escort IDP convoys from Displaced Persons Camps (DPC) to ORC/ home communes in conjunction with RPA and UN troops.
 - (iv) Provide liaison between RPA and UN troops.

Humanitarian Situation.

5. MILOBs are monitoring the humanitarian situation in their respective sectors. Each sector has a Hum Officer who works in close coordination with local Humanitarian, Human Rights and other NGOs.

Some of the important tasks are:-

- (a) Close contact with the Prefect and representative of the Ministry of Rehabilitation.
- (b) To work in close cooperation with UNHCR and render necessary assistance to them in execution of their tasks in rehabilitation of IDPs and returnees.
- (c) Assist World Food Programme (WFP) in coordination of food and aid delivery to medical centres and orphanages.
- (d) Works in close coordination with HR and ICRC to assess the situation in Commune cachots and prisons.

Advantages of MILOBs

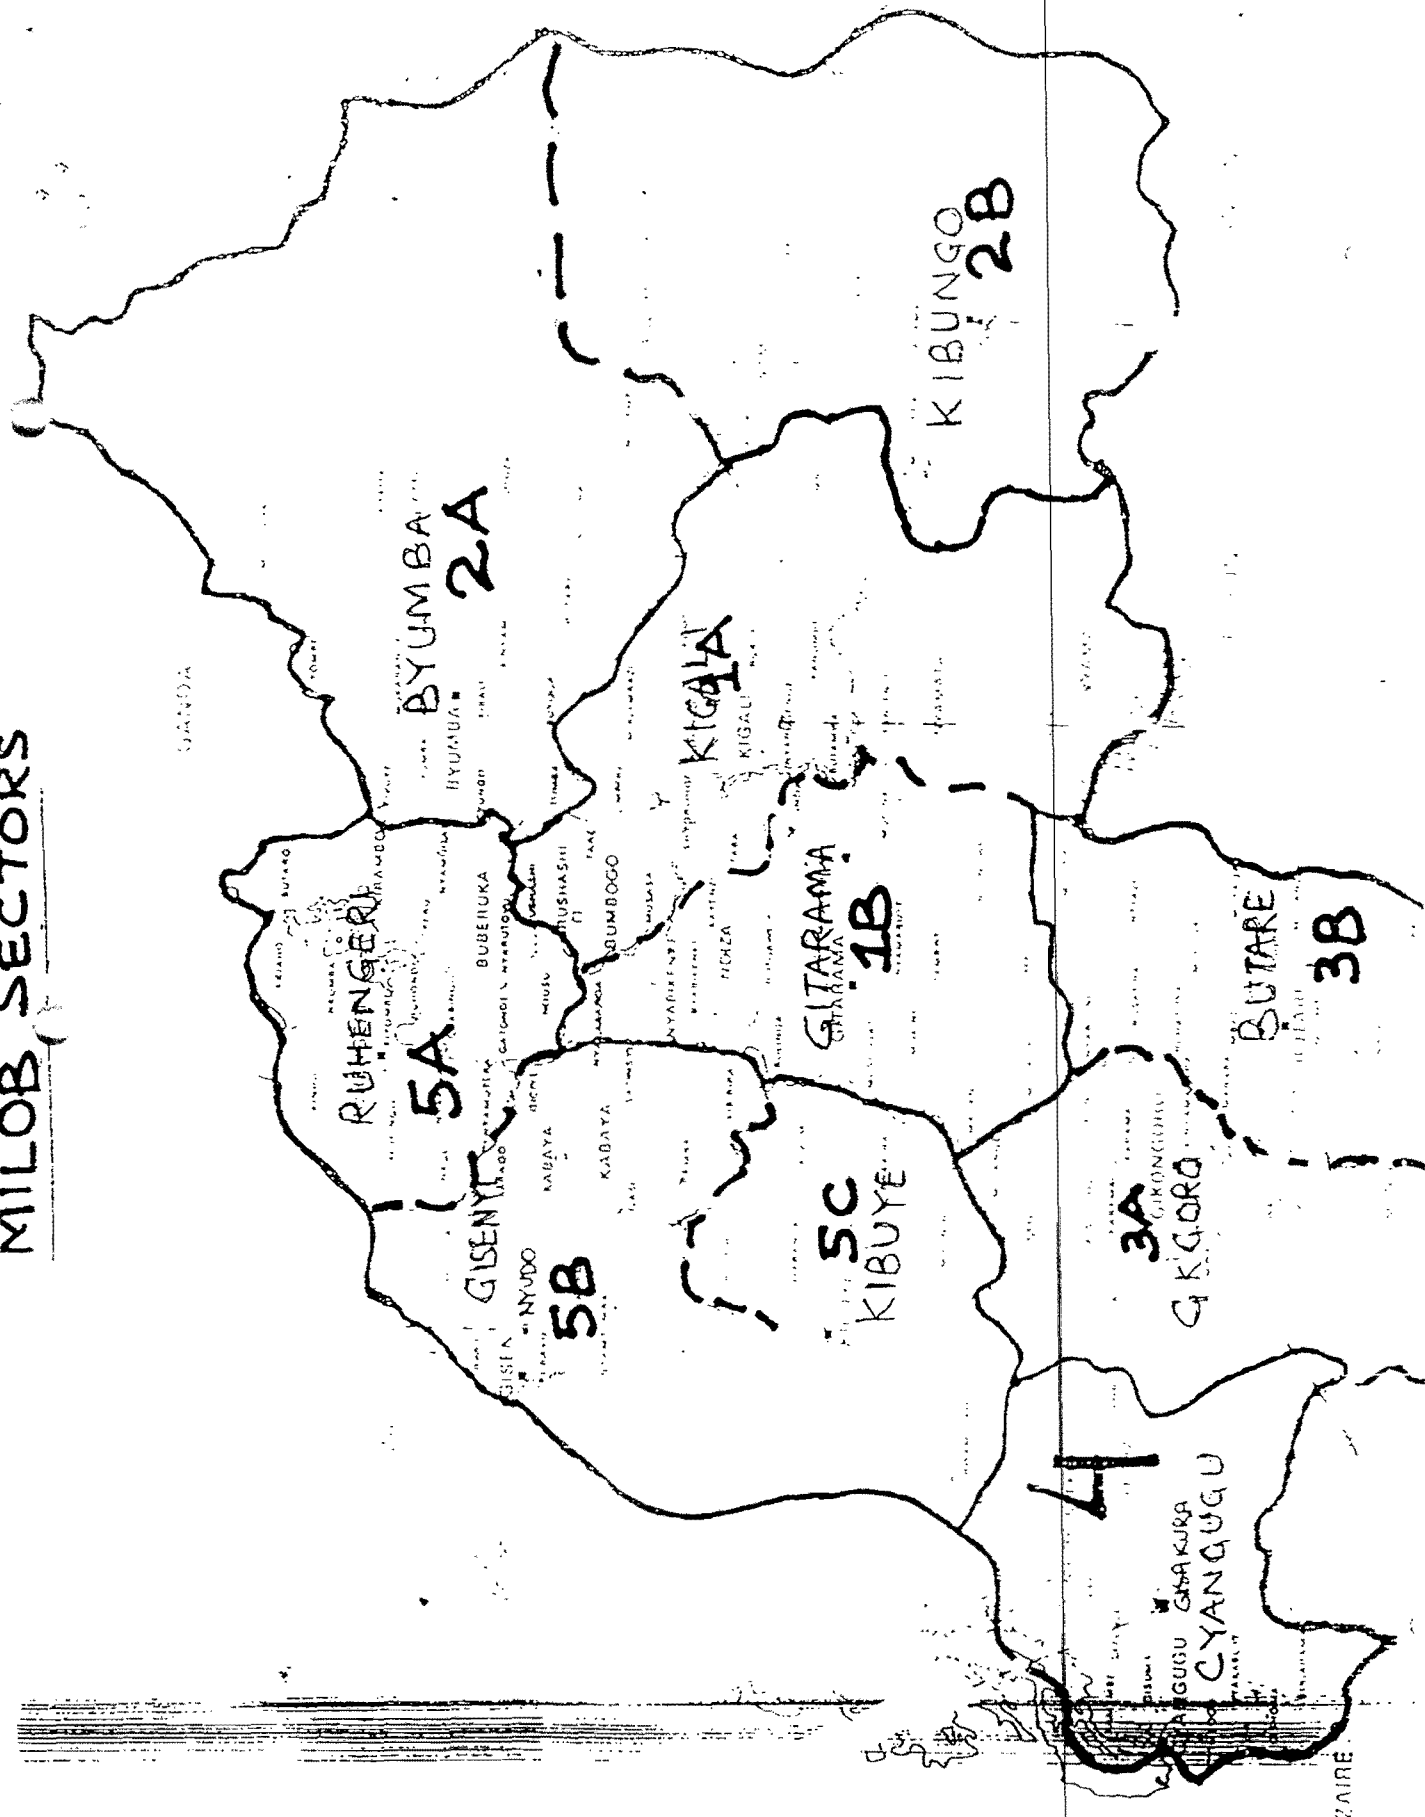

6. MILOBs have tremendous advantage over other agencies in carrying out accurate observation, evaluation and assessment since they are all officers with good experience, sound military background and possess analytical mind. Some of the striking advantages of Military Observers (officers) are:-

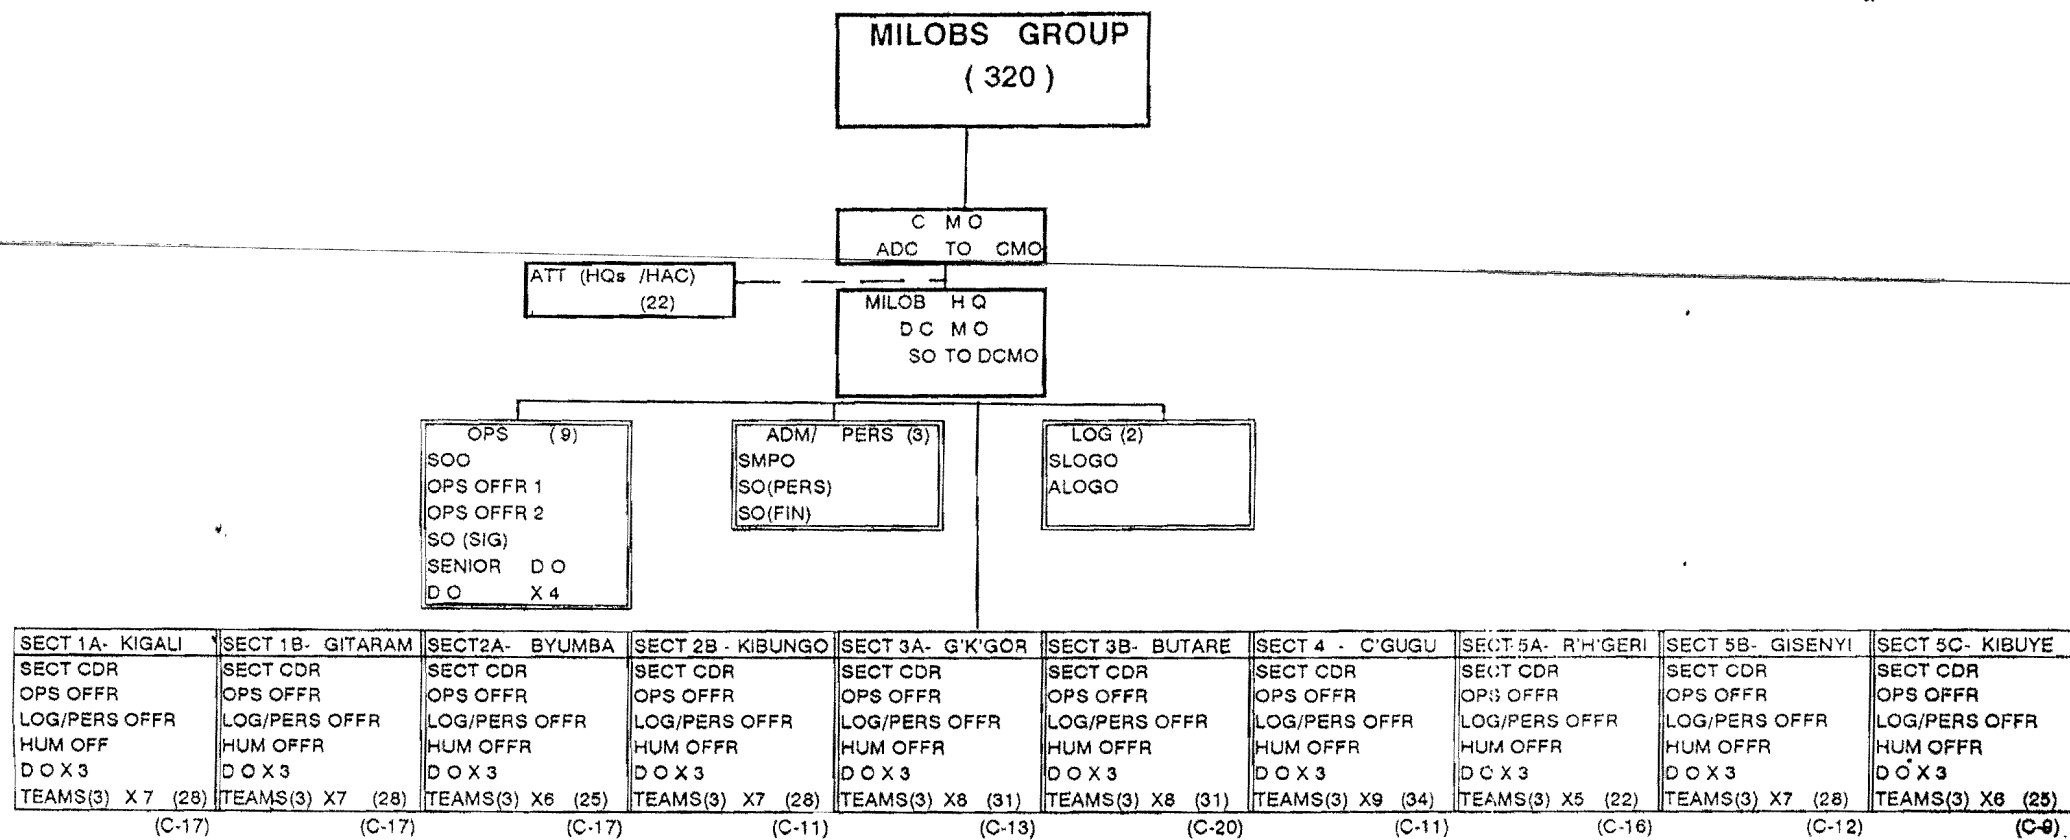

- (a) Even in absence of comprehensive guidelines, they can carry out their tasks effectively. They do not need supervision.
- (b) Because of their military background, they can carry out an accurate assessment of the prevailing security situation.

