Subject: SEARCHING OF UNAMIR VEHICLES BY RPA

1. Under SOMA, all UNAMIR vehicles are exempted from being searched by RPA, or any security agencies of the Rwandese government. In practice, this is manifested in another manner through varying interpretations by the parties involved. Rwandan officials interpret the SOMA to read that they have the right to search the personal luggage of members of UNAMIR. UNAMIR's interpretation is that personal property of the members of UNAMIR "...required by them by reason of their presence in Rwanda with U.N. R" is immune to search.

2. In a joint UNAMIR/RPA meeting, it was agreed that searches of vehicles could only be conducted under very exceptional circumstances, which may involve the following:

- a. Transportation of unauthorized (non-UN) personnel.
- b. Transportation of unauthorized equipment or stores.
- c. Personnel in the vehicle have been observed committing a crime.

3. As a result of the modified interpretation by the RPA, these searches have nearly become a routine exercise in many areas of Rwanda. Therefore, it is clear that the original understanding of para 2 has been misused. We are actively discussing a more reasonable approach. For the interim all personnel are cautioned to use restraint and diplomacy in these demands for searches. Requesting Milob or formed troop assistance for negotiation and not proceeding through the check point are possible alternative options to allowing the search to take place. All should be reminded that these searches are not worthy of escalation in the use of force resulting in increased tension or injury.

4. When assisting other personnel or agencies such as UNHCR and UNHRFO, Milobs and formed troops should remember it is the responsibility of the various agencies to determine whether or not to subject themselves to searches and under which parameters those searches can or can not be conducted.

CY-30

*All concerned to see and understand.*

5. UNREO's security plan directs its personnel to indicate that their vehicle is owned by the United Nations, is on official business and that they are protected from searches by formal agreement with the government. They are further directed, if the request for search persists, to permit the search but indicate that a report will be filed and forwarded to the host government's Ministry of Foreign Affairs.

6. UNHCR's and UNHREFOR's personnel have been directed by similar guidelines but are more concerned with the search of pouches. Their personnel have been directed to allow the search of pouches if demands persist but to indicate that documentation in pouches is not to be read.

7. Until an agreed policy is reached with the RPA please ensure these guidelines are followed.

SUBJECT : FELICITATIONS ON SUCCESSFUL CONDUCT OF OPERATION HOPE

1. I take this opportunity to place on record my deep appreciation and sincere gratitude to each and every MILOB who participated directly or indirectly in successful planning and conduct of 'OPERATION HOPE'. This was the first opportunity whereby MILOBs from all sectors whole-heartedly joined hands alongside the UNAMIR contingent to form a well motivated close-knit force.

2. I am aware of the hardship you all had to undergo during the period 13 to 15 Dec 94. But each one of you chose to rise above your personal comforts and went about performing your assigned tasks with great zeal and enthusiasm. Your professional aptitude, personal courage and unbiased approach during this operation has left me feel proud and more confident as your superior officer. I am sure in future too we shall continue to perform any assigned task with the same sense of comradeship, esprit de corps and regard to human values.

3. In recognition of your valuable contribution in this operation, I am in receipt of a letter of appreciation from the DCMO/CMO which I attach herewith. Each and every word of his, I proudly attribute to your cooperation and willing participation.

4. Well done and keep it up !

Subject: THE REPORTING OF INCIDENTS OF DEATHS, SERIOUS INJURIES AND OTHER SERIOUS INCIDENTS

DCMD BH  
SMD —

1. A number of incidents have occurred recently in which deaths and serious injuries have been caused (most notably, but not exclusively, in traffic accidents) involving UNAMIR personnel and vehicles but which have not been notified immediately to UNAMIR MPs and to HQ UNAMIR, as required by UNAMIR Administrative Instruction 005/94. It should be obvious that this failure has the potential to prejudice and/or impede investigations and to prevent the gathering of information that might be used to learn valuable lessons.

