WEEKLY HUMANITARIAN REPORT FOR THE PERIOD 26 NOV - 03 DEC 95

GENERAL SITUATION

1. People are working hard to achieve self sufficiency. Those of us concern with humanitarian assistance must continue working hard to bring food, health care, assistance to orphanages and other support to those in need. The improvement is also threatened by the worsening situation. An eventual end of UNAMIR could mean the beginning of a chain of collapses among NGO assistance.

HAC ACTIVITIES

2. UHAAG meeting sat to discuss some of the requests received.

3. Brief for NGOs in HACU was conducted.

4. Sector 1A

a. Sector Humanitarian Activities. Details of major activities carried out are as follows:

(1) Gashora Commune. Humanitarian team donated medicines to Rilima health centre.

(2) Mbogo Commune. MILOBS Humanitarian team donated medicines to Mbogo health centre.

(3) Rubongo Commune. Humanitarian team visited Ndera transit camp and donated medicines requested by the nurse of the camp.

5. Sector 1B

a. Sector Humanitarian Activities

(1) The Humanitarian Officer collected 225 boxes of ORS from CISS in Trafipro on 02 Dec 95. INDBATT provided one truck for the transportation of the same to Sector HQ, Gitarama.

(2) INDBATT provided one truck to transport furniture from Nyamabuye commune to Mushubati commune on 27 Nov 95.

(3) MILOBS assisted in transportation of 2,500 pine-apple saplings from Ruhango to Kaggayi in Gitarama for Association Nkungatre.

(4) MILOBS distributed clothes donated by HR representatives to orphans in Mugina commune on 28 Nov 95.

(5) One hundred blankets were handed over to NUNS at the church at Mugina for distribution to orphans in the commune.

b. General Living Conditions

(1) Orphanages. World Food Programme is providing food to Cena of Hanika centre for unaccompanied children in Kigoma commune.

c. UN Agencies and NGOs

(1) CARITAS is assisting in reconstruction of houses in Mukingi commune. NGOs distributed tomato, onion and cabbage seeds to the people of the commune.

(2) ADRIC distributed seeds and hoes in seven sectors of Mushubati commune on 30 Oct 95.

(3) CARITAS distributed foods to poor families in Kayenzi commune during the week.

(4) LWF is engaged in repair of damaged houses in Tambwe commune.

(5) ICRC continued to provide medical assistance to prisoners in the various commune cachots.

6. Sector 2A

a. Sector Humanitarian Activities

(1) GHANCOY provided two trucks to sector MILOBS for the transportation of roofing sheets and school materials from Byumba to Bwisige, Muhura, Murambi and Muvumba communes on 30 Nov 95.

(2) MILOBS distributed Oral Rehydration Salt (ORS) to health centres/hospitals and orphanages in various sectors.

b. General Living Conditions

(1) Agriculture. The Ministry of Agriculture

distributed 3 tons of bean seeds to 1,000 people in the Kinyami commune during the week.

c. UN Agencies and NGOs

(1) WFP provided 1,000 hoes for distribution to farmers in Gituza commune on 29 Nov 95.

(2) GOAL Ireland constructing water reservoir to service the Byumba transit camp.

7. Sector 2B

a. Sector Humanitarian Activities

(1) GHANCOY released two trucks to RPA to help transportation for troops from Kigali to Kibungo on 29 Nov 95.

(2) GHANCOY provided two pick up vehicles to UNHCR to assist in transportation of guards escorting the 50 expelled refugees from Tanzania on 02 Dec 95.

(c) GHANCOY provided two trucks to Byumba prefecture to convey roofing sheets, building materials and text books to Muvumba and Murambi to rehabilitate schools in those areas.

(d) GHANCOY provided two trucks to Kibungo hospital to convey 100 persons to Rwamagana for activities marking World Aids Day.

(e) GHANCOY provided two Chevrolets to Ministry of Justice to convey ten prisoners from Kibungo to Nsinda.

(f) GHANCOY medical personnel treated and discharged 211 locals and 30 dental patients during the week.

(g) GHANCOY assisted in fencing of WFP warehouse at Nirenga.

b. General Living Conditions

(1) Housing

(a) In Birenga commune a German NGO called GTZ is undertaking a project for construction of 5000 houses for returnees. Two model houses have been constructed near the Birenga transit camp.

(b) In Kayonza commune four large shelters are being constructed for storing bricks for

construction of 700 houses for returnees, widows and elderly people in the commune.

(2) Roads. The widening of the road leading from Birenga to Kibungo water pump house has been completed.

(3) Prisons

(a) The transfer of prisoners from communes caches of Kibungo prefecture to the Kibungo prison is to tentatively begin on 04 Dec 95.

(b) Ten prisoners were reportedly transferred from Kibungo prison to Nsinda prison on 01 Dec 95.

(c) At present the Muhazi commune cache has a total of 417 prisoners out of which 18 are women.

(d) The Kayonza commune cache is reported to hold 83 prisoners out of which 70 are to be moved to Kibungo prison.

(4) Orphans

(a) There are a total of 6201 orphans in Muhazi commune out of which 2878 are boys and 3323 are girls.

(b) The state in the orphanages is reported to be satisfactory. However, shortage of baby milk in the orphanage at Kibungo continued.

c UN Agencies and NGOs

(1) GTZ a German NGO is undertaking a project for construction of 5000 houses in Birenga commune.

(2) WFP is assisting in construction of shelters for storing of bricks in Kayonza commune, besides providing the requisite food stores for the various schemes in the prefecture.

(3) IMC, MSF, AEF and IRC took part in the mass scale polio eradication week. They are now busy with the AIDS awareness programme in the prefecture.

(4) Aid Action France is repairing school buildings and providing furniture to include chairs, tables, benches, black boards and writing material in Rukira commune.

(5) IRC is constructing the water point at Nyakarambi transit camp.

(6) German Agro-Action is assisting in a housing project in Kigerama commune.

8. Sector 3A

a. Sector Humanitarian Activities

(1) Assistance to Concern Worldwide. Humanitarian cell provided assistance to Concern Worldwide to prepare a report on conditions at Burundian refugee camp at Kigeme.

(2) Security of NGOs. The future security of NGOs in the event of the pull out of UNAMIR continued to engage the energies of the HAC. A series of meetings have been held on this issue and further meetings have been planned to resolve this burning issue.

(3) Transport Assistance to Prefect. HAC cell provided transport assistance to the Prefect to enable him undertake visits to various communes in the prefecture.

b. UN Agencies and NGOs. The UN agencies, UNHCHR and UNHCR in the sector have been cooperating closely with the HAC cell. Relations with NGOs too is very cordial. Currently, most NGOs and UN agencies are worried about security in the event of the pull out of UNAMIR. HAC cell has advised them to continue with normal operations until there is something conclusive from UN HQ, New York.

c. Capacity for Absorption. UNHCR, WFP, CARITAS and CDD are working hard to provide accommodation for both returnees and rescapes, however, there are still several rescapes who are still living in commune buildings. In the event of a massive influx of returnees, the sector will be hard-pressed to cater for them. The above-mentioned agencies are working very hard through and plans are far advanced to build transit camps to receive returnees.

9. Sector 3B

a. Sector Humanitarian Activities

(1) On 27 Nov 95, two trucks Shyanda and Kibayi commune to carry office materials from Butare prefecture.

(2) On 29 Nov 95, two trucks for Muyaga commune to carry office furniture from Butare prefecture.

(3) Coordinated the request of National University Butare with GHANCOY in Kigali and arranged transport to carry food from Byumba to Butare.

b. UN Agencies and NGOs. LVIA is assisting in running the health centre at Mugombwa sector in Muganza commune. ICRC has distributed food to three commune in the prefecture.

10. Sector 4

a. Sector Humanitarian Activities

(1) Recce for Repair of Water Points. The Humanitarian Officer and MALAWICOY Engr Officer carried out a joint recce for repair of water points at Mururu, Karangiro, Kirango and Nzabaha. Assessment of material required for repairs has been prepared.

(2) Collection of Medicines for Distribution. The Humanitarian team liaised with the Indian Medical Contingent to procure essential medicines for distribution to isolated medical centres by MILOBS.

(3) Collection of ORS. One truck load of approximately three tons of ORS (Oral Rehydration Salt), has been collected from 95 CMSG. This shall be distributed to medical centres by MILOBS.

(4) Collection of Blankets. 200 additional blankets have been collected for distribution to orphanages in the sector. These were donated by Austrian Relief Programme at Kigali and were released by HAC at UNAMIR HQ.

(5) Supply of Food to Rusayo and Kibogora Orphanages. The Humanitarian Officer liaised with Mr Farah, in charge of WFP at Cyangugu in order to increase the supply of food to Rusayo and Kibogora orphanages.

(6) Visit of CHAO. The CHAO, Lt Col TJ Fox accompanied by Maj Hennings from HAC visited the sector on 29 and 30 Nov 95. During their stay they also visited Rusayo orphanage. This visit has helped to further streamline our interaction with HAC and was of immense benefit to sector 4.

(7) MALAWICOY. MALAWICOY provided medical treatment to 38 civilians besides assisting in treatment of out patients at Gihundwe hospital. Transport was provided as follows:

(a) On 28 Nov 95, two trucks were provided to RPA to transport food supplies to their company locations at Gafunzo and Kirambo communes.

(b) One truck provided to transport gravel for road maintenance between Gashira Bwoba and Bushenge

market in Gishoma commune.

(c) On 01 Dec 95, one truck each was provided to IRC and RPA to transport firewood to Nyagatare transit camp and Gafunzo commune respectively.

b. UN Agencies and NGOs

(1) Water Supply. UNHCR has taken up a project for augmentation/provisioning of water supply at Rusizi 1, Rusizi 2 and Uvira crossing points. This is being done in order to cater for increased numbers of returnees and shall be functional shortly.

(2) Medical Cover. Arrangements are underway to establish medical aid posts at all entry points by MDM, MSF and other NGOs.

(3) Transit Facilities. With the anticipated increased influx of returnees at Nyamasheke/Ijwi Island, UNHCR is carrying out a feasibility study to set up a transit camp there. Alternatively, they are likely to provide rations/relief items to refugees at a few selected points at Gafunzo commune. Returnees would be transported to their home communes in groups from these adhoc centres.

11. Sector 5A

a. Sector Humanitarian Activities

(1) On 27 Nov 95 MILOBS team provided transportation assistance to RPA demolition team for destruction of unexploded grenades and mortar bombs in Nkumba commune which were found by our team.

(2) On 28 Nov 95 NICOY assisted RPA with a vehicle to transport the dead body of one soldier who died due to natural sickness from Nkamira military camp to Kigali.

(3) On 29 Nov 95, a special patrol was sent to distribute the Oral Rehydration Salt to a number of communes and 2 orphanages in Ruhengeri.

b. General Living Conditions

(1) Water. ICRC inaugurated this week the water system in Ruhondo and Mukingo commune.

c. UN Agencies and NGOs

(1) UNHCR continued to transport returnees from Nkamira transit camp to our various communes.

(2) WFP has started a rehabilitation programme in order to rebuilt a primary school in Nkumba commune.

(3) WV is assisting Nyarutovu commune with an agriculture programme.

12. Sector 5B

a. Sector Humanitarian Activities. This week activities consisted of escort patrols for various NGOs, coordination with NICOY for provision of transport for both food and stationery items. In addition an escort patrol was continuing to monitor the returnee situation within the sector.

b. General Living Conditions

(1) Housing. The joint FFI/WFP housing project has begun. More than 16,000 bricks have been made and transported to construction sites. This will allow for five houses in Rwerere, two in Rubavu, five in Karago and five houses in Giciye. Another 50 houses are expected to begin construction soon.

c. UN Agencies and NGOs

HUNGRY

(1) All NGOs continue preparations for the possibility of a large influx of refugees.

(2) Food for Hungary. This week they supplied .35 MT of NPK fertilizer to agricultural groups in Karago for a subsidized price. Groups in Mutura, Rwerere and Rubavu used profit gained by the selling of hoes and beans to obtain dithane and thiodan pesticides.

(3) UNHCR continued with the repatriation process and preparations and coordination with other NGOs in readiness for a sudden influx.

13. Sector 5C

a. Sector Humanitarian Activities

(1) On 29 Nov 95, a UNAMIR Engr recce party went to Uwingabo to confirm the site was free of mines and safe for vehicle traffic. The Humanitarian cell delivered 100 blankets to Ecole Normal Technique Kibuye for student dormitories.

(2) On 23 Nov 95 the Prefect of Kibuye held the monthly conference with NGOs. The Humanitarian Officer attended and outlined UNAMIR/MILOBS humanitarian efforts of late. The Humanitarian cell delivered 150 blankets to the

Mubuga health centre and 50 blankets to the Ecole Technique Officielle.

b. General Living Conditions

(1) Health. MSF and SDR are working diligently to improve and run hospital facilities throughout the prefecture.

(2) Water and Sanitation. ICRC is slowly making progress in repairing broken pipes and developing new sources of water. Shortfalls in water still occur daily throughout the prefecture.

c. UN Agencies and NGOs

(1) The main NGOs operating in Kibuye prefecture are ADRA, CARITAS, SDR, ICRC, MSF, SOLIDARITY, Human Rights, WFP and various others who played a smaller role here.

(2) The above NGOs generally are working very hard and producing excellent results in Kibuye.

d. Absorption Capacity for Returnees. The UNHCR, Human Rights and indirectly UNAMIR continued to assist returnees to return to the prefecture.

CONCLUSION

14. The lack of support from some NGOs that have gone without somebody else as replacement is affecting severely some institutions related to health cares and orphans. Some information regarding this sensitive matter was already sent to the Rwandan concern authority but they have opportune knowledge of that circumstances. We continue to work but some requests have to be put on standby because the indefiniton about the permanence or not of UNAMIR in Rwanda.

WEEKLY HUMANITARIAN REPORT FOR THE PERIOD 13 - 19 NOV 95

GENERAL SITUATION

1. The humanitarian situation all over the country is not improving as the population really need. Aid from NGOs, WFP and ICRC are still essential for them still now as a substantive self sufficiency was not achieved. Fear, insecurity and the real danger of being imprisoned or even killed for futile reasons are prevalent among the population. They are afraid of legal forces acting legally or illegally, plus bandits (and insurgents in the East bank of Kivu lake). Reconciliation sounds like a dream more than a possibility and justice is almost paralyzed. Prisons' problems are ameliorated, but without the justice working, it is merely a matter of time to have them overcrowded again.

HAC ACTIVITIES

2. UHAAG meeting was conducted.
3. Normal brief for NGOs in HACU was conducted.
4. HAC patrol team went out to visit projects sights in Kigali.
5. Sector 1A

a. Sector Humanitarian Activities. Details of major activities carried out are as follows:

(1) Gikomero Commune. MILOBS team donated a ball to children of the commune at their own expense.

(2) Improvement of Tracks. Force Engr Coy are repairing track from Kinamba to gisozi.

(3) Ngenda Commune. A total of 70 returnees arrived from Burundi in the past week and have been re-settled in Ngenda and Gashora communes.

b. General Living Conditions

(1) Health Care. Rilima health centre requires beds and drugs as it has an average capacity of 60 patients per

day and it takes care of an average of 10,000 locals.

(2) Housing. The availability of houses in most accessible communes is a problem, limited government assisted projects to repair damaged houses in most commune has been observed by MILOBS.

6. Sector 1B

a. Sector Humanitarian Activities

(1) The Humanitarian Officer visited the CENA of Hanika centre for unaccompanied children in Kigoma commune on 14 Nov 95 to follow up on the requirement of assistance required by the centre in terms of food and blankets.

(2) INDBATT provided two trucks to transport sand for ARDEC which is engaged in construction of houses in Runda commune.

(3) Force Engr Coy provided two trucks on 16 Nov 95 and three trucks on 17 Nov 95 to transport 17 tons of food from Kigali to Ruhango in Tambwe commune for "Barakabaho Foundation".

b. General Living Conditions

(1) Orphanages. Nyanza orphanage and CENA of HANIKA centre for unaccompanied children in Kigoma commune is in desperate need of blankets and food.

(2) Infants. There is a nutrition centre for 500 infants in Gasovu sector of Kayenzi commune. The centre is not aided by any organisation and is in a precarious condition.

c UN Agencies and NGOs. Humanitarian Officer maintains constant contact with HRFOR and UNHCR officers. ICRC continues to provide medical assistance to prisoners in the various commune cachots.

7. Sector 2A

a. Sector Humanitarian Activities. The following activities were undertaken:

(1) Humanitarian Officer visited the Urumuli orphanage and CASA S. Guiseppe Childrens Home during the week. He also visited the site of a bridge at Muranza in Buyoga commune to assess the repairs required. Additionally, the Humanitarian Officer visited the Muhura health centre and the Mukarange primary school.

(2) A team transported the new Bourgmestre and two officials from the Byumba prefecture to and from Cyumba commune for a handing/taking over ceremony of the Bourgmestres on 14 Nov 95.

(3) MILOBS patrol transported a seriously sick patient from Tumba dispensary to Nebma hospital in Nyamagari commune of Ruhengeri prefecture on 13 Nov 95.

(4) MILOBS patrol picked up a man and wife who had fallen from a bicycle on the road Kigali - Gatuna and sent them to Byumba hospital.

(5) Sector 2A provided transport from own resources to transport fertilizer and seeds to Kiyombe and Gituza communes.

(6) 95 CMSG supplied blankets to the Gakenke health centre in Murambi on 7 Nov 95.

b. General Living Conditions

(1) Agriculture

(a) WFP provided 10 tons of beans and seeds for distribution to returnees and the poor in the Kiyombe commune.

(b) The Ministry of Agriculture distributed 1000 hoes each to Kivuye, Kiyombe and Buyoga communes.

(3) Prisons. Eight prisoners were transferred from Rutare cell to Byumba prison during the week. All are charged with genocide crime. Similarly seven prisoners charged with genocide were transferred from Murambi to Byumba prison. Nine persons alleged to have committed genocide were arrested and put in cell at Murambi. They were from sectors Rwankaba, Rwimitereri, Kiramuruzi and Nyabisindu. The commune office was still conducting preliminary hearing. Their names were not release. In Byumba, 9 inmates of the prison escaped during the week through a hole they had apparently dug during dark hours. Three of them were alleged to have committed genocide, 4 charged with armed robbery and 2 for rape.

(4) Orphanages

(a) Urumuli orphanage. Five children from Nyundo in Kisenyi were admitted on 13 Nov 95 bringing the currently population to 85 children.

(b) Gikoni Orphanage. The water pump at the

centre was still awaiting servicing by 95 CSMG.

(c) CASA S. Guiseppe Children Home. Seven of the children were re-united with their families during the week.

c. UN Agencies and NGOs

(1) UNICEF distributed textbooks, exercise books and other school materials to primary schools.

(2) WFP distributed 320 bags of maize to road workers on Rukomo - Ngarama road on 17 Nov 95 and another 361 bags on 18 Nov 95. The road workers complained to MILOBS patrol team that they were always given only maize by their commune leaders and suspected that the leaders have been selling other food items such as beans and cooking oil meant for the workers. The workers requested MILOBS to endeavour to get WFP representatives to always be present to supervise the distribution of the food items.

8. Sector 2B

a. Sector Humanitarian Activities

(1) INDBATT provided 12 trucks for transfer of prisoners from Kibungo to Nisinda prisons.

b. General Living Conditions

(1) Water

(a) The Canadian NGO called Terre Sans Frontiers has established its office at Sake and is progressing the work of restoration of water supply in the Sake commune.

(b) Shortage of good drinking water has been reported from Rugarama, Gituku, Mushikili and Ntaruka sectors of Rukira commune.

(c) Adequate availability of water was reported at Nyakarambi transit camp.

(2) Housing

(a) German Agro-Action is undertaking a housing project for widows and orphans in Kigerama commune as part of which they plan to construct 50 houses (25 each in Vumwe and Kansana sectors) in the next two months. The project is already under way and seems to be very successful. The labour is being

12

paid on a food for work basis.

(b) A land demarcation exercise being undertaken in Mugesera commune has come to a stand still because of lack of adequate and appropriate survey equipment in terms of compasses and theodolites.

(c) In Kigerama commune a large number of inhabitants are re-constructing their houses. However, lack of availability of transport for transportation of poles is hampering a speedy execution of the work.

(d) LWF and UNHCR are assisting in constructing of houses in Rukira commune. 30 Sheets are being made available for each house, while the poles are available from commune plantations.

9. Sector 3A

a. Sector Humanitarian Activities

(1) UNHCR/UNHCHR Seminar on Genocide and the Justice System. A two-day seminar was organised in Gikongoro for judicial officials, prison officials, the Gendarmerie, RPA, Bourgmestres and NGOs to appraise all about laws and regulations governing genocide in Rwanda.

(2) Transport Assistance to Kigeme hospital. Sector continued to provide emergency transport assistance to Kigeme hospital.

b. UN Agencies and NGOs. Sector Humanitarian Cell continued to cooperate with all NGOs working in the sector. The NGOs have continued to provide assistance to various commune. The most widespread NGOs are TROCAIRE, World Vision, CARITAS, WFP, ICRC, MSF and GOAL. However, the NGOs have reduced their activities in communes bordering the Nyungwe forest like Kivu, Mudasomwa, Muusebeya and Muko. This is because of a perceived security threat from infiltrators alleged to be hiding in the forest.

10. Sector 3B

a. Sector Humanitarian Activities. The following task was done by MILOBS in coordination with formed troops, local authority and NGOs:

(1) Provided 2 trucks from MALICOY to Ruhashya and Maraba commune which were used for reburial ceremony.

(2) Provided 2 transports to Muyaga and Gishamvu commune

to transfer office materials.

b. UN Agencies and NGOs. CRS is providing farming implements like hoes and seeds to farmers in Shyanda commune. ICRC has stopped providing assistance to prisoners in Shyanda commune cachot. LVIA is assisting at Muganza commune in agricultural development, road repair and rehabilitation of health centre.

11. Sector 4

a. Sector Humanitarian Activities

(1) MALAWICOY medical team treated 75 local patients. The process was hampered due to lack of drugs. The Medical Officer of this Coy visited Yove and Bweyeye health centres in order to prepare for the vaccination campaign due to begin next week in which the MALAWICOY's medical team will also participate.

(2) 250 Blankets donated by the Austrian Relief Programme, brought from Kigali were distributed to orphanages as follows, Rusayo 110, Kibogora 50, Kamembe 40 and Nyamasheke 50.

b. UN Agencies and NGOs. The NGO, CONCERN Worldwide, undertakes active efforts to prepare Nyarushishi transit camp to cater for large number of refugees. MDM clinic at Bugarama transit camp continued to operate 24 hrs a day. The NGO Save The Children carries out the programme of reuniting childrens with their families during the period.

12. Sector 5B

a. UN Agencies and NGOs

(1) COOPI has received a water tank from UNHCR having a capacity of 70000 litres to be installed at Nkamira transit camp to meet the additional requirement of the large influx take place. They also carried out vaccination in Mutura commune.

13. Sector 5C

a. Sector Humanitarian Activities

(1) On 16 Nov 95, MILOBS team delivered quantity 2 bales of 50 blankets each to the Mugenero hospital and Lesperance orphanage in Ngoma.

(2) A Humanitarian team visited the Murunda hospital on 17 Nov 95 and delivered 100 boxes of biscuits, 40 bags of

soya flour and 20 cartons of oil to the hospital. On the same day, a MILOBS team went to the Kilinda hospital and delivered quantity 50 blankets.

(3) On 18 Nov 95, quantity 50 blankets were delivered to the Rubengera health centre in the Mabanza commune.