(c) It is much easier for an officer to interact with the local population (keeping in mind the language problem in Rwanda).

(d) Correct assessment is very essential for optimum utilisation of meager UN resources. MILOBs can make an accurate assessment of existing situation as also to what is likely to happen in the near future due to their constant interaction with local population and NGOs.

(e) It has been experienced that often representatives of HR and other NGOs insists on MILOBs accompanying them.

BRIEFING NOTES - OPERATIONS

FORCE HQ - UNAMIR

INTRODUCTION

1. UNAMIR has gone through a great transformation since Oct 93 and this has led to a remarkable modification in the deployment and the operations of the Force.

AIM

2. The aim of this brief is to give a background history of RWANDA and UNAMIR since its inception in Oct 93.

SCOPE

3. The brief will cover the following:

- a. GENERAL INFORMATION.
- b. BACKGROUND HISTORY OF THE RWANDAN CONFLICT.
- c. FORMATION OF UNAMIR AND ITS DEPLOYMENT.
- d. UNAMIR DEPLOYMENT AFTER 06 APRIL 94.
- e. NEW MISSION AND CONCEPT OF OPERATION.
- f. IMPORTANT OPERATIONS BY UNAMIR.
- g. CONCLUSION.

GENERAL INFORMATION

4. Geographical Location. Rwanda is located in East Central Africa, having a relatively small area. The country is bounded on the North by UGANDA, to the East by Tanzania, to the South by Burundi and Zaire to the West.

5. Terrain. The terrain is rugged with steep hills and ridges. The North is dominated by a powerful chain of volcanoes known as the VIRUNGA. The highest is the KARISIMBI (Approx 4500 meters).

6. Vegetation. This varies from tropical rain forest in the West to savanna grassland in the East.

7. Ethnic Division. The population is made up of three ethnic groups: HUTU 85%, TUTSI 14% and TWA 1%.

BACKGROUND HISTORY OF CONFLICT

8. ZAIRE, RWANDA and BURUNDI have identical colonial past in that they were all under Belgian domination.

9. RWANDA and BURUNDI were both originally inhabited by the TWA tribe. Then came the HUTUS from the North, hundred of years ago followed by the Tutsis during the 18th century. Under colonial rule the Tutsis were exclusively given western education which made them dominant over the rest of the local population even though they did not form the majority. The Tutsi domination created problems in both countries. In Burundi the minority Tutsi tribe still controls the military, Civil Service and the economy of the country.

10. In 1959 the Tutsi domination of the majority Hutu in RWANDA was rejected through a rebellion which resulted in the overthrow of the ruling Tutsis. The rebellion led to the fleeing of over 160,000 Tutsis into neighbouring countries while an estimated 20,000 were killed. In 1961 a UN supervised referendum in the country brought victory to the Hutu led party known as the "Party of Hutu Emancipation Movement (PARME HUTU). The power base in Rwanda therefore shifted to the Hutu majority from 1961.

11. The situation in Rwanda though tense was stable until Oct 1990 when an estimated force of about 10,000 men largely made up of exiled Tutsis crossed into North Eastern Rwanda from Uganda. The initial attack was repulsed by the RGF with the help of Zairian and French troops. The force which was known as the Rwandan Patriotic Force turned guerrilla with most of its attacks on Rwanda coming from the North and North West. The attacks continued with the RPF gaining territory until March 1993 when a cease fire agreement was signed between the Government and the rebels. Under the truce, the RPF gave up about half the territory it controlled to give way for the creation of a 19 KM wide demilitarized Zone. On 04 August 1993 the RPF and RGF under the aegis of the OAU signed the ARUSHA PEACE AGREEMENT which called upon the UN to put in place an International neutral force known as United Nations Assistance Mission In Rwanda (UNAMIR) to assist in a 22 month peace process starting from 5 Oct 93. At Arusha the warring factions agreed on the following:

- a. Install a Broad Base Transitional Government.
- b. Set up transitional institutions
- c. Deploy a neutral international force
- d. Withdraw foreign troops from Rwanda.
- e. Deploy an RPF battalion in Kigali to protect RPF dignitaries involved in the transition process.

- f. Integrate RGF and RPF into the National Defence Force.
- g. Protect expatriates and ensure the security of humanitarian agencies operating in Rwanda.
- h. Integrate OAU observers into UN observers.
- i. Repatriate refugees and resettle displaced persons.
- j. Ensure a secure atmosphere for a general election.

FORMATION OF UNAMIR AND ITS DEPLOYMENT

12. Based on the Arusha Agreement, the Security Council adopted Resolution 846 which sent a Reconnaissance Mission to Rwanda on 17 Aug 93. The mission was assigned the task of assessing and reporting on the contributions which the UN could make to assist the OAU in the implementation of the peace agreement. It was also assigned the task of assessing the human and material requirements essential to the implementation of the peace agreement. On 5 Oct 93 the Security Council adopted Resolution 872 which gave UNAMIR a mandate for 6 months.

13. Prior to the arrival of UNAMIR troops in Rwanda, the OAU had an observer team of 104 officers and a sixty-man company from Tunisia to monitor the cease fire. These officers and men were absorbed by UNAMIR when it was established.

14. In order to execute this mandate, the UNAMIR force was deployed in 6 Sectors as follows:

a. UNOMUR Sector. The UNOMUR Sector covered areas in northern Rwanda and part of southern Uganda. The Sector was patrolled by Military Observers.

b. RPF Sector. The RPF Sector, referred to the area north of the DMZ. This included areas occupied by the RPF during the cease fire in 1993.

c. The DMZ Sector. The DMZ Sector was a 19 KM wide "No mans Land" or buffer zone created to separate the warring factions. UNAMIR had the following forces deployed in the area:

- (1) Ghanaian Bn.
- (2) Bangladesh Engr Coy.
- (3) MILOB Teams.
- (4) Tunisian Coy (-)

d. The RGF Sector. The RGF Sector referred to the areas immediately south of the DMZ controlled by the RGF. MILOBS were responsible for monitoring the cease fire in that sector.

e. KIGALI WEAPON SECURE AREA (KWSA). KWSA included areas immediately surrounding Kigali the capital, and it had the following units:

- (1) Belgian Bn (-).
- (2) Bangladesh Bn (-) comprising:
 - (a) Log Coy.
 - (b) Med Pl.
 - (c) Mov Con Pl.
 - (d) Tpt Pl.
- (3) MILOBS.

f. The Southern Sector. The Southern sector referred to the area south of the RGF Sector. The forces which operated there were largely MILOB Teams.

UNAMIR DEPLOYMENT AFTER APR 94.

