**MINUTES OF DFC/COS's WEEKLY ADMINISTRATIVE MEETING
WITH DEPARTMENT HEADS
HELD AT FHQ CONFERENCE ROOM ON 26 SEPTEMBER 1994**

Present:	Col	J Arp	-	DCOS OPS - Chairman
	Col	KP O'Kelly	-	DCOS Sp
	Col	CB Yaache	-	CHAO
	Col	Diarra	-	Commissioner CIVPOL
	Mr	PJA Hornsby	-	CSS
	Lt Col	S Iliya	-	CMO Rep
	Maj	R Crawford	-	Medical Branch Rep
	Lt Cdr	S Sam	-	MA to DFC/COS - Sec

OPENING REMARKS

1. The meeting commenced at 1040 hrs with the Chairman welcoming members to the meeting. The minutes of the last meeting were adopted as recorded.

ITEM 1 - MATTERS ARISING FROM MINUTES OF PREVIOUS MEETING

2. a. **CIVPOL equipment/inputs requirements.** The CIVPOL Commissioner mentioned that the issue of equipment/ inputs requirements for the training of Rwandese gendarmes had yet to be addressed. He attributed the delay to the fact that, to date, the Rwandan Government has not submitted its official request to UNAMIR for this training.

b. It was directed that, since UNAMIR does not have a budget for the training of local gendarmes, the Rwandese Government needs to be advised once again to identify her requirements so that these can be acquired through a bilateral aid programme.

c. The need for maximum participation by French-speaking CIVPOL African countries in UNAMIR was stressed. The CIVPOL Commissioner promised to continue to use his personal contacts to assist in this direction.

d. **Tentage for TUNBATT.** Members suggested that while efforts are being made to secure premises from the local authorities for use by TUNBATT, Bns/Coys should be directed to release to TUNBATT UN tentage which is on their charge but not being used, until the accommodation problem is solved.

e. The Chairman promised to take up the issue with Bns/Coys Comds.

f. **Telephone facilities for MILOBS.** It was mentioned that the telephone user charge of US\$10 per minute is very high and therefore needs to be reviewed.

ITEM 2 - ISSUE OF POL LOG BASE

3. A member observed that there is no POL metre/gauge at the POL point at the Log Base and thus future accountability of fuel used or issued would be difficult. It was therefore decided that a POL metre/gauge should be procured and fixed to all POL machines at the Log Base.

DCOS SP

ITEM 3 - VEHICLES FOR CIVPOLS

4. It was stated that the newly-arrived Nigerian and Ghanaian CIVPOLS had not yet been deployed because of the unavailability of vehicles. It was further stated that the CIVPOL administration needed only four vehicles to enable it to deploy the CIVPOLS.

	<u>Action</u>
5. The issue was raised regarding the five UNOMUR vehicles which should have been reassigned immediately to MILOB GP HQ for use but ended up at CTO's outfit for registration formalities.	DCOS SP
6. The following decisions were taken:	
a. Vehicle Allocation Committee should meet immediately to redistribute vehicles appropriately as directed earlier;	
b. MILOB GP HQ's and CIVPOL's request for vehicles should be addressed immediately.	
<u>ITEM 4 - EXTENSION OF SERVICE - MILOBS</u>	
7. The issue was brought up regarding requests for extension of service in UNAMIR by MILOBS transferred from other peace-keeping missions on a temporary basis. A member mentioned that a formal request would be made to the FC for his concurrence.	CMO
8. The question was raised as to whether such MILOBS would be entitled to the award of a second UN medal if their requests were approved.	CSS
9. It was decided that the possibility should be explored of awarding a UN Medal Bar, in addition to the UN badge, to deserving personnel who are assigned to one mission and transferred to another. The meeting was told that this had been possible in earlier missions elsewhere.	
<u>ITEM 5 - OTHER MATTERS</u>	
10. <u>CAO's information circular on revised MSA rate.</u> Members observed that the CAO's information circular on the revised MSA rate had not been received by most personnel who needed to know its contents. It was therefore directed that the secretary should ensure the proper distribution of the said information circular.	DCOS SP
11. <u>Payment of ration allowance to staff officers/men.</u> The payment of a ration allowance to staff officers/men came up for discussion once again. Members expressed the need for staff officers/men to be advanced some monies for feeding since rations have ceased to be issued.	DCOS SP CSS
12. <u>Reimbursement - MILOBS.</u> A member remarked that those MILOBS who had disbursed various monies from private sources in their sectors during the Rwandan civil war for the purchase of operational requirements have not yet been reimbursed.	
13. It was directed that new submissions should be made by the MILOBS for the necessary reimbursement to be effected. To forestall such delays in future,	CMO CSS

Action

the need for the setting up of an internal coordination system at the MILOB GP HQ was stressed. The sole responsibility of such a system, would be to coordinate the claim submissions of MILOBS to FHQ to facilitate early payments.

14. A member informed the meeting that there were also plans to deploy Field Service Administrators (FSAs) in all sectors to take charge of administrative problems there. He further stated that presently FSAs had been deployed in Sector 4 only.

CSS

ITEM 6 - CLOSING REMARKS

15. The Chairman reminded members to submit proposed agendas for meetings at least a day before each meeting to MA to DFC/COS for coordination.

MILINFOSUM FOR THE PERIOD 3060600B SEP 94-010600B OCT 94

1. SUMMARY The situation throughout the country remains calm. The RPA are making efforts to reassure the population of Sector 4A.
2. REFUGEE AND DP ACTIVITIES
 - a. 80 refugees were reported to have returned to RWANDA through Sector 1. Sector 4A reports 50 refugees leaving RWANDA for BURUNDI.
 - b. 520 refugees are reported to have returned to RWANDA through Sector 4B and a further 200 through Sector 5.
 - c. The total number of refugees reported to have entered the country during the reporting period is 800 with 50 reported to have left.
3. RGF/INTERAHAMWE ACTIVITIES
 - a. There are 3 differing reports on the whereabouts of the RGF formerly based in the GOMA area. They are reported to have moved further into ZAIRE to qualify for humanitarian aid, they are reported to have left GOMA to join their compatriots in BUKAVU and they are reported to have taken off their uniforms and joined the population of the camps.
 - b. In KATALE refugee camp (near GOMA) it is reported that 2 rival militia gangs fought for control of a road junction. The exact casualty figure is not known but it is believed that between 6 and 12 people were killed. ICRC were told of the existence of a "hit-list" in the camp which contained some names of NGOs to be executed by the militia. NGOs began to evacuate from the camp at approx 1500 hrs yesterday.
 - c. There are reports of small groups of INTERAHAMWE infiltrating into Sector 2B at night. The groups generally consist of 3-4 people and return to TANZANIA at the end of the night. Those reported to date have only been armed with machetes.
4. MISCELLANEOUS INCIDENTS
 - a. The border crossing point GISENYI-GOMA remains closed to UNAMIR personnel. The crossing points into all other neighbouring countries are open.

b. A UNHCR vehicle was stopped and searched at an RPA checkpoint just to the East of GIKONGORO (Sector 4A). The vehicle was allowed to proceed after the search. The RPA LO in TAC HQ will speak to his higher formation in GIKONGORO in an attempt to clarify the situation regarding the RPA searching of UNHCR vehicles.

c. At approx 0300 Hrs on 01 Oct 94 about 12 shots were reported to have been fired in the vicinity of the prison in BUTARE (Sector 3). The RPA claim that they foiled an attempted break out and that there were no casualties.

d. The RPA have reported that the RUHENGARI (Sector 5) area is not completely secure. They are arresting about 15 former RGF troops every week. To date 2 RGF soldiers have been killed when they offered armed resistance to their arrests.

e. GHANBATT report that the RPA have held meetings with camp leaders in KIBEHO (Sector 4A, GR 5007) and the townsfolk of MUGANZA (Sector 4A, GR4303).

