IV Activités de nos troupes

- Rutanga, suite à une visite de courtoisie que le chef de section a bien voulu effectuer au près du Bourgmestre de MURAMA qui a donné les informations suivantes. Cette autorité a manifesté toute sa préoccupation face au retour des déplacés dont 3000 se sont fait enregistrer au niveau de la commune en l'espace de 5 jours. A ce ~~jour~~ chiffre vient s'ajouter ceux qui rejoignent à pied sans passer à la commune, le Bourgmestre estime ce nombre aussi à plus de 2.000 personnes. Il nous signale aussi que les populations de certains secteurs comme NKOMERO, RUNYELUGA, GACU, procèdent à des arrestations arbitraires de ces déplacés qu'elles estiment être auteurs du génocide et cela à l'insu des autorités communales. Face à ce comportement qui à la longue risquera de jeter de l'huile sur le feu, le Bourgmestre a adressé une circulaire à tous les chefs de secteurs, de sensibiliser leurs populations à mettre un terme à ces opérations et que leur devoir se limitait à dénoncer toutes personnes auteurs du génocide. Enfin le Bourgmestre souhaiterait une aide d'urgence en: - Nourriture, Habillement, médicaments, outils agricoles en faveur des déplacés pour leur réinsertion

Toujours d'après le Bougmaster, si cette aide ne parvient pas à temps, ces déplacés risquent de se transformer en bandits pour vivre, ainsi l'insécurité va en grandissant.
