FROM : DCOS OPS

DATE : 28 JUN 95

REF : CMCO Memo dated 29 Apr 95.

SUBJECT : K & K REQUIREMENT FOR SECURITY

1. It is for your information that Indbatt is taking on additional security of UN installations within Kigali in the near future.

2. The present strength of K&K Security guards that are employed on joint security duties are 33 personnel. However, as a result of the present redeployment, the requirement will be of only 27 guards effective 01 Jul 95. Once B & R HQ shifts to Trafipro and UNDP allots accommodation for the Indbatt guard, the requirement will further reduce to only 16 K&K guards.

3. You are therefore requested to reduce the number of K&K guards to 27 with immediate effect. Action to reduce the guards to 16 should be taken once intimation to the effect is received by you from this office.

A. DCOS OPS letter dated 23 March 1995.

1. In reference 'A' above, Military Police was tasked to provide security at MILOB group HQ on temporary basis until their movement to UNAMIR HQ was completed. The task which was to take about Two weeks has extended to almost three months. We request an alternative be found so that the MPs can be concentrated on Police duties, looking at the current crime rate.

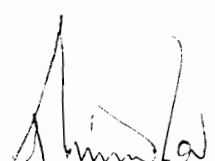

2. The opening of Butare detachment has tremendously affected the MPs strength in Kigali. Because of this, the number of Military Police men available for daily emergency response dwindled from ten to four as we have to also provide security to Milob Hq.

3. We request you consider releasing the MPs from this task.

Subject: **RETRIEVAL OF UNAMIR ID CARDS FROM EX B&R EMPLOYEES**

1. Given the general discontent of laid-off local B&R employees, lack of pre-employment screening, and an increase in crimes by "insiders", it is not known if all former B&R employees handed their UNAMIR ID cards back to the CSO staff prior to their termination. Accordingly, a potentially dangerous security threat could exist.
2. It is suggested that unless 100 per cent of ID cards have been retrieved from former local B&R employees by the CSO staff to date, that remedial action, such as a retrieval campaign for outstanding ID cards or the issue of alternative/replacement cards for current employees, should be contemplated.
3. The above suggestions are forwarded for your further assessment and appropriate action.

1. Further to previous Administrative Instructions issued on this subject, the Administration notes with concern the number of UNAMIR vehicles which have been stolen recently in broad day light from the UNAMIR Headquarters compound.

2. In this connection all UNAMIR security units, including the Indian Battalion Guard Force currently providing security for the UNAMIR Headquarters and other UNAMIR premises, are required to implement the following procedures:

- (a) All drivers of UNAMIR vehicles leaving any UNAMIR premises at any time are required to submit their identity cards to a security officer/guard at the gate, who shall check the identity photograph of each such driver against the face of the driver, record the identity number and the registration number of the vehicle, record the number of passengers, enter the time of departure, and record any other identification features that may be obvious. This is without prejudice to the identification procedure for drivers and vehicles of high ranking UNAMIR officials whose vehicles and drivers are known.
- (b) With the exception of vehicles with ministerial or diplomatic registration numbers and vehicles belonging to UN Agencies, all non-UNAMIR vehicles leaving UNAMIR premises shall be subject to the same procedure as in (a) above, and shall also be subject to searches at the discretion of the security officers/guards.

3. All UNAMIR personnel are requested to cooperate with all security units in the enforcement of these measures towards the preservation of UN and staff personal property.

Subject: SECURITY DUTIES AT MILOB GROUP HQ

1. Thank you for your note of 5 May 95. I understand the point that you make but would draw to your attention to the conditions under which it was agreed that MPs would perform security duties on a strictly temporary basis - outlined in the attached minute. Every administrative journey undertaken by MP vehicles reduces the availability of patrols and investigators. To start with, I had too few drivers but the problem is now being exacerbated by the deteriorating security situation and a rising demand for escorts - and my need to provide an adequate number of MPs with each patrol for their own security. You are asked, therefore to:

a. Ensure that MILOB vehicles are used to collect and deliver MPs required for security duties.

b. Apply pressure for the contracting of commercial security staff, as promised earlier.

