EXECUTIVE OFFICE
OF THE SECRETARY-GENERAL

Dear Mr. Secretary-General,

In a perfect world, do you see entrepreneurs, politicians, NGO's and citizens working closer together? As a Dutch entrepreneur I was privileged to be part of the first South African; Department for Planning, Monitoring and Evaluation in the Presidency.

Together with government, companies, universities and citizens we developed a innovative concept that shows examples of effective and efficient government policy.

www.goodXample.org A new approach on sharing proven policy.

I am committed to promote this new approach of sharing successful policy to improve service delivery around the world. Please consider sharing your vision on the importance of long-term policy planning with us during our next visit to New York.

Many thanks!

Carlo Bakker
