SUBJECT: RWANDA ROUND TABLE CONFERENCE MID-TERM REVIEW
6 JULY - 7 JULY 1995

I am pleased to forward herewith the Final Communique of the recently completed Round Table Conference Mid-Term Review which took place in Kigali, Rwanda. Please be advised that this final communique is an authenticated and comprehensive reflection of all the significant events, discussions, observations, resolutions and pledges made during the Mid-Term Review.

I am to emphasize that over and above the pledges made in Geneva (US\$ 587 million) and between January and June 1995 (US\$ 154 million), the donors have indicated that an additional amount of US\$ 216 million would be made available to Rwanda over the 1995-1997 period to support, in large measure, Sub- Programme 2 (Social Reintegration of Refugees and Displaced Persons). This would cover the funding needs of the first phase of the new Plan of Action presented by the Rwandese authorities at the Review.