2. The need for the Force PM to initiate inquiries into such incidents - including all those in which death, serious injury or serious loss has resulted to members of UNAMIR and/or local people and other third parties - means that it is not sufficient to report them only to contingent MPs or to make reports only through daily SITREPs. The attention of sector and local commanders is drawn to Administrative Instruction 005/94 and, specifically, to the need for them to:

- a. Ensure that UNAMIR MPs and HQ UNAMIR are informed of such incidents immediately. (It is incumbent on both of these to ensure that the Provost Marshal is also informed.)
- b. Ensure the preservation of the scene of any serious accident or incident until all necessary details have been recorded and evidence has been collected.

5. *In the meantime, all personnel should take certain measures now, as routine precautions. Specifically, all international personnel should undertake the following preparations:*
- (a) *Prepare an inventory in quadruplicate of all furniture, valuables, household effects and automobiles (Proforma inventory blanks are attached to this circular) and, for military staff, send two copies to the Chief Military Personnel Officer; for civilian staff, send two copies of inventory to the Civilian Security and Safety Unit Amahoro Hotel, Agency staff send two copies to UNDP Field Security Officer. You should retain the remaining two copies. The Security and Safety Section and the UNDP Field Security Officer will maintain a data bank for purposes of the Security Plan. Every three months, you should send an updated inventory to the Security and Safety Unit;*
  - (b) *For military staff, advise the Chief Military Personnel Officer and your superior officer of the location of your residence; make sure to notify the relevant officials of your new address whenever you move. For civilian staff, advise the Personnel Section and your Chief of Division/Section/Unit of the location of your residence;*

*make sure to notify the relevant officials of your new address whenever you move. For agency staff, advise the UNDP Field Security Officer of the location of your residence, old or new. This data will be transmitted to the Security and Safety Unit Data Bank and to the UNDP Field Security Officer as required;*

- (c) For all staff, advise the Security and Safety Unit and other relevant officials of any medical conditions which you may have which might affect your mobility or ability to comply with any security directives.*
- (d) Check regularly to see that identity cards, passports, Laissez-Passers and health certificates are in order;*
- (e) Check that at least one week's supplies of water and food are maintained in your residence;*
- (f) Check that reserves of gas supplies are maintained;*
- (g) Ensure that supplies of flashlights, candles, matches and contents of first-aid kits are maintained;*
- (h) Check that UN and privately owned vehicles, if any, are constantly refuelled and that spare wheels and tool kits are in order;*
- (i) Maintain reserve finances of at least US\$400 (e.g. in traveller's checks);*
- (j) Consider what arrangements will be made for care of household pets in case evacuation is ordered;*
- (k) Give consideration to selection of clothes, depending on the season, to be packed should an evacuation be ordered, the limit in weight to be 15 kgs per person.*

*Family members, non-local domestic servants, visitors*

- 6. As UNAMIR is a non-family mission, there is no direct obligation and thus, there are no special provisions for the evacuation of family members. Further, because it is anticipated that UNAMIR will continue functioning during periods of greater disruption than a family mission, it is anticipated that family members of UNAMIR staff who happen to be in Kigali despite instructions to the contrary will evacuate earlier than UNAMIR personnel. Thus it is recommended that family members in the Mission area leave the country as soon as Phase I is declared by commercial carrier before UNAMIR evacuates. In any event, any UNAMIR staff member with family in Rwanda should ensure that spouse's and children's locations are known at all times and that appropriate arrangements are made for their security. Exceptions and special arrangements will be made for dependents of agency staff, as the situation normalizes further.*
- 7. Similarly, non-local domestic servants employed by staff members and visitors, including dependents, are not covered under the Security Plan. These categories of individuals should*

*be advised to leave the country during Phase I. Financial responsibility for their travel is solely that of the staff member involved. In any event, these categories of individuals should be advised to maintain valid passports, visas, health certificates and other documents required for travel outside the country.*

*Payment of allowances/compensation for loss or damage*

8. *In the case of evacuation, allowances will be paid in the safe haven area or home country, to those eligible under the provisions of the Security Plan.*
9. *Compensation of internationally-recruited staff members for loss of, or damage to, personal effects, including household goods, attributable to service in connection with an emergency situation or a disaster will be payable in accordance with the relevant administrative instructions. In cases of hardship, appropriate advances may be made pending final settlement of a claim for compensation.*