5. ASSESSMENT

a. The whereabouts of the former RGF who used to occupy camps in the GOMA area is now believed to be close to the town of SAKE in ZAIRE. The move was probably carried out to entitle the former RGF troops to humanitarian assistance. Reports that the troops have moved to BUKAVU or entered the camps in GOMA without their uniforms are likely to have their origins in the actions of a small number of individuals.

b. It is assessed that although the former RGF retain the capability to mount small scale insurgent attacks they are not organised enough to mount a conventional attack on the town of GISENYI as claimed by a clandestine radio station in ZAIRE.

c. The meetings held by the RPA in Sector 4A are almost undoubtedly aimed at persuading DPs to return home and also at persuading local people to remain in the area. The actions of the RPA have been "heavy handed" to date and they will need to orchestrate a coordinated campaign to reassure the population that they are genuinely concerned more with re-establishing the country than revenge.

HQ UNAMIR

G2/2000

PASSAGE OF INFORMATION

1. The Force Commander has expressed his concern about the flow of information through UNAMIR as whole. It is the function of the G2 Cell within this HQ to establish and maintain a system for the collection, collation and dissemination of all military information within UNAMIR.

2. It cannot be over emphasised that all information needs to be passed quickly and accurately to the G2 Cell in order that they are able to fulfil their task of keeping the Force Commander and the remainder of UNAMIR as fully informed on the situation as possible. There are, however, a number of particular points to which I would ask particular attention be paid.

MASS GRAVES

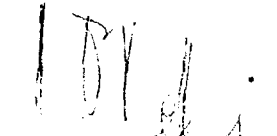

3. MILOB Gp HQ s asked to compile a list of all mass graves and massacre sites identified thus far. The list should be forwarded to this HQ with a grid reference, approximate number of bodies contained therein and a description as to whether the bodies are buried or on the surface.

BANDITRY

4. This HQ receives occasional reports of incidents of "banditry". The details are often vague and contain little in the way of facts. It is requested that MILOBs be tasked to ask specific questions of people reporting such incidents in order to ascertain exactly what happened, where and when. It is also important to determine whether or not the person who reported the incident is an eye-witness or merely passing on information from a third party.

BORDERS

5. The state of the borders between RWANDA and neighbouring countries is of interest to this HQ and it is requested that the daily SITREP issued by MILOB Gp HQ be augmented by a statement declaring the borders to be open or closed to UNAMIR, refugee or NGO traffic.

PROVISION OF PETROLEUM, OILS AND LUBRICANTS TO EXTERNAL AGENCIES

1. In the immediate aftermath of the recent war in Rwanda, there was a critical shortage of petroleum, oils and lubricants (POL) in the country; as a result the important work of the NGOs was in danger of collapsing as they were unable to move about the country. In these circumstances, UNAMIR agreed to provide POL products, on repayment, to NGOs from its own stocks.

2. Over the past 2 months, the infrastructure has recovered to the extent that POL is now readily available in the major centres; the original reason why POL was made available to NGOs therefore no longer pertains. In addition, the rapid build up of UNAMIR itself has begun to place a strain on our own operational reserves.

3. It has therefore been decided that with effect from 31 Sep 94 UNAMIR will cease making issues of POL to NGOs. UNREO are asked to notify this decision to all UN agencies and NGOs.

4. NGOs which have received fuel from UNAMIR sources will shortly receive an invoice covering those deliveries.

MILINFOSUM FOR THE PERIOD 270600-280600B SEP 94

1. SUMMARY The situation throughout the country remains calm.
2. REFUGEE AND DP ACTIVITIES
 - a. 301 refugees are reported to have been repatriated from ZAIRE through RUSUZI and BUGERAMA in Sector 4C on 27 Sep 94.
 - b. No figures were received from Sector 5.
 - c. It has been reported that DPs are moving out of camps in RWAMIKO (GR 4913) and RURAMBA (GR 4716). They are reported to be heading south towards BURUNDI.
3. RGF/INTERAHAMWE ACTIVITIES
 - a. There have been several reports that the former RGF troops in the GOMA area of ZAIRE have disappeared. Efforts are being made to verify these reports and a definitive answer will be forthcoming shortly.
 - b. Reports have been received of a radio station broadcasting from ZAIRE that the former RGF intend to launch an offensive into RWANDA from the GOMA area.
4. MISCELLANEOUS INCIDENTS
 - a. There are continued reports of arrests by the RPA in Sectors 3 and 4.
 - i. Mr Lauvrien Kubwirama, acting manager GATARE Agriculture Project was arrested at GATARE (GR 3535). He is reported to have been taken to WISUMO.
 - ii. In Sector 4C, on 26 Sep 94 Cordon and Search Operations in CYANGUGU (GR 7724) and KAMEMBE (GR 7825) resulted in the arrest of 14 men and 1 woman.
 - iii. In RWAMIKO on 22 Sep 94 a Burghermeister was arrested and in KIBEHO, on the same day, a teacher was also arrested. The reasons for the arrests are not known.
 - b. In MUGANZA (GR 4305) a woman is reported to have been shot by an RPA soldier at 272200 B Sep 94. The victim received medical attention from the British Medical team at RUNYOMBYI (GR 4893). An investigation is underway.

5. ASSESSMENT

a. The reported move of the RGF from the GOMA area combined with reports of radio broadcasts saying that the RGF intend to launch an offensive from the area imply a deception plan. The RPA are reported to have 4 Bns in the area which suggests that they believe the RGF to be still in GOMA. Should the reports of the RGFs move prove to be true then the possibility of them having moved to BUKAVU with the intention of beginning hostilities cannot be discounted.

OPENING REMARKS

1. The meeting commenced at 1040 hrs with the Chairman welcoming members to the meeting. The minutes of the last meeting were adopted as recorded.

ITEM 1 - MATTERS ARISING FROM MINUTES OF PREVIOUS MEETING

2.
 - a. **CIVPOL equipment/inputs requirements.** The CIVPOL Commissioner mentioned that the issue of equipment/ inputs requirements for the training of Rwandese gendarmes had yet to be addressed. He attributed the delay to the fact that, to date, the Rwandan Government has not submitted its official request to UNAMIR for this training.
 - b. It was directed that, since UNAMIR does not have a budget for the training of local gendarmes, the Rwandese Government needs to be advised once again to identify her requirements so that these can be acquired through a bilateral aid programme.
 - c. The need for maximum participation by French-speaking CIVPOL African countries in UNAMIR was stressed. The CIVPOL Commissioner promised to continue to use his personal contacts to assist in this direction.
 - d. **Tentage for TUNBATT.** Members suggested that while efforts are being made to secure premises from the local authorities for use by TUNBATT, Bns/Coys should be directed to release to TUNBATT UN tentage which is on their charge but not being used, until the accommodation problem is solved.
 - e. The Chairman promised to take up the issue with Bns/Coys Comds.
 - f. **Telephone facilities for MILOBS.** It was mentioned that the telephone user charge of US\$10 per minute is very high and therefore needs to be reviewed.