(4) Upon request, the newly appointed Sous-Prefet for Economic Affairs for Kibuye prefecture was provided with transport to enable him bring down his family and personal belongings from Ruhengeri to Kibuye from 18 - 19 Nov 95.

b. General Living Conditions

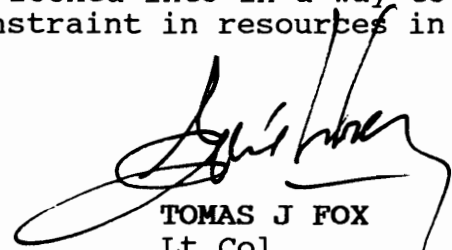

(1) Health Care Problems. MSF and UNICEF are working diligently to improve and run hospital facilities throughout the prefecture. In general, the quality of health care provided is poor. Also overcrowding, untrained staff, broken-down equipment, inadequate water and latrine facilities and lack of transportation for the injured exasperate this bad situation.

(2) Water and Sanitation. ICRC is slowly making progress in repairing broken pipes and developing new sources of water. Shortfalls in water still occur daily throughout the prefecture.

c. UN Agencies and NGOs. The main NGOs operating in Kibuye prefecture are ADRA, CARITAS, Enfants du Monde, SDR, ICRC, MSF, Solidarity and various others who played a smaller role here. Two weeks ago, a two-day seminar on the procedures of arrest and detention was organised by the UNHCR and human Rights at the office of the prefecture from 9 - 10 Nov 95. It involved about 60 participants comprising the prefect, Sous-Prefets, Bourgmestres, the military as well as representatives from UN agencies and NGOs within the prefecture.

CONCLUSION

14. In all the sectors the Humanitarian Officers are working round the clock to see that all the request are looked into in a way to finding a solution to them despite the constraint in resources in HAC.

WEEKLY HUMANITARIAN REPORT FOR THE PERIOD 06 - 12 NOV 95

GENERAL SITUATION

1. The armed attack against the Kabuga Development Centre by a uniformed group of 15 men mobilized in a camouflaged vehicle caused the cease of activities of the health centre, the nutritional centre, the professional school for women and the soldering and carpentry workshop, the cultural activities and the support of more than 2000 orphans in the Shyorongi and Taba communes, the postponing of the receipt of 5 tons of clothing and other aid issues for orphans over all the country including 800 kg of spoons. This development centre provided iron sheeting for widows of victims of the genocide and recently 2000 blankets to orphans in two communes. The attack led to a paralyzation of the project of a cooperative of agriculture in the Nyabarongo valley, factory of iron made tools, ceramic factory and many other on-going initiatives.

2. The social cost of this incident is enormous as the attack was irrational and relevant, as evidence of clandestine bands acting by impulse of extremists leading them from the media. HAC in a valoration of the project of Kabuga, qualified it like a model and supported the construction of bridges in the road directed by his director, main victim of the attack carried out last week. This attack is like an insult to intelligence and deep disrespect for all Rwandan citizens, especially the poor agriculture of a vast region served by the project and spread fear, insecurity and indignation among the people involved in health, development and other projects in Rwanda. Finally 150 workers lost their jobs.

HAC ACTIVITIES

3. The requests dealt with by HAC during the week were:

a. Transportation Requests

(1) Provision of 2 cargo trucks for two days for transportation of sand by Agency Rwandese for Development and Cooperation (ARDEC).

(2) Conveyance of 100 desks and benches from Nyamabuye commune to two primary schools in Musubati commune.

(3) Transportation of 17 tons of food from Kigali to Rubango in Tambuhe commune for "Barakabaho Foundation".

(4) Transportation of 20 tons of food items from Nyagatare to Butare for National University of Rwanda.

b. Support to Orphanages, Health Centres. A number of requests for blankets for orphanages were received during the week and 1000 blankets were provided by Austrian Relief Programme (ARP). HAC distributed 500 blankets through NICOY, 250 through MILOBS Sector 4, Cyangugu and 250 through MILOBS Sector 5C, Kibuye. Other requests for food items for orphanages were directed to HACU, UNICEF and CARITAS.

4. UHAAG. The following requests were considered by UHAAG meeting on Wed 15 Nov 95:

a. Request for Donation/Loan of Vehicles and Generators. The request for donation/loan of vehicles and generators were considered. The SRSG informed the group that due to the paucity of these items now and considering the fact that all UNAMIR resources are currently in use such requests should be deferred until further notice.

b. Transportation Requests

(1) Transportation of various food items for orphans at Nyagatare in Byumba prefecture was considered but more details would be needed from the requesting authority as regards tonnage of food items. The issue will be reconsidered in next UHAAG meeting.

(2) NGO "INTERMEDI" request to transport 3,700kg of medicines and small surgery elements from Kigali to Gitarama and Butare was considered and approved.

(3) Transportation of Veterinary Officers from FAO and MINAGRI from Nyagatare to different vaccination centres for 10 days was considered but not approved.

(4) Recovery truck to tow a broken-down semi-trailer from Ruhengeri to Kigali could not be approved since the semi-trailer in question was not for any Organisation that is into humanitarian job.

(5) Transportation of Health Personnel for National Aids Programme to various health centres in Rwanda on 01 Dec 95 was considered and a minimal assistance was approved.

c. Engineering Requests

(1) Assistance on land-grading for Church Pastor's

housing project was considered and approved.

(2) Improving the road to the water pump house in Rwamagana was considered and approved.

d. Repair of Commune Buildings. The request by Ruhundo commune Bourgmestre (Gikongoro) for UNAMIR to repair commune buildings previously occupied by UNAMIR Contingents was considered but the issue referred to the CAO under whose schedule of duty it falls.

5. Sector 1A

a. Sector Humanitarian Activities. Details of major activities carried out are as follows:

(1) Medical Support. Medicines donation to Gikomero health centre on 7 Nov 95, by Humanitarian team.

(2) Other Supports

(a) A donation of footballs was made to the children of Mugambazi commune on 11 Nov 95.

(b) Monitoring situation of returnees by MILOBS in Mwendo, Gashora sector. Returnees were settled well and received plastic sheets, blankets, seeds, agriculture tools and medical assistance.

(c) A project to build an orphanage in Shyorongi commune was being run by a Muslim group.

b. General Living Conditions

(1) Water. Water supply in Ngenda and Gashora communes is run by NGO "GTZ" and Ministry of Rehabilitation.

6. Sector 1B

a. Sector Humanitarian Activities

(1) INDBATT provided two trucks for transportation of firewood from Nyamabuye commune to Cyeza orphanage on 10 Nov 95.

(2) MILOBS delivered 16 packages of exercise books to Kayenzi commune on 7 Nov 95.

(3) One truck from INDBATT assisted in shifting of school furniture from Nyamabuye commune to primary schools in Mushubati commune.

(3) Transportation of 17 tons of food from Kigali to Rubango in Tambuhe commune for "Barakabaho Foundation".

(4) Transportation of 20 tons of food items from Nyagatare to Butare for National University of Rwanda.

b. Support to Orphanages, Health Centres. A number of requests for blankets for orphanages were received during the week and 1000 blankets were provided by Austrian Relief Programme (ARP). HAC distributed 500 blankets through NICOY, 250 through MILOBS Sector 4, Cyangugu and 250 through MILOBS Sector 5C, Kibuye. Other requests for food items for orphanages were directed to HACU, UNICEF and CARITAS.

4. UHAAG. The following requests were considered by UHAAG meeting on Wed 15 Nov 95:

a. Request for Donation/Loan of Vehicles and Generators. The request for donation/loan of vehicles and generators were considered. The SRSB informed the group that due to the paucity of these items now and considering the fact that all UNAMIR resources are currently in use such requests should be deferred until further notice.

b. Transportation Requests

(1) Transportation of various food items for orphans at Nyagatare in Byumba prefecture was considered but more details would be needed from the requesting authority as regards tonnage of food items. The issue will be reconsidered in next UHAAG meeting.

(2) NGO "INTERSOS" request to transport 3,700kg of medicines and small surgery elements from Kigali to Gitarama and Butare was considered and approved.

(3) Transportation of Veterinary Officers from FAO and MINAGRI from Nyagatare to different vaccination centres for 10 days was considered but not approved.

(4) Recovery truck to tow a broken-down semi-trailer from Ruhengeri to Kigali could not be approved since the semi-trailer in question was not for any Organisation that is into humanitarian job.

(5) Transportation of Health Personnel for National Aids Programme to various health centres in Rwanda on 01 Dec 95 was considered and a minimal assistance was approved.

c. Engineering Requests

(1) Assistance on land-grading for Church Pastor's

housing project was considered and approved.

(2) Improving the road to the water pump house in Rwamagana was considered and approved.

d. Repair of Commune Buildings. The request by Ruhundo commune Bourgmestre (Gikongoro) for UNAMIR to repair commune buildings previously occupied by UNAMIR Contingents was considered but the issue referred to the CAO under whose schedule of duty it falls.

5. Sector 1A

a. Sector Humanitarian Activities. Details of major activities carried out are as follows:

(1) Medical Support. Medicines donation to Gikomero health centre on 7 Nov 95, by Humanitarian team.

(2) Other Supports

(a) A donation of footballs was made to the children of Mugambazi commune on 11 Nov 95.

(b) Monitoring situation of returnees by MILOBS in Mwendo, Gashora sector. Returnees were settled well and received plastic sheets, blankets, seeds, agriculture tools and medical assistance.

(c) A project to build an orphanage in Shyorongi commune was being run by a Muslim group.

b. General Living Conditions

(1) Water. Water supply in Ngenda and Gashora communes is run by NGO "GTZ" and Ministry of Rehabilitation.

6. Sector 1B

a. Sector Humanitarian Activities

(1) INDBATT provided two trucks for transportation of firewood from Nyamabuye commune to Cyeza orphanage on 10 Nov 95.

(2) MILOBS delivered 16 packages of exercise books to Kayenzi commune on 7 Nov 95.

(3) One truck from INDBATT assisted in shifting of school furniture from Nyamabuye commune to primary schools in Mushubati commune.

b. General Living Conditions

(1) Health Care and Problems. Diarrhoea and Malaria continue to be a problem in the prefecture. Diarrhoea is prevalent amongst the prisoners. There is no reported case of any endemic disease.

(2) Orphanages. Nyanza orphanage and CENA of HANIKA centre for unaccompanied children in Kigoma commune is in desperate need of mattresses, blankets and food.

(3) Hospital. Director of "CENTRE DE SANTE" health centre in Kayenzi commune has complained of shortage of medicines like paracetamol and tablets for dysentery.

(4) Housing. Salvation Army is engaged in construction of houses in Kayenzi commune under the Food for Work Programme. 52 houses have been completed and 118 houses are in various stages of construction.

c. UN Agencies and NGOs

(1) Salvation Army carried out distribution of insecticides in Kayenzi commune on 7 Nov 95.

(2) Catholic Relief Services (CRS) distributed seeds and hoes in Kigoma commune on 8 Nov 95.

(3) Salvation Army is constructing 200 springs of 20 each in 10 sectors of Kayenzi commune.

7. Sector 2A

a. Sector Humanitarian Activities

(1) The Sector provided transport to move fertilizers and seeds to various communes.

b. General Living Conditions

(1) Health Care

(a) Nyarubuye health centre in Gituza commune had recorded 45 people dead in the past two months of dysentery. The daily sick report was put at 50 - 80 people.

(b) A UNICEF sponsored vaccination programme was conducted at Rutare health centre.

(c) The Giti dispensary, supported by an NGO

11

MALTESER, complained of drug shortage when MILOBS team visited the dispensary during the week.

(2) Agriculture

(a) 'MIFAPROFE' (Department of Women of Rwanda) supplied fertilizers and seeds of beans, cabbage and carrot to Women's Associations in all the 17 communes.

(b) The Ministry of Agriculture distributed 1000 hoes each to Cyumba, Mukarange and Kivuye communes on 8 and 9 Nov 95 for widows and the poor.

(3) Orphanages. A boy of 17 years died of electric shock at the Gakoni orphanage centre, when he tampered with electrical wires.

8. Sector 2B

a. Sector Humanitarian Activities

(1) GHANCOY provided one truck to MINIRESO to convey stores from Kigali to Sake.

(2) One truck was released to RPA to help transport ration from Kigali to Kibungo.

(3) GHANCOY medical treated and discharged 230 locals.

b. General Living Conditions

(1) Food

(a) PAM (Programme Alimentaire Mondiale), is organising a Food for Work Relief Programme in Rwinkwavu area. However the programme is stagnated for want of adequate supplies.

(b) A goat scheme is being run by IRC for widows, orphans and other needy people to assist them to earn a living in the Rutonde commune. The scheme attempts at making goat reproduction and the recycling of their off-springs amongst needy families as a basis of creating adequate means of economic sustenance amongst the poor.

(2) Water

(a) Only four sectors in Kabarondo commune are known to have adequate water supply. The sectors of Bisinga, Murama, Ruyonza and Ruramira have

reportedly no water and the situation there is reported to be critical.

(b) Recurring water shortage was reported from Nyakarambi transit camp as both the UNHCR water tanker and the running water supply from the water pump ran dry.

(3) Health Care. A mobile vaccination clinic was held at Ruyema in Sake commune during the week by IRC and vaccines for whooping cough, diphtheria, measles, polio, tetanus and tuberculosis were administered.

(4) Housing

(a) ICR is reportedly carrying out a community based shelter programme in Muhazi and Rutonde communes. As per the details available 9 houses have been completed, 14 are under construction and 31 families have been reportedly identified for further assistance. 95 houses are reportedly likely to be completed by IRC in Rutonde commune by 31 Dec 95.

(b) Sake church which was reportedly damaged during the war and was a site of some of the massacres is undergoing repairs.

(5) Orphanages. A total of 3485 orphans are reported to be in Kabarondo commune. Out of these 749 are said to be in critical need of assistance.

9. Sector 3A

a. Sector Humanitarian Activities

(1) The Sector supervised the transportation of 21 suspected genocide perpetrators from Kivu cachot to Gikongoro prison.

(2) A number of wounded locals from the shooting incident at Runyombyi were transported to Butare hospital.

(3) The Sector organised transport assistance for Prefet, RPA CO and Gendarmerie Commander to travel to Nshili commune to investigate shooting incident.

10. Sector 3B

a. Sector Humanitarian Activities. The following task was done by MILOBS incoordination with formed troops, local

authority and NGOs:

(1) Provided 2 trucks from MALICOY to carry woods from Gikongoro to Ruhashya commune which were used for reburial ceremony to prepare coffins.

b. General Living Conditions

(1) Health Care. Ruyenzi clinic authority in Ntyazo commune informed they are finding increase in people suffering from the effect of AIDS.

(2) Education. At Rusatira commune all schools are functional having 33 unqualified and 21 qualified teachers and 3029 students. All schools need school materials like text books, note books, training for teachers and reconstruction of 4 schools.

c. UN Agencies and NGOs. OXFAM is active in repairing water supply system at Mugusa commune. ICRC is distributing food to Gishamvu commune. Feed the Children is assisting unaccompanied children in Nyakizu commune.

11. Sector 4

a. Sector Humanitarian Activities

(1) On 6 Nov 95, one Malawi truck was given to transport construction material to Nyamasheke hospital.

(2) A truck was used to transport agricultural tools from Cyangugu to Gisuma.

(3) MALAWICOY treated 103 patients at their medical post and 167 patients at Gihundwe hospital.

b. General Living Conditions

(1) Food. The food situation in two orphanages namely Rusayo and Kibogora orphanages is alarming with the children nearing conditions of being starved.

(2) Water. There is an acute shortage of potable drinking water in most communes, this has led to an increase in water borne diseases like dysentery.

(3) Health Care Problems. The medical centres at Mushaka and Mushesha were visited. It was observed that these medical centres were treating patients well beyond their handling capacities. This has resulted in shortage of essential medicines.

12. Sector 5A

a. Sector Humanitarian Activities

(1) On 05 Nov 95 NICOY assisted RPA with an ambulance to convey two patients from Ruhengeri to Kanombe hospital in Kigali.

(2) On 07 Nov 95 MILOBS team transported seeds from the Ruhengeri prefecture to the Ruhondo and Cyeru communes.

(3) On 08 Nov 95 MILOBS team transported seeds from the Ruhengeri prefecture to Nyarutovu and Nyamugali communes.

b. General Living Conditions

(1) Education. The German Government is repairing one school at Nyabirehe sector in Mukingo commune and had so far completed six classrooms.

(4) Orphanage. ICRC was taking photographs of parents of lost children in Cyabingo commune. These will be taken to Goma for children to identify their parents after which reunion will be organised.

13. Sector 5B

a. UN Agencies and NGOs

(1) Food for the Hungry will start the house construction project reportedly within the next couple of weeks.

(2) ICRC continues to work on the water rehabilitation in the Rwerere, Mutara commune.

(3) UNHCR continues to oversee the repatriation of refugees.

14. Sector 5C

a. Sector Humanitarian Activities

(1) On 7 Nov 95, own MILOBS team accompanied by medical personnel from NICOY visited the Kilinda hospital and treated 44 persons with various cases of skin disease and measles. They also delivered quantity 40 blankets to the hospital.

b. General Living Conditions

(1) Health Care Problems. MSF and UNICEF are working diligently to improve and run hospital facilities throughout the prefecture. In general, the quality of health care provided is poor. Also overcrowding, untrained staff, broken-down equipment, inadequate water and latrine facilities and lack of transportation for the injured exasperate this bad situation.

(2) Water. ICRC is slowly making progress in repairing broken pipes and developing new sources of water. Shortfalls in water still occur daily throughout the prefecture.

CONCLUSION

15. Fear, insecurity and doubts of continuing works of aid are added to chronic problems and needs of the population.

WEEKLY HUMANITARIAN REPORT FOR THE PERIOD 29 OCT - 05 NOV 95

GENERAL SITUATION

1. There were no appreciable changes in the humanitarian situation in the country in the last week, however, the situation seems to be slowly standing on its feet. Humanitarian assistance by UN agencies and NGOs is continuing at a reasonable pace and with improved coordination, but the necessities of the population are dramatically acute still now. The escalation of mining, with terrorist purposes could paralyse NGOs activities in western Rwanda if continues.

HAC ACTIVITIES

2. The requests dealt with by HAC during the week were:

a. Transportation Requests. The transportation requests accepted by HAC were for transportation of food items from Kigali to Mushubati and transportation of fuel wood for Cyeza orphanage in Gitarama prefecture.

b. Vaccination of Children at Nyabisindu, Byumba. A request was received from a school at Nyabisindu for vaccination of 1300 children against meningitis. The FMO informed that the vaccine in such large quantities was not available with UNAMIR. Mr Dao informed that a list of medicinal requirements had been given by the WHO and he would include the vaccines in the list, if they were not available. If the vaccines were available they could be given out by WHO, and vaccination could be undertaken by the RAPs.

c. Support to Orphanages, Health Centres. A number of requests had been received for support to orphanages and health centres in form of food, medicines, mattresses etc. HAC has approached UN organisations and NGOs for providing the assistance.

3. UHAAG. The following requests were considered by UHAAG meeting on Mon 6 Nov 95:

a. Transportation Request for Conveyance of Seeds and Fertilisers. A local agricultural organisation SOPRORIZ has requested for transportation of 35 tons of rice seeds from

Bugarama (Cyangugu) to Kigali and 135 tons of fertilisers and pesticides from Kigali to the communes. The meeting decided that such large requirements of transportation will not be undertaken. However, 35 tons of rice seeds could be transported from Bugarama to Kigali and, if possible, about 10 tons of fertilisers could be transported.

b. Provision of Dumpers. Two requests were received for provision of dumpers. These were for Nkamira transit camp and Kabuga Development Centre. Both requests for two dumpers were for five days each. The FEO said that due to shortage of dumpers and heavy demand for them, their deployment should be restricted. These two tasks would be undertaken starting this week.

c. Repair of Commune Buildings. Bourgemestre of Rukondo commune (Gikongoro) has requested for repairs of the commune buildings previously occupied by UNAMIR contingents. The meeting decided that as it was normal procedural matter the request be forwarded to CAO for necessary action.

#### 4. Sector 1A

a. Sector Humanitarian Activities. Details of major activities carried out are as follows:

(1) Medical Support. This was done in Murambi health centre in Mugambazi commune and Musasa orphanage in Musasa commune.

(2) Other Supports

(a) With the support of INDBATT the Humanitarian team donated food (beans, maize, oil, sugar and flour) and clothes to Ruhuha orphanage in Ngenda commune.

(b) With the help of one NCO from Force Engineer Coy, MILOBS team successfully repaired the hand water pump installed outside Ruhuha orphanage.

(c) Along with Force Engineer team the Humanitarian team carried out a recce for repair of track in Rubongo commune.

b. General Living Conditions

(1) Transit Camps. Dihiro transit camp received 126 returnees from Burundi through Rutete border. Three returnees of them are victims of forced repatriation by Burundi authorities.

5. Sector 1B

a. Sector Humanitarian Activities

(1) The Humanitarian Officer visited the Cyeza orphanage in Rutobwe commune on 3 Nov 95. INDBATT provided two trucks for transportation of firewood from Nyamabuye commune to Cyeza orphanage on 4 Nov 95.

(2) The Humanitarian Officer visited all the orphanages in the prefecture. Nyanza orphanage in Kigoma commune is in dire necessity of basic amenities like mattresses, food and water.

(3) MILOBS delivered one Olivetti typewriter each from the prefecture to Taba and Runda communes on 31 Oct 95.

(4) 95 CSMG LOG Ops moved a container belonging to 'CONCERN' from Musambira to the market at Gitarama on 5 Nov 95.

(5) Two trucks from Force Engr Coy transported 3.5 tons of rice and 4 tons of beans from WFP warehouse in Kigali to (ACEJ) Secondary school in Mushubati commune on 2 Nov 95.

(6) Sector Humanitarian Officer visited the commune cachots in Musango and Taba to assess the requirement for providing doors and locks for more spacious rooms to ease congestions in these cachots.

b. General Living Conditions

(1) Food. Food is still inadequate in the communes. Prisoners face shortage of food which has been further aggravated by increase in the number of arrests.

(2) Housing. "Agency Rwandese for Development and Cooperation" (ARDEC), a Rwandese NGO is constructing houses in Runda commune. They plan to construct 764 houses in that commune. They have already constructed about 100 house.

(3) Farming Activities. Shortage of agricultural implements and seeds is being addressed by the Agricultural Department of the prefecture. Distribution of seeds and hoes was carried out by NGOs in Murama commune. People have complained regarding shortage of insecticides to treat crop infected by insects. NGOs are being approached to assist in this regard.

6. Sector 2A

a. Sector Humanitarian Activities

(1) The Sector provided one pick-up to the NGO GOAL Ireland to transport food items from WFP warehouse in Byumba to the Byumba transit camp for the returnees.

(2) The UNAMIR Signal Coy provided transport to the Kinyami commune to transport 7 tons of beans, 1,000 hoes and 2.5 tons of fertiliser on 31 Oct 95. The items were provided by EEC.

b. General Living Conditions

(1) Health Care. There was an outbreak of cattle disease in the Giti and Rutare communes. The veterinary officer in charge lamented over the shortage of drugs to combat the disease.

c. UN Agencies and NGOs

(1) WFP distributed food to returnees in Tumba and Byoga communes on 1 Nov 95 at the rate of 10kg per head.

(2) CARITAS distributed 10 tons of beans within the Ruhunda sector in Cyungu commune to 700 families on 27 Oct 95.

(3) GOAL is maintaining the Byumba transit camp and supplied 20 bags of maize, 4 bags of beans and 2 cartons of cooking oil to returnees at the camp on 3 Nov 95. It has also completed 170 tents at the camp.

7. Sector 2B

a. Sector Humanitarian Activities

(1) One truck was released to RPA to help transport ration from Kigali to Kibungo.

(2) GHANCOY medics treated and discharged 214 locals at own RAP over the period.

b. General Living Conditions

(1) Agriculture

(a) Approximately 500 cattle were found being moved from Mugesera to Rusumo but had to take a long route from Burundi through Kigali as Tanzanian authorities are not allowing transfer of cattle

18

back to Rwanda.