2. For my part, I will make MPs available at the times you request but you are asked to note the views of the CO of the MP Company, on the second attachment.

3. Warmest regards.

Subject: SECURITY OF MILOB GROUP HQ

1. Thank you for inviting my comments on the request from the DCMO for MPs to assist with the security of his Group HQ. It is not normal practice for MPs to be employed in this way and it is something that I would resist as a matter of policy. Having said this, I have to acknowledge that many of the MPs with UNAMIR have no driving permits and are, in consequence, less employable than is desirable. They could be used, therefore, on limited security duties as an expedient measure, subject to the following conditions:

- a. MILOBs must assume operational responsibility for the employment of the MPs, prepare detailed orders for them and conduct all supervisory responsibilities.
- ✓ b. Recognizing that the availability of MPs has arisen only through the lack of available drivers, MILOBs must find a way of collecting them and returning them to the MP Compound or their residences, as required by the CO of the MP Coy.
- c. Having the MPs under operational control, MILOBs must ensure that all welfare aspects of the duty are properly provided - including a room in which to rest, take meals and make refreshments.

Whilst being willing to help, I suspect that these responsibilities might deter acceptance of the offer; I will be interested to learn of the MILOBs' reaction.

2. Should we not be looking, however, at reducing the military strength directed at simple static guards? Could not we use locally recruited personnel and rely on them - or other duty personnel - calling out the RRF? Are guards really needed at this site or could we rely on a locked gate and the knowledge that there is an alert 24-hour duty officer present on the site?

3. I hope that this is thought helpful.

Subject: SECURITY AWARENESS

1. The aim of this instruction is to appraise all military personnel of the prevailing security situation in Rwanda, with a view of creating a sense of security awareness in the hearts and minds of all concerned.

#### General

2. The overall security situation, although it remains relatively calm, is of serious concern. Incidents of armed robberies directed against UN personnel, accidents involving UN vehicles, hijacking of UN vehicles and altercations between the RPA and formed troops is generally on the increase. Therefore, there is a need to make all uniformed personnel of UNAMIR aware of the procedure to call for help in any adverse situation. Some of the emergency situations which may occur are as under:

- a. Detention by the local authorities.
- b. The victim of a robbery of any kind, at home or elsewhere.
- c. The victim of an assault.
- d. Involvement in a vehicle accident and in need of assistance, an ambulance or a tow truck.
- e. Witness to a situation which would include any of the preceding.

3. It should also be noted that within Kigali, there is a Ready Reaction Force (RRF) available 24 hrs a day to react to any adverse situation in which the extrication of UN personnel warrants the use of armed troops. The RRF can be contacted through the UNAMIR duty officer on channel 4 or telephone # UNAMIR extn 11150 or Rwandatel 84265. The duty officer is responsible for monitoring the channels for emergencies and have access to all the military and civilian information/assets that may be needed in case of emergency, including the RRF, civilian police, military police, tow trucks, ambulances as well as medivac and casevac procedures.

### Vehicle/Travel

4. All travel must be authorised prior to your departure from your unit and you must carry your UN ID and license permit at all times. When travelling by car, keep the doors locked and avoid travelling alone at night. Generally, hijackers are less likely to inflict serious injuries when two or more persons are in a vehicle. You must not pick up non - UNAMIR personnel and do not stop for broken down vehicles which are not UNAMIR. Finally, keep your vehicle parked in a safe, guarded, well lit area at night and do not leave valuable items in a parked vehicle.

5. Action at Road Blocks. When approaching a road block/check point drive slowly and put your car lights in the 'park' position. Turn on the interior light and act in a calm and polite manner in your conversation. Milk crates, branches, metal parts of a chair, witches hats and string may be used as road blocks in Rwanda. Please ensure that you observe them and drive very carefully as they are manned by armed soldiers.

### Road Accidents

6. The UNAMIR Military Police (MP) Company Headquarters is located 500 meters East of the old UNICEF Building on the main Airport road (GR 125836). The Kigali Detachment operates on channel 7, call sign "ESCORT ZERO". You can contact the MP Desk Officer, day or night, on telephone # UNAMIR extn 11249. All road accident must be reported to the UNAMIR MP Coy HQ.

