030 - Mr. Boyd N. Larson  
Acting Assistant Director  
War Relocation Authority  
Barr Building  
910 - 17th Street, N.W.  
Washington, D. C.

Dear Mr. Larson

Prior to 1 October 1945, this office was favored with the cooperation of Mr. E. Eisenhart, Purchasing Officer, Department of Interior, who was kind enough to furnish this office with copies of declarations for material located at various War Relocation Centers.

It is understood that the central office of the Department of Interior will no longer receive these declarations, but that the various camps will deal directly with the respective disposal agencies in submitting Form SPB-1. We are advised that two (2) copies of these forms are submitted to your office.

Our efforts would be greatly facilitated if it would be possible for you to forward one of your copies to us for screening purposes.

Very truly yours,

Dewey T. Jones  
Chief  
Domestic Surplus Property Section  
Procurement Coordination Branch  
Bureau of Supply
