Dear Mr. Pierce:

Thank you indeed for the chart on numbers and location of displaced persons which you so carefully worked out for us. It is very helpful to have it and it constitutes the most up-to-date information we have been able to secure on this question.

Very sincerely yours,

Attention: Displaced Persons Division

Gentlemen:

We are trying to get some information on the numbers of displaced persons in some of the European countries, i. e. the nationals who are displaced outside their own countries, and the numbers of displaced persons within the borders of these countries.

We are interested in having the most recent figures in connection with the following countries: France, Great Britain, Poland, Czechoslovakia, Yugoslavia, Belgium, Holland, Greece, Denmark and Luxembourg.

We will appreciate any information you can give us.

Thank you.

Sincerely yours,

*Suzanne A. Wunder*

Dear Miss Wunder:

The enclosed chart and numbers and locations of displaced persons may be useful to you. However, I should like to urge you to take seriously the remarks in the introductory paragraph to the notes to the effect that this data was of uncertain value at the time it was compiled, and things have certainly changed since early May.

There is also enclosed a revision of the numbers and locations of externally displaced Italians. These figures were discussed with persons in the OSS who have specialized in displacement statistics, and they should be reasonably accurate.

You are no doubt familiar with Dr. Eugene Kulischer's book on "Displacement of European Populations." He has been directing further research along those lines. I do not know what OSS's policy is, concerning circulating their information now that VE Day is past. You might try writing him at the Library of Congress.

Very sincerely yours,

CLARENCE M. PIERCE
