The major aim of the Chamber is to do all it can to improve and better the lives of African and American Youths, in terms of job creation, empowerment, entrepreneurship training and poverty eradication in the two continents. It is believed that the Chamber will do its best to achieve success, if the necessary funds are available. It is obvious that your organization has been doing a lot through the various governments in the world to better the conditions of the populace, but to be frank, government alone cannot do it.

It is on this background that the Chamber thought it expedient to come in to help governments to see that the society is bettered. In fact, the Chamber projected a total of USD2Billion US Dollars for effective execution of this project. It is proposed to set up a Chapter of the Chamber in each African country, in order to facilitate its operations.

✓ In the light the foregoing, the Chamber heartily wishes to specially invite you and your organization to this 3-Day epoch making event. The Jobs and Economic Summit along with the launching/inauguration comes up on Tuesday through Thursday August 19<sup>th</sup> – 21<sup>st</sup> 2014.

Yours faithfully,

Yours Sincerely,

US-AFRICA CHAMBERS OF COMMERCE  
INDUSTRY, MINES & AGRICULTURE INC (US-ACCIMA. INC)
