Subject: SRSB TPs on SE4ALL Sept2013 for DSG.doc

Dear Jan and Susana,

I would like to sincerely thank you for our meetings over the past two weeks. I found them extremely helpful. For ease of reference, I am enclosing the note that I shared with Jan. I look forward to your continued counsel and regular dialogue with you as we move forward.

Meanwhile, I would like to follow up on two specific things:

- ✓ 1. The next meeting of the SE4ALL Advisory Board will take place on the morning of 27 November, preceded by dinner on 26 November, both at UN HQs in New York. Through Bob's office, we've been informed that SG and WB President discussed their schedules and they would be available for the dinner and the morning session. I would appreciate it if we could receive confirmation of SG's availability. We are drafting the agenda, which we will share with you shortly.
- ✓ 2. To prepare for the Advisory Board meeting, I would like to seek an opportunity to brief the SG in early November, if possible, sometime between 1-6 November when I plan to be in NY. Around the same time, I would also like to make a presentation on SE4ALL to your teams as a follow up to my meeting with Jan.

We greatly appreciate your assistance with this request. Minoru is available for any follow up/clarifications.

All best

Kandeh

SRSB TPs on SE4ALL Sept2013 for DSG.doc

Briefing on SE4All by SRSG to DSG

- **Medium-Term Legal Personality:** Interim Hosting arrangement with UNOPS for 3 years which gives quality time to establish an appropriate hybrid- public-private institutional framework. Within this context, the Ex. Comm. will determine the terms for the appointment of the CEO of the Initiative accordingly [since the SRSG mandate expires in 8-9 months]. We intend to complete these activities by December 2013, end of this year.
- **Energy SDG:** We have gained significant momentum. Five calls for a dedicated SDG from HLP, UN-Energy, LDCs, SIDS, Africa Group and Friends of Energy. Our strategy is one goal with seven to eight targets.
- **Advisory Board:** We have a powerful Advisory Board with high-level representatives from various regions including Senator Kerry, EU Commissioner for Development and 5 European Ministers, Russia, Japan, Brazil, South Africa, plus CEOs and the Presidents of all of the multilateral development banks.
- **World Bank Energy Strategy:** President Kim of the World Bank has based his new energy strategy on SE4All.
- **World Water Week 2014:** Sweden has decided that World Water Week 2014 will be on Water Energy Nexus.
- **Launch of the Decade of SE4All (Special Events):**
 - January, New York -UN-Foundation Finance Summit on SE4All
 - February, Delhi - Sustainable Development Summit with Pachauri
 - April, Brussels -Possible event in EU Parliament
 - May, New York - ECOSOC Partnership Conference
 - June, New York - SE4All High level Partnership Forum on Commitments
 - September, New York - SG's High Level Summit on Climate Change, focus on energy efficiency
 - December, Lima, Peru - UNFCCC COP-2014: Side event to focus on energy efficiency in transportation and buildings
 - Regional meetings with Economic Commissions, Multilateral Banks and Energy Ministers.
- **Post-2015 and Climate Change Agendas:** Energy issues are at the heart of both the Post-2015/SDG and the Climate Change agendas. Given the above evidence of momentum, how can energy issues be embedded into SG's 3 year legislative agenda?
- **Quarterly Briefings:** I wish to request direct quarterly briefings on the progress of SE4All with the DSG and CdC.