(b) Beans seeds and hoes donated by WFP were being distributed to locals at the commune office of Muhazi.

c. UN Agencies and NGOs

(1) ICR repaired water pump at Nyakarambi transit camp.

(2) ICR is assisting in the building of houses in the commune of Rutonde.

(3) ICR donated goats to foster families hosting orphans in the Rutonde commune.

d. Absorption of Returnees in AOR

(1) At Kirehe officials of the Ministry of Rehabilitation were found allotting plots of land to locals who occupied abandoned houses which do not belong to them during the genocide thus ensuring that the returnees get back their rightful houses.

8. Sector 3A

a. Sector Humanitarian Activities

(1) MILOBS Sector 3A HQ donated a quantity of stationery to Mubuga commune following a desperate plea from the new Bourgmestre for urgent assistance to enable the commune administration get off the ground smoothly.

(2) An attempt to transport 21 suspected genocide perpetrators from Kivu commune cachot to Gikongoro prison was aborted halfway when it transpired that the Bourgmestre had not concluded the necessary consultations with the authorities in Gikongoro.

b. UN Agencies and NGOs. CARITAS is building a total of 28 houses in Kinyamakara commune, while TROCAIRE is building 15 classrooms in the same commune. Additionally, TROCAIRE is providing assistance in various forms to all 10 primary schools in the commune.

9. Sector 3B

a. Sector Humanitarian Activities. The following tasks were done by MILOBS in coordination with formed troops, local authority and NGOs:

(1) Provided 4 trucks from MALICOY to transfer prisoners

from Maraba, Nyaruhengeri and Ndora communes to Nyanza prison at Nyabisindu commune.

(2) An electrician was provided by Force Engr Coy to check and rectify electrical problems at Rusatira commune office.

b. UN Agencies and NGOs. Feed The Children and WFP were found collecting statistics of the needy people in Runyinya commune to assess the future requirements. CRS and ICRC are providing food, seeds and agricultural implements to locals and prisoners. MSF and AICF are providing limited medical assistance to some communes. OXFAM and UNICEF are assisting in restoring water supply systems in Mugusa commune. LVIA is assisting the clinic in Nyaruhengeri commune.

10. Sector 4

a. Sector Humanitarian Activities

(1) One Malawi truck was given to IRC to transport construction material to Nyagatare transit camp and one Malawi truck was used to transport different items to Nyamasheke orphanage.

(2) A total of 982 locals were treated by Malawi Company medical staff at the Gihundwe hospital.

11. Sector 5A

a. Sector Humanitarian Activities

(1) On 30 Oct 95 a MILOBS team provided transport assistance to the representatives of Ministry of Agriculture for visiting the communes of Kinigi, Nkuli and Mukingo.

(2) On 3 Nov 95 NICOY assisted RPA with an ambulance to convey two patients who were injured during an accident between NICOY truck and RPA pick-up.

b. General Living Conditions

(1) Water. MSF-H is repairing water point at Ndao and Ruyanga sectors of Cyeru commune.

(2) Agriculture

(a) ARP distributed seeds (wheat and beans) to 1000 families in Gatonde commune but fertiliser was sold to the locals.

18

(b) Sector 5A is attempting to procure seeds and fertiliser for distribution in Ruhondo commune.

(3) Education. Aid and Action will build five schools in the Cyeru commune. They are likely to commence in Jan 96.

(4) Transit Camp. There exists one camp in AOR established/run by UNHCR located at Mukungwa (GR 622320) about 5km away from Ruhengeri town. With the existing capacity the camp can accommodate 500 refugees in shelter and 500 outside the perimeter of the camp. Facilities available are, water, shower, toilets and shelter for 500 refugees. UNHCR thinks that existing capacity of the camp is enough to meet up any emergency, hence not likely to undertake expansion works of the camp.

12. Sector 5B

a. Sector Humanitarian Activities

(1) Visited the Mutura communal office to investigate a request to rehabilitate the electricity. However upon arrival it turned out that electricity had never been in the communal office and that power lines would have to be laid and the building wire.

(2) The security lighting for the Gisenyi prison may be put in place within the next two weeks. The COOPI representative will take on the project since it is such low cost. This will enable the overcrowding problem at night to be reduced somewhat.

b. General Living Conditions

(1) Housing. Both WFP and FHI are in the final administration preparation steps to launch their housing construction program. They anticipate they will need some transport to move brick and tile from where it is made to where it will be used.

13. Sector 5C

a. Sector Humanitarian Activities

(1) This week there were mine incidents in the south of Kibuye prefecture which will "choke off" a significant amount of aid and services into this deprived area.

(2) On 30 Oct 95 UNAMIR conducted mine awareness training here in Kibuye for MILOBS and NGOs.

(3) On 2 Nov 95 a MILOBS patrol flew by heli to the returnee camp in Bwiza and monitored the situation there with members of SDR. They also delivered seeds and hoes to this location.

(4) On 3 Nov 95 the MILOBS Humanitarian Officer provided first aid to two youths who were hit by a civilian truck while riding a bicycle. This involved applying shell dressings to a person with a severely cut leg and assisting with evacuation to hospital.

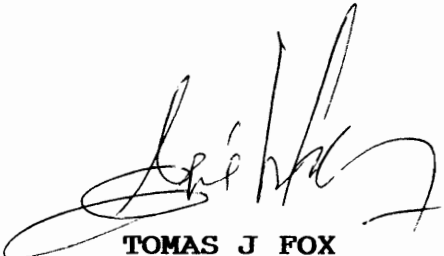

b. General Living Conditions

(1) Education. Programmes continue to expand with re-opening of primary and secondary schools in the prefecture. Many schools require rehabilitation work to the buildings, furniture and equipment. Other concerns remain the need for paper, pencils, work books and other educational materials, inadequate pay for teachers, a requirement for nutritional supplements for students and teachers, as well as the need for balls, toys and playground equipment.

(2) Prisons. The one prison in Kibuye houses approximately 2350 people. This facility was designed to hold 250 people so problems of over crowding, poor hygiene and poor nutrition make the life very difficult for the inmates.

CONCLUSION

14. The humanitarian situation in the country will continue to improve if the present stability continues to hold. The likely huge inflow of returnees and the precarious security situation, however, threaten to bring to nought all the humanitarian progress made till now.

**WEEKLY HUMANITARIAN REPORT FOR THE PERIOD 21 - 29 OCT 95**

**GENERAL SITUATION**

1. The humanitarian problems today mainly remain in the fields of water, health care and education and in the care of weaker groups of the society that is the orphans, widows and handicapped. With the agricultural activities at reasonable pace the problems of food shortages are likely to be overcome in the future.

**HAC ACTIVITIES**

2. The requests dealt with by HAC during the week were:

a. **Transportation Requests.** The transportation requests accepted by HAC were as follows:

(1) Transportation of iron sheets from Kigali to Mukarange, Kibungo, for CARITAS.

(2) Transportation of electric transformers from Kigali to SAVE school, Butare.

b. **Electric Repairs at Rusatira, Butare.** A request was received from Rusatira commune, through sector 3B, for electrical repairs at the commune office. The request is being undertaken by the Force Engineers.

c. **Medical Support to Health Centres.** A request was received from sector 2A for medical support to health centres at Gituza and Mulindi. The request has been directed to MDM for necessary assistance.

d. **Support to Orphanages.** HAC has approached a Spanish NGO BEDAR BIDASOA for support to orphanages. The NGO has agreed to provide plastic plates, mugs and cutlery items. A consolidated requirement from the orphanages will be forwarded to the NGO for assistance.

3. **UHAAG.** The following requests were considered by UHAAG meeting on Wed 30 Oct 95:

a. **Transportation Request for Conveyance of Seeds.** WFP had requested for urgent transport support to move seeds from

have been acquired in six sectors within Mugesera commune to accommodate expected returnees.

8. Sector 3A

a. Sector Humanitarian Activities. The sector transported three seriously wounded accident victims from scene of accident to Kigeme hospital on Friday 27 Oct 95. HAC cell continues to provide transport support to the hospital.

b. General Living Conditions

(1) Health Care. MSF is assisting a number of health centres in the sector. However the people complain that due to poverty they are unable to pay the minimal fees charged by the health authorities.

(2) Transit Camps. Commune HQ is generally used to house returnees and survivors of genocide while efforts are being made by CARITAS and WFP to construct houses for them.

(4) Returnees. A number of returnees and survivors of genocide continue to live in commune HQ premises especially in the communes of Mubuga and Rwamiko.

9. Sector 3B

a. Sector Humanitarian Activities. The following tasks were done by MILOBS in coordination with formed troops, local authority and NGOs:

(1) Collected food from CRS warehouse, Butare using 1 x MALICOY truck and delivered at Rusatira commune for returnees.

(2) Provided 2 x trucks from MALICOY to carry the remains of genocide victims at Ruhashya and Shyanda communes.

(3) Provided 1 x pick-up to Ngoma commune to ferry the people who attended the reburial ceremony held in Butare National University.

(4) Transported school materials from Butare prefecture office to Huye, Mbazi and Shyanda communes for onward distribution to commune school using MILOBS vehicle.

b. General Living Conditions

(1) Water. Due to the rain season water situation is a little bit better in most of the commune. Some of the

communes are facing problems with the pumps which were either destroyed during war or are out of order due to lack of technical know how by the users such as in Mbazi and Nyabisindu communes. OXFAM is still working on the water system and pipeline in Mugusa commune.

(2) Health Care. MSF, AICF, and some other NGOs continued to assist diligently to improve and run hospital/health centre facilities throughout the prefecture. In general, quality of health care is poor due to lack of medicine, untrained staff, overcrowding and non-availability of equipment. It is reported that the outbreak of dysentery at Ruyenzi orphanage centre is still prevailing among the children. MSF has taken water samples from the spring for checking. MSF carried out immunization programme for children at Kigembe commune.

(3) Returnees. The rate of influx of returnees has been reduced since last week. A total of 222 arrived in the way station, Butare for onward despatch to various prefecture. 198 refugees crossed border posts in Kigembe commune on foot and went to their home communes. Out of 222 returnees only 50 were absorbed in Butare prefecture.

c. UN Agencies and NGOs. Human Rights representative in Butare is supervising transfer of prisoner. Feed The Children is assisting the orphans in various orphanages in coordination with WFP, CRS and ICRC are providing food, seeds and agricultural implements to locals and prisoners. MSF and AICF are providing limited medical assistance to some communes. OXFAM and UNICEF are assisting in restoring water supply systems in Mugusa commune.

#### 10. Sector 4

##### a. Sector Humanitarian Activities

(1) A total number of 121 medical cases were treated at the medical post of Malawi Company at Shagasha.

(2) An air evacuation was conducted on Sun 22 Oct 95, for Mr Nkwaya who was hospitalized at Gihundwe hospital evening of Sat 21 Oct with bullet fragments in his thorax. The evacuation was made from LZ Kamembe to Kigali.

(3) The vehicle situation of Malawi Company is hampering the humanitarian tasks.

##### b. General Living Conditions

(1) Health Care. At Mushaka clinic in Gishoma commune

18

there are only seven nurses who cannot cope with the workload of the clinic due to the daily influx of patients. The clinic also faces a number of problems which include poor water supply, electricity and drugs.

(2) Returnees

(a) The refugees arriving in the Kagano commune do so without their personal belongings for fear of having them confiscated by the local Rwandese authorities.

(b) A total number of 209 returnees arrived at Nyagatare transit camp as against 267 departed returnees.

c. UN Agencies and NGOs. At the request of UNHCR, "CONCERN Worldwide" an NGO has been asked to construct and manage the Nyarushishi transit camp for refugees returning to Rwanda from South Kivu province.

d. Capacity of Absorption of Returnees. Lot of houses are in need of repair for occupation and could be occupied at minimal cost. Many of these houses only require roofing material and windows. However, there appears to be no Government plan to repair and assign these buildings/houses to returnees.

11. Sector 5A

a. Sector Humanitarian Activities

(1) A MILOBS team carried office equipment from Ruhengeri prefecture to Ruhondo commune for Inspector of Education.

(2) On 26 and 27 Oct 95 a MILOBS team provided transport assistance to Ministry of Agriculture for visiting various communes in the sector.

b. General Living Conditions

(1) Orphanages. ARP distributed 1200 blankets to orphans in Nyamutera commune.

12. Sector 5B

a. Sector Humanitarian Activities. The following activities were carried out:

(1) Assisted IOM with escort patrol to the Kayove commune to deliver food and returnees.

(2) Coordinated with NICOY transport assistance in support of National Tree Day and with the pre-olympic trials to be held in Gisenyi.

(3) Escorted Canadian representatives from 95 CMSG to the orphanage in Murura and Enfants du Rue where they dropped off donations.

b. General Living Conditions

(1) Housing. FHI and WFP have reached an agreement to begin a housing construction/repair project for vulnerable families in five communes. The project will see the construction of 500 homes in the next three months. This will provide an average of 9 homes in each of the 53 sectors. Food assistance to 1,980 families for construction labour and the fabrication of 250,000 bricks and 334,000 tiles will be provided. Each house will be constructed of 1,500 bricks and 2,000 tiles. It is anticipated that a total of 100MT of mais, 60MT of beans/peas and 12MT of oil will be distributed to each commune per month for the next three months.

(2) Education. School will begin in the Gisenyi commune in early November. COOPI continues to rehabilitate these schools, FHI continues to organise and provide assistance to returnees in order for them to attend school.

(3) Farming. FHI has agreed to provide seeds in stock to non-returnee vulnerable families in Gaseke and Kanama communes. They provided 5 tons of beans to Kanama and 3 tons of beans to Gaseke. Transport of these items was provided by UNAMIR.

c. UN Agencies and NGOs

(1) Food for the Hungry. Continued to coordinate the agencies that identify and register vulnerable families and unaccompanied children at the Nkamira transit centre. During the week they registered 129 vulnerable families/364 persons. 24 of the families/78 persons are destined to resettle in the five communes of FHI operations, Karago, Giciye, Mutura, Rwerere and Rubavu. The remaining 105 families/286 persons are destined for other prefectures. FHI will pass the information regarding these families to the appropriate UNHCR Sub-offices.

(2) UNHCR received a mission from Kigali including representatives of the Ministries of Rehabilitation, Agriculture, Environment and Tourism, Public Works, health and Education. The mission along with the Sub-

Prefect, local representatives of the Ministries and a UNHCR.

(3) SM visited potential sites for the permanent resettlement of the old caseload returnees in Mutura commune. Nearly 800 hectares were identified as probable sites, pending official documents from the Government. The possibility of exploiting some 1000 hectares bordering the Volcano park will be examined. Gishwati Forest officially remains off limits for resettlement, however over a thousand families are currently occupying land in the Mutura section of the forest alone.

13. Sector 5C

a. Sector Humanitarian Activities

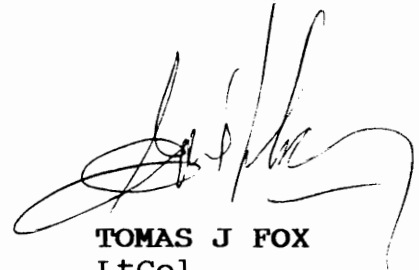

(1) On 26 Oct 95, two MILOBS teams delivered humanitarian support in the form of 100 blankets and 20 bags of soymeal corn by road and heli to the Muruda hospital in the Rutsiro commune respectively.

b. General Living Conditions

(1) Health Care. They also provided escort to a Solidarity truck-load of food to the same hospital. The hospital as already reported is under-strength with two trained nurses (locals) and 32 casual workers as against an increasing number of 100 - 125 patients daily. Presently, the hospital has 111 admitted cases with majority of them suffering from malaria and malnutrition. As it stands, the hospital urgently requires antibiotics, quinine, insecticide body lotion against malaria, an ambulance as well as a full time qualified physician.

CONCLUSION

14. The humanitarian situation is progressing steadily due to the efforts being put in by UN agencies and NGOs in improving the agriculture, housing, education and the health care of the people. However, their efforts may be jeopardised if security measures are not taken to guard against threats of mines and other insurgent activities.

**WEEKLY HUMANITARIAN REPORT FOR THE PERIOD 14 - 20 OCT 95**

**GENERAL SITUATION**

1. The humanitarian situation in general seems to be slowly limping back towards normalcy. The agricultural activities are at a reasonably active pace. Problems in the areas of food, water, health care and education still continue to hamper resumption of normal life.

**HAC ACTIVITIES**

2. The requests dealt with by HAC during the week were:

a. **Transportation Requests.** The transportation requests accepted by HAC were as follows:

(1) Transportation of government rations (8 tons) from Kigali to Butare (sector 3B).

(2) Transportation of potato seeds (15 tons) and beans (10 tons) from Kigali to Rutare and Giti respectively.

(3) Transportation of office equipment for Kibuye prefecture office from Kigali to Kibuye.

b. **Medical Support to Prisoners.** Consequent to the CIVPOL report on poor medical conditions in Makango commune cachot in Gitarama prefecture and request of local RPA Commander, ICRC has been approached for providing medical assistance.

c. **Provision of Diesel for Generator at Ministry of Rehabilitation.** The request for provision of diesel for generator at Ministry of Rehabilitation had been forwarded to DCOS SP. The Administration agreed to provide the fuel and has asked the Ministry for further details

3. **UHAAG.** The following requests were considered by UHAAG meeting on Wed 25 Oct 95:

a. **Provision of Septic Truck and Pit Latrines at Kanombe Military Hospital.** A request was received from the Kanombe Military Hospital authorities for provision of septic truck for a day and digging of pit latrines. The septic truck will

be provided after the pending requests have been cleared. Digging of pit latrines will be undertaken by the Force Engineers.

b. Grader and Dump Trucks for Kibungo. A request was received from Department of Roads and Bridges for provision of a grader for road repairs and dump trucks for haulage of gravel in Kibungo. The FEO informed that these equipment were not available at present due to the ongoing task at Gashora bridge and the pending tasks.

c. Pit Latrines at Primary School in Kigali. A request was received from a primary school in Kigali for digging of pit latrines. The request was accepted in case the school was capable of undertaking construction of the latrines once the pits had been dug. The task will be done by the Force Engineer Company after ascertaining the requirements and financial capabilities of the school.

d. Security Fencing at Butare Rehabilitation School. A request had been received from the School authorities through MILOBS Sector 3B, for construction of a security fencing at Butare school. The Group decided that the matter could be decided after exact requirements had been assessed by the Force Engineers and MILOBS, in consultation with the school authorities, and subject to the cost being reasonable.

#### 4. Sector 1A

a. Sector Humanitarian Activities. Details of major activities carried out are as follows:

(1) Supply of Seeds and Agriculture Materials. The distribution was done in Gikomero commune. With the full support of the local officials, the European community for the items and INDBATT for the transportation.

(2) Medical Aspect. With the support of an Indian medical team the medicines supplied by the Government of India were presented by the humanitarian team to Rushashi orphanage named "Orphelinat Sans Frontieres" (O.S.F.) on 19 Oct 95. "AMDA" an NGO agreed to provide medical support along with his medical team once a week to Butamwa commune.

(3) Temporary Shelters. With the support of UNHCR, tents (plastic sheets) for temporary shelters were delivered by the humanitarian team to Musasa and Rushashi orphanages.

11

5. Sector 1B

a. Sector Humanitarian Activities

(1) MILOBS finished delivery of UNICEF schooling materials from Gitarama to the communes. MILOBS also began to deliver blankets for orphanages on 20 Oct 95. 124 blankets for Kabgayi St Joseph (721622), 200 for Kabgayi (719679), 194 for Nyanza, Kigoma (729411) and 150 for Nyanza St Antonie were delivered.

(2) A meeting under the auspices of UNHCR was held on 18 Oct 95 to co-ordinate the activities of all related NGOs in preparation for the refugee repatriation programme.

b. General Living Conditions

(1) Housing. Agency Rwandese for Development and Cooperation (ARDEC) a Rwandese NGO is constructing houses in Runda commune (9882). They are planning to construct 764 houses in that commune of which 104 have been already constructed.

6. Sector 2A

a. General Living Conditions

(1) Health Care

(a) Gituza health centre (GR 324213) had insufficient drugs to combat an outbreak of dysentery. An average of 50 patients per week reported for dysentery treatment.

(b) Refugee Trust organised an education campaign on good nutrition for about 100 mothers at the Giti Dispensary (2302) on 17 Oct 95.

(c) UNICEF and WVI conducted vaccination exercises in Muhura, Rutare and Giti communes on 19 Oct 95 against meningitis.

(d) The number of out-patients at the Mulindi health centre (GR 042371) had dropped from 70 - 80 daily to 10 - 30 daily due to introduction of consultation fee of 50 amafaranga (FRW), lab fee of 100 FRW and in-patient fee of 20 FRW per day as part of the Ministry of Health directives.

(2) Housing. The NGO CARITAS distributed roofing sheets to 30 families in Kgombe commune on 12 Oct 95. In Tumba commune, UNHCR had promised to rehabilitate this commune

KS

office structure.

(4) Farming. ADRA provided 4,800 hoes to the Ngarama commune for distribution to farmers.

7. Sector 2B

a. Sector Humanitarian Activities. The following major activities were carried out during the week:

(1) Distribution of 25 and 19 blankets donated by the Austrian Relief Programme to Bare (5449) and Gahara (5442) health centres respectively.

(2) Sick orphaned boy picked at IDAGAZA and sent to GHANCOY RAP and then to Kibungo hospital for treatment.

b. General Living Conditions

(1) Water. The water situation in the sector was relatively stable. There was no report of inadequacy of water except for the case of Rwamagana hospital. UNHCR was contacted and an assurance obtained on resumption of supply.

(2) Health Care. Rwinkwavu hospital was found to be in need of plastic covers for 200 mattresses so as to avoid stains.

(3) Farming. The Prefect through the Ministry of Rehabilitation was able to obtain seeds and hoes for distribution in the prefecture. Distribution was seen going on by own team at Nasho. Each family received 2 hoes and 3kg of beans.

(4) Returnees

(a) The expansion work on the Nyakarambi and Birenga transit camps is still going on.

(b) Old case returnees settled in the areas of Nyaminga (6599)/Akagera National Park and Nyagahandagaza (6069) complained about lions attacking their cattle.

c. UN Agencies and NGOs

(1) UNICEF is presently carrying out a renovation exercise at the Rukumbeli health centre.

(2) UNHCR received 15 refugees (family heads) from Tanzania who were brought in to assess the situation in

the Kibungo prefecture and to convince other refugees still in Tanzania to return to Rwanda.

**Sector 3A**

a. **Sector Humanitarian Activities.** The HAC has continued to provide limited transport assistance to the hospital at Kigeme.

b. **General Living Conditions.** The general living conditions are satisfactory except that there is a general complaint about the inadequacy of agricultural inputs like seeds, fertilizer and farm implements. There is rising resentment by the general populace against the restriction of material assistance to only orphans, widows, survivors of genocide and the infirm.

9. **Sector 3B**

a. **Sector Humanitarian Activities**

(1) There are 20 families comprising 150 persons who belong to Gikongoro prefecture and want to go back to their home commune. A request has been made to UNHCR, Butare for their transportation. The commune has 2000 IDP returnees from Kibaho which includes 800 male and 1200 female. Presently the commune has a total of 350 returnees of 1959-61. The commune authority has asked for lands for these returnees at Songa sector from the government.

(2) Team went to sector 1B in connection of transferring a 9 years old boy named SINDATIGAYA to his home commune Muyira. Team briefed the Sector Commander of 1B regarding the location and situation of the father of the boy. The case has been taken over by UNHCR, Gitarama. On 11 Oct 95 Rwandan authority moved the boy from the Ntongwe cachote to Juvenile centre of detention in Gitagara. Team has given the particulars of boy's father, henceforth UNHCR will make necessary contact with the boy's father and arrange transportation for the father to visit his son.

b. **Situation in Rehabilitation School Butare.** The Force Engr Coy has made the following progress in the Rehabilitation School project in Butare:

(1) Work on the sanitation system completed (100 toilets with GSI sheets shed).

