15 July 2016

Excellency,

I am writing to you with regard to the letters dated March 30, May 10 and May 27, sent by the Permanent Representative of Lebanon to the Secretary General and the Security Council.

As with previous such submissions, these letters contain intentionally misleading accusations against Israel with regards to violations of U.N Security Council Resolution 1701. As with previous accusations alleged by the Permanent Representative of Lebanon, the factual record in many of the cited instances has been distorted, while other incidents as described do not constitute violations of SC resolution 1701.

I would also like to specifically clarify that since the UNIFIL mandate does not include the delineation of the maritime boundary, all claims of violations of so-called maritime boundaries are beyond the scope of the UNIFIL mandate.

The distortions propounded by the government of Lebanon in this regard are not limited to written communications. In a recent statement to the Security Council, Lebanon cited a preposterous number of alleged violations of resolution 1701 by Israel. This was unsurprising, given their ongoing practice of distorting facts and attempting to portray events as violative of 1701 when they clearly do not qualify as such.

Please see Israel's detailed response to the claims alleged by Lebanon that is attached in Appendix 1 to 3 to this letter.

AMBASSADOR DANNY DANON
PERMANENT REPRESENTATIVE OF ISRAEL
TO THE UNITED NATIONS

השגריר דני דנון
הנציג הקבוע
של ישראל לאומות המאוחדות

As outlined in previous letters that I have sent and in my recent speech in the Security Council open debate on the Middle East, Lebanese violations of UNSCR 1701 are daily occurrences and Hezbollah's armed presence in Southern Lebanon goes unchallenged by the Lebanese government. Despite their visibility and frequency, the vast majority of violations are consistently excluded from the Secretariat's reports.

Allow me, Excellency, to renew to you the assurances of my highest consideration.

Sincerely,

Danny Danon
Ambassador
Permanent Representative