15. After the death of President Juvenal Habyarimana under very suspicious circumstances, the Presidential Guard went on a rampage killing opponents of the government and all Tutsis they could lay their hands on with the assistance of the Interhamwe, a pro-government militia organisation. Their reasons being that the plane crash was the work of forces opposed to the government. The RPF in Kigali having been appalled by the systematic killing of their sympathizers, broke out of their confinement at Parliament House thus ending the cease fire reached with the former Government in March 1993. In order to stop the carnage by the Presidential Guards and the Interhamwe, the RPF in the North moved southwards to link up with those in Kigali and advanced in three fronts, a Western, a Central and an Eastern front. The main thrust of the RPF advance was concentrated on the eastern front which turned westwards after moving southwards from the east. The RPA leadership was resolute so was their advance, with the RGF, Presidential Guards and Interhamwe fleeing ahead of the RPF advance. The RPF advance only stopped when the French occupied the Sector 4, formerly known as the Humanitarian Protection Zone (HPZ). The HPZ thus provided a safe haven for both the RGF and Militia, majority of whom since the withdrawal of the French on 21 Aug 94 have fled to Zaire.

16. During the war the deteriorating situation led to the scaling

down of the UNAMIR force from 2517 to just under 500 and the tasks the small force undertook were as follows:

- a. Provided security to displaced persons in camps under UNAMIRs care.
- b. Performed escort duties.
- c. Provided Humanitarian Assistance to Displaced Persons.
- d. Monitored the activities of Non Government Organizations.
- e. Ensured the security of personnel involved in Humanitarian Aid distribution. And finally,
- f. Transfer of Rwandese from territory held by either the RGF or the RPF to the other.

17. After the war UNAMIR strength went up to 6,100 untill JUNE 95. Contributing countries were the following:

- a. Australia.
- b. Britain.
- c. Canada.
- d. Ethioipia.
- e. Ghana.
- f. Malawi.
- g. Nigeria.
- h. Senegal, Chad, Congo, Niger, Guinea Bissau
(Chad, Congo, Niger and Guinea Bissau withdrew in February 95)
- i. Tunisia.
- j. Zambia.
- k. India and Mali.

UNAMIR MISSION AND CONCEPT OF OPERATION
FROM 08 JUNE 94 TO 08 JUNE 95

18. UNAMIR mission was to assist and co-ordinate the humanitarian support of participating countries and NGOs with the view to bringing an end to the crisis in Rwanda.

19. The thrust of UNAMIR's effort was to bring back refugees and displaced persons and settle them in their respective home areas. Rwanda had therefore been divided into 6 sectors.

- a. SECTOR 1 - NIBATT AND MILOBS.
- b. SECTOR 2 - GHANBATT AND MILOBS.
- c. SECTOR 3A - MALAWICOY AND MILOBS.
- d. SECTOR 3B - MALICOY AND MILOBS.
- d. SECTOR 4A - ZAMBATT AND MILOBS.
- e. SECTOR 4B - SENBATT AND MILOBS.
- f. SECTOR 4C - ETHIOBATT with MILOBS.
- g. SECTOR 5 - TUNBATT with MILOBS.
- h. SECTOR 6 - INDBATT with MILOBS.

20. Due to the large IDP population after war the UNAMIR concept of operation aimed at:

- a. Stabilizing refugees and displaced persons in their various locations.
- b. Preparing the home communes for their return by helping to improve essential life supporting services with the assistance of NGOs.
- c. Then encouraging them to return to their home areas.
- d. Providing transportation, food, water, medical assistance on their way to their homes.
- e. Assisting the people to return to their normal life and finally,
- f. Handover in due course all humanitarian activities to the Rwandese Government.

21. Based on the concept of operations some of the tasks performed by the formed troops included the following:

- a. Conduct of protective operations such as:
 - (1) Road blocks.
 - (2) Check Points (static and random).

- (3) Vital point protection.
- (4) Observation posts.
- (5) Cordon and search and
- (6) Patrol.
- b. Provide security in large towns, villages and in refugee/displaced peoples camps.
- c. Deny insurgent activity in their sectors.
- d. Guard UN installations within the UNAMIR AOR.
- e. Assist local authority in maintaining law and order in camps.
- f. Motivate the displaced persons to return to their homes.
- g. Assist the NGOs in the distribution of food, water and medical support.
- h. Assist in the coordination of all activities of NGOs.
- i. Handover all activities to the Government and NGOs progressively as the situation becomes normal.

NEW MISSION AND CONCEPT OF OPERATION.

- 22. UN Security Council Resolution 997 dated 9 JUNE 95 decided to:
 - a. Extend UNAMIR mandate untill 8 December 95.
 - b. Reduce the Force level to 2,330 troops before 9 AUG 95, and to 1,800 troops fom 9 OCT 95.
 - c. Adjust the UNAMIR mandate so that UNAMIR will:
 - (1) Assist the Gouvernement of RWANDA in facilitating the volutarly and safe return of refugees and their reintegration in their home communities, and , to that end, to support the Gouvernement of RWANDA in its ongoing efforts to promote a climate of confidence and trust through the performance of monitoring tasks throughout the country with military and police observers;
 - (2) Support the provision of humanitarian aid, and of assistance and expertise in engeneering, logistics, medical care and demining.

(3) Contribute to the security in RWANDA of personnel and premises of United Nations agencies, of the International Tribunal for RWANDA, including full time protection for the Prosecutor's office, as well as those of human rights officers, and to contribute also to the security of humanitarian agencies in case of need.

23. Based on the new mandate, which has shifted the focus of peace-keeping to a role of assisting in the normalisation and stabilization of RWANDA, the AOR has been therefore divided into five sectors:

- a. SECTOR 1 (KIGALI) : INDBATT AND GHANCOY WITH MILOBS.
- b. SECTOR 2 (KIBUNGO) : GHANCOY AND MILOBS.
- c. SECTOR 3 (GIKONGORO): MALICOY AND MILOBS.
- d. SECTOR 4 (SHAGASHA) : MALAWICOY AND MILOBS.
- e. SECTOR 5 (NYUNDO) : NICOY AND MILOBS.

24. As UNAMIR has been tasked to sustain a UN peace-keeping presence in RWANDA, mainly in KIGALI, and to assist the govt of RWANDA in promoting reconciliation and reconstruction and in a promotion of a climate conducive to the stability and to the return of refugees, troops will perform the following:

- a. Continue occupying the existing sectors.
- b. Be prepared to provide transport for the movement of refugees as required.
- c. Assist where possible the humanitarian agencies in their operations.
- d. Provide a focal point for the coordination and provision of humanitarian aid.
- e. Provide security for UNAMIR personnel and property.
- f. Contribute to the security for the personnel and premises of UN agencies.
- g. Contribute to the security of the International Tribunal.

h. Contribute to the security of Human Rights offices,
where possible.

i. Contribute to the security of the humanitarian agencies
in case of need.

IMPORTANT OPERATIONS BY UNAMIR

25. UNAMIR Occupation of the HPZ. On 22 Aug 94, UNAMIR took over the HPZ and the French Forces (less FRAFBATT) withdrew from Rwanda. It was at this point that the HPZ became known as Sector 4.

26. Operation FOXTROT. During the French occupation of Sector 4, a Gendarmerie was established which was not recognised subsequently by the newly established Rwandan Government. UNAMIR undertook to successfully disarm and demobilise this force.

27. Reintegration of Sector 4. The RPA was gradually reintegrated in Sector 4 in the Sep/Oct period. During this time, the Government policy of reconciliation was articulated by leaders and Prefect administration was re-established. RPA troops are now permanently deployed throughout the Sector.