*Parting words*

10. *Again, I remind you that it is essential to your own security that you fill in and submit the attached forms to the appropriate offices as indicated above to ensure that those responsible for the implementation of the Security Plan are able to locate you in case of an emergency.*
11. *Please retain this letter for reference and continue to update the appropriate offices within UNAMIR of any change of address or property inventory.*

NEWS RELEASE

UNAMIR NR-95.003

January 10, 1995

**UNAMIR INVESTIGATION**  
**KILLING INCIDENT OF JAN. 7, 1995**

*LT Col  
13/Jan 95*

KIGALI, RWANDA -- UNAMIR has conducted an investigation, following the shooting incident of Jan 7, 1995 which took place two miles south east of Remera, near the Burundi border. During this latest incident of violence in camps, at least 12 people were killed and 36 injured.

UNAMIR has confirmed that Rwandan Patriotic Army (RPA) troops were responsible for this act of violence.

On monday Jan. 9, the Special Representative to the Secretary General, Mr. Shaharyar Khan and the Force Commander of UNAMIR, Maj.-Gen. Guy Tousignant meet with Vice President Paul Kagame. "Pending a full inquiry of the incident, three RPA officers have been arrested and a court martial has been ordered" stated Vice President Kagame during the meeting.

Later in the meeting, Vice President Kagame assured Mr. Khan and Maj.-Gen. Tousignant that the Rwandan Government remained committed to the agreed policy of supporting Operation "RETOUR", by not forcibly closing camps.

The United Nations Headquarters had been notified of this incident at approximately 9:15 a.m. on the morning of the incident. Less than 45 minutes after receiving notification, UNAMIR medical staff were on their way to render assistance. Six seriously injured persons were evacuated from the Runyonbyi camp at approximately 12:30 p.m. and transported to Kigali. Medical staff subsequently remained on site for several hours to provide additional medical assistance.

Both Australian and Canadian medical staff performed surgery on the evacuated patients at the Kigali Central Hospital, but one child later died due to the seriousness of her wounds.

Subject: Situation of Displaced Persons

Attached: Handwritten complaint

I have the honor to inform you that a group of 14 persons reported three times to the site of Nemba Company respectively on 6, 13, and 20 December 1994.

The delegation represents 700 persons of the Hutu ethnic group who fled from Gitarama due to acts of violence committed against them by Tutsis and RPA soldiers. At present they are roaming the place of Mataba (71/10). They gather during the day and disperse in the forest at night for fear of being pursued by RPA.

With respect to such a situation, the persons requested the following:

- 1- they want to be assembled in a protected camp.
- 2- necessary assistance in food and medicines.
- 3- election of the bourgmasters by the population or their appointment by the Government Council.

MILOBS and Human Rights based in Gisenyi were informed of this problem in time.

(TRANSLATION)

Prefecture of Gitarama

Security situation as regards human rights.

Throughout the whole prefecture, the Hutus are equated with INTERAHAMWE. As a result, they are tortured by Tutsis and RPA. They are beaten with pestles and clubs and they have their eyes put out. All this is done to them while the arms are tied behind the back. The atrocities are committed in broad day light and at night as well. The outstanding example is the Commune of Mugina.

The teacher Sezikeye Andrew is in detention because he was falsely accused of having participated in the massacres while, at the time, he had had a motorcycle accident. He was abducted from his class, after they had tied his arms in front of his pupils. The following day, they came to look for Ignatius Rwagakinga, his fellow teacher. But, happily enough, he managed to escape. He is presently in a hiding place. Both teachers belong to the School of Kivumu in Commune Mugina. It was on 14 November 1994.

The following others are held in the commune prison: Sezikeye Andrew, Sezikeye Emmanuel, Habimana Pascal alias Rusheru, former RPF Hutu councillor. The latter's wife had fled to Zaire. When she returned home, her husband was imprisoned as a punishment for having welcomed an INTERAHAMWE.

