Subject Re: Letter from the President of Rwanda

No follow up needed. I am assuming that President of Rwanda received a thank you letter for his participation at the Summit on Climate Change so this is a response to that.

*The President*  
REPUBLIC OF RWANDA

13 October 2009

His Excellency Ban Ki-moon,  
United Nations Secretary General  
New York

DEAR SIG BAN KI-MOON

I congratulate you and the ITU Secretary General Hamadoun Toure, once again, for the highly successful ITU Telecom World 2009 that I had the pleasure to attend recently in Geneva – an event that aimed to forge a stronger IT agenda to provide innovative solutions to the common challenges that confront us today.

Let me also express my sincere appreciation for the just concluded United Nations General Assembly. I was very encouraged by the discussions on climate change, as we get closer to Copenhagen where we must not fail to reach a consensus on future corrective strategies. In this respect, the UNGA constituted an important preparatory stage, where we got the sense that all nations – rich, emerging, and low income – share this burden and therefore no-one should be left out of processes and solutions to protect our planet.

I assure you that we in Rwanda are committed to working with the United Nations and other multilateral as well as bilateral agencies to address the challenges facing the global community, particularly climate change.

We look forward to the Copenhagen Summit, and trust that we will achieve our objective of a collective agreement on the way forward on this vital matter.

Sincerely,

A handwritten signature in black ink, appearing to read 'Paul Kagame'.