(2) Work on water supply line is in progress and following work has been done:

(a) New line to main kitchen, dinning hall and admin block.

(b) Repair of bathroom in three building.

(c) Water supply to hospital.

(3) Electrical fittings have been in 16 buildings.

10. Sector 4

a. Sector Humanitarian Activities

(1) On Wed 16 Oct 95 opening ceremony of the Kamembe orphanage for non accompanied children at the former site of the "Noviciat des Jesuites" in Cyangugu was held.

(2) MILOBS Humanitarian team together with the UNHCR representative visited the site in Bweyeye sector (GR 1310) where a number of refugees are presently settled. All of them were living in Cibitoke commune in Burundi before returning to Rwanda. Before the 1994 war, all were living in the Gikongoro prefecture but now there are two groups, one willing to settle in Gikongoro and the other willing to remain in Bweyeye sector. The Bourgmestre has been requested to compile two separate lists and when these lists are complete, UNHCR will move the returnees to their new location.

b. UN Agencies and NGOs

(1) Food. WFP presently employs approximately 3,000 locals working under the "Food for Work" programme in the Cyangugu prefecture. Their monthly ration consists of, 50kg of maize/cereal, 30kg of beans and seven kilograms of oil.

(2) Refugees. There are two new NGOs working with refugees. The first is "Concern Worldwide" which arrived at Bugarama Cite transit camp on 2 Oct 95. They are assuming some services previously done by UNHCR. The second is "The Netherlands Development Agency" (SNV) which arrived in the Cyangugu prefecture on Thu 12 Oct 95. This NGO is presently setting up in Cyangugu with a staff of three to be augmented to six. 15 locals will be employed by the agency responsible for housing construction and regional development.

11. Sector 5A

a. Sector Humanitarian Activities

(1) On 16 Oct 95 five boxes of text books were conveyed to Ndusu commune by a MILOBS team as part of the humanitarian assistance from the Ruhengeri prefecture. They were received by the Bourgmestre.

(2) On the same day a MILOBS team presented used clothing to the Janja orphanage. The clothings were provided by UNHCR.

(3) On 16 Oct 95 the NGO called Inter SOS from Italy distributed food and other items to the nutrition centre in Rwankuba (6038), Kinigi commune responding the request made by one of our MILOBS teams. The nutrition centre is also feeding about 200 orphans.

(4) On 17 Oct 95 one patient who was injured in a road accident was brought to Ruhengeri hospital by a MILOBS team.

b. General Living Conditions

(1) Health Care

(a) The major problem facing Kabingo sector in Ndusu commune was an outbreak of diaorrhea and dysentery diseases. MSM-H and STC have been informed.

(b) A MILOBS team visited the health centre at Rosoro sector in Ndusu commune. Amongst the problem facing the centre were inadequate drugs, mattresses and blankets. STC is assisting the health centre.

(2) Housing. In Kigombe commune the Karwasa Resettlement Project was visited by a MILOBS team in order to find out the progress of work on the building construction. It was discovered that 14 houses were being roofed and there was construction activities continuing at the site.

(3) Agricultural Activities. UNHCR distributed seeds and hoes in Kinigi commune. The Union Europeene distributed carrot and onion seeds in the Nyarutovu commune.

12. Sector 5B

a. General Living Conditions

(1) Agricultural. The planting of crops continues to accelerate. All the agronomists within the communes have been encouraged to monitor the progress of the crops closely and report any difficulties.

b. UN Agencies and NGOs

(1) COOPI. In Mutura commune they have supported some 400 families. They have distributed a total of 5250 hoes and 26 tons of beans seeds.

(2) WFP. They have finished construction of two tents within the Nkamira transit centre with a total capacity of 800 tons. The Food for Work Programme continues in Kibiliria with a project on house construction. It will involve some 720 families and construct 300 houses. They will be paid with 40 tons of food for a total of six months. Road rehabilitation continues in Kanama, Mutura, Gaseke and Ramba. In Satinskyi a fish pond project has been started, 4000 fingerlings have been delivered to the site. In the near future WFP plans to begin another housing project in collaboration with FFH. It will construct an additional 500 houses in 5 communes. Finally they have begun a reforestation project which includes 10 nurseries per commune with 1 per secteur.

(3) Food for the Hungry. Continues with its seed distribution programme in concert with UNHCR within 6 of the 12 communes. They have served a total of 4060 families.

(4) INTERSOS. Will distribute 8.5 tons of beans seed to the communes of Kayove and Nyamyumba on behalf of UNHCR.

(5) BORNEFORNDEN. A Danish NGO agency is operating in the communes of Giciye and Karago. They are helping some 400 families via support families in Denmark. To date they have distributed 1319 hoes, 50 of 80 insecticide dispensers, 1500kg of dithane, they intend to distribute 2000kg of beans seed and 20 tons of NPK 17.17. They are also assisting by renting fields for families with no land. In the near future they plan to distribute 20 pigs, 200 goats, 300 sheep, 800 rabbits and 800 chickens.

c. Local Authorities. It is clear from the meetings attended this week that the Ministry of Rehabilitation and the Ministry of Environment have diverging views. The major difficulty is that land is required very quickly in order to

ensure a smooth transition of returnees to the communes. Those settled in the camps in the Gishwati will probably be moved, destination or timing of move yet to be determined. The intent to stop the destruction of the forest is clear. The Ministry of the Environment representative stopped a planned distribution of seeds to those camps located in the forest.

13. Sector 5C

a. Sector Humanitarian Activities. MILOBS team have visited numerous schools, hospitals and orphanages during the week. On 18 Oct 95, a MILOBS patrol flew by heli to the returnee camp in Bwiza (3694) and monitored the situation there with members of WFP. MILOBS also requested and delivered approximately 100 blankets to Gisovu (2952) and Rwamatamu (1557) commune offices. They also brought approximately 50 blankets and some rehydration fluids to Karangera hospital.

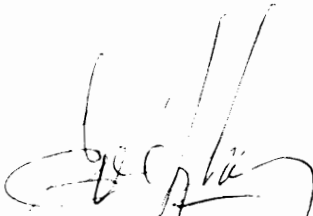

b. General Living Conditions

(1) Health. MSF and UNICEF are working diligently to improve and run hospital facilities throughout the prefecture. In general the quality of health care provided is poor and overcrowding, untrained staff, broken equipment, inadequate water and latrine facilities and lack of transportation for the injured exasperate this bad situation.

(2) Water and Sanitation. ICRC is slowly making progress in repairing broken pipes and developing new sources of water.

CONCLUSION

14. The humanitarian assistance presently being undertaken by UN agencies and NGOs is helping the people to get on their feet and the future may not be as bleak as now. However this assistance and the present aid mechanism may be threatened if the security situation worsens in an uncontrolled flood of returnees.

**WEEKLY HUMANITARIAN REPORT FOR THE PERIOD 07 - 13 OCT 95**

**GENERAL SITUATION**

1. The general humanitarian situation in the country seems to be improving slowly with continuing efforts by UN, NGOs and other agencies. The health care situation in the country is not adequate despite the efforts of NGOs and local authorities. Lack of medicines and qualified staffs are the main deficiencies along with lack of transport, electricity, beds etc. Educational system requires support in form of text books, teaching materials and furniture as well as building repairs in the schools.

**HAC ACTIVITIES**

2. The requests dealt with by HAC during the week were:

a. **Transportation Requests.** The transportation requests accepted by HAC were as follows:

(1) Transportation of 200 bags of cement from Kigali to Muhura in Byumba prefecture for primary schools.

(2) Transportation of food items and school materials from Kigali to Muhura.

(3) Transportation of blankets (858) from Kigali to Gitarama.

b. **Blankets for Orphanages in Gitarama Prefecture.** The request from orphanages in Gitarama prefecture for provision of a total of 858 blankets was taken up by HAC with the Austrian Relief Programme. The blankets were later collected and distributed to the orphanages within the week.

c. **Reburial Ceremonies.** The request from Butare prefecture for assistance in reburial ceremonies by provision of plastic sheets and transport was forwarded to UNHCR for necessary support.

3. **UHAAG.** The following requests were considered by UHAAG meeting on 16 Oct 95.

a. **Reconstruction of Bailey Bridge at Gashora.** The Rwandese

VS

Ministry of Transportation (MINITRAPE) has requested for assistance in reconstruction of the bailey bridge at Gashora in Kibungo prefecture. The Ministry will be providing the bridging stores while UNAMIR has been requested to undertake the bridge launching and transportation of the stores. The task has been accepted will require approximately 50 persons from the Force Engineers for a period of 15 days.

b. Repair of Track. A request was received by the FC's office from Bourgemestre of Rubungo commune for repair of a six km track Zindiro - Karama. The meeting decided that the request be undertaken by the Force Engineers, once trailers are available and dozers can be moved to the repair site.

c. Requests for Generators and Vehicles. Requests had been received from UNHCR for five generators for Goma camp and from Ministry of Defence for four generators and two vehicles for Directorate of Communication. The meeting decided that the requests could not be met as UNAMIR did not have any surpluses in these items at present.

#### 4. Sector 1A

a. Sector Humanitarian Activities. During this period MILOBS in the sector actively assisted in contacting NGOs for supply of seeds and various equipment to communes. In addition a visit by medical team of UNAMIR was also arranged to the communes. Further details of major activities carried out are as follows:

(1) Supply of Seeds and Agriculture Materials. Seeds and hoes were delivered by MILOBS to the Bourgemestres of Gikoro commune on 11 Oct 95 and Shyorongi commune on 12 Oct 95.

(2) Medical Camp. On 13 Oct 95 approximately 250 patients were treated by Indian medical team in Mwendo sector (0181).

(3) Musasa Commune. A MILOBS patrol observed the repair of water supply system by NGO ZOA and UNICEF.

#### b. General Living Conditions

(1) Housing. Available houses in most accessible communes have been occupied. However there are still houses available in remote areas, but they require some repairs.

(2) Returnees. The capacity of various communes to absorb fresh returnees is being ascertained.

5. Sector 1B

a. Sector Humanitarian Activities

(1) MILOBS continued delivery of UNICEF schooling materials from Gitarama to the communes. This week 22 and 16 boxes were delivered to Taba (8863) and Mugina (9267) respectively.

(2) MILOBS also provided transport to the Prefect for the swearing in ceremony of Bourgmestres at Masango (6254), Kayenzi (8389) and Runda (9882).

(3) Two trucks from INDBATT conveyed food from WFP warehouse in Kigali for MEMISA in Taba commune on 13 Oct 95. About 907 children are to benefit from the food aid.

(4) Humanitarian Officer met with an official of CRS to discuss plans for the reception of expected returnees to the prefecture. He provided the official with the communes database.

b. General Living Conditions

(1) Water. There is marked improvement in Gitarama and surrounding communes.

(2) Health Care. Diarrhoea and general malaise continue to be a problem in the prefecture. Diarrhoea is prevalent amongst the prisoners. There is no reported case of any endemic disease.

(3) Farming Activities. Shortage of agricultural implements and seeds is being addressed by the Agricultural Department of the prefecture.

6. Sector 2A

a. Sector Humanitarian Activities

(1) The sector assisted the Kivuye commune with two pick-ups for the distribution of 600 bags of food items to 12 families of 51 people on 9 Oct 95.

(2) GHANBATT provided a truck to the NGO GOAL Ireland for the conveyance of building materials for the Byumba transit camp. The truck worked for one week.

(3) Muhura commune had requested for transport to convey 200 bags of cement, 850 kg of food items and school materials from Kigali to Muhura. The requested task has since been completed.

8

b. General Living Conditions

(1) Food. WFP distributed food items within the Ngarama commune on 13 Oct 95. On the same day, ADRA also distributed seeds and hoes to farmers in the commune.

(2) Health Care. In Buyoga commune, AMREF is rehabilitating the Buyoga health centre. The health centre in the Muhura commune GR 301081 is still without any NGO support.

(3) Education. A high powered German Delegation called DONNERSBERGKEIS visited the Rutare commune on 11 Oct 95 and promised to rehabilitate the Secondary school and also provide furniture for the primary schools. In the Bwisige commune, the government of Germany had promised a grant of 33,000 DM to the Bwisige Secondary school. The grant will to be channelled through RENAN PALATINA, sister commune of Bwisige in Germany.

7. Sector 2B

a. Sector Humanitarian Activities. The following major activities were carried out during the week:

(1) The Humanitarian cell organised the distribution of 50 blankets donated by the Austrian Relief Programme to the Gahini hospital (9958).

(2) The MILOBS assisted in the carting of rations to the ZAMBATT convoy stuck at the Rusumo border post (8737).

(3) GHANCOY assisted in conveyance of food items from Kigali to Kibungo (6159) on 12 Oct 95 and from Rwamagana (4884) to Mushubati (3278) on 13 Oct 95.

b. General Living Conditions

(1) Food. Food for work programme continued in a majority of the communes under the aegis of the concerned NGOs. UNICEF carried out a distribution of beans.

(2) Health Care

(a) At Musaza (6942) in Rusumo commune (7449) there have been reports of an increased number of children mainly of oldcase load of returnees suffering from Kwasiokor (probably rickets) caused essentially due to malnutrition.

(b) The health centre at the new settlement area of Nasho (Rukumbo) (9466) became operational on 12

Oct 95. The area has reportedly high incidence of malaria and some cases of malnutrition.

(c) The health centres at Bare (5449) and Gahara (5442) have been recording high figures of malaria. At Bare an increased number of measles have also been reported.

(3) Farming. Intense farming activity continued all over the prefecture. At most places the farmers were seen preparing their fields for sowing. UNICEF carried out a distribution of beans for sowing at the rate of 5 kgs per family in Rukara commune (0157). A similar distribution of beans seeds at the same scale was carried by IMC at Gahara in Birenga commune.

(4) Returnees

(a) A total of nearly 14,500 old caseload returnees are to be resettled at Nasho. A team from the Ministry of Rehabilitation is at present in Nasho area to carry a survey and assess the feasibility of resettlements in the area.

(b) 20 Persons were reportedly handed over by the Tanzania army to RPA at Rusumo border post on 10 Oct 95. They were reportedly taken by the RPA to their camp adjacent to the Nyakarambi transit camp.

(c) The expansion of the Nyakarambi and Birenga transit camp is proceeding on schedule. The latest state of accommodation at the two transit camps are Nyakarambi - living huts for returnees (large) 13 (two additional huts are under construction) and kitchen huts 03. Birenga - tent huts (small) 112 (additional huts are under construction), kitchen sheds 06 and bathrooms 05.

c. UN Agencies and NGOs

(1) AFRICARE is providing medical cover to the old case of returnees being resettled in the Nasho area. It is also assisting in repairing the water supply system in Gisenyi (8952) and Kwankoba (8861).

(2) ACIST is assisting in cultivation by distributing seeds and implements through the cooperative scheme in the communes of Sake (4454), Birenga (5959), Kigerama (6270) and Kabarondo (6278).

11

8. Sector 3A

a. Sector Humanitarian Activities. The sector coordinated all HAC activities in the sector. HAC gave transport to Kigeme hospital to carry their confectioneries from town to the hospital site. It also gave transport to the RPA for their redeployment.

b. General Living Conditions. The general living conditions is satisfactory. However the locals are asking for farm implements which are not adequately supplied by NGOs.

9. Sector 3B

a. Sector Humanitarian Activities. Following are the activities observed/carried out by the MILOBS teams:

(1) The Engr recce team reccecd two bridges along the route Gishamvu. They have recommended changing of decking.

(2) Shyanda (7718). Team during their routine visit to the commune went to see the progress of repair work on water pump in Save Secondary school. They observed some leakages in the piping.

b. General Living Conditions

(1) Housing. The commune is engaged in preparation of materials for houses. Presently a brick making and tiles making programme is on as phase I. They produce 65000 bricks per month. In phase II these will be utilised to make houses.

(2) Returnees. Team was informed that on 9 Sep 95 a delegation of refugees from Burundi visited the commune in order to know the security situation in the area and to check the state of their things. The delegation was composed of 6 men and 6 women.

(7) Health Care. Team visited an orphanage at Cyotamakar GR 8233 and found an outbreak of dysentery. A total of 15 boys were affected. MSF is assisting in treating the water with chemical.

b. Situation in Rehabilitation School Butare. The Force Engr Coy has made reasonable progress on the continuing work at the Rehabilitation School in Butare:

(1) Work on the sanitation system completed.

(2) Work on water supply line is in progress.

(3) Work on repair of main power line is in progress.

c. UN Agencies and NGOs Activities

(1) UNHCR donated plastic sheets for the communes reburial ceremony at Muraba.

(2) Feed the Children distributed farming tools to returnees and orphans at Muyira.

(3) ICRC is continuously visiting the prison and assisting with food and medicine. CARITAS distributed food and CRS distributed seeds, beans and cooking oil to the returnees at SAVE complex.

10. Sector 4

a. Sector Humanitarian Activities. It was revealed during a visit by MILOBS to Bweyey sector GR 1310, that refugees were crossing at an unofficial crossing point from Burundi in that sector. They were directly dispersing to their communes without any registration by UNHCR or the commune authorities. UNHCR was informed of this development.

b. UN Agencies and NGOs

(1) MDM continue to operate the hospital in Bugarama transit camp. CONCERN is also upgrading facilities in the camp especially food supplies and shelters.

(2) In Nyamesheke Sub-sector, WPF distributed food at Gasayo (GR 9941). The Councillor of Gikundamvura has requested assistance in the construction of pipe water systems in Mwegera GR 9514 and Nyamigina GR 9212.

(3) The MALAWI Company provided two trucks to the RPA on the 11 Oct and 13 Oct 95 for general administration and transportation to Bweyeye and Gafunzo. Also on 9 Oct 95 MALAWI Company provided one truck to IRC for transportation of cement from Bugarama to the central prison in Kamembe.

(4) Three medical personnel from Malawi Company attached to Gihundwe hospital treated 58 inpatients and approximately 247 outpatients who were mainly children. At their medical aid post at Shagasha, the MALAWI Company treated 17 local patients.

(c) Refugees. A total of 255 refugees arrived in the prefecture through the various entry points during the week. A total of 129 refugees also arrived at Nyagatare transit camp as against 203 departed refugees during the week.

11. Sector 5A

a. Sector Humanitarian Activities

- (1) On 10 Oct 95 a MILOBS team presented 35 pieces of toilet soap to the Janja orphanage in Nyamutera commune.
- (2) On 11 Oct 95 a MILOBS team presented some stationeries to SALEM RWANDA orphanage in the Ruhengeri town. This stationeries were provided to us by UNAMIR.
- (3) On 12 Oct 95 a MILOBS team transported 10 boxes of text books (educational materials) to Cyabingo and Gatonde communes and handed over to the representative of Ministry of Education.

b. General Living Conditions

(1) Health Care. A MILOBS team visited Gitare health centre (7446) in Kidaho commune being assisted by MSF-H. About 80 patients are treated daily with common diseases like worms, malaria and eye problems. MSF Doctor visited the centre once in a month which is considered to be inadequate.

(2) Housing. In Nyamugali commune at Muvumo sector (8719), 17 hectares are earmarked for resettlement of 59/60 returnees. There are no resettlement programme for returnees in Gatonde commune but returnees are living in the different sectors of the commune.

(3) Education

(a) In Butaro commune at Kabyaza school (835437), three of the nine classrooms are at window level. The others are still at foundation level. The school is being constructed by AIDE and ACTION.

(b) The Assistant Burgmaster of Nyamugali commune requested for assistance to repair doors and windows for primary schools at Mushogi (9017), Nemba (8427) and Rusha (8327).

(c) In Ndusu commune the Janja Secondary school has the problem of water and diesel to operate generator.

(d) A Secondary school was reopened recently in Kigombe commune. Presently there are 600 students but 290 are expected to be enrolleld soon

(4) Refugees. According to the Burgmaster and MINIREISO

rep at the Kigombe commune so far a total of 4678 (59/60) and 36134 (1994 returnees have been received. They said that lands have been acquired to settle the returnees of 59/60 in the following areas, Nyakinama (5827) - 800 families. Karwasa (6456) - 52 families and Nkumba (6639) - 91 families, but each family has to pay 8000 Francs for land and 5000 Francs for the supply of stones.

12. Sector 5B

a. Sector Humanitarian Activities. Activities for the week included constant monitoring of the situation in Nkamira transit camp. Numbers of returnees have not been high, so the camp is pretty much emptied daily.

b. General Living Conditions

(1) Housing. A 300 house construction project has been started in Kilibira commune for the new returnees. Of this number 230 have been started and 40+ have been completed. 128 of these houses are to be allocated to women.

(2) Education. COOPI reported that they have completed their third phase of training non-qualified teachers with the latest graduation of 482 persons. In addition they have completed work on 17 primary schools.

c. UN Agencies and NGOs

(1) COOPI. Continues its work with the development of the two transit camps. They have requested assistance with dump trucks and dozer and the use of the septic tank truck.

(2) ICRC. Will open a local office within the next week.

(3) MERLIN/MSF. MSF's work in preparation of the Saint Marie Gotti centre for unaccompanied children is near completion. Once complete it will house up to 160 children for up to three months at time.

(4) WFP. Continues with its Food for Work Programmes. In the Gaseke commune two new projects will be initiated soon. One for the construction of houses and the second for road work.

(5) UNHCR. The final food distribution for old caseload returnees was completed in the Mutura commune by INTERSOS. It was intended for some 10,455 persons, however MINIREISO presented a supplementary list at the

X

last moment, which resulted in 21,775 sharing the allocation of food.

(6) In Kayove commune the MINIREISO distributed food to 877 returnees. In the Nkmira transit camp each returnee is receiving one months full food ration before they depart the camp. In addition they receive no-food items like blankets, jerrican, kitchen utensils and a bucket and soap.

13. Sector 5C

a. Sector Humanitarian Activities. MILOBS team have visited numerous schools, hospitals and orphanages during the week. On 13 Oct 95, a MILOBS patrol flew by heli to the returnee camp in Bwiza (3694) and delivered 50 kg maize seed and a small quantity of rehydration salts.

b. General Living Conditions

(1) Food. The WFP is the principal food distributor here. They provide food primarily to FFW on Kibuye water project, Gisovu tea plantation and Bwakira seed multiplication project, Orphanages in Kibuye (Enfants du Monde), Gishyita and Mabanza, hospitals at Kibuye, Kilinda and Mugonero as well as supplementary food to nutrition centres in Gisovu, Rwamatamu, Rutsiro and Bwakira.

(2) WFP constantly has difficulty distributing the required quantity of food because of the poor quality of the roads in this prefecture and the frequent break downs of their trucks.

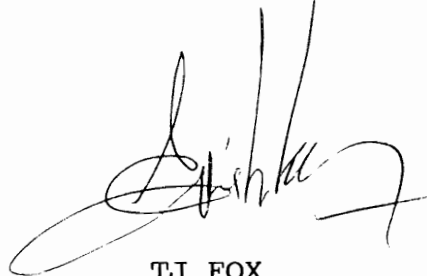

(3) CARITAS and Solidarity also provided food aid in this prefecture. The children continue to be the prime concern for aid.

(4) Water and Sanitation. ICRC is slowly making progress in repairing broken pipes and developing new sources of water. Shortfalls in water still occur daily throughout the prefecture.

(5) Education. The Ecole Technique Normal in Kibuye is providing high quality technical training to 245 young women in the secondary school. This school has a payment claim against UNAMIR for approximately 6.5 million RFR for damages that were done to the facility when it was previously occupied by UNAMIR soldier.

## CONCLUSION

14. The humanitarian situation is expected to improve with the ongoing efforts of various agencies and NGOs especially as now the coordination among them is better. However the threat of deterioration of the security situation looms large and it will seriously hamper the humanitarian aid in case it comes true.