### Personal Security

7. You must keep abreast of the current situation and developments in Rwanda. Particularly in the areas in which you live, work and frequent. Familiarise yourself with your work and residential locations. To enhance your personal security you should:

- a. get to know who your nearest UN neighbour and where the nearest UN vehicle is parked at night;
- b. know the phone number and/or the radio call sign to us in case of emergency (these are included at Annex A);
- c. inform your superior of all your travel plans in and out of the country;
- d. eat and drink in secure locations. There is safety in numbers! Never let the spirit of the moment cloud your judgement with regards to your personal safety;
- e. not travel at night outside your duty station;
- f. lie flat on the floor if you hear explosives or shooting near your residence. Do not look outside and stay away from windows. Try to crawl to a corridor which has no windows;

- g. maintain a week's supply of food and water in your residence;
- h. avoid setting a routine, ie. alternate your route and/or timing to and from home or office; and
- i. try to minimise unnecessary movements and where possible avoid travelling alone and after dark.

### **How to React to Attack**

8. If you are attacked try to remain calm and do not panic (this may be very hard). In general, it is best to comply with the demand of the attackers or captors you are less likely to be harmed. Do not become aggressive and try to establish some type of compromise with your captors. Contact your Security Officer or superior as soon as possible.

### **Security of Personal Effects**

9. You should update your inventory of personal effects, furniture, household effects, automobiles and valuables whenever necessary and submit the revised copy to the Security Officer.

### **Residential Security**

10. Inform the designated Official/Unit Security Officer of any change of address/telephone during your stay in Rwanda. Contact your neighbours to ensure cooperation between the guards in your neighbourhood.

11. You should install curtains on your windows, especially in your bedroom and don't leave keys in a hidden place outside your house (under mats, flower pots, door ledges, etc.). Prior to retiring for the night you should ensure your home is secure by checking all doors and windows. Finally, don't give duplicate keys for your house to domestic help and keep your house keys separate from your vehicle keys.

### **Hotels**

12. When staying in a hotel, familiarise yourself with fire safety instructions and know where the nearest emergency exit is located. Always lock your door after you enter or leave your room. Ensure that no money, jewellery, cameras, or other valuables are visible when leaving your room and, if possible, use a safe deposit box to store your valuables. Always ensure that you lock all suitcases left in the room.

### **Domestic Help**

13. You should request references/recommendations from any locals that you hire as domestic help. Furthermore, ensure that you ascertain their exact residential address in Kigali. Once hired you must ensure that they are issued the proper security pass when hired through Brown and Root. Create a bonus/incentive on top of their salary in case of privately hired help. However, be strict with them and allow no visitors in your residence without your permission.

### Guards

14. If you employ a guard, ensure he is issued with a whistle and a flash light. Establish a signal with him so that he will open your gate immediately (For example you might sound the car horn three times at 100 meters from your residence). Avoid waiting in front of your gate. Give your guard clear instructions such as:

- a. Your gate must always be locked (chain with padlock).
- b. Never authorise visitors to enter without your permission.
- c. Patrol every morning and evening to inspect the fence or wall.
- d. Report all incidents (window left open, exterior light not working, etc).

### Security Guidelines Summary

15. There are certain important security guidelines which need to be followed by all personnel in uniform. These are as follows:

- a. Carry your ID card with you all times. If you are issued with a Motorola Radio, you are advised to carry it with you as well.
- b. Avoid going out on your own and staying out too late at night. It is advisable that you go out in groups of two or more, and where possible go in convoys of two or more vehicles.
- c. Avoid driving at night at remote and isolated areas in the city. Know safe streets and routes.
- d. Avoid using local taxis and privately owned cars particularly at night time, except if you know the private car owner. Should you be forced to use a local taxi, you must always be in the company of somebody you know and trust. Relying on Registration number plates of taxis is not enough.
- e. Should you be attacked, you should always try to be calm and firm, and courteous. Never show signs of stress and intimidation, even though you may feel intimidated.
- f. Avoid all forms of arguments with your attackers even where you have your right.
- g. It is always in your best interest to yield to the demands of your attackers and where possible establish some kind of rapport with them.
- h. Stop only at established road blocks/check points, and avoid giving lifts to non - UN personnel. Do not stop at hand signals of any kind at night, especially in suspicious circumstances and areas.
- i. Should you be trailed at night, avoid heading for your residence especially if it is a distance away from you. You should always try to head for public houses specially HQ where there is a crowd and call for help on your radio describing your exact location.
- j. Above all, do not discard "Common Sense" as it will assist you to appreciate the situation on the ground, make sensible deductions and take decisions in your best interest. Remember your life comes first, and thereafter, all other things shall be added unto it.

