nos bienfaiteurs de nous faire parvenir des fonds.

Nous tenons à vous exprimer notre gratitude pour tout ce travail.
Nos enfants ont été très heureux d'être en contact avec le monde extérieur,
chose rare pour eux, mais qui est indispensable pour leur épanouissement.
Nos portes sont largement ouvertes à tout le monde qui peut apporter
un brin d'espoir à nos enfants. Soyez les bienvenus pendant vos heures
creuses.

Veuillez agréer, Monsieur le Représentant, l'expression de mes
sentiments respectueux.

Son Excellence Monsieur Shaharyar KHAN
Représentant Spécial du Secrétaire
Général des Nations Unies au Rwanda
KIGALI.

Objet: Votre assistance
en transport.

Excellence Monsieur le Représentant Spécial,

Ces derniers temps, le Ministère de
l'Information n'a cessé de bénéficier de l'assistance matérielle de la MINUAR
particulièrement dans le domaine du transport. A titre exemplatif, je citerais
l'indéfectible assistance qu'elle nous a accordée en dates du 19/7/1995 au
27/8/1995 dans le cadre du séminaire des journalistes de la Radio. Je tiens à
vous exprimer mes sentiments de vive gratitude.

Il sied de souligner également que nous
attendons son appui en matière de transport, cette fois-ci dans le cadre du
séminaire des journalistes de la Presse Ecrite, qui se déroulera à KABUSUNZU
à partir du 18/9/1995 jusqu'au 18/10/1995. Nous comptons sur votre compréhension
et sur votre générosité pour assurer le transport quotidien de 30 participants
et de leurs encadreurs de la ville à KABUSUNZU.

Dans l'attente de la suite que vous
voudrez bien réserver à cette requête, je vous prie d'agréer, Monsieur le
Représentant Spécial, l'assurance de ma haute considération.

MINUTES OF UHAAG MEETING OF WEDNESDAY 30 OCTOBER 95

HELD AT 0930 HRS IN UNAMIR CONFERENCE ROOM

PRESENT :	Lt Col T J Fox	Chairman
	Maj T Pitre	FHQ Ops
	Maj S Agarwal	FEO
	Maj von Bulow	FMO
	Maj S K Prasad	Secretary

ITEM I - INTRODUCTION

1. The Chairman welcomed all participants and opened the meeting at 0935 hrs.

ITEM II - MINUTES OF LAST MEETING

2. The Secretary read out the minutes of the last meeting.

Reçu le 1 NOV. 1995

ITEM III - POINTS FROM LAST MEETING

3. **Dozer Tasks**. The FEO informed that a dozer was being moved from Kibuye to Gikongoro canal site as one low-bed trailer had been hired by the Administration. Another dozer would be moved out from Byumba to Butare subsequently.

4. **Bailey Bridge at Gashora**. The FEO informed that transportation of bridging material from Kigali to Gashora was continuing with Force Engineer Company transport.

5. **Security Fencing at Butare Rehabilitation School**. The FEO informed that security fencing of the complete school area is not possible with the resources available. Provision of a simple barbed wire fence will in any case not be very effective. Also, the funds presently available for the School can not cater for construction of a security wall or fencing.

6. **Orphanage Tents at Nemba, Ruhengeri**. The FEO informed that he had visited the orphanage and that the Nigerian Company will be able to undertake the task of dismantling and reerection of the two tents there. In case of requirement of technical advice/assistance the Force Engineer Company will provide that.

Action - FEO / NICOY

ITEM IV - REQUESTS DEALT WITH BY HAC

7. **Transportation Requests**. Following transportation requests accepted by H A C were forwarded to DCOS OPS :-

- (a) Transportation of iron sheets from Kigali to Mukarange, Kibungo (CARITAS).
- (b) Transportation of electric transformers from Kigali to SAVE School, Butare (Sector 3B).

Action - G3 OPS

8. **Electric Repairs at Rusatira, Butare**. A request was received from Rusatira commune, through Sector 3B, for electrical repairs at the commune office. The request is being undertaken by the Force Engineers.

Action - FEO

9. **Medical Support to Health Centers**. A request was received from Sector 2A for medical support to health centers at Gituza and Mulindi. The request has been directed to MDM for necessary assistance.

10. **Support to Orphanages**. H A C has approached a Spanish NGO BEHAR BIDASOA for support to orphanages. The NGO has agreed to provide plastic plates, mugs and cutlery items. A consolidated requirement from the orphanages will be forwarded to the NGO for assistance.

ITEM V - REQUESTS CONSIDERED BY UHAAG

11. **Transportation Request for Conveyance of Seeds**. W F P had requested for urgent transport support to move seeds from their warehouse to communes in Kigali prefecture as the sowing season is getting past. The request was for moving 65 tons of seeds. The Group agreed to provide transport as an one time measure and to a limited extent of transporting upto 20 tons.

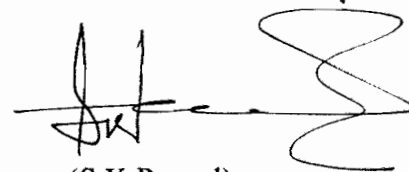

Action - G3 OPS

12. **Repair of Bridge at Nyamutera**. A request was received from Ruhengeri prefecture for urgent repairs to the bridge at Nyamutera on the road Gitarama - Ruhengeri. FEO informed that a recce had already been carried out and a report including list of stores required had been submitted. Repairs could be undertaken only once MINITRAPE or some other agency was able to provide the required stores.

13. **Provision of Televisions/VCRs for HRFOR**. HRFOR had requested for ten televisions and VCRs for its ten field offices in Rwanda for educational purposes and information campaigns. As UNAMIR does not presently hold such surplus stores the request was not accepted.

ITEM VI - CONCLUSION

14. The meeting concluded at 1010 hrs.

ITEM I - INTRODUCTION

1. The Chairman welcomed all participants and opened the meeting at 0935 hrs.

ITEM II - MINUTES OF LAST MEETING

2. The Secretary read out the minutes of the last meeting

Reçu le 10 NOV. 1995

ITEM III - POINTS FROM LAST MEETING

3. **Butare Rehabilitation School**. The FEO informed that restoration of the water and electricity system at the school was almost complete. He will soon be submitting a report on the project with recommendations. The present tasks would be completed within a week. Subsequently, replacement of window panes and painting of the buildings could be given out on contract.

4. **Canal at Gikongoro**. The FEO informed that the dozer working at Gikongoro had got bogged down due to water seepage at the site. However, it has now been extracted with another dozer and now both dozer are working there alongwith the excavator. The task is likely to be completed within the next ten days.

5. **Kanombe Military Hospital**. The FEO informed that the task of digging pits for latrines at the Military Hospital had been completed.

6. **Bailey Bridge at Gashora**. The FEO informed that transportation of bridging material from Kigali to Gashora had been completed. However, the task of removing the old damaged bridge is yet to be completed by MINITRAPE.

7. **Repair of Zindiro - Karama Track**. The FEO informed that recce had been completed on the track. The dozer task of seven days will be undertaken immediately on return of the dozer from Gikongoro

ITEM IV - REQUESTS DEALT WITH BY HAC

8. **Transportation Requests**. Following transportation requests accepted by H A C were forwarded to DCOS OPS, and have since been completed :-

- (a) Transportation of food items from Kigali to Mushubati, Gitarama.
- (b) Transportation of fuel wood for Cyeza Orphanage.

9. **Vaccination of Children at Nyabisindu, Byumba**. A request was received from a school at Nyabisindu for vaccination of 1300 children against meningitis. The FMO informed that the vaccine in such large quantities was not available with UNAMIR. Mr Dao informed that a list of medicinal requirements had been given by WHO and if the vaccine against meningitis was not included in that list, he would approach the WHO representative to explore the possibility of obtaining the vaccine for Nyabisindu

10. **Support to Orphanages, Health Centres**. A number of requests had been received for support to orphanages and health centres in form of food, medicines, mattresses etc. H A C has approached UN organisations and NGOs for providing the assistance.

ITEM V - REQUESTS CONSIDERED BY UHAAG

11. **Transportation Request for Conveyance of Seeds and Fertilisers**. A local agricultural organisation SOPRORIZ has requested for transportation of 35 tons of rice seeds from Bugarama (Cyangugu) to Kigali and 135 tons of fertilisers and pesticides from Kigali to the communes. The meeting decided that such large requirements of transportation will not be undertaken. However, 35 tons of rice seeds could be transported from Bugarama to Kigali and, if possible, about 10 tons of fertilisers could be transported.

Action - G3 OPS

12. **Provision of Dumpers**. Two requests were received for provision of dumpers. These were for Nkamira Transit Camp and Kabuga Development Centre. Both requests for two dumpers were for five days each. The FEO said that due to shortage of dumpers and heavy demand for them, their deployment should be restricted. These two tasks would be undertaken starting this week.

Action - FEO

13 **Repair of Commune Buildings**. Bougemestre of Rukondo commune (Gikongoro) has requested for repairs of the commune buildings previously occupied by UNAMIR contingents. The meeting decided that as it was normal procedural matter the request be forwarded to CAO for necessary action.

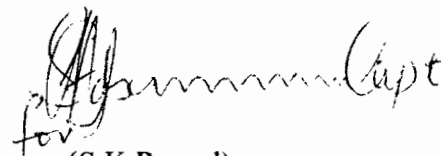

Action - STO

ITEM VI - MISCELLANEOUS POINTS

14. **Requests for Donation of Vehicles and Generators**. The Secretary brought up the point of requests for donations/loan of vehicles and generators to various organisations. The requesting organisations had been earlier informed that their requests will be considered in November. The Chairman said that due to lack of a list of the items available, the requests can not be dealt with. Mr Dao informed that SRSG may like to attend the next meeting and the list could be considered in the meeting, if available.

APOLOGIES :	Maj Von Bulow	FMO
ABSENT :	Maj T Pitre	FHQ Ops

ITEM I - INTRODUCTION

1. The SRSG thanked all members of UHAAG for a job well done so far. He said, he was present at the meeting to show his appreciation and encourage the group to work harder.
2. The Chairman who was highly appreciative of the SRSG's presence at the meeting welcomed all participants and opened the meeting at 1505 hrs.

ITEM II - MINUTES OF LAST MEETING

3. The Secretary read out the minutes of the last meeting.

ITEM III - POINTS FROM LAST MEETING

4. **Butare Rehabilitation School**. The FEO informed that the restoration of the water and electricity at the school was already completed. He was considering white-washing the walls to make them appear neater. He also mentioned that about \$80,000.00 US tied to the project has not been completely expended so there are still some minor areas where the amount could be utilized.
5. **Canal at Gikongoro**. The FEO told the meeting that the machines working at the canal were withdrawn since 08 Nov 95 due to problems they were encountering as a result of the soil texture.
6. **Repair of Zindiro - Karama Track**. The FEO informed that the job has been completed.

ITEM IV - REQUESTS DEALT WITH BY HAC

7. **Transportation Requests**. The following transportation requests accepted by H A C were forwarded to DCOS OPS:
 - (a) Transportation of sand for ARDEC in Runda commune.
 - (b) Conveyance of 100 desks and benches from Nyamubuye commune to Musubati commune.
 - (c) Transportation of 17 tons of food from Kigali to Rubango in Tambuhe commune for "Barakabaho Foundation".
 - (d) Transportation of 20 tons of food items from Nyagatare (Byumba) to Butare for National University of Rwanda.
8. **Support to Orphanages, Health Centres**. A number of requests for blankets for orphanages were received during the week and 1000 blankets were provided by Austrian Relief Programme (ARP). HAC distributed 500 blankets through NICOY, 250 through MILOBS Sector 4, Cyangugu and 250 through MILOBS Sector 5C, Kibuye. Other requests for food items for orphanages were directed to HACU, UNICEF and CARITAS.

ITEM V - REQUESTS CONSIDERED BY UHAAG

9. **Request for Donation/Loan of Vehicles and Generators**. The requests for donation/loan of vehicles and generators were considered. The SRSg informed the group that due to the paucity of these items now and considering the fact that all UNAMIR resources are currently in use such requests should be deferred indefinitely.

until further notice,

10. Transportation Requests

(a) Transportation of various food items for orphans at Nyagatare in Byumba prefecture was considered but more details would be needed from the requesting authority on records tonnage of food items. The issue will be reconsidered in next UHAAG meeting.

(b) NGO "INTERSOS" request to transport 3,700kg of medicines and small surgery elements from Kigali to Gitarama and Butare was considered and approved.

(c) Transportation of [?]Vetinary Officers from FAO and MINAGRI from Nyagatare to different vaccination centres for 10 days was considered but rejected since UNAMIR is not the appropriate authority to provide such assistance.

(e) Recovery truck to tow a broken-down semi-trailer from Ruhengeri to Kigali could not be ~~approved~~ ^{considered} since ^{it was not clear whether} the semi-trailer in question was not for any Organisation that is into humanitarian job. ^{Secretary was request to supply for details,}

(f) Transportation of Health Personnel for National Aids Programme to various health centres in Rwanda on 01 Dec 95 was considered and a ~~minimal~~ ^{minimum} assistance was approved.

Action - G3 OPS

11. Engineering Requests

(a) Assistance on land-grading for Church Pastor's housing project was considered and approved.

(b) Improving the road to the water pump house in Rwamagana was considered and approved.

Action - FEO

12. Repair of Commune Buildings. The request by Ruhundo commune Bourgmestre (Gikongoro) for UNAMIR to repair commune buildings previously occupied by UNAMIR Contingents was considered but the issue referred to the CAO under whose schedule of duty it falls.

