From Price and Johnson:

Met Congressman Sheppard today. He showed alert interest CNRRA and UNRRA plans program in China including specifically Kweichow operation and good Army relations; discussed Congressional attitudes, stated much criticism of UNRRA was unjustified. He queried UNRRA attitude on outstanding domestic issue should problem arise in liberated areas. Our reply indicated: (1) UNRRA working through CNRRA Chinese Government Agency which is responsible for administration of program; (2) UNRRA resolutions stipulate distribution without discrimination because of race creed or political belief; (3) On specific policy issues this office would certainly consult headquarters which is in close contact with member Governments. He seemed satisfied, attitude friendly. Suggest contact Sheppard following return.
