**Subject:** Action request for Cuba UN Association Ceremony

Dear Vijay

Greetings from Cuba and congratulations on your new job. I don't know if Elpida is still in the SGs office but I am copying her in case. The Cuban Association of the United Nations (ACNU - Asociacion Cubana de las Naciones Unidas) is celebrating its 60th Anniversary and has invited me to give a speech, following a speech by the Cuban Minister of Foreign Relations Pérez Roque, on May 29th at a solemn act where high Cuban officials will be present.

I would like your advice and help to see if it would be possible for the SG to send a short message of congratulations to the Cuban authorities which I could read as part of my intervention. As we all know they are an important member state due to the NAM and they participate in UN affairs with great pride as well. I have copied their programme below for reference.

Please let me know if this is possible or if I should follow up elsewhere. Hope you are well. Best personal regards

Cuba