WEEKLY HUMANITARIAN REPORT FOR THE PERIOD 30 SEP - 06 OCT 95

GENERAL SITUATION

1. The humanitarian situation during the week was observed to be improving but at a slow pace. Agricultural activity in the country has started and is likely to pick up momentum as the time passes. Rate of return of refugees is still low and hence is giving time to the agencies as UNHCR to prepare for better handling of the situation later. The condition in the prisons is likely to improve with the expansion of number of prisons, but only if the prisoners are allowed to use the new accommodations. Seems that the use of the spaces habilitated for that is limited to showing improvements but only when some visitors appear.

HAC ACTIVITIES

2. The requests dealt with by HAC during the week were:

a. Transportation Request. The following transportation requests were undertaken for assistance:

(1) Food (22 tons) from Gitarama to Kayenzi commune for WFP.

(2) Aid items (5 tons) from Kigali to Byumba for Sisters of the Holy Spirit.

(3) Fertilisers (55 tons) from Kigali to Gitarama for Prefecture office.

(4) Gravel (10 tons) for Byumba transit centre for NGO GOAL.

b. Dismantling of Orphanage Tents. A request received from Sector 5A for dismantling of two big tents at Nemba Orphanage was sent to Force Engineers for action.

3. UHAAG. The following requests were considered by the UHAAG meeting on 04 Oct 95.

a. Repair of X-ray Machine and Generator in Muranda Hospital. The X-ray machine and generator at Muranda hospital in Kibuye requires repairs. The FMO informed that UNAMIR does

not have any medical technicians and so cannot undertake repairs of the X-ray machine.

b. Provision of Generator and Electrical Repairs in Urumuli Orphanage. Sector 2A has requested for a 15 - 25 KVA generator and electrical repairs at Urumuli Orphanage in Kibali commune, Byumba. However as the cost assessed by technicians has come to approximately US \$7000 the project cannot be undertaken due to lack of funds.

c. Land Levelling for Play Grounds. A request was received from Sector 3B for levelling of land for play grounds for schools in Nyabisindu and Shyanda communes in Butare. The FEO informed that the task could be undertaken by dozers when returning from Gikongoro. He however projected the problem of trailers for moving the dozers as the present contract of UNAMIR for these had expired. The CAO rep informed that alternate means were being worked out.

d. Donation/Loan of Light Vehicles to UNHCR. The CAO rep put up a request from UNHCR for donation/loaning of 44 light vehicles, for escort duties and field operations, for the forthcoming repatriation exercise. The request was rejected as presently UNAMIR does not hold any surplus vehicles.

e. Provision of Medicines to Communes. A number of requests had been received from communes for provision of medicines, especially common requirements as chloroquine etc. The FMO informed that at present the stocks with UNAMIR are just sufficient for UNAMIR requirements and no medicines can be donated. However, the humanitarian assistance was being provided by the Regimental Aid Posts of the battalion/companies.

#### 4. Sector 1A

a. Sector Humanitarian Activities. During this period the sector actively assisted in contacting NGOs for supply of seeds to communes. A visit by a medical team of UNAMIR was also arranged to Butamwa commune. Details of major activities carried out are as follows:

(1) Seeds got through the effort of the European Community office for Agriculture were transported to Butamwa commune in transport provided by INDBATT.

(2) Medicines supplied by government of India were presented to the Bourgemestre and medical attendant of Butamwa commune medical centre. A medical treatment camp was later organised in Mewindo sector (0181) where approximately 120 patients were treated by the Indian Medical team.

(3) The new prison being constructed at Remera (9790) in Rubungo commune has been completed. However it has not been occupied yet. The orphanage at Masaka which has 250 orphans was visited and to be adequately sponsored by Compassion International.

(4) Ndera transit camp was visited where arrangements for returnees were found satisfactory. A total of 504 fresh returnees arrived in the camp over the past week out of which 461 left for their home communes.

(5) At Dihiro transit camp, there were 15 returnees in the camp. It was observed that work was in progress to increase the number of returnees that could be accommodated in the camp.

(6) The distribution of food to needy people by Red Cross was observed in Gashora and Ngeda communes. A total of 122 returnees arrived from Burundi via Rutete over the past week.

(7) The repair of the existing water supply scheme in Gikoro has been done by OXFAM Quebec. The medical centre at Gikoro is being adequately maintained by German Red Cross.

b. General Living Conditions

(1) Housing. Available houses in most accessible communes have been occupied, however there are still houses available in remote areas. UNHCR is providing one plastic sheedt per family of five people at Gashora as an interim measure.

(2) Education. Most schools have re-opened but lack basic teaching materials and furniture.

(3) Farming Activities. The humanitarian team is attempting to procure seeds for distribution in certain areas of Shyonggi, Gikoro and Gikomero communes.

c. People with Special Needs

(1) Hospitals. The medical centre at Mugambazi Commune was supported by ECHO. The NGO has since withdrawn its support. The hospital lacks medicines and needs urgent support from some NGOs.

5. Sector 1B

a. Sector Humanitarian Activities. The following activities

were carried out:

(1) Delivery of 19 boxes of UNICEF schooling material from Gitarama to the of Kayenzi, Nyakabanda and Ntongwe.

(2) Transportation of 14 tonnes fertilisers from Kigali which was distributed to Runda commune (9882), Musambira commune (8274) and Nyamabuye commune (7570). INDBATT provided 4 trucks for the task.

b. General Living Conditions

(1) Food. Food still remains one of the main problems reported from various communes. Food donated by WFP has already been distributed in all the communes.

(2) Water. Water situation in Gitarama town has normalised for the time being.

(3) Housing. "Agency Rwandese for Development and Cooperation" (ARDEC), a Rwandese NGO, is constructing houses in Runda commune (9882). They planned to construct 764 houses in that commune of which 100 had reportedly been constructed.

(4) Farming Activities. Shortage of agricultural implements and seeds still remains one of the main problems reported from various communes. Agricultural department of the Prefecture still requires to transport 18 tons of fertilizers from Kigali to Gitarama which is likely to be completed in the coming week.

c. People With Special Needs

(1) Orphanages. Ruli orphanage at Nyamabuye commune (7570) run by CONCERN has closed down and merged with Gitarama orphanage also run by CONCERN.

(2) Refugees. A total of 1074 returnees were confirmed to have reported to the commune within the week of which one died and 31 under detention.

d. Relations with NGOs. The request for transportation of 25 tons of food from Gitarama to Kayenzi commune (8389) made by the representatives of MSF, ICRC, CONCERN and ACIST "Salvation Army" is likely to be executed in the coming week.

6. Sector 2A

a. Sector Humanitarian Activities. The following tasks were carried out:

(1) Provision of two pick-ups from sector 2A resources to Kibali commune for the distribution of household items to returnees in the Gatebe sector (9432) on 6 Oct 95.

(2) UNAMIR Force Engineer Company assisted GOAL (NGO) in clearing a site for a new transit camp at Byumba. The clearing lasted for five days. One bulldozer was used in the work.

(3) The Byumba prefecture was assisted with transport to distribute 2 - 5 tons of beans, maize and cooking oil to returnees in the Kibali commune on 4 Oct 95.

(4) The Bourgmestre of Muhuru commune, Mr Hitimana Timothy requested for a recovery vehicle to recover the commune's accident vehicle at Nyamiyaga GR 155137 on 2 Oct 95.

c. General Living Conditions

(1) Food. ADRA distributed 20 tons of food items within the Muhura commune during the week and are yet to distribute additional 850 kg of food.

(2) Health Care. An outbreak of meningitis-related disease was reported in the Muhura commune. The death toll so far is as follows:

(a) Gahara sector (3004) - 15 people.

(b) Muhura sector (2908) - 03 people.

(c) Rumuli sector (3109) - 09 people.

(3) Farming Activities. Incidents of landmine explosions are keeping farmers off some farmlands in Mukarange, Bwisige, Murambi, Ngarama, Muhura and Cyumba communes.

d. People with Special Needs

(1) Orphanages

(a) Urumuli Orphanage. The population of this centre remained 93 children. Following the visit of the Force Commander to the orphanage on 27 Sep 95, a team from UNAMIR Electrical unit visited the centre to assess the efforts and material requirements for the provision of electrical power to the place. The team assessed that a 15 - 25 KVA generator would be required and also rewiring of the centre would need to be done.

(b) Gakoni Orphanage. The 95 CSMG installed a bigger water pump for the orphanage on 2 Oct 95. The water problem of the centre has thus being solved.

7. Sector 2B

a. Sector Humanitarian Activities. The following major activities were carried out during week:

(1) The Humanitarian team organised the distribution of blankets donated by the Austrian Relief Programme to the hospitals in the prefecture as follows; Kibungo hospital 150, Rwamagana hospital 150 and Rwinkwavu hospital 100.

(2) The Sector Commander went on a special patrol to the resettlement areas in the Nasho belt where the old case load of returnees are being resettled to carry out an on the ground assessment of the situation prevailing there.

b. General Living Conditions

(1) Water. There has been a marginal improvement in the availability of water in the communes due to the continued rains. However, the situation at the Nyakarambi transit camp continued to fluctuate with the UNHCR water source running dry more often that not. Limited tap water was however available from the Kirehe water pump (7547). Mugesera commune (4664) still does not have any suitable water source since the water pump at Kabilizi (5067) continued to be out of order. There is also a requirement of restoring Bunono (5976) water source in Kaborondo commune (6177).

(3) Health Care

(a) The large scale incidence of Meningitis in Rwinkavyu area 6782 has been contained and no fresh cases have been reported. MSF and MEC jointly carried out mass vaccination of over 5,500 people in the area. MSF also carried out a vaccination programme in the Musaza area (6943) for tuberculosis, polio and tetanus. The returnees in Sake commune (4354) have been getting inadequate medical attention during the transit stage as the health centre there is unable to cope up with the increased number of patients.

(b) Immunization for children is being carried at the Kirehe health centre (7547). The health centre at Kaborondo (6177) is anticipating considerable difficulty as the NGO (African Humanitarian Aid)

which till late was supporting it is withdrawing from the area by end October. The case is being taken up with the Region Sanitaire since it is the only health centre in the commune.

(c) The health centres at Rukira (6658) and Bare (5248) are facing an acute shortage of beds and mattresses. This has resulted into many patients sleeping on the floor.

(4) Education. Most of the schools in the prefecture continued to function normally. However, an acute shortage of staff, text books and basic furniture continued to impede smooth functioning of the schools.

(6) Farming. Cultivation activity has picked up all over the prefecture and there are encouraging signs of recently returned returnees forming themselves into cooperatives to quicken the pace.

c. People with Special Needs

(1) Returnees

(a) There were a total of 1417 returnees from Burundi, Tanzania and Zaire respectively. A total number of 9317 returnees recorded in the prefecture during the month of September.

(b) An analysis of the outflow of returnees to the communes reveals that the maximum number of returnees have returned to the communes of Birenga (5959) and Rusumo (7448) while a total number of 2002 old case returnees were resettled in the Nasho area. Some old case load of returnees who are presently occupying houses illegally in the Nyarubuye area (8459) are being moved to the general area north of lake Nasho and south of lake Ihema so that the original new case load of returnees who belong to this area can be resettled there.

(c) The expansion of the Nyakarambi transit camp is proceeding apace. Three of the five huts being constructed at the camp have been completed.

(d) Adequate security of the old case load of returnees being resettled in the Nasho border belt is being ensured by deployment of the RPA in smaller groups in the general area of the settlements.

*Handwritten signature*

(e) A team of 12 refugees (four each representing Birenga, Rusumo and Rukira communes arrived from Benaco refugee camp in Tanzania on 5 Oct 95 to carry out an on the spot assessment of the prevailing situation. They were accompanied by UNHCR officials. The team visited Nyarubuye (8459) and Kankobwa (8960) areas on 6 Oct 95.

(f) A meeting on security and voluntary repatriation of refugees from Tanzania was held at Rwamagana (4884) from 4 to 6 Oct 95. The meeting was attended by representatives of Rwanda, Tanzania and UNHCR. Details of decisions taken at the meeting will be forwarded soon after the return of UNHCR officials who have proceeded directly to Ngara in Tanzania after the meeting. However a Rwandese delegation accompanied by UNHCR officials will visit the refugee camps in Tanzania to present a more authentic picture of the prevailing conditions in Rwanda to regate the propaganda being spread by intimidators to counter the smooth voluntary repatriation of refugees.

(2) Prisoners. The newly expanded prison at Nsinda was inaugurated by the President of Rwanda on 4 Oct 95. The ceremony was attended by the SRSG, the Force Commander, seven Ministers and a number of other dignitaries.

d. UN Agencies and NGOs

(1) UNHCR is presently concentrating on resettlement of old case load of returnees in the Nasho area. It is also encouraging the representatives of refugees in Tanzania to assist in voluntary repatriation to Rwanda.

(2) AEF is carrying out the expansion of Nyakarambi transit camp as scheduled, besides carrying out the health screening of the returnees on a regular basis.

(3) ACIST is assisting in cultivation by distributing seeds and implements through the cooperative scheme in the communes of Sake, Birenga, Kigerama and Kabarondo.

8. Sector 3A

a. Sector Humanitarian Activities. This sector coordinated all HAC activities in the secteurs. There has been requests by the prefect for UNAMIR to repaint all their former locations. The prefect is also asking UNAMIR to help the prefecture to rehabilitate the bridge that links Musebeya commune (4033) and Muko commune (3841). The bridge is of

vital importance to own patrols between these two communes.

b. General Living Conditions. The general living conditions in all the communes patrolled this week is satisfactory. However the locals are asking for farm implements which are not adequately supplied by NGOs. The locals are also living under fear of random arrest by the RPA which has been going on in Mubuga commune (5202) of late. The matter has been reported to the HR for further investigations.

c. People with Special Needs. The hospital at Cyanika (5630) needs an ambulance as the present arrangement of calling for a vehicle from CARITAS, at Gikongoro, when required, is not satisfactory.

9. Sector 3B

a. Sector Humanitarian Activities. Following are the activities observed/carried out by the MILOBS teams:

(1) On 27 Sep 95 a large crowd gathered at the commune HQ for distribution of rations by ICRC. However the programme could not be carried out as the ICRC trucks could not cross the Butare - Kigembe bridge. The dimensions of the bridge for its repair have been ascertained by the engr det and passed on to the HQ for possible repairs. The Bourgemastre of the commune was changed on the 30 Sep 95.

(2) Reference letter no 5000.1(HAC)/OPS/37 dated 19 Sep 95 regarding minor prisoner, a team went to Muramba (893469) and spoke with the father of the boy Sindaigaya. The wife of the man died in the month of Aug 95 and he has to manage four children in the house. It is difficult to visit his son in Ntongwe cachot which is 12 hours journey from his house. He requested that his son be moved to the Muyira cachet. The Bourgemaster has agreed to do necessary arrangement for transferring the child in his commune.

b. Agricultural. Locals found carrying on with normal agricultural activities in preparations for the new planting season due to rain. Cultivation of beans are in progress. Normal activity was seen in the commercial places.

c. Situation in Rehabilitation School, Butare. The Force Engr Coy has completed the following aspects of work on the rehabilitation centre:

(1) Work on the sanitation system.

(2) Work on water supply line.

(3) Work on repair of main power.

d. The centre is in urgent need of a security fence around the complex. At the moment it is very difficult to control the children from sneaking out unnoticed.

e. NGOs Activities by Communes. The following are the NGOs activities by communes:

(1) Muganza. LWF an NGO were seen in the commune with 2 x truck loaded with food awaiting for distribution.

(2) Kigembe. WFP and Feed the Children have promised to assist the commune by providing food to the work force who are building house for the returnees.

(3) Nyakizu. ICRC distributed food at Rutowe sector for 4000 people at the scale of 2 per family. The scale of items per person are, maize 2kg, cooking oil 1.5kg, beans 4kg and soap.

f. Detainees State by Commune. The following are the changes/information on detainees by commune to our last report:

(1) Mugusa - 246. Document of 200 detainees have been completed and awaiting transfer to other prison.

(2) Ruhashya - Commune authority requested to shift 100 inmates from the cachot to other prison.

(3) Nyakizu - Presently there are 120 prisoners in the cachot.

g. State of Returnees. The reported figures of returnees to the commune during the period under review are Ngoma 6, Shyanda 2, Kibayi 21, Mugusa 27, Kigembe 3, Muyaga 42, Muganza 15, Gishamvu 30, Nyaruhengeri 27, Ndora 13 and Nyakizu 27.

#### 10. Sector 4

##### a. Sector Humanitarian Activities

(1) On Monday 02 Oct, during weekly meeting at the Human Rights office at Cyangugu. NGOs expressed their concern over the ambush by unidentified men on the Kigali - Cyangugu road on 30 Sep 95. They were advised not to proceed through the forest at awkward hours. They were also told about the instruction on mines and explosives to be imparted by a team from Force Engr Company on 18 Oct 95.

(2) Refugees were reported crossing at an unofficial crossing point from Burundi, in that sector. They were directly dispersing to their communes without any registration by UNHCR or the commune authorities. The Humanitarian Officer visited the UNHCR offices at Kamembe to advise them of this development.

(3) The list of recipients given by the commune authorities to the ICRC does not reflect the reality of the ground situation hence the paucity in food supply. A new survey is being undertaken by the ICRC in the commune in the near future.

(4) There are at least 60 minors in the various prisons in the prefecture. Efforts are underway to obtain their names and other necessary particulars.

(5) Sub sector Humanitarian Officers were appointed to better the coordination of HAC activities in the sector. There is a weekly meeting planned of all these officers to coordinate the efforts.

(6) The Malawi Company provided trucks to the RPA for the transportation of rations for five days. Three medical personnel from Malawi Company attached to Gihundwe hospital treated 65 inpatients and approximately 212 outpatients. At their Medical Aid Post at Shagasha, the Malawi Company treated 58 patients.

b. General Living Conditions

(1) Food. As per estimates received from the office of the Prefect, there is an urgent need of 500 tons of foodstuffs and about 5 tons of milk powder (for the children) for the 3000 returnees in the prefecture.

(2) Water. There are a total of 20 water points in Karangera commune. These points cater for families in the area. The number ranging from 11 to 36 families. All these points need rehabilitation.

(3) Health Care. The MDM hospital at the Bugarama transit camp is now operational 24 hours a day. MDM has requested MILOBS to assist in the evacuation to Gihundwe hospital when required.

c. People with Special Needs

(1) Orphans

(a) There are a total of 14,175 orphans in the prefecture. Only 788 of them are currently housed

in the four orphanages available while others are living with various families.

(b) In Karengera commune there are 1086 orphans as a result of the 1994 genocide. They stay with relatives. There is no orphanage in the commune. These orphans need school uniforms, school books, food and money to pay school fees.

(2) Handicap/Elderly/IDPs

(a) There are 15,299 widows in the prefecture. These ladies need 2000 houses for resettlement. In addition 60,000 roofing sheets, 8000 sets of cooking utensils and 4000 jerricans are needed for their rehabilitation.

(b) The women complained that assistance was not equally distributed to the widows in the communes. The traditional network of support from the extended family was undermined by the genocide and war. Many men died and the widows and their children are an extremely vulnerable group. Experiments at Day-care centres have been unsuccessful as there is a general lack of confidence in neighbours. The Prefet wishes to open at least one agricultural and cattle cooperative in each commune for these women. He needs 1,000,000 RF to set up each of these cooperatives.

(c) There are 1000 persons handicapped in the prefecture. For them also the Prefet wishes to open a cooperative costing approximately 1,000,000 RF.

(3) Refugees. A total of 280 voluntary returnees arrived at the Nyagatare transit camp within the period while 253 people were despatched from the camp to their various communes.

11. Sector 5A

a. Sector Humanitarian Activities

(1) On 2 Oct 95 an Engineer team from Force HQ was escorted to assess the extent of damage done to the bridge in Nyamutera which links Ruhengeri/Gitarama towards its repair.

(2) The Ntaruka hydro electric central power station will not be operational as scheduled due to parts being

awaited from France which are likely to be received in two weeks time. It will take them a month to install the parts.

b. General Living Conditions

(1) Food. ARP has distributed food for their local workers in Nkumba commune on 3 Oct 95. 21 Families (of 121 persons) in Nkumba commune are in need of food. They returned from Zaire in Aug 95. WFP and UNHCR have been advised.

(2) Water. The water shortage along the northern communes is likely to be solved in the near future. ICRC has mostly finished works regarding the pipe system installation and now each commune is responsible for the cleaning of the pipe system because the system is more than 30 years old is necessary to clean the pipes often.

(3) Health Care. MSF and STC are working hard to improve the health situation throughout the Ruhengeri prefecture. However the quality of health care provided is poor due to the lack of qualified personnel and transportation for the sick people.

(4) Housing. The earmarked land for resettlement in Kayange sector (8045) of Butaro commune is being cleared. The returnees will build their own houses. Each family will be allocated 6 by 6 metres for houses and 80 by 80 for farming. Iron sheets for the houses have already been delivered. ARP and CARITAS continue with their programmes of house construction in Cyeru, Butaro, Mukingo and Kigombe communes.

(5) Farming Activities

(a) In Gatonde commune ARP issued some hoes. One woman reported to the Counsellor of Cyebumba (2099) asked for money from her if she wanted a hoe. This was reported to ARP rep who was at the commune offices.

(b) UNHCR will distribute agricultural material like seeds, beans and hoes through ARP in the prefecture for the returnees who have returned after Jun 95.

c. People with Special Needs

(1) Orphanages

(a) SALEM Rwanda transit centre informed that three 18-month old children were brought to the centre from Gitara sector (6845) in Kidaho commune. These healthy children were abandoned.

(b) 'SOEUR DE MARIE' orphanage at Ruhengeri requested for a vehicle for the orphanage in order to carry out with the food transportation and medical evacuation.

(2) Refugees

(a) In Nkumba commune 7 families of 1994 returnees have returned to the commune since 25 Sep 95.

(b) In Nyarutovu commune 211 returnees of 1994 have arrived there so far.

(c) Six returnees of 1994 were visited in Kigombe commune. They reported that their property was intact. Presently they are engaged in farming. Life was quite comfortable to them.

d. Miscellaneous

(1) In Nyakinama commune prison there are 12 people in connection with stealing. The IPJ mentioned that stealing has increased in the past week attributed to unemployment.

(2) The Accountant of the Kinigi commune reported that they used 2.5 million Francs to repair the commune offices. They no longer have money to pay the workers. They are looking for financial assistance.

12. Sector 5B

a. Sector Humanitarian Activities. Activities for the week included constant monitoring of the situation in Nkamira transit camp where the sea containers have been moved to improve space in the camp.

b. General Living Conditions

(1) Water. A water/sanitation meeting will hold on 19 Oct at the MINIREISO offices. Representatives of the ICRC and other implementing partners are to be in attendance as well as UNAMIR representatives.

c. People with Special Needs. As more and more of the returnees attempt to resettle or reoccupy their homes the

constant problems of land allocation and resources to begin farming pop up.

d. NGOs

(1) COOPI. Continues its work with the development of the two transit camps.

(2) ICRC. Will open a local office within the next two weeks.

e. UN Agencies. UNHCR continues with the work of receiving and transportation of returnees.

f. Local Authorities. A visit to the Kora camp was made by both local and national authorities. It appears that these camps will be moving possibly to the Ruhengeri area.

13. Sector 5C

a. Sector Humanitarian Activities

(1) On 3 Oct 95 the Humanitarian Officer visited Bwiza with the directeur de la region sanitaire de Kibuye, docteur Camille Munyangabe to plan medical support for returnees living in Bwiza (3088). He picked up medical supplies which he will deliver on Wed 4 Oct 95 by helicopter and to monitor their situation. In addition this flight will deliver 500 kg of seeds.

