May I have at the first of each month a list of all the children in the children's home with their birth dates and presumed nationality. I find that we do not have records for all of the children, although we should have established nationality in each case.

Attention: Captain Hornsby

From : UNRRA Relief Services, Central Headquarters

Subject : Children Sent From Leoben, Austria, to Bratislava, Czechoslovakia.
REF. W.5

In response to your request by telephone, may we report on the disposition of the children sent from Leoben to Bratislava insofar as we know it.

As you know, the transport left very late and the children did not arrive in Bratislava until one o'clock on the morning of July 3, 1946. There was some difficulty with the border guards who were annoyed at the late arrival and at first insisted that they would have to search through all the baggage, but later decided that a spot check would be sufficient and carried this through.

At the Students Hostel, 5 Ulica Mateja Bela, the people in charge had gone to bed. They had been told there would be 38 children overnight and had only 45 beds, but they quite willingly took over the whole 90 children since it was too late to transport them beyond Bratislava. They prepared warm food for the children and put them to bed. In the morning, Miss Anna Haskova of the Czech Child Welfare Bureau, took over the assignment of the children to the different homes to which they were to go (see appended list).

Although one mother arrived the next morning to claim her children, up to Monday the 8th of July the addresses of all of the children had not yet been given by the Ministry of Internal Affairs. However, it was known that some of the parents had already been sent to Germany and their children will be kept in the children's homes until the next transport goes to the place where the parents are now living. The other children will be taken as soon as possible by their relatives in Czechoslovakia.

One of our workers, Mrs. Bertha Duesberg, remained for two days in Bratislava. She visited two of the children's homes where the children were taken, St. Georgen and Dunaiska Streda. She reports that both homes were excellent and beautifully situated. She arranged with the Ministry of Social Affairs together with the National Bank for each child to change ten Austrian schillings into Czech currency. There seemed to be no reason for a worker to remain longer since the Czechoslovak Child Welfare Bureau is a responsible agency.

We trust this report is satisfactory.
