SECTOR 1 MILOB HQ (BYUMBA)
BRIEF FOR SRSG ON HIS VISIT TO THE SECTOR
ON TUE 28 MAR 95

INTRODUCTION

1. Your Excellency, on behalf of the MILOBS of this sector and on my own behalf, I welcome you to Sector One MILOB HQ (BYUMBA PREFECTURE). I must say that we are indeed privileged and highly honoured to have such an august visitor in the person of the SRSG to visit us this morning.
2. We are most grateful, Sir.
3. I must say that the situation in the sector has returned to normalcy after the unfortunate incident which caused the death of one of the locals and created a tense situation within the town and camp. I shall leave the details for CO NIBATT to cover in his brief, Sir.
4. On the whole, I should say that the situation is Calm. There is no friction whatsoever the UNAMIR personnel on one part and the locals, govt authorities and RPA, on the other. Infact this sector is much different from the rest of the country as far as law and order, agriculture, medical and other related matters are concerned.

AIM

5. Sir, this morning I intend to update you with current developments in our sector.

OPERATIONAL MATTERS

6. Own Activities., Sir, we continue with our routine operations to monitor our AOR. Specifically, we continue to perform the fol:
 - a. Routine patrols from both Byumba and Gituza sub sector. Communes have been

- assigned to Teams so as to get an up-to-date data and also show presence and interaction.
- b. Monitoring the daily inflow of returnees from accross the border posts of Gatuna, Buziba, and Tabagwe.
 - c. Helipatrol and recce of our AOR.
 - d. Liaison with NIBATT on loc of mines and subsequent mapping and destruction.
 - e. Constant liaison with the RPA and Prefect.
 - f. Liaison with other UN Agencies and NGOS.

7. RPA Activities The major significant change in RPA activities is the reinforcement of the Gendarmerie check point at Kibali (B 058236) where they insist on identification of Driving licence, Veh number plates, Destination, the reason of ptl and others even to UN veh.

8. Their main deployment is as follows:

- a. Bde Hq at Murambi
- b. Bn HQ with a Coy and RPA Hospital at Byumba.
- c. Bn HQ with Coy and RPA Rehabilitation Center at Nyagatare
- d. Coy each at Ngarama, Giti and Muhura
- e. Trg camp at Gabiro
- e. Sect and Pl size Road Blocks Check points come up from time to time.

RETURNEES.

9. a. Sir, there seem to be a steady inflow of returnees into the sector from the two main entry points of Gatuna and Kagitumba. Last week's figures are as follows:

a.	<u>Kagitumba</u>	<u>Inflow</u>		<u>Outflow</u>	<u>Date</u>
		788 Pers	232 Cattle	NIL	19/03/95
		158	472	NIL	20/03/95
		940	949	NIL	21/03/95
		375	419	NIL	22/03/95
		928	118	NIL	24/03/95
b.	<u>Gatuna</u>	5	NIL	NIL	21/03/95
		8	NIL	NIL	22/03/95
		8	NIL	NIL	23/03/95
		24	NIL	NIL	24/03/95

10. Reports indicate that Matimba reception center was closed down wef 23 Mar 95 leaving only Nyagatare Reception Center. The number of returnees as at yesterday Mon 27 Mar 95 was 780. There was an outbreak of measles recently, but it has been brought under control.

POLITICAL ACTIVITIES.

11. The Prefect, Burgermasters and opinion leaders have been addressing the people in the communes and sectors. They are in close contact with the people and a lot of civil education about policies is constantly going on.

12. Judicial System. Commune courts supervised by Burgermasters are functioning in most of the communes. Cases are referred to Byumba where the tribunal has its full compliments of judges and prosecutors. Infact the communes are to transfer cases beyond their jurisdiction to Byumba within 72 hours but due to lack of transport, some do stay beyond that period.

13. Byumba Prison. Conditions are better as compared to others in the rest of the country. The present strength of inmates is 140 and we have made arrangements for you to visit the place, Sir.

SOCIO - ECONOMIC ACTIVITIES

14. Agriculture. Agricultural activities are going on normally. There is brisk trading activity on market days throughout the prefecture. Food is generally available in the communes.

15. Kinihira Tea Factory. This factory has employed about 400 locals and is functioning.

16. Mining. Gold mining is currently going on in the communes of Cyongo, Kinyami and Myove.

17. Public Transport. This is a major problem facing the people in the Prefecture. There is twice-weekly bus service from Byumba through Ngarama to Nyagatare, and 3 times weekly service to Giti. The other communes lack public tpt and people have to walk long distances to markets and hospitals.