ITEM 2 - ISSUE OF POL LOG BASE

3. A member observed that there is no POL metre/gauge at the POL point at the Log Base and thus future accountability of fuel used or issued would be difficult. It was therefore decided that a POL metre/gauge should be procured and fixed to all POL machines at the Log Base.

DCOS SP

ITEM 3 - VEHICLES FOR CIVPOLS

4. It was stated that the newly-arrived Nigerian and Ghanaian CIVPOLS had not yet been deployed because of the unavailability of vehicles. It was further stated that the CIVPOL administration needed only four vehicles to enable it to deploy the CIVPOLS.

	<u>Action</u>
5. The issue was raised regarding the five UNOMUR vehicles which should have been reassigned immediately to MILOB GP HQ for use but ended up at CTO's outfit for registration formalities.	DCOS SP
6. The following decisions were taken: <ul style="list-style-type: none"> a. Vehicle Allocation Committee should meet immediately to redistribute vehicles appropriately as directed earlier; b. MILOB GP HQ's and CIVPOL's request for vehicles should be addressed immediately. 	
<u>ITEM 4 - EXTENSION OF SERVICE - MILOBS</u>	
7. The issue was brought up regarding requests for extension of service in UNAMIR by MILOBS transferred from other peace-keeping missions on a temporary basis. A member mentioned that a formal request would be made to the FC for his concurrence.	CMO
8. The question was raised as to whether such MILOBS would be entitled to the award of a second UN medal if their requests were approved.	CSS
9. It was decided that the possibility should be explored of awarding a UN Medal Bar, in addition to the UN badge, to deserving personnel who are assigned to one mission and transferred to another. The meeting was told that this had been possible in earlier missions elsewhere.	
<u>ITEM 5 - OTHER MATTERS</u>	
10. <u>CAO's information circular on revised MSA rate.</u> Members observed that the CAO's information circular on the revised MSA rate had not been received by most personnel who needed to know its contents. It was therefore directed that the secretary should ensure the proper distribution of the said information circular.	DCOS SP
11. <u>Payment of ration allowance to staff officers/men.</u> The payment of a ration allowance to staff officers/men came up for discussion once again. Members expressed the need for staff officers/men to be advanced some monies for feeding since rations have ceased to be issued.	DCOS SP CSS
12. <u>Reimbursement - MILOBS.</u> A member remarked that those MILOBS who had disbursed various monies from private sources in their sectors during the Rwandan civil war for the purchase of operational requirements have not yet been reimbursed.	
13. It was directed that new submissions should be made by the MILOBS for the necessary reimbursement to be effected. To forestall such delays in future,	CMO CSS

the need for the setting up of an internal coordination system at the MILOB GP HQ was stressed. The sole responsibility of such a system, would be to coordinate the claim submissions of MILOBS to FHQ to facilitate early payments.

14. A member informed the meeting that there were also plans to deploy Field Service Administrators (FSAs) in all sectors to take charge of administrative problems there. He further stated that presently FSAs had been deployed in Sector 4 only.

ITEM 6 - CLOSING REMARKS

15. The Chairman reminded members to submit proposed agendas for meetings at least a day before each meeting to MA to DFC/COS for coordination.

16. The meeting came to a close at 1125 hours.

Monsieur le Ministre

KIG/HCR/0531/94

Kigali, le 9 Septembre 1994

O Monsieur le Ministre,

J'ai l'honneur de soumettre a votre attention le cas de Monsieur Benoit KALIBARA (né en 1960, gestionnaire au MINAFFET) récemment rentré de Gikongoro qui aurait été arrêté le 30/08/94 dans l'après midi dans sa maison a Kanombe près de la route conduisant a Rubilizi

Selon des témoins Monsieur Kalibara tentait de reprendre possession de sa maison lorsque les occupants l'ont accusé d'être un "interahamwe" et en ont informé un militaire qui a aussitôt procédé a son arrestation. Depuis lors les proches de Mr Kalibara sont demeurés sans nouvelles.

Sans préjuger des accusations portées contre Mr Kalibara et afin de pouvoir confirmer que les personnes déplacées et les réfugiés qui rentrent, sont traitées de manière juste et conforme a la loi, je vous saurais gre de bien vouloir vous enquérir auprès des autorités compétentes de la situation de Mr Kalibara.

O Je vous prie de croire, Monsieur le Ministre, a l'assurance de ma tres haute considération.

MILINFOSUM FOR THE PERIOD 240600-260600B SEP 94

1. SUMMARY The situation in Rwanda is generally stable.

2. REFUGEES AND DPS ACTIVITIES

- a. There are 232 refugees repatriated from Zaire through Rusuzi and Bugarama in Sector 4C on 24 Sep 94 and 205 on 25 Sep 94.
- b. There are further 557 refugees who have entered through check points 1, 2 and 3 and Cyanika in Sector 5 on 24 Sep 94 and 1348 refugees on 25 Sep 94.
- c. There are however 229 refugees who crossed the border to Zaire through Rusuzi on 24 Sep 94.

3. RGE/INTERAHAMWE ACTIVITIES

RPA vehicle was ambushed in Sector 2B (Grid 854388) at 240610B Sep 94. Three (3) RPA soldiers were injured. It is alleged 2 Interahamwe members are responsible for the shooting.

4. RPA INCIDENTS

There is no significant RPA incident to report.

5. MASS GRAVES

Mass graves have been located at Gishoms (Grid 8212) containing 12 old dead bodies. Several other located in Cyangugu (Grid 7725) believed to contain a total of 250 dead bodies. More details are yet to be furnished by MILOBS.

ASSESSMENT

The shooting of RPA soldiers by Interhamwe is an isolated incident which may indicate the beginning of different phases of Interahamwe activities.

MILINFOSUM FOR THE PERIOD 260600-270600B SEP 94

1. **SUMMARY** The situation throughout the country remains calm.
2. **REFUGEE AND DP ACTIVITIES**
 - a, There are 467 refugees repatriated from Zaire through check points 1,2 and 3 and Cyanica on 26 Sep 94 in Sector 5.
 - b, There are however some people who are crossing the border to collect their families.
3. **RGF/INTERAHAMWE ACTIVITIES**
 - a, There are reports from Sector 4C that RGF members are spreading propaganda that they will attack Bugarama City sometime in october this year in order to capture Rwanda.
 - b, In Sector 3 Tac HQ has reported that locals around Muyira area (GR 8629) reported that RGF soldiers (approx 400 in number) on 14 Sep 94 attacked from Burundi along the border areas and killed 17 people. Escorts who went to the same area yesterday were tasked to spend a night in order to verify the information and the general situation of the area.
4. **MISCELLANEOUS INCIDENTS**
 - a, It has been reported from Sector 4A that a strong Radio Station emanating from Burundi is urging people not to come back to their homes in Rwanda and they should stay in Burundi instead.
 - b, It has been reported from Sector 5 that the border to Zaire has been reopened to UNAMIR since yesterday.
5. **ASSESSMENT**
 - a. The propaganda by RGF to attack Bugarama is believed to be aimed at deterring refugees from coming back to Rwanda. It may also indicate their future plans to be launched when they get more organised.

INFORMATION CIRCULAR NO. 007/94

TO: All International Civilian Staff,
MILOBS, CIVPOLS & Staff Officers

DATE: 22 September 1994

FROM: A.H. Golo
Officer-in-Charge
Administration
UNAMIR

REF: PERSONNEL/NS

SUBJECT: Revised MSA Rate

1. We are advised by FOD/New York that CCS/OHRM has revised the MSA rate to US\$70.00 per day for UNAMIR staff when accommodation is provided by the United Nations and US\$40.00 per day when both accommodation and meals are provided. The effective date of implementation is 21 September 1994. This is applicable to all UNAMIR personnel in receipt of MSA and who are currently residing in the accommodations so far considered as provided by the United Nations, namely: Amahoro, Meridien, Chez Lando and Village Belge. We are further advised that these rates are not subject to any supplements for staff members at the D-1 level and above.

