643 (Station Lists  
Assembly Centers)

24 MAR 1947

Miss E. Hope Harrower  
Remittance Division  
C A R E  
50 Broad Street  
New York 4, N.Y.

My dear Miss Harrower

In reply to your letter of 19th March, I am enclosing three Station Lists of UNRRA Assembly Centers in Germany, Austria and Italy. Please note that with the exception of the Italian list only UNRRA centers are listed. We do not have available data on the military centers in Austria or Germany.

I regret that we cannot undertake to place you on a mailing list for these station lists, since it has been our policy not to have such lists. Our reasons for this are that we never know when the lists will arrive, and as a matter of fact, we have had no new lists from Austria since last August, although we have several times requested them. Moreover these lists are restricted in quantity, and although we are perfectly happy to give your organization the information when it is available, we would not want the impression to get around that anyone can have these lists. However, any time you request such information we will be happy to forward it to you if it is available.

Sincerely yours,

Enclosures

New York, New York

29 MAY 1946

Dear Miss Tavis:

In accordance with our telephone conversation of today,  
I am sending you under separate cover

- (1) map of Germany showing UNRRA assembly centers  
and the four zones of occupation;
- (2) map of Italy showing regions and camps;
- (3) list of assembly centers and UNRRA Teams in the  
American, British and French Zones of Austria
- (4) list of assembly centers and UNRRA Teams in  
Germany.

Sincerely yours,

Molly Flynn  
Chief, Operations Branch  
Repatriation and Welfare Division

Lieut.-Colonel A. M. Meerloo  
c/o The Netherlands Information Bureau  
10 Rockefeller Plaza,  
New York 20, N. Y.

Dear Colonel Meerloo:

This will acknowledge your letter of 31 July addressed to Miss McGeachy, which I am answering as she has already departed for London.

I am certain that I am conveying Miss McGeachy's sentiments when I express our deep appreciation for your very thoughtful presentation of the question of handling people in Assembly Centers requiring psychological understanding. We are particularly glad to have a statement of this kind from a person who can speak with authority and from personal experience.

We are most grateful for the opportunity of seeing the material which you have lent us and which we shall certainly return to you when you are back in this country. I look forward to the opportunity of talking with you about some of these problems, and hope that you will also be able to discuss them with members of our staff here and, possibly, the Welfare Committee. I hope, therefore, that you will let me know upon your return from the Caribbean the time that would suit your convenience to come to our office in Washington.

Most sincerely yours,

(Miss) Gay B. Shepperson

12 JUN 1945

Mr. J. N. Byler  
Director of Relief  
Mennonite Central Committee  
Akron, Pennsylvania

Dear Mr. Byler:

Thank you very much for your letter of 29 May addressed to Mr. West regarding the activities of the Mennonite Central Committee.

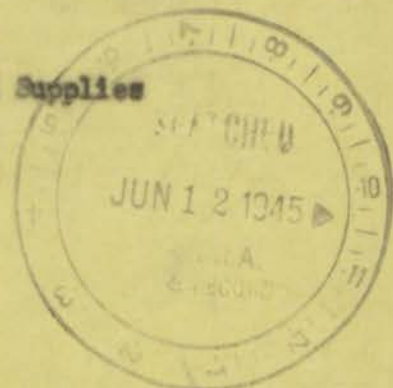

Inasmuch as your committee does not have access to livestock for relief purposes at this time we would invite your interest in another urgent need which has been cabled to us a few days ago from London. This need concerns the provision of assembly centers for displaced persons of which there is approximately two million. These displaced persons who have suffered the extremities of privation and brutality as prisoners and slave laborers in Germany are in dire need of almost every commodity. UNRRA in collaboration with and under the direction of SHARP is responsible for providing these facilities. We are requested to supply recreation, sports, and games equipment and children's clothing. Items in wide variety include footballs, table tennis sets, dominoes, etc., hand tools, musical instruments, toilet articles, needles, threads, cigarettes and tobacco, and clothing for children under 4 years old, have been specified.