Ntihabose Wellars alias Sinderibuye, Sebasaza, Biziyayaremye died in the commune prison killed by Ntaganira Wellars, the Chief of Commune and RPA soldiers assigned to the commune. All this is done with the complicity of a certain Karenzi P. Claver, a teacher belonging to the Hutu ethnic group but dominated by his wife who is a Tutsi and Rudasingwa J.D. alias Rujed, RPF vet for the commune. Both men are supported by the bourgmaster, Mulyantarama Valens, Nteziryayo Evariste, Nsengiyumva and his son Silas, Buhigiro Denys, Karambizi, Bashyitsi J.B., Gatabazi Frédéric, Sebazungu Théoneste, Nteziryayo Evariste, former councillor in the Government currently in Zaire.

Just like in all communes of the prefecture, UNAMIR people come and visit the prisons; they count the prisoners and go back home. But as soon as they leave the place, the prisoners are killed and immediately replaced by fresh ones.

Below is a list of Batutsi who accompany RPA while hunting persons of the Hutu ethnic group: (at least 2 names per commune)

Commune of Mugina

Karenzi P.C., Hutu dominated by his wife Tutsi; Rudasingwa J.D.; Kigage; Muligande; Mukiga; Sebahutu Vincent, councillor of Ngoma Sector.

Commune of Taba

Abegayire Védaste (councillor); Muyombana Gonzalve.

Commune Rutobwe

Karwera Joseph; Rutabana Assouman.

Commune Ntongwe

Nyilinkindi, councillor of Rutabo Sector; Butera and Bukeye.

Commune of Nyabikenke

Bagaza (councillor); Gashugi

Commune of Nyamabuye

Ruhunga Albert; Hakizimana Abias

In the commune of Mugina there is a plan of eliminating all intellectual Hutus and those who were not born in that commune (immigrants). With the help of Karenzi and his sister Nyirabihogo, a concubine to Nkusi, RPA soldier, other RPA soldiers captured Domina, Ngezahogukora's wife, and raped her. Afterwards, they put her eyes out and threw her body in Umukunguli river. The said Karenzi has got 3 sons, 4 brothers-in-law and a junior brother in RPA. He relies on this support to ill-treat innocent Hutus.

In view of this situation, Hutu people move day-in day-out and leave their homes. Their cows and property are taken over by Tutsis and RPA soldiers. For reference, you may see the farm of Cyeru in Commune Mugina, prefecture of Gitarama. They say that Hutu people have to raise goats, sheep, and pigs and not cows who belong to Tutsis. We wish that

- the soldiers who move around among the population be taken back to their barracks at the prefecture;
- the bourgmasters be elected by the population or appointed by the Government Council since those appointed by RPF are at the origin of cases of revenge.

Subject: CONDUCT OF UNAMIR MILITARY PERSONNEL

1. Of late, incidents of UNAMIR Personnel getting involved with RPA are on the increase. Avoidable incidents like overtaking the Presidential or Vice-Presidential convoy, not adhering to existing traffic regulations, carrying out photography in restricted areas like RPA Camps and the Presidential Estate are on the increase. These incidents cause embarrassment to the Force HQ and do not project the right image. Needless to say that in some cases, own troops are not knowingly at fault. There is, therefore, a definite requirement for our troops to understand the Rwandan/RPA apprehensions and conduct themselves in a manner to dispel any suspicion or apprehensions that they may harbor.

2. Suitable instructions on the subject may please be issued to all personnel under your command.

UNAMIR - MINUAR

SRSG, DFC, CAO

Subject: DRIVING STANDARDS AND TRAFFIC DISCIPLINE

1. In December, the Deputy Force Commander wrote to the force at large and (via UNREO) to the international community, on the subject of driving standards. If anything, the behaviour of our drivers seems to have worsened in the short period since his letter: traffic accidents have been reported daily - some of which have been of a hit-and-run nature - and the death has been caused of 5 Rwandans.
2. You are asked to spread the word that the public and joint image of UNAMIR and the international community must improve. Rwanda is a sovereign state and is entitled to better behaviour than has been seen recently by the organizations that profess to care about - and for - people. Commanders and supervisors at all levels must take action now to exercise control of their staffs; we must ensure that reports are submitted whenever accidents occur and cooperate with investigative agencies including both the Gendarmerie and the UNAMIR MP Company (which may be called to assist by all members of the international community) - and take appropriate disciplinary action whenever it is needed.
3. Rather than repeat the detail of the DFC's letter - which I endorse without reservation - a copy is attached for your further consideration just in case you might have missed it. Christmas and the New Year might have passed but the spirit of the DFC's message must remain unchanged; please read and digest his letter carefully... and then take the necessary personal and supervisory action.

