Dear Mr. Secretary-General,

We are honored to meet with you in person here in the city of our birth, ✓
Shanghai.

We have heard so much about you from our dear friend Ambassador Joseph Verner Reed. Your leadership in issues related to protecting the environment, your leadership in global food security, how you led by example, how you are a voice of reason and hope for "the bottom billion" and so on.

It is our pleasure to support United Nations projects. We strongly believe in working hand in hand between the public and private sector. We are honored and proud to support the Academic Impact Initiative.

Please continue to count on our support. Supporting the United Nations and assisting in its pursuit of noble objectives is our gift to the future generations.

Please accept our highest regards and respects.

Respectfully,

Zhou Zhengkuan & Ma Xuanhua

His Excellency Mr. Ban Ki-moon
The Secretary-General
The United Nations