Action - STO

ITEM VI - SRSG's REQUEST

13. His Excellency, the SRSG informed the group that an Embassy has a certain amount of ~~money~~ ^{funds} that can be expended on behalf of UNAMIR not later than 15 Dec 95. Based on this, he wants UHAAG to come up with a comprehensive list of ~~items needed and their monetary values~~ ^{Small projects on} as soon as possible. ^{submit them to Mr. Bao for urgent funding under the funds that can be expended on various humanitarian projects, through to not later than 15 Dec, 1995.}

14. He also wants a more aggressive media coverage of UNAMIR activities especially in the humanitarian field. Due to this, he would want the group to make more use of radio UNAMIR possibly on a daily basis.

to inform the general public and the authorities about the extent of UNAMIR's Humanitarian Assist. activities.

ITEM VII - MISCELLANEOUS POINTS

15. **Sucker Trucks.** Mr Dao wanted to know the latest about the job done by the sucker trucks. He was told that a telephone call informed HAC that only the SOS Village in Kigali was worked on before the truck broke down. The time limit for the ~~repairs of the trucks was not known since spare parts are not immediately available.~~

completion of this work is most uncertain, referred to the C.I.S.S.

Subject : DIGGING OF CANAL AT GIKONGORO

1. Refer FEO letter No 30001.1(FEO)/OPS/-1 dated 21 Sep 95.
2. One excavator cum digger and two dozers have been working in Gikongoro for digging of canal. Initially the request was for digging the existing canal (desilting) which was being done by the dozer and excavator. But due to the soft soil and water in the canal dozer could not work and got stuck in the canal. Later the agriculture department modified the requirement and requested for digging a fresh canal. This was also attempted by our detachment for few days but the area is marshy and water logged. Soil is also soft and caves in frequently.
3. Site conditions are such that mechanical means for digging cannot be used in this area and perforce it has to be done manually. Since no useful purpose is being served by keeping the dozer detachment who have been out since 01 Oct 95, dozers and excavator cum digger is being called back.

MINUTES OF UHAAG MEETING OF WEDNESDAY 04 OCTOBER 95

HELD AT 1500 HRS IN UNAMIR CONFERENCE ROOM

PRESENT : Lt Col T J Fox -- Chairman
Mr J Lombardo -- CAO Rep
Maj von Bulow -- FMO
Capt D Singh -- FEO
Maj S K Prasad -- Secretary

ITEM I - INTRODUCTION

1. The Chairman welcomed all participants and opened the meeting at 1505 hrs.

ITEM II - MINUTES OF LAST MEETING

2. The Secretary read out the minutes of the last meeting.

ITEM III - POINTS FROM LAST MEETING

3. **Repair of Water Pump at Butare.** The FEO informed that repair of the water pump at Butare is still not completed and will be undertaken by the workshop technician as soon as possible.

Action - Force Engineer Company

4. **Repair of Generator at Kibuye Hospital.** The CAO rep informed that the generator could be repaired by the Generator Repair Unit if it was transported to Kigali. The Secretary said that transportation will be difficult and can be done only with a ten ton truck and if a crane is made available to lift the generator. The CAO rep assured that he will try to send a technician to Kibuye for the purpose, although availability of generator technician is very limited due to UNAMIR tasks.

Action - STO

5. **Approach Road for Byumba Transit Centre.** The FEO informed that the task of making the approach road for the Transit Centre at Byumba had been completed.

6. **Rearrangement of Containers.** The Chairman informed that the fork lift for rearrangement of containers at Nkamira Transit Camp was likely to be doing the task on 04 or 05 Oct.

Action - CLOGO

7. **Sucker Truck for Demobilised Children School.** The CAO rep informed that the second UNAMIR sucker truck was now serviceable. He said that the Brown & Root drivers had volunteered to work on Sundays and therefore the sucker truck could be made available on a limited basis. He asked for a list of priority requirements of the sucker truck for their tasking. The Chairman expressed his appreciation and said that a list of such requests will be sent to him.

Action - Force Engineer Company

11. **Reactivation of Electricity Supply in Kibali Orphanage.** The CAO rep informed that a technician had visited the orphanage and submitted a report. The task involved is much greater than what was projected. The work involved changing of almost all electrical fixtures costing about US\$2000, and also power connection to the Electrogaz supply costing about US\$1000. The Chairman asked the CAO rep for the list of items required and the costings, so that he could try to arrange for the resources.

I can find in many

12. **Biogas tanks in Kigali Orphanage.** The FEO informed that details of items required for the task had been submitted. The Secretary suggested that some items like timber and CGI sheets could be made available by the CBMS. The CAO rep said that he will check up on it and inform HAC.

Action - STO

ITEM IV - REQUESTS DEALT WITH BY HAC

13. **Transportation Requests.** The following transportation requests were forwarded to DCOS OPS for assistance :-

- (a) Food (22 tons) from Gitarama to Kayenzi commune for WFP.
- (b) Aid items (5 tons) from Kigali to Byumba for Sisters of the Holy Spirit.
- (c) Fertilisers (55 tons) from Kigali to Gitarama for Prefecture Office.
- (d) Gravel (10 tons) for Byumba Transit Centre for NGO GOAL.

Action - G3 OPS

14. **Dismantling of Orphanage Tents.** A request received from Sector 5A for dismantling of two big Canadian tents at Nemba Orphanage was sent to DCOS OPS for action by Engineers. The FEO informed that an engineer rep will be going to look at the problem. The FMO said that if these were Canadian tents then dismantling them should not be difficult and he will try to organise it through CMSSG.

Action - FMO / FEO

15. **Repair of Track in Gitarama.** A request for repair of track Mabanza-Nyarusange in Gitarama Prefecture was sent to FEO. The FEO informed that a reccee was being carried out and the task will be undertaken subsequently.

Action - FEO

ITEM V - REQUESTS CONSIDERED BY UHAAG

16. **Repair of X-ray Machine and Generator in Muranda Hospital.** The Xray machine and generator at Muranda Hospital in Kibuye require repairs. The FMO informed that UNAMIR does not have any medical technicians and so can not undertake repairs of the X-ray machine. The CAO rep said that the technician going for generator at Kibuye Hospital ,may be able to check up on this generator also.

Action - STO

17. **Provision of Generator and Electrical Repairs in Urumuli Orphanage.** Sector 2A has requested for a 15 - 25 KVA generator and electrical repairs at Urumuli Orphanage in Kibali Commune, Byumba, as the same had been agreed to during the Force Commander's visit. The CAO rep said that he will check up on the request and the assistance that could be provided.

Action - STO

18. **Land Levelling for Play Grounds.** A request was received from Sector 3B for levelling of land for play grounds for schools in Nyabisindu and Shyanda communes in Butare. The FEO informed that the task could be undertaken by dozers when returning from Gikongoro. He however projected the problem of trailers for moving the dozers as the present contract of UNAMIR for these had expired. The CAO rep informed that alternate means were being worked out.

Action - STO / FEO

19. **Repair of Bridges in Butare.** Request for repair of three log bridges in Butare prefecture had been received from Sector 3B. The FEO informed that a reccee will be carried out and, if possible, repairs will be undertaken.

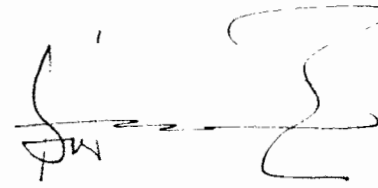

Action - FEO

20. **Donation/Loan of Light Vehicles to UNHCR.** The CAO rep put up a request from UNHCR for donation / loaning of 44 light vehicles, for escort duties and field operations, for the forthcoming repatriation exercise. The CAO rep informed that presently UNAMIR does not hold any surplus vehicles. The meeting decided that such requests could not be met, in the present situation.

21. **Provision of Medicines to Communes.** A number of requests have been received from communes for provision of medicines, especially common requirements as Chloroquine etc. The FMO informed that at present the stocks with UNAMIR are just sufficient for UNAMIR requirements and no medicines can be donated. However, humanitarian assistance was being provided by the Regimental Aid Posts of the battalion/companies.

ITEM VI - CONCLUSION

22. The meeting concluded at 1550 hrs.

ITEM II - MINUTES OF LAST MEETING

2. The Secretary read out the minutes of the last meeting.

Reçu le 27 OCT. 1995

ITEM III - POINTS FROM LAST MEETING

3. **Engineering Support**. The FEO informed that the dozers have not been moved to new task sites including Gikongoro canal due to non-availability of trailers. The Chairman and the SRSG rep expressed their concern as number of urgent humanitarian assistance tasks were getting delayed while the engineer detachments were lying idle in remote locations. The FEO informed that as per his information the trailers were likely to get hired within the week. The Chairman expressed his hope that the trailers become available at the earliest as it was already nearing a month since the contract had expired and work had come to a standstill.

Action - STO

4. **Dumper Trucks for Transportation of Laterite**. The FEO informed that Force Engineer Company had completed the task of transportation of laterite for Kabuga Development Centre.

5. **Blankets for Orphanages in Gitarama Prefecture**. The Secretary informed that 858 blankets had been collected from Austrian Relief Programme and distributed to the orphanages in Gitarama.

6. **Reconstruction of Bailey Bridge at Gashora**. The FEO informed that transportation of bridging material from Kigali to Gashora had been started. The launching of the bailey bridge will be undertaken after the completion of dozer work by MINITRAPE. They are likely to complete the dozing within this fortnight.

ITEM IV - REQUESTS DEALT WITH BY HAC

7. **Transportation Requests**. Following transportation requests accepted by H A C were forwarded to DCOS OPS :-

- (a) Transportation of government rations (8 tons) from Kigali to Butare (Sector 3B).
- (b) Transportation of potato seeds (15 tons) and beans (10 tons) from Kigali to Rutare and Giti respectively.
- (c) Transportation of office equipment for Kibuye prefecture office from Kigali to Kibuye.

Action - G3 OPS

8. **Medical Support to Prisoners**. The Secretary informed that consequent to Civpol report on poor medical conditions in Makango commune cachot in Gitarama prefecture and request of local RPA commander, ICRC had been approached for providing medical assistance.

9. **Provision of Diesel for Generator at Ministry of Rehabilitation**. The Secretary informed that request for provision of diesel for generator at Ministry of Rehabilitation had been forwarded to DCOS SP. The Administration had agreed to provide the fuel and had asked the Ministry for further details.

ITEM V - REQUESTS CONSIDERED BY UHAAG

10. **Provision of Septic Truck and Pit latrines at Kanombe Military Hospital**. A request was received from the Kanombe Military Hospital authorities for provision of septic truck for a day and digging of pit latrines. The request was accepted by the Group. The septic truck will be provided after the pending requests have been cleared. Digging of pit latrines will be undertaken by the Force Engineers.

Action - STO / FEO

11. **Grader and Dump Trucks for Kibungo**. A request was received from Department of Roads and Bridges for provision of a grader for road repairs and dump trucks for haulage of gravel in Kibungo. The FEO informed that these equipment were not available at present due to the ongoing task at Gashora bridge and the pending tasks.

12. **Pit latrines at Primary School in Kigali**. A request was received from a primary school in Kigali for digging of pit latrines. The request was accepted in case the school was capable of undertaking construction of the latrines once the pits had been dug. The task will be done by the Force Engineer Company after ascertaining the requirements and financial capabilities of the school.

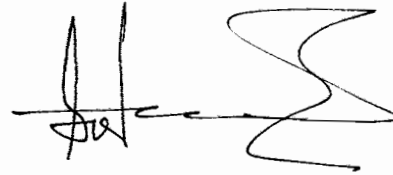

Action - FEO

13. **Security Fencing at Butare Rehabilitation School.** A request had been received from the School authorities, through MILOBS Sector 3B, for construction of a security fencing at Butare School. The Group decided that the matter could be decided after exact requirements had been assessed by the Force Engineers and MILOBS, in consultation with the school authorities, and subject to the cost being reasonable.

Ambassador Shaharyar Khan
Special Representative of the
Secretary-General
UNAMIR Kigali

Dear Ambassador Khan,

Enclosed, please find revised draft proposal for the workshop that we had discussed, *The Peacekeepers and the Humanitarian Community: Lessons from Rwanda*.

If you continue to feel that the idea has some merit, may I ask if we could appoint designated focal points from our respective offices viz, Office of the SRSG, UNAMIR Military, UNREO, to review the proposal, and finalise a draft to be presented to our colleagues for their consideration.

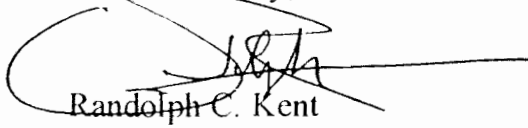

There are a few issues that you may also wish to consider in this regard. For example, the event might be of interest to DPKO and DHA at headquarters level; and, of course, one will need to find money to cover the anticipated costs.

Also, if acceptable to you, one might also have a couple of people to serve as a secretariat to pull the workshop together.

I look forward to your reactions. In the meantime, thank you for taking the time once again to consider this proposal.

With best regards,

Yours sincerely,

Randolph C. Kent

THE PEACEKEEPERS AND THE HUMANITARIAN
COMMUNITY: A WORKSHOP PROPOSAL
27-28 October 1995

UN peacekeepers and the humanitarian community find themselves increasingly embroiled in complex emergencies in many parts of the world. More and more the mandates and responsibilities of each have become inter-related; and more and more, each has become dependent upon the other. Peacekeepers are frequently asked to support the relief and recovery activities of the humanitarian community, and the humanitarian community is regarded as an essential component for creating conditions for peace.