16. Your attention is drawn to the Force Commander's Directive No 01/94 on UNAMIR Conduct, Dress and Weapon Carriage Policy forwarded vide this HQ letter no 5000.45(Plans) dated 7 Nov 94.

ANNEX A TO  
SECURITY AWARENESS  
DATED 25 MAR 95

EMERGENCY CONTACT NUMBERS/CHANNELS

1. For incidents occurring after 1800 or on the weekend: switch your radio to channel 8 or channel 4 and call callsign " Zero ". Callsign Zero is the Military Duty Officer in the UNAMIR HQ Ops Room. You may also call for help on following Callsigns and channels:

- a. **Channel 11 - " Sierra Oscar 9 " HQ Civilian Security Officer - between 0830 and 1800 hrs. Monday -Saturday.**
- b. **Channel 8 - Callsign " Zero " - Military Duty Officer - 24 hrs.**
- c. **Channel 7 - Callsign " Escort Zero " - Force Provost Marshal.**
- d. **Civilian Security Officer - Telephone # 84268 Ext. 11073/11135.**
- e. **Military Duty Officer - Channel 4 - call sign "Zero" or telephone # 84268 Ext. 11150 or # 84265.**

2. Standard procedures and discipline must be observed if radio communication is to be used successfully for security purpose. Messages should be planned in advance. Long difficult messages should be avoided as they can be misunderstood. In case of a shooting, do not panic, use your radio to call for assistance. Speak in a calm even voice and give the following information:

- a. Clearly state your callsign.
- b. Give your location and describe the incident that has taken place. This is the most important piece of information and could save vital minutes in time it takes for assistance to reach you.

(1) All personnel should know the grid reference of their place of residence as well as that of homes or other places that are frequently visited.

(2) You should also know their location at all times in relation to prominent reference location (the Meridian, Chez Lando, Mille Collins, The Parliament Building are examples of such locations).

(3) Which way is north, south, east and west in Kigali.

(4) If the situation permits, the person calling for assistance should go to an easily identifiable rendez-vous point to meet the person(s) sent to provide assistance.

(5) End the message with " I need emergency assistance right away ."

1. I am writing to you under the authority of and as directed by the Officer-in-Charge of the Administration in respect of the subject matter.

2. You may have by now received a copy of the memorandum dated 29 April 1995 from Mr. G. Briere, CMCO in which he addresses mainly BRSC's requirements for security and alludes to the overall issue of security in Kigali. For ease of reference enclosed is an additional copy.

(CMCO memo) 3. In respect of the overall requirements for security in Kigali, it has been noted that ~~your~~ memorandum dated 25 April 1995 (NOTAL) does not include a comprehensive list of the locations in which we are mandated to provide security. Therefore, please contact the O-I-C Integrated Support Services so as to ensure that you obtain a list of all United Nations facilities in Kigali.

4. Once in possession of the list, it would be appreciated if you could provide a comprehensive plan of the security requirements for each location, taking into account that armed and unarmed guards would be needed in each facility, except as indicated by BRSC otherwise. Your plan should reach this office by not later than 3 May 1995 so that suitable contracts are negotiated and awarded with a commencement date for the provision of security guards under an UNAMIR contract not later than 1 June 1995. Meanwhile, arrangements will be made through BRSC by CMCO in close consultation with me.

5. It is my understanding that the combination of armed guards (UN military personnel) and unarmed guards (private security companies under contract to UNAMIR) was necessary because of unavailability of a sufficient number of UN military personnel to meet all requirements. Your written confirmation of this understanding will be greatly appreciated.

