MEMORANDUM

TO: MILOBS GP HQ

FROM: SECTOR 3 HQ

SUBJECT: ADMINISTRATIVE CONTROL OF CIVPOL IN SECTOR

DATE: 6 APR 95

1. This refers to your letter requesting clarification of working relationship with CIVPOL in our Sector.

2. To be candid, we have experienced a number of difficulties with our CIVPOL detachment over the past few months. We have not been able to rely on their being present when needed and there have been a number of periods when we have not been able to contact them for several days. Moreover, their attendance at daily meetings is sporadic, making it difficult to coordinate their activities with ours. On the other hand, once they accept a task, they produce very good results. The main difficulty with them is that they tend to act like loose cannons when left on their own. This weakens the operational effectiveness of the Sector.

3. The difficulty posed by placing CIVPOL under administrative control of the MILOBS Sect Cdr is that it does not seem to deal with the above problems. If the term "administrative control" implies disciplinary powers then we can anticipate conflict between administrative requirements and operational requirements unless we also have operational control. Would it not be simpler to place them under my command so that operational taskings and administrative requirements do not conflict?
