Invitation to speak at the 14th annual Africa Power & Electricity Congress & Exhibition 2012

The **Power & Electricity Congress & Exhibition** has been serving the continent's energy sector for the past 13 years and is the premier and most attended electricity event in Africa. Next year, the conference takes place from the **26 - 30 March 2012**, once again at the Sandton Convention Centre in Johannesburg.

I would like to extend an invitation to you to speak at Clean Technology World Africa.

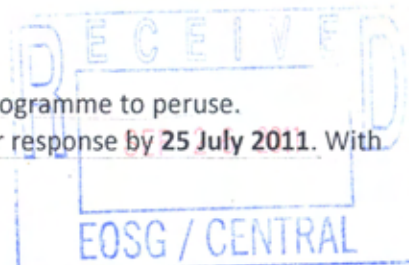

This conference will be running from the 27 - 28 March 2012.

In terms of your topic I would like to have you present on one of our big headings -

- Africa's clean energy future
- Money matters
- What's next
- Regulation
- Solar Stream
- Wind Stream

Please let me know if you're interested and I can send you the programme to peruse.

While I do understand how busy you are, I would appreciate your response by **25 July 2011**. With

Invitation to speak at the 14th annual Africa Power & Electricity Congress & Exhibition 2012

The **Power & Electricity Congress & Exhibition** has been serving the continent's energy sector for the past 13 years and is the premier and most attended electricity event in Africa. Next year, the conference takes place from the **26 - 30 March 2012**, once again at the Sandton Convention Centre in Johannesburg.

I would like to extend an invitation to you to speak at Clean Technology World Africa.

This conference will be running from the 27 - 28 March 2012.

In terms of your topic I would like to have you present on one of our big headings -

- **Africa's clean energy future**
- **Money matters**
- **What's next**
- **Regulation**
- **Solar Stream**
- **Wind Stream**

Please let me know if you're interested and I can send you the programme to peruse.

While I do understand how busy you are, I would appreciate your response by 25 July 2011. With

your early confirmation, I am able to complete the necessary planning procedures.

Here's some feedback from 2011 -

"The conference provides a good forum for learning about the finest technology and best practices in power generation. It also offers a fantastic opportunity for exchanging ideas with energy sector leaders from Africa and other parts of the world". **Honourable Titus Mbathi, Chairman, Kenya Electricity Generating Company, Kenya**

"The conference in J'burg was well organised and well attended. Participation was of a very high standard and I was privileged of the opportunity to rub shoulders with the high and mighty of the Energy Power Sector in Africa." **Jasper Odour, Executive Secretary, East Africa Power Pool**

"The event highlighted a number of issues that need to be addressed in order to reduce power shortage in the region and in Africa as a whole" **F.M. Hloaele, Managing Director, Lesotho Electricity Company**

The conference promises to be a great success, but I believe all the better with your involvement.

Should you have any questions, please do not hesitate to contact me personally using the contact details below.

Don't forget visit our website on www.terrapinn.com/powerafrica for further details.