SUBJECT: **SECURITY REQUIREMENT FOR BRSC**

1. The issue of security for BRSC personnel and facilities has been discussed on several occasions during the past few days. The requirement was described at ref A.
2. After lengthy discussions with the Military Component I was indicated by DCOS Ops that the Military Component could not meet entirely our requirement to provide soldiers at all the BRSC facilities. A compromise has then been worked out where some additional military troops (Tunisians) would be transferred in Kigali, the actual military force in Sector 6 would be restructured and BRSC would provide a certain number of private security guards to the Military Component. All this personnel would be placed under the direction of the Indian Contingent Commander who is responsible for the security in Sector 6. This plan will allow to have a combined force military/civilian guards at all UNAMIR premisses where a requirement has been identified. This plan has been discussed with OIC Adm and he has accepted that compromise since it was the only solution possible for the time being.
3. In order to achieve this plan, the security guards already working for you and some additional private security guards which will have to be hired from the same firm will have to be transferred and placed under the direction of Col Singh. The details are provided in

the fragmentation order published at ref B. The total requirement of private guards for BRSC facilities to implement this plan is 36: 24 of these guards will have to report to Sector 6 Cmdr on 02 May 95 and the other 12 will have to report ASAP but NLT 08 May 95 .

4. With regard to the 16 villas where BRSC personnel are currently living, you are also authorized to hire an additional 32 private guards (2/villa on 12 hours shift) to provide security at these villas.

5. Please take the appropriate administrative measures to modify your actual subcontract with K&K Security to reflect these changes. The duration of this subcontract will remain valid until **31 May 95**, when at which point UNAMIR Procurement will than take over the responsibility for the coordination of this requirement. **Clearly states in the amendment of the contract the reasons of this change of scope, the concept of operations and confirm the duration of this subcontract.** Finally, ask K&K Security manager to meet with the Ops O or the CO of Indian Contingent to discuss the details of the implementation of this plan ASAP.

- C. Security Awareness forwarded vide this HQ letter no 3000.12 (Ops) dated 25 Mar 95.
- D. Administrative Instruction No 011/95 dated 27 Mar 95 on Security of UNAMIR Vehicles.

1. In spite of detailed instructions issued periodically by this HQ, it has been noted that there has been an alarming increase in the number of hijackings and thefts of UNAMIR vehicles. In most cases, the loss occurred due to non-compliance of instructions by the person responsible for the vehicle. These incidents occurred for example, by driving alone at night or parking in places having inadequate security, etc.

2. The following points are reiterated for strict compliance:

- a. Vehicles will be locked at all times when individuals leave them. No "attractive" items, such as motorolas etc must be left in the vehicle.
- b. Vehicles will only be parked at places which are safe and adequately guarded.
- c. Individuals will not travel alone nor stay out too late at night. It is advisable that to go out in groups of not less than two or more and where possible, go in convoys of two or more vehicles.
- d. Avoid travelling in civilian clothes; wear a uniform and carry a weapon as the norm.
- e. Avoid driving at night in remote and isolated areas. Know safe streets and routes.
- f. When travelling by car, keep the doors locked.
- g. Do not give lifts to non-UNAMIR personnel at any time. Only halt at road blocks; do not stop when individuals attempt to flag down the vehicle.
- h. Do not park vehicles unattended on streets during hours of darkness or for prolonged periods during daytime, unless securely guarded.

3. This matter has been viewed with serious concern and it has been decided that with immediate effect, loss of UNAMIR vehicles due to non-compliance of the above instructions, will be regarded as being the direct responsibility of the custodian or the driver of the vehicle, who will then have to make financial restitution to the United Nations for such a loss.