2. To staff officers who are currently housed in the Village Belge complex will be paid US\$30.00 per day until such time when meal facilities are established.

3. UNAMIR Management is in contact with FOD/NY to review modalities related to this situation. You will be informed in due course of any change.

Subject: Incident about CIVPOL Office

1. On September 19, 1994 in the afternoon, a lady with a group of RPA soldiers confiscated the keys of CIVPOL building with Brown & Root workers who were repairing doors bolts.

2. She contends to be an RPA military with the rank of Major and the owner of the house.

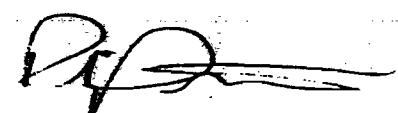

3. The CBMSO Service informed M^r Mtshana - Legal Officer of the incident with the attached letter in order to enable CIVPOL to maintain the building.

4. While waiting for a solution to the matter, I was compelled to have the door unlocked so that we could access to our working means and put a new bolt for protecting United Nations equipment inside the building.

RE: Status of Lease on CIVPOL Residence

On 19 September 1994 members of Brown & Root were stopped by members of the RPA from repairing a residence being set up for UNAMIR CIVPOL. This facility had been leased for the CIVPOL prior to the war under Lease Agreement No. 3/MIR/CON/022 from Mrs. Felicite MUKARBUNGA (see attached).

Please meet with the appropriate members of the Government of Rwanda to resolve this problem. The CIVPOL were hoping to move to this facility in the next several days.

1. REFUGEE AND DP ACTIVITIES

- a. 752 refugees were reported to have repatriated through RUSUZI 1 and BUGERAMA into Sector 4C.
- b. Sector 5 reports a total of 1577 refugees repatriated through checkpoints 1, 2 and 3.
- c. A further 60 refugees were reported to have returned to RWANDA through CYANIKA (GR 7152).
- d. The RPA are reported to have closed down the DP camp at MABAZA (GR 3473, Sector 4B). The DPs were ordered to return home.

2. RGF/INTERAHAMWE ACTIVITIES

- a. There were no RGF/INTERAHAMWE activities reported for the period.

3. MISCELLANEOUS INCIDENTS

- a. ETHIOBATT have reported that a women was arrested and imprisoned in BUGARAMA (GR 8902). The reason for the arrest is not known.
- b. RPA soldiers are reported to have fired their weapons into the air near the town of GAFUNZO (GR 9035, Sector 4C). The RPA claimed that they were test firing their weapons. The noise of the firing was reported to have greatly concerned the inhabitants of the town.
- c. A section of RPA was deployed on the border post at RAMERA (GR 4192, Sector 4A). UN forces have observed that since this deployment the flow of returning refugees from BURUNDI has decreased. Figures are not available.
- d. It is reported that all of the unoccupied houses in CYANGUGU have been taken over by the RPA.

4. ASSESSMENT

a. The population of Sector 4 remain wary of the RPA. RPA actions such as the arrest of the woman in BUGARAMA with no reason given and the test firing of weapons in GAFUNZO do nothing to reassure the population that they are in safe hands. The incidents could be a show of strength by the RPA to demonstrate that they are firmly in control of the area or alternatively they could show that the RPA is unaware of the effect their actions have upon the population in the area.

OPENING REMARKS

1. The meeting started at 1435 hrs. The Chairman welcomed all members to the meeting and asked for comments on the minutes of the last meeting. In the absence of any comments, the minutes as recorded were adopted.

Action

ALL

ITEM 1 - MATTERS ARISING FROM MINUTES OF LAST MEETING

2. a. **Visa requirements for UNAMIR personnel.** Bn/Unit/Coy Commanders are to be informed to ensure all tps have their national passports to enable required visas to be issued.
- b. **Interpreters/translators.** It was decided that the services of the interpreters/translators who will be attached to Bns in the field should be extended to MILOBS operating in their sectors.
- c. **Standing Operating Procedures (SOPs).** It was agreed that a draft Standing Operating Procedures for the mission must be completed and distributed to Departmental heads and contingents without any further delay.
- d. **CIVPOL equipment/inputs requirements.** Members suggested that the equipment/inputs required by CIVPOL in the training of gendarmes be costed and submitted to the visiting UN Under-Secretary-General for PKO for immediate consideration.

ITEM 2 - UN VEHICLES SPEED LIMITS

3. Members observed that the UNAMIR Administrative Instructions issued in respect of UN vehicles' speed limits need to be reviewed to make the speed restrictions realistic. It was decided that the vehicle speed restrictions should be given a second look to make them realistic without compromising on UNAMIR General Safety Policy.

DCOS SP

ITEM 3 - ACCOMMODATION FOR TUNBATT

4. The need to secure accommodation for TUNBATT in Sector 5 was discussed. It was directed that prompt action should be taken to secure the use of those premises suggested in G3 Plans memo on the issue to CAO dated 19 Sep 94. The Battalion is expected to deploy by 27 Nov 94.

CSS

ITEM 4 - OPERATIONAL TRAINING PROGRAMME

5. It was mentioned that there is an Operational Training Programme drawn for all the Bns/Coys. However, this proposed programme can only take off when a training area has been acquired. It was therefore decided that a formal request be made to RPA hierarchy for the identified training area to be released for use.

		<u>Action</u>
	<u>ITEM 5 - RATION FOR STAFF OFFERS/MEN</u>	
	6. A member observed that the payment of the Daily Ration Allowance to staff officers/men in lieu of rations as proposed is long overdue and suggested that a reminder be sent to the Director FOD/DPKO/UNHQ requesting that prompt action be taken on the issue.	CSS
	7. The Force Medical Officer mentioned that whilst the option is being considered by UNHQ, it was essential that some fresh rations are also issued to staff officers/men as opposed to the issue of only hard rations. He recommended that tps should only stay on hard rations for a maximum period of seven days. Thereafter, there is a medical requirement to supplement them with fresh rations and after a period, a full break to fresh rations should occur.	
	8. A member informed the meeting that plans are far ahead to provide catering facilities at the Belgian Village Mess and the Chez Lando Hotel on a cash basis. As a result, the staff officers and men need to be given their cash allowance.	CSS
	<u>ITEM 6 - PROGRAMME OF VISITS</u>	
	9. The Chairman mentioned that he had observed with disappointment that programmes of visits to the mission area are prepared and sent out without his knowledge. He also mentioned that there is lack of proper co-ordination between the military component and the civilian administration responsible for such visits. These, he said, are evidenced by numerous last-minute changes that are made in the programmes, with the consequential errors. He further directed that all programmes of visits should be submitted to him for his review and discussion with FC before being released. As a solution for better co-ordination, it was decided that the military and civilian components responsible for these VIP visits should be co-located in the same office.	DCOS SP
	<u>ITEM 7 - TELEPHONE FACILITIES FOR MILOB SECTORS</u>	
	10. A member stressed the need to install telephone facilities at all MILOB Gp Sector Hqs to enable MILOBS to communicate with their home countries on a payment basis. It was therefore directed that the Chief Communications Officer (CCO) and CANSIGS be contacted to undertake a feasibility study for the installation of telephone facilities at all MILOB Sector Hqs.	DCOS SP CANSIGS CCO
	<u>ITEM 8 - OTHER MATTERS</u>	
	11. <u>Civilian drivers for journalists</u> . It was directed that civilian drivers are to be employed to drive journalists around the AO. The MILOBS presently driving the journalists are to be withdrawn and properly employed.	DCOS SP

The Chairman promised to discuss with the Military Spokesman the possibility of pressmen driving around the mission area on their own since the security situation in Rwanda is relatively calm.

