Messieurs,

Concernant: ACHAT DU RIZ.-

Nous vous prions de trouver en annexe le rapport de la
SOCIETE CONGOLAISE DE SURVEILLANCE relatif à l'enlèvement du riz
au Port Public Otraco.-

Vous pouvez remarquer que sur les 20 tonnes qui nous
ont été accordées nous n'en avons reçu que 18.920 kilos soit un
manquant de 1.080 kilos.-

Les sacs de 45 kilos nous ayant été facturés à 700
francs, cela représente donc une perte de 1.080 kilos x 15,55 =
16.974 francs.-

Nous vous serions donc reconnaissants de nous verser
ce montant à notre compte B.C.B. N° 900.234 à Léopoldville.-

Report

To : Mr. S. Habib Ahmed,
Chief of Civilian Operations

From : V. Jerkovic,
Special Assistant to the Chief of Civilian Operations

Subject : Sale of rice in the Communes

The third sale of rice was held on Tuesday 5th March 1963. The rice was distributed in the following six communes ; Matete, Dendale, Marche Public, Bandalungwa, Saint Jean and Kalamu. Mr. Elie Lezmi was in charge of three communes and I was in charge of the other three. In most places, everything went all right but I would like to draw to your attention the following incident which occurred in the Market of Matete (Commune de Matete).

I arrived at 10.00 hours a.m. at the above mentioned market where the Congolese inhabitants were forming two queues and were waiting with discipline the opening of the sale. On the spot, I found a dozen policemen who formed another queue and who argued that they should be served first. One of the policeman handed to me a letter written by the Commissaire requesting that 15 Kilos of rice be sold to him and at the same time other policemen requested me to sell them 10 or 5 Kilos. I explained to them that I could not satisfy their requests by selling to them more than to others - one kilo per person). My answer was not satisfactorily accepted by them and they started discussing with me that the police should be served first and on a priority basis. I requested them not to make difficulties and advised them to form a queue with the other people. They then said that I was not respecting the police force and the authority due to the fact that I was not giving instructions that they should be served first with the requested quantities. One explained that, since we were unable to

satisfy their requests, the sale of rice should not start. I explained to them once more that three tons of rice had been sold by ONUC to the Lufungula Camp for sale to all police stations in Leopoldville. This argument was rejected. Thanks to the Nigeria Police Force, we were able to proceed with the sale of rice. We then had no further difficulties with the Congolese Police.

For your information we still have 20 tons of rice in our warehouse from which 8 tons are earmarked for the hospitals in Leopoldville for the month of March and 8 tons for the month of April. However, 4 tons were requested by Dr. Bellerive for the region of Kenge (Hospital, schools, dispensaires). There will be no more sale of rice since our stock is nil.

.....

Please find attached a complete report drafted by Mr. Smith concerning an alleged case of theft which took place in the Commune of Bandalungwa.

REPORT CONCERNING ALLEGED THEFT
OF MONEY FROM CONGOLESE MERCHANT
WUMBA NATALIS, BANDALUNGWA
.....

At 11.00 a.m. on the 5th of March, 1963, I participated in the sale of rice at Bandalungwa. Immediately upon arrival at the merchant's shop and after all sacks of rice had been unloaded, I tested the kilo measure for accuracy and then examined the draw in which the proprietor Mr. Wumba, proposed to place the cash that he would take during the sale. I confirmed that the draw contained no money belonging him and he drew my attention to a newspaper packet some 4" thick which he said contained cash taken during sales effected prior to our arrival. This he placed in the right pocket of his trousers.

Mr. Wumba then stood at the counter, I seated myself at his right in order to be able to keep a watch on cash takings. On his immediate left was one of his employees engaged in measuring out the rice, and for part of the time on the left and at times slightly behind that employee, my interpreter in Lingala, Mr. P. Paka. Later, Mr. Paka moved to the customers side of the counter where he was found to be of better use in controlling the limit of sales to one kilo per head, most of the customers being women who did not understand French.

A Nigerian Police Inspector and two constables were present to control the crowd.

During the sale of the rice, on one occasion, the newspaper packet fell from Mr. Wumba's pocket. He picked it up and put it back in his pocket, remarking on it to me in French as he did so.

At approximately 2.30 p.m. Mr. Wumba suddenly exclaimed that his money had been stolen. Sales were immediately suspended and the premises were locked. At that time two Congolese Policemen, I, Mr. Paka the proprietor, two or three of his employees, and a customer were in the shop. We were searched by the Congolese Police, and a cursory search of the shop was also made.