(2) On 4 Oct 95 Humanitarian support comprising med from UNAMIR, 500 kgs of seed from PAM and 100 kgs of plastic roofing sheets from UNHCR were delivered by helicopter to Bwiza. This was in response to a request made last week by local authorities. Representatives from MSF and PAM, UNHCR and UNAMIR accompanied the supplies and also assessed the health situation, building of shelters and the possible provision of "food for work" respectively.

b. General Living Conditions

(1) Food. The WFP is the principal food distributor here. They continue to provide food primary to:

(a) FFW on Kibuye water project, Gisovu tea plantation and Bwakira seed multiplication project.

(b) Orphanages in Kibuye (Enfants du Monde), Gishyita and Manbanza.

(c) In-patients in Kibuye, Kilinda and Mugonero hospitals.

(d) Supplementary food to nutrition centres in Rwamatamu, Gisovu and Bwakira.

(e) Returnees as directed by UNHCR.

(2) WFP continues to face difficulties in distributing the required quantities of food to needy areas in the prefecture due to frequent breakdowns of their trucks resulting from the poor quality of the roads in the prefecture. This has resulted in a virtual stand-still in WFP's operations. A request for assistance to this effect has been made. It is anticipated that this type of support may be required monthly.

(3) In Rutshiro commune NGOs are still hesitant to transport aid because of the previous mines incidents. This has reduced significantly the flow of aids into this commune. The RPA, local government and our MILOBS have driven this route and consider the main road into this commune to be clear of mines and safe for normal travel. This has been passed on to NGOs at our weekly security briefings. However children continue to be the prime concern for aid.

(4) Agriculture. The local government and NGOs continued to encourage the rehabilitation of Kibuye's agricultural sector in the hope of restoring self-sufficiency. Beans, sweet potatoes, mixed vegetables and sorghum continued to be the staple crops in Kibuye. Cash crops continue to recover especially coffee, banana and tea productions which are increasing modestly.

(5) Water and Sanitation. ICRC made progress in repairing broken pipes and improving the availability of water. They are installing new water points monthly, however, shortfalls in water still occur daily throughout the Prefecture. The use of UNAMIR resources to establish 10 water points in the prefecture is being coordinated.

(6) Education. Many schools require rehabilitation work to be carried out on the buildings, furniture and equipment. Other concerns remain the need for paper, pencils, exercise books and other educational materials, inadequate pay for teachers, a requirement for nutritional supplements for students and teachers, as well as the need for balls, toys and playground equipment to make learning interesting and fun for students.

(7) Prisons. The only prison in Kibuye now houses approximately 2100 people. This facility was designed to hold 250 people so the problems of over crowding, poor hygiene and poor nutrition makes the quality of life very

difficult for the inmates. A proper security fence around the prison is still required to improve the quality of life for inmates as this will allow them to expand out of their cramped quarters. There is need to arrange an engineer recce of this facility so see if UNAMIR can provide this fence or at the least find another agency to provide this fence.

(8) Returnees. The monitoring of the 500 returnee families in Bwiza (SC 3088) this week is significant in Kibuye. The mine incidents previously reported in Rutsiro commune continue to cause NGOs to restrict their movement in this commune. As a result of this, food aid and medical supplies are not getting through to people in need. Medical supplies should be delivered by road as usual.

#### CONCLUSION

14. The humanitarian condition is likely to improve with increased activity by agencies and organisations. However the prospect of large influx of refugees can unsettle the social balance which has started to set in. It will also put a stress on the resources of aid donors and the security situation. Present on going preparations for this influx is inadequate considering the magnitude of the likely problems. However, it is expected that the preparedness state will improve soon.

**WEEKLY HUMANITARIAN REPORT FOR THE PERIOD 23 - 29 SEP 95**

**GENERAL SITUATION**

1. The main problems observed in the country in the humanitarian point of view are lack of housing, food, water, seeds and tools, health care and medicines. Also, there is no visible improvement in the system of education and justice. Prisons continue to be a matter of concern and abuses against prisoner's human rights seem to be a method of silent revenge for the genocide. The environment of on the west bank of Kivu lake is affected by the insurrectional menace that could paralyse the NGOs aid.

**HAC ACTIVITIES**

2. The requests dealt with by HAC during the week are as follows:

a. **Land Levelling for Housing Settlement in Kigali.** A request was received by SRSG, from the organisation HABITAT, for engineer support in developing housing settlements in Rwanda. The first settlement planned was for Kigali and initial requirement was for land levelling. The requirement was sent to FEO for urgent assistance. The FEO has informed that the work has been started with dozers and is likely to be completed by end of the week.

b. **Transportation of Seeds.** A request was received from sector 5B to transport 22 tons of seeds from Kigali to Gisenyi. The task was completed with transport arranged from other organisations.

c. **Transport of Returnees.** A request was received from sector 5B for transportation of about 400 returnees per day from Nkamira transit camp to the communes. The camp authorities have been informed that UNAMIR will undertake transportation only from border crossing points to the transit camps and that too once rate of returnees is more than 5000 per day.

d. **Recce of Bridge.** The FEO has been requested for recce of a bridge on the road Gitarama - Ruhengeri, as the bridge is in an unstable condition and may not last the oncoming rainy season. The requirement is of a recce for assessment of the present condition and need of repairs of the bridge so as to

B

provide advice to government agencies dealing with the matter.

e. Repair of Water Pump and Water Collection System. A request was received for repair of water pump in Gakoni Orphanage (sector 2A). The humanitarian Officer has been asked to bring the water pump to Kigali for repairs.

3. UHAAG. The following requests have been considered by the UHAAG meeting on 27 Sep 95:

a. Engineering Support in Canal Construction. A request was received by SRSG, from the Ministry of Public Works, for engineer support in construction of canal in Gikongoro. The requirement was sent to FEO for recce. The FEO informed that the proposed canal is about 600m long and will require a dozer and excavation effort of about ten days. The work can be undertaken once the current task in Kibuye, which is likely to take another one week, is completed.

b. Reactivation of Electricity Supply. A request has been received from sector 2A for assistance in reactivation of electricity supply in Kibali orphanage in Byumba prefecture. The electricity wiring within the orphanage is existing and power supply lines are passing quite close to the place. The CAO representative informed that he will be sending a technician to assess and if possible reactivate the electricity supply.

c. Biogas Tanks in orphanage. A request has been received from SOS Children's village orphanage in Kigali for emptying the old biogas tanks in the orphanage as there exists a possibility of some child falling down into these tanks and getting asphyxiated. The Chairman said that emptying the tank may not be of much use with the oncoming rains and suggested that a better option is of providing a cover. The FEO informed that a visit will be made to see the tanks and if possible, provide a cover.

4. Sector 1A

a. Gen Situation. The area in general is showing signs of normalising. There has been an increase in the inflow of returnees transiting through Ndera transit camp. There is no tension or large scale insecurity created by the influx in various communes so far.

b. HAC Activities. The Humanitarian Team attended a meeting at Nyamata on 23 Sep 95 to coordinate humanitarian activities in the area with representatives of UNHCR, Human Rights and RPA. Joint patrols were also organised with representatives of UNHCR to visit prisons in various communes. Other major activities carried out were:

11

(1) The distribution of seeds, agricultural tools and building/repair materials in the commune of Mbogo. (Track maintenance by locals was in progress between Ntyaba (0201) and Rulindo (9210)).

(2) Bicumbi Commune Prison was visited along with representatives of UNHCR and found extremely overcrowded and unhygienic. There were approximately 200 prisoners kept in three small rooms, some children were also observed whose details are being ascertained.

(3) The prison in Musasa commune holds 130 prisoners, investigations into the alleged beating of prisoners are still in progress. NORD-SUD supplied seeds to cooperatives in the area.

(4) Kanzanze Commune. UNHCR was supplying one plastic sheet per family of five members in Kanzanze commune in order to provide some temporary shelter to fresh returnees. UNHCR was also willing to assist in the distribution of seeds to areas not being covered by ICRC.

(5) There was distribution of food and seeds in various sectors of Gashora commune. A total of 718 tons of food and seed were distributed in the commune. 23870 hoes were also distributed amongst 12935 families. 2 and 8 refugees were forcibly repatriated from Tanzania and Burundi respectively over the past week. A total of 1179 returnees arrived at the Rutete border crossing point on 26 Sep 95. The capacity of Dihiro transit camp has been increased to cater for upto 6,000 returnees at a time.

(6) The distribution of seeds in Ngenda commune had not yet commenced. Limited quantities of food were being distributed to disabled people of the commune by ICRC. The orphanage at Ngenda which housed 230 children, is being looked after by World Vision.

(7) The orphanage next to Rubunga commune office was being looked after by German Emergency Doctors and has 250 orphans. The orphanage at Masaka has 208 orphans and is being looked after by Compassion.

(8) The number of returnees transiting through Ndera transit camp increased over the past week. A total of 2559 returnees arrived in the week mainly from Gisenyi, of these 2231 were despatched to their home commune.

c. General Living Conditions

(1) Food. The availability and supply of foodgrains and

18

seeds had improved but a lot more needs to be done to bring it to the desired level. Certain remote communes like Bicumbi, Ngenda, Gikoro and Butamwa need urgent assistance in supply of seeds.

(2) Water. The supply of water in remote communes is meagre and has led to a lot of water borne diseases. This condition is likely to remain so until the rains.

(3) Health Care. The supply of medicines in most medical centres is inadequate to cater for the large numbers of patients. Essential drugs which are in short supply are chloroquine, flagyl and antibiotics.

(4) Housing. There is scarcity in the availability of houses in most communes. UNHCR is providing plastic sheets for fresh returnees.

(5) Education. Most schools have re-opened but they lack teaching material and furniture. UNICEF is providing some assistance to schools in Bicumbi commune.

(6) Farming Activities. This activity has increased with the onset of the rains.

d. People with Special Needs

(1) Orphanages. Details of orphanages in our area of responsibility are being collated to identify those which require urgent assistance.

(2) Hospitals. The medical centre at Mugambazi Commune requires urgent assistance in supplies of medicines as the NGO assisting it has recently withdrawn its support. The medical centre at Nyamata requires assistance in supply of medical equipment and medicines for handling maternity cases.

(3) Returnees. The capacity of Dihiro and Ndera transit camps have been increased to handle 6,000 and 2,500 transients respectively.

(4) Farmers. The Bourgmestre of Gashora commune requested for urgent assistance in tackling the spread of locusts and worms which are destroying all crops in the commune. An area of approximately 2,000 hectares has been affected so far.

e. Relations with Other UN Agencies/NGOs. The relationship with other UN agencies/NGOs is very healthy and cordial. MILOBS have started going on selected joint patrols with UNHCR representatives to obtain specific information on aspects

123

hitherto not accessible/obtainable.

f. **Relations with Local Authorities.** The relationship with local authorities is cordial as own team has mostly been extending cooperation to requests made.

5. **Sector 1B**

a. **Gen Sit.** The general situation has not noticeably changed during the last week. People are strongly complaining that UNAMIR only asks them about their problems without rendering real aid or doing anything about it.

b. **HAC Activities.** The following activities were carried out within the period.

(1) Delivery of school material from Gitarama to the communes. (16 boxes were moved to Rutobwe commune (7781), 16 boxes to Ntongwe commune (9057), 16 to Bulinga (6679) and 17 to Kigoma (7649).

(2) Delivery of a generator belonging to "Group l'Ecole' at Nyabikenke" after it was repaired in the UNAMIR's workshop.

(3) Investigation of a case of arrest of a 14 year-old boy accused of stealing a bicycle without sufficient evidence. The boy was initially imprisoned in the Nyamabuye commune jail but later released pending the completion of investigation into the case.

(4) Delivery of one bag of second hand clothes for orphans in Rugalika sector (9574), Runda commune provided by HCHR officer.

c. **General Living Conditions**

(1) **Food.** Food still remains one of the main problems reported from the various communes.

(2) **Water.** Water situation in Gitarama town has normalized. ICRC delivered 40,000 litres of water to "Centre Rwandais de Formation de Cadres" thereby solving the accute water problem.

(3) **Health Care and Health Problems.** The Karambi Health centre in Masango commune is presently being supported by MEMISA. It has 45 beds with an average per day attendance of 50 patients. It needs mattresses, gynaecological chair and some other equipment for nutrition for babies and an ambulance vehicle.

8

(4) Housing. "Agency Rwandese for Development and Cooperation" (ARDEC), a Rwandese NGO, is conducting houses construction survey in Runda commune (9882) with a view of constructing 764 houses thereat. According to their representative, it claimed to have constructed about 100 already.

(5) Education. The only Secondary school in Bulinga commune (6679) cannot be opened because of shortage of funds to repair the building and purchase necessary equipment. The Minister of Education had been contacted by the Bourgmestre for possible assistance.

(6) Farming Activities. Shortage of agricultural implements and seeds still remain the main problems reported from various communes. 50 tons of fertilizers awaits transportation from Kigali to Gitaram.

(7) Electricity. The electricity situation in Gitarama town has normalized. The generator belonging to Kanyaza parish was transported to the UNAMIR workshop for repair assistance.

d. People With Special Needs

(1) Orphanages. All the orphans hitherto kept at Runda commune were reported to have been accommodated by the local families.

(2) Refugees. The main problem facing 163 returnees in Ntongwe commune is food.

e. Relations with NGOs. This has been very good. "Salvation Army" require transportation of 25 tons of food from Gitarama to Kayenzi commune (8389).

f. Relations with UN Agencies. Constant contact was maintained with HCHR and UNHCR officers. UNHCR representative has 34 tons of seeds and 3,400 hoes for distribution among the returnees but transportation inhibits their action.

6. Sector 2A

a. General Situation. The situation in the sector remained calm with no major humanitarian problems. The influx of returnees from Zaire, Tanzania, Burundi and Uganda continued.

b. HAC Activities. The Urumuli orphanage was visited with the Force Commander on 27 Sep 95. The NGOs' monthly meeting was held at Nyagatare on 27 Sep 95.

c. General Living Conditions

(1) Food. There was a general shortage of food for returnees in the commune through WFP distributed 35 tons of food items to all the communes. The Rutare commune also distributed additional 12 tons of potatoes, brought from Ruhengeri to the secteurs within the commune.

(2) Health Care. The Bwisige Dispensary (GR 66262) reported an outbreak of dysentery. A total of 200 dysentery patients were seen during the week.

(3) Education. The Mukarange Primary school (0931) which was seriously damaged during the war requires urgent rehabilitation. There is no single furniture in any of the 12 classrooms.

(4) Farming Activities. People are busy preparing the land for cropping. However there is a general need for seeds, especially for the returnees.

d. People with Special Needs

(1) Orphanages

(a) Urumuli Orphanage. This orphanage has a population of 93 children. There is no electricity supply to the place.

(b) SOS Ngarama. The centre has 168 children. Two children were reunited with their families during the week through ICRC efforts.

(c) Gakoni Orphanage. The centre has 232 children. The main problem of this centre is water. Efforts are under way by 95 CSMG, UNAMIR to provide a bigger water pump to restore water to the centre.

(2) Refugees. Refugees continued coming into Rwanda through Kagitumba, Buziba and Gatuna border posts. Others also came in through other posts in other secteurs. Records for the week were Kagitumba 145, Buziba 24, Gatuna 14 while Nyagatare transit camp has a population of 950.

7. Sector 2B

a. General Situation. The humanitarian situation in the sector during the period under review remained stable. The

12

week saw an increased influx of returnees from Zaire who are being re-settled in Nasho area. The local administration and UNHCR were however under tremendous pressure to suitably re-settle these old case of refugees. The movement of returnees from Burundi and Tanzania was however restricted. Intensive agricultural activity was observed all over the prefecture. The security situation in the sector was marked by isolated incidents of infiltration and attacks from across the border. Odd cases of cattle thefts were also reported in areas adjacent to the border.

b. HAC Activities. Progress on humanitarian activities planned during the previous week was closely monitored. The following major activities were carried out during the week:

- (1) Bi-weekly meetings with other UN agencies and NGOs where they were appraised of the requirements of humanitarian assistance in various parts of the prefecture.
- (2) Visit to Nyakarambi and Birenga transit camps where the situation in Nyakarambi transit camp was found to be slightly volatile due to the resettlement problems of the old case load of returnees coming from Zaire.
- (3) Assisting the Human Rights in investigating the reported attacks on settlers in the border areas.
- (4) Carting food items provided by WFP from Rwamagana 4784 to Rwinkavu and Sake on 24 Sep 95. We performed a similar task from Rwamagana to Musumba 6286 on 27 Sep 95 using GHANBATT trucks.

c. General Living Conditions

- (1) Food. Food shortage continued to be experienced by a majority of the returnees. The food for work programme initiated by ARDEC (Association Rwandese De Construction) does not seem to have been very successful as the workers complained of not receiving the earned rations in time for the past one month.
- (2) Water. There was re-curring problem of water at the Nyakarambi transit camp (7384). A meeting on supply of drinking water was held between NGOs and local authorities on 28 Sep 95 at Sake commune. A 100 millimetre pipeline is planned to be laid by a Canadian NGO Tere Sans Frontiers (TSF) for a distance of 23 km from Sq (4756) to (3662) to supply water to Gatunzo (4353), Gituma (3559), Rukumbeli (3662) and Rugenda (3757). It is due to be completed by June 96. IRC is presently repairing the gravity water systems at

Nyamugali 8544 and Gisenyi 8952. Plans for the repairs of the water pump at Mugesera 4664 and restoration of water supply system in Nirenga rural 5959 in early 1996 are underway by TSF. A Japanese NGO called Association to Aid Refugees proposed to drill five bore holes to assist in restoration of water supply in Rwinkwavu area. OXFAM and LEF are already active in the area on a similar task.

(3) Health Care. The newly arrived returnees in the Nasho area are receiving adequate medical attention from NGO called AFRICARE. The most common disease amongst these returnees are reported to be malaria and respiratory infections. The repairs of the hospital complex at Nyabubare is almost complete and AFRICARE plans to inaugurate the hospital on 15 Oct 95. Rwinkavu hospital which was till now well stocked with drugs has of late been facing a shortage of the same due to a disruption in supply. The drugs were being supplied by OFAR based at Kigali.

(4) Housing. At Mugesera commune the Roman Catholic church of Zaza was distributing 30 roofing sheets per family gratuitously to persons whose houses were destroyed during the war. WFP is sponsoring construction of 50 and 100 houses at Rwinkwavu Sake commune respectively under its food for work programme. At Sake, the programme is being executed on its behalf by ARAMET. German Agro Action is executing a similar project in Kigerama commune.

(5) Education. Schools in the prefecture continued to function normally, however the shortage of essential materials like text books and furniture continues to be felt. The food for work programme for teachers in Kigerama commune has not yet taken off. There has also been a reported drop in number of students attending school due to inability to pay the requisite fees.

(6) Farming. Large scale cultivation has been observed all over the prefecture. Distributions of seeds and farming implements are being undertaken by the NGOs. However the old caseload of returnees being resettled in the Nasho area would need extended support for food and agriculture supply. This is to allow them attain self-sufficiency through personal cultivation.

d. People with Special Needs

(1) Refugees

(a) A total of 2,612 returnees was recorded at the

11

prefecture during the week 1,143 from Burundi, 305 from Tanzania and 1,964 from Zaire. A total of nearly 14,500 old caseload returnees are to be resettled at Nasho. A team from the Ministry of Rehabilitation is at present in Nasho area to carry a survey and assess the feasibility of resettlements in the area.

(b) On 27 Sep 95, 48 persons (including 03 women and 05 children) were brought under armed escort by Tanzanian soldiers to Bukoba border post and handed over to RPA for questioning. Two of them were confirmed to have taken part in genocide. Contrary to this report the people claimed they had been in Tanzania since the eighties and were being expelled so that their lands could be confiscated.

(c) Work is under way to increase the capacity of Nyakarambi transit camp from 1,500 to 2,000 by constructing another five large huts for the returnees.

(5) **Prisoners.** The expected inauguration of Nsinda prison which was initially scheduled for 25 Sep 95 has now been postponed. No transfer of prisoners from other prisons has taken place. The training of civil prison guards is said to have been completed. However, the watch towers and work on electrification is yet to be completed.

(6) **Orphans.** There is a total of four orphanages in the sector located at Kibungo, Abatangana, Gahini and Rwamagana commune. Human Rights has reported probable problems in the internal administration and day to day functioning of Abatangana orphanage. There is reportedly increased disenchantment amongst the orphans.

e. **UN Agencies and NGOs**

(1) UNHCR is presently concentrating on resettlement of old caseload of returnees in the earmarked areas.

(2) AEF is continuing the expansion of Nyakarambi transit camp.

(3) IRC is carrying on with the restoration of water supply in Sake and Rusumo in Rutonde commune.

(4) ICRC is carrying out registration of prisoners in the commune caches.

(5) WFP is sponsoring 'Food For Work' programmes in

*[Handwritten signature]*

Sake, Kayonza and Kigerama communes.

(6) Human Rights is investigating cases of assault on settlers in the border areas.

(7) LWF is concentrating on community development schemes in Kayonza, Kabarondo and Rukira communes.

(8) AFRICARE is providing medical assistance to settlers in Nasho area.

f. Relationship With Local Authorities. Relations with the local Prefecture authorities and RPA continued to be cordial. Regular liaison is being maintained with them at each level.

8. Sector 3A

a. Sit Gen. The general situation is calm except for the recent shooting which happened in KITABI (3520) where 3 people were killed and one was seriously injured.

b. HAC Activities. The sector monitored and coordinated HAC activities in the sector. The following are the major activities carried out:

(1) Provision of transport to RPA for redeploying their troops.

(2) Identifying needy areas for the construction of houses by CARITAS. (So far 10 houses have been constructed and 1,000 more are to be constructed in phases by CARITAS).

(3) Recce of an irrigation canal to be constructed by force engineers for use by locals in MUBUGA (5202).

c. General Living Conditions. The general living conditions is satisfactory except for the people in Kitabi (35020) and Musebeya (4038) communes who are living under fear of the recent shooting and mine blast incidents.

d. People with Special Needs

(1) Orphans. CARITAS is currently able to house between 30 - 100 orphans in Cyanika (5630), 40 - 60 in Gatera (5737) and 20 - 80 in Kaduha (4743). Efforts are being made to coordinate the care of the orphans in the sector.

12

9. **Sector 3B**

a. **Gen Situation.** The general situation during the period under review was reported calm. On 26 Sep 95 there was a robbery in Bureau de change office in Butare at around 1030 hrs. The sums of \$20,000, 250,000BF and some millions of Rwandese FR were stolen. These robbers though chased by RPA managed to escape. The Humanitarian Officer attended the coordination meetings with NGOs at MILOB sector HQ on Monday and Friday with a view to make necessary liaison on the requests made by communes. He also attended coordination meetings with Human Rights on daily basis.

b. **HAC Activities.** Following are the activities performed by the MILOBS team within the period:

(1) Visit to Shyanda to assess the number of houses that have been reconstructed. A large quantity of land was observed tilled for the next cropping.

(2) Attendance at a reburial ceremony in Muganza commune. The President of Rwanda, Ministers and some NGOs participated in the ceremony. The President donated one million FR for Muganza and Kibayi communes which will be used to improve the condition of refugees' families, children and orphans.

(3) Visit to Huye commune where the locals were observed in collaboration with commune authorities to have started to rebuild the houses for those who do not have. Commune authority requested assistance with some materials like bricks, cement and iron sheets.

(4) Visit to Muyaga commune where the Bourgemastre requested for plastic sheets for roofing of some newly constructed houses which are being given to the returnees.

(5) Visit to Gishamvu commune where 50 people were seen renovating abandoned houses in Sheke secteur for the returnees expected from Burundi.

c. **People with Special Needs**

(1) **Prison.** The Nyanza prisons still holds 1,765 inmates as against its established capacity for 700.

d. **Miscellaneous**

(1) **Situation in Rehabilitation Centre, Butare.** The DCOS (Ops) visited the centre and commended the work being done by the Force Engr team. Work on the

sanitation system is completed while works on the water and electricity supply systems are in progress. The Director of the school requested for security fence around the complex to control the children from sneaking out unnoticed.