Subject: DRIVING STANDARDS AND TRAFFIC DISCIPLINE

1. It has become apparent in the last few days that the standard of driving in UNAMIR and in the NGOs operating in Rwanda is not nearly as good as it ought to be and that the traffic accident rate is far too high. At least 2 deaths and 2 serious injuries have occurred involving UNAMIR or NGO vehicles in the last week.

2. Not only does this display a marked disregard for the health and welfare of others in Rwanda but it indicates an arrogance that does no credit to the UN, the constituent components of the Mission and other aid organizations. Action must be taken now by all military commanders and those in positions of responsibility in non-military organizations - to enforce higher standards of driving.

3. The Christmas period is an especially dangerous time and urge you to instruct your drivers that:

a. They are to drive within speed limits and to further slow down in crowded areas or when the weather is bad - which makes bad roads even more slippery. They must be alert to traffic hazards such as pot-holes - and that other drivers (especially motorcyclists and cyclists) will veer around them with little warning.

b. They should avoid driving at night or when visibility is poor, if at all possible - and to take special care if they are compelled to drive in these circumstances.

c. They should expect the unexpected; Rwandans are not used to heavy or fast traffic and are always likely to behave unpredictably. Drivers cannot press on at high speed in busy places and expect to be given right of way: they must slow down and be prepared for pedestrians to step out, for cyclists to wobble and for children to appear without warning.

d. They should take special care at junctions and, if unsure of the speed of an approaching vehicle, wait for it to pass before pulling out.

e. They are to wear seat belts if their vehicle is fitted with them.

f. They are not to drink alcohol and then drive.

g. They are to signal their intentions to turn in good time; other drivers cannot be expected to guess that their vehicle is about to turn. Drivers should not make U-turns unless it is absolutely essential, especially over traffic intersections; it is much safer to move on to a junction and to make a disciplined 3-point turn.

3. Additionally, there are 2 specific responsibilities that must be accepted by those in positions of authority:

a. They are to ensure that all drivers within their areas of responsibility hold valid UNAMIR driving licenses. A national license is required in order to obtain a UNAMIR license but is not, on its own, valid in Rwanda.

b. They are to ensure that vehicles are maintained in a roadworthy condition and that they are serviced according to the schedule issued by workshops. Worn tyres, bad brakes and unserviced vehicles are a recipe for disaster.

4. I have instructed the Military Police to pay special attention to traffic discipline and to conduct rigorous investigations of all vehicle accidents - including checks on the licenses of drivers, on the servicing history of vehicles and on the condition of tyres. Military commanders can expect me to take a special interest in accidents in which their drivers are involved - especially if they are found to have disregarded the principles suggested above or, in particular, have been drinking and driving. Our drivers must understand that vehicles are expensive and in short supply; they cannot be replaced automatically if they are damaged or destroyed in accidents. Those who damage a vehicle will have to join a long queue to get a replacement.

5. I ask that all civilian drivers apply the same high standards that I am asking of military drivers and for UNREO to pass on my request to all appropriate NGOs. Although Military Police do not have any technical powers of arrest over civilians in these organizations, I ask that they be given the maximum possible cooperation. UNAMIR and other MPs are to submit reports - through the Force Provost Marshal - to the heads of civilian organizations whenever they witness poor standards of traffic discipline.