I will now give the following information in case it has some bearing on the matter:-

- a) The proprietor seemed particularly keen to draw my attention to the fact that he had put the packet in his pocket.
- b) Although he states that it contained some 23,000 I did not know what the contents were, or even if it contained money in actual fact.
- c) He claims to have given out change from the packet at the commencement of the sales. This is possible but at that time my attention was momentarily diverted to the server and a customer. However

at the first sale he did change a note from his own money, but I would not like to state that he took it from the packet. Perhaps one of the other persons present can confirm this.

- d) The packet was contained in his right trousers pocket. At no time did I see anyone pass close enough to him to take the packet from his pocket. If this is a genuine case of theft, it could have only occurred :-
- i) By pickpocket, whilst he had moved away from me for a second.
 - ii) By loss and subsequent theft, if the packet had fallen from his pocket and been quickly picked up by one of his employees or a passing customer.
- e) He has drawn attention to the fact that Mr. Paka left the premises for some ten or fifteen minutes during sale. If he is thereby attempting to implicate Mr. I I can state that Mr. Paka never passed beyond the se who was working on Mr. Wumba's left. (as mentioned packet was in Mr. Wumba's right pocket) Mr. Paka left the premises for some ten - fifteen minutes whilst at the customers side of the counter.
- Similarly all of the Nigerian Police at some time or the other left the premises, and one of Mr. Wumba's employees also went out to buy cigarettes for him. However, Mr. Wumba has apparently not chosen to mention their absence, but only that of Mr. Paka.
- f) The packet was too large to fit into his pocket, but he insisted upon it remaining there even after it had fallen out.
- g) All of his employees and possibly some of his customers knew of the alleged contents.

At this stage I ^{reserve} ~~withhold~~ the right to ^{withhold} ~~hold~~ my personal opinion until the result of police investigations are made known.

Nous vous signalons que d'apres le rapport recu de Luluabourg et annexe ci-joint, le ris que nous avons envoye a Luluabourg en Novembre dernier pour la repartition a la population a ete completement deteriore durant le transport qui a dures environ deux mois. Nous avons pose la question a l'ONUC Luluabourg d'essayer de trouver une societe pour nettoyer ce ris afin de permettre d'obtenir au moins une certaine quantite pour la consecration humaine.

D'apres leur reponse UNCLAS CIV 1315, ce nettoyage est completement impossible mais il existe la possibilite de la vente de ce ris comme nourriture pour le betail.

.....

Nous avons contacte le Ministere des Affaires Economiques concernant la prix de vente et avons recu la reponse par lettre du 15 Fevrier dont photocopie en annexe.

Par consequent il faut considerer ce cas comme "VENTE" et non pas comme distribution.

Subject : 3rd sale of rice in the Communes

Thank you very much for your memorandum to the Chief of Civilian Personnel requesting the assistance of 10 controllers to supervise our 3rd Sale of rice in the communes.

Unfortunately, the sale had to be postponed. The reason is that Mr. Bradley has informed us that he received the batteries for the Nigeria Police Force's cars but that 3 days will be necessary to load these batteries.

Will you be kind enough to instruct the Office of Civilian Personnel that the sale will take place on Tuesday, 19th February at 8.00 hrs. The briefing conference will take place on Monday, February 18 at 15.00 hrs in room 251.

I shall be grateful for your help in this matter.

Subject : 3rd Sale of Rice in the Communes.

I have just been informed by Mr. Jerkovic that the third sale of rice in the Communes is due to take place on Thursday, February 14, at 08:00 hrs. In order to avoid the type of misunderstanding that took place at the time when the first sale of rice was organized, it has been decided that a Briefing Conference for the controllers/supervisors will take place on Wednesday, February 13, at 15:00 hrs in Room 251.

Mr. Jerkovic will do the briefing and it is therefore requested that 10 controllers/supervisors may please be detailed to attend this briefing.

I shall be grateful for your help in this matter.

Mr. A.G. Orbaneja, UNTAB, Kampala.

13 February 1963.

AHN/da

A.H. Nachaat, ONUC Deputy Chief Civil
Affairs Officer, Bukavu, Congo.