(2) **NGOs Activities by Commune.** Following are the NGOs activities observed by commune.

(a) ICRC distributed bean seed and farming tools to the locals at Nyakizu.

(b) 'Feed the children' distributed seeds to locals on 'food for work' project at Mbazi.

(c) OXFAM is working on the gravity-fed water system. They were also found repairing a water reserver and pipe lines in Ntyazo.

(d) 'Feed the children' was found attending about 1,276 children in a day care centre. The children are mostly orphans. The children are being kept by forester parents because there is no orphanage in Gishamvu commune.

(e) LVIA has completed the rehabilitation of a clinic in Kibayi commune. They have also provided medicines and equipment thereat.

(3) **Detainees figure by Commune.** Following are the updated figures of detainees by communes, Gishamvu 152, Kibayi 36, Maraba 205, Muganza 112, Muyaga 180, Huye 239, Kigembe 84, Mbazi 82, Mugusa 318, Muyira 97, Ndora 55, Ntyazo 116, Nyakizu 63, Ruhashya 196, Rusatira 180, Ngoma 73, Nyabisindu 59, Nyaruhengeri 158, Runyinya 542 and Shyanda 88.

(4) **State of Returnees.** Following are the figures of returnees that reported to the communes during the period under review, Nyaruhengeri 20, Muganza 34, Gishamvu 14, Muyaga 19, Kibayi 66, Kigembe 40 and Nyakizu 15.

#### 10. **Sector 4**

a. **Gen Situation.** The humanitarian situation in sector 4 is stable and under control relatively. The refugee situation has stabilized over the last week and is being monitored continuously.

#### b. **HAC Activities**

(1) On Monday 23 Sep 95 the Humanitarian Officer

attended a meeting at the Human Rights office at Cyanguu. Representatives of almost all UN agencies, NGOs located in Cyanguu prefecture and the RPA liaison officer were in attendance. The humanitarian situation in the prefecture was discussed amongst other things.

(2) A special meeting of all Sub-Sector Commanders was conducted. The Sector Commander tasked all the Sub-Sector Commanders to pay special attention to all humanitarian matters.

(3) During the period under review HAC team visited Nyarushishi transit camp, orphanages in Kamembe, Kibogora, Rusayo and Nyamasheke, hospitals in Kibogora, Bugarama and Mushesha, and a number of schools in the prefecture.

(4) The HAC Cell has undertaken intensive efforts to locate suitable sites for construction of water points.

(5) Details of a project to reclaim 80 acres of marshy land in the commune was discussed between the Bourgmestre Gisuma commune and officials of WFP. If approved by the WFP and local officials, it envisages provision of employment to 1,000 men for about 30 days.

c. General Living Conditions

(1) Food. The Burgomestres of Ghishoma, Bugarama and Nyakabuye communes have expressed grave concern about provision of food to returnees. At present, the returnees are being provided with 30 days supply of food and seeds at the transit camp. As the crops will not be harvested before 3 - 4 months, they are concerned about what the returnees will do for food after one month. They therefore requested for additional 3 months supplies. This problem exists all over the prefecture.

(2) Water. IRC in coordination with the UNHCR is constructing water pipelines in all the communes. However Gishoma commune lacks water sources thereby creating problem for provision of water. It is recommended that water points be constructed in Gishoma commune in the following areas, Gishoma Bureau comm, Rwimbogo, Gisagara and Kiranga.

(3) Health Problems. A private hospital run by the Swedish government and supported by the Pentecost church located in Nyakabuye was visited. Since the war no support seems to be forthcoming for this hospital. Currently the hospital is functioning by charging the locals for its services. As most patients cannot afford

X

to pay, the hospital lacks medicines and the doctors/staff go for weeks, even months without pay. The hospital has a capacity of 32 beds and treats about 250 patients daily.

(4) Education. Gitambi primary school has 755 students and 13 teachers who have not been paid for the last two months. Several classrooms have no doors, windows and one does not even have a roof. There is no water or sewage system. There is an acute shortage of all school materials and stationery. The school is being run by the Catholic church.

11. Sector 5A

a. Gen Situation. The general situation has not changed from what was hitherto the case last week. The border post between Uganda and Rwanda at Cyanika remained open and the number of returnees in this period was 184.

b. HAC Activities. The Humanitarian Officer visited the following places, Ruhengeri hospital, Ruhengeri UNHCR office, Cyanika border post, Kigombe commune, 'SOEUR DE MARIE' orphanage at Ruhengeri, Salem Rwanda transit centre at Ruhengeri, Ruhengeri MINIREISO office and Nemba hospital.

c. General Living Conditions

(1) Food. ARP delivered a corn mill to Ndusu commune on 23 Sep 95. Shortage of food has been reported by Burgmasters in most of the communes in the Ruhengeri prefecture.

(2) Water. In Ruhondo commune at Remera (6929) and Kamubuga (7626) secteurs the water pipe line is broken. It requires to be repaired of all the secteurs, only Butete sector (7145) has drinking water. Two (2) water points require rehabilitation in Janja (6314) and Muzo (6712) secteurs of Ndusu commune. The Cyeru commune has 238 water points, 102 of which are not functioning. The water point in Kabere secteurs of Nyakinama commune requires rehabilitation. In Nkumba commune the greatest problem is to obtain water. The nearest place to collect water from the commune offices is 10 kms away. Some people sell water at 50 francs per jerricane. In Kinigi commune out of twelve (12) secteurs only three (3) have drinking water. The Burgmaster informed MILOBS team that on 11 Oct 95 there will be a meeting which he has invited MILOBS, ICRC, MSF and UNHCR to attend. Humanitarian Officer will attend. According to an engineer from ICRC water system between Maya (6740) to Basumba (7042) is now ready. However, it will take two (2) months to

X

rehabilitate the supply system from Basumba to Cyanika.

(3) Health Care. A vaccination programme is going on at Butaro MSF clinic. The health centres in Murandi and Mucaca communes have no qualified personnel, resort is thus to auxiliaries. The doctor visits Murandi health centre only on an occasion monthly.

(4) Housing. The resettlement project in Kimonyi sector (5533) of Mukingo commune has 250 hectares cleared for resettlement. In Kigombe commune land has been cleared to resettle the 59/60 returnees. Presently 58 hectares of land had been cleared for 52 families. Construction of the houses have started and the ARP are assisting the returnees. It was however observed that about 20 families are yet to show interest to commence work.

(5) Education. At Mutego school (6110) in Kabingo secteur of Ndusu commune 720 pupils attend the school. The main problem is lack of text books and furniture. WFP is building two primary schools in Cyeru commune at Ndago (7938) and Musasa (7435) secteurs following its 'FFW' programmes. There are 1,164 children at the Muko secteur primary school. In Nyakinama the school has 19 teachers who so far received salary regularly but some of their problems are inadequate desks, broken classroom doors and lack of toilet facilities. The primary school in Gatete secteur of Nkumba commune was completely destroyed during the war. Former drinking places are now used as classrooms. A primary school established in 1992 is still under construction at Murama secteur of Nyamutera commune. There are 250 pupils and 12 teachers who complained of inadequate text books. In Nkumba commune/Burera secteur/Gafumba village at a school which was destroyed during the war, pupils learn outside and experience difficulties during this rainy season. There are 235 pupils and 5 teachers thereat.

(6) Farming Activities. World Vision distributed 1,000 hoes in Cyeru commune on 26 Sep 95.

d. People with Special Needs

(1) Orphanages

(a) Camp 'FOYER CHARITE CARMEL' located in Ruhondo commune which belongs to the French Catholic church was closed because the owners were afraid of the situation in Rwanda. Triangle generation humanitarian, an NGO requested to use this camp as an orphanage but were refused to do so by the Rwandese authorities.

18

reported by 28 Aug 95 (1994). 3 came through Cyanika and 5 through Gisenyi.

(e) At Butaro commune 159 families (of 1994 set) returned in Aug and Sep 95. Their houses were destroyed during the war. They require assistance in building material to reconstruct the damage house.

(f) In Mukingo commune at Gataraga secteur 20 returnees (1994 set) who came back on 23 Aug 95 from Zaire require assistance in food and building material since they found their property destroyed.

(1) Miscellaneous. The IPJs (INSPECTEUR DE POLICE JUDICIAIRE) from Cyeru and Butaro communes have received motorcycles from the Ruhengeri prefecture.

12. Sector 5B

a. Gen Situation. The situation remains reasonably stable.

b. HAC Activities. Activities for the week included constant monitoring of the situation in Nkamira transit camp. The sea containers hitherto packed in the camp has been moved to improve space in the camp. The request for security lighting to be installed in the Gisenyi prison has still not been received at their level while the lighting at the main border post was installed and is functioning. A number of orphanages and centres for homeless children were visited. All these organisations need clothes, shoes, toys and blankets.

Some mattresses were got through local sources for one orphanage.

b. General Living Conditions

(1) Water. A water/sanitation meeting would hold 19 Oct at the MINERESO offices. Representatives of the ICRC and other implementing partners would be in attendance as well. Its aim is to improve the water situation.

c. People with Special Needs. As more and more of the returnees attempt to resettle or reoccupy their homes the constant problems of land allocation and resources to begin farming cropped up.

d. NGO's

(1) COOPI. Continues its work with the development of the two transit camps.

11

(b) In Butte secteur (7145) Kidaho commune and at a Protestant church there are 7 children being cared for by the church.

(c) The orphanage at Jaja secteur in Ndusu commune has 56 children. They also assisted 200 other children with food and clothing. 3 Sisters are responsible for the orphanage. They get food assistance from WFP. Their main problem is paying salary to the workers, soap and clothing for the children.

(d) SALEM Rwanda transit centre in Ruhengeri received 2 new children from Ndusu commune who will soon be transferred to Kigali where their families are believed to live. Present strength is 35 children. Since Aug 95, 37 children were reunited with their families. The orphanage intend to conduct vocational training for the children in future and has accordingly applied to organisation like UNDP for assistance. Some of the problems being encountered at the centre are chairs/benches for the classrooms, beds and clothings.

(e) There are about 119 orphans living with different families in Nkuli commune.

(f) The 'SOEUR DE MARIE' orphanage in Ruhengeri was visited by a MILOBS team. This orphanage has been under rehabilitation. Its rehabilitation was sponsored by the World Bank. The rehabilitation work has been completed and was inaugurated on 27 Sep 95. There are 199 children and 43 Staff employed thereat. Among the problems faced by the orphanage are means of transport (vehicle) and the salary for the staff.

## **(2) Refugees**

(a) 50 Returnees (1994) in Remera sector (6929), Ruhondo commune are in need of food but have no problem with accommodation.

(b) In Nyamutera commune, Tubungu sector some returnees from Goma (1994) reportedly found their property intact. They were busy in their fields.

(c) In Nyakinama commune, Nkotsi secteur about 300 to 400 hectares have been cleared for the resettlements of 59/60 returnees.

(d) At Kidaho commune only 8 returnees were

18

(2) ICRC. Will open a local office within the next two weeks in the prefecture.

(3) Food for the Hungry. This NGO distributed a total of 43,241 kgs of seed, 4,180 hoes to 4,054 families in 6 of the 12 communes in the Gisenyi prefecture.

e. UN Agencies. UNHCR continues with the work of receiving and transporting of returnees.

f. Local Authorities

(1) The monthly inter-agency meeting was held yesterday. Representatives of all NGOs, local government and UNAMIR attended. There were two main points of discussion throughout the meeting. Firstly, the very slow process of land redistribution and secondly the lack of resources provided by the various NGOs.

(2) The first problem is the main contributing factor to the second problem. MINIREISO seems unable to commit land resources to the returnees on a permanent basis. As a result UNHCR and other agencies cannot concentrate on either the rehabilitation or construction of new infrastructures.

(3) There are two camps in the Kayove area of the Gishwati forest that have existed for some three months. These people were moved there from the college transit centre on MINIREISO's request and need to be catered for by the government. However they are receiving little or no assistance. As a result they are being provided medical care by NICOY while they live in UNHCR sheeting. The government's inaction to resolve the issue of settlements in the Gishwati and Kora camps is stalling the probable provision of infrastructures for the returnees by the NGOs.

13. Sector 5C

a. Gen Situation. The over all quality of life for the citizens of Kibuye Prefecture remains poor. People continued to display a general lack of confidence, community spirit and motivation to improve their conditions. This week no new returnees arrived. The water and electricity in the village and the health centre of Mushubati (3279) required repairs in order to keep the medical supplies from spoiling. Visits cannot be made to Kinanira and other villages due to an impassable/defective bridge there. One team accompanied Swiss Disaster Relief Staff to Kilinda hospital (SC 5358) in Bwakira commune. Reports were made of dysentery, malaria and measles as the main illness currently being treated at the health

VS

centre in Nyaubuye.

b. HAC Activities

(1) Murunda hospital reports increased cases of dysentery and malaria. This problem is expected to increase as the rainy season continues. This hospital requires 100 blankets and sheets. Their X ray machine and generator require repair.

(2) A Humanitarian team composed of MILOBS, the Prefect, UNHCR and WFP representatives visited the returnees in Bwiza (SC 3794).

(3) In Mahembe (3658 of Gisovu commune 50 houses need to be repaired. Doors, windows and roofs have been stolen during the war. Measles, dysentery and malaria continue to be of major health concern here. There is a shortage of seeds, primarily peas and beans. Bisesero had no electricity since the war. The area is sparsely populated as a result of the heavy losses during the war.

c. NGOs in Kibuye. The main NGOs operating in Kibuye remains ADRA, ACIST, CARITAS, ENFANTS DU MONDE, SDR, ICRC, MSF, SOLIDARITY, HUMAN RIGHTS and WFP.

b. General Living Conditions

(1) Food. WFP is the principal food distributor here. They continued to provide food primarily to:

(a) FFW on Kibuye water project, Gisovu tea plantation and Bwakira seed multiplication project.

(b) Orphanages in Kibuye (Enfants du Monde), Gishyita and Mabanza.

(c) In-patients at Kibuye, Kilinda and Mugonero hospitals.

(d) Supplementary food to nutrition centres in Gisovu, Rwamatamu and Bwakira.

(e) Returnees as directed by UNHCR.

(2) However this NGO face difficulties in distributing the required quantities of food to needy area in the prefecture due to frequent breakdowns of their trucks resulting from the poor quality of the roads in the prefecture.

(3) In Rutsiro commune NGOs are still hesitant to

13

transport aids because of the previous mine incidents. This has reduced significantly the inflow of aid into the commune. The RPA, local government and MILOBS have since adjudged the route to be clear of mines and safe for normal travels.

(4) Agriculture. The local government and NGOs continued to encourage the rehabilitation of Kibuye's agricultural sector in the hope of restoring self-sufficiency. Beans, sweet potatoes, mixed vegetables and sorghum continued to be the staple crops in Kibuye. Cash crops continue to recover and coffee, banana and tea production is increasing modestly.

(5) Health. The quality of health care provided is poor as overcrowding, untrained staff, broken equipment, inadequate water and latrine facilities and lack of transportation for the injured exasperate this bad situation. Malaria and dysentery continue to be the main illnesses in the prefecture.

(6) Water and Sanitation. ICRC is installing new water points monthly and repairing broken pipes. However shortfalls in water still occur daily throughout the prefecture. MILOBS are coordinating probable the use of UNAMIR resources to establish 10 water points in the prefecture.

(7) Education. Many schools continue to require rehabilitation work to their buildings, furniture and equipment. Other concerns remain the need for paper, pencils, exercise books and other educational materials, inadequate pay for teachers, a requirement for nutritional supplements for students and teachers, as well as the need for balls, toys and playground equipment to make learning interesting and fun for students.

(8) Returnees. A total of 2616 old and new caseloads respectively of returnees were recorded in the prefecture. A shortage of available housing still exists. Returnee camps are generally in good order but require more cooking containers, mats, machetes, hoes, blankets and food.

(9) Internally Displaced Persons. IDP's may become a problem in future as old caseload personnel are occupying houses belonging to some returnees. At present this is not a major problem.

(10) Justice. The proper justice system is still not in place to begin the trials of prisoners accused of genocide. Prosecutors and defence lawyers are still

required. We have two judges in Kibuye.

(11) Prisons. The only prison in Kibuye continues to house approximately 2100 people. This facility was designed to hold 250 people so problems of over crowding, poor hygiene and poor nutrition make the quality of life very poor for the inmates. A proper security fence around the prison is still required to improve the quality of life for inmates as this will allow them to expand out of their cramped up situation.

#### CONCLUSION

14. The humanitarian situation in Rwanda is improving but the pace is very slow. There is a requirement of paying special attention to the conditions in orphanages, hospitals and prisons. With the slow flow of aid money from different countries the situation may improve for the better.

WEEKLY HUMANITARIAN REPORT FOR THE PERIOD 16 - 22 SEP 95

GENERAL SITUATION

1. The situation in Rwanda is reported calm with occasional incidents of banditry and harassment of the locals. There is observed increase in the influx of the returnees.

HAC ACTIVITIES

2. The weekly meeting with all the UN agencies to disseminate information on security was held. Also the weekly meeting of UHAAG was held and various requests received were evaluated with a view of taking actions on them.

3. Sector 1A

a. Gen Situation. The area remains calm and is showing gradual signs of improving. Agricultural activities have increased in order to take advantage of the sowing season. Various NGOs are in the process of distributing seeds in the communes. There has been no incident of intimidation or large scale insecurity of fresh returnees in their home communes.

b. HAC Activities. The Humanitarian Team planned its activities in accordance with the directions elucidated in the monthly HAC meeting of 15 Sep 95. Liaison was also carried out with UNHCR field officer for Kigali and we conducted joint patrols. Major activities carried out were as follows:

(1) Musasa Commune. Food was delivered for the orphanage at Musasa. A total of 1400 kgs of foodstuff was donated by the Indian Force Engr Coy to the orphanage on 21 September.

(2) Tare Commune. MILOBS distributed 2000 tablets each of Flagyl and Chloroquine to the medical centre at Tare. These medicines were provided by the Indian Medical Section. The transfer of prisoners from Tare to Kigali Prisons by the RPA was continuing in batches of 10 prisoners, as earlier reported.

88

(3) Kanzenze Commune. There was distribution of seeds to families by WFP in the commune at the rate of 10 kgs of seeds per family. 130 returnees are presently staying at Nyamata and require assistance for shelters.

(4) Gikomero Commune. A security meeting was held at the commune office on 16 September with MILOBS in attendance. It was reported that Conditions generally were relatively calm with isolated cases of banditry and violence. CARITAS helped in repairing damaged water pumps and pipes in the commune. A limited govt sponsored Nutrition Programme for children is being organised for malnourished children.

(5) Humanitarian Activities Liaison. Liaison was carried out with the offices of World Vision, FAO and EEC in order to ascertain details of humanitarian assistance being provided by various NGOs in the communes.

(6) Improvement of Tracks. The Force Engr Coy effected repairs to the track south of the bridge over Nyabarongo river (GR 0972).

(7) Shyrongi Commune. A meeting of councillors was held in order to coordinate education, security and health services in the commune. The medical centre at Rutonde (GR 9790) was visited where vaccination of children was seen in progress.

(8) Ngenda Commune. A total of 70 returnees arrived from Burundi in the past week and have been re-settled in Ngenda and Gashora communes.

(9) Rubungo Commune. The prison being constructed by ICRC in area of Remera (GR 7984) was still in the final stages of construction.

(10) Ndera Transit Camp. Visit to Ndera Transit Camp revealed the conditions there was satisfactory. A total of 90 returnees were transferred from Butare and 48 returnees arrived from Zaire on their way to their home communes.

c. General Living Conditions

(1) Food. The availability and supply of foodgrains in the rural areas is still not satisfactory. The local population needs to be encouraged to become self reliant in this respect through cultivation to meet their needs.

(2) Water. The supply of drinking water is insufficient and is likely to remain so till the rainy season

18

commences.

(3) Health Care. The availability of medicines is not adequate in most medical centres.

(4) Housing. The availability of houses in most accessible communes is a problem. Limited govt assisted projects to repair damaged houses in Gikomero commune was observed.

(5) Education. Most schools have re-opened but lack basic teaching materials and furniture.

(6) Farming Activities. This activity is still not at the desired level and needs to be encouraged in order for the locals to become self sufficient in food supply.

d. People with Special Needs

(1) Orphanages. The orphanage at Gikoro with 26 children requires assistance in food and clothing.

(2) Hospitals. The medical centre at Mugambazi Commune lacks medicines as the NGO hitherto supporting it has recently withdrawn its support. A request has been received from Butamwa Commune for the provision of a mobile medical van on a bi-weekly coverage to remote sectors of the commune.

(3) Returnees. The situation of fresh returnees in various communes is being regularly monitored, there have been no cases of large scale intimidation or insecurity reported.

e. Relations with Other UN Agencies/NGOs and Local Authority. The relations with other UN Agencies/NGOs are very healthy and sound. Joint patrols are being planned with NGO field officers to coordinate humanitarian assistance. The relations with local authorities are cordial as help is normally extended to all their requests.

4. Sector 1B

a. Gen Sit. The general situation has not noticeably changed from the position of last week.

b. HAC Activities

(1) The delivery of school materials from Gitarama to the communes continued. This week 16 boxes were moved to Tambwe commune (7653) and 22 to Kigoma commune (7649).

8

(2) Hum Offr attended two meetings with the NGOs organized in the Prefecture Bureau and Ruhango Sous-Prefecture Bureau.

c. General Living Conditions

(1) Food. No changes from the reported position of last week.

(2) Water. Gitarama town is still suffering from acute shortage of water supply. Water comes for a short time once in two or three days.

(3) Health Care and health Problems

(a) Remera-Rukoma hospital (8986) in Taba commune needs repair of their water pump. Details of the required spares will be forwarded soon.

(b) Ruhango health centre in Tambwe commune (7553) is being well run by ICRC and "Caritas" and it is not facing any serious difficulties. Attendance there per day is 150 patients while the hospital has 25 beds (including five in the maternity section).

(3) Farming Activities

(1) Shortage of agricultural implements and seeds was reported from Nyabikenke commune (7292), Bitare (8383) and Murama (8589) secteurs of Kayenzi commune, Tambwe sector (7653) of Tambwe commune, Rwerama, Rubona and Joma secteurs of Murama commune.

(2) The Prefecture of Gitarama received three tons of vegetable seeds. The seeds are donated by EU and have been transported thereto with INDBATT truck.

(4) Electricity. The break down in Cyangugu power station caused serious problems in this Prefecture. In the towns of Gitarama and Ruhango the electricity comes for several hours during the night time only.

d. People With Special Needs

(1) Refugees

(a) The returnees who had been arrested were all accused of having participated in the genocide, the majority have been arrested immediately they

18

returned. In some cases the arrests took place after the individual returned to the secteur of origin. According to the information provided by IPJs the cases are being investigated and the dossiers are being compiled.

(a) Three tons of vegetable seeds will be distributed to the vulnerable population including returnees as soon as possible. UNHCR requested FAO regarding seeds and agricultural tools for the returnees.

(1) Prisoners

(a) The sanitary situation is poor in the jail house at Musambira commune (8274) because the latrines are filled.

(b) At Mugina commune (9267) the Bourgmestre requested MILOBS for transfer of six prisoners, four to Kibuye and two to Gisenyi Prefectures, as they belong to these Prefectures.

e. Relations with NGOs. The Hum Offr along with the NGOs attended two meetings organised in the Prefecture Bureau and Ruhango Sous-Prefecture Bureau.

f. Relations with the Local Authorities. Hum Offr met with the Prefect of Gitarama and Sous-Prefect of Ruhango and requested them to give their proposals concerning construction of ten water points.

5. Sector 2A

a. General Situation. The situation in the sector was calm. Nothing out of ordinary happened.

b. HAC Activities. The Humanitarian team visited Urumuli orphanage, transported 14.6 tons of food from ADRA Kigali to Muhura commune on 20 Sep 95 using GHANCOY vehicles and conducted patrols to Nyagatare.

c. General Living Conditions

(2) Water. The situation now is a bit better as most of the people now depend on rain water.

