Medical supplies to Kindu

Mr. Amonee has just now returned from the air mission in the eastern region of the Congo. He has reported that there continues to exist a shortage of medical supplies at hospitals in Kindu. He will discuss with you the problems involved in sending supplies from Bukavu but in the meantime I would be most grateful if some arrangements could be made at the Ministry of Health to send a reasonable quantity of medical supplies directly to Kindu. I think we can make arrangements to have the supplies sent by UN planes, as soon as I hear from you that the packages are available for dispatch.