Action

12. Information flow - Belgian Village. A member suggested that there was the need for an administration circular to be passed to residents of the Belgian Village to keep them informed of all domestic affairs at the Village - for example when utility services are to be cut off. The Camp Commandant of the Belgian Village will be responsible.

DCOS SP

13. End of tour of duty - CMO. The incumbent CMO announced that he will be proceeding on a short leave prior to his departure from the mission area on or about 30 Sep 94. He further mentioned that the DCMO will act as CMO until he finally hands over his duties to the incoming CMO.

DCMO

14. The Chairman requested the CMO to inform him of his departure date in good time for a befitting farewell reception to be organized for him.

ITEM 9 - CLOSING REMARKS

15. In his closing remarks the Chairman asked all member to endeavour to take prompt actions on tasks assigned to them in order for the objective of the meeting to be achieved. He also mentioned that the meeting will be held weekly instead of bi-weekly.

Subject: Appointing a Team of UNAMIR Military Police and a Team of UNAMIR Civilian Police

A short while ago the Office of Administration (under whose overall authority Boards of Inquiry fall) was informed by the Deputy Force Commander that there is no constituted UNAMIR Military Police. UN Headquarters New York has been requested for such a unit and also for UNAMIR Civilian Police Force.

In view of the urgent need for an UNAMIR Military Police which will be tasked to investigate, among other matters, traffic accidents, I requested the SRSG to authorise an interim solution. The solution authorised by the SRSG is that "the Force Commander appoints a small international team of 4 Military Police, and the OIC Civilian Police, in consultation with the OIC Administration, appoints a similar team of Civilian Police to carry out investigations on behalf of UNAMIR until a proper constitution of these units."

I am now requesting that you make these appointments so that investigations of accidents and other incidents can begin earnestly. I fear the backlog may soon overwhelm us.

Regards.

Subject: MILITARY OBSERVERS IN RECEIPT OF MSA

1. You are, of course, aware that Military Observers are in receipt of Mission Subsistence Allowance. This Allowance is fairly generously funded to permit Observers to make their own arrangements for accommodation, food and other incidental items.
2. Because the UN naturally does not wish to pay twice for the same items, if food and accommodation are exceptionally provided under UN arrangements, an appropriate deduction will be made from the allowance.
3. The situation during the War in Rwanda, and its immediate aftermath was exceptional but that time is now at an end. Military Observers are to be reminded that they are not to consume issued rations nor to live in UN funded accommodation unless this has been declared to the Finance Officer in writing and in advance so that records may be maintained to ensure that deductions from MSA may be calculated. This applies to all officers currently enjoying Military Observers status, whether employed as such or as staff officers within the HQ.
4. Military Observers may be assured that, in calculating the reserve stock levels of rations necessary to sustain the Force in the event of emergency, their requirements have been taken into account.
5. Specifically, the purpose of this minute is to remind Military Observers that unless they have declared their intention to do so to the Finance Officer:
 - a. They may not draw composite rations nor permit or encourage any other person to do so on their behalf.

b. They may not occupy UN funded accommodation. Within Kigali, this includes the HQ building and Blue Beret Camp (BBC) (formerly known as the Belgian Village), subject to certain exceptions for those actually in now residence. These exceptions expire on or before 21 Sep 94 in the case of the HQ building and 30 Sep 94 in the case of BBC.

6. You should be aware that this matter has recently been raised with CAO by UN New York. They may well be examining the situation in Rwanda carefully, with unfortunate consequences for anyone found to be in breach of the rules concerning MSA.

1. SUMMARY The country remains calm with the gradual normalisation of conditions continuing.
2. REFUGEE AND DP ACTIVITIES
 - a. Refugees continue to return from ZAIRE to RWANDA through Sectors 4 and 5. It is reported that about 1500 refugees crossed from GOMA with a further 1000 reported to have returned from BUKAVU through RUSUZI 2.
3. RGF/INTERAHAMWE ACTIVITIES
 - a. There was no significant RGF/Interahamwe activity to report.
4. MASS GRAVES
 - a. Another mass grave has been located at SAVE (GR 746193). It contains approximately 1750 bodies. These people are believed to have been killed by the RPA during the war.
 - b. AUSMED staff have reported that the local population in the area of NYUMBA (GR6405) claim that about 20000 bodies are buried in the area of NYUMBA and NYIKIBANDA (GR6502). The exact locations of the graves are not yet known and MILOBs have been tasked to verify the accuracy of the information and to identify the graves.
4. MISCELLANEOUS INCIDENTS
 - a. In KIBOMBA refugee camp (N of GOMA in ZAIRE) it was claimed that Zairian soldiers had opened unaimed fire. It is believed that some refugees were shot. Details of the incident are vague and Sector 5 are looking into the matter.

5. ASSESSMENT

a. The total number of refugees reported to have returned from ZAIRE is the highest number yet reported. It is encouraging and indicates that the refugees consider that it is preferable to return to RWANDA rather than to remain in ZAIRE. Long exposure to the poor conditions in the camps, the deteriorating security situation and possibly pressure from the Zairian authorities have probably played their part in the decision making process. The RGF campaign to pressurise people into staying by convincing them that RWANDA is too dangerous to return to would appear to be failing.

MILINFOSUM FOR THE PERIOD 150600-160600B SEP 94

1. SUMMARY The situation throughout the country remains stable.

0 2. REFUGEE AND DP ACTIVITIES

a. ETHIOBATT report that 40 refugees have left sector 4C for Zaire. The overall trend in refugee movement continues to be into the country with 613 refugees returning to Sector 4C through RUSUZI 1 alone.

b. It is reported that people in the MURURU displaced persons camp (Sector 4C, GR 7622) are afraid of the RPA forces in the area and have sent some elders to gain assurances from the RPA for their safety.

c. MILOBs report that local people in the KIBUYE (Sector 4B, GR 2771) area are reported to be afraid of the RPA.

3. RGF/INTERAHAMWE ACTIVITIES There have been no reports of any RGF/INTERAHAMWE activity during the period.

0 4. MISCELLANEOUS INCIDENTS

a. In GIKONGORO (Sector 4A, GR 5127) the RPA is occupying former government quarters and forcing the occupants (former government employees) to leave. The occupants were not allowed to take any personal possessions with them.

5. MASS GRAVES

a. Two mass graves have been discovered in the area of KAYUMBA (Sector 2). One consists of bodies lying on a hillside at GR 094698 and the other is a covered pit at the rear of a petrol station at GR 096635. Both graves are estimated to contain about 100 bodies each. More graves are believed to be in the area and efforts are being made to locate them.

UN UNCLASSIFIED

UN UNCLASSIFIED

5. ASSESSMENT

a. The RPA are failing in their aim of attempting to reassure the population of Sector 4 that they mean them no harm. Many Hutus still fear reprisals for the earlier atrocities committed in the war. It is assessed that the flow of refugees from Sector 4 will not stop completely and may actually rise in the short term until the RPA change their tactics and approach.