AS SUCH IT WOULD BE DEEPLY APPRECIATED IF THE DDM AS ORIGINALLY DETERMINED AND NOTED IN THE G FORM NOT BE CHANGED UNLESS A SPECIFIC AGREEMENT TO THAT EFFECT IS REACHED BETWEEN THE SECRETARIAT AND THE PERMANENT MISSION AND THE SAME CONVEYED TO YOU. THIS APPLIES EVEN WHEN OFFICERS ARE UNABLE TO DEPART ON THE DESIGNATED DATE DUE TO CONTINGENCIES.

However, the Committee has not yet received all the information it needs to make a final report. It is hoped that the information received in the future will be sufficient to make a final report.

Messieurs

Nous accusons bonne réception de votre lettre du 13/12/94, mais nous ne pouvons pas accepter vos interprétations et vos justifications.

Point 2 de votre lettre :

Cette condition vous avait été clairement expliquée lors de nos différents entretiens.

Point 3 - 1ère partie :

Même si les maisons ne faisant pas partie de votre bail étaient endommagées, cela ne vous donnait pas le droit d'y pénétrer.

Quand à la "Sauvegarde" de nos biens, cela n'était absolument pas justifié puisque nous étions présents dans nos installations depuis le 17 août 1994.

Point 3 - 2ème partie :

Il nous importe peu de connaître les tenants et les aboutissants des véhicules que vous conduisez vous-même, le fait est qu'il s'agissait d'un camion qui venait pour les personnes occupant la maison qui fait l'objet du contrat de bail et donc pour nous, vous seuls en êtes responsables (voir art. 2.3. du contrat).

Dear Madam,

VALUATION OF RENTED ACCOMMODATION

1. Thank you very much for your letter dated 5th December 94, received on the 9th December 94. It made mention of violating Article 3 of the tenancy agreement and we should quit by 20th of December.
2. Regrettably, Article 3, last sentence, was understood as being advance, guarantee or deposit for a period of 3 months ie from 1st. November 94 ending 31st. January 95, while we bore the cost of the electrical repairs.
3. In the breaking of left shoulder of the bridge; we wish to state that the case is under investigation. We use Land Cruiser and 4 Runner cars here. On furniture what we moved from the already broken into, ransacked and/or jagged /open house were very big, heavy table, and spring (metal) bed which could best be said as being in our safe custody in your own house. Mr Francois has seen them intact.
4. As a fact, we find the 11 days (9th - 20th Dec) as woefully inadequate to enable us acquire an equally suitable accommodation as the nature of our work requires. It will therefore be appreciated if you could give us a little more time to enable us find one.
5. Kindly acknowledge receipt.

Yours faithfully,

H. KANTE

Monsieur le Représentant du Ministère

à Gisenyi -

objet: transfert de l'orphelinat  
de Mubuga à Nyundo

Monsieur,

Vous n'êtes pas sans savoir que les événements survenus au Rwanda en avril-juin 1994 ont laissé beaucoup d'orphelins à Kibuye. Certaines personnes de bonne volonté ont accueilli quelques dizaines d'enfants à Mubuga en préfecture de Kibuye, depuis le mois d'octobre 1994, au nom du Diocèse de Nyundo.

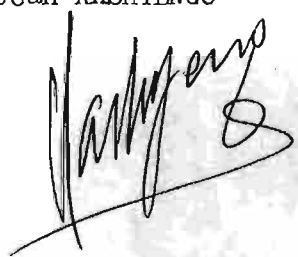

A son retour de Hollande, Monseigneur Wenceslas Kalibushi n'a pas trouvé opportun de maintenir cet orphelinat pour les raisons pratiques et financières, parce que nous en avons un autre qui fonctionne très bien à Nyundo, et c'est à Nyundo précisément qu'il a décidé de transférer les enfants de Mubuga.

Par la présente je viens demander votre intervention, vous êtes à même de trouver une O.N.G. qui assurerait le transfert de Mubuga à Nyundo, dans les conditions que pourront exiger l'état physique des enfants et leur nombre. Une bonne centaine à peu près. Et le plus tôt serait le mieux, puisque certains enfants sont malades pour nous obliger à agir rapidement.

En comptant sur votre bonne compréhension, je vous souhaite également l'Année 1995 fructueuse et heureuse, à vous et au service qui vous est confié.