28. Operation HOMEWARD. Operation Homeward was mounted in Sep 94 to capitalise on the temporary availability of UNAMIR resources (principally transport and coordination expertise) to assist relief agencies to relocate IDPs to their homes. Although the operation was relatively limited in its success, it provided valuable lessons as precursor to Operation RETOUR.

29. Operation HOPE

a. Operation Hope was a cordon and search operation which was undertaken by UNAMIR in co-ordination with the RPA to clear KIBEHO and NDAGO IDP camps (Sector 4) of criminal elements which were looting and committing acts of banditry and murder aimed at discouraging IDPs in those camps from voluntarily going back to their respective home communes. The operation was conducted from 13-15 Dec 94. A total of 1,552 UNAMIR troops, MILOBS and support staff participated in the op.

b. The RPA contributed two battalions during the op as the outer cordon troops. In addition, they provided a small number of liaison officers.

c. The operation was extremely successful, as several hundred weapons were confiscated and 44 suspected criminals were apprehended and handed over to the office of the

Prosecutor in GIKONGORO in the presence of Human Rights and ICRC representatives.

30. Operation RETOUR. This operation was aimed at an information campaign to create conditions in the Displaced People's Camps to sufficiently motivate IDPs to return to their homes while simultaneously gearing up the target communes to receive the returnees. The operation was conducted in three phases.

a. Phase 1.

(1) The preparation of home communes, ORCs, temporary shelters for IDPs;

(2) Information campaign in target camps.

(3) The establishment of conditions in the camp which are conducive to voluntary vacation.

b. Phase II.

(1) Processing of IDPs through registration, screening and search procedures in marshalling areas.

(2) The safe movement of IDPs to ORC/home communes.

c. Phase III. Establishment of IDPs in their home communes.

31. Currently two camps have been officially closed by OP RETOUR, Cyanika and Rukondo. Over 35000 IDPs have so far been evacuated by vehicles to various sectors within the UNAMIR AOR.

CONCLUSION

32. UNAMIR since 6 Apr 94 has undergone very important changes. The force in the previous mandate vigorously pursued its mandate to return the country to normality. There was a steady influx of refugees and internally displaced persons to their respective homes in towns and villages across the length and breadth of the country due to the improved security situation in the country. The new mandate assigns to UNAMIR a role of assisting the Rwandese Govt in the normalisation and stabilization of the country, in facilitating the voluntary and safe return of the refugees, and in providing humanitarian aid. The military situation is at the moment stable and the government's policy of reconciliation if pursued diligently by the people and government of Rwanda will yield great dividends.

BRIEFING NOTES - OPERATIONS

FORCE HQ - UNAMIR

INTRODUCTION

1. UNAMIR has gone through a great transformation since Oct 93 and this has led to a remarkable modification in the deployment and the operations of the Force.

AIM

2. The aim of this brief is to give a background history of RWANDA and UNAMIR since its inception in Oct 93.

SCOPE

3. The brief will cover the following:
- a. GENERAL INFORMATION.
 - b. BACKGROUND HISTORY OF THE RWANDAN CONFLICT.
 - c. FORMATION OF UNAMIR AND ITS DEPLOYMENT.
 - d. UNAMIR DEPLOYMENT AFTER 06 APRIL 94.
 - e. NEW MISSION AND CONCEPT OF OPERATION.
 - f. IMPORTANT OPERATIONS BY UNAMIR.
 - g. CONCLUSION.

GENERAL INFORMATION

4. Geographical Location. Rwanda is located in East Central Africa, having a relatively small area. The country is bounded on the North by UGANDA, to the East by Tanzania, to the South by Burundi and Zaire to the West.

5. Terrain. The terrain is rugged with steep hills and ridges. The North is dominated by a powerful chain of volcanoes known as the VIRUNGA. The highest is the KARISIMBI (Approx 4500 meters).

6. Vegetation. This varies from tropical rain forest in the West to savanna grassland in the East.

7. Ethnic Division. The population is made up of three ethnic groups: HUTU 85%, TUTSI 14% and TWA 1%.

BACKGROUND HISTORY OF CONFLICT

8. ZAIRE, RWANDA and BURUNDI have identical colonial past in that they were all under Belgian domination.

9. RWANDA and BURUNDI were both originally inhabited by the TWA tribe. Then came the HUTUS from the North, hundred of years ago followed by the Tutsis during the 18th century. Under colonial rule the Tutsis were exclusively given western education which made them dominant over the rest of the local population even though they did not form the majority. The Tutsi domination created problems in both countries. In Burundi the minority Tutsi tribe still controls the military, Civil Service and the economy of the country.

10. In 1959 the Tutsi domination of the majority Hutu in RWANDA was rejected through a rebellion which resulted in the overthrow of the ruling Tutsis. The rebellion led to the fleeing of over 160,000 Tutsis into neighbouring countries while an estimated 20,000 were killed. In 1961 a UN supervised referendum in the country brought victory to the Hutu led party known as the "Party of Hutu Emancipation Movement (PARME HUTU). The power base in Rwanda therefore shifted to the Hutu majority from 1961.

11. The situation in Rwanda though tense was stable until Oct 1990 when an estimated force of about 10,000 men largely made up of exiled Tutsis crossed into North Eastern Rwanda from Uganda. The initial attack was repulsed by the RGF with the help of Zairian and French troops. The force which was known as the Rwandan Patriotic Force turned guerrilla with most of its attacks on Rwanda coming from the North and North West. The attacks continued with the RPF gaining territory until March 1993 when a cease fire agreement was signed between the Government and the rebels. Under the truce, the RPF gave up about half the territory it controlled to give way for the creation of a 19 KM wide demilitarized Zone. On 04 August 1993 the RPF and RGF under the aegis of the OAU signed the ARUSHA PEACE AGREEMENT which called upon the UN to put in place an International neutral force known as United Nations Assistance Mission In Rwanda (UNAMIR) to assist in a 22 month peace process starting from 5 Oct 93. At Arusha the warring factions agreed on the following:

- a. Install a Broad Base Transitional Government.
- b. Set up transitional institutions
- c. Deploy a neutral international force
- d. Withdraw foreign troops from Rwanda.
- e. Deploy an RPF battalion in Kigali to protect RPF dignitaries involved in the transition process.

- f. Integrate RGF and RPF into the National Defence Force.
- g. Protect expatriates and ensure the security of humanitarian agencies operating in Rwanda.
- h. Integrate OAU observers into UN observers.
- i. Repatriate refugees and resettle displaced persons.
- j. Ensure a secure atmosphere for a general election.

FORMATION OF UNAMIR AND ITS DEPLOYMENT

12. Based on the Arusha Agreement, the Security Council adopted Resolution 846 which sent a Reconnaissance Mission to Rwanda on 17 Aug 93. The mission was assigned the task of assessing and reporting on the contributions which the UN could make to assist the OAU in the implementation of the peace agreement. It was also assigned the task of assessing the human and material requirements essential to the implementation of the peace agreement. On 5 Oct 93 the Security Council adopted Resolution 872 which gave UNAMIR a mandate for 6 months.

13. Prior to the arrival of UNAMIR troops in Rwanda, the OAU had an observer team of 104 officers and a sixty-man company from Tunisia to monitor the cease fire. These officers and men were absorbed by UNAMIR when it was established.