Yet, while the inter-relationship and mutual dependence between the two continues to grow, there are inevitably tensions that arise over the processes and procedures of an essentially military world and those of the far more amorphous and loosely structured humanitarian community.

In the context of Rwanda, the relations between the peacekeepers and the humanitarian community have in many respects proved to be a model. Difficulties and misunderstandings arose in the course of approximately sixteen months of collaboration, but at the same time much had been achieved together. It is important to capture the weaknesses as well as the strengths of this collaborative relationship, and to ensure that the lessons learned from the Rwanda experience are available to the international community for the future.

A Workshop on Lessons-Learned

It is important to encapsulate the lessons that have been learned from the experiences of almost sixteen months of close inter-action between the peacekeeping forces of the United Nations Advisory Mission in Rwanda [UNAMIR] and the UN agencies and non-governmental organisations that have been at the forefront of providing humanitarian assistance within Rwanda. The results of the workshop should form the basis of a document presented to the United Nations, entitled *The Peacekeepers and the Humanitarian Community: Lessons Learned from Rwanda*.

Proposed Workshop Format and Agenda

The workshop, to last for one and one-half days, will be divided into a set of plenary and small group sessions covering the following topics:

- * Review of UNAMIR-UN-NGO Activities
- * Coordination arrangements
- * The Capacity and Use of Military Assets for Humanitarian Activities
- * The Humanitarian Mandate and the Responsibility of the Peacekeepers

Each plenary and small group session will be based initially upon a short briefing note intended to guide the discussions. The tentative agenda attached seeks to bring out lessons-learned by reviewing past patterns of activities and focussing upon specific issues where valuable insights might be gained.

Responsibility for each of the proposed workshop papers will be divided between UNAMIR and UN agencies. It is assumed that each paper will not exceed four pages.

Workshop Participants

The workshop has been designed for senior management in UNAMIR and the UN agencies as well as for representatives of the NGO community. The SRSG, the Force Commander and the UNHC may at the same time wish to consider inviting representatives from DHA and DPKO New York. Excluding any participants from headquarters, the workshop has been designed for twenty-four participants:

10 Senior UN agency representatives

10 UNAMIR representatives

4 NGO representatives

Workshop Budget

The preliminary budget for the workshop is based upon costs for an overnight stay in a hotel outside Kigali, including accommodation, meals, meeting rooms and documentation, is US\$ 3100.

Tentative Agenda for 7-8 September 1995 Workshop

Day One:

Subject : PROVISION OF VEHICLES FOR SECONDARY SCHOOLS

Reference : Ministry of Planning letter No 513 / 95 / 14.02 dated 05 Sep 1995

1. The request for giving four to five trucks, of capacity 5-10 tons each, for transporting food items for secondary schools, can not be met by the UNAMIR, due to lack of resources. However, in case there are some specific emergency requirements of transporting these items, UNAMIR may be able to assist on case by case basis.
2. You are requested to provide the following information, in advance, to plan provision of transport, if available :-
 - (a) Quantity of food items to be transported.
 - (b) Starting location and destination of the transportation.
 - (c) Dates on which transportation required.
 - (d) Office / person to be contacted for additional information.

FILE: WFP/RWA/LOGS/04.**SUBJECT: REQUEST FOR COMBAT RATIONS.**

We would be grateful if UNAMIR could allocate/donate additional Combat rations to WFP for distribution at the returnees entry point of Gisenyi. This will greatly assist WFP in alleviating the situation in terms of providing immediate remedy to emergency cases.

WFP would at least need 200 cartons of Combat rations positioned at our Gisenyi warehouse as soon as possible. We would appreciate if UNAMIR could also arrange transportation of the same to our Gisenyi warehouse.

Thank you for your cooperation and assistance in the above matter.

With best regards.

MINUTES OF UHAAG MEETING OF WEDNESDAY 04 OCTOBER 95
HELD AT 1500 HRS IN UNAMIR CONFERENCE ROOM

PRESENT : Lt Col T J Fox -- Chairman
Mr J Lombardo -- CAO Rep
Maj von Bulow -- FMO
Capt D Singh -- FEO
Maj S K Prasad -- Secretary

ITEM I - INTRODUCTION

1. The Chairman welcomed all participants and opened the meeting at 1505 hrs.

ITEM II - MINUTES OF LAST MEETING

2. The Secretary read out the minutes of the last meeting.

ITEM III - POINTS FROM LAST MEETING

3. **Repair of Water Pump at Butare.** The FEO informed that repair of the water pump at Butare is still not completed and will be undertaken by the workshop technician as soon as possible.

Action - Force Engineer Company

4. **Repair of Generator at Kibuye Hospital.** The CAO rep informed that the generator could be repaired by the Generator Repair Unit if it was transported to Kigali. The Secretary said that transportation will be difficult and can be done only with a ten ton truck and if a crane is made available to lift the generator. The CAO rep assured that he will try to send a technician to Kibuye for the purpose, although availability of generator technician is very limited due to UNAMIR tasks.

Action - STO

5. **Approach Road for Byumba Transit Centre.** The FEO informed that the task of making the approach road for the Transit Centre at Byumba had been completed.

6. **Rearrangement of Containers.** The Chairman informed that the fork lift for rearrangement of containers at Nkamira Transit Camp was likely to be doing the task on 04 or 05 Oct.

Action - CLOGO

7. **Sucker Truck for Demobilised Children School.** The CAO rep informed that the second UNAMIR sucker truck was now serviceable. He said that the Brown & Root drivers had volunteered to work on Sundays and therefore the sucker truck could be made available on a limited basis. He asked for a list of priority requirements of the sucker truck for their tasking. The Chairman expressed his appreciation and said that a list of such requests will be sent to him.

Action - STO

8. **Land Levelling for Housing Settlement in Kigali.** The FEO informed that the work had been completed.

9. **Reccee of Bridge in Ruhengeri.** The FEO informed that reccee of the bridge on the road Gitarama-Ruhengeri had been completed and recce report forwarded to HAC.

10. **Engineering Support in Canal Construction in Gikongoro.** The FEO informed that the work on the canal had been started with a digger-cum-excavator. Subsequently a dozer will also be sent . The proposed canal is about 600m long and will require a dozer and excavation effort of about ten days.

Action - Force Engineer Company

11. **Reactivation of Electricity Supply in Kibali Orphanage.** The CAO rep informed that a technician had visited the orphanage and submitted a report. The task involved is much greater than what was projected. The work involved changing of almost all electrical fixtures costing about US\$2000, and also power connection to the Electrogaz supply costing about US\$1000. The Chairman asked the CAO rep for the list of items required and the costings, so that he could try to arrange for the resources.

12. **Biogas tanks in Kigali Orphanage.** The FEO informed that details of items required for the task had been submitted. The Secretary suggested that some items like timber and CGI sheets could be made available by the CBMS. The CAO rep said that he will check up on it and inform HAC.

Action - STO

ITEM IV - REQUESTS DEALT WITH BY HAC

13. **Transportation Requests.** The following transportation requests were forwarded to DCOS OPS for assistance :-

- (a) Food (22 tons) from Gitarama to Kayenzi commune for WFP.
- (b) Aid items (5 tons) from Kigali to Byumba for Sisters of the Holy Spirit.
- (c) Fertilisers (55 tons) from Kigali to Gitarama for Prefecture Office.
- (d) Gravel (10 tons) for Byumba Transit Centre for NGO GOAL.

Action - G3 OPS

14. **Dismantling of Orphanage Tents.** A request received from Sector 5A for dismantling of two big Canadian tents at Nemba Orphanage was sent to DCOS OPS for action by Engineers. The FEO informed that a engineer rep will be going to look at the problem. The FMO said that if these were Canadian tents then dismantling them should not be difficult and he will try to organise it through CMSG.

Action - FMO / FEO

15. **Repair of Track in Gitarama.** A request for repair of track Mabanza-Nyarusange in Gitarama Prefecture was sent to FEO. The FEO informed that a reccee was being carried out and the task will be undertaken subsequently.

Action - FEO

ITEM V - REQUESTS CONSIDERED BY UHAAG

16. **Repair of X-ray Machine and Generator in Muranda Hospital.** The Xray machine and generator at Muranda Hospital in Kibuye require repairs. The FMO informed that UNAMIR does not have any medical technicians and so can not undertake repairs of the X-ray machine. The CAO rep said that the technician going for generator at Kibuye Hospital ,may be able to check up on this generator also.

Action - STO

17. **Provision of Generator and Electrical Repairs in Urumuli Orphanage.** Sector 2A has requested for a 15 - 25 KVA generator and electrical repairs at Urumuli Orphanage in Kibali Commune, Byumba, as the same had been agreed to during the Force Commander's visit. The CAO rep said that he will check up on the request and the assistance that could be provided.

Action - STO

18. **Land Levelling for Play Grounds.** A request was received from Sector 3B for levelling of land for play grounds for schools in Nyabisindu and Shyanda communes in Butare. The FEO informed that the task could be undertaken by dozers when returning from Gikongoro. He however projected the problem of trailers for moving the dozers as the present contract of UNAMIR for these had expired. The CAO rep informed that alternate means were being worked out.

Action - STO / FEO

19. **Repair of Bridges in Butare.** Request for repair of three log bridges in Butare prefecture had been received from Sector 3B. The FEO informed that a reccee will be carried out and, if possible, repairs will be undertaken.

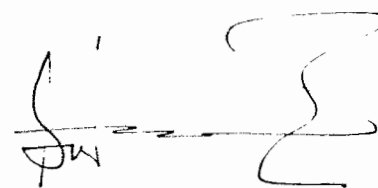

Action - FEO

20. **Donation/Loan of Light Vehicles to UNHCR**. The CAO rep put up a request from UNHCR for donation / loaning of 44 light vehicles, for escort duties and field operations, for the forthcoming repatriation exercise. The CAO rep informed that presently UNAMIR does not hold any surplus vehicles. The meeting decided that such requests could not be met, in the present situation.

21. **Provision of Medicines to Communes**. A number of requests have been received from communes for provision of medicines, especially common requirements as Chloroquine etc. The FMO informed that at present the stocks with UNAMIR are just sufficient for UNAMIR requirements and no medicines can be donated. However, humanitarian assistance was being provided by the Regimental Aid Posts of the battalion/companies.

ITEM VI - CONCLUSION

22. The meeting concluded at 1550 hrs.

DRAFTED BY: MTSANA M. NCUBE, CHIEF, BOARDS OF INQUIRY UNIT ADMIN/LEGAL OFFICER	Section: ADMINISTRATION/ LEGAL OFFICE
SUBJECT: <u>STATUS OF INDEPENDENT CONTRACTORS TO UNAMIR</u>	

Number of transmitted pages: 3

1. AS A RESULT OF THE CASE BROUGHT AGAINST BROWN & ROOT BY THE INDIAN OCEAN COMPANY (OWNED BY MR. HOSH), AND POSSIBLY FOR OTHER REASONS, THE GOVERNMENT OF RWANDA WANTS A DEFINITIVE STATEMENT ON THE STATUS OF ALL INDEPENDENT CONTRACTORS TO UNAMIR PRESENTED TO THE MINISTRY OF DEFENCE IMMEDIATELY.

2. EVER SINCE THE SECOND UNAMIR MANDATE BEGAN, THERE HAVE BEEN DIFFICULTIES BETWEEN THE GOVERNMENT OF RWANDA AND UNAMIR IN AGREEING ON THE STATUS OF CONTRACTORS TO UNAMIR, SPECIFICALLY IN TERMS OF PRIVILEGES AND IMMUNITIES REGARDING CUSTOMS DUTIES, IMPORTATION TAX, TAX ON PROFITS, VISA REGULATIONS, PAYMENT OF SOCIAL SECURITY, AND, GENERALLY, THE ISSUE OF LEGAL PROCESS UNDER RWANDAN LAW. THE CONTRACTS OF TWO OF THESE CONTRACTORS (BROWN & ROOT, AND ES-KO) WERE DRAWN UP AT UN HEADQUARTERS, NEW YORK.

3. THE FOLLOWING FOUR COMPANIES ARE CURRENT CONTRACTORS WITH UNAMIR:

- (a) BROWN & ROOTS SERVICES CONTRACT
- (b) ES-KO INTERNATIONAL
- (c) GMT-CONSOLIDATED SERVICES LIMITED
- (d) ANGELICA IMEX LIMITED

4. THEY PROVIDE DIFFERENT SERVICES TO UNAMIR TO ENABLE IT TO CARRY OUT ITS MANDATE IN RWANDA. PLEASE FIND BELOW, IN SYNOPTIC FORM, THE SERVICES RENDERED BY EACH OF THE FOUR CONTRACTORS:

(a) BROWN & ROOT

- PROVIDES LOGISTICS & OTHER RELATED SUPPORT SERVICES. THESE INCLUDE, BUT ARE NOT LIMITED TO, SERVICES LIKE ROAD CONSTRUCTION, BUILDING AND SUPPLY OF FUEL, MATERIALS AND EQUIPMENT.

(b) ES-KO INTERNATIONAL

- SUPPLIES AND DELIVERS FOOD RATIONS INCLUDING FRESH, DRY, AND FROZEN FOODSTUFF, ON AN "AS REQUIRED" BASIS AND ALL SERVICES RELATED THERETO, TO MILITARY CONTINGENTS ASSIGNED TO UNAMIR).

THE CONTRACTOR IS RESPONSIBLE FOR PROVIDING ALL THE NECESSARY PERSONNEL, EQUIPMENT, MATERIAL, AND SUPPLIES, AND FOR MAKING ALL NECESSARY ARRANGEMENTS, INCLUDING TRANSPORTATION AND WAREHOUSING.