(3) Health Care/Problem

(a) Gituwa Health Centre with a capacity of 35 beds require mattresses for the beds as the old ones are damaged beyond use.

*[Handwritten mark]*

(b) Dysentery was reported at Nyagisozi dispensary (289171) while the place lack medicines for the treatment of the disease.

(c) Musenyi dispensary in Buyoga commune is in a state of disrepair. The place attends to about 60 people a day.

(4) Farming Activities. People in all the communes are busy cultivating but in some communes like Buyoga they expressed the feeling that people require seed particularly potato and bean seeds.

d People with Special Needs

(1) Orphanages

(a) At Urumuli One Child was re-unified with his parents and 10 children were brought from closing down Gikongolo orphanage on 21 Sep. The place presently has 93 children.

(b) SOS Ngarama. This place has 170 children now. The Kigali SOS headquarters (SOS) gave them a non-operational generator which requires repairs.

(2) Refugees. Returnees continued coming into Rwanda through Kagitumba, Buziba and Gatuna border posts as well as through other routes. Figures of the entries are:

(a) Kagitumba	-	12 - 18 Sep = 171
(b) Buziba	-	14 - 20 Sep = 49
(c) Gatuna	-	16 - 21 Sep = 19

6. Sector 2B

a. General Situation. The humanitarian situation in the sector during the week was calm and stable. Even though there was a steady flow of returnees, the numbers expected from Tanzania continued to belie expectations.

b. HAC Activities

(1) Extensive liaison and patrolling were undertaken by the MILOBS teams to identify focal areas for humanitarian assistance.

(2) The following major activities were carried out during week:

11

(a) Bi-weekly meetings was held with other UN agencies/NGOs and necessary co-ordination regarding humanitarian assistance was carried out with them

(b) The Humanitarian team visited the Nyakarambi and Birenga Transit Camps. The situation in both the camps was stable and under control.

(c) The orphanages at Gahini and Rwamagana were visited for in-depth assessment of the problems facing them.

(d) A patrol visited Rwamagana hospital. The conditions at Rwamagana hospital were normal. However no improvement has taken place in the problems highlighted in previous reports.

(e) Two trucks were made available to WFP by GHANBATT on 17 Sep 95 for distribution of food items in Sake, Rukara and Kabarondo communes.

c. General Living Conditions

(1) Food. The general food situation in the sector remained manageable, however there was reported food shortage being experienced in the Nasho area where 1959 caseload of refugees are being resettled. UNHCR/WFP require vehicles for transporting the necessary food items to the said area.

(2) Water. The water situation in the transit camps was stable, but the communes continued to face acute shortage of water. Construction of a rain water tank is in progress at Rwinkavyu hospital 6782 which would considerably ease the recurring water shortage problem thereat. A water pipe line is being laid from a spring water source to meet the water needs of Mulindi Health centre 7768.

(3) Health Care. The large scale incidence of Meningitis in Rwinkavyu area 6782 has been contained and no fresh cases have been reported. MSF and MEC jointly carried out mass vaccination of over 5,500 people in the area. MSF also carried out a vaccination programme in the Musaza area (6943) for tuberculosis, polio and tetanus. The returnees in Sake commune (4354) have been getting inadequate medical attention during the transit stage as the health centre there is unable to cope up with the increased number of patients.

(4) Housing. Special emphasis was placed during the week on resettlement of 1959 caseload of refugees in the

Nasho - Mulindi area. A total of 600 families consisting of 3114 returnees are being re-settled in the area. A further 625 returnees who have returned from Zaire on 22 Sep 95 are to be settled in the area.

(5) Education. The schools in the Prefecture continued to function normally, however shortage of essential furniture and text books continued to be felt.

(6) Farming Activities. Increased cultivation activity was observed all over the sector.

d. People with Special Needs

(1) Returnees. The inflow of returnees from Tanzania was not as expected after the talks held by UNHCR representatives with them on 09/10 Sep 95. However, the returnees from Burundi have been coming in appreciable numbers. UNHCR is presently air-lifting the old caseloads from Burundi, while the new caseloads are being brought by road. UNHCR is also facing a problem of transporting the returnees after 1700 hours through the Rutete (2142) - Gashora (2755) belt due to persistent objections by RPA over move through its military area during hours of darkness for security reasons. As a result the returnees have had to often spend the night at the border. UNHCR is now negotiating with RPA to send its escort with the refugees through the belt after last light.

(2) Orphans

(a) The number of children in the orphanages during the week are:

i. Gahini - Out of the total number of 100 children, 73 are attending school.

ii. Abatangana, in Gahini area, 136 out of the total number of 196 children are attending school.

iii. Rwamagana recorded 101 school-going children out of a total number of 121.

(3) Prisoners. There are reported 3,078 prisoners in Kibungo prison as against its capacity for 450. The available space per prisoner is not more than 47 by 47 centimetres. The prison conditions are unhygienic as there is only one toilet per 500 prisoners. There is a very high incidence of swelling of feet due to continued standing. Malaria is reportedly to be rampant. In the

18

commune caches of Muhazi and Rukura there are approximately 352 and 186 prisoners respectively. Gendarmerie is reportedly holding a total of 60, 45 and 80 at Rwamagana, Kibungo and Kabarondo.

e. UN Agencies and NGOs

(1) UNHCR is assisting in the transportation and resettlement of 1959 caseload of returnees in the Nasho area.

(2) OXFAM is assisting in the construction of water tanker for collecting rain water in Rwinkavyu hospital.

(3) LWF is assisting in laying water pipelines to Mulindi Health centre.

(4) IMC and AEF are assisting in health screening at Birenga and Nyakarambi transit camps respectively.

(5) MSF is carrying out vaccination and immunization programmes in Rwinkavyu and Musaza areas.

(6) UNHCR team visited Kibungo prison along with representatives of UNDP, UNREO and Ministers of Justice and Rehabilitation.

(7) IRC is carrying out community development programmes which include shelter construction, livestock support, bicycle loan schemes, training of tailors and support to farm cooperatives in Rutonde (4884) commune.

f. Relationship With Local Authorities. The relations with the local Prefecture authorities and RPA continued to be cordial. Regular liaison is being maintained with each at the Prefecture and commune levels.

7. Sector 3A

a. Sit Gen. The general situation in the Sector is calm.

b. HAC Activities

(1) The HAC branch of the sector monitored and coordinated humanitarian activities within the sector. In carrying out its duties the cell observed the following activities:

(a) Construction of 150 houses for refugees/returnees by CDD in Rukondo commune (5538).

8

(b) Construction of 80 houses for returnees by CDD in Musebeya commune (4033).

(c) Construction of 80 houses by WFP for returnees and survivors of genocide in Rwamiko commune (4914).

(d) Construction of various houses (number unknown) by CARITAS for returnees in Karama commune (5631).

(e) Moulding of bricks for the construction of houses in Kibeho sector (5107) by WFP.

(2) These stated humanitarian activities by UN agencies and NGOs have greatly improved the general accommodation situation. This has also improved the relationship of UN and local authorities with feasible aid being given.

(3) The HUMO asked and was given (by the local authorities) suitable sites for constructing water points in each commune. The Bourgmestre of Rukondo commune requests the UN to rehabilitate their commune office which the UN used as ZAMBATT location.

c. General Living Conditions. The general living condition in the sector is satisfactory except for Rwamiko and Mubuga communes where people are living in great fear of arrest. Recently 85 Hutus were arrested in Rwamiko for cases related to genocide.

d. People with Special Needs. People with special needs are returnees, survivors of genocide and elderly people/orphans. These people require food, medical care, agriculture implements and accommodation.

e. Relations with Local Authorities. This is very good especially with the Prefect and the Commanding Officer of RPA.

#### 8. Sector 3B

a. Gen Situation. The general situation during the period under review was reported to be calm. The Humanitarian Officer of the sector as usual attended a coordinating meeting with NGOs at MILOBS sector HQ on Monday and Friday, and the coordinating meetings with Human Rights on daily basis.

#### 9. Sector 4

a. Gen Situation. The returnees situation has stabilized over the last two weeks and is being monitored continuously.

8

b. HAC Activities

(1) On Monday 17 Sep, the Humanitarian Officer attended a weekly meeting at the Human Rights office at Cyangugu. Representatives of almost all UN agencies and NGOs operating in Cyangugu Prefecture were in attendance. The Company Commander of the Malawi Company said that he would pass on all urgent messages to all the NGOs at Cyangugu by a special radio set which he intends to earmark for the purpose.

(2) On Tuesday 12 Sep, a group of 38 unaccompanied children were brought from Zaire at Rusizi-1 under a program of children reunification sponsored by ICRC.

(3) On Tuesday 19 Sep, the Humanitarian Officer visited Gihundwe hospital to see two victims recently injured in mine accidents. Enquiries revealed that they are being adequately cared for by their families.

(4) A HAC team attended a reburial ceremony at Karengera commune in memory of 270 local victims of the genocide. The Prefect of Cyangugu and other local authorities were in attendance.

(5) A 28 year old woman, named Teresa Kayitsee formerly of Cyangugu Prefecture, Gatware commune, Limafu secteur, who had fled to Burundi when the war began, returned. She had lost her husband and three children in KIBITUCHI camp in Burundi. She was emphatic about not wanting to return to her original home in Gatware commune.

(6) The Humanitarian Officer arranged for Air MEDEVAC to Kigali on 21 Sep 95 of a RPA soldier who got injured during an accidental discharge from his weapon on 20 Sep 95.

c. General Living Conditions

(1) Food. The ICRC is providing food to 900 IDPs and 1200 refugees in Gatware commune. The supplies are insufficient.

(2) Water. Serious water shortages are being experienced at Gishoma, Gisuma and Gatware communes.

(3) Health Problems. At the Hanika Medical centre in Gatware commune, there is a report of an outbreak of measles and diarrhoea. The centre needs additional medicines and a frigidaire to store vaccines.

(4) Housing. Some returnees are being denied land

ownership rights they had before the war as well as housing rights. It appears the property was grabbed by those who stayed in Rwanda during and immediately after the war.

d. People with Special Needs

(1) Orphanages. The transfer of the APEEDUC - orphanage at (KAMEMBE commune) to NOVICIAT site (the same commune) has been completed. The orphanage in Kibogora (Kirambo commune) has 225 orphans and needs large sized window panes. There is a large manhole (5m x 5m) within the premises that needs to be covered with a concrete or a steel cover urgently as it is posing a danger to the children's movement in the area

10. Sector 5A

a. Gen Situation. The general situation has not changed during the last week. The border post between Uganda and Rwanda at Cyanika remained open and the number of returnees for this period was 113.

b. HAC Activities

(1) On 18 Sep 95 the Humanitarian Officer provided transport assistance to representatives of MINIREISO to Nyamugali and Cyeru communes for allotments of land to the 1959/60 case returnees. In Nyamugali commune, at Muvumo (8719) and Kabingo (8130) secteurs, some lands were identified but dimensions are not yet available. In Cyeru commune the Burgmaster reported that there are some acres available for allotments.

(2) On 19 Sep 95 the Humanitarian Officer visited the Episcopal primary school in Ruhengeri town. The school has 600 students and 14 teachers. They have requested for assistance from UNHCR who have not yet confirmed the availability of the aid required.

(3) On 19 Sep 95 a MILOB team and the Humanitarian Officer visited the Ntaruka central Hydro electric (7136) at Nkumba commune where they were told of three machines and three turbines that were out of order. The repairs are being sponsored by the European Union for the first phase and Germany for the second phase. The first phase is for repairing one engine and is scheduled to be completed on 05 Oct 95.

(4) On 20 Sep 95 the Humanitarian Officer provided transport assistance to the representatives of MINIREISO to visit Butaro commune where acres of land were being

8

identified.

(5) On 21 Sep 95 an ambulance was obtained from NICOY to MEDEVAC an RPA soldier with broken spine from Ruhengeri hospital to Kigali (Kanombe camp hospital).

(6) On 22 Sep 95 the Humanitarian Officer provided transport assistance to the representatives of MINIREISO to visit Nyarutovu commune in order to identify land for resettlement. The Subprefect of Musengo, under which Nyarutovu commune falls, complained about damages done by TUNBATT in the area of Nemba. He complained that no compensation had been paid to date.

b. General Living Conditions

(1) Food. The Nkumba Assistant Burgmaster requested for food for the commune staff as they have not been paid for some time. At Cyabingo commune food is not enough for the people. The reason being that people can no longer afford to buy fertilizer for crops resulting in poor yields. The majority of the people lost their cattle during the war. This was their main source of income.

(2) Water. There is problem of drinking water in Nkumbo commune. The ICRC are still working on the water system along the Nkuli, Mukingo, Kinigi and Nkumba communes.

(3) Health Care. It is reported that the French Minister for Humanitarian who visited Ruhengeri on 19 Sep 95 promised to take care of Ruhengeri hospital when MSF contract expires in Dec 95.

(4) Health Problems. Malaria cases have increased in Cyeru commune.

(5) Housing

(a) CARITAS is to build 80 houses for the 1959/60 case returnees at Butaro commune but have problems of wood for roofing. MINIREISO could provide the woods but they do not have transport. 2000 Iron sheets have already been delivered to the commune (each house will have 25 iron sheets).

(b) On 19 Sep 95 the French Minister for Humanitarian Affairs visited Ruhengeri commune. He met the Prefect of Ruhengeri. Among other places he visited the hospital and the area in Kigombe commune where ARP, WFP and UNHCR will construct 52 houses for the 1959/60 caseload returnees. The Minister promised to assist in this project.

(c) CARITAS and ARP are building houses for widows in Cyeru and Butaro communes.

(6) Farming Activities. The Cyabingo Burgmaster requested assistance of seeds supply for his subjects. World Vision will start the distribution of seeds in Nkuli, Nyarutovu, Nyamugali, Butaro and Cyeru communes next week.

c. People with Special Needs

(1) Orphanages

(a) 'SOEUR THE MARIE' - (Catholic Congregation) is running an orphanage in Ruhengeri town and another at Janja sector (6413) of Ndusu commune. There are 200 orphans in Ruhengeri orphanage of these number 22 are babies, 16 are attending primary school and 12 are attending Secondary school in Ruhengeri. The (43) workers from the Ruhengeri orphanage have not been paid since October 94. CARITAS, PAM and World Vision are the NGOs assisting there. ICRC and STC are working on the registration of the orphans. The situation of the orphans is good while the Director of the Orphanage requested assistances of 179 mattresses and to bring 2 tents to Ruhengeri from Nemba.

(b) SALEM Rwanda is running a transitory orphanage centre in Ruhengeri town with 34 orphans there now. Last month 6 children were reunited with their mothers/relatives by ICRC and STC. These 2 mentioned organisations are working on the registration of the orphans. PAM SALEM Germany and SALEM Austria are providing assistance. There are 20 workers who are receiving their salaries normally and the situation of the orphans is good.

(c) ICRC informed conducted a family reunion for 15 children from Ruhengeri and Gisenyi Prefectures in Zaire.

(2) Refugees

(a) In Butaro sector (8142), Butaro commune, 176 families of old caseload are living in homes of those who are in Zaire awaiting allocation of land for their own resettlement.

(b) In Nyamutera commune only one returnee of the 1994 case arrived on 19 Sep 95.

(c) In Ndusu commune, 46 returnees have arrived to the commune since Aug 95.

(d) The Burgmaster held a meeting with up to 2500 people in Karambo secteur on 21 Sep 95. An RPA Battalion Commander based in Nemba also attended the meeting. The agenda was co-habitation between the locals and returnees. The locals indicated that they had no problems with returnees and that they welcomed them. Another meeting on the same agenda was held at Nemba (7619) by the Battalion Commander on 20 Sep 95.

(e) In Nyakinama commune a total number of 39 returnees have come back to the commune so far.

(f) On 22 Sep 95, 20 returnees were brought to Mukungwa transit camp (6231) from Gisenyi by UNHCR. The next day they were transferred to Kibungo and Kigali Prefectures.

11. Sector 5B

a. Gen Situation. The situation remains stable. Organised repatriation continues.

b. HAC Activities. Activities for the week included constant monitoring of the situation in Nkamira transit camp. The containers of food that were to be moved to make more room in the camp have now been moved. In addition the work for the installation of two more food tents has been completed. At the Gisenyi prison they are still awaiting direction regarding the security lighting. The issue has been turned over to the ICRC from UNAMIR. Septic service was also provided to the prison. Finally lighting at the main border crossing will be installed on the Rwandan side.

b. General Living Conditions

(1) Food. In the area of Nyamyumba, returnees are experiencing food shortages.

(2) Water. The 10 water point locations proposed this week by the UHAAG are in the process of being identified.

(3) Farming Activities. In Gaseke commune, the returnees had land allocated to them but no tools to work with.

c. People with Special Needs. As mentioned earlier the numbers of returnees this week was not significant.

18

d. NGOs

(1) COOPI. Continued its work with the development of the two transit camps being constructed in the Prefecture.

(2) ICRC. The issue of security lighting for the Gisenyi prison has been turned over to the ICRC.

12. Sector 5C

a. Gen Situation. The over all quality of life for the citizens of Kibuye Prefecture remains poor. People continued to display a general lack of confidence, community spirit and motivation to improve their conditions.

b. HAC Activities

(1) On 15 Sep 95 a follow-up visit made to the Murunda hospital revealed an urgent need for a doctor to attend to serious cases. Hospital sources also intimated that power supply to the hospital has been cut off completely on Mon 11 Sep 95 by Electro-gas officials for reasons of non-payment of electricity bills. The consequential problem is how to conserve drugs, especially vaccines, in the cooler.

(2) As at 18 Sep 95 the seed availability is generally low throughout the Prefecture. Bean, potato, and pea seeds are particularly in short supply. An investment in seed now will no doubt pay dividends in the future. UNHCR has been informed of this concern.

c. NGOs in Kibuye. The main NGOs operating in Kibuye remain ADRA, ACIST, CARITAS, ENFANTS DU MONDE, SDR, ICRC, MSF, SOLIDARITY, HUMAN RIGHTS, WFP and various others who played a smaller role here.

d. General Living Conditions

(1) Food. The WFP is the principal food distributor here. They continue to provide food primary to:

(a) FFW on Kibuye water project, Gisovu tea plantation and Bwakira seed multiplication project.

(b) Orphanages in Kibuye (Enfants du Monde), Gishyita and Mabanza.

(c) In-patients in Kibuye, Kilinda and Mugonero hospitals.

18

(d) Supplementary food to nutrition centres in Gisovu, Rwamatamu and Bwakira.

(e) Returnees as directed by UNHCR.

(2) However they continued to face difficulties in distributing the required quantities of food to needy areas in the Prefecture due to frequent breakdowns of their trucks resulting from the poor quality of the roads in this Prefecture.

(3) In Rutsiro commune NGOs are still hesitant to transport aid because of the previous mine incidents. This has reduced significantly the flow of aids into this commune.

(4) Agriculture. The local government and NGOs continued to encourage the rehabilitation of Kibuye's agricultural sector in the hope of restoring self-sufficiency. Beans, sweet potatoes, mixed vegetables and sorghum continued to be the staple crops in Kibuye. Cash crops continue to recover especially coffee, banana and tea productions which are increasing modestly.

(5) Health. MSF and UNICEF continued to work diligently to improve and run hospital facilities throughout the Prefecture. In general there are problem with the quality of health care provided due to overcrowding, untrained staff, broken equipment, inadequate water and latrine facilities, and lack of transportation for the injured which exasperate this bad situation. MSF vaccinated the new returnees this week and will continue to do so as and when they enter the Prefecture.

(6) Water and Sanitation. ICRC continued with the repairs of broken pipes towards improving the availability of water. They are installing new water points monthly however shortfalls in water still occur daily throughout the Prefecture.

(7) Education. Many schools require rehabilitation work to the buildings, furniture and equipment. Other concerns remain the need for paper, pencils, exercise books and other educational materials, inadequate pay for teachers, a requirement for nutritional supplements for students and teachers, as well as the need for balls, toys and playground equipment to make learning interesting and fun for students.

(8) Returnees. UNHCR, Human Rights and indirectly UNAMIR continued to assist personnel to return to the

prefecture. A shortage of housing still exists. Returnee camps are generally in good order but require more cooking utensils and materials, mats, machets, hoes, blankets and food. The medical problems is mainly malaria. The UNHCR rep is aware of their problems and is attempting to meet their needs.

(9) Internally Displaced Persons. IDPs may become a problem in future as old caseload personnel are occupying housing belonging to some returnees.

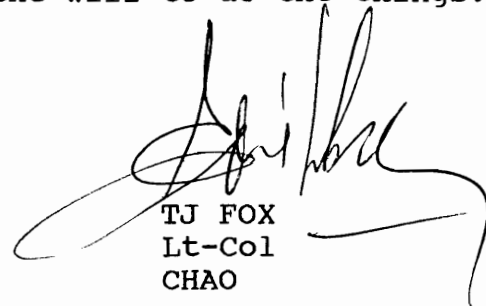

(10) Justice. The proper justice system is still not in place to begin the trials of prisoners accused of genocide. Prosecutors and defence lawyers are still required.

(11) Prisons. The only prison in Kibuye now houses approximately 2092 people. This facility was designed to hold 250 people so the problems of over crowding, poor hygiene and poor nutrition makes the quality of life very difficult for these inmates. A proper security fence around the prison is still required to improve the quality of life for inmates as this will allow them to expand out of their cramped quarters.

(12) The mine incidents reported in Rutsiro commune continued to cause NGOs to restrict their movement in this commune. As a result of this food aid and medical supplies are not getting through to the needy.

#### CONCLUSION

13. Efforts will be made to meet the various requests within available resources on priority basis. It is requested that the Sectors realize the importance of planning the Humanitarian Assistance tasks and to send same ASAP. It could be by way of an organised job and consequently an organised support to carry it out. It is a challenge for us but as military people, we have to accept challenges and shows our capacity. We will start support from HAC to those that showed more interest in the humanitarian tasks. And finally remember, that we can do many things, and more than the resources, we have to have the will to do the things.

SHEET NO.1

## SUMMARY OF THE WEEKLY HUMANITARIAN REPORT

Date: 16 – 22 SEP 95

SECTOR	FOOD	WATER	ELECTRICITY	HEALTH	ROAD/BRIDGE
1.	Unsatisfactory availability supply of food in rural areas.	Insufficient water supply in rural areas.		Supply of medicines inadequate in almost all health centres. Remera-Rukoma hospital needs repair of their water pump.	
2.	Food shortage experienced at Nasho area.	Acute water shortage prevails in the communes.		Lack of medicines and medical equipment in sector 2A	
3.		Reactivation of water system at Kivu Commune.			
4.	Insufficient food supply.	Serious water shortage hits Gishoma, Gisuma and Gatara commune.		Outbreak of measles and diarrhoea in Gatara commune.	
5.	Food shortage experienced in sectors 5A and 5B.	Problem of drinking water in Nkumbo commune.		Malaria cases increased in Cyeru commune. Inadequate medical facilities in sector 5c.	

AL

SUMMARY OF THE WEEKLY HUMANITARIAN REPORT  
SHEET NO. 2

EDUCATION	PRISON	ORPHANAGES	RETURNEES	HOUSING	REMA
Teaching material & Furniture are required in most schools.		Gikoro Orphanage requires food and clothing for 26 orphans.		Non-availability of houses in most accessible communes.	
Lack of furniture and text books,	Unhygienic conditions prevails at Kibuye prison.	Abatanga orphanage faces water problem.		Resettlement of refugees at Nasho – Mulindi area.	
		Orphans requires food, medical care, accommodation and agriculture implements.	Returnees lacks food, accommodation and medical care in sector 3A.		
Many school buildings require rehab works and lack of educational materials.			Returnees facing house, clothing and medical problems.	CARITAS facing wood problem for 80 houses of returnees.