14. In order to execute this mandate, the UNAMIR force was deployed in 6 Sectors as follows:

a. UNOMUR Sector. The UNOMUR Sector covered areas in northern Rwanda and part of southern Uganda. The Sector was patrolled by Military Observers.

b. RPF Sector. The RPF Sector, referred to the area north of the DMZ. This included areas occupied by the RPF during the cease fire in 1993.

c. The DMZ Sector. The DMZ Sector was a 19 KM wide "No mans Land" or buffer zone created to separate the warring factions. UNAMIR had the following forces deployed in the area:

- (1) Ghanaian Bn.
- (2) Bangladesh Engr Coy.
- (3) MILOB Teams.
- (4) Tunisian Coy (-)

d. The RGF Sector. The RGF Sector referred to the areas immediately south of the DMZ controlled by the RGF. MILOBs were responsible for monitoring the cease fire in that sector.

e. KIGALI WEAPON SECURE AREA (KWSA). KWSA included areas immediately surrounding Kigali the capital, and it had the following units:

- (1) Belgian Bn (-).
- (2) Bangladesh Bn (-) comprising:
 - (a) Log Coy.
 - (b) Med Pl.
 - (c) Mov Con Pl.
 - (d) Tpt Pl.
- (3) MILOBs.

f. The Southern Sector. The Southern sector referred to the area south of the RGF Sector. The forces which operated there were largely MILOB Teams.

UNAMIR DEPLOYMENT AFTER APR 94.

15. After the death of President Juvenal Habyarimana under very suspicious circumstances, the Presidential Guard went on a rampage killing opponents of the government and all Tutsis they could lay their hands on with the assistance of the Interhamwe, a pro-government militia organisation. Their reasons being that the plane crash was the work of forces opposed to the government. The RPF in Kigali having been appalled by the systematic killing of their sympathizers, broke out of their confinement at Parliament House thus ending the cease fire reached with the former Government in March 1993. In order to stop the carnage by the Presidential Guards and the Interhamwe, the RPF in the North moved southwards to link up with those in Kigali and advanced in three fronts, a Western, a Central and an Eastern front. The main thrust of the RPF advance was concentrated on the eastern front which turned westwards after moving southwards from the east. The RPA leadership was resolute so was their advance, with the RGF, Presidential Guards and Interhamwe fleeing ahead of the RPF advance. The RPF advance only stopped when the French occupied the Sector 4, formerly known as the Humanitarian Protection Zone (HPZ). The HPZ thus provided a safe haven for both the RGF and Militia, majority of whom since the withdrawal of the French on 21 Aug 94 have fled to Zaire.

16. During the war the deteriorating situation led to the scaling

down of the UNAMIR force from 2517 to just under 500 and the tasks the small force undertook were as follows:

- a. Provided security to displaced persons in camps under UNAMIRs care.
- b. Performed escort duties.
- c. Provided Humanitarian Assistance to Displaced Persons.
- d. Monitored the activities of Non Government Organizations.
- e. Ensured the security of personnel involved in Humanitarian Aid distribution. And finally,
- f. Transfer of Rwandese from territory held by either the RGF or the RPF to the other.

17. After the war UNAMIR strength went up to 6,100 untill JUNE 95. Contributing countries were the following:

- a. Australia.
- b. Britain.
- c. Canada.
- d. Ethioipia.
- e. Ghana.
- f. Malawi.
- g. Nigeria.
- h. Senegal, Chad, Congo, Niger, Guinea Bissau
(Chad, Congo, Niger and Guinea Bissau withdrew in February 95)
- i. Tunisia.
- j. Zambia.
- k. India and Mali.

UNAMIR MISSION AND CONCEPT OF OPERATION
FROM 08 JUNE 94 TO 08 JUNE 95

18. UNAMIR mission was to assist and co-ordinate the humanitarian support of participating countries and NGOs with the view to bringing an end to the crisis in Rwanda.

19. The thrust of UNAMIR's effort was to bring back refugees and displaced persons and settle them in their respective home areas. Rwanda had therefore been divided into 6 sectors.

- a. SECTOR 1 - NIBATT AND MILOBS.
- b. SECTOR 2 - GHANBATT AND MILOBS.
- c. SECTOR 3A - MALAWICOY AND MILOBS.
- d. SECTOR 3B - MALICOY AND MILOBS.
- d. SECTOR 4A - ZAMBATT AND MILOBS.
- e. SECTOR 4B - SENBATT AND MILOBS.
- f. SECTOR 4C - ETHIOBATT with MILOBS.
- g. SECTOR 5 - TUNBATT with MILOBS.
- h. SECTOR 6 - INDBATT with MILOBS.

20. Due to the large IDP population after war the UNAMIR concept of operation aimed at:

- a. Stabilizing refugees and displaced persons in their various locations.
- b. Preparing the home communes for their return by helping to improve essential life supporting services with the assistance of NGOs.
- c. Then encouraging them to return to their home areas.
- d. Providing transportation, food, water, medical assistance on their way to their homes.
- e. Assisting the people to return to their normal life and finally,
- f. Handover in due course all humanitarian activities to the Rwandese Government.

21. Based on the concept of operations some of the tasks performed by the formed troops included the following:

- a. Conduct of protective operations such as:
 - (1) Road blocks.
 - (2) Check Points (static and random).

- (3) Vital point protection.
- (4) Observation posts.
- (5) Cordon and search and
- (6) Patrol.
- b. Provide security in large towns, villages and in refugee/displaced peoples camps.
- c. Deny insurgent activity in their sectors.
- d. Guard UN installations within the UNAMIR AOR.
- e. Assist local authority in maintaining law and order in camps.
- f. Motivate the displaced persons to return to their homes.
- g. Assist the NGOs in the distribution of food, water and medical support.
- h. Assist in the coordination of all activities of NGOs.
- i. Handover all activities to the Government and NGOs progressively as the situation becomes normal.

NEW MISSION AND CONCEPT OF OPERATION.

22. UN Security Council Resolution 997 dated 9 JUNE 95 decided to:

- a. Extend UNAMIR mandate untill 8 December 95.
- b. Reduce the Force level to 2,330 troops before 9 AUG 95, and to 1,800 troops fom 9 OCT 95.
- c. Adjust the UNAMIR mandate so that UNAMIR will:

(1) Assist the Gouvernement of RWANDA in facilitating the volutarly and safe return of refugees and their reintegration in their home communities, and , to that end, to support the Gouvernement of RWANDA in its ongoing efforts to promote a climate of confidence and trust through the performance of monitoring tasks throughout the country with military and police observers;

(2) Support the provision of humanitarian aid, and of assistance and expertise in engeneering, logistics, medical care and demining.

(3) Contribute to the security in RWANDA of personnel and premises of United Nations agencies, of the International Tribunal for RWANDA, including full time protection for the Prosecutor's office, as well as those of human rights officers, and to contribute also to the security of humanitarian agencies in case of need.

23. Based on the new mandate, which has shifted the focus of peace-keeping to a role of assisting in the normalisation and stabilization of RWANDA, the AOR has been therefore divided into five sectors:

- a. SECTOR 1 (KIGALI) : INDBATT AND GHANCOY WITH MILOBS.
- b. SECTOR 2 (KIBUNGO) : GHANCOY AND MILOBS.
- c. SECTOR 3 (GIKONGORO): MALICOY AND MILOBS.
- d. SECTOR 4 (SHAGASHA) : MALAWICOY AND MILOBS.
- e. SECTOR 5 (NYUNDO) : NICOY AND MILOBS.

