Bukavu, 25 January 1963

To: Mr. Gilpin, Deputy Chief of Civilian Operations - Leo

From: C. A. Gaviola, Chief of the Civil Mission - Bukavu

Subject: ONUC airlift

The Vicariat at Goma requests ONUC airlift of 40 damme jeannes of wine for the Mass. They are c/o Père Cauwe at Caritas Catholica, Leo.

If you esteem that this transport can be granted, precautions should be taken to see that delivery is made directly to the plane and placed under the care of the Captain, to avoid any losses, advising Goma so that delivery be taken immediately upon arrival.

Movement Control at Goma has proven repeatedly to be entirely irresponsible, yet I do not know of any measures taken to bring them to account for the many losses or pilferage which regularly takes place at their depot.

Subject : Mr. Gaviola's request for special Flight.

...
Please refer to the attached cable BULE 52, from Mr. GAVIOLA and related Routine Slips.

It is my understanding that you agreed to treat this request on the same basis as previous air missions flights but that, for the future, you wished to take up the accounting question with Mr. Gardiner.

I shall be grateful if you will cable the necessary authorisation to Mr. Gaviola and Colonel Jones.

Subject : Project for unemployed settlement BUKAVU

Please refer to your cables BUKL 2360, 02 and 44.

As I understand it, the present position regarding this project is as follows:

1. Mr. Dillon's contract has been extended and he will continue to act as a consultant in connection with this project;
2. The necessary equipment and tools have now been supplied to you;
3. Two MERCEDES trucks have been repaired in BUKAVU and made available for project;
4. The Office of Personnel is urgently seeking a replacement for Mr. DOWNEY, since the Administration is not prepared to release Mr. SAVILLE for this work.

I regret the unavoidable delays which took place in obtaining the equipment and hope that the main obstacles have now been overcome.

I shall be glad in any case to receive a note from you confirming the above points and describing the present status of the project.

Subject : Utensils for unemployed settlement

I shall be cabling you today to say that we hope to despatch the utensils for the unemployed settlement by the scheduled flight on 7 January. I regret the very long delay in obtaining these, but this was due to their being held up by the Brazzaville customs and only recently released.

the Incidentally, according to the Procurement Officer who was recently in Bukavu, many of the items which we are sending you are in plentiful supply in Bukavu shops; I find this hardly credible but would welcome your comments.

I hope to have some news about the vehicles you need for the settlement very shortly.

CABLE : ONUC. LEOPOLDVILLE

C/ADM 4201/4
AHQ/6201/OPS

26 Nov 62

To : Air Commander
From : Chief Air Transportation
Subject: DC3 BUKAVU AIR MISSION

Ref AHQ/6201/Ops 21 Jul 62 and UNATIONS 4597

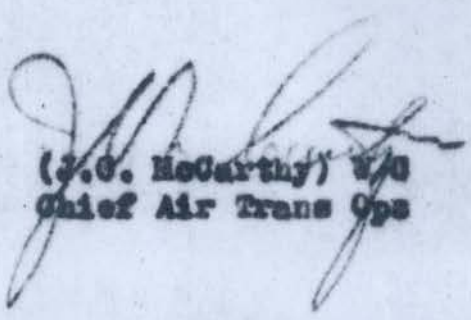

1. The allocation and co-ordination of the DC3 at Bukavu has been the responsibility of HQ MSF BDE. Normal weekly flights in the area are assigned and detailed to the Captain of the C-47. Special missions such as M. Gaviola requirements are submitted to HQ, MSF BDE and if no interference of other weekly commitments then authorization for specific missions are forwarded to Air Division for final approval.

2. The above policy has been in effect, however, Mr. Gaviola refuses to cooperate with these instructions and always refers his requirements to Civilian Operation without reference to HQ, MSF BDE. Needless to say, signals are then dispatched to HQ, MSF BDE from Chief Air Transport to determine if approval is granted his request, will it interfere with the weekly schedule. The reference correspondence and numerous signals presently on file testify to Air Division's previous instructions on utilization of C-47 on detachment and also the coordination required to ensure C-47 aircraft missions are misused only for essential flights. The issuing of these instructions, as Air Division policy was instituted at the request of the then CAO in a message from UNATIONS No.4597, in which stress was made of the urgent need of reducing usage of these aircraft to absolute minimum operational requirement.

3. Any special mission referred by ONUC field representation should be coordinated through the Military commander as previously mentioned, if it is in no way interferes with a weekly planned schedule, then a request for approval of the flight will be forwarded to Air Division. Therefore, Mr. Gaviola should abide by the previous instructions given both verbally and in writing on use of C-47 aircraft on

detachment. In this manner his requirements can then be completed in a simple and satisfactory method.

4. The daily control of detailed aircraft is important in the field, therefore the request for up to eight days allotment cannot be considered. Coordination through HQ, MSF HDE will ensure proper distribution of the C-47 and the success of future air missions.

1. The above message outlines a control system which must be established to ensure that aircraft ONUC Air Division are utilized at an absolute minimum and only for essential flights.
2. Attached is a copy of the UN Operation Form which each Air Base Commander will prepare on stencil form and issue the form to appropriate Air Operation Center. One form will be prepared for each mission that ONUC aircraft are despatched and prepared in a legible manner to permit review by Air Staff Officers. Misuse and insufficient justification for any mission will be investigated and authorizing personnel will be required to provide a complete explanation to the Air Commander, ONUC HQ.
3. On receipt of the letter, the UN Operation Order form will be utilized immediately. Missions completed will be compiled and forwarded to this HQ each Monday.

A l'attention de Monsieur GAVIOLA
Chef de la Mission Civile de l'O.N.U.
KINSHASA

Suite à notre entretien, nous avons l'honneur de vous remettre en annexe à la présente une liste des principales articles que nous sommes disposés à importer pour être distribués aux divers communautés des Provinces du Nord et du Nord Kivu.

Nous nous permettons d'attirer votre attention sur le fait que toutes ces marchandises seront importées, par nos soins, directement des plus importantes fabriques des Etats d'Amérique, d'Europe et du Japon, sans passer par aucun intermédiaire, et seront distribuées aux différents détaillants de l'ex-Province du Kivu et ce sur la base de notre prix de revient majoré d'un pourcentage de bénéfice légal de gros ne dépassant pas les 15%.

Nous serions éventuellement disposés à livrer les marchandises aux divers communautés que vous voudriez bien nous indiquer ou à vous remettre les marchandises dès leur réception.

Ces marchandises importées directement des fabricants et distribuées directement aux détaillants seront ainsi mises à la disposition de toute la population des trois Provinces du Kivu à des prix exceptionnellement bas et contribueront à apporter un bien être inégalable et surtout à encourager la reprise du travail.

La liste ci-jointe a été établie sur la base des besoins actuels les plus urgents.

Notre firme, la plus ancienne et importante au Kivu, se tient à votre entière disposition pour vous aider et coopérer avec vous pour le bien être des populations du Kivu.