OPENING REMARKS

1. The meeting commenced at 1035 hrs with the Chairman welcoming all members to the meeting. He further stated that he was glad that after a long break, it has been possible to resume the meeting after the Rwandan Civil War.

Action

AIM

2. The Chairman stressed that the primary aim of his regular meetings will be to discuss both operational and administrative problems affecting the force which are not normally discussed in detail during the normal FC's morning briefing. Again, he mentioned that it is essential that Departmental Heads meet on regular basis to discuss the progress of work in each department for a better co-ordination. The Chairman also stated that in his absence, either the DCOS Ops or DCOS Sp is to chair the meetings.

ITEM 1 - USE OF UNICEF BUILDING BY UNAMIR

3. Issues raised in the letter received from the Prefect of Kigali, Maj Rose Kabuye asking UNAMIR to vacate the UNICEF building were discussed. It was explained by a member that the UNICEF building is owned by a Rwandese who has been declared Persona non grata by the govt and it was on lease to UNICEF before the Civil war. Furthermore, the member mentioned that although the Government has no objection to the use of the building

		<u>Action</u>
	by UNAMIR, it does not want any rent to be paid to the owner of the building. The issue of UNAMIR's ejection from the building is however being resolved.	CSS
	<u>ITEM 2 - DELAYS IN ADMINISTRATIVE SUPPORT FOR THE FORCE</u>	
	4. Members expressed concern about the undue delays in the arrival of logistics items in the mission for the support of the force. Specifically, it was mentioned that there were some items still waiting in Mogadishu, Somalia to be sent into the mission area. On this score, an assurance was given by the CSS that very soon 120 containers of defence stores and various items needed by the force will arrive in the mission area.	CSS
0	5. The Chairman however, stated that it is his considered opinion, that there is the need to send designated officers from the FHQ in the future to all the store depots outside the mission area to perform personal liaison duties with the view to hastening action to enable logistics items arrive in the mission area early.	CSS
	<u>ITEM 3 - VISA REQUIREMENTS FOR UNAMIR PERSONNEL OPERATING OUTSIDE THE MISSION AREA</u>	
(6. The problem encountered by UNAMIR personnel especially MILOBS at the country's borders was discussed at length. It was decided that the DCOS Sp outfit was to work out a system to enable UNAMIR personnel be issued with the relevant visas to permit such persons free entry into the neighbouring countries for duties. Again the need for personal contacts in dealing with these foreign authorities to facilitate a better working relationship was stressed.	DCOS SP
	<u>ITEM 4 - OBSERVATIONS IN DAILY AND WEEKLY UNAMIR SITREPS</u>	
	7. Members made the observation that the Form used by the CMPO's outfit for the State of Deployment (Expanded UNAMIR) in the Daily Sitreps needed to be reviewed to reflect the true state of all the contingents.	CMPO
	8. It was also observed that although the Daily Sitreps indicates the Number of In patients/	

Sick Reports at the UNAMIR Hospital, the Weekly Sitrep which is a summary of the daily sitreps does not reflect these figures. The CMPO was advised to take note of this anomaly for future guidance.

**ITEM 5 - CARRYING OF WEAPONS/AMMUNITION
BY RPA SOLDIERS ON UN FACILITIES**

9. Members expressed the need to disarm the three RPA LOs and their escorts before allowing them access into any UN facilities in accordance with Force Commanders directives. The Chairman promised to take the issue with RPA authorities.

DFC/COS

**ITEM 6 - USE OF CYPHER ON FORCE
COMMAND NET**

10. The idea for the use of Cypher on the Force Command Net instead of the PLAIN mode was suggested by a member. Although members agreed that there could be the possibility of either the RPA/or RGA monitoring the UNAMIR's VHF and HF nets, it was essential that UNAMIR continues to maintain UN's Policy of total transparency in its operations.

11. The Chairman however promised to discuss with the SRSG and the FC the probable need to encrypt some classified messages.

ITEM 7 - INTERPRETERS/TRANSLATORS

12. Members observed that the number of interpreters/translators presently employed to assist the Force is woefully inadequate. It was stated that each battalion will require between fifteen to twenty interpreters/translators to effectively support the troops in the field. It was therefore decided as a matter of urgency that a programme which has already been submitted to the CAO's office is pursued.

CSS

**ITEM 8 - VEHICLE AVAILABILITY AND
DISTRIBUTION**

13. A member expressed his dissatisfaction with the manner in which the few available vehicles in the system have been distributed. It was noted that Staff Officers who do not need the four runner vehicles in the performance of their duties have been issued with such vehicles whilst the MILOB Gp for instance which require the use of such vehicles were issued with only five of the four runner vehicles. The Chairman also lamented that although he is the head of the Vehicle Allocation Committee, the distribution was done without consulting him.

14. After a lengthy discussion on the issue, the following decisions were taken:

a. A meeting of the Vehicle Allocation Committee is to be convened to redistribute available vehicles appropriately.

b. In view of the limited number of vehicles in the system, few vehicles should be put in a pool for use by all. Whilst the critical areas are issued with on permanent basis.

c. Efforts should be made to identify/locate where the vehicles are in the mission area. Again vehicle registration exercise is to continue until such a time that all vehicles have been accounted for.

d. All vehicles with the inscription, 'UN POL' should be should be issued to the

CIVPOL and where necessary replaced.

ITEM 9 - ROUTINE HELICOPTER FLIGHTS

15. A member suggested the introduction of routine courier helicopter flights to all sectors to enable departmental heads pay regular routine visits to all sub-units under their departments. Although this idea was considered a laudable one, the high cost of Aviation fuel will not allow this to be practised. However, critical flights were already being undertaken.

16. The issue concerning the refusal of Helicopter pilots to fly at night when requested to do so was discussed. The following decisions were taken:

a. Since all the three Helicopters are so equipped and capable to fly at night, CAO's office should take a critical look at the terms of contract regarding the helicopters to enable pilots undertake night emergency tasks.

b. The Battalions/Units should identify, mark and register suitable landing sites to allow helicopters to land both day and night.

ITEM 10 - MESSAGE AUTHORIZATION

17. Members were advised that with the expanding nature of the Force there was the need to control the manner in which messages of both operational nature or administrative nature are released to avoid misapplication and duplication of efforts. Members were reminded of the Inter Office Memorandum originated by the Chief Communication Officer on the subject dated 4 Sep 94. A member also advised that as much as possible messages of administrative nature should only be originated and released by the Civilian Administration on behalf of the force whilst the release of operational messages are to be the sole responsibility of the military component of the mission.

ITEM 11 - UN MEDALS AND CERTIFICATES

18. It was decided after discussions that the CMPO is to make the necessary projections for all those tps who are eligible for the award of UN Medals and certificates to be given without delay.

ITEM 12 - STAFF LIST

19. The G1 Staff was tasked to amend the staff list. In addition, departmental heads were advised to relay to those staff officers whose status have been changed from that of staff to MILOBs and have not yet been relieved of their duties, to continue to work in those capacities until they are properly relieved.

ITEM 13 - GENDARMERIE

20. It was mentioned that the Rwandese Government intends soliciting the assistance of UNAMIR CIVPOL to help train 6,000 gendarmes. The Chairman supported the Commissioner of CIVPOL's advise to the Rwandan Government to put in an official request to UNAMIR for consideration.

21. The Commissioner of CIVPOL was also tasked to write to the TRIOKA Mission for all equipment/inputs requirements needed for both the training of the gendarmes and in the performance of Police duties.