If the Mennonite Central Committee can help us to provide this need, we will indeed be very grateful.

Very sincerely yours,

(Miss) Elaine N. Carr

Dan A. West, Chief  
Branch for Contributed Supplies  
Bureau of Supply  
UNRRA  
1344 Connecticut Avenue  
Washington 25, D. C.

Dear Mr. West:

I have before me your letter of May 22 addressed to Mr. Miller, in which you state that UNRRA is undertaking the shipment of live stock to Europe in the near future.

As far as our Mennonite Central Committee is concerned we do not have access to any live stock for relief purposes at this time. As you no doubt know, the M.C.C. is an agency through which the various Mennonite constituent groups contribute funds and materials for relief work. So far the contributions have not included live stock. Our contributions consist, in addition to funds, of new and used clothing, soaps, and a small amount of food. With our continuing clothing program and also a home canning for relief project which we expect to promote this summer we do not feel it advisable to undertake the promotion of a program including live stock for relief at this time,

Sincerely yours,

J. N. Byler

*X Refugee Centre*  
*2 643 - (Refugee Centre)*  
TRANSIENT CENTRES STAFF IN THE  
BALKAN MISSION

The following factors affect the determination of policy in respect of the formation of the Transient Centres Division and the appointment of its staff:

1. (a) AML's policy as to the establishment of refugee centres;  
(b) AML's division of relief responsibilities;  
(c) UNRRA's responsibilities as agents of AML in the military period;  
(d) UNRRA's longer term responsibilities in relation to the Governments of the territories.
2. AML's policy as to the establishment of refugee centres has changed emphasis. The fundamental principle to which AML is planning is that the establishment and control of refugee camps must be the responsibility of the sovereign government or whatever local authority is in control. The sole exception is in the case of a minority or alien group for which no other help except that which AML or UNRRA can provide is available.
3. AML will advise the local authorities concerned to establish refugee centres only as a last resort and then as a purely temporary measure for those awaiting return home or re-absorption into the national economy. AML assistance and UNRRA's assistance during the military phase is planned on the limited basis of technical advice and assistance in starting camp projects.
4. The AML relief organisation is under one Brigadier for relief and supplies, with three sub-divisions: supplies, medical and relief.

The Chief Relief Officer has responsibility for all non-medical relief operations, i.e. assistance in feeding, clothing, registering and controlling movements of refugees, etc.

5. During the military phase, so long as UNRRA is acting as an agent of the military, UNRRA, even if it would wish, cannot undertake any fuller responsibility for refugee camp operations.

It is strongly urged that UNRRA after the military phase should assume no more than the limited commitment by AML since all evidence that has been made available to us from experience in Italy and Middle East suggest the fundamental dangers of setting up and assuming responsibility for permanent or semi-permanent refugee camps.

6. In these circumstances, the Transient Centres Division is visualized as an advisory rather than an executive staff. On the Mission level, its functions would be to advise the Governments concerned on the basic organization of refugee camps, and the principles to be followed in moving and resettling refugee populations within the country. On the District level, it would provide advice to the local Government.

It is, of course, envisaged that certain district staff and field teams might be attached to assist in refugee camps under the control of national authorities. The district staff

*Balkan Mission - 140 - (Transient Centres Plan)*  
*/would*

would presumably act in their functional capacity, while the voluntary society personnel would be organized on a unit basis with their own leaders.

Camp Operations Division already has staff with valuable experience and adequate capacity to fill positions on the District or Mission level. It is therefore suggested that any personnel appointed to the Transient Centres Division from Washington should at this stage be absorbed into Camp Operations Division and assigned to Middle East camps. When the occasion arises, the necessary staff may then be detached from Camp Operations Division and would be chosen in the light of experience of their work in that Division. Meanwhile the Camp Operations Division should undertake the planning work, which will, of course, be on comparatively small scale, on behalf of the Transient Centres Division of the Balkan Mission.

It is understood that certain personnel have been appointed from Washington for Transient Centres work. It is suggested that these should proceed at once to take up posts in the Camp Operations Division.

