Dear Mr. Secretary-General,

✓ It is with great pleasure that I write to you on my own behalf and that of the United Nations Human Settlements Programme (UN-Habitat) and to thank you for your valuable contributions and support for the sustainable urban and human settlements development agenda following the Heads of State and Government Dialogue, which took place at the headquarters of the United Nations in New York on 24 September 2015, on the sidelines of the 70th Session of the General Assembly.

Your remarks at the event calling for fundamental changes in our approaches to managing urbanization, and highlighting quality urban design as key to attaining positive results in the quest for development, were well received and raised the stakes for sustainable urbanization and human settlements development. This has clearly given the Africa urban agenda a much needed and timely focus as the world prepares to implement the sustainable development goals and also gears up for Habitat III in Quito, Ecuador next year.

Again, thank you so much for your well-informed participation and guidance at the event, which made it the success that it was. UN-Habitat pledges to continue engaging with Africa to prepare for the implementation of Sustainable Development Goal 11 and move her sustainable development agenda forward.

Yours sincerely,

Dr. Joan Clos

UN Under-Secretary-General, and
Executive Director, UN-Habitat
