Your Excellency:

On behalf of Miracle Corners of the World (MCW), I would like to thank you for joining us at our third annual gala dinner last night. Your participation at our cocktail reception was sincerely appreciated by all of our guests, as well as by the MCW family of young community leaders. In addition, the dinner program was greatly enhanced by the participation of Mr. Amir Dossal, Executive Director of UNFIP, whose generous and thoughtful words in presenting the MCW Community Partnership Award struck just the right tone for the spirit of the evening.

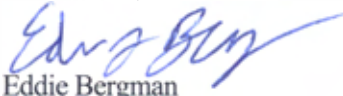

For seven years now, MCW has aimed to empower youth to become agents of change by instilling in them the confidence, tools, and knowledge to make a difference. MCW's gala dinners provide the critical support to make this happen all around the world, from Arusha to Songea and Iringa, and from East Freetown to Philadelphia and New York.

More specifically, this support has helped us bring a Lost Boy of Sudan and other young people from Africa together with a group of young Palestinians and Israelis to participate in a week-long retreat in Vermont and New York University, where they learned about social entrepreneurship, conflict prevention, and cultural responsibility. Later this year, we hope to leverage this support to execute a new two-week oral dental-care program in Songea and to construct new community centers in Addis Ababa and Lusaka. These are just two of the many miracles of MCW.

Our goal for the evening was to raise over \$400,000 for our youth empowerment, community development, and healthcare outreach programs in Africa. Our goal was not small, but we are confident that we will be able to reach this amount in the next few weeks and, in turn, continue to have a greater impact with our projects. We believe that your demonstration of support for MCW will further inspire and mobilize individuals to support our organization.

Thank you again for joining us at our special event. I look forward to continuing to share with you the magic of MCW and hope that you will be able to join us at our next youth leadership retreat in July, when we will bring fifty youth from around the world together to share their communities' own challenges and steps they would take to create sustainable solutions.

Best wishes,

  
**Eddie Bergman**
