Not clear if he is intending to attend or if he is available for the other meeting.

I understand there was already a regret thus in my view no need to ask Wu to read a statement there

But I can ask DESA views if you believe this is needed

Lenni,

There still seem to be unclarity in terms of senior UN representation at the Singapore Water summit and UNSGAB 1-5 June.

As of now, OSG has sent a straight regret from SG for the Singapore meeting. USG Wu is "in the region" but DESA would need to re-rout him and therefore there are cost implications.

Is there any other UN senior representation there, ASG Gass? Pls let us know as otherwise DSG would like a video-msg (which would be from him as SGs calendar now is full).

5 SIWW, the global platform to share and co-create innovative water solutions, gathers international water leaders and practitioners from both public and private sectors to address challenges, showcase technologies, discover opportunities and celebrate achievements in the water world. Now into its 6th edition, SIWW 2014 will feature discussions on four themes, namely: Municipal Water, Industrial Water, Integrated City-Environment-Water, and Future of Water, where we explore forward-looking solutions to meet future challenges and scenarios.

6 Themed "Innovative Clean Enviro-Solutions for Asia's Growing Cities", CESS 2014 will deepen discussions from its inaugural 2012 summit to explore the role of governance, leadership and technology in developing practical, replicable and scalable solutions to address environmental challenges in the context of the waste-water-energy nexus. The event will also feature advancements in solid waste management and cleaning technologies.

7 WCS and SIWW will also celebrate achievements in urban and water issues. Two international prizes will be awarded at the Prize Award Ceremony and Banquet – the 3rd Lee Kuan Yew World City Prize and the 6th Lee Kuan Yew Water Prize.

Alexandra - I believe the SG does not need to attend this meeting. Neither there is a must about sending a message from the SG. Usually this type of meetings are attended by UNHABITAT USG. If that will be the case, that's great, but the USG does not need to read a message from the SG.
If for whatever reason there is a strong interest in the SG being represented that function can be performed by the UN Resident Coordinator in Malaysia.