4. Your strict adherence to these instructions is anticipated.

SUBJECT: PROTECTION OF UNAMIR INSTALLATIONS AND CIVILIAN PERSONNEL

As you are aware UNAMIR has a number of installations contracted or government provided for both living and office accommodation throughout Rwanda. As you are also aware there have been a series of robberies, most of which were at gunpoint, against UNAMIR contracted installations and UNAMIR military, civilian and contractor's personnel. Almost all attackers were dressed in army fatigues, conveying strong suspicion that they are RPA soldiers. In this connection, I should like to request a meeting at the level of the SRSG, FC and the Administration to assess the situation with a view to developing a scheme to provide military protection and visibility at all or selected UNAMIR locations, in order to minimize the effect of this increasing trend of attacks against UNAMIR personnel, UNAMIR installations and UNAMIR contractor's locations.

As a suggestion, this meeting may also wish define the best way to shed light on government protection, as the security of UNAMIR personnel and the protection of UN property in Rwanda lies primarily with the host government.

Kindly submitted for your consideration and guidance.

These incidents occurred for example, by driving alone at night or parking in places having inadequate security, etc.

2. The following points are reiterated for strict compliance:
  - a. Vehicles will be locked at all times when individuals leave them. No "attractive" items, such as motorolas etc must be left in the vehicle.
  - b. Vehicles will only be parked at places which are safe and adequately guarded.
  - c. Individuals will not travel alone nor stay out too late at night. It is advisable that to go out in groups of not less than two or more and where possible, go in convoys of two or more vehicles.
  - d. Avoid travelling in civilian clothes; wear a uniform and carry a weapon as the norm.
  - e. Avoid driving at night in remote and isolated areas. Know safe streets and routes.
  - f. When travelling by car, keep the doors locked.
  - g. Do not give lifts to non-UNAMIR personnel at any time. Only halt at road blocks; do not stop when individuals attempt to flag down the vehicle.
  - h. Do not park vehicles unattended on streets during hours of darkness or for prolonged periods during daytime, unless securely guarded.
3. This matter has been viewed with serious concern and it has been decided that with immediate effect, loss of UNAMIR vehicles due to non-compliance of the above instructions, will be regarded as being the direct responsibility of the custodian or the driver of the vehicle, who will then have to make financial restitution to the United Nations for such a loss.
4. Your strict adherence to these instructions is anticipated.

SUBJECT : PROVISION OF TRANSPORT FOR THE EVACUATION OF KIBEHO DP CAMP

1. In view of the RPA action in Kibeho DP camp on 18 April 95, a dire situation has arisen regarding the provision of transport for the conveyance of the DPs to their home communes at the earliest. It must be appreciated that at this point of time, it may require all our resources at the cost of other activities, barring security provision, to provide maximum transport assistance to UNHCR/IOM in order to ensure that the camp is vacated at the earliest. Failing to do so may lead to an arbitrary action by the RPA and result in the possible death of many innocent people.

2. You are therefore required to intimate to this HQ as to how much additional transport resources possibly could be committed by your units for this operation. At this point of time, it is not yet determined if this additional resource will be required nor is the duration of the requirement known. The information must reach this HQ at the earliest to enable my staff to plan the exercise in detail. Once again, do remember that unless a concerted effort is made by UNAMIR formed troops, this exercise cannot be successful if we decide to undertake it.

Subject: SECURITY OF INFORMATION\*

1. Most United Nations information is available to the Member States, managers and staff of the Organization and the general public. This is consistent with the Organization's commitment to transparency in the way that its business is undertaken. However, the United Nations functions in a number of areas, most particularly in peace-keeping and peacemaking, political affairs and in all matters related to the security of personnel and installations, in which absolute confidentiality and discretion are essential.

Nor shall they at any time use such information to private advantage. These obligations do not cease upon separation from the Secretariat."

Subject: SECURITY MEASURES FOR UNAMIR HQ - 11 APR 95

1. It has been reported that some Rwandan citizens may conduct a demonstration march against UNAMIR on Tuesday, 11 Apr 95. The reports indicate that the march will be marshalled at 1400 hrs in the ETO compound (GR SQ 1181) on the Bugesera road and eventually proceed to UNAMIR HQ at the Amahoro Hotel.
2. In order to monitor this eventuality, the DCMO is requested to provide a Milob team to observe the proceedings in a very discreet manner. Furthermore, CO Indbatt is requested to increase the size of the guard in an unobtrusive manner inside the compound and warn the RRF accordingly. Additionally, the Force PM is requested to task the Force MP Coy to provide assistance in possible crowd and traffic control at the entrance to the UNAMIR HQ compound and traffic control to direct traffic away from the area.
3. Once confirmation is received of the realization of this event, UNAMIR personnel must be warned initially to refrain from attempting to enter or exit the UNAMIR HQ compound until the situation is fully assessed in order to avoid confrontation.