I take this opportunity to thank you for your very kind feeling during the meeting we had on 12 February at the Grand Hotel Kampala. I am very sorry not to be able to meet you this morning as promised, to explain our problems concerning our mission here, but I have to return to my duty station and as the journey is quite long I prefer to leave as early as possible, to be on the safe side.

(1) My mission here was mainly to organise the shipment of the balance of the American flour donation to the Red Cross ex Kampala. The gross weight of the donation was 700 tons approximately, out of which the Red Cross in the Congo took only 300, the U.S. Government giving the authorisation to ONUC to commercialise the balance. Part of this was shipped to Goma and Mr. Wood, ONUC Administrative Officer Goma, during his recent visit to Kampala, on 20 January, had discussed the matter of the shipment of the balance through Nyenzu, Tabora and Kigoma to Albertville with Mr. Germain from Congo-Links.

However, as the flour did not reach Albertville and due to the shortage of flour in this town, I was instructed, since early January, by Mr. Ahmed and Mr. Jerkovic to investigate the matter. I discussed this subject with Mr. Germain on 8 February and, as the Uganda Railways could not work out this link before late March, he offered a flat rate of 220 shillings per ton to Goma. If the operation was to be done by him through Transit Congo he agreed not to bill ONUC for any storage fees as of 1st February.

... These conditions appearing to me to be quite sound, I agreed by writing (copy of my letter to Mr. Germain attached) to proceed with the deal. However, as the expenditure involved is nearly 60,000 shillings, I preferred to inform Headquarters to obtain their backing in this operation. I therefore sent the following cable to Messrs. Ahmed and Gilpin, ONUC Leopoldville, on 9 February:

"URGENT. BALANCE SIX THOUSAND BAGS FLOUR STILL KAMPALA BAA RAILWAYS CANNOT PROCEED OPERATION BEFORE LATE MARCH WEEKLY STORAGE CHARGES 777 SHILLINGS. CONCOLINKS WILLING ACHIEVE SHIPMENT GOMA WITHIN FORTNIGHT RATE 220 SHILLINGS PER TON VIA TRANSITCONGO NO STORAGE CHARGES AS OF FIRST FEBRUARY. KINDLY CONFIRM BY RETURN C/O UNICEF IF AUTHORISED"

Should the authority be favourable I believe no more action should be taken as Mr. Germain will inform UNICEF of all despatches to Goma and UNICEF will confirm us of this by commercial cable. Should Leopoldville's reaction be negative, then I would appreciate your sending to Mr. Germain instructions cancelling my previous ones dated 8 February.

(2) The Resettlement Project for unemployed Congolese workers in the Kivu was in need of two light trucks. Before proceeding to Kampala, Mr. Gaviola informed Mr. Ahmed that I would check on the prices of the available trucks in the market and confirm to him by cable from Kampala. Consequently, I added the following paragraph in my above mentioned cable:

~~FOR~~ BEDFORDS
"FOR DILLON PROJECT GASOLINE 20000 DIESEL 22620 SHILLINGS
KINDLY ALSO CONFIRM AUTHORITY PURCHASE INFORM BUKAVU DELAY"

These trucks are available at Motor Mart Kampala. Should the authority come, kindly instruct them to keep these two trucks for us and necessary action will be taken from Bukavu for payment and collection.

(3) Mr. Liden, our new mining expert, being in need of transport, the same procedure was taken with Mr. Ahmed and in the quoted cable I mentioned the following:

"QUOTATIONS FOR LANDROVER FOR LIDEN 19386 OR 17442
SHILLINGS NET"

Should the authorisation from Leopoldville arrive after my departure, would you be kind enough to confirm to Cooper Motors Corp. that we will purchase the Land Rover. The same procedure will be followed for payment and reception of vehicle from Bukavu. Since I mentioned in my cable that the authority should be sent to me c/o UNICEF Kampala, I would very much appreciate your checking with this Organisation in case authority has been received.

Thank you in anticipation for your kind help.

cc. Mr. F. Collins, UNICEF Kampala.

Messieurs,

RIZ.

Nous vous remercions de votre câble du 18 crt. nous
communiquant que le gouvernement congolais envisage éventuellement
l'importation de 5.000 T. de riz.

A notre sens il est exclu de trouver du riz dans
des ports africains, qui pourrait être réexpédié vers Matadi
et en fait il faudra envisager des expéditions au départ
de ports européens.

