Attn: Hearing Request

Dear Mr. Secretary General of the United Nations:

I am Mr. Adel Amin Tayeb BEN HAMLILI, former Guantanamo prisoner, and am writing to ask for a hearing in order to explain my very urgent and dire situation after having failed to contact you via fax, snail mail, e-mail and DHL special mail. I have also mailed you through the United Nations website, but unfortunately all these attempts did not succeed because of the intervention of United States authorities who prevented my mails from reaching you.

Your Excellency, I am living in very difficult conditions because I have been refused the right to bring my wife and my children back from Pakistan to Algeria, I have been refused the right to have the money that was raised for me during my imprisonment in Guantanamo and put in a USB account in Switzerland, and I have been refused the visa to go to Pakistan to see my wife and my children. My family, my wife and my children and other members in Pakistan, Great Britain and Mali, were prevented from gaining the Algerian citizenship by order of the French authorities.

The Algerian authorities, by order of the French and American authorities have stopped me from contacting the Swiss bank USB in order to get information about my account and the amount of money in it out of fear that the American CIA may demand my imprisonment in Guantanamo again because I was freed from it on bail. Now this money is under the control of the United Nations High Commission. However, I cannot have my money, now that I am free and am in need of it, because the aforementioned bank refuses to have contact with me except through the United Nations High Commission and this latter refuses to have contact with me except through a recognized and formal authority and via the media, conditions which are refused to me because of my former status of Guantanamo prisoner.

I hereby let you know, Your Excellency, that I have used all the legal means I possess to see my family that I did not see since 2003. I have even gone to foreign countries, such as Saudi Arabia and Germany to find solutions to my desperate situation without any success. It has to be noted that it was expected that the Swiss bank brought me my money back once I was freed from Guantanamo prison. I also let you know that am totally innocent of any criminal charges by virtue of the Algerian High Court decision, and you can verify this fact through the Algerian representative in the United Nations, though the American Courts still refuse to consider me as an innocent victim of a baseless political and legal decision, and my attorneys, Clive and al., have refused to contact the United Nations on my behalf and give you this letter under the pressure of United States authorities.

Added to that, I hold your organization responsible of any threat against my person, my family and my funds that are registered under my name and my wife's name, and I believe that you Mr. Secretary General and the United Nations as a whole guarantee me and my family all the necessary protection we seek.

Thank you, Mr. Secretary General, for the attention you will give to my request which is sent to you through FedEx by hand delivery.