(c) ANGELICA IMEX LIMITED (PX)

- OPERATES CONCESSION STORES (COMMISSARIES) DEALING MAINLY IN GENERAL FOOD-STUFFS, GENERAL ITEMS, PHARMACEUTICAL AND MEDICAL SUPPLIES AND COSMETICS) ON UNAMIR'S PREMISES IN KIGALI, AND ELSEWHERE IN RWANDA FOR THE BENEFIT OF UNITED NATIONS PERSONNEL AND SUCH OTHER PERSONNEL AS THE GOVERNMENT OF RWANDA IN ITS OWN DISCRETION, MAY AUTHORIZE.

(d) MGT/CSL (CONSOLIDATED SERVICES LIMITED)

- HIRES OUT CATERING SERVICES TO UNAMIR FOR UNAMIR PERSONNEL. THIS INCLUDES ESTABLISHING CATERING FACILITIES AT VARIOUS LOCATIONS FOR UNAMIR STAFF.

5. WHILE ECONOMAT'S CONTRACT HAS BEEN TERMINATED, THERE ARE ISSUES WHICH REQUIRE EX POST FACTO CLARIFICATION WITH RESPECT TO THAT COMPANY'S OPERATIONS AS A UN CONTRACTOR IN RWANDA.

6. AT THIS POINT, I WOULD LIKE TO DRAW YOUR ATTENTION TO FAX MESSAGE NO. CNR 670 DATED 21 NOVEMBER 1994 IN WHICH, WHILE ADDRESSING ANOTHER ISSUE, MR. RALPH ZACKLIN, DIRECTOR AND DEPUTY TO THE UNDER-SECRETARY-GENERAL, OFFICE OF THE LEGAL COUNSEL, STATED IN PARAGRAPH 2 AS FOLLOWS:

"FROM A LEGAL POINT OF VIEW, NEITHER THE INDEPENDENT CONTRACTORS NOR THEIR EMPLOYEES ARE MEMBERS OF UNAMIR. THEY ARE NOT COVERED BY THE CONVENTION OR THE SOFA AND DO NOT ENJOY THE PRIVILEGES AND IMMUNITIES PROVIDED TO UNAMIR."

7. THE GOVERNMENT OF RWANDA HAS DEMANDED THAT UNAMIR PROVIDE IT URGENTLY WITH THE STATUS OF ITS CONTRACTORS. A VERBAL MESSAGE BROUGHT TODAY (20 SEPTEMBER) BY A GOVERNMENT REPRESENTATIVE STATED THAT THE AUTHORITIES ARE NOT WILLING TO WAIT FOR NEW YORK TO ADVISE UNAMIR ON THE STATUS OF THE CONTRACTORS BECAUSE IT WILL TAKE TOO LONG. THE GOVERNMENT ALLEGES THAT SOME OF THE COMPANIES MAY BE ILLEGALLY HIDING BEHIND PRIVILEGES AND IMMUNITIES TO WHICH THEY MAY NOT BE ENTITLED, THUS VIOLATING THE LAWS OF RWANDA. THE GOVERNMENT SAYS IT DOES NOT WANT THE CONTRACTORS TO LEAVE THE COUNTRY BEFORE PAYING "WHAT IS DUE TO THE GOVERNMENT BY WAY OF TAXES, AND TO PRIVATE INDIVIDUALS IN CASES OF RENTAL CONTRACTS."

REGARDS.

WEEKLY HUMANITARIAN REPORT FOR THE PERIOD 30 SEP - 06 OCT 95

GENERAL SITUATION

1. The humanitarian situation during the week was observed to be improving but at a slow pace. Agricultural activity in the country has started and is likely to pick up momentum as the time passes. Rate of return of refugees is still low and hence is giving time to the agencies as UNHCR to prepare for better handling of the situation later. The condition in the prisons is likely to improve with the expansion of number of prisons, but only if the prisoners are allowed to use the new accommodations. Seems that the use of the spaces habilitated for that is limited to showing improvements but only when some visitors appear.

HAC ACTIVITIES

2. The requests dealt with by HAC during the week were:

a. **Transportation Request.** The following transportation requests were undertaken for assistance:

(1) Food (22 tons) from Gitarama to Kayenzi commune for WFP.

(2) Aid items (5 tons) from Kigali to Byumba for Sisters of the Holy Spirit.

(3) Fertilisers (55 tons) from Kigali to Gitarama for Prefecture office.

(4) Gravel (10 tons) for Byumba transit centre for NGO GOAL.

b. **Dismantling of Orphanage Tents.** A request received from Sector 5A for dismantling of two big tents at Nemba Orphanage was sent to Force Engineers for action.

3. **UHAAG.** The following requests were considered by the UHAAG meeting on 04 Oct 95.

a. **Repair of X-ray Machine and Generator in Muranda Hospital.** The X-ray machine and generator at Muranda hospital in Kibuye requires repairs. The FMO informed that UNAMIR does

not have any medical technicians and so cannot undertake repairs of the X-ray machine.

b. Provision of Generator and Electrical Repairs in Urumuli Orphanage. Sector 2A has requested for a 15 - 25 KVA generator and electrical repairs at Urumuli Orphanage in Kibali commune, Byumba. However as the cost assessed by technicians has come to approximately US \$7000 the project cannot be undertaken due to lack of funds.

c. Land Levelling for Play Grounds. A request was received from Sector 3B for levelling of land for play grounds for schools in Nyabisindu and Shyanda communes in Butare. The FEO informed that the task could be undertaken by dozers when returning from Gikongoro. He however projected the problem of trailers for moving the dozers as the present contract of UNAMIR for these had expired. The CAO rep informed that alternate means were being worked out.

d. Donation/Loan of Light Vehicles to UNHCR. The CAO rep put up a request from UNHCR for donation/loaning of 44 light vehicles, for escort duties and field operations, for the forthcoming repatriation exercise. The request was rejected as presently UNAMIR does not hold any surplus vehicles.

e. Provision of Medicines to Communes. A number of requests had been received from communes for provision of medicines, especially common requirements as chloroquine etc. The FMO informed that at present the stocks with UNAMIR are just sufficient for UNAMIR requirements and no medicines can be donated. However, the humanitarian assistance was being provided by the Regimental Aid Posts of the battalion/companies.

4. Sector 1A

a. Sector Humanitarian Activities. During this period the sector actively assisted in contacting NGOs for supply of seeds to communes. A visit by a medical team of UNAMIR was also arranged to Butamwa commune. Details of major activities carried out are as follows:

(1) Seeds got through the effort of the European Community office for Agriculture were transported to Butamwa commune in transport provided by INDBATT.

(2) Medicines supplied by government of India were presented to the Bourgemestre and medical attendant of Butamwa commune medical centre. A medical treatment camp was later organised in Mewindo sector (0181) where approximately 120 patients were treated by the Indian Medical team.

(3) The new prison being constructed at Remera (9790) in Rubungo commune has been completed. However it has not been occupied yet. The orphanage at Masaka which has 250 orphans was visited and to be adequately sponsored by Compassion International.

(4) Ndera transit camp was visited where arrangements for returnees were found satisfactory. A total of 504 fresh returnees arrived in the camp over the past week out of which 461 left for their home communes.

(5) At Dihiro transit camp, there were 15 returnees in the camp. It was observed that work was in progress to increase the number of returnees that could be accommodated in the camp.

(6) The distribution of food to needy people by Red Cross was observed in Gashora and Ngeda communes. A total of 122 returnees arrived from Burundi via Rutete over the past week.

(7) The repair of the existing water supply scheme in Gikoro has been done by OXFAM Quebec. The medical centre at Gikoro is being adequately maintained by German Red Cross.

b. General Living Conditions

(1) Housing. Available houses in most accessible communes have been occupied, however there are still houses available in remote areas. UNHCR is providing one plastic sheet per family of five people at Gashora as an interim measure.

(2) Education. Most schools have re-opened but lack basic teaching materials and furniture.

(3) Farming Activities. The humanitarian team is attempting to procure seeds for distribution in certain areas of Shyongi, Gikoro and Gikomero communes.

c. People with Special Needs

(1) Hospitals. The medical centre at Mugambazi Commune was supported by ECHO. The NGO has since withdrawn its support. The hospital lacks medicines and needs urgent support from some NGOs.

5. Sector 1B

a. Sector Humanitarian Activities. The following activities

were carried out:

(1) Delivery of 19 boxes of UNICEF schooling material from Gitarama to the of Kayenzi, Nyakabanda and Ntongwe.

(2) Transportation of 14 tonnes fertilisers from Kigali which was distributed to Runda commune (9882), Musambira commune (8274) and Nyamabuye commune (7570). INDBATT provided 4 trucks for the task.

b. General Living Conditions

(1) Food. Food still remains one of the main problems reported from various communes. Food donated by WFP has already been distributed in all the communes.

(2) Water. Water situation in Gitarama town has normalised for the time being.

(3) Housing. "Agency Rwandese for Development and Cooperation" (ARDEC), a Rwandese NGO, is constructing houses in Runda commune (9882). They planned to construct 764 houses in that commune of which 100 had reportedly been constructed.

(4) Farming Activities. Shortage of agricultural implements and seeds still remains one of the main problems reported from various communes. Agricultural department of the Prefecture still requires to transport 18 tons of fertilizers from Kigali to Gitarama which is likely to be completed in the coming week.

c. People With Special Needs

(1) Orphanages. Ruli orphanage at Nyamabuye commune (7570) run by CONCERN has closed down and merged with Gitarama orphanage also run by CONCERN.

(2) Refugees. A total of 1074 returnees were confirmed to have reported to the commune within the week of which one died and 31 under detention.

d. Relations with NGOs. The request for transportation of 25 tons of food from Gitarama to Kayenzi commune (8389) made by the representatives of MSF, ICRC, CONCERN and ACIST "Salvation Army" is likely to be executed in the coming week.

6. Sector 2A

a. Sector Humanitarian Activities. The following tasks were carried out:

(1) Provision of two pick-ups from sector 2A resources to Kibali commune for the distribution of household items to returnees in the Gatebe sector (9432) on 6 Oct 95.

(2) UNAMIR Force Engineer Company assisted GOAL (NGO) in clearing a site for a new transit camp at Byumba. The clearing lasted for five days. One bulldozer was used in the work.

(3) The Byumba prefecture was assisted with transport to distribute 2 - 5 tons of beans, maize and cooking oil to returnees in the Kibali commune on 4 Oct 95.

(4) The Bourgmestre of Muhuru commune, Mr Hitimana Timothy requested for a recovery vehicle to recover the commune's accident vehicle at Nyamiyaga GR 155137 on 2 Oct 95.

c. General Living Conditions

(1) Food. ADRA distributed 20 tons of food items within the Muhura commune during the week and are yet to distribute additional 850 kg of food.

(2) Health Care. An outbreak of meningitis-related disease was reported in the Muhura commune. The death toll so far is as follows:

(a) Gahara sector (3004) - 15 people.

(b) Muhura sector (2908) - 03 people.

(c) Rumuli sector (3109) - 09 people.

(3) Farming Activities. Incidents of landmine explosions are keeping farmers off some farmlands in Mukarange, Bwisige, Murambi, Ngarama, Muhura and Cyumba communes.

d. People with Special Needs

(1) Orphanages

(a) Urumuli Orphanage. The population of this centre remained 93 children. Following the visit of the Force Commander to the orphanage on 27 Sep 95, a team from UNAMIR Electrical unit visited the centre to assess the efforts and material requirements for the provision of electrical power to the place. The team assessed that a 15 - 25 KVA generator would be required and also rewiring of the centre would need to be done.

(b) Gakoni Orphanage. The 95 CSMG installed a bigger water pump for the orphanage on 2 Oct 95. The water problem of the centre has thus being solved.

7. Sector 2B

a. Sector Humanitarian Activities. The following major activities were carried out during week:

(1) The Humanitarian team organised the distribution of blankets donated by the Austrian Relief Programme to the hospitals in the prefecture as follows; Kibungo hospital 150, Rwamagana hospital 150 and Rwinkwavu hospital 100.

(2) The Sector Commander went on a special patrol to the resettlement areas in the Nasho belt where the old case load of returnees are being resettled to carry out an on the ground assessment of the situation prevailing there.

b. General Living Conditions

(1) Water. There has been a marginal improvement in the availability of water in the communes due to the continued rains. However, the situation at the Nyakarambi transit camp continued to fluctuate with the UNHCR water source running dry more often than not. Limited tap water was however available from the Kirehe water pump (7547). Mugesera commune (4664) still does not have any suitable water source since the water pump at Kabilizi (5067) continued to be out of order. There is also a requirement of restoring Bunono (5976) water source in Kaborondo commune (6177).

(3) Health Care

(a) The large scale incidence of Meningitis in Rwinkavyu area 6782 has been contained and no fresh cases have been reported. MSF and MEC jointly carried out mass vaccination of over 5,500 people in the area. MSF also carried out a vaccination programme in the Musaza area (6943) for tuberculosis, polio and tetanus. The returnees in Sake commune (4354) have been getting inadequate medical attention during the transit stage as the health centre there is unable to cope up with the increased number of patients.

(b) Immunization for children is being carried at the Kirehe health centre (7547). The health centre at Kaborondo (6177) is anticipating considerable difficulty as the NGO (African Humanitarian Aid)

which till late was supporting it is withdrawing from the area by end October. The case is being taken up with the Region Sanitaire since it is the only health centre in the commune.