Nous pourrions obtenir les qualités de riz suivantes :

	<u>FOB Hambourg</u>	<u>Coût/Fret Matadi.</u>
type 745, contenant environ 25% de brisures	\$ 139,-	\$ 160,-
type 735, contenant environ 35% de brisures	\$ 137,-	\$ 158,-
type 740, contenant environ 40% de brisures	\$ 136,-	\$ 157,-

par 1000 kilos B/N, en sacs jute de 100 kilos, poids B/N embarqué.

Au départ d'Hambourg, il existe les possibilités
d'embarquement suivantes :

- le 12 février par le mv. HOLLAND
- le 25 février par le mv. AFRIKA
- le 13 mars par le mv. MAYUMBE

Au départ d'Anvers, nous pourrions vous fournir la
qualité suivante, type 1577, contenant environ 40% de brisures
à frs. b. 650,- les 100 kilos, FOB Anvers, marchandise logée en
sacs de 50 kilos B/N, pour livraison février.

Par courrier séparé, nous vous adressons des échantillons
de ces différents types de riz.

Veuillez avoir l'amabilité de nous dire quel est le
pourcentage de brisures, qui serait requis, car ceci faciliterait

The observations made by the Minister in paragraph 3 are quite interesting and you might wish to have them looked into. As regards the Minister's request for the import of 30,000 tons of rice, this figure would undoubtedly be reviewed by you in the light of the survey which has recently been undertaken.

Monsieur le Ministre,

J'ai l'honneur de vous écrire en rapport avec ma lettre du 19 janvier 1963 au Professeur Badre et à la vôtre du 29 janvier, No CAB/88/63/AEC au sujet de l'approvisionnement en riz. D'après les informations que j'ai reçues du représentant des Nations Unies à Coquilhatville, il se trouve du riz dans la région de Bumba et la société Silvadeis détient, semble-t-il, un stock en excédent qui peut-être immédiatement mis en vente. Je vous transmets ces renseignements pour toute initiative que vous jugerez utile de prendre. Sans doute, recevrez-vous de pareils rapports du représentant de votre Ministère que vous avez envoyé étudier la situation sur place.

Veuillez agréer, Monsieur le Ministre, l'assurance de ma haute considération.

G/I.

4th February,
1963.

John M. Wood Esq.,
Administrative Officer,
O.N.U.C.,
Goma.

Dear Mr. Wood,

I am in receipt of your radio signal received through
UNICEF.

As you know, this flour was held in our store in
Kampala since July 1962 on behalf of the Catholic Relief Service of New
York, it was originally destined to Rwanda and travelled under through-
bill of Lading Agence Maritime Internationale, for whom I am represen-
tative in Kampala.

This flour was stored at the entire risk and responsa-
bility of C.R.S. >

Being already aware of the possibility of infection by
weevil, I undertook to dust the store once a week with insecticide powder
and this pest was kept in check. Even Mr. Weiler who coded the stock to
Mr. Kilde last December, remarked that it seemed the least infected stock
C.R.S. he had seen in many countries and it was considered sound.

I am now writing to all the parties concerned about
your discovery in Goma, but I would point out that we have been deliver-
ing flour to LICROSS Goma since 10th December, about 8,000 bags were
supplied that month, and I am surprised that no remarks have been made
before.

It may well be that the change in climate and tempera-
ture is favourable to the development of maggots, but, on the other hand,
I understand from the LICROSS transporter that he had to store some smoked or
dried fish for some length of time in which worms developed and, if it is
the same store, then perhaps the infection comes from the store itself?

It is, of course, quite impossible for me to certify
that all further despatches will be free of infection. First of all, it

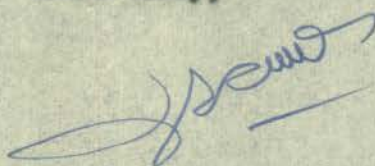

is not my duty, secondly, it would mean the impossible task of opening up each bag and thirdly, should the stock be found to be free of maggots ex godown, it may arrive in Albertville infected, thus causing a reason for arbitrage. If the stock was my own and sold by me, then I would take the responsibility and accept the risk, but being merely a transit agent, I cannot undertake any such guarantee.

Another reason is that in the meantime I have received a letter from the Railways, copy is attached, and verbally it has been said that no consideration can be given to my request before the end of March now, and that "charity begins at home" !