SUBJECT: REGISTERED LETTERS AND PARCELS

1. A large No of receipts for parcels and registered letters arrive from Nairobi for collection after payment of postal and in some cases customs and demurrage charges at Nairobi. Since there is no arrangement for payment of these individual receipts from UNAMIR funds it involves sending money from Kigali with authority letters before these can be collected with increased demurrage charges. Often letters / parcels are misplaced by the Nairobi A.C. or lost in transit.

2. In order to obviate this problem contingent welfare offrs are requested to inform all troops to obtain parcels / registered letters only at the u/m address:-

Name  
Contingent Name  
UNAMIR  
c/o PO Bag 749  
Kigali,  
RWANDA

3. Receipts for parcels / registered letters which have already arrived are being sent to Nairobi with cash (often from the Force Welfare Offr's own money) for collection. It will be appreciated that this arrangement cannot be continued for long and as such it is reiterated that troops be instructed to inform their well wishers to send all parcels / registries only at the address given at Para 2 above.

4. With sincere good wishes for the new year.

Subject: ROAD SAFETY AND THE STOWAGE OF LOADS

1. Although the final MP report on the accident in which MCpl Edouard Baouna Kaourbene has not yet been produced, initial enquiries have revealed that his death was caused when the small troop carrying vehicle in which he was a rear seat passenger became uncontrollable on a wet and very slippery stretch of unmetalled road. Fearing that the vehicle was about to roll over, he jumped and ran from it but was then hit by the truck's spare wheel as it bounced from the rear passenger compartment (in which it had been lying loose) when the vehicle came to rest on a ledge 4 feet below the road surface from which it had slipped. MCpl Kaourbene's neck was broken and he died instantly - although his vehicle was barely damaged and could be driven back to its base with the other passengers who suffered only minor injuries.

2. It seems appropriate to remember MCpl Kaourbene by stressing to others that the correct stowage and lashing of loads can save lives. Please remind all drivers and vehicle commanders of the extreme danger that can be caused by allowing heavy objects such as spare wheels, tool boxes, jacks and the like - apart from the loads that their tasks require them to convey - loose in the rear of their vehicles.

3. Rwandese road and traffic conditions are unpredictable; please do your utmost to ensure that we do not suffer a repetition of this tragic incident. Although it did not have a bearing on this particular case, drivers and their passengers are also strongly recommended to wear seat belts when they are fitted unless operational conditions dictate otherwise.

**ADMINISTRATIVE INSTRUCTION N°. 013/94**

DATE: 5 December 1994

TO: All UNAMIR Military & Civilian Personnel

FROM: Ally H. Golo, Officer-in-Charge  
Administration

SUBJECT: Status of UNAMIR as non-family mission

It came to my attention that some dependents of UNAMIR military and civilian personnel are joining their spouse at the duty station in Kigali or elsewhere within Rwanda. Although I am aware that they are travelling at their own expense, I wish to remind the individuals concerned that dependents who travel in the mission area do so at their own risk, and the United Nations will not be held responsible for their welfare, living conditions or security.

In as much as one is aware of the argument that staff members take full responsibility for the safety of their dependents this will not apply at the time of any evacuation. In other words, one cannot see a situation when the United Nations will bear responsibility for the evacuation of a staff member but not of his/her dependents. As you may be aware this situation in actual fact happened during the relocation of members of UNAMIR personnel to Nairobi following the outbreak of the war in April 1994.

You were all fully informed prior to your departure to the duty station of the special status of UNAMIR being a non-family mission. This was also confirmed in the briefing note that you might then have received. Similarly, the guidelines for Governments contributing military and police observers state clearly that observers may not be accompanied by dependents during their tour of duty with UNAMIR.

In this connection, UNAMIR neither authorizes travel for such dependents on its transportation assets nor makes any other arrangements such as securing visas to facilitate their presence in the area. It will not allow security instructions to be circumvented. Therefore, I seek your utmost cooperation in this regard by requesting those concerned to kindly make arrangements to have their dependents leave the mission area of Rwanda immediately, failing which, this office may be obliged to inform ROJ/DPKO accordingly.