The whole position of UNRRA camp staff and necessary reinforcements to relieve military personnel is being examined currently. As soon as this examination is complete, a suggested programme for recruitment to meet present needs and the needs for the Transient Centres Division of the Balkan Mission will be sent to Washington.

MEMORANDUM

TO: Thomas M. Cooley  
Displaced Persons  
Room 212

FROM: Elaine N. Carr

SUBJECT: Program for Displaced Persons Assembly Centers

Yesterday morning I attended a meeting in Mr. Borders' office regarding Cable 1196 from London outlining the program for the Displaced Persons Assembly Centers. Mr. Borders requested that the various voluntary war relief agencies in the United States and Canada be informed of the need for many supplies. Before such a presentation is made I would like to have the following information:

How Many DP's are there?  
What areas concentrated?  
What are the nationality breakdowns?  
What are the age-group breakdowns?

I would be grateful for a few moments of your time so that I may get your advice on the presentation of this problem to interested agencies and individuals.

MEMORANDUM FOR: A. H. Feller

FROM: Thomas M. Cooley, II

RE: War Refugee Board Proposal that UNRRA make available supplies to I.R.C. to feed refugees evacuated from Germany while in transit through Switzerland.

The attached letter from General O'Dwyer is all I have on this.

Does this cable adequately summarize your conversation?

TM Cooley/vgk

EXECUTIVE OFFICE OF THE PRESIDENT  
WAR REFUGEE BOARD  
WASHINGTON 25, D. C.

Office of the  
Executive Director

March 15, 1945

Dear Mr. Feller:

I wish at this time to express to UNRRA the appreciation of the War Refugee Board for agreeing, as you stated to me on the telephone yesterday, to make food supplies available, at the request of the War Refugee Board, to the International Red Cross for the maintenance in Switzerland of refugees evacuated from Germany and who are in transit to UNRRA-controlled camps.

A representative of the War Refugee Board is about to leave for Switzerland where he will discuss this matter with the Board's representative in Switzerland, Roswell D. McClelland. The Board will advise UNRRA as to the types and quantities of food needed after detailed advice has been received from Switzerland.

Very truly yours,

William O'Dwyer  
Executive Director.

Mr. A. H. Feller  
General Counsel  
UNRRA  
Washington, D. C.

# 13901

C O P Y

12 March 1945

TO: A. H. Feller

FROM: Fred K. Hoehler

I have seen the letter from General O'Dwyer dated 15 March. Mr. Cooley has recommended to the Director General that UNRRA should have a full-time representative in Switzerland during the period when there will be evacuations of certain refugees from that country. I concur in this recommendation, and have suggested to Mr. Cooley that he pick one of two or three persons whom we have discussed.

Our representative in Switzerland would enable UNRRA to keep in close touch with the movements from that country, and would put us in a position to know more definitely what plans we should make for reception of persons who will be going to one of the UNRRA camps. There are, of course, a number of other functions which this person could perform.

CROSS REFERENCE SHEET

DATE: 8 March 1945

CROSS INDEX NO: 643

TO:

FROM: London, No. 437 dated 8 Mar 45

FILED: ERO - 140

SUMMARY: Incoming telegram - Administrative order on reorganization of Displaced Persons Division completed and forwarded to Secretariat. Information on Assembly Centre teams.

ATTACHMENTS:

643

6 January 1944

TO: Geo. S. Mason  
FROM: W. H. Stauffer  
SUBJECT: Equipment for UNRRA Assembly Center Teams

Pursuant to your request of yesterday I am sending you herewith copy of a SHAEF document dealing with personnel and equipment for UNRRA Assembly Center Teams. The equipment is listed under Item 7.

I am not advised as to what steps have been taken by ERO with respect to procurement of these items and I assume that you will make appropriate check and confer with regard thereto.

I would call also to your attention an apparent error in Item 4. Whereas the total number of teams is indicated at 200 (and this is supported also by references elsewhere in communications from Hoehler), this schedule of teams by dates and numbers adds up to 225. I believe the 200 is correct and that an error was made somewhere in the distribution.