ITEM 14 - CLOSING REMARKS

22. The Chairman thanked members for the contributions made during the meeting and remarked that although the meeting had been long overdue, he was glad to see it resume and it had been very useful.

23. He asked members to keep him continuously informed of developments in their departments for a better co-ordination. Members were also reminded that the recent developments taking place in Rwanda as a whole and in the Force structure in particular, calls for flexibility and all must be involved in the process. He, however, cautioned against actions taken on important operational decisions without his knowledge. Even if he got know of some of them, it was often too late. For cohesiveness, he advised all to carry out close consultations at the various levels of command.

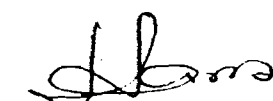

ALL

24. The Chairman finally remarked that from all indications, the FC is so far happy with the conduct of operations and urged members to continue working in the same vain.

OFFICE PROCEDURES - FORCE STANDARD DISTRIBUTION LISTS

1. New Standard Distribution Lists for use within the military component of HQ UNAMIR are attached. Staff officers are encouraged to make the maximum use of these Lists as they help ensure that no one is omitted from the distribution of any document and remove the chore of typing long distributions on each document produced.

2. The Lists must, however, be used sensibly. While they act as an aide-memoire for staff officers, they do not remove from them the responsibility of considering carefully who needs the information contained in the document under consideration. There is a balance to be struck if we are to ensure efficient and effective passage of information within the Force - those who need to know must receive the necessary information while those who do not have any interest in the subject do not want to be swamped with masses of paper which they have to read to decide whether or not they need the information it contains. We need, too, to remember that distribution of large documents on wide distributions is expensive in terms of paper, photocopying and the time of our too few clerks.

3. Standard Distribution Lists are flexible in their use, as the following examples demonstrate. If the appropriate Distribution List contains addressees who do not need a particular document, the Distribution on the document might read, for example, 'Lists A and B (less Serials 17 and 21)'. Similarly, the Lists can be used to cover a part of the total distribution of a document thus:

Lists A and B
HAC
C Log O.

4. It is also possible to differentiate between Action and Information addressees using distribution lists, for example, if it is required to notify the military staff of HQ UNAMIR of some administrative point, but it is intended that senior officers

should also be aware, and as the matter impinges upon the civilian component of the HQ, the following might be used:

Action:

List B

Information:

List A
CAO

5. In the circumstances in which we find ourselves, any system of distribution lists must be dynamic. They will be reviewed regularly by my staff but addressees are invited to offer suggestions for additions, deletions or amendment to the structure of the lists.

6. For CAO. If you wish, we can include a separate CAO list within this document, thus making one set of Distribution Lists for use throughout the HQ.

① ADMINISTRATION ORDER TO OPERATION ORDER 18

Reference:

A. Operation Order 18 dated 31 August 1994

SITUATION

- ① 1. a. General. As per Operation Order 18.
b. Attachment. In support of UNAMIR - USA deployed forces in Rwanda.

MISSION

- ① 2. To provide logistic support to UNAMIR forces providing security, assistance and coordination of humanitarian support to participating countries/organizations facilitating the rapid and effective end to the crisis in RWANDA.

EXECUTION

3. General Outline.

- ① a. Logistic Support. Logistic Support will be provided by the Force Support Elements (FSE) for each Phase of the UNAMIR mission. These elements include:
- | | | |
|-----------------|---|---|
| (1) Transport | - | United Kingdom (UK) sub-unit (NE of Amahoro Stadium)
Brown and Root (Iveco) |
| (2) Supply | - | Canadian (CA) sub unit (Log Base)
Ghanaian (GH) sub unit (Butari)
Brown and Root (Kigali Airport) |
| (3) Maintenance | - | UK sub unit
Brown and Root (Iveco Complex) |

(4) Medical - Australian (AS) Field Hospital
(Kigali Central Hospital)
(Butare University Complex)

(5) General Logistic Services - Brown and Root

(6) Coordination - Logistics Coordination Center
(LCC) in UNAMIR HQ. This is a
combined military and civilian
staff

Support to the Force will be effected by cooperation between the military elements and the civilian contractor at all levels. Work in the areas for which Brown & Root provides services and which are outside the capabilities of the FSE to deal with, should be addressed to the Logistic Coord Cell.

b. Deployment. As detailed in Operation Order 18.

(1) Phase I. Deployment of UNAMIR contingents into each sector, including MILOBs to aid in the secure conduct of humanitarian support and effective re-establishment of normal community services free from interference by subversive and criminal elements.

(2) Phase II. Handing over of responsibilities in Rwandan to BBGNU agencies and NGOs under general security assistance by UNAMIR to ensure the re-establishment of a routine life sequence and the return of refugee/displaced persons.

c. Supported UNAMIR Forces. The following forces should constitute UNAMIR at end state:

(1) MILOBS and CIVPOL, with independent company in Sector 1 (when allocated) and MALAWICOY in Sector 3,

(2) GHANBATT (Mechanized) in Sector 4A to conduct relief in place with ZAMBATT, then redeploy into Sector 2,

(3) MALAWICOY (Motorized) in Sector 3,

(4) ZAMBATT (Motorized) conduct relief in place with GHANBATT in Sector 4A,

(5) FRAFBATT in Sector 4B,

(8) TUNBARI (Mechanized) Sector 4C,

(9) NICOY (Motorized) in Sector 5,

(9) CANADIAN Contingent (Force Signal Squadron),
AMAHORO Stadium and UN HQ, AMAHORO Hotel,

(10) AUSTRALIAN Contingent (Medical Support Force),
Kigali Central Hospital,

(11) BRITISH Contingent (OP GABRIEL, AMAHORO Stadium,

(12) HAC, UNDP building.

MATERIAL AND SERVICES.

4. a. Supply.

(1) General.

(a) Due to the lack of historical data, consumption rates for all commodities can only be estimated. Adjustment to stock level will be made to reflect new battalion strength in sector.

(b) Local procurement can only be done through the CAO, and his authorized delegates, or by Brown & Root when applicable. All Force units/independent sub-unit that are located outside the KIGALI area will have a CAO representative in their HQ location. No UNAMIR reimbursement will be approved unless this procedure is followed.

(2) Sup Class I.

(a) Combat Rations. Combat rations will continue to be issued to contingents less MILOBS until the Fresh ration system is introduced. 7 days rations is to be maintained as a reserve stock held at unit level.

(b) Fresh Rations. Fresh rations will be delivered, by a contractor, directly to the unit HQ locations. Units are to confirm the exact location the rations are to be delivered before delivery will commence. Units are to hold fresh dry, and canned goods, at sub Unit level.

Food will be provided as soon as refrigeration containers are available. Initially two refrigeration units per contingent will be allocated.

- (c) Drinking Water. Drinking water will be distributed to those units that do not have the capability to purify their own drinking water. Bottled water or bulk potable water will be distributed to contingents at 3 lt/man/day until water purification can be located in contingent locations. 7 days reserve stocks of bottled water will be maintained at unit level.

(3) Sup Class II.

- (a) General and Technical Stores. Demands for Class II items are to be placed with the civilian logistics officer at UNHQ Log Coord Cell.
- (b) Clothing, Personal Issue Items. Contingents are to provide their own country uniforms and personal issue items. UN accoutrements to be worn at all times. Shortfalls in accoutrements or replacement items are to be requested to immediately to the SO SUP at the Log Coord Cell.