I do not know in what state the stock will be in at that time and in view of this drawback, I cannot accept to rail under my own responsibility to Albertville. If you are still willing to take the stock, then I would request you to designate a representative of O.N.U. Uganda, or UNICEF Uganda, to take over and inspect the stock and to arrange the evacuation by the Railways and also pay on your behalf all the storage, loading charges, railage to Kigoma and transit charges at Kigoma.

I have calculated that a minimum of \$ 25,000/- will have to be disbursed, and in view of the possible arguments that may ensue on arrival of the stock in Albertville, I am not prepared as you will certainly appreciate, to be involved in such expenses and must withdraw to my position of simply agent of A.M.I. for C.R.S.

Yours truly,

R. L. Germain

To : Mr. V. Jerkovic, Assistant Chief of Civilian Operations, Leopoldville
From : C. Gaviola, Chief of Civil Mission, Bukavu
Subject : American flour donation ex Kampala

Further to my memorandum dated 29 January 1963, please find enclosed photostat copies of two cables received from Mr. Wood, Administrative Officer, Goma, concerning the balance of flour still at Kampala. As you know we received the first lot of 960 bags and these have been distributed among the local bakeries and commercialised at 750 CF per bag, and the amount has already been recovered by our Finance Officer.

We are expecting the second lot of flour from Goma, and will confirm to you when received. As it appears from Mr. Wood's declaration that he made arrangements for shipping the balance of the flour still in Kampala direct to Albertville via Nunzi, Tabora and Kigoma and as this will not reach - as he claims - Albertville before the end of February, we plan to ship to Albertville a certain quantity of the lot we will receive from Goma and we will confirm if this lot arrives at the end of this week if it will be possible to reach Albertville before 10 February.

The time of shipment of the flour between Kampala to Albertville being more than a month, we fear that the flour will arrive in Albertville in such a condition that it will not be possible to use it. That is why Mr. Nachaat will try to go to Kampala and see if the shipment has already started or not. In the negative he will then arrange the shipment direct to Goma/Bukavu area.

We will keep you informed.

Subject : Commercialisation of balance of American flour donation
ex Kampala to Red Cross

Further to your instructions to commercialise balance of the American flour donation to the Red Cross ex Kampala, I have pleasure in informing you that we received from Goma the first lot of 960 bags (43 tons approximately). This flour upon receipt at Bukavu was distributed as follows:

238	bags	to	Le Gourmet Bakery

==
The counter-value of the issue at the flat rate of 750 CF per bag was obtained from the various bakeries and the American Protestant Mission and deposited with the Finance Officer, Bukavu, the total amount received by him being 720,000 CF.

As regards the transfer of flour to Albertville and the suggested routing via Victoria Lake, Nunzi, Tabora and Kigama, Mr. Wood, Administrative Officer in Goma, informed us that this routing will be rather slow due to the coffee campaign, and that the flour could not reach Albertville before the end of February. We have requested Goma to send us a shipment as soon as possible of 167 tons. We hope to receive this lot by 30 January and arrange for the despatch of 85 tons direct to Kalundu. This lot will be put on CFL barges on 5 February and will reach Albertville on 9 or 10 February. We will confirm final details about the operation when effected. The balance will be used as follows: 20 tons for the Uvira region and about 62 tons will be distributed among the Bukavu bakeries.

As soon as this operation will be finished, Mr. Nachaet will proceed to Kampala to arrange for the shipment of the remaining quantity.

OF-931

SUBJECT: Supplies at OTRACO's Warehouse

1. I am sorry that I neglected to fill you in on the plans regarding the disposal of the rice now in OTRACO's warehouse. Arrangements have already been made for the sale of all edible stock through regular distributors. Small quantities have been used for relief purposes. It is contemplated that the rice which is in poor condition will be sold for animal feed. The balance remaining in the hands of OTRACO will probably be only about 75 tons.

2. When this plan has been carried out, we will renegotiate our storage contract with OTRACO with a view to reducing the cost thereof. It is desirable to retain the contract so that any future need for storage facilities can be met expeditiously.

1. We have been instructed by cable CIV/AL 141 and by a copy of letter (N°.CAN-GRAND) by Minister Sericoyard to Mr. Jerkovic that the sale for flour to a baker in Albertville should be at 597 F a bag (100 lbs.), CIF, Albertville.
2. If this price should be maintained for the shipment of flour from Kampala, we intend after having collected the total amount from the purchases to deduct equivalent of transport cost in East African Shillings and credit it separately to AML.