(c) The health centres at Rukira (6658) and Bare (5248) are facing an acute shortage of beds and mattresses. This has resulted into many patients sleeping on the floor.

(4) Education. Most of the schools in the prefecture continued to function normally. However, an acute shortage of staff, text books and basic furniture continued to impede smooth functioning of the schools.

(6) Farming. Cultivation activity has picked up all over the prefecture and there are encouraging signs of recently returned returnees forming themselves into cooperatives to quicken the pace.

c. People with Special Needs

(1) Returnees

(a) There were a total of 1417 returnees from Burundi, Tanzania and Zaire respectively. A total number of 9317 returnees recorded in the prefecture during the month of September.

(b) An analysis of the outflow of returnees to the communes reveals that the maximum number of returnees have returned to the communes of Birenga (5959) and Rusumo (7448) while a total number of 2002 old case returnees were resettled in the Nasho area. Some old case load of returnees who are presently occupying houses illegally in the Nyarubuye area (8459) are being moved to the general area north of lake Nasho and south of lake Ihema so that the original new case load of returnees who belong to this area can be resettled there.

(c) The expansion of the Nyakarambi transit camp is proceeding apace. Three of the five huts being constructed at the camp have been completed.

(d) Adequate security of the old case load of returnees being resettled in the Nasho border belt is being ensured by deployment of the RPA in smaller groups in the general area of the settlements.

(e) A team of 12 refugees (four each representing Birenga, Rusumo and Rukira communes arrived from Benaco refugee camp in Tanzania on 5 Oct 95 to carry out an on the spot assessment of the prevailing situation. They were accompanied by UNHCR officials. The team visited Nyarubuye (8459) and Kankobwa (8960) areas on 6 Oct 95.

(f) A meeting on security and voluntary repatriation of refugees from Tanzania was held at Rwamagana (4884) from 4 to 6 Oct 95. The meeting was attended by representatives of Rwanda, Tanzania and UNHCR. Details of decisions taken at the meeting will be forwarded soon after the return of UNHCR officials who have proceeded directly to Ngara in Tanzania after the meeting. However a Rwandese delegation accompanied by UNHCR officials will visit the refugee camps in Tanzania to present a more authentic picture of the prevailing conditions in Rwanda to regate the propaganda being spread by intimidators to counter the smooth voluntary repatriation of refugees.

(2) Prisoners. The newly expanded prison at Nsinda was inaugurated by the President of Rwanda on 4 Oct 95. The ceremony was attended by the SRSG, the Force Commander, seven Ministers and a number of other dignitaries.

d. UN Agencies and NGOs

(1) UNHCR is presently concentrating on resettlement of old case load of returnees in the Nasho area. It is also encouraging the representatives of refugees in Tanzania to assist in voluntary repatriation to Rwanda.

(2) AEF is carrying out the expansion of Nyakarambi transit camp as scheduled, besides carrying out the health screening of the returnees on a regular basis.

(3) ACIST is assisting in cultivation by distributing seeds and implements through the cooperative scheme in the communes of Sake, Birenga, Kigerama and Kabarondo.

8. Sector 3A

a. Sector Humanitarian Activities. This sector coordinated all HAC activities in the secteurs. There has been requests by the prefect for UNAMIR to repaint all their former locations. The prefect is also asking UNAMIR to help the prefecture to rehabilitate the bridge that links Musebeya commune (4033) and Muko commune (3841). The bridge is of

~~SECRET~~

vital importance to own patrols between these two communes.

b. General Living Conditions. The general living conditions in all the communes patrolled this week is satisfactory. However the locals are asking for farm implements which are not adequately supplied by NGOs. The locals are also living under fear of random arrest by the RPA which has been going on in Mubuga commune (5202) of late. The matter has been reported to the HR for further investigations.

c. People with Special Needs. The hospital at Cyanika (5630) needs an ambulance as the present arrangement of calling for a vehicle from CARITAS, at Gikongoro, when required, is not satisfactory.

9. Sector 3B

a. Sector Humanitarian Activities. Following are the activities observed/carried out by the MILOBS teams:

(1) On 27 Sep 95 a large crowd gathered at the commune HQ for distribution of rations by ICRC. However the programme could not be carried out as the ICRC trucks could not cross the Butare - Kigembe bridge. The dimensions of the bridge for its repair have been ascertained by the engr det and passed on to the HQ for possible repairs. The Bourgemastre of the commune was changed on the 30 Sep 95.

(2) Reference letter no 5000.1(HAC)/OPS/37 dated 19 Sep 95 regarding minor prisoner, a team went to Muramba (893469) and spoke with the father of the boy Sindaigaya. The wife of the man died in the month of Aug 95 and he has to manage four children in the house. It is difficult to visit his son in Ntongwe cachot which is 12 hours journey from his house. He requested that his son be moved to the Muyira cachet. The Bourgemaster has agreed to do necessary arrangement for transferring the child in his commune.

b. Agricultural. Locals found carrying on with normal agricultural activities in preparations for the new planting season due to rain. Cultivation of beans are in progress. Normal activity was seen in the commercial places.

c. Situation in Rehabilitation School, Butare. The Force Engr Coy has completed the following aspects of work on the rehabilitation centre:

(1) Work on the sanitation system.

(2) Work on water supply line.

(3) Work on repair of main power.

d. The centre is in urgent need of a security fence around the complex. At the moment it is very difficult to control the children from sneaking out unnoticed.

e. NGOs Activities by Communes. The following are the NGOs activities by communes:

(1) Muganza. LWF an NGO were seen in the commune with 2 x truck loaded with food awaiting for distribution.

(2) Kigembe. WFP and Feed the Children have promised to assist the commune by providing food to the work force who are building house for the returnees.

(3) Nyakizu. ICRC distributed food at Rutowe sector for 4000 people at the scale of 2 per family. The scale of items per person are, maize 2kg, cooking oil 1.5kg, beans 4kg and soap.

f. Detainees State by Commune. The following are the changes/information on detainees by commune to our last report:

(1) Mugusa - 246. Document of 200 detainees have been completed and awaiting transfer to other prison.

(2) Ruhashya - Commune authority requested to shift 100 inmates from the cachot to other prison.

(3) Nyakizu - Presently there are 120 prisoners in the cachot.

g. State of Returnees. The reported figures of returnees to the commune during the period under review are Ngoma 6, Shyanda 2, Kibayi 21, Mugusa 27, Kigembe 3, Muyaga 42, Muganza 15, Gishamvu 30, Nyaruhengeri 27, Ndora 13 and Nyakizu 27.

10. Sector 4

a. Sector Humanitarian Activities

(1) On Monday 02 Oct, during weekly meeting at the Human Rights office at Cyangugu. NGOs expressed their concern over the ambush by unidentified men on the Kigali - Cyangugu road on 30 Sep 95. They were advised not to proceed through the forest at awkward hours. They were also told about the instruction on mines and explosives to be imparted by a team from Force Engr Company on 18 Oct 95.

(2) Refugees were reported crossing at an unofficial crossing point from Burundi, in that sector. They were directly dispersing to their communes without any registration by UNHCR or the commune authorities. The Humanitarian Officer visited the UNHCR offices at Kamembe to advise them of this development.

(3) The list of recipients given by the commune authorities to the ICRC does not reflect the reality of the ground situation hence the paucity in food supply. A new survey is being undertaken by the ICRC in the commune in the near future.

(4) There are at least 60 minors in the various prisons in the prefecture. Efforts are underway to obtain their names and other necessary particulars.

(5) Sub sector Humanitarian Officers were appointed to better the coordination of HAC activities in the sector. There is a weekly meeting planned of all these officers to coordinate the efforts.

(6) The Malawi Company provided trucks to the RPA for the transportation of rations for five days. Three medical personnel from Malawi Company attached to Gihundwe hospital treated 65 inpatients and approximately 212 outpatients. At their Medical Aid Post at Shagasha, the Malawi Company treated 58 patients.

b. General Living Conditions

(1) Food. As per estimates received from the office of the Prefect, there is an urgent need of 500 tons of foodstuffs and about 5 tons of milk powder (for the children) for the 3000 returnees in the prefecture.

(2) Water. There are a total of 20 water points in Karangera commune. These points cater for families in the area. The number ranging from 11 to 36 families. All these points need rehabilitation.

(3) Health Care. The MDM hospital at the Bugarama transit camp is now operational 24 hours a day. MDM has requested MILOBS to assist in the evacuation to Gihundwe hospital when required.

c. People with Special Needs

(1) Orphans

(a) There are a total of 14,175 orphans in the prefecture. Only 788 of them are currently housed

in the four orphanages available while others are living with various families.

(b) In Karengera commune there are 1086 orphans as a result of the 1994 genocide. They stay with relatives. There is no orphanage in the commune. These orphans need school uniforms, school books, food and money to pay school fees.

(2) Handicap/Elderly/IDPs

(a) There are 15,299 widows in the prefecture. These ladies need 2000 houses for resettlement. In addition 60,000 roofing sheets, 8000 sets of cooking utensils and 4000 jerricans are needed for their rehabilitation.

(b) The women complained that assistance was not equally distributed to the widows in the communes. The traditional network of support from the extended family was undermined by the genocide and war. Many men died and the widows and their children are an extremely vulnerable group. Experiments at Day-care centres have been unsuccessful as there is a general lack of confidence in neighbours. The Prefet wishes to open at least one agricultural and cattle cooperative in each commune for these women. He needs 1,000,000 RF to set up each of these cooperatives.

(c) There are 1000 persons handicapped in the prefecture. For them also the Prefet wishes to open a cooperative costing approximately 1,000,000 RF.

(3) Refugees. A total of 280 voluntary returnees arrived at the Nyagatare transit camp within the period while 253 people were despatched from the camp to their various communes.

11. Sector 5A

a. Sector Humanitarian Activities

(1) On 2 Oct 95 an Engineer team from Force HQ was escorted to assess the extent of damage done of the bridge in Nyamutera which links Ruhengeri/Gitarama towards its repair.

(2) The Ntaruka hydro electric central power station will not be operational as scheduled due to parts being

awaited from France which are likely to be received in two weeks time. It will take them a month to install the parts.

b. General Living Conditions

(1) Food. ARP has distributed food for their local workers in Nkumba commune on 3 Oct 95. 21 Families (of 121 persons) in Nkumba commune are in need of food. They returned from Zaire in Aug 95. WFP and UNHCR have been advised.

(2) Water. The water shortage along the northern communes is likely to be solved in the near future. ICRC has mostly finished works regarding the pipe system installation and now each commune is responsible for the cleaning of the pipe system because the system is more than 30 years old is necessary to clean the pipes often.

(3) Health Care. MSF and STC are working hard to improve the health situation throughout the Ruhengeri prefecture. However the quality of health care provided is poor due to the lack of qualified personnel and transportation for the sick people.

(4) Housing. The earmarked land for resettlement in Kayange sector (8045) of Butaro commune is being cleared. The returnees will build their own houses. Each family will be allocated 6 by 6 metres for houses and 80 by 80 for farming. Iron sheets for the houses have already been delivered. ARP and CARITAS continue with their programmes of house construction in Cyeru, Butaro, Mukingo and Kigombe communes.

(5) Farming Activities

(a) In Gatonde commune ARP issued some hoes. One woman reported to the Counsellor of Cyebumba (2099) asked for money from her if she wanted a hoe. This was reported to ARP rep who was at the commune offices.

(b) UNHCR will distribute agricultural material like seeds, beans and hoes through ARP in the prefecture for the returnees who have returned after Jun 95.

c. People with Special Needs

(1) Orphanages

(a) SALEM Rwanda transit centre informed that three 18-month old children were brought to the centre from Gitara sector (6845) in Kidaho commune. These healthy children were abandoned.

(b) 'SOEUR DE MARIE' orphanage at Ruhengeri requested for a vehicle for the orphanage in order to carry out with the food transportation and medical evacuation.

(2) Refugees

(a) In Nkumba commune 7 families of 1994 returnees have returned to the commune since 25 Sep 95.

(b) In Nyarutovu commune 211 returnees of 1994 have arrived there so far.

(c) Six returnees of 1994 were visited in Kigombe commune. They reported that their property was intact. Presently they are engaged in farming. Life was quite comfortable to them.

d. Miscellaneous

(1) In Nyakinama commune prison there are 12 people in connection with stealing. The IPJ mentioned that stealing has increased in the past week attributed to unemployment.

(2) The Accountant of the Kinigi commune reported that they used 2.5 million Francs to repair the commune offices. They no longer have money to pay the workers. They are looking for financial assistance.

12. Sector 5B

a. Sector Humanitarian Activities. Activities for the week included constant monitoring of the situation in Nkamira transit camp where the sea containers have been moved to improve space in the camp.

b. General Living Conditions

(1) Water. A water/sanitation meeting will hold on 19 Oct at the MINIREISO offices. Representatives of the ICRC and other implementing partners are to be in attendance as well as UNAMIR representatives.

c. People with Special Needs. As more and more of the returnees attempt to resettle or reoccupy their homes the

constant problems of land allocation and resources to begin farming pop up.

d. NGOs

(1) COOPI. Continues its work with the development of the two transit camps.

(2) ICRC. Will open a local office within the next two weeks.

e. UN Agencies. UNHCR continues with the work of receiving and transportation of returnees.

f. Local Authorities. A visit to the Kora camp was made by both local and national authorities. It appears that these camps will be moving possibly to the Ruhengeri area.

13. Sector 5C

a. Sector Humanitarian Activities

(1) On 3 Oct 95 the Humanitarian Officer visited Bwiza with the directeur de la region sanitaire de Kibuye, docteur Camille Munyangabe to plan medical support for returnees living in Bwiza (3088). He picked up medical supplies which he will deliver on Wed 4 Oct 95 by helicopter and to monitor their situation. In addition this flight will deliver 500 kg of seeds.

