Subject: Letter from Mr. Jack Ma to His Excellency Secretary General Ban Ki-Moon

Dear Secretary-General Ban,

- ✓ Thank you for your letter informing us of the change of circumstances which required you to remain in New York. We fully understand that these things can occur and nevertheless are grateful for the effort you made to join us.
- ✓ Alibaba remains fully committed to promoting the importance philanthropy in China and the world, and appreciates your continued support in this mission. As we made the decision to postpone our own Alibaba Philanthropy conference until May 2016, I hope that we can reconvene again with your participation.
- ✓ With regard to your invitation to Paris, I plan to attend the Climate Change Summit in December and my team has been in close contact with Mr. Robert Orr on the preparation for this event.

Thank you for all that you have done to support our mutual objectives and dreams for addressing many of the world's challenges.
I look forward to seeing you in December!

Kind regards,
Jack Ma