18. Medical. The medical facilities and attention in the sector is presumed to be among the best in the country. There is a monthly coordinated medical conference between the NGOS and RPA which we also attend. Most medical posts are still functioning. The major problem is the lack of qualified local staff, special drugs, potable water and electricity.

19. Schools. Primary schools have reopened in the sector, although they lack many facilities namely books, teachers, classrooms, furniture, leaking/lack of roofs. Nevertheless, the children seem to show a lot of enthusiasm and purpose. Rutare secondary school has also reopened, but their major problem is lack of electric generator and classroom furniture.

20. Examination papers. We were tasked recently to convey the supervisors and examination

papers to the various communes. This task was performed remarkably well with the cooperation of the local administration.

21. Relations with NGOS. Sir, we have excellent working relations with all the NGOS and other UN agencies. Notable among them are AMREF, ICRC, GOAL, WORLD VISION, CARITAS and WFP who have offices in Byumba. ADRA, WFP, UNHCR, MSF, American Refugee Trust and Norwegian Trust are located at Nyagatare. A German Hospital exists at Kiziguro. There is also an Italian Hospital at Muhura. Since we don't have an UNREO rep to coordinate the work of the NGOS, the Milobs try to coord the NGO's efforts on case to case basis.

22. The Prefect has now decided to organise a monthly coordination conference of all NGO's wef this month.

CONCLUSION

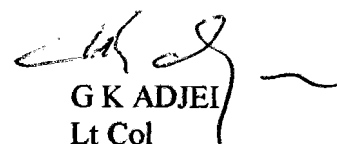

23. Your Excellency, within the last 20 mins I have outlined the current political, socio- economic issues within the sector to you. As the Eyes and Ears of UNAMIR, the Milobs are doing their best to get the necessary information from the remote areas. However some logistic problems hamper our effective and efficient operations.

24. These include:

- a. Lack of adequate vehicles
- b. Lack of good sheltered accommodation, especially at Nyagatare
- c. Ineffective Communication between the Sub-sectors

25. It is my fervent hope that with your visit, some of these problems will be solved for us. Once more we thank you most sincerely for your visit and would be glad to clear any doubts you might have. Thank you, Sir.

Col. Diarra,

The SRSG would like to visit Ruhengeri and the CIVPOL Training Facilities there. He would like you to accompany him. You should also liaise with the Tunbat in Ruhengeri to arrange for his visit of their Headquarters.

I would appreciate it if you would select an appropriate day next week and make arrangements for helicopter transport. He will be accompanied by his Bodyguard, myself and another political officer.

Thank you.

Dear General

I am most grateful for your support during the visit of Lieutenant General Sir Richard Swinburn KCB to the British Contingent last week. From my point of view, the visit was a complete success and General Swinburn has returned to the Joint Headquarters with a very positive impression of UNAMIR and my Contingent's place within it.

Before he left, General Swinburn reiterated the United Kingdom's position on the duration of the British Contingent's deployment in RWANDA. With this in mind, I have directed that all elements of my contingent should set in place arrangements to transfer functional responsibilities for their activities from 01 November 1994 with a view to being ready to redeploy to United Kingdom from 17 November 1994. Early planning of this will ensure that our departure does not leave a vacuum in any significant area of support to your Force.

Once again, thank you for hosting the visit and particularly for arranging supper with the Special Representative of the Secretary General at your residence.

OBJECT: VISIT OF UNICEF'S EXECUTIVE DIRECTOR

Dear Major:

To follow-up with our brief conversation this morning, I confirm that James P. Grant, UNICEF's Executive Director, will be visiting Rwanda between 9-12 September.

We would appreciate your personal support in helping us set up the following three aspects of his official mission: (1) a meeting with General Jean-Guy Tousignant, ^{OK} in the afternoon of 11 September; (2) a press conference, on 12 September - either as part of your daily media briefing or immediately after, at 1015; and (3) transportation by a UNAMIR helicopter between Kigali, Gikongoro and Cyangugu on 10 September, departing Kigali at 0830.

In addition to visiting Rwanda, Mr. Grant will be travelling to Goma and Bukavu, in Zaire, to visit other UNICEF assisted programmes. During his visit also, he will meet with Ambassador Khan, numerous representatives of the humanitarian agencies and Rwandan authorities including the President, the Vice-President and the Prime Minister.

1. This is principally a political visit and so Mr Desandre should take the lead. Please 2/ explain this to him in person and confirm that he is the action officer for the overall visit.
2. Please change FC's meeting with Mr Grant to either 0745 on 10 Sep, or, if that is not possible, on completion of the helicopter trip that day.
3. Please arrange the helicopter for that day, with microb escorts on the ground as necessary.