(2) On 4 Oct 95 Humanitarian support comprising med from UNAMIR, 500 kgs of seed from PAM and 100 kgs of plastic roofing sheets from UNHCR were delivered by helicopter to Bwiza. This was in response to a request made last week by local authorities. Representatives from MSF and PAM, UNHCR and UNAMIR accompanied the supplies and also assessed the health situation, building of shelters and the possible provision of "food for work" respectively.

b. General Living Conditions

(1) Food. The WFP is the principal food distributor here. They continue to provide food primary to:

(a) FFW on Kibuye water project, Gisovu tea plantation and Bwakira seed multiplication project.

(b) Orphanages in Kibuye (Enfants du Monde), Gishyita and Manbanza.

(c) In-patients in Kibuye, Kilinda and Mugonero hospitals.

(d) Supplementary food to nutrition centres in Rwamatamu, Gisovu and Bwakira.

(e) Returnees as directed by UNHCR.

(2) WFP continues to face difficulties in distributing the required quantities of food to needy areas in the prefecture due to frequent breakdowns of their trucks resulting from the poor quality of the roads in the prefecture. This has resulted in a virtual stand-still in WFP's operations. A request for assistance to this effect has been made. It is anticipated that this type of support may be required monthly.

(3) In Rutsiro commune NGOs are still hesitant to transport aid because of the previous mines incidents. This has reduced significantly the flow of aids into this commune. The RPA, local government and our MILOBS have driven this route and consider the main road into this commune to be clear of mines and safe for normal travel. This has been passed on to NGOs at our weekly security briefings. However children continue to be the prime concern for aid.

(4) Agriculture. The local government and NGOs continued to encourage the rehabilitation of Kibuye's agricultural sector in the hope of restoring self-sufficiency. Beans, sweet potatoes, mixed vegetables and sorghum continued to be the staple crops in Kibuye. Cash crops continue to recover especially coffee, banana and tea productions which are increasing modestly.

(5) Water and Sanitation. ICRC made progress in repairing broken pipes and improving the availability of water. They are installing new water points monthly, however, shortfalls in water still occur daily throughout the Prefecture. The use of UNAMIR resources to establish 10 water points in the prefecture is being coordinated.

(6) Education. Many schools require rehabilitation work to be carried out on the buildings, furniture and equipment. Other concerns remain the need for paper, pencils, exercise books and other educational materials, inadequate pay for teachers, a requirement for nutritional supplements for students and teachers, as well as the need for balls, toys and playground equipment to make learning interesting and fun for students.

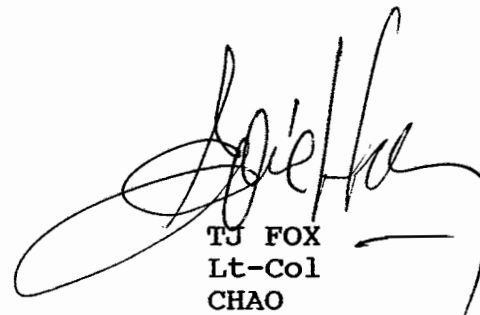

(7) Prisons. The only prison in Kibuye now houses approximately 2100 people. This facility was designed to hold 250 people so the problems of over crowding, poor hygiene and poor nutrition makes the quality of life very

difficult for the inmates. A proper security fence around the prison is still required to improve the quality of life for inmates as this will allow them to expand out of their cramped quarters. There is need to arrange an engineer recce of this facility so see if UNAMIR can provide this fence or at the least find another agency to provide this fence.

(8) Returnees. The monitoring of the 500 returnee families in Bwiza (SC 3088) this week is significant in Kibuye. The mine incidents previously reported in Rutsiro commune continue to cause NGOs to restrict their movement in this commune. As a result of this, food aid and medical supplies are not getting through to people in need. Medical supplies should be delivered by road as usual.

CONCLUSION

14. The humanitarian condition is likely to improve with increased activity by agencies and organisations. However the prospect of large influx of refugees can unsettle the social balance which has started to set in. It will also put a stress on the resources of aid donors and the security situation. Present on going preparations for this influx is inadequate considering the magnitude of the likely problems. However, it is expected that the preparedness state will improve soon.

WEEKLY HUMANITARIAN REPORT FOR THE PERIOD 07 - 13 OCT 95

GENERAL SITUATION

1. The general humanitarian situation in the country seems to be improving slowly with continuing efforts by UN, NGOs and other agencies. The health care situation in the country is not adequate despite the efforts of NGOs and local authorities. Lack of medicines and qualified staffs are the main deficiencies along with lack of transport, electricity, beds etc. Educational system requires support in form of text books, teaching materials and furniture as well as building repairs in the schools.

HAC ACTIVITIES

2. The requests dealt with by HAC during the week were:

a. Transportation Requests. The transportation requests accepted by HAC were as follows:

(1) Transportation of 200 bags of cement from Kigali to Muhura in Byumba prefecture for primary schools.

(2) Transportation of food items and school materials from Kigali to Muhura.

(3) Transportation of blankets (858) from Kigali to Gitarama.

b. Blankets for Orphanages in Gitarama Prefecture. The request from orphanages in Gitarama prefecture for provision of a total of 858 blankets was taken up by HAC with the Austrian Relief Programme. The blankets were later collected and distributed to the orphanages within the week.

c. Reburial Ceremonies. The request from Butare prefecture for assistance in reburial ceremonies by provision of plastic sheets and transport was forwarded to UNHCR for necessary support.

3. UHAAG. The following requests were considered by UHAAG meeting on 16 Oct 95.

a. Reconstruction of Bailey Bridge at Gashora. The Rwandese

85

Ministry of Transportation (MINITRAPE) has requested for assistance in reconstruction of the bailey bridge at Gashora in Kibungo prefecture. The Ministry will be providing the bridging stores while UNAMIR has been requested to undertake the bridge launching and transportation of the stores. The task has been accepted will require approximately 50 persons from the Force Engineers for a period of 15 days.

b. Repair of Track. A request was received by the FC's office from Bourgemestre of Rubungo commune for repair of a six km track Zindiro - Karama. The meeting decided that the request be undertaken by the Force Engineers, once trailers are available and dozers can be moved to the repair site.

c. Requests for Generators and Vehicles. Requests had been received from UNHCR for five generators for Goma camp and from Ministry of Defence for four generators and two vehicles for Directorate of Communication. The meeting decided that the requests could not be met as UNAMIR did not have any surpluses in these items at present.

4. Sector 1A

a. Sector Humanitarian Activities. During this period MILOBS in the sector actively assisted in contacting NGOs for supply of seeds and various equipment to communes. In addition a visit by medical team of UNAMIR was also arranged to the communes. Further details of major activities carried out are as follows:

(1) Supply of Seeds and Agriculture Materials. Seeds and hoes were delivered by MILOBS to the Bourgemestres of Gikoro commune on 11 Oct 95 and Shyorongi commune on 12 Oct 95.

(2) Medical Camp. On 13 Oct 95 approximately 250 patients were treated by Indian medical team in Mwendo sector (0181).

(3) Musasa Commune. A MILOBS patrol observed the repair of water supply system by NGO ZOA and UNICEF.

b. General Living Conditions

(1) Housing. Available houses in most accessible communes have been occupied. However there are still houses available in remote areas, but they require some repairs.

(2) Returnees. The capacity of various communes to absorb fresh returnees is being ascertained.

5. Sector 1B

a. Sector Humanitarian Activities

(1) MILOBS continued delivery of UNICEF schooling materials from Gitarama to the communes. This week 22 and 16 boxes were delivered to Taba (8863) and Mugina (9267) respectively.

(2) MILOBS also provided transport to the Prefect for the swearing in ceremony of Bourgmestres at Masango (6254), Kayenzi (8389) and Runda (9882).

(3) Two trucks from INDBATT conveyed food from WFP warehouse in Kigali for MEMISA in Taba commune on 13 Oct 95. About 907 children are to benefit from the food aid.

(4) Humanitarian Officer met with an official of CRS to discuss plans for the reception of expected returnees to the prefecture. He provided the official with the communes database.

b. General Living Conditions

(1) Water. There is marked improvement in Gitarama and surrounding communes.

(2) Health Care. Diarrhoea and general malaise continue to be a problem in the prefecture. Diarrhoea is prevalent amongst the prisoners. There is no reported case of any endemic disease.

(3) Farming Activities. Shortage of agricultural implements and seeds is being addressed by the Agricultural Department of the prefecture.

6. Sector 2A

a. Sector Humanitarian Activities

(1) The sector assisted the Kivuye commune with two pick-ups for the distribution of 600 bags of food items to 12 families of 51 people on 9 Oct 95.

(2) GHANBATT provided a truck to the NGO GOAL Ireland for the conveyance of building materials for the Byumba transit camp. The truck worked for one week.

(3) Muhura commune had requested for transport to convey 200 bags of cement, 850 kg of food items and school materials from Kigali to Muhura. The requested task has since been completed.

8

b. General Living Conditions

(1) Food. WFP distributed food items within the Ngarama commune on 13 Oct 95. On the same day, ADRA also distributed seeds and hoes to farmers in the commune.

(2) Health Care. In Buyoga commune, AMREF is rehabilitating the Buyoga health centre. The health centre in the Muhura commune GR 301081 is still without any NGO support.

(3) Education. A high powered German Delegation called DONNERSBERGKEIS visited the Rutare commune on 11 Oct 95 and promised to rehabilitate the Secondary school and also provide furniture for the primary schools. In the Bwisige commune, the government of Germany had promised a grant of 33,000 DM to the Bwisige Secondary school. The grant will to be channelled through RENAN PALATINA, sister commune of Bwisige in Germany.

7. Sector 2B

a. Sector Humanitarian Activities. The following major activities were carried out during the week:

(1) The Humanitarian cell organised the distribution of 50 blankets donated by the Austrian Relief Programme to the Gahini hospital (9958).

(2) The MILOBS assisted in the carting of rations to the ZAMBATT convoy stuck at the Rusumo border post (8737).

(3) GHANCOY assisted in conveyance of food items from Kigali to Kibungo (6159) on 12 Oct 95 and from Rwamagana (4884) to Mushubati (3278) on 13 Oct 95.

b. General Living Conditions

(1) Food. Food for work programme continued in a majority of the communes under the aegis of the concerned NGOs. UNICEF carried out a distribution of beans.

(2) Health Care

(a) At Musaza (6942) in Rusumo commune (7449) there have been reports of an increased number of children mainly of oldcase load of returnees suffering from Kwasiokor (probably rickets) caused essentially due to malnutrition.

(b) The health centre at the new settlement area of Nasho (Rukumbo) (9466) became operational on 12

✍

Oct 95. The area has reportedly high incidence of malaria and some cases of malnutrition.

(c) The health centres at Bare (5449) and Gahara (5442) have been recording high figures of malaria. At Bare an increased number of measles have also been reported.

(3) Farming. Intense farming activity continued all over the prefecture. At most places the farmers were seen preparing their fields for sowing. UNICEF carried out a distribution of beans for sowing at the rate of 5 kgs per family in Rukara commune (0157). A similar distribution of beans seeds at the same scale was carried by IMC at Gahara in Birenga commune.

(4) Returnees

(a) A total of nearly 14,500 old caseload returnees are to be resettled at Nasho. A team from the Ministry of Rehabilitation is at present in Nasho area to carry a survey and assess the feasibility of resettlements in the area.

(b) 20 Persons were reportedly handed over by the Tanzania army to RPA at Rusumo border post on 10 Oct 95. They were reportedly taken by the RPA to their camp adjacent to the Nyakarambi transit camp.

(c) The expansion of the Nyakarambi and Birenga transit camp is proceeding on schedule. The latest state of accommodation at the two transit camps are Nyakarambi - living huts for returnees (large) 13 (two additional huts are under construction) and kitchen huts 03. Birenga - tent huts (small) 112 (additional huts are under construction), kitchen sheds 06 and bathrooms 05.

c. UN Agencies and NGOs

(1) AFRICARE is providing medical cover to the old case of returnees being resettled in the Nasho area. It is also assisting in repairing the water supply system in Gisenyi (8952) and Kwankoba (8861).

(2) ACIST is assisting in cultivation by distributing seeds and implements through the cooperative scheme in the communes of Sake (4454), Birenga (5959), Kigerama (6270) and Kabarondo (6278).

2

8. Sector 3A

a. Sector Humanitarian Activities. The sector coordinated all HAC activities in the sector. HAC gave transport to Kigeme hospital to carry their confectioneries from town to the hospital site. It also gave transport to the RPA for their redeployment.

b. General Living Conditions. The general living conditions is satisfactory. However the locals are asking for farm implements which are not adequately supplied by NGOs.

9. Sector 3B

a. Sector Humanitarian Activities. Following are the activities observed/carried out by the MILOBS teams:

(1) The Engr recce team recceed two bridges along the route Gishamvu. They have recommended changing of decking.

(2) Shyanda (7718). Team during their routine visit to the commune went to see the progress of repair work on water pump in Save Secondary school. They observed some leakages in the piping.

b. General Living Conditions

(1) Housing. The commune is engaged in preparation of materials for houses. Presently a brick making and tiles making programme is on as phase I. They produce 65000 bricks per month. In phase II these will be utilised to make houses.

(2) Returnees. Team was informed that on 9 Sep 95 a delegation of refugees from Burundi visited the commune in order to know the security situation in the area and to check the state of their things. The delegation was composed of 6 men and 6 women.