24. As UNAMIR has been tasked to sustain a UN peace-keeping presence in RWANDA, mainly in KIGALI, and to assist the govt of RWANDA in promoting reconciliation and reconstruction and in a promotion of a climate conducive to the stability and to the return of refugees, troops will perform the following:

- a. Continue occupying the existing sectors.
- b. Be prepared to provide transport for the movement of refugees as required.
- c. Assist where possible the humanitarian agencies in their operations.
- d. Provide a focal point for the coordination and provision of humanitarian aid.
- e. Provide security for UNAMIR personnel and property.
- f. Contribute to the security for the personnel and premises of UN agencies.
- g. Contribute to the security of the International Tribunal.

h. Contribute to the security of Human Rights offices,
where possible.

i. Contribute to the security of the humanitarian agencies
in case of need.

IMPORTANT OPERATIONS BY UNAMIR

25. UNAMIR Occupation of the HPZ. On 22 Aug 94, UNAMIR took over the HPZ and the French Forces (less FRAFBATT) withdrew from Rwanda. It was at this point that the HPZ became known as Sector 4.

26. Operation FOXTROT. During the French occupation of Sector 4, a Gendarmerie was established which was not recognised subsequently by the newly established Rwandan Government. UNAMIR undertook to successfully disarm and demobilise this force.

27. Reintegration of Sector 4. The RPA was gradually reintegrated in Sector 4 in the Sep/Oct period. During this time, the Government policy of reconciliation was articulated by leaders and Prefect administration was re-established. RPA troops are now permanently deployed throughout the Sector.

28. Operation HOMEWARD. Operation Homeward was mounted in Sep 94 to capitalise on the temporary availability of UNAMIR resources (principally transport and coordination expertise) to assist relief agencies to relocate IDPs to their homes. Although the operation was relatively limited in its success, it provided valuable lessons as precursor to Operation RETOUR.

29. Operation HOPE

a. Operation Hope was a cordon and search operation which was undertaken by UNAMIR in co-ordination with the RPA to clear KIBEHO and NDAGO IDP camps (Sector 4) of criminal elements which were looting and committing acts of banditry and murder aimed at discouraging IDPs in those camps from voluntarily going back to their respective home communes. The operation was conducted from 13-15 Dec 94. A total of 1,552 UNAMIR troops, MILOBS and support staff participated in the op.

b. The RPA contributed two battalions during the op as the outer cordon troops. In addition, they provided a small number of liaison officers.

c. The operation was extremely successful, as several hundred weapons were confiscated and 44 suspected criminals were apprehended and handed over to the office of the

Prosecutor in GIKONGORO in the presence of Human Rights and ICRC representatives.

30. Operation RETOUR. This operation was aimed at an information campaign to create conditions in the Displaced People's Camps to sufficiently motivate IDPs to return to their homes while simultaneously gearing up the target communes to receive the returnees. The operation was conducted in three phases.

a. Phase 1.

- (1) The preparation of home communes, ORCs, temporary shelters for IDPs;
- (2) Information campaign in target camps.
- (3) The establishment of conditions in the camp which are conducive to voluntary vacation.

b. Phase II.

- (1) Processing of IDPs through registration, screening and search procedures in marshalling areas.
- (2) The safe movement of IDPs to ORC/home communes.

c. Phase III. Establishment of IDPs in their home communes.

31. Currently two camps have been officially closed by OP RETOUR, Cyanika and Rukondo. Over 35000 IDPs have so far been evacuated by vehicles to various sectors within the UNAMIR AOR.

CONCLUSION

32. UNAMIR since 6 Apr 94 has undergone very important changes. The force in the previous mandate vigorously pursued its mandate to return the country to normality. There was a steady influx of refugees and internally displaced persons to their respective homes in towns and villages across the length and breadth of the country due to the improved security situation in the country. The new mandate assigns to UNAMIR a role of assisting the Rwandese Govt in the normalisation and stabilization of the country, in facilitating the voluntary and safe return of the refugees, and in providing humanitarian aid. The military situation is at the moment stable and the government's policy of reconciliation if pursued diligently by the people and government of Rwanda will yield great dividends.

SECTOR 5B SIGNIFICANT EVENTS
SEPTEMBER 95

1. GISHWATI FOREST. 01 Sep. RPA LO announced that the RPA would be conducting a cordon and search in the Gishwati Forest to commence this date.
2. RETURNEES. 01 Sep. Returnees report that they are being robbed by Zairian soldiers prior to arriving at the border. Also reported is that they are being well received in their communes in Gisenyi Prefecture.
3. INFILTRATION. Sep 06. Locals at Mutura Commune report infiltration from Zaire and the theft of cattle. Of note is that the thieves did not commit murder to acquire these cattle.
4. RADIO AMAHORO. 06 Sep. Locals inform that there is a significant amount of disinformation being broadcast to the camps in Zaire. The text centers on torture and are apparently graphic in their descriptions.
5. NKIMARA TRANSIT CAMP. 11 Sep. Preparations are well underway for housing up to 2000 returnees.
6. KANAMA MASS MURDER. 12 Sep. The RPA, on the night of 11/12 Sep, conducted a mass killing in Kanama Commune (2712). Three sites were visited where a total of 101 persons of varying ages and sex were found dead. One grave was viewed and locals reported that an additional seven bodies had been removed for burial. Milobs, Human Rights and CivPol were involved in the initial investigation.
7. INFILTRATION. 12 Sep. Locals report that two persons were killed in Tamira (3124). It appears that the infiltrators looted the house of the deceased persons and took six cows. The RPA followed up however were unable to apprehend anybody.
8. KANAMA MASS MURDER. 13 Sep. The RPA LO admitted to the slaughter of yesterday. Intensive patrolling in the Kanama area. CO and Ops Offr to Kigali to brief on the event. The Defense Minister, the Gisenyi Prefect and Local Military Commanders visited the site.
9. MINE WARNING. 14 Sep. RPA report that the road travelling west from the Butaka Check Point (3192) has been mined. Patrols are restricted from that area.
10. RPA COMMAND. 15 Sep. The Gisenyi Bn Comd indicated that he was posted to Kigali and would be replaced by Maj John Bosco from Byumba.
11. KANAMA CURFEW. 16 Sep. Locals report that there is a 1800-0600 curfew imposed. They also report that many are afraid to sleep in their houses and take to the bush during the dark hours. The level of fear and mistrust remains high.

12. ABDUCTION. 17 Sep. The responsible of Cellule Byhai (170165) was abducted by Zairian soldiers when he was in the process of indicating the exact location of the border to the RPA. The RPA took no action as they report that they were outnumbered by the Zairians.

13. SMALL ARMS EXCHANGE. 21 Sep. RPA reported that during the previous evening a party of approximately 10 insurgents from Zaire entered Rwanda at Gr 181187 where they stumbled upon a RPA standing patrol. In the ensuing fire fight one insurgent was killed with no other known casualties.

14. RPA COMMAND - GISENYI BN. 21 Sep. The name by which the new Bn Comd wishes to be known is Maj Murasi rather than John Bosco. It appears that relations between UNAMIR and the RPA have taken a turn for the better.