## SECURITY DUTIES BY INDBATT

1. As directed by DCOS (Ops), Chez Lando security duties were taken over by Indbatt wef 01 Apr 95. It has necessitated the deployment of 2 secs owing to multiple entry points and some weaknesses in the contract agreement. This has perforce reduced the RRF availability, so henceforth only one RRF section would be available.

2. The prevailing uncertain security situation, and the recently issued orders on enhanced guard measures, have resulted in the complete rifle sections manpower being fully committed. Indbatt has only two rifle coys in Rwanda, comprising 9 sections each. However, by scraping up all possible HQ elements, the security requirements are being met, though the men are fully stretched for a protracted period.

3. 20 sections are fully deployed on security duties assigned by your HQ. This does not include Indbatt's own locations/bases which perforce are being guarded by HQ/Support elements. The details of 20 sections deployed on your orders are as follows :-

(a) Force HQ (Security, Orderly Room and Reception)	- 3 Sections
(b) Traffic Pro	- 2½ "
(c) Blue Berets Camp (BBC)	- 2 "
(d) Chez Lando	- 2 "
(e) Transit Camp	- 1½ "
(f) UN Workshop	- 1 Section
(g) Helicopters Hangar	- 1 "
(h) FC's Residence	- 1 "

# UNAMIR

UNITED NATIONS ASSISTANCE MISSION FOR RWANDA

(j) Fuel Station	- 1 Section
(k) IVECO	- 1 "
(l) Communication Compound	- 1 "
(m) Finance and Procurement Building (also known as UNICEF Building)	- 1 "
(n) Ndera Patrol	- 1 "
(o) RRF	- 1 "
Total	<u>20 Sections</u>

4. This leaves almost no capability with me to meet unforeseen situations, especially those in which rushing reinforcements to certain guards/installations may be required, or even for rescue actions. The RRF section may not be numerically adequate to meet the kinds of situations envisaged. Neither do I have any flexibility in my deployment because the sections are tied down to UN assets whose security cannot be reduced, thus precluding lifting of troops from relatively dormant locations.

5. With the deteriorating security environment, there is a definite need for me to have more troops in order to carry out my security duties as well as to carry out patrolling, and be able to take worthwhile action to meet various anticipated situations. You are requested to examine this problem and take up a case for getting some more troops of my Battalion to Rwanda from India at the earliest. An early action is imperative in view of the acute shortage of troops and the uncertain security situation which probably likely to deteriorate further.

Provision of Security to UNHCR

Further to our original request to have UNAMIR presence in our compounds in Kigali for the period 5 to 10 April 1995 and further to your memorandum dated 23 March 1995 granting our request, we should like to make a slight change to these arrangements.

The Representative feels that the presence of UNAMIR from the night of 6 April to the morning of 9 April 1995 is sufficient in Kigali and kindly request that the deployment of UNAMIR soldiers be amended accordingly.

We thank you for your kind co-operation in this matter.

This occasion is likely to evoke strong sentiments in the local population and may result in outbreak of violence and general degeneration of law and order in the country.

These measures are as follows:

- a. Do not travel alone in a vehicle whether by day or by night. Restrict your movement to essential travel such as from your place of residence to the place of work and back only. Keep your movement to the minimum.
- b. Always inform someone as to where you are going and when you are likely to return.
- c. Never leave your place of residence or work without your radio.
- d. Do not travel at night unless absolutely necessary, and if you have to, travel in pairs.
- e. Avoid travel to the city and the market as far as possible. Stock upon your foodstuff and other essential household goods for a fortnight before 04 April 95.
- f. Avoid travel on dirt roads that are not frequently travelled on by others. Do not drive in potholes or on freshly