(7) Health Care. Team visited an orphanage at Cyotamakar GR 8233 and found an outbreak of dysentery. A total of 15 boys were affected. MSF is assisting in treating the water with chemical.

b. Situation in Rehabilitation School Butare. The Force Engr Coy has made reasonable progress on the continuing work at the Rehabilitation School in Butare:

(1) Work on the sanitation system completed.

(2) Work on water supply line is in progress.

(3) Work on repair of main power line is in progress.

c. UN Agencies and NGOs Activities

(1) UNHCR donated plastic sheets for the communes reburial ceremony at Muraba.

(2) Feed the Children distributed farming tools to returnees and orphans at Muyira.

(3) ICRC is continuously visiting the prison and assisting with food and medicine. CARITAS distributed food and CRS distributed seeds, beans and cooking oil to the returnees at SAVE complex.

10. Sector 4

a. Sector Humanitarian Activities. It was revealed during a visit by MILOBS to Bweyey sector GR 1310, that refugees were crossing at an unofficial crossing point from Burundi in that sector. They were directly dispersing to their communes without any registration by UNHCR or the commune authorities. UNHCR was informed of this development.

b. UN Agencies and NGOs

(1) MDM continue to operate the hospital in Bugarama transit camp. CONCERN is also upgrading facilities in the camp especially food supplies and shelters.

(2) In Nyamesheke Sub-sector, WPF distributed food at Gasayo (GR 9941). The Councillor of Gikundamvura has requested assistance in the construction of pipe water systems in Mwegera GR 9514 and Nyamigina GR 9212.

(3) The MALAWI Company provided two trucks to the RPA on the 11 Oct and 13 Oct 95 for general administration and transportation to Bweyeye and Gafunzo. Also on 9 Oct 95 MALAWI Company provided one truck to IRC for transportation of cement from Bugarama to the central prison in Kamembe.

(4) Three medical personnel from Malawi Company attached to Gihundwe hospital treated 58 inpatients and approximately 247 outpatients who were mainly children. At their medical aid post at Shagasha, the MALAWI Company treated 17 local patients.

(c) Refugees. A total of 255 refugees arrived in the prefecture through the various entry points during the week. A total of 129 refugees also arrived at Nyagatare transit camp as against 203 departed refugees during the week.

11. Sector 5A

a. Sector Humanitarian Activities

(1) On 10 Oct 95 a MILOBS team presented 35 pieces of toilet soap to the Janja orphanage in Nyamutera commune.

(2) On 11 Oct 95 a MILOBS team presented some stationeries to SALEM RWANDA orphanage in the Ruhengeri town. This stationeries were provided to us by UNAMIR.

(3) On 12 Oct 95 a MILOBS team transported 10 boxes of text books (educational materials) to Cyabingo and Gatonde communes and handed over to the representative of Ministry of Education.

b. General Living Conditions

(1) Health Care. A MILOBS team visited Gitare health centre (7446) in Kidaho commune being assisted by MSF-H. About 80 patients are treated daily with common diseases like worms, malaria and eye problems. MSF Doctor visited the centre once in a month which is considered to be inadequate.

(2) Housing. In Nyamugali commune at Muvumo sector (8719), 17 hectares are earmarked for resettlement of 59/60 returnees. There are no resettlement programme for returnees in Gatonde commune but returnees are living in the different sectors of the commune.

(3) Education

(a) In Butaro commune at Kabyaza school (835437), three of the nine classrooms are at window level. The others are still at foundation level. The school is being constructed by AIDE and ACTION.

(b) The Assistant Burgmaster of Nyamugali commune requested for assistance to repair doors and windows for primary schools at Mushogi (9017), Nemba (8427) and Rusha (8327).

(c) In Ndusu commune the Janja Secondary school has the problem of water and diesel to operate generator.

(d) A Secondary school was reopened recently in Kigombe commune. Presently there are 600 students but 290 are expected to be enrolled soon

(4) Refugees. According to the Burgmaster and MINIREISO

rep at the Kigombe commune so far a total of 4678 (59/60) and 36134 (1994 returnees have been received. They said that lands have been acquired to settle the returnees of 59/60 in the following areas, Nyakinama (5827) - 800 families. Karwasa (6456) - 52 families and Nkumba (6639) - 91 families, but each family has to pay 8000 Francs for land and 5000 Francs for the supply of stones.

12. Sector 5B

a. Sector Humanitarian Activities. Activities for the week included constant monitoring of the situation in Nkamira transit camp. Numbers of returnees have not been high, so the camp is pretty much emptied daily.

b. General Living Conditions

(1) Housing. A 300 house construction project has been started in Kilibira commune for the new returnees. Of this number 230 have been started and 40+ have been completed. 128 of these houses are to be allocated to women.

(2) Education. COOPI reported that they have completed their third phase of training non-qualified teachers with the latest graduation of 482 persons. In addition they have completed work on 17 primary schools.

c. UN Agencies and NGOs

(1) COOPI. Continues its work with the development of the two transit camps. They have requested assistance with dump trucks and dozer and the use of the septic tank truck.

(2) ICRC. Will open a local office within the next week.

(3) MERLIN/MSF. MSF's work in preparation of the Saint Marie Gotti centre for unaccompanied children is near completion. Once complete it will house up to 160 children for up to three months at time.

(4) WFP. Continues with its Food for Work Programmes. In the Gaseke commune two new projects will be initiated soon. One for the construction of houses and the second for road work.

(5) UNHCR. The final food distribution for old caseload returnees was completed in the Mutura commune by INTERSOS. It was intended for some 10,455 persons, however MINIREISO presented a supplementary list at the

last moment, which resulted in 21,775 sharing the allocation of food.

(6) In Kayove commune the MINIREISO distributed food to 877 returnees. In the Nkmira transit camp each returnee is receiving one months full food ration before they depart the camp. In addition they receive no-food items like blankets, jerrican, kitchen utensils and a bucket and soap.

13. Sector 5C

a. Sector Humanitarian Activities. MILOBS team have visited numerous schools, hospitals and orphanages during the week. On 13 Oct 95, a MILOBS patrol flew by heli to the returnee camp in Bwiza (3694) and delivered 50 kg maize seed and a small quantity of rehydration salts.

b. General Living Conditions

(1) Food. The WFP is the principal food distributor here. They provide food primarily to FFW on Kibuye water project, Gisovu tea plantation and Bwakira seed multiplication project, Orphanages in Kibuye (Enfants du Monde), Gishyita and Mabanza, hospitals at Kibuye, Kilinda and Mugonero as well as supplementary food to nutrition centres in Gisovu, Rwamatamu, Rutsiro and Bwakira.

(2) WFP constantly has difficulty distributing the required quantity of food because of the poor quality of the roads in this prefecture and the frequent break downs of their trucks.

(3) CARITAS and Solidarity also provided food aid in this prefecture. The children continue to be the prime concern for aid.

(4) Water and Sanitation. ICRC is slowly making progress in repairing broken pipes and developing new sources of water. Shortfalls in water still occur daily throughout the prefecture.

(5) Education. The Ecole Technique Normal in Kibuye is providing high quality technical training to 245 young women in the secondary school. This school has a payment claim against UNAMIR for approximately 6.5 million RFR for damages that were done to the facility when it was previously occupied by UNAMIR soldier.

CONCLUSION

14. The humanitarian situation is expected to improve with the ongoing efforts of various agencies and NGOs especially as now the coordination among them is better. However the threat of deterioration of the security situation looms large and it will seriously hamper the humanitarian aid in case it comes true.

UN peacekeepers and the humanitarian community find themselves increasingly embroiled in complex emergencies in many parts of the world. More and more the mandates and responsibilities of each have become inter-related; and more and more, each has become dependent upon the other. Peacekeepers are frequently asked to support the relief and recovery activities of the humanitarian community, and the humanitarian community is regarded as an essential component for creating conditions for peace.

Yet, while the inter-relationship and mutual dependence between the two continues to grow, there are inevitably tensions that arise over the processes and procedures of an essentially military world and those of the far more amorphous and loosely structured humanitarian community.

In the context of Rwanda, the relations between the peacekeepers and the humanitarian community have in many respects proved to be a model. Difficulties and misunderstandings arose in the course of approximately sixteen months of collaboration, but at the same time much had been achieved together. It is important to capture the weaknesses as well as the strengths of this collaborative relationship, and to ensure that the lessons learned from the Rwanda experience are available to the international community for the future.

A Workshop on Lessons-Learned

It is important to encapsulate the lessons that have been learned from the experiences of almost sixteen months of close inter-action between the peacekeeping forces of the United Nations Advisory Mission in Rwanda [UNAMIR] and the UN agencies and non-governmental organisations that have been at the forefront of providing humanitarian assistance within Rwanda. The results of the workshop should form the basis of a document presented to the United Nations, entitled ***The Peacekeepers and the Humanitarian Community: Lessons Learned from Rwanda***.

Reçu le - 2 OCT. 1995

Proposed Workshop Format and Agenda

The workshop, to last for one and one-half days, will be divided into a set of plenary and small group sessions covering the following topics:

- * Review of UNAMIR-UN-NGO Activities
- * Coordination arrangements
- * The Capacity and Use of Military Assets for Humanitarian Activities
- * The Humanitarian Mandate and the Responsibility of the Peacekeepers

Each plenary and small group session will be based initially upon a short briefing note intended to guide the discussions. The tentative agenda attached seeks to bring out lessons-learned by reviewing past patterns of activities and focussing upon specific issues where valuable insights might be gained.

Responsibility for each of the proposed workshop papers will be divided between UNAMIR and UN agencies. It is assumed that each paper will not exceed four pages.

Workshop Participants

The workshop has been designed for senior management in UNAMIR and the UN agencies as well as for representatives of the NGO community. The SRSG, the Force Commander and the UNHC may at the same time wish to consider inviting representatives from DHA and DPKO New York. Excluding any participants from headquarters, the workshop has been designed for twenty-four participants:

10 Senior UN agency representatives

10 UNAMIR representatives

4 NGO representatives

Workshop Budget

The preliminary budget for the workshop is based upon costs for an overnight stay in a hotel outside Kigali, including accommodation, meals, meeting rooms and documentation, is US\$ 3100.

Tentative Agenda for 27-28 October 1995 Workshop

Day One:

DRAFT PAPER BY THE SRSG
1st RBA-UNCHS (Habitat) Consultation for UNDP Resident
Representatives from African countries in Crisis

Mr. Chairman, delegates to this consultative body, distinguished ladies and gentlemen; I would like to give my profound appreciation to UNHABITAT and, in particular, the Executive Director, Dr. Wally N'dow for inviting me to share with you some of UNAMIR's experiences as a peace-keeping mission. I must confess that it is usually not easy to attempt a topic like this without importing some of my personal, even subjective experiences which would serve as a challenge and a guide in our deliberations. In such a case, a clear understanding of the background and immediate history surrounding the very existence of UNAMIR would enhance our understanding of the issues involved.

Following the signing of a comprehensive peace agreement on August 4, 1993 which called for a democratically elected government and provided for the establishment of a broad-based transitional government until the elections, in addition to the repatriation of refugees and the integration of the armies of the two sides, i. e. the former Rwandese government and the RPF, these two signatories called for a neutral international force to help implement this Arusha Agreement. This is the genesis of UNAMIR.

UNAMIR was established on October 5 by Security Council Resolution 872(1993) with provision for the Secretary-General to appoint a Special Representative who would lead UNAMIR in the field and exercise authority over all its elements. By the end of December 1993, there was an SRSG, A UNAMIR Force Commander with a battalion to establish Kigali as a weapons-secure area.

Even though the then MRND government and RPF expected UNAMIR to oversee and assist Rwanda during the transitional period of twenty-two months leading to democratic rule, circumstances prevailing at the time did not make it possible for democratization to take place as envisaged. Generally, the parties showed goodwill and cooperation in their contacts with each other and with the UN. The ceasefire was also respected. However, there were signs of mutual intransigence. In the course of January to March 1994, all attempts by the Secretary-General and his Special Representative, supported by a number of governments both within and outside the region, as well as the OAU Secretary-General and the observer states to the peace process to install the transitional institutions as provided for by the Arusha Peace Accords failed.

Despite the attendant political tensions which were marred by some violent incidents, assassinations and demonstrations, UNAMIR forces continued to play a stabilising role with the deployment of additional personnel and equipment. The authorised strength of 60 UNAMIR civilian police monitors with headquarters in Kigali was in place. In carrying out its mandate which was to assist in maintaining public security through the monitoring and verification of the activities of the gendarmerie and the communal police, CIVPOL worked closely with both sides in Kigali.

Double Accusation Against UNAMIR:

UNAMIR finds itself in an unenviable position; as former Rwandese authorities (now in exile) have found it convenient to blame UNAMIR for having lost the war to the then RPF; whilst some authorities of the present government continually accuse UNAMIR of providing shelter to members of the interahamwe. Quite to the contrary, UNAMIR has been playing the role of peace-keeper in a climate of mutual suspicions and antagonisms; facilitating the declared policy of the Rwandese government of national unity to repatriate the refugees mainly from Zaire, Tanzania and Burundi.

UNAMIR, in collaboration with the Agencies and NGOs, has adopted good sense and judgment by working side-by-side with the Rwandese government through the Ministry of Rehabilitation and Social Reintegration in what could be described as an otherwise successful programme for the safe and speedy return of the displaced persons in the diaspora.