15. ROBBERY/MURDER. 23 Sep. Locals report that the Councillor of Boneza Sector, Kayove Commune (2792) was robbed of 70,000 AMF. Locals report that a teacher in Kayove Commune was killed on the night of 19 Sep. In Ramba (4893), locals report that one man was killed by insurgents.

16. SMALL ARMS EXCHANGE. 26 Sep. Reported exchange of fire between the RPA and insurgents in Kinyanzovu Sector (2218). At 2100, 24 Sep a six man RPA patrol met and exchanged fire with a group of insurgents. In the course of the action one RPA soldier was killed, the Cellule Responsible was killed and two other civilians were wounded.

17. REPAT PROGRAM. 27 Sep. The Repat Program is going well both in the transit camp and in their removal to the receiving communes.

18. MURDER OF KAYOVE BOURGMEISTRE. 28 Sep. Combined Milob and CivPol patrol to Kayove (2892) to investigate the murder of the Bourgmeistre and one other person. The second person was later identified as the local Agronomist.

19. HOSTAGES. 29 Sep. In the Cellule of Nyabipfura (4588), during the night of 25 Sep, suspected Interahamwe beat a woman to the point that she required admission to the MSF clinic. They then moved to a second house where they took two 15yr old boys as hostages. The hostages have not yet been returned.

20. ROBBERIES. 30 Sep. Locals report that they, in many cases, are unable to distinguish between whether they are being robbed by the RPA or Interahamwe or others as most all wear partial uniform when perpetrating the thefts.

21. TOTAL RETURNEES. The total number of returnees for the month of Sep 95 was 8782.

SECTOR 5B PRESENTATION
OPS OFFRS CONFERENCE - 09 OCT 95

As requested at the warning order dated 04 Oct 95, the following is the data collected by the Sector 5B Humanitarian Officer. In addition, find the copy of the letter regarding those points requested at MILOB/CONF/7 dated 28 Aug 95.

TRANSIT CAMPS

There are two transit camps within the Gisenyi prefecture. Nkimira Camp is currently being used to temporarily hold the returnees for up to 48 hours before they are transported to their communes. It has a capacity of up to 2000 returnees. Work continues within the camp to continually improve and expand the capacity. The other site is the INYEMERAMIHIGO transit camp known as the college. It has a capacity of 15,000 persons. COOPI has completely rehabilitated the site, including water, electricity, latrines and accommodation. The total surge capacity for both transit camps is approximately 17,000.

PRISONS

There are a total of 12 communal prisons within the Sector with an average population of 1800 every day. In addition there is one expedient military detention center, ETAG located in Gisenyi, its current population is approximately 242. These are believed to be former FAR soldiers. They were separated from the refugee influx.

The main prison is located in Gisenyi. It currently has a population of 1398 (of which 27 are women and 41 children) it was constructed to hold 700. Like all prisons within the country it has an overcrowding problem. A workable solution to reduce the overcrowding by installing security lighting to allow prisoners to sleep outside the main block was turned down by UNAMIR HQ. The facility is continually monitored by ICRC, Human Rights and visits from the Sector Humanitarian Officer.

There are three Brigade Gendarmeri prisons located in Kabaya, Ngororero and Gisenyi. They hold prisoners temporarily before they are moved to the main prison in Gisenyi or they are released. Prison population is as follows:

- a. Kabaya 39;
- b. Ngororero 37; and
- c. Gisenyi 83.

It has been confirmed that an illegal prison has been established at Bigowe Military Camp. Human Rights have attempted to gain access but to date have not been successful. Human Rights reports they have had limited success with closing down of the illegal prisons located within the communes. This is continually monitored by the Human Rights staff.

Humanitarian Officer
Sector 5B

TO : Lt Col Ahsanullah
SOO, MILOB GP HQ

DATE: September 1995

SUBJECT: REPORT ON IMPORTANT ISSUES FOR SRSG'S OFFICE

1. The purpose of this letter is to forward the information you had requested in your letter of 28 August 1995.

a. Transit Camps - There are two transit camps within the sector, Nkamira and the old College site. At the present time only the Nkamira camp is in operation. However the College site is undergoing improvements and stands ready for immediate use. The capacity for the Nkamira camp is now 700, however it is undergoing expansion work now 3,000 while the College site could take up to 10,000. There are no immediate plans to open any additional transit camps.

b. Communes - This week the total returnee distribution throughout the prefecture was 126. With the largest influx going to Nyamyumba commune (56) and Rubavu commune (37). The remaining communes had less than 10 arrive. With the relatively low figures no problems have been anticipated. Most communes have establish a crisis management cell and are aware of the possibility of a sudden influx of larger numbers. All NGO's within the sector continue to monitor the situation and are ready to reinforce existing operations within communes if necessary.

c. Prisons - There are a total of 13 prisons within the Sector. There is also one expedient military detention center, its current population is approximately 217. These are believed to be former FAR soldiers. They were separated from the refugee influx of last month. The main Gisenyi prison has a population of 1350, it was built for a capacity of 700. Overcrowding has been a major problem. Just recently it has been learned that the UNDP/ICRC and the Government of Rwanda have identified and given the authority to rehabilitate a separate facility to supplement the main prison. It is anticipated that this facility's capacity could be as much as 800.

d. Judiciary - A Procurer was appointed to the Prefecture as early as December 94. The Parquet and the Commission of Triage was set up in May 95 after the appointment of a Substitute Procurer in March 95. The first meeting of the Commission was held on 24 July 95.

e. The Prefecture has three Gendarmerie located at Gisenyi, Kabaya and Ngororero (Sous Prefectures). The central prisons are at Gisenyi and Kabaya. The Commission consists of the Substitute Procurer and the heads of Gendarmerie and the RPA. The Parquet has appointed 9 investigators (IPJ) to carry out interrogation of the prisoners before they are considered for trial.

f. The Commission has a limited jurisdiction of trying only cases related to the genocide. The Commission is to meet on a weekly basis. However they have met only three times so far. (24 May, 12 Jul and 01 Sep) A total of 33 cases have been considered so far and 12 have been released. The choice of the individuals for the screening is at present arbitrary being influenced by contacts with the officials at the Gendarmerie and the local government.

g. The Human Rights officers in the Sect are monitoring this subject. They have observed the following :-

- (i) Lack of office space and equipment;
- (ii) Lack of communication means;
- (iii) Lack of transport;
- (iv) Late preparation of dossiers for the detainees; and
- (v) Competence of the investigators (IPJ).

h. Radio UNAMIR cannot be heard in this sector.

i. Housing - To date the housing issue has not been contentious within the Sector. The current policy is that if returnees find some else in their house (59/60 caseload), they share the house for up to two months. After two months maximum the 59/60 caseload must return the house to its owner and find other accommodation. To date this appears to be working. There is little doubt however that this is a short term solution and the only long term solution is for the government to re-allocate land and provide house building materials.

j. I have attached the weekly summary of statistics regarding the returnees for the week 2-7 September 1995.

2. Best regards.

WG Saunders
Major
Humanitarian Officer
Sector 5B

CONCLUSION

Find attached the Sector 5B Operations Brief and the Significant Events Summary for the month of Sep 95. For further information regarding the Operational points, contact the Ops Offr, Maj Carswell and for further information regarding the Humanitarian points, contact Maj Saunders.
