SUBJ : DISCIPLINE - REPORTING LATE AFTER LEAVE/CTO

RECEIVED OFFICE OF FC	
Date 21/10/94	
No	By GJ

1. It has been observed that several MILOBS overstay their leave/ CTO periods. As per laid down regulations, travelling time shall count against leave/CTO entitlement as such MILOBS are responsible for their departure and return to their duty stations within the stipulated period of their leave/CTO.

2. In case a MILOB fails to report to his duty station due to circumstances beyond his control, for example, delays in flight and being indisposed, the MILOB concerned will have to justify in writing the reasons behind his inability to return to the duty station in time. Copies of documentary evidence such as details of flight itinerary, air tickets, arrival and departure records in passport, medical report etc should be attached to the formal letter in respect of the justification. This letter should be forwarded to MILOB Gp HQ through Sector HQ within three days on the return of the MILOB.

3. With immediate effect MILOBS who report to their duty stations at the end of their leave/CTO without justification will be considered as being Absent Without Leave (AWOL)/Over Staying (OSL). Such personnel will lose their MSA for the period of absence. In addition, an adverse report will be forwarded to their Country Contingent Commanders for necessary disciplinary action. However, MILOBS whose justifications are accepted by the CMO will have their period of absence recorded as special leave.

UN RESTRICTED

4. Sector Commanders and Principal Staff Officers are requested to report MILOBS who fail to return to their duty stations to Personnel Branch, MILOB HQ for necessary administrative action.

5. Please bring the contents of this letter to the notice of all MILOBS under your command.

CARRIAGE OF WEAPONS

11. MILOBS. Under Article VI of the UN Convention, defined in Reference B, MILOBS are described as "experts". They do not carry weapons and further policy, described below, on the Carriage of Weapons, does not apply to them.

12. Principle. As UNAMIR military personnel are on duty at all times, and as they have been issued with weapons for their own protection, or the protection of those whom they have a duty to protect, the principle to be applied is that UNAMIR military personnel will carry weapons at all times. Current ROE and Security Alert Measures (to be issued) will further dictate the readiness of UNAMIR personnel. This policy does not apply to medical and religious personnel. The protection of those personnel will be as directed by the Contingent Commander/Commanding Officer.

13. Exceptions. The occasions on which military UNAMIR personnel do not carry weapons are as follows:

- a. When consuming alcohol.
- b. When in civilian clothes.
- c. When leaving Rwanda - see Other Countries (below).

14. Consumption of Alcohol & Carriage of Weapons. UNAMIR personnel are not to consume alcohol when carrying weapons. Alcohol may only be consumed in the following circumstances:

- a. In a unit location or Mess which is guarded by armed guard(s).
- b. In a private residence.
- c. In a public place, (such as a bar, hotel or restaurant) at which personal protection must be provided - see Personal Protection (below).

15. Personal Protection. UNAMIR military personnel must receive Personal Protection whenever they attend a social function, at which they consume alcohol. On other occasions, they will be armed and in uniform, and able to protect themselves. Personal Protection, which must include the provision of communications (eg Motorola), during the period of the social function will be exercised as follows:

- a. In a unit location or Mess, where it will be provided by armed guard(s). This
- b. En route to/from a private residence. While personnel are visiting a private residence, their security is considered to be at a higher level than in a public place.
- c. En route to/from **and in** a public place.
- d. When carrying out organised sports or PT outside an area which is under guard.

16. Level of Personal Protection. Commanding Officers/Contingent Commanders are to determine the level of Personal Protection afforded. Communications must be provided throughout these activities. Some examples of the minimum level of protection required