HUMANITARIAN ASSISTANCE:

UNAMIR's presence in Rwanda is in many ways an important feature in the day-to-day life of the humanitarian community. UNAMIR's humanitarian unit and military component continue to provide essential services to UN agencies, bi-laterals, NGOs and even to the media ranging from security to logistics (transport of humanitarian commodities, fuel, communications, medical support, access to UNAMIR air services, etc.), information sharing and even the direct delivery of assistance.

I have also found it useful and necessary, in my capacity as the **designated UN Humanitarian Co-ordinator for Rwanda** and, as a matter of fact, the overall UN leader in Rwanda, to personally participate in weekly Inter-Agency (and regular NGO) co-ordination meetings which are held at the premises of the UNDP Resident Representative and Resident Coordinator. These meetings provide a forum for concerted action and joint strategic planning by the international community at large in the search for solutions to Rwanda's numerous post-war and post genocide problems and challenges. In addition, this also enhances our mutual understanding and, hence, working relationship, as members of one UN family in the country.

Working together as a team and co-ordinating our collective endeavours for the ultimate benefit of the Rwandese society, UNAMIR has continued to support and work with the Government of Rwanda, UN agencies and NGOs not only in the delivery of humanitarian assistance; but also in addressing key issues relating to recovery and rehabilitation. More specifically, we have found the adoption of the **Integrated Humanitarian Response (IHR)** strategy and the subsequent creation of the **Integrated Operations Centre (IOC)** with headquarters at the Rwandese Ministry of Rehabilitation and Social Reintegration as a sound pragmatic tool for addressing otherwise intractable humanitarian problems. The Integrated Humanitarian Response strategy is a network of partners comprising the Government, UN Agencies, NGOs and UNAMIR which, by definition, implies the pooling of resources i.e. human, financial and logistic; in order to solve outstanding

issues and/or satisfy desired objectives. UNAMIR's experience in this all-important area suggests that representatives of the government, Agencies and NGOs that engage in decision making should possess sufficient de jure and de facto authority for all practical purposes to translate their decisions for implementation into actions on the ground. In the case of Rwanda, it would appear that the security variable; and hence RPA interest should always be factored into the decision-making process.

Mr. Chairman, distinguished ladies and gentlemen, our most daunting challenge today, four days before the end of the current mandate of UNAMIR, is reflected in the general, or rather, overall assessment of what UNAMIR has been able to achieve so far.

Whereas the Rwandese authorities and the Security Council are generally agreed on the relative usefulness of UNAMIR vis-a-vis its mandate, the perception, utterances, and I dare say, reaction of the Rwandese populace in general suggest a less than wholesome appreciation of the role of UNAMIR as an assistance mission in Rwanda. Obviously, emotions tend to run very high following the events that afflicted the country in April to July, 1994.

One main reason for this rather negative image is UNAMIR's inability or unwillingness to-date to mount a public information campaign which would give the true picture of UNAMIR's role in Rwanda. Only then would everybody understand that, in addition to achieving its role as given by the mandate, UNAMIR's humanitarian support for Rwanda also covers the following:

Transportation:

Return of over 57,000 IDP's and thousands of refugees;
Movement of thousands of orphans to orphanages;
Movement of thousands of tons of foodstuff/seeds to ensure proper resettlement of returnees at home;
Nationwide distribution of exam papers;
Nationwide distribution of new Rwandese currency;
Relocation of 2400 prisons to less crowded prisons;
Evacuation of serious casualties to hospitals; and
The gift of vehicles to the Rwandese government and local NGOs.

Preventive Medical Services:

Preventive medical clinics conducted in Kigali, Muyumba and other parts of Rwanda;
Bacterial water analyses, waste disposal advice and vector control programmes for orphanages throughout Rwanda;
Larvae and fly control, water analyses and waste disposal;
Supervision of mass burials and disinfection of grave sites at Kibeho and Gisenyi IDP camps; and
Over 6000 children immunised against measles.

Medical Treatment:

Over 260,000 Rwandese treated as outpatients;
Over 2,500 Rwandese treated for dental problems;

2,000 Rwandese treated as inpatients for diagnostic, surgical and intensive care needs;
580 medical evacuations for Rwandese seriously injured by vehicle accidents, mine incidents and serious illness; and
330 medical evacuations from Kibeho camp.

Medical Training:

Education of Rwandese medical/nursing staff in dressing, sterilization, surgical and resuscitation procedures, nursing systems and x-ray equipment operation;
Course development for the training of 500 local nurse auxiliaries;

Demining:

Demining activities conducted in Kigali, Rwamagana and Ndera.

Explosive Ordnance Disposal:

Hundreds of EOD tasks completed rendering many schools, orphanages, churches, government buildings and ministerial residences safe from explosive, mine, mortar and rocket ordnance throughout Rwanda.

Bridges and Roads:

Bridges constructed at Busoro, Gatuna and Nyamata and repaired at Nyamata and Mata.

Maintenance and Recovery:

Recovery equipment and expertise provided extensively throughout Rwanda to clear wrecked vehicles; and
The repair of essential Rwandese government and RPA vehicles.

Communications Support:

Repair, maintenance and re-establishing of RWANDATEL local lines, radio duplexers and VHF radio repeaters;
Repair of Nyanza satellite equipment; and
Provision of field cables in home communes and generators on loan to the Rwandese government.

Agricultural Activities:

UNAMIR troops have assisted farmers with the weeding, cultivating and harvesting of their crops.

Miscellaneous:

Restoration of water/electrical supplies in Kigali, Cyangugu, Byumba and Kibungu;
Bulldozer taskings throughout Rwanda;
Track construction and improvement at various sites;
Reconnaissance of Nyanza, Kibuye, Gitarama, Gitagana and Nsinda prisons to determine how to improve conditions.

As could be seen therefore, UNAMIR has also had some positive experiences in Rwanda; all calculated, in a modest way, to usher a climate of normalcy in a country torn by civil strife and senseless genocide recently. That all the other humanitarian players, and I dare say returnees, tend to flock around the **casques blues** is symptomatic of the critical humanitarian role of UNAMIR as a facilitator.

UNAMIR's experience in this arena is that unless the majority of the Rwandese refugees repatriate voluntarily; and until the trials of those accused of genocide commence in earnest either through the International or National Tribunal(s); thus cleansing the very ghost of genocide itself, our collective search for an enduring peace may be difficult to realize. Equally important is the overwhelming need for the international donor community to continue giving Rwanda much-needed development assistance to enable the society enjoy the much talked-about tolerance and reconciliation that the government and people of Rwanda are yearning for; and indeed so desperately need.

I thank you for your attention.

MINUTES OF UHAAG MEETING OF WEDNESDAY 25 OCTOBER 95

HELD AT 1500 HRS IN UNAMIR CONFERENCE ROOM

PRESENT :	Lt Col T J Fox	Chairman
	Mr S Dao	SRSG Rep
	Maj S Agarwal	FEO
	Maj S K Prasad	Secretary

ITEM I - INTRODUCTION

1. The Chairman welcomed all participants and opened the meeting at 1510 hrs.

ITEM II - MINUTES OF LAST MEETING

2. The Secretary read out the minutes of the last meeting.

ITEM III - POINTS FROM LAST MEETING

3. **Engineering Support**. The FEO informed that the dozers have not been moved to new task sites including Gikongoro canal due to non-availability of trailers. The Chairman and the SRSG rep expressed their concern as number of urgent humanitarian assistance tasks were getting delayed while the engineer detachments were lying idle in remote locations. The FEO informed that as per his information the trailers were likely to get hired within the week. The Chairman expressed his hope that the trailers become available at the earliest as it was already nearing a month since the contract had expired and work had come to a standstill.

Action - STO

4. **Dumper Trucks for Transportation of Laterite**. The FEO informed that Force Engineer Company had completed the task of transportation of laterite for Kabuga Development Centre.

5. **Blankets for Orphanages in Gitarama Prefecture**. The Secretary informed that 858 blankets had been collected from Austrian Relief Programme and distributed to the orphanages in Gitarama.

6. **Reconstruction of Bailey Bridge at Gashora**. The FEO informed that transportation of bridging material from Kigali to Gashora had been started. The launching of the bailey bridge will be undertaken after the completion of dozer work by MINITRAPE. They are likely to complete the dozing within this fortnight.

ITEM IV - REQUESTS DEALT WITH BY HAC

7. **Transportation Requests**. Following transportation requests accepted by H A C were forwarded to DCOS OPS :-

- (a) Transportation of government rations (8 tons) from Kigali to Butare (Sector 3B).
- (b) Transportation of potato seeds (15 tons) and beans (10 tons) from Kigali to Rutare and Giti respectively.
- (c) Transportation of office equipment for Kibuye prefecture office from Kigali to Kibuye.

Action - G3 OPS

8. **Medical Support to Prisoners.** The Secretary informed that consequent to Civpol report on poor medical conditions in Makango commune cachot Makango in Gitarama prefecture and request of local RPA commander, ICRC had been approached for providing medical assistance.

9. **Provision of Diesel for Generator at Ministry of Rehabilitation.** The Secretary informed that request for provision of diesel for generator at Ministry of Rehabilitation had been forwarded to DCOS SP. The Administration had agreed to provide the fuel and had asked the Ministry for further details.

ITEM V - REQUESTS CONSIDERED BY UHAAG

10. **Provision of Septic Truck and Pit latrines at Kanombe Military Hospital.** A request was received from the Kanombe Military Hospital authorities for provision of septic truck for a day and digging of pit latrines. The request was accepted by the Group. The septic truck will be provided after the pending requests have been cleared. Digging of pit latrines will be undertaken by the Force Engineers.

Action - STO / FEO

11. **Grader and Dump Trucks for Kibungo.** A request was received from Department of Roads and Bridges for provision of a grader for road repairs and dump trucks for haulage of gravel in Kibungo. The FEO informed that these equipment were not available at present due to the ongoing task at Gashora bridge and the pending tasks.

12. **Pit latrines at Primary School in Kigali.** A request was received from a primary school in Kigali for digging of pit latrines. The request was accepted in case the school was capable of undertaking construction of the latrines once the pits had been dug. The task will be done by the Force Engineer Company after ascertaining the requirements and financial capabilities of the school.

Action - FEO

13. **Security Fencing at Butare Rehabilitation School.** A request had been received from the School authorities, through MILOBS Sector 3B, for construction of a security fencing at Butare School. The Group decided that the matter could be decided after exact requirements had been assessed by the Force Engineers and MILOBS, in consultation with the school authorities, and subject to the cost being reasonable.

Action - FEO / SECTOR 3B

Subject : HUMANITARIAN ASSISTANCE TO A LOCAL PATIENT

1. As we agree this morning, I am to prepare this paper regarding the assistance of a local patient Mr JEAN CLAUDE UWIZEYE of 19 years old that need a cornea transplant like only chance to save his vision since he has a progressive illness.

2. His mother Ms Speciose MUTUYIMADA came to my office for assistance, mother of 5 and widow since 7 years ago, she has got the necessary money to carry out the surgery in Pretoria, Republic of South Africa but not to travel and live there for 2 months.

3. I explained to her that the only exceptional support from UNAMIR could be the travel from Kigali to Nairobi and back, but I started an immediate search asking for support from Embassies and NGOs. I had the tremendous happiness to find in the US Embassy a positive answer, they cannot bring aid to individuals because of the administrative restrictions but they got the humanitarian side of the problem like us and through an American Doctor, they found in Pretoria the person that offered the requested support to help the mother and the young man the necessary time. It was a wonderful answer.

4. The mother already sent the son to South Africa with a trader that came to Kigali some days ago, and actually the only need is about travel tickets for the lady from Nairobi to Johannesburg and back, and for the son from Johannesburg to Nairobi.

5. The estimated costs of the tickets is around US \$900 to US \$1000. We consulted the lower price in a Kenyan Agency.

6. Since many people spontaneously made efforts to save the vision of this Rwandan student and we are very near of a happy end, I am to request from SRSG an additional help about the above mentioned travel tickets that could be the final knot to tie and coordinate everything.

7. Best regards.

Subject : HUMANITARIAN SUPPORT TO A RWANDAN PATIENT

1. The HAC (Humanitarian Assistance Cell) of UNAMIR HQ has received an anguished request for help from Ms SPECIOSE MUTUYIMANA. This lady, widow since seven years ago, is mother of five, and has asked us for help for her second son, JEAN CLAUDE UWIZEYE, 19 years. This young man is slowly loosing his vision and his only chance is a laser surgery for Keratoplasty.

2. The surgery can be done in Pretoria Eye Institute, Pretoria, Republic of South Africa. Ms Mutuyimana has the economic resources to afford the surgery but cannot afford the cost of travel, accommodation and food for the period of stay in Pretoria. The time of stay would depend on the nature of illness and the treatment and is likely to be from 7 days to two months. UNAMIR can support her by arranging the travel from Kigali to Nairobi and back.

3. We request, from you, some additional aid to help this suffering Rwandan family, in every possible and positive way. Anything that you can do regarding this matter will be highly appreciated.

Dear Mr Garwabye

re: **PATIENT JEAN CLAUDE UWIZEYE**

Thank you for the referral. We would be happy to assist. Surgery (corneal transplant) would cost in the vicinity of R7 500.00. including theatre fees, ophthalmic surgeon and anaesthetist fees. If the patient has to stay over in hospital for some time, hospitalization costs will be added at R406.80 per day.

To be able to bring allergic conjunctivitis under control and waiting for a suitable donor cornea, may take some time (7 days to two months). If the patient can stay over with relatives or friends in Pretoria while undergoing treatment for the conjunctivitis, and while waiting for a cornea, we will be able to assist the patient.

Yours faithfully