(4) Sup Class III.

- (a) POL. Bulk fuel holdings are to be established in contingent locations. The holdings will be sufficient for 7 days at normal rate of activity. Retail POL issues for units and contingents in the Kigali metropolitan area are to refuel at the 3 CSG Log Base for diesoline and at the BRITCON Bulk Fuel installation (BFI) for Gasoline. Second line transport is to be refuelled at the BRITCON BFI. BRITCON is responsible to refuel generators in the Kigali metropolitan area as directed by HQ UNAMIR. Issues to generators, contingent detachments and any authorized civic organizations are to be made by the major contingent in the sector of that detachment.

(a) Construction Materials. Units are to submit consolidated demands to the civilian logistic officer at the Log Coord Cell. If items are not in store the demand will be forwarded to CBMS for appropriate action.

(b) Defensive Stores. Chief Operation Officer (COO) is the releasing authority for stocks of defence stores. Demands must be submitted to the Civilian Logistic Officer for onforwarding to the COO for approval.

(6) Sup Class V. Ammunition quantities held at unit level are to be in accordance with national directives. Expenditures to be recorded in accordance with the form "Ammunition Expended For Operational Reason". The criteria, and form for reimbursement of ammunition is attached at Annex A.

(7) Sup Class VI. Class VI (personnel demand) items are to be coordinated by contingents using regimental funds and nation arrangements. Limited items may be purchased by the Force Welfare Officer for purchase and resale by the contingents. Units requesting these items are to conduct direct liaison with the Force Welfare Officer.

(8) Sup Class VII. Major Ends Items will be held by the Brown & Root warehouse located at the Kigali airport. Requests for major end items for specific to nation vehicles should be demanded to the Log Coord Cell. The Log Coord Cell will demand direct on the parent nation providing the vehicles through a LOA.

(9) Sup Class VIII. 60 days Class VIII stocks are held with the Australian Field Hospital. Contingents deployed with 90 days Class VII stocks. A bulk order for 60 days has also been placed for replacement stocks. Requisitions for urgently required Class VII supplies not able to be satisfied by UNAMIR may be purchased on LOA with a contingent parent country that can satisfy the demand soonest.

(10) Sup Class IX. Contingents deployed with limited first line repair parts. Second and third line repair parts are to be demanded through SO Maint through Log Coord Cell and will to be satisfied through Brown and Root.

Water is to be distributed by contract in the Kigali metropolitan area. Local water is to be drawn in the contingent locations. Unit Recce parties are to identify local a local water point where possible for resupply of their contingent.

(12) Garbage. Garbage collection is to be effected in the Kigali metropolitan area by Brown and Root contract. Rubbish is only to be deposited in the approved garbage sites. Units are not to utilize any dump sites not authorized by UNHQ. No payment is authorized to local authority unless coordinated with the CAO or his staff.

(13) Laundry. A laundry contract has been requested with Brown and Root for units in the Kigali metropolitan area.

(14) Waste POL Products. Contingents conducting first and second line vehicle servicing are to contain waste POL products in old POL containers. Waste POL is not to be disposed of locally. Waste POL is to be returned to Brown and Root for disposal/recycling.

b. TRANSPORTATION

(1) Unit to be self sufficient. Demands for additional support to be coordinated by SO Transport, Log Coord Cell.

(2) Movement outside the theater for R and R may be effected by MOVREQ to the Movement Control Cell.

(3) All traffic accidents to be reported to the closest CIVPOL organization, and the drivers parent unit. Parent units are to report traffic accidents to UNHQ to SO Transport and to the OPS duty officer for damage to civilian property or injury to personnel.

c. MAINTENANCE.

(1) Repairs. Priority of repairs to be determined by SO Maint on advice from the COO and the CLOGO.

(a) First Line. Sector HQ are responsible for first line maintenance of all equipment. Repairs beyond the capabilities of 1st line are to be recovered by second line assets to second line maintenance facilities.

(b) Second and Third Line Repairs. Second and third line repairs are to be conducted by BRITCON Maintenance Coy and by Brown and Root.

(c) Recovery.

i. Backloading Point (BLP). BLP are to be determined in conjunction with the SO Maint and Brown & Root.

ii. Main Recovery Location. BRITCON Maintenance Company.

5. HEALTH SUPPORT.

a. Medical Plan. Level One medical support is a National responsibility. Level Two medical support is to be provided by AS Medical Support Force (AS MSF) and other National Level Two medical units as allocated under command. Level Three medical support is to be provided by AS MSF located in Kigali and other National Level Three medical support units as allocated under command. HQ UNAMIR II Medical Branch is responsible for casualty regulation in theater and evacuation out of theater to Destination Medical facilities (DMF) in Nairobi. Repatriation is a National responsibility.

b. Casualty Evacuation. Casualty evacuation is to be conducted as follows:

- (1) Casualty regulation is the responsibility of the Force Medical Branch.
- (2) Priority One (Immediate) and Priority Two (Urgent) casualties will normally be evacuated by air.
- (3) Priority Three (Routine) casualties will normally be evacuated by road.
- (4) Casualty evacuation to a Level One facility is a national responsibility.
- (5) AS MSF and other National Level Two medical units, as allocated under command, are responsible for road evacuation from Level One to Level Two.
- (6) AS MSF is responsible for road evacuation from Level Two to Level Three.

Air Medical Evacuation. Aero medical evacuation (AME) is to be provided as follows:

- (1) Forward and tactical AME in theater is to be provided by one UH 60 helicopter under operational control of force Medical Branch.
- (2) Tactical AME to Nairobi is to be provided by one C130 aircraft under operational control of Force HQ.
- (3) AS MSF and CANSIGS are to provide AME teams as directed.
- (4) Strategic AME to National DMF is a National responsibility.

d. **Force Holding Policy.** The following casualty holding policy is to occur:

- (1) Level One - 12 hours;
- (2) Level Two - 72 hours;
- (3) Level Three - 28 days; and
- (4) Out of theater - as determined by the Force Medical Officer (FMO) or as coordinated by National Command Elements.

e. **Preventative Medicine.** Preventative medicine and hygiene is a National responsibility. The Force health surveillance plan is the responsibility of the Force Medical Branch.

f. **Dental.** Level One dental support is a National responsibility. AS MSF is to provide Level Two dental support to the force.

g. **Medical Resupply.** Contingents are to have arrived in theater with 90 days medical stocks as directed by UNNY. AS MSF is responsible for the maintenance of 60 days Force medical stocks as directed by HQ UNAMIR II Medical Branch. Level One and Two medical stock is to be initiated using message demand procedures IAW HQ UNAMIR II SOP.

h. **Health Reports and Returns.** Health reports and returns are to be maintained IAW HQ UNAMIR II SOP.

Amenities. Queries relating to amenities are to be directed to the Force Welfare Officer located in UNHQ room 1045.

- b. Messes and Institutes. Messes and institutes (wet canteens), may be established as authorized by the Force Commander on request from Contingent Commanders.
- c. Out of Bound Policy. Out of bounds areas will be notified as determined by Force Commander.
- d. Finance. UN pay is to be effected in location. Advances and finance queries should be directed to the Force Finance Officer located at UNHQ room 3005.
- e. Postal. Mail may be posted in the UNHQ building in the welfare office. Contingents should send mail back with resupply convoys for onforwarding. Distribution of mail will be by FSE (Transport) and delivered to outlying contingents on routine resupply convoys. Individual contingents may make arrangements for their own national mail system. Such systems are independent of the UN mail system.
